1 The Memorial University of Newfoundland Code

The attention of all members of the University community is drawn to the section of the University Calendar titled **The Memorial University of Newfoundland Code**, which articulates the University's commitment to maintaining the highest standards of academic integrity.

2 Student Code of Conduct

Memorial University of Newfoundland expects that students will conduct themselves in compliance with University Regulations and Policies, Departmental Policies, and Federal, Provincial and Municipal laws, as well as codes of ethics that govern students who are members of regulated professions. The *Student Code of Conduct* outlines the behaviors which the University considers to be non-academic misconduct offences, and the range of remedies and/or penalties which may be imposed. Academic misconduct is outlined in **UNIVERSITY REGULATIONS - Academic Misconduct** in the University Calendar.

For more information about the *Student Code of Conduct*, see www.mun.ca/student/conduct/conduct.php.

3 Faculty Description

The Faculty of Business Administration is known for innovative, high-quality academic programs, basic and applied research, and responsive community outreach activities, including those provided by the **Gardiner Centre**. The faculty prepares students to succeed in a competitive work place. Each business program is designed to give students the skills and experience needed to advance their careers. The faculty's close-knit community provides students with many opportunities to get involved and network with fellow classmates.

Additional information regarding the Faculty of Business Administration is available at www.business.mun.ca. Information about the Gardiner Centre is available at www.busi.mun.ca/gardinercentre/.

Students must meet all regulations of the Faculty in addition to those stated in the general regulations. For information concerning fees and charges, admission/readmission to the University, and general academic regulations (undergraduate), refer to **UNIVERSITY REGULATIONS**.

3.1 Faculty History

In 1954, the University approved a bachelor of commerce undergraduate degree. Over the next two decades, the Department grew substantially in the size of its student enrolment and program offerings. In 1973, it was renamed the School of Business Administration and Commerce, and the University established the first co-operative undergraduate business program in Canada. In 1981 the School was granted faculty status, reflecting the growth and diversity of its academic programs.

In 2002, the Faculty of Business Administration became the first in Atlantic Canada to be accredited by AACSB International—the Association to Advance Collegiate Schools of Business. AACSB International is one of higher education's most prestigious and rigorous accrediting bodies, stressing academic excellence and dedication to continuous improvement. This accreditation is the highest distinction offered to business schools both nationally and internationally.

3.2 Academic and Professional Ethics

The Faculty of Business Administration expects its students to adhere to the highest standards of academic and professional integrity. The Faculty has created a Statement and Code of Academic and Professional Integrity, which is posted prominently in the Faculty of Business Administration Building and is distributed annually to all students in the Faculty. The Statement and Code of Academic and Professional Integrity provides guidance and prescriptive standards.

Academic integrity allows students to express their own thoughts, opinions, and values while pursuing academic excellence and striving to achieve their own personal best. It means that they will take responsibility for their learning values, and pursue academic goals with honesty and enthusiasm. Academic integrity refers to submitting/presenting work for credit that represents only the student's/students' own work unless otherwise properly acknowledged, documented, and previously authorized by the instructor. This work includes, but is not limited to, exams, assignments, quizzes, individual or group projects or assignments, oral presentations, and Work Term reports.

Professional integrity requires students to act with honesty, demonstrate accountability, engage in respectful collaboration, and support a culture of inclusiveness and respect. When students are participating in University activities, they shall do so with professional integrity and shall consistently apply the knowledge, skills, and values expressed in the *Student Code of Conduct*.

UNIVERSITY REGULATIONS, Academic Misconduct - Academic Offenses outlines Academic Offenses. The following are examples of offenses that contravene the Faculty of Business Administration's guidelines on ethics (Statement and Code of Academic and Professional Integrity) and will be resolved in accordance with **UNIVERSITY REGULATIONS, Academic Misconduct**

- including a student's name or allowing one's own name to be included on the list of contributors to a group project without having contributed to that work;
- altering a piece of work after it has been graded and submitting it for re-grading;
- taking another's examinations, assignments, or solutions to examinations or assignments without the owner's permission; and
- using or divulging confidential information obtained during research or while on Work Terms and/or making use of inappropriately divulged confidential information.

Students in the Faculty of Business Administration are subject to the *Student Code of Conduct* in all Faculty- or University-related activities including: work terms, exchanges, and case and other competitions. Violations of this standard of professional integrity will be resolved in accordance with the *Student Code of Conduct*.

4.1.1 Business Co-operative Education

General management of the work terms in the Co-operative Program is the responsibility of Business Co-operative Education. Through its co-ordinators, it is responsible for assisting potential employers to become involved in the program, for the continual development of employment opportunities, for arranging student-employer interviews, for counselling of students, for visiting students on their work assignments and for the evaluation of the work term.

Students and employers choose each other through the job competition process. Job advertisements are posted and students may apply for up to twelve positions. Employers interview students, and both the students and employers express their preferences for one another.

Students are then placed by Business Co-operative Education to reflect expressed preferences. Placement is not guaranteed but every effort is made to ensure that appropriate employment is made available. In the case of students who are required to withdraw from the program, Business Co-operative Education has no responsibility for placement until they have been readmitted to the program.

Salaries paid to co-operative students are determined by employers based upon their internal wage structures, and tend to increase as the student progresses through the program and assumes more responsibility. However, students should not expect the income from work terms to make them completely self-supporting.

Students in the Co-operative Program give permission to prospective employers, in the course of the placement process, to have access to their records, which contain their academic marks and their work term evaluations. After accepting a position, students may not withdraw from a specific job situation unless prior permission is obtained from the Committee on Undergraduate Studies.

4.2 Graduate Programs

Programs leading to the **Master of Business Administration (M.B.A.)**, the **Master of Employment Relations (MER)**, and the **Ph.D.(Management)** degrees are described in the **School of Graduate Studies** section of the University Calendar.

5 Program Regulations

1. The Office of the Registrar and the Faculty of Business Administration will assist students with any questions or problems which might arise concerning the interpretation of academic regulations. It is, however, the responsibility of students to see that their academic programs meet the University's regulations in all respects.
2. No student shall obtain more than one undergraduate degree from the Faculty of Business Administration.
3. The Faculty of Business Administration may recommend that transfer credit for certain Business courses be awarded on the basis of successful completion of professional courses that lead to a professional designation (e.g. C.A., C.G.A., C.M.A.). Applications for transfer credit should be made through the Office of the Registrar.

- The Faculty of Business Administration may approve that credit for certain Business courses successfully completed through Memorial University of Newfoundland's former Extension Services Division be granted upon application to the Registrar for transfer credit evaluation.

5.1 Regulations for Business Minors

- Students who are completing a non-Business degree program which provides for the completion of a minor may complete a minor in either Business Administration or International Business.

5.2 Regulations for General Degree of Bachelor of Commerce (Co-operative)

5.2.1 Admission Modes and Requirements

5.2.1.1 Direct Entry (for High School Students)

Students may apply for admission into first year of the Bachelor of Commerce (Co-operative) program (Terms A/B) directly from high school by indicating this in the appropriate place on their Undergraduate Application for Admission/Readmission to Memorial University of Newfoundland. Direct entry from high school is subject to the applicant's final acceptance to the University and admissibility into either Mathematics 1000 or 1090. Terms A/B normally starts in September.

5.2.1.2 Advanced Standing (for Current Memorial University of Newfoundland Students)

- Students may apply for admission with Advanced Standing into terms beyond Terms A/B up to and including Term 4. Students applying for admission to a term beyond Terms A/B must have completed all of the courses required in the program up to that term, including the courses required in Terms A/B, with grades high enough to have met promotion requirements. Students applying for admission with advanced standing must complete and submit to the Office of the Registrar the Faculty of Business Administration Application For Admission, normally on or before the deadlines specified in the **University Diary** for the semester in which they intend to begin their program.
- Admission with Advanced Standing is competitive and selective. Prospective students are therefore encouraged to consider an alternate degree program in the event that they are not accepted into the Bachelor of Commerce (Co-operative) program.
- The primary criterion used in reaching decisions on applications for admission with advanced standing is overall academic achievement. Selection, therefore, will be based on a student's overall academic performance. Students with weak overall academic records are unlikely to be admitted.

5.2.1.3 Transfers From Other Post-Secondary Institutions

Students who are transferring from other universities must apply for admission to the University on or before the deadlines specified in the **University Diary** for the semester in which they intend to begin their program, to allow sufficient time for the evaluation of transfer credits. Subject to items 2. and 3. under **Advanced Standing (for Current Memorial University of Newfoundland Students)** above, transfer students from other universities will be placed in that Term of the program judged by the Admissions Committee of the Faculty to be appropriate considering equivalent credits. Regardless of the Term into which they are admitted, transfer students must complete a minimum of two work terms.

5.2.2 The Curriculum

- To graduate with the Bachelor of Commerce (Co-operative) degree, every candidate shall successfully complete 135 credit hours over nine academic terms in the Co-operative Program and shall normally be required to successfully complete three work terms. The 135 academic credit hours are distributed as follows: 30 credit hours over the course of Terms A/B and 15 credit hours in each of Terms 1 through 7.
- Students who have been admitted to the Bachelor of Commerce (Co-operative) program must complete courses in academic terms or "blocks" in the sequence, order and course load as set out in the **Table 1 Bachelor of Commerce (Co-operative) Curriculum**. Exceptions to this prescribed program, including specified course load, must have the approval of the Admissions Committee or of the Committee on Undergraduate Studies of the Faculty.
- By the end of the Winter semester of their first year, Terms A/B students must have successfully completed the following 30 credit hours:

 - a. Statistics 2500
 - b. Fifty-four credit hours in core Business Administration courses: 1101, 1210, 1600, 2010, 2101, 2210, 2400, 2710, 3310, 3401, 3700, 4000, 4050, 4320, 4330, 4500, 5301, and 7000.

5.2.3 Regulations for the Joint Degrees of Bachelor of Commerce (Co-operative) and Bachelor of Arts

Any student who is admitted into the Bachelor of Commerce (Co-operative) program may simultaneously complete the requirements for a Bachelor of Arts program. Under those circumstances, regulations for the Bachelor of Commerce (Co-operative) program will be relaxed as follows. Notwithstanding clauses 4.c. and 4.d. of **The Curriculum** under the **Regulations for the General Degree of Bachelor of Commerce (Co-operative)**, students in the Bachelor of Commerce (Co-operative) program who are concurrently completing the Bachelor of Arts degree will be permitted to make the following adjustments to those clauses:

- clause 4.c. - no fewer than 15 credit hours, but no more than 36 credit hours, in Business electives which must be chosen from **Table 3 Business Electives**.
- clause 4.d. - no fewer than 12 credit hours, but no more than 33 credit hours, in elective courses chosen from the Faculty of Arts.

These adjustments to the normal curriculum will only be permitted for students who are graduating with the Bachelor of Commerce (Co-operative) degree and the Bachelor of Arts degree at the same convocation. In order to meet all of the requirements of both degree Programs at the same time, students who are completing the joint degrees are strongly advised to follow **Table 2 Bachelor of Commerce (Co-operative) Curriculum (Completed Jointly with the Bachelor of Arts)**.

Table 2 Bachelor of Commerce (Co-operative) Curriculum (Completed Jointly with the Bachelor of Arts)

Winter Academic Term 7	At least 15 credit hours in Major, Core or elective courses [see Note 3. below]

- Notes: 1. *The Bachelor of Arts requires completion of a Major program, a Minor program, a set of Core Requirements, and elective courses, totalling at least 78 credit hours in courses offered by departments within the Faculty of Arts (or Computer Science, Mathematics and Statistics, and Psychology). When the Bachelor of Arts is completed jointly with the Bachelor of Commerce (Co-operative):*
- Minor program requirements are satisfied by BUSI courses specified in **Table 1 Bachelor of Commerce (Co-operative) Curriculum** above.*
 - Core requirements for English and Numeracy/Science are satisfied by courses completed in Terms A/B or during Terms 1 or 2 of the Bachelor of Commerce (Co-operative) degree.*
 - It is recommended that the Core Requirement for 6 credit hours in courses in a second language be completed in Terms A/B of the Bachelor of Commerce (Co-operative) degree program.*
 - Core requirements for 6 credit hours in research/writing courses may be satisfied by including two such courses within the 78 credit hours in courses offered by departments within the Faculty of Arts. Please consult the **Undergraduate Registration Procedures** to determine research/writing course offerings in any given semester.*
 - Major requirements for the Bachelor of Arts may be satisfied in 36 to 45 credit hours, depending on the department or program chosen. Students are strongly recommended to seek advice from the department or program of their Major to ensure that their proposed degree program is possible within the constraints of course scheduling and prerequisites.*
2. *Students are advised that, in order to complete the joint degrees within the minimum 150 credit hours, they must complete at least five of the courses required for the Bachelor of Arts as opportunities arise and as courses are offered. These courses may be completed during the Spring semesters between Terms A/B and Term 1, between Terms 2 and 3, or during any of the three Work Terms (for example, in the evening or by distance), or as sixth courses during any of the academic terms (following submission of a course load waiver).*
3. *To meet the requirements for the Bachelor of Commerce (Co-operative), not fewer than 15 and not more than 36 credit hours in BUSI electives must be chosen from **Table 3 Business Electives**. Students intending to complete the joint degrees in the minimum number of 150 credit hours*

should ensure that at least 78 of these credit hours are completed in courses offered by departments within the Faculty of Arts (or Psychology, Mathematics and Statistics, and Computer Science). Careful planning, particularly in the selection of elective courses as well as in the sequence of Major program courses, is therefore recommended to ensure timely completion of the joint degrees.

5.2.4 Minor or Cognate From Another Academic Unit

1. A student enrolled in the Bachelor of Commerce (Co-operative) program may, using all of the non-Business electives required in the curriculum, complete a minor within the Faculty of Arts, the Faculty of Science, the School of Music, or offered at Grenfell Campus. Regulations for the minor are given under the Calendar entries for the Faculty of Arts, the Faculty of Science, and the School of Music, and under the Calendar entry for Grenfell Campus.
2. A student enrolled in the Bachelor of Commerce (Co-operative) program may pursue a minor (or equivalent) in other non-business academic units (where minor programs exist) with permission of that academic unit and permission of the Committee on Undergraduate Studies of the Faculty of Business Administration.

5.2.5 Examination and Promotion for the Bachelor of Commerce (Co-operative)

1. The Faculty Council of the Faculty of Business Administration constitutes the examining body for all examinations in Business courses. In addition, the standing of every student will be assessed by the Committee on Undergraduate Studies in accordance with the promotion requirements outlined in Clauses 2., 3., and 9. below.
2. Students in Terms A/B will be considered for promotion to Term 1 at the end of the Winter semester of their first year. At that time, for promotion from Terms A/B, students must have successfully completed the 30 credit hours prescribed in 3. of **The Curriculum** above, with an overall average on those 30 credit hours of at least 65%. Students who do not satisfy these requirements will be required to withdraw from the program and will not be promoted to Term 1.

Students who have been required to withdraw following Terms A/B may be considered for readmission to the program in accordance with the entry under **Admission Modes and Requirements** above, with the heading **Advanced Standing (for Current Memorial University of Newfoundland Students)**.

A required withdrawal for failure to meet the promotion requirements from Terms A/B will not be reflected on a student's transcript.

3. For promotion from each of Terms 1 through 7, the requirements are the achievement of a passing grade in at least 12 credit hours and an overall average of at least 60% in those courses required in each academic term.

Students in an academic term who do not maintain the appropriate course load as outlined in Clause 2. of **The Curriculum**, and who do not have the prior approval of the Committee on Undergraduate Studies for a reduced course load, will be required to withdraw from the program and will not be promoted.

Students completing Terms 1 through 7 who fail to achieve these standards will be required to withdraw from the program. A required withdrawal from any of Terms 1 through 7 will be reflected on a student's transcript.

Students who meet the academic promotion requirements above but who fail a core course in any of Terms 1 through 7 will be required to successfully repeat that course prior to graduation. Students who meet the promotion requirements above but who fail an elective in any of Terms 1 through 7 will be required to either successfully repeat that elective or successfully complete an additional elective to replace it prior to graduation.

4. The Committee on Undergraduate Studies of the Faculty of Business Administration may promote a student notwithstanding promotion requirements listed in Clause 3. above. A decision of this nature will be made only for reasons acceptable to the Committee on Undergraduate Studies, and in the case of a student thought likely to succeed in future terms.
5. Students who have been required to withdraw following any one of Terms 1 through 7 may be considered for readmission after the lapse of two semesters, at which time they will normally be required to repeat the term which they failed, unless, in the opinion of the Admissions Committee, Faculty of Business Administration, a more meaningful course of study would be appropriate.

In order to be considered for readmission, students must formally apply for readmission to the program not later than the deadlines specified in the **University Diary** for the semester in which they wish to recommence their program.

6. The dates for starting and finishing each work term are shown in the **University Diary**.

Successful completion of the work term requirements is a prerequisite to graduation.

7. A competition for work term employment is organized by Business Co-operative Education.

Students may obtain their own work term jobs outside the competition. Such jobs must be confirmed by letter from the employer and approved by Business Co-operative Education on or before the first day of the work period.

By entering the competition, students give permission for Business Co-operative Education to supply their university transcripts to potential employers.

8. A work report on a topic approved by Business Co-operative Education must be submitted for each work term. This report must be approved by the employer and submitted to Business Co-operative Education on or before the deadline scheduled by Business Co-operative Education. Evidence of the student's ability to gather material relating to the report, analyse it effectively, and present it in a clear, logical and concise form, will be required in the report. Late reports will not be graded unless prior permission for a late report has been given by Business Co-operative Education.

9. The overall evaluation of the work term is the responsibility of Business Co-operative Education. The work term shall consist of two components:

Student performance as evaluated by a co-ordinator, given input from the employer, and a work report graded by a co-ordinator or a member of faculty.

Evaluation of the work term will result in the assignment of one of the following final grades:

- a. *Pass with Distinction*: Indicates **EXCELLENT PERFORMANCE** in both the work report and work performance. The student is commended for his/her outstanding performance in each of the required components; pass with distinction has been awarded to each of the work report and work performance.
- b. *Pass*: Indicates that **PERFORMANCE MEETS EXPECTATIONS** in both the work report and work performance. The student fully meets the requirements of a passing work report and completely satisfactory work term performance.
- c. *Fail*: Indicates **FAILING PERFORMANCE** in the work report and/or the work performance.

For promotion from the work term, a student must obtain *PASS WITH DISTINCTION* or *PASS*.

If a student fails to achieve the standards outlined above, the student will be required to withdraw from the program and may be considered for readmission after the lapse of two semesters, at which time the student will be required to complete a further work term with satisfactory performance before being admitted to any further academic term in the Faculty.

10. A student who has been required to withdraw from the program as a result of failing to meet the requirements of either two academic

terms or two work terms will not be eligible for readmission to the program.

- Students are not permitted to drop work terms without prior approval of the Committee on Undergraduate Studies upon the recommendation of Business Co-operative Education. Students who drop a work term without permission, or who fail to honour an agreement to work with an employer, or who conduct themselves in such a manner as to cause their discharge from the job, will normally be awarded a grade of FAL for that work term. Permission to drop a work term does not constitute a waiver of degree requirements, and students who have obtained such permission must complete an approved work term in lieu of the one dropped.

5.2.6 Regulations for the Honours Degree of Bachelor of Commerce (Co-operative)

An Honours Degree of Bachelor of Commerce (Co-operative) signifies superior academic achievement.

- To be considered for an Honours Degree, the candidates must so indicate on the prescribed "Application for Graduation" form. This form may be obtained on-line at the Memorial Self Service at www3.mun.ca/admit/twbkwbis.P_WWWLogin. The courses comprising these credit hours must be applicable to the Certificate in Business Administration.
- Course prerequisites for all courses shall apply to all courses in the Certificate in Business Administration. Students should note, for example, that Mathematics 1000 is a prerequisite and Statistics 2500 is a corequisite for BUSI 2400. It should be noted that some courses are not offered every semester.

5.4 Regulations for the Diploma in Business Administration

- To be considered for admission to the Diploma Program in Business Administration, applicants must normally have satisfied the following requirements:

Only students with an overall average of at least 60% in the courses comprising the 15 credit hours required will be considered for admission to the program.

Students with weak overall academic records are unlikely to be admitted.
 - At least five years of full-time work experience, or equivalent, that is deemed acceptable by the Admissions Committee of the Faculty of Business Administration.

In the case where students have been required to withdraw from one of the Faculty's other undergraduate programs, the Admissions Committee of the Faculty may consider this circumstance as grounds to deny admission.

5.4.1 Continuance Regulations

1. The Faculty Council of the Faculty of Business Administration constitutes the examining body for all examinations in Business courses. In addition, the standing of every student will be assessed by the Committee on Undergraduate Studies in accordance with the continuation requirements outlined in 2. below.
2. Students must qualify for continuation after each term of study. To continue, students must have an overall average of at least 60% over their last ten courses taken. 4. Students who are required to withdraw a second time are not eligible for readmission into the program.
5. The Committee on Undergraduate Studies of the Faculty of Business Administration may allow a student to continue who fails to achieve the standards outlined in 2. above. A decision of this nature will be made only for reasons acceptable to the Committee on Undergraduate Studies.

5.5 Regulations for the General Degree of Bachelor of Business Administration (B.B.A.)

5.5.1 The Curriculum

1. To be admitted to the B.B.A. program, students should select the B.B.A. program on their Undergraduate Application for Admission/Readmission to the University or on the Declaration/Change of Academic Program Form.
2. To graduate with the B.B.A., candidates must successfully complete the following 120 credit hours with a Grade Point Average on those 120 credit hours of at least 2.5 and a numeric average on those 120 credit hours of at least 60%:

Students are encouraged to note the prerequisites for 7000 (Strategic Management 2) and to plan their courses so that they have completed the prerequisites prior to the semester in which they plan to take 7000.
 - f. 45 credit hours of electives, of which not more than 21 credit hours may be from Business courses (which must be chosen from **Table 3 Business Electives**).

5.5.2 Minor or Cognate From Another Academic Unit

1. A student enrolled in the B.B.A. program may complete a minor within the Faculty of Arts, the Faculty of Science, the School of Music, or from Grenfell Campus. Regulations for the minor are given under the Calendar entries for the Faculty of Arts, the Faculty of Science, the School of Music, and Grenfell Campus.
2. A student enrolled in the B.B.A. program may pursue a minor (or equivalent) in other non-business academic units (where minor programs exist) with permission of that academic unit and permission of the Committee on Undergraduate Studies of the Faculty of Business Administration.

5.6 Regulations for the Honours Degree of Bachelor of Business Administration

An Honours degree of Bachelor of Business Administration signifies superior academic achievement. The difference between a First Class General B.B.A. Degree and an Honours B.B.A. Degree is that for a First Class B.B.A., a candidate must obtain a grade point average of at least 3.5 on the best 120 credit hours which meet curriculum requirements, and for an Honours B.B.A., a candidate must obtain a grade point average of at least 3.5 on the earliest attempt at courses which meet curriculum requirements.

1. To be considered for an Honours degree, a candidate must so indicate on the University's official Application for Graduation form. This form may be obtained on-line at the Memorial Self Service at www3.mun.ca/admit/twbkwbis.P_WWWLogin. Additional information is available from the Office of the Registrar at www.mun.ca/regoff/graduation/apply_grad.php.

2. A candidate for the Honours Degree of Bachelor of Business Administration shall:
 - a. comply with all regulations governing the General Degree of Bachelor of Business Administration, and
 - b. obtain at least a 75% average and a grade point average of at least 3.5 on the courses prescribed in **The Curriculum**. Candidates are not permitted to repeat or substitute courses for the purpose of meeting these criteria. In the case of a student who has repeated courses and/or who has completed more than 120 credit hours at the time of application for graduation, applicable courses will be taken in chronological order rather than in order of grade in calculating these averages. This may mean that failed courses will be used in calculating this grade point average even when the courses were later repeated and passed or, in the case of electives, replaced with other courses later in a candidate's academic career.
3. A declared candidate for an Honours degree who fails to fulfil the conditions of clause 2. but fulfils the requirements for a General degree shall be awarded the General Degree of Bachelor of Business Administration.

5.7 Regulations for the General Degree of International Bachelor of Business Administration (i.B.B.A.)

5.7.1 General Regulations

1. The International Bachelor of Business Administration (i.B.B.A.) program requires a total of 120 credit hours.
2. The program includes a compulsory one-semester approved program of full-time study at an overseas location. Subject to the **Study Abroad Program** regulations below, students must normally have completed at least 72 credit hours of the program and no more than 96 credit hours of the program prior to commencement of the study abroad program.
3. The overall program must have a coherent global and regional content. In order to achieve this coherency students shall nominate a global region (e.g. Asia, Europe, Latin America) as a focus area within their program. The choice of region will affect both the choice of non-BUSI courses and the choice of location and content of the study abroad program (see **Global and Regional Content** below).

5.7.2 Admission Requirements

1. Normally, admission is offered for the Fall Semester. The deadline for admission or readmission is March 1. Students applying for admission to the i.B.B.A. must submit the Faculty of Business Administration Application For Admission to the Office of the Registrar on or before this deadline. Where circumstances permit, applications will be considered for the Winter and Spring Semesters. The deadlines for admission or readmission are specified in the **University Diary**.
2. Students who are seeking admission for the Fall Semester normally must have completed all the courses required for admission by the end of the Winter Semester.
3. Applications received after the deadline will be considered only if a space is available in the program.
4. To be eligible for Admission to the i.B.B.A. program an applicant must have successfully completed the Pre-i.B.B.A. program (see **The Curriculum**, clause 1, below) with an average on those courses of at least 65%, or the equivalent at another recognized post-secondary institution. Students who are transferring from other universities must apply for admission to the University on or before the deadlines specified in the **University Diary** for the semester in which they intend to begin their program, to allow sufficient time for the evaluation of transfer credits.
5. Admission is competitive and selective. Therefore, prospective students are encouraged to consider an alternate degree program in the event that they are not accepted into the International Bachelor of Business Administration program.
6. The primary criterion used in reaching decisions on applications for admission is overall academic achievement. Selection, therefore, will be based on a student's overall academic performance in addition to the average on the 30 credit hours required for admission. Students with weak overall academic records are unlikely to be admitted.
7. In the case where an applicant has been required to withdraw from one of the Faculty's other Undergraduate programs, the Admissions Committee of the Faculty may consider this circumstance as grounds to deny admission.

5.7.3 The Curriculum

1. The i.B.B.A. program includes the following 30 credit hours that comprise the Pre-i.B.B.A. program:
 - a. Six credit hours of English which must include English 1110 or 1021;
 - b. Mathematics 1000;
 - c. Economics 2010 and 2020;
 - d. BUSI 1000;
 - e. Political Science 2200;
 - f. Nine additional credit hours in non-BUSI courses. It is strongly recommended that students take into account the **Global and Regional Content** requirement outlined below when choosing these additional 9 credit hours of study.
2. In addition to the Pre-i.B.B.A. program requirements, the curriculum shall consist of the successful completion of:
 - a. Thirty-nine credit hours consisting of: Statistics 2500 and BUSI courses 1101,1210, 2010, 2101, 2400, 3310, 3401, 3700, 4000, 4320, 4500, and either 7000 or 7005.
 - b. Fifteen credit hours of international business related courses, which must include:
 - i. BUSI 5302 and either Economics 3030 or BUSI 6550; and
 - ii. any three from: BUSI 6311, BUSI 7005 (if not completed to fulfill 2.a.i above), BUSI 7240, BUSI 6550 (if not completed to fulfill 2.b.i. above), BUSI 6040, Economics 4030, or Political Science 3250 or any other approved course with an international focus.

Pre-requisites for all courses shall apply to the i.B.B.A. program. Students should note, for example, that the pre-requisites for BUSI 7000 include BUSI 4050 and BUSI 5301, which are not program requirements for the i.B.B.A.

- c. Thirty-Six further credit hours of which at least 12 must be in non-BUSI courses. Students should take into account the **Non-business Elective Courses** regulations under the **Global and Regional Content** requirement below when choosing these 12 credit hours of non-business electives.
- d. It is recommended that students choose their elective courses so that their overall program contains at least one group of four or five courses within a chosen functional area or specialization or minor.

3. At least 12 credit hours of the program described in 2. above must be completed in an approved study abroad program. The program must meet the **Study Abroad Program** regulations under the **Global and Regional Content** requirements below. Courses taken by distance education from Memorial University of Newfoundland may not be used to satisfy the **Study Abroad Program** requirement.
4. For graduation, a student must be enrolled in the i.B.B.A. program, and have completed the 120 credit hours required with a minimum average of 65% on the program courses.

5.7.4 Global and Regional Content

Courses chosen to meet the above requirements must have a coherent global and regional content. In order to achieve this coherency, students shall nominate a global region (e.g. Asia, Europe, Latin America) as a focus area within their program. The choice of region will affect the choice of non-BUSI elective courses as well as the choice of location and content of the study abroad program. Students must consult with the Undergraduate Programs Office of the Faculty of Business Administration when selecting courses to satisfy the global and regional content requirement to ensure that the selected courses will fulfill the requirement.

5.7.4.1 Non-business Elective Courses

1. Non-business elective courses must include the following 9 non-language credit hours:

Students selecting a regional perspective and planning to undertake their study abroad program where English is not the main language must complete 6 credit hours of the relevant language prior to undertaking study abroad.

5.7.4.2 Study Abroad Program

1. Notwithstanding the **General Regulations** above and the **Continuance Regulations** below, a student may be held back from participating in the study abroad program if the student has not completed at least 10 courses since his/her admission to the i.B.B.A. program or has not completed a course load of 15 credit hours with a semester average of at least 65% in a single semester. A student who is prevented from starting the study abroad program for either of these reasons will be permitted to participate in the study abroad program once the student has met these criteria.
2. To ensure that students obtain regional perspectives and skills not available at Memorial University of Newfoundland an approved program must include:
 - a. at foreign language locations, at least 3 credit hours of study of a regional language and at least 6 credit hours with a specific regional content.
 - b. at locations in Britain, Ireland, the US, Australia and New Zealand, at least 9 credit hours with a specific regional content.

For the study abroad program, courses regarded as having specific regional content would include languages, regional studies and other cross-cultural courses as well as approved courses in Economics and Business.
3. Subject to these requirements there is no additional restriction as to the proportion of business or non-business courses studied abroad. For example, an approved study abroad program may contain courses entirely of an 'Arts' nature. It is also possible to select courses that have no exact equivalent at Memorial University of Newfoundland and must be counted as unspecified credit.

Courses studied abroad may be approved as counting toward any of the Curriculum course requirements listed above, but no course may count towards meeting two such requirements.

5.7.5 Minor From Faculty of Arts

A student enrolled in the i.B.B.A. program may both meet the requirements of the degree and be able to complete a minor within the Faculty of Arts. Regulations for the minor are given under the Calendar entries for the **Faculty of Arts**.

1. The Faculty Council of the Faculty of Business Administration constitutes the examining body for all examinations in Business courses. In addition, the standing of every student will be assessed by the Committee on Undergraduate Studies in accordance with the continuation requirements outlined in 2. and 3. below.
2. Following entry to the program, i.B.B.A. students must qualify for continuation after each term of study. For continuation, students must have an overall average of 65% over their last ten courses taken. In the event that a student has more courses than needed in the earliest term used, the courses with the highest grades in that term will be used.

Students who fail to achieve these standards will be required to withdraw from the program. They may be considered for readmission after a lapse of two semesters. In order to be considered for readmission, students must formally apply for readmission. A required withdrawal for failure to meet **Continuance Regulations** in the i.B.B.A. program will be reflected on a student's transcript.
3. Students who are required to withdraw from the program a second time are not eligible for readmission into their program.
4. The Committee on Undergraduate Studies of the Faculty of Business Administration may allow a student to continue who fails to achieve the standards outlined in 2. above. A decision of this nature will be made only for reasons acceptable to the Committee on Undergraduate Studies.

10.3 Work Term Descriptions

The following work terms are a requirement of the Bachelor of Commerce Co-operative program only.

The objectives of the Work Term component of the Business Administration Co-operative Program are embodied in the Work Term descriptions below. The descriptions serve to guide the student and employer toward achieving these objectives and to guide Business Co-operative Education and the Faculty of Business Administration in monitoring and evaluating each student's progress.

399W Work Term 1 follows the successful completion of Academic Term 3. For most students, it represents their first professional work experience in a business environment and as such represents their first opportunity to evaluate their choice of pursuing a career in business administration. Students are expected to learn, develop and practice the high standards of behaviour and performance normally expected in the work environment. (A detailed description of each job is normally posted during the job competition.)

As one component of the work term, the student is required to complete a work report. The work report, as a minimum requirement should

- analyse an issue/problem related to the student's work environment,
- demonstrate an understanding of the structure of a professional report, and
- show reasonable competence in written communication and presentation skills. Students should consult **UNIVERSITY REGULATIONS - Good Writing**, and the evaluation form provided in the placement package.

Notes: 1. *Students shall not conduct primary research as part of the Work Report.*

2. *Seminars on professional development, conducted by Business Co-operative Education Coordinators, are presented during Academic Term 3 to introduce and prepare students for participation in the subsequent work terms. Topics may include work term evaluation, work report writing, career planning, self-marketing skills, resume preparation, self-employment, workplace ethics, sexual harassment and workplace safety.*

499W Work Term 2 follows the successful completion of Academic Term 4. Students are expected to further develop and expand their knowledge and work-related skills and should be able to accept increased responsibility and challenge. In addition, students are expected to demonstrate an ability to deal with increasingly complex work-related concepts and problems. Students should conscientiously assess the various business opportunities relative to their individual interests.

The Work Report, as a minimum requirement should

- analyse an issue/problem related to the student's work environment and demonstrate an understanding of business concepts relative to the student's academic background,
- demonstrate competence in creating a professional report, and
- show competence in written communication and presentation skills.

Note: *Students are permitted to conduct primary research as part of the Work Report, when it is required to achieve the report's research objectives. If primary research is conducted as part of the Work Report, it must be conducted in accordance with all policies and regulations of the University and the Faculty of Business Administration, including Memorial University of Newfoundland's policy on ethics of research involving human participants (www.mun.ca/policy/site/policy.php?id=139).*

599W Work Term 3 follows the successful completion of Academic Term 5. Students should have sufficient academic grounding and work experience to contribute in a positive manner to the management and problem-solving processes needed and practiced in the workplace. Students should become better acquainted with their discipline of study, should observe and

appreciate the attitudes, responsibilities, and ethics normally expected of business managers and should exercise greater independence and responsibility in their assigned work.

The Communications Component should reflect the growing professional development of the student and, as a minimum requirement, the student will;

- demonstrate an ability to analyse a significant business issue/problem related to the student's experience in the workplace,
- demonstrate a high level of competence in delivering a professional oral presentation, and
- demonstrate a high level of competence in written communications.

The Communications Component for Work Term 3 consists of an Oral Presentation on a workplace-related business issue/problem. The presentation should be of about seven minutes duration followed by a three-minute question period and will normally be given on campus in a formal setting after students have returned to Academic Term. A written Executive Summary is also required. Guidelines for the preparation and delivery of this oral presentation along with deadlines are provided in the *Business Co-operative Education Handbook* located online at www.mun.ca/coop/programs/business/Business_CO-

OP_HANDBOOK2013.pdf.
