2 School Description

The school of Music at Memorial University of Newfoundland is the largest
and most comprehensive university school of music in Atlantic Canada.
Four-year undergraduate programs are offered in performance, musicologies
and composition. Students interested in music education have two options:
the conjoint degrees Bachelor of Music/Bachelor of Music Education
(B.Mus./B.Mus.Ed.), offered in collaboration with Memorial University of
Newfoundland’s Faculty of Education, which can be completed in five years,
and the four-year Comprehensive Major, which prepares them to apply for
admission to the Bachelor of Music Education as a second degree. For
students not ready to specialize, a Bachelor of Music (B.Mus.) in General
Musical Studies with or without a Minor provides a flexible degree option.
The School of Music’s faculty comprise a diverse group of performers and
scholars from across North America and Europe who are as dedicated to the
highest standard of teaching as they are to their own professional careers.
Access to professional applied studies instruction is a right of every student
in each year of the program. With close to 200 degree-stream students, the
School offers ensemble performance experience in choir, band, orchestra,
opera, jazz, world music, contemporary and chamber music. While the focus
of the School’s programs is on the classical music tradition, Newfoundland
and Labrador’s rich musical legacy is also honored in its curriculum with a
range of courses taught by tradition-bearers from the professional music
community. The School’s undergraduate community is enriched by the
presence of students pursuing Master of Music (M.Mus.) degrees in
performance, performance/pedagogy and conducting, as well as Master of
Arts (M.A.) and Doctor of Philosophy (Ph.D.) students in the area of
ethnomusicology. Additional information regarding the School of Music is
available at www.mun.ca/music/.

The program begins with a two-year Pre-Clerkship. Courses covering topics in community health and skills run throughout most of the Pre-Clerkship whereas basic science sessions occur early in the first year. Later in the first year of medical studies and continuing throughout most of the second year, students pursue an integrated study of disease. By the end of the Pre-Clerkship, students are expected to be able to take a patient’s medical history, perform a thorough physical examination and to derive a logical diagnosis. The Clerkship Preparation Course is completed prior to commencing the Clerkship. The Clerkship comprises the remainder of the medical studies program. During this time students, who are clinical clerks, take courses that will allow them to alternate through major disciplines in hospital and community settings throughout affiliated teaching sites in Newfoundland and Labrador and community and hospital settings throughout Prince Edward Island and New Brunswick. Clinical clerks participate as members of the health care team gaining the knowledge and experience necessary to assume the responsibilities associated with patient care.

Medical students are required to participate fully in medical education experiences which occur at various times and communities outside of the St. John’s metropolitan area throughout the undergraduate medical education program.

Upon successful completion of medical studies, the students are qualified to write Part I of the licensing examinations set by the Medical Council of Canada (MCC). 4. A student who is deemed by the Student Promotions Committee to be unsuitable for promotion or graduation is either required to repeat all of the studies in any year or Clerkship, or required to withdraw either conditionally or unconditionally.

a. If a student is required to repeat a year or Clerkship with academic prejudice, his or her performance in the repeated year or Clerkship must be at a level at which no remediation or reassessment is required. If this standard is not met, the Student Promotions

Note: Students may require special permission from the instructor and/or relevant graduate program administrator prior to enrolling in an elective course.”
The Master of Music program provides the environment for accelerated advances in comprehension, skills and abilities as a performing musician, music pedagogue or conductor while offering experience in the metier of the contemporary musician. To that end, the School of Music has forged active partnerships with many of the professional music organizations and institutions within the arts community in the greater St. John's region which afford an exceptional range of professional experiences to its graduate students. Included among these partners are the Newfoundland Symphony Orchestra, the Canadian Broadcasting Company, Heritage Canada, the Newfoundland and Labrador Arts Council and many others. Within the areas of specialization offered for the M.Mus., there is considerable flexibility available to further focus the program to meet specific interests and needs.

16.1 Programs of Study

The Degree of Master of Music (M.Mus.) is offered by full-time study, normally commencing in the Fall semester. Three areas of specialization are offered:

1. Conducting. Students may focus in choral conducting, instrumental conducting, or a combination of choral and instrumental conducting.

2. Performance. Instruction is offered in voice, piano, organ, flute, clarinet, saxophone, oboe, trumpet, euphonium, trombone, tuba, guitar, violin, viola and cello.

3. Performance/Pedagogy. Instruction is offered in voice, piano, organ, flute, clarinet, saxophone, oboe, trumpet, euphonium, trombone, tuba, guitar, violin, viola and cello.

The specialization of Ethnomusicology is available through the degrees Master of Arts and Doctor of Philosophy. See the section Regulations Governing the Degree of Master of Arts and the section Regulations Governing the Degree of Doctor of Philosophy, respectively.

“1. Admission to the program is limited and competitive. The application deadline is December 15 for admission to the following fall semester. Under special circumstances, applicants may be considered for admission to the winter semester. For further information, contact the School of Music.

2. To be eligible for consideration for admission, applicants shall meet the requirements set out in General Regulations for Admission, Master's Program. Applicants to the M.Mus. will normally hold a Bachelor of Music or equivalent from a recognized university or conservatory. Preference will be given to applicants who hold first class standing in their undergraduate program.

3. In addition to the requirements above, admission is further determined by audition and diagnostic examinations.

a. Auditions for September entry are normally held in late February or
School of Music (cont’d)

early March of each year. Check the School of Music website at www.mun.ca/music for dates and locations.

b. Applicants to the M.Mus. in Performance or Performance/Pedagogy may submit the audition as a professional quality video recording if they are unable to attend the live auditions. An unedited live performance is preferred. The audition program should display a range of performance styles and repertoire. Applicants should consult the School of Music website at www.mun.ca/music for details on length of audition and appropriate repertoire.

c. Applicants to the M.Mus. in Conducting should submit professional quality video recordings of their work with a minimum of two different types of ensembles. These video recordings should include both rehearsals and performances.

d. Applicants to all M.Mus. programs will be required to write diagnostic examinations measuring their skills and knowledge in the standard areas of musical literacy. These include music theory and analysis, aural skills, and music history and literature which includes repertoire knowledge in the performance area. Applicants who display deficiencies in any of these areas may still be considered for admission. Once admitted, however, they will be required to take remedial course work in addition to the required program.

e. Voice and choral conducting applicants will have language competency assessed during the audition. Students admitted in voice and in choral conducting who lack sufficient background in English, German, French and Italian diction and basic comprehension will be required to take remedial undergraduate course work.

f. Further information about the audition requirements, the diagnostic exams and language competency requirements is available at http://www.mun.ca/music/programs/graduate/admission.php or from the Associate Dean.”

Page 598, 2011-2012 Calendar, under the heading 25.3 Plan of Study, clause 4 b.ii., renumber as “iii” and after the words “Part-time students” insert “completing the program in 9 semesters”.

Page 598, 2011-2012 Calendar, under the heading 25.3 Plan of Study, clause 4 b. iv, renumber as “v”.

Page 599, 2011-2012 Calendar, under the heading 25.4 Field Internship SCWK 6917, amend to read as follows:

“Each M.S.W. student is required to complete a 500 hour field internship that is to be conducted in a setting and supervised by a qualified field instructor approved by the School of Social Work. Field Instructors must have as a minimum qualification an M.S.W. Degree and a minimum of two years post-M.S.W. social work employment.”
Field internships may be offered in whole or in part outside the normal start and end dates of a semester. Part-time field internships of two semesters will require approval from the proposed agency, field instructor, and the M.S.W. Field Education Coordinator.

The M.S.W. Field Education Coordinator is responsible for facilitating appropriate matches among the student, field instructor, and field internship setting. Although consideration will be given to all factors affecting the location and type of social work field internships, final approval of field internship rests with the School of Social Work. The School cannot guarantee the availability of M.S.W. field instruction in all communities and at all times. Students are responsible for their own financial support during the field internship.

At least four months prior to the commencement of the semester in which they intend to begin SCWK 6917, all students shall submit a completed Intent to Register in M.S.W. Field Internship form and a current resume to the M.S.W. Field Education Coordinator. At least six weeks before the internship commences, students shall submit an M.S.W. Field Internship Proposal to the Coordinator. The School of Social Work depends on the cooperation of community agencies external to the University to provide field internships and Instruction to its students. Many of these agencies have a range of requirements, such as Criminal Record Check, Child Protection Records Check, or Health Check, which must be completed before starting the internship. Students unable to meet the agency's requirements may be delayed in their program or prevented from completing their program of study. Students are required to complete and update these requirements in a timely fashion and at their own expense. The procedures of any given agency may change from time to time and are beyond the control of the University.

Evaluation of the field internship will be on a PAS/FAIL basis. Students who voluntarily withdraw from the field internship without prior approval of the M.S.W. Field Education Coordinator and the Graduate Officer, or who conduct themselves in such a manner as to cause the agency and the M.S.W. Field Education Coordinator to terminate the placement, will normally be awarded a grade of FAIL in the field internship.

Students who voluntarily withdraw from the field internship with the prior approval of the M.S.W. Field Education Coordinator and the Graduate Officer cannot be guaranteed a second internship during that semester. In this case, the student will be awarded a grade of INC for the field internship. The student shall normally complete a field internship the following semester.”

“SCWK 6313, 6314, and 6315 are distance courses with a mandatory on-campus institute component consisting of 36 hours of classroom instruction. Course materials and activities for the pre-institute and post-institute components of the courses are provided to students through distance format. Students must be available on a full-time basis to attend classes and complete assignments and group projects during the Institute portion of these courses. It is recommended that students take leave from their employment for the duration of an on-campus institute, which may be scheduled in a combination
School of Social Work (cont’d)

of weekday, evening, and weekend hours within a two week time period. The final decision regarding the on-campus institute schedule rests with the School of Social Work.”

REGULAR AGENDA

71. REPORT OF THE SENATE COMMITTEE ON UNDERGRADUATE STUDIES

71.1 Faculty of Engineering and Applied Science

It was moved by Mr. Riggs, seconded by Dr. Venkatesan, and carried that on page 230, 2011-2012 Calendar, under the heading 3.4 Work Terms, delete the section and replace with the following:

“Engineering work term registration, grading, and tuition fee charges and payments are governed by the UNIVERSITY REGULATIONS in this Calendar and those outlined below. Engineering work term placement and opt-outs, conduct, and evaluation are governing by the Engineering Student Co-op Handbook which is available at www.mun.ca/coop/home/enghandbook.pdf.

Students must complete successfully a minimum of four work terms in order to graduate with a Bachelor of Engineering degree. The Bachelor of Engineering degree offers the opportunity to complete up to five work terms beyond academic term 3. Students are expected to complete as many of these work terms as possible. Students who expect to complete the Engineering One requirements by the end of the Winter semester may apply to the Committee on Undergraduate Studies to undertake a work term during the Spring semester of Engineering One. Academic performance is the basis for approving such requests.
Faculty of Engineering and Applied Science (cont’d)

All students in academic terms 3 to 7 and any student approved to complete a work term during the Spring semester of Engineering One will be registered automatically during the regular registration period for the next scheduled work term unless the student has opted-out. Students may opt out of up to two work terms beyond Academic Term 3 by completing the procedures outlined in the Engineering Student Co-op Handbook. Opt outs normally are approved only in cases where students have successfully completed a minimum of four work terms.”

Page 230, 2011-2012 Calendar, under the heading 3.4.1 General Information, insert the following as new bullet four:

“• Following the date of automatic registration for a work term, only students who are registered for that work term will be approved to join the job placement process and be approved to begin a work placement.”

At the request of Senate, the above bullet was re-written as a positive statement by officials from the Faculty of Engineering and Applied Science in consultation with the Secretary.
