

"The need for the development of nursing leadership is well documented. It is essential for the development of professional practice."

– Canadian Nursing Association

Nursing LEADERSHIP Development Course

Fall registration deadline: Sept. 4

This course is an introduction to the nursing leadership arena using an experiential learning approach.

The Nursing Leadership course:

- has four modules (see below),
- includes a mentorship component,
- is designed to be completed in 16 weeks, and
- is delivered in a self-study format.

A final test comprises material from all four modules. An exam grade of 75 per cent or higher is required to be eligible for the course certificate.

Modules

1. Leadership Principals (3 units)
2. Personal Power (5 units)
3. Interpersonal Power (4 units)
4. Maintaining a High-Performance Environment (2 units)
