O CANADA

O Canada! Our home and native land!
True patriot love in all thy sons command.
With glowing hearts we see thee rise
The True North strong and free!
From far and wide, O Canada,
We stand on guard for thee.

God keep our land glorious and free!
O Canada, we stand on guard for thee.
O Canada, we stand on guard for thee.

O Canada! Terre de nos aieux
Ton front est ceint de fleurons glorieux!
Car ton bras sait porter l'épée,
Il sait porter la croix!
Ton histoire est une épopée
Des plus brillants exploits!

Et ta valeur, de foi trempée
Protégera nos foyers et nos droits.
Protégera nos foyers et nos droits.

ODE TO NEWFOUNDLAND

When sun rays crown thy pine-clad hills,
And Summer spreads her hand,
When silvern voices tune thy rills,
We love thee smiling land.
We love thee, we love thee,
We love thee, smiling land.

As loved our fathers, so we love,
Where once they stood we stand.
Their prayers we raise to Heaven above:
God guard thee, Newfoundland!
God guard thee, God guard thee,
God guard thee, Newfoundland.
MEMORIAL'S MISSION

Memorial University is an inclusive community dedicated to creativity, innovation and excellence in teaching and learning, research and scholarship, and to public engagement and service. We recognize our special obligation to the people of Newfoundland and Labrador.

Memorial welcomes students and scholars from all over the world and contributes knowledge and shares expertise locally, nationally, and internationally.

For more information on Memorial’s plans and activities, view the Strategic Plan at www.mun.ca/strategicplanning and the President’s Report 2010 at www.mun.ca/2010report.
While most students receiving their degrees at these sessions have completed their programs of study at the St. John’s campuses, a number have completed programs offered at Grenfell Campus.

For the purposes of publicly celebrating the success of our students and updating university marketing materials, Memorial University’s photographer will attend convocation to take photos of the ceremony and to capture candid shots of the ceremony and reception. If you have any questions or concerns regarding this activity, please contact the convocation co-ordinator, Paula Eddy-Shea, at (709) 864-3990 or paulaes@mun.ca.

INSTRUMENT OF APPOINTMENT
The Minister of Education, the Honourable Dr. Darin King, will read the Instrument of Appointment to the Office of President and Vice-Chancellor

“Section 53 of the Memorial University Act, as amended, states:
‘There shall be a President of the University who shall be appointed by the Board of Regents in consultation with the Senate and with the approval of the Lieutenant-Governor-in-Council.’

By virtue of the authority vested in me as Minister of Education, I do hereby certify that all these procedures have been duly observed. The Board of Regents of Memorial University of Newfoundland with the approval of the Lieutenant-Governor-in-Council have selected and appointed a President and Vice-Chancellor of Memorial University of Newfoundland.”

PRESENTATION OF THE PRESIDENT AND VICE-CHANCELLOR
The Chairman of the Board of Regents, Mr. Robert Simmonds, will present the President and Vice-Chancellor

“Mr. Chancellor, as chairman of the Board of Regents, I have the honour to present to you Gary Kachanoski, Bachelor of Science (Honours), Master of Science and Doctor of Philosophy. Mr. Chancellor, on behalf of the Board of Regents of this University, I ask you to install Gary Kachanoski as President and Vice-Chancellor of Memorial University of Newfoundland.”

The Audience will stand

INSTALLATION OF THE PRESIDENT AND VICE-CHANCELLOR
The Chancellor will address the President and Vice-Chancellor

“Sir: You now come to the function and Office of the President and Vice-Chancellor of this University, to which you have been appointed. You shall promise to keep and preserve, well and faithfully, during your period of office, the statutes, liberties, customs, rights and privileges of the University and to promote its well-being and that of its members so far as in you lies.”

The President and Vice-Chancellor will respond

“I do so promise.”

The President and Vice-Chancellor will be robed by the Deans of the University

The Chancellor will install the President and Vice-Chancellor

“In the name of Memorial University of Newfoundland and the members of Convocation, I now install you, Gary Kachanoski, in the office of President and Vice-Chancellor of the University, and I invest you with the authority and charge you with the responsibilities which appertain to this high office.”

The Audience will be seated

Born in Manitoba and raised in Saskatchewan, Dr. Gary Kachanoski is a world-renowned soil scientist and an experienced university administrator. He is a past-president and a Fellow of the Canadian Society of Soil Science (1999), Fellow of the Soil Society of America (1997) and former editor of the Canadian Journal of Soil Science. He comes to Memorial from the University of Alberta where he most recently served as professor and Bentley Research Chair (Soil, Water & Environment).

He was inducted into the Canadian Conservation Hall of Fame in 1997, an award that recognized his dedication and commitment to soil and water conservation in Canada. Dr. Kachanoski has had over 100 publications in refereed journals, paper and book chapters on his research in soil physics, focusing on the fate and movement of water, chemicals and gases through the soil and landscapes, and on water and soil management.

He has also served as executive director of folkwaysAlive!, a joint initiative of the University of Alberta and the Smithsonian Institute that provides leadership and support for the creation, preservation, dissemination and application of knowledge about the musical cultural heritage of communities. In 2006 he was awarded an Honorary Gold Record at the Kennedy Centre in Washington by the Smithsonian for his vision and leadership.

He served as vice-president (research) at the University of Alberta from 2001-2007. During his tenure in that position research revenue at U of A increased from $250 million a year to $490 million, growth that moved the institution from fifth in Canada for total research revenue to second according to independent ranking undertaken by Re$earch Infosource.

Dr. Kachanoski was founding chair (2005-2007) and a driving force behind the creation of TEC Edmonton, a joint venture with the City of Edmonton and other regional partners for advancing technology commercialization and business acceleration. In 2007 he was awarded the Enterprise Award from TEC Edmonton for his contributions to technology transfer and research commercialization in the region.

Dr. Kachanoski started his academic career in 1987 at the University of Guelph where he served as professor, program director and department chair. At Guelph his leadership work with rural communities and organizations was recognized in 1992 when he was awarded the Distinguished Faculty Extension Award.

In 1996 he then took up a new challenge at the University of Saskatchewan as dean of the College of Graduate Studies and Research where he served until he moved to University of Alberta in 2001.

He obtained his B.Sc. (Honours) and M.Sc. (soil science) at the University of Saskatchewan in 1976, and 1980, respectively, and completed his Ph.D. in soil physics at the University of California (Davis) in 1984.

Dr. Gary Kachanoski became president and vice-chancellor of Memorial University of Newfoundland on July 1, 2010.
HONORARY DEGREES

Candidates for honorary degrees may be nominated by any member of the community to the Senate’s Committee on Honorary Degrees and Ceremonial which, after due consideration, forwards its recommendations to Senate for approval.

To be considered for an honorary degree, candidates must normally have been benefactors of the university, or persons who have achieved eminence in learning or in the arts, or those who have otherwise distinguished themselves by outstanding public service.

MICHAEL I. ASCH

Dr. Michael Asch, an anthropologist and musician, is professor emeritus at the University of Alberta and a professor in the Department of Anthropology at the University of Victoria.

His principal work as an anthropologist has been with First Nations communities. Among his books are Home and Native Land: Aboriginal Rights and the Canadian Constitution (1984) and Kinship and the drum dance in a Northern Dene community (1988). In that work he has achieved some considerable distinction, having been given the Weaver-Tremblay Award by the Canadian Anthropology Society and being made a Fellow of the Royal Society of Canada.

At the University of Alberta Dr. Asch, in conjunction with Dr. Kachanoski, developed the FolkwaysAlive! Project, the university’s partnership with Smithsonian Folkways Recordings in Washington, D.C. The project is home for the more than 2,000 Folkways Records donated to the university by company founder, Moses Asch, Dr. Asch’s father.

Dr. Asch maintains an active association with his father’s legacy, Folkways Records (now called Smithsonian Folkways Recordings), and is chair of its advisory board. Folkways not only recorded all the greats of 20th century American folksong, but also three albums of Newfoundland songs from the 1950s and 1970s. He serves on the board of the Smithsonian Institution’s Folk Life and Culture Centre.

At the University of Victoria, Dr. Asch’s research concerns indigenous rights and aspects of treaty relations in Canada both historically and at present.

Dr. Asch graduated with a B.A., majoring in anthropology, from the University of Chicago and a Ph.D. in anthropology from Columbia University.

Dr. Asch will receive an honorary doctor of letters degree.

Following her Ph.D. at Harvard University in 1984, Dr. Pamela Björkman did postdoctoral work there and, subsequently, at Stanford University before joining the Biology Department at the California Institute of Technology (Caltech) in 1989.

Her postdoctoral work on protein structures using x-ray crystallography led to a significant discovery: that the structure of protein HLA-A2 provides the information that T lymphocytes need to determine whether or not a cell is sound or diseased and, if diseased, to destroy it. However, in autoimmune diseases these cells misread and destroy sound cells. When she established her own lab at Caltech in 1989, she began to look at relatives of class I major histocompatibility (MHC) proteins, the class to which HLA-A2 belongs and has, over the years, identified the structures of numerous proteins. These include a neonatal receptor that transports maternal IgG (antibody) across the placenta to passively immunize fetal and newborn mammals against antigens to which the mother has been exposed; and, a protein which promotes fat loss and therefore wasting in cancer and AIDS patients.

One of Dr. Björkman’s current projects is to make antibody-like reagents against HIV. Her work has brought her considerable recognition: election to membership in the US National Academy of Science (2001), the Gairdner award...
(1994) and the L’Oreal-UNESCO Women in Science Award (2006). In 1999 she was asked, both as a distinguished scientist and as the daughter of a Newfoundlander (her mother was a Forsey from Grand Bank), to give the David Hawkins lecture in Memorial’s medical school.

Dr. Björkman also holds a bachelor of science degree in chemistry from the University of Oregon.

To recognize the importance of her work to medicine, Dr. Pamela Björkman will receive an honorary doctor of science degree.

Educated at the University of Saskatchewan, Queen’s University and Dalhousie University, Mr. MacKinnon articled in Kingston and was admitted to the Law Society of Ontario in 1975 and to the Law Society of Saskatchewan in 1979. He was appointed Queen’s Counsel in 1990.

His national appointments include the Science, Technology and Innovation Council of Canada (2007 and continuing); Canadian Judicial Council Chairperson’s Advisory Group (2006 onwards); Confederation Centre of the Arts, Charlottetown, PEI (director, 2005 onwards); Association of Universities and Colleges of Canada (director and chair, 2003-05); Advisory Council for the Order of Canada (2003-05); Council of Canadian Law Deans (president, 1994); Canadian Association of Law Teachers (president, 1981-82).

He is a co-editor of three books and author of many articles, commentaries and reviews in Canadian and international legal journals; numerous speeches and conference presentations.

He is the recipient of many professional and service awards, including the Canadian Bar Association Distinguished Service Award (Saskatchewan Branch) (2005); the Saskatchewan Centennial Medal (2005) and the Queen Elizabeth II Golden Jubilee Medal (2002).

He will receive an honorary doctor of laws degree.

Candidates for the rank of professor emeritus are nominated by their academic units and, as with candidates for honorary degrees, the nominations are then reviewed by the Senate’s Committee on Honorary Degrees and Ceremonial. Having reviewed the nominations, the committee forwards its recommendations to Senate and then to the Board of Regents for consideration.

A professor emeritus is a retired member of the faculty who has served at least ten years as a regular full-time faculty member and held the rank of professor upon retirement. The prime criteria for nomination are a sustained and superlative record as a scholar, as a teacher, or as an academic administrator or any combination of these.

The recipients being presented at Fall Convocation 2010 are: Dr. Adrian Fowler, Grenfell Campus; Dr. James G. Barnes, Business Administration; Prof. Shane O’Dea, English Language and Literature; Dr. Phil Heath, Mathematics and Statistics; Dr. Colin Higgs, Human Kinetics and Recreation; and Dr. James K. Hiller, History.

The hoods of the Bachelors shall be made of black stuff, the hoods of the Masters of black silk, and the hoods of the Doctors of scarlet silk. They shall be full in shape and lined with the university colours of claret and white. The hoods of the Bachelors shall be trimmed with white fur, the tippets with velvet in the colours distinctive of the faculty or degree. The hoods and tippets of the Masters shall be edged with velvet in the colours distinctive of the faculty or degree. The hoods and tippets of the Doctors shall be edged with silk in the colours distinctive of the faculty or degree; however, the hood of the Doctor of Philosophy shall be of claret silk, lined and edged with claret silk.

The University hood, designed to be worn by representatives of Memorial participating in official ceremonies, shall be made of black stuff, and lined and edged with claret and white silk.
In June of 1950 Memorial University held its first convocation, which was a fairly simple affair. Led by Engineering Prof. Jack Facey (who would later perform the role of convocation marshal for 46 years), the students and faculty moved from the Parade Street campus across to St. Patrick’s Hall School for the conferring of undergraduate degrees. The university presented its first graduate degrees in May 1956 and its first honorary degree in May 1960.

The ceremony for that first honorary degree, presented to Bonnie Mansfield, who had been Memorial’s registrar for 30 years, served as a dress rehearsal for the most elaborate convocation the university has ever held – that for the opening of the Elizabeth Avenue campus in October 1961. Overseeing the arrangements were Prof. Facey as the marshal of convocation, responsible for the organization, direction and decorum of the occasion, and Dr. G.M. Story as the public orator, responsible for the delivery of the orations about the honorary graduands, a special feature of Memorial’s convocations. Nineteen honorary degrees were conferred on a galaxy of dignitaries local, national and international. That day the public orator and his deputy each had to deliver as many as 10 orations, each a concise but rhetorically lively account of the rationale for conferring the degree.

From 1961 to 1968 convocation was held in the gymnasium of the Physical Education Building. With the opening of the St. John’s Arts and Culture Centre, Memorial in effect acquired a new convocation hall, which became the regular site of the ceremonies after 1970. Designed partially on the ideas of then-Premier Joseph Smallwood, the back of the stage with its descending staircase was developed specifically for Memorial’s convocations. Fall convocation was inaugurated in 1970 to accommodate increasing numbers of graduates and to support the three-semester academic calendar. In May 1992, 23 graduates received degrees in the first regular session of convocation held at Sir Wilfred Grenfell College, Memorial’s Corner Brook campus (now Grenfell Campus).

The ceremonial trappings of convocation began to be developed in the early 1960s. Our academic robes are based on those of Oxford University. The silver mace – the symbol of the university’s authority and the presence of which signals the official opening of convocation – and the marshals’ staves were donated by Chancellor Lord Thomson in 1961. The original chancellor’s chair and a lectern were presented in 1963 by then-Lieutenant Governor Campbell Macpherson. Other complementary birch wood furniture pieces were subsequently commissioned from the St. John’s firm of Claranis and Son Ltd.; the chairs bear the university’s coat of arms, hand carved and painted bas-relief. The signing table, gift of the former marshal Dr. Jack Facey, was added in 1996.

In 2002 plans were made to create a second convocation furniture suite so that a complete set would permanently reside at each of the St. John’s and Corner Brook campuses. The design of the new suite, intended to reflect the culture and traditions of the province, was undertaken by retired Memorial University designer Ian Stewart; Paterson Woodworking of Upper Amherst Cove was commissioned to construct the set. The first piece completed in this suite, a black walnut convocation table with a fish-splitting table motif, was presented by then-Lieutenant Governor Edward Roberts in 2003. The kneeler was donated in 2005 by honorary graduate Alan Perry. Hon. Dr. Roberts and his brother Douglas Roberts sponsored the signing table and bench, completed in 2005, as well as the chancellor’s chair and the four companion chairs, which were completed in 2006. They also donated the two speaker’s lecterns, which were completed in 2007. The Roberts’ contributions to the suite of furniture were undertaken in memory of their father, Dr. Harry D. Roberts, a graduate of Memorial University College (’31), an honorary graduate of Memorial University and for many years a member of the Board of Regents.

In 2009, on the occasion of the 100th regular session of Convocation, composer and retired professor of classics at Sir Wilfred Grenfell College, Dr. Michael Parker, was commissioned to create a special suite of music for convocation ceremonies. The suite premiered at Spring Convocation 2009, and is dedicated to the late Ferriss Hodgett, vice-principal of the college, 1975-1992.

The desire to share the ceremonies beyond the audience seated in the convocation hall led to television coverage of the ceremonies beginning in the 1970s and, more recently, web-casting (by the university’s Distance Education and Learning Technologies unit) which virtually brings the ceremony to the whole world via the university web site at www.mun.ca. Other university units that play a role in convocation include the Office of the Registrar and the School of Graduate Studies, which ensure that students have completed their programs and are certified for their degrees; the Division of Marketing and Communications, which co-ordinates the logistics of this special event and assists the graduands with preparations for the ceremony and the celebrations surrounding it; and the Office of Alumni Affairs and Development, which welcomes graduates into the Memorial University Alumni Association.

Convocation has been a day of pride for thousands of students and more than 500 honorary graduates, resulting in more than 65,000 alumni members worldwide. While our convocation, as a ceremonial occasion, has grown from the practices and procedures of older universities, after more than half a century it has become a distinctive event for all who attend, be they distinguished guests or faculty, honorary graduates or our students who are, as they should be, the focus of the event.
