Biol4241 - "5+1" program exercise

Open program at [http://www.ucs.mun.ca/~donald/orf/v.2014-02-10/]

- 1. Display L = 15 example;
 - a. Record time to completion;
 - b. Reveal answer, record fraction correct
- 2. Display L = 25 example
 - a. Record time to completion;
 - b. Reveal answer, record fraction correct
- 3. Each student generates L = 15 example
 - a. Self-record time to completion
 - b. Score correctness
- 4. Each student generates **L** = **25** example
 - a. Self-record time to completion
 - b. Score correctness

5. HOMEWORK:

- a. Generate *five* **L** = **25** problems at home
- b. Record time to correct answer for each
- c. **Question**: does ease of solution increase, time to solution decrease?
