Follow these steps to forget a wireless network

1. Tap the settings icon to open the setting app.

2. Tap the Wi-Fi menu item.

3. A list of known wireless networks will appear. Tap on the icon next to the network you want your device to forget about.

4. Tap on Forget Network.

5. Tap Forget to confirm.

6. The network is now forgotten.

Troubleshooting

Please contact the ITS Service Desk at (709) 864-4595 or help@mun.ca
