MEMORIAL UNIVERSITY OF NEWFOUNDLAND
SENATE

The regular meeting of Senate was held on February 8, 2011 at 4:00 p.m. in Room E5004, Education Building.

53. PRESENT

Dr. E. Simpson (Acting Chair), Dr. H. Pike, Dr. M. Abrahams, Mr. B. Belbin, Dr. P. Fisher (for Mr. G. Blackwood), Ms. L. Busby, Dr. A. Card, Dr. A. Collins, Mr. G. Collins, Dr. N. Golfman, Ms. K. Kennedy, Dr. J. McFetridge-Durdle, Dr. N. Roy, Dr. R. Shea, Dr. E. Waterman, Professor M. Beaton, Professor D. Carroll, Dr. J. Connor, Dr. S. Corbin-Dwyer, Dr. A. Fiech, Dr. D. Foster, Dr. K. Gallagher, Dr. S. Ghazala, Dr. G. George, Dr. P. Marino, Dr. D. McKay, Dr. W. Okshevsky, Dr. D. Peters, Mr. B. Riggs, Professor G. Riser, Dr. A. Rose, Dr. W. Schipper, Dr. P. Trnka, Dr. E. Warkentin, Dr. M. Wernerheim, Mr. S. Despres, Mr. N. Hartmann, Mr. B. Evoy, Mr. G. Furey, Mr. R. Leamon, Ms. M. McCarthy, Ms. J. McCormick, Mr. M. Walsh, Mr. C. Wass.

Dr. Simpson advised Senators that since Dr. Kachanoski had another commitment, he would be Chairing Senate today. Dr. Simpson welcomed Dr. David Wardlaw, the new Vice-President (Academic) and Pro-Vice Chancellor designate, to Senate as an observer noting that Dr. Wardlaw’s appointment will begin on August 1, 2011 and that Dr. Wardlaw will remain in the room for a few minutes following the Senate meeting to meet informally with Senators.

54. APOLOGIES FOR ABSENCE

Apologies were received from The President, Dr. C. Loomis, Dr. A. Al-Krenawi, Dr. L. Hensman, Dr. J. Rourke, Dr. F. Balisch, Dr. J. Brunton, Dr. J.J. Connor, Mr. C. Couturier, Dr. R. Helleur, Dr. D. Kelly, Professor V. Kuester, Dr. A. Muhammad, Ms. A. Haighway.

55. MINUTES

It was moved by Dr. Foster, seconded by Dr. McKay and carried that the Minutes of the regular meeting held on January 11, 2011 be taken as read and confirmed.

56. APPROVAL OF AGENDA

At the request of Mr. Despres and with agreement from Senate, consent agenda items 2.C. and 2.I.(a) were moved from the consent agenda to the regular agenda.

CONSENT AGENDA

It was moved by Mr. Riggs, seconded by Dr. Golfman, and carried that the consent agenda, comprising the items listed in 57 and 58 below, be approved as follows:
57. REPORT OF THE SENATE COMMITTEE ON UNDERGRADUATE STUDIES

57.1 Faculty of Engineering and Applied Science

Page 243, 2010-2011 Calendar, under the heading 9.4 Academic Term 4 Courses, amend Engineering 4854 to read as follows:

“4854 Electronic Circuits I provides an introduction to semiconductor electronic devices and circuits. Topics covered include internal structure of electronic devices; working principles, dc and small-signal models and analysis of p-n junction diodes, bipolar junction transistors and field effect transistors; introduction to digital electronics; differential and multistage amplifier circuits; internal circuits of operational amplifiers; output stages; practical applications of the devices to the design of power supplies, amplifiers and switching circuits. CAD tools are used to illustrate the analysis and design of electronic circuits.

LH: at least ten 3-hour sessions per semester
OR: tutorial 1 hour per week
PR: ENGI 3821, Physics 3000”

Page 244, 2010-2011 Calendar, under the heading 9.5 Academic Term 5 Courses, amend Engineering 5854 to read as follows:

“5854 Electronic Circuits II provides an introduction to circuits using operational amplifiers. Topics covered include operational amplifier configurations, analysis, and design; transient and frequency response of amplifier circuits; feedback amplifier analysis and design, stability and compensation techniques; noise and distortion in electronic circuits; analysis and design of data converters; and an introduction to analog filter design.

CAD tools are used to illustrate the analysis and design of electronic circuits.

LH: at least five 3-hour sessions per semester
PR: ENGI 4823, ENGI 4854”

Page 249, 2010-2011 Calendar, under the heading 9.8 Academic Term 8 Courses, change a special topics course, Engineering 8804, to a regular course offering, Engineering 8877, as follows:

“8877 Wireless and Mobile Communications covers the fundamentals and main concepts of wireless and mobile communication systems focusing on the system level design and performance. Main topics to be covered include Introduction to Wireless Communication Systems, Wireless Channel Models, Frequency Reuse Concept, Wireless Multiple Access Techniques (TDMA, FDMA, CDMA), Orthogonal Frequency Division Multiplexing (OFDM), Wireless Systems (GSM, 3G, LTE, etc.).

CR: ENGI 8804
PR: ENGI 6871, ENGI 6876”

Page 249, 2010-2011 Calendar, under the heading 9.8 Academic Term 8 Courses, restore and extend a block of special topics courses as follows:

“8090-8099 Special Topics in Ocean and Naval Architectural Engineering”
Faculty of Engineering and Applied Science (cont’d)

Page 249, 2010-2011 Calendar, under the heading 9.8 Academic Term 8 Courses, restore and revise the title for special topics courses Engineering 8601-8610 as follows:

“8601-8610 Special topics in Process Engineering”

Page 249, 2010-2011 Calendar, under the heading 9.8 Academic Term 8 Courses, restore the following four blocks of special topics courses that were unintentionally removed from the University Calendar when the new Engineering program was approved in 2007 (these particular four blocks of special topics courses were previously approved by Senate):

“8790-8799 Special Topics in Civil Engineering

8801-8805 Special Topics in Computer Engineering

8806-8809 Special Topics in Electrical Engineering

8970-8979 Special Topics in Mechanical Engineering”

Page 230, 2010-2011 Calendar, under the heading 5.1.1 Civil Engineering Major - General Option, in Table 1 Civil Engineering Major - General Option, for “Spring Academic Term 7”, under “Electives Courses”, amend the block to read as follows:

“3 credit hours from: ENGI 7706, 7707, 7716, 7723, other courses as specified by the Discipline Chair”

Page 230, 2010-2011 Calendar, under the heading 5.1.1 Civil Engineering Major - General Option, in Table 1 Civil Engineering Major - General Option, for “Winter Academic Term 8”, under “Electives Courses”, amend the block to read as follows:

“Complementary Studies Elective
6 credit hours from: ENGI 8705, 8708, 8713, 8717, other courses as specified by the Discipline Chair”

Page 238, 2010-2011 Calendar, under the heading 5.5.1 Ocean and Naval Architectural Engineering Major, in Table 9 Ocean and Naval Architectural Engineering Major, for “Spring Academic Term 7”, under “Electives Courses”, amend the block to read as follows:

“ENGI 7045, other courses as specified by the Discipline Chair
Focus Stream Elective *”

Page 238, 2010-2011 Calendar, under the heading 5.5.1 Ocean and Naval Architectural Engineering Major, in Table 9 Ocean and Naval Architectural Engineering Major, for “Winter Academic Term 8”, under “Electives Courses”, amend the block to read as follows:

“Complementary Studies Elective
ENGI 8058, other courses as specified by the Discipline Chair
Focus Stream Elective *”
Faculty of Engineering and Applied Science (cont’d)

Page 243, 2010-2011 Calendar, under the heading 9.4 Academic Term 4 Courses, in Engineering 4430, amend the Credit Hours (CH) and the Lecture Hours (LC) to read as follows:

“CH: 3
LC: 3”

57.2 Fisheries and Marine Institute

Page 261, 2010-2011 Calendar, under the heading 8 Course Descriptions, insert the following new courses:

“4011 Introduction to Intellectual Property and its Management is an introductory course to the management of Intellectual Property Rights (IPRs). This course will cover the philosophical rationale for intellectual property rights, its technical and legal considerations, its implications to the development of science and technology and its economic impact in society.
PR: Admission to the Bachelor of Technology or the Bachelor of Maritime Studies program.

4012 Occupational Health and Safety Legislation and Management is an introduction to occupational health and safety issues in a technical/industrial context. Students will gain a knowledge and understanding of the legislative framework surrounding occupational health and safety, the assignment of responsibilities in the workplace, the management of occupational health and safety in the workplace and the importance of establishing a positive safety culture.
PR: Admission to the Bachelor of Technology or the Bachelor of Maritime Studies program.

4013 Structure and Functions of Technology-based Organizations focuses on the emergence of technology-based companies with an emphasis on how we can implement methods to increase their organizational effectiveness. This course will concentrate on the integration of three basic frameworks that are integral to production and performance in the 21st century. It will introduce students to the concepts and processes materializing in a technological milieu. This course also deals with the study of technological economics, organizational progression, structural configurations and operations, and universal and contemporary approaches to organizational design. In addition it will examine the challenges of change that face highly dynamic industries: individual & organizational change, technological change, and national & global change. MSTM 4013 will also examine specialized topics in structure evolution for technology-based organizations with an emphasis on the need for adaptability, innovation & global communications.
PR: Admission to the Bachelor of Technology or the Bachelor of Maritime Studies program.”

Page, 259, 2010-2011 Calendar, under the heading 5.1 Bachelor of Maritime Studies, make the following changes under Table 1 Bachelor of Maritime Studies - Course Requirements for All Students:

“Remove BUSI 3310 from the Required Course list.”
Fisheries and Marine Institute (cont’d)

Move MSTM 4040 from Group A Electives list to Required Course list.

Add MSTM 4011, MSTM 4012, and MSTM 4013 to Group A Electives list.

Add BUSI 1101 as an alternative to BUSI 2102 to read “BUSI 1101 or BUSI 2102”

Remove BUSI 1210, BUSI 4320, BUSI 4330, BUSI 5301, BUSI 5302 and BUSI 6320 from the Group A Electives list.”

Page 260, 2010-2011 Calendar, under the heading 5.2.1 Bachelor of Technology - Engineering and Applied Science Technology Option, in the sentence, “Students must take...from the electives” change 24 credit hours to “21” and 15 credit hours to “18.”

Page 260, 2010-2011 Calendar, under the heading 5.2.1 Bachelor of Technology - Engineering and Applied Science Technology Option, make the following changes under Table 3 Bachelor of Technology - Engineering and Applied Science Technology Option:

“Move BUSI 1000 from the Required Course list to the Group A Electives list.

Remove BUSI 3310 from the Required Course list.

Move MSTM 4040 from Group A Electives list to Required Course list.

Add MSTM 4011, MSTM 4012, and MSTM 4013 to Group A Electives list.

Add BUSI 1101 as an alternative to BUSI 2102 to read “BUSI 1101 or BUSI 2102”

Remove “Sociology 4206” (no longer listed in the Calendar) from Group B Electives list.

Remove BUSI 1210, BUSI 1600, BUSI 3700, BUSI 4320 or Psychology 3501, BUSI 4330, and BUSI 6320 from the Group A Electives list.”

Page 260, 2010-2011 Calendar, under the heading 5.2.2 Bachelor of Technology - Health Science Technology Option, in the sentence, “Students must take...hours from electives” change 18 credit hours to “15” and 21 credit hours to “24”.

Page 260, 2010-2011 Calendar, under the heading 5.2.2 Bachelor of Technology - Health Science Technology Option, make the following changes under Table 4 Bachelor of Technology - Health Science Technology Option:

“Move BUSI 1000 from the Required Course list to the Group A Electives list.

Remove BUSI 3310 from the Required Course list.

Move MSTM 4040 from Group A Electives list to Required Course list.
Fisheries and Marine Institute (cont’d)

Add MSTM 4011, MSTM 4012, and MSTM 4013 to Group A Electives list.

Add BUSI 1101 as an alternative to BUSI 2102 to read “BUSI 1101 or BUSI 2102.”

Remove “Sociology 4206” (no longer listed in the Calendar) from Group B Electives list.

Remove BUSI 1210, BUSI 1600, BUSI 3700, BUSI 4320 or Psychology 3501, BUSI 4330 and BUSI 6320 from Group A Electives list.”

57.3 School of Social Work

Page 483, 2010-2011 Calendar, under the heading 2 School Description, delete the sentence, “The program is...of seven years” and replace with “The program is currently accredited to 2014.”

Page 483, 2010-2011 Calendar, under the heading 3.1 Bachelor of Social Work, delete the last paragraph, “Students formally admitted...available after April 30, 2011.”

Page 484, 2010-2011 Calendar, under the heading 3.2 Diploma in Social Work, amend the paragraph to read as follows:

“Pending availability of resources, a program leading to the Diploma in Social Work may be designed for groups of students with particular needs. This program is only offered to cohorts and not individual students. Admission of individual students to a diploma program is competitive and selective. Information about diploma programs can be obtained by contacting the Director of the School of Social Work.”

Page 484, 2010-2011 Calendar, under the heading 4.2 Application Forms and Deadlines, under clause 1, amend the second sentence to read, “The Bachelor of Social Work as a Second Degree program will normally commence in the Winter semester.”

Page 485, 2010-2011 Calendar, under the heading 4.3.1 First Degree Program, amend the first sentence to read as follows:

“To be considered for admission to the Bachelor of Social Work program, applicants must have completed the 30 credit hours outlined below by the end of the Winter semester for the year in which admission is being sought and must achieve an overall average of at least 65% in these courses and a grade of at least 65% in social work courses.” Under the same heading, delete “(or the former 2700)” next to Social Work 1710.

Page 485, 2010-2011 Calendar, under the heading 4.3.2 Second Degree Program, amend clause 1 to read as follows:

“1. To be considered for admission to the Bachelor of Social Work as a Second Degree, individuals must have:

• been awarded a Bachelor’s Degree, or approved (by the end of the Winter semester preceding the academic year in which admission is
being sought) for the award of a Bachelor’s Degree from a university recognized by Memorial University of Newfoundland;

- achieved a minimum average of at least 70% in the last 60 credit hours of undergraduate study attempted by the end of the Winter semester preceding the academic year in which admission is being sought and for which a numeric grade has been assigned;
- completed the 30 credit hours outlined below by the end of the Winter semester preceding the academic year in which admission is being sought and achieved an overall average of at least 70% in these courses and a grade of at least 65% in social work courses. These courses and credits must have been taken at Memorial University of Newfoundland or accepted for transfer credit from a recognized university or university college. The 30 credit hours are:
  - Social Work 1710
  - Six credit hours in English
  - Psychology 2010 and 2011 or (2025 and three credit hours in Psychology at the 2000 level or above)
  - Six credit hours in Sociology of which 3 must be at the 2000 level or above
  - Nine credit hours at the 2000 level or above selected from the following: Anthropology, Economics, Folklore, Geography, History, Linguistics, Philosophy, Political Science, Psychology, Sociology and/or Women’s Studies (1000 level will be acceptable for Women’s Studies only).
  - completed 300 hours of verified formal work/volunteer experience in human services”

Page 485, 2010-2011 Calendar, under the heading 4.3.2 Second Degree Program, insert new clause 4 to read as follows:

“4. Successful candidates completing courses during the Spring and/or Fall semester(s) that precede the program commencement semester will be required to meet the Academic Requirements and Promotion Regulations of the School of Social Work.”

Page 485, 2010-2011 Calendar, under the heading 4.3.3 Acceptance Procedures for Admission, amend clauses 1 and 2 to read as follows:

“1. Applicants for the First Degree program will normally be notified of admission decisions by early June. Approved applicants for this program option will be admitted in Fall semester only.

2. Applicants for the Second Degree program will normally be notified of admission decisions by early June. Approved applicants for this program option will normally be admitted in the Winter semester only.”

Page 486, 2010-2011 Calendar, under Table 1 Bachelor of Social Work (as a First Degree), under Required Courses for Year 3 Winter, insert Sociology 2250, 2270 to read as follows: “One of Sociology 2250, 2270, 3318, 3290 or 3100.”
School of Social Work (cont’d)

Page 487, 2010-2011 Calendar, under Table 2 Bachelor of Social Work (as a Second Degree) make the following changes:

“Remove “Social Work 2321” and add “Social Work 4410” under Year 1 Semester 1, Required Courses.

Remove “Social Work 4410” and add “Social Work 2321” under Year 1 Semester 2, Required Courses.”

Page 489, 2010-2011 Calendar, under the heading 10 Course Descriptions, make the following changes:

For Social Work courses 1710, 2211, 2320 and 2321, delete “UL: not applicable to the Bachelor of Social Work program for students admitted prior to Fall 2009”

For Social Work 2520, amend the prerequisites to read “PR: SCWK 2211, 2320 and 2711 or admission to the second degree program option.” Delete “UL: not applicable to the Bachelor of Social Work program for students admitted prior to Fall 2009”

For Social Work 2711 and 3221, delete “UL: not applicable to the Bachelor of Social Work program for students admitted prior to Fall 2009”

For Social Work 3300, amend the prerequisites to read “PR: successful completion of all designated Year 2 courses for the first degree program option; or admission to the second degree program option and successful completion of SCWK 2321, 3720, 4312, 4313, and 4314.” Delete “UL: not applicable to the Bachelor of Social Work program for students admitted prior to Fall 2009”

For Social Work 3311, amend the prerequisite to read “PR: successful completion of all designated Year 2 courses for the first degree program option; or admission to the second degree program option.” Delete “UL: not applicable to the Bachelor of Social Work program for students admitted prior to Fall 2009”

For Social Work 3521, amend the co-requisite to read “CO: SCWK 3221 and 3720; or SCWK 4302.” Delete “UL: not applicable to the Bachelor of Social Work program for students admitted prior to Fall 2009”

For Social Work 3720, amend the co-requisite to read “CO: SCWK 3221 and 3521; or SCWK 2321, 4312, 4313, and 4314.” Amend the prerequisite to read “SCWK 3300 and 3311 or admission to the second degree program option.” Delete “UL: not applicable to the Bachelor of Social Work program for students admitted prior to Fall 2009”

Delete Social Work course “4300 Social Work Internship I.”

For Social Work 4302, amend the co-requisite to read “CO: either SCWK 4323, 4321 or 4322; or one of SCWK 4820 - 4829; or SCWK 3521.” Delete “UL: not applicable to the Bachelor of Social Work program for students admitted prior to Fall 2009”

For Social Work 4312, amend the co-requisite to read “CO: SCWK 4313, 4314 and 4410; or SCWK 2321, 3720, 4313 and 4314.” Amend the prerequisite to read “PR: SCWK 3221, 3521, and 3720 or admission to the second degree program option.” Delete “UL: not applicable to the Bachelor of Social Work program for students admitted prior to Fall 2009”

For Social Work 4313, amend the co-requisite to read “CO: SCWK 4312, 4314 and 4410; or SCWK 2321, 3720, 4312 and 4314.” Amend the prerequisite to read “PR: SCWK 3221, 3521 and 3720 or admission to the second degree program option.” Delete “UL: not applicable to the Bachelor of Social Work program for students admitted prior to Fall 2009”

For Social Work 4314, amend the co-requisite to read “CO: SCWK 4312, 4313 and 4410; or SCWK 2321, 3720, 4312 and 4313.” Amend the prerequisite to read “PR: SCWK 3221, 3521 and 3720 or admission to the second degree program option.” Delete “UL: not applicable to the Bachelor of Social Work program for students admitted prior to Fall 2009”

For Social Work 4317, delete “UL: not applicable to the Bachelor of Social Work program for students admitted prior to Fall 2009”

Delete Social Work course “4320 Social Work Practice: Counselling and Case Management with Groups and Communities.”

For Social Work 4321 and 4322, delete “UL: not applicable to the Bachelor of Social Work program for students admitted prior to Fall 2009”

For Social Work 4323, insert prerequisites to read “PR: SCWK 4312, 4313, 4314 and 4410.” Delete “UL: not applicable to the Bachelor of Social Work program for students admitted prior to Fall 2009”

For Social Work 4410, amend the co-requisite to read “CO: SCWK 4312, 4313 and 4314; or SCWK 2211, 2320, 2520, and 2711.” Amend the prerequisite to read “PR: SCWK 3221, 3521 and 3720 or admission to the second degree program option.” Delete “UL: not applicable to the Bachelor of Social Work program for students admitted prior to Fall 2009”

School of Human Kinetics and Recreation (cont’d)

heading 5.5.1 Teaching Option and page 274, under the heading 5.5.2 General Option, replace bullet 4 “Students following the...faculty or school” with the following:

• “A student must complete 24 credit hours in an acceptable Academic Discipline or Minor. In completing the minor, students must follow the minor program regulations listed under the appropriate faculty or school. Academic Disciplines include the following:

  Biochemistry**
  Biology**
  Chemistry**
  Earth Sciences**
  Economics
  English
  French
  General Science**
  Geography
  History
  Mathematics (Pure Mathematics, Applied Mathematics, Statistics)
  Newfoundland and Labrador Studies
  Physics**
  Political Science
  Religious Studies

**Students who use General Science as an Academic Discipline may use courses from these separate science disciplines in any combination, but must complete a minimum of 12 credit hours in each separate science discipline used.

Notes: 1. No more than six credit hours at the 1000-level may be included in the 24-credit-hour Academic Discipline.

  2. At least 3 credit hours at the 3000-level or higher must be included in the 24-credit-hour Academic Discipline.”

Page 277, 2010-2011 Calendar, under the heading 10 Course Descriptions, rename HKR courses 3210, 3220, 4210 and 4220 and their course descriptions to read as follows:

“3210 Physical Activities Course: Group Exercise, Net/Wall and Health Related Fitness” (formerly PHSD 3210) covers activities such as volleyball, tennis, badminton, plus a selection of other net & wall games. A number of teaching methods may be employed and emphasis will be placed on the language and practice of the conceptual approach. Concepts, skills, and strategies will be emphasized.

AR: attendance is required. Students who are absent more than six class hours may be required to withdraw from the course and will receive a letter grade of DRF and a numeric grade of 0

CR: the former PHSD 3210

LC: as scheduled

LH: as scheduled

PR: HKR 2210
School of Human Kinetics and Recreation (cont’d)

3220 Physical Activities Course: Summer Outdoor Activities and Target/Striking Activities (formerly PHSD 3220) covers activities such as golf, archery, softball, and track and field. Outdoor activities include canoeing, orienteering, lightweight camping, overnight canoe trip, and introduction to rock climbing. A number of teaching methods may be employed and emphasis will be placed on the language and practice of the conceptual approach. Concepts, skills, and strategies will be emphasized.

Page 413, 2010-2011 Calendar, under the heading 8.5.4 Fourth Year, regularize offering of Special Topics course EASC 4912 and amend the course description to read:

“4912 Planetary Geology is a classroom- and laboratory-based course that provides students with a basic knowledge of the geology of the Moon, Mars, asteroids and the moons of the satellites of the outer solar system; the petrology and geochemistry of meteorites and their importance to understanding the origin of the planets; impact cratering processes and rock products including those on Earth; and instrumentation for planetary exploration. The course combines lectures and laboratory exercises that examine data sets from planetary missions and specimens of extraterrestrial materials. Students learn how geological processes that have shaped Earth also have operated on other planets, moons and asteroids in our solar system. PR: EASC 2031, 2702, 2905, and 3420”

“2650 Pharmacy Skills” provides an introduction to the skills necessary for pharmacy practice in order to meet the educational outcomes for the first year of the pharmacy program. This course is the first in a series of Pharmacy Skills courses, all of which require students to acquire and apply the knowledge, attitudes and skills necessary for the effective practice of the profession. Students will begin to develop abilities in communication, professionalism, critical thinking, problem-solving, teamwork and self-directed learning. Students will apply basic knowledge and skills in drug information, technology, interpersonal communications and pharmacy legislation to simulated practice situations. Students will develop public communication skills through the completion of a professional communications program. Activities in this course will complement material covered in the concurrent course PHAR 2101.

“490A/B Honours Research in Chemistry is available only to students in Chemistry Honours or Chemistry Joint Honours Programs. These courses are two single-semester, linked courses based on independent research carried out under the supervision of a faculty member in the Department of Chemistry. Research undertaken for these courses must have a clear disconnect from any research previously conducted. These courses are mandatory for Honours Chemistry students. A grade of pass in 490A is required to proceed to 490B. A written thesis is to be handed in by the end of the course. 490A and 490B are to be taken in the fall and winter semesters in the same academic year.

CH: 6
PR: admission to the Honours Chemistry Program or Chemistry Joint Honours Program and honours standing
UL: may be taken by students not in an Honours program or without Honours standing with the permission of the Head of the Department and a research supervisor.”
Page 401, 2010-2011 Calendar, under the heading 8.1 Biochemistry, insert the following new courses:

**3203 Fundamentals of Human Nutrition** is the cornerstone course for the study of nutrition. The sources, uptake and physiologic roles of essential nutrients will be discussed in the context of growth, maintenance, reproduction and overall health in humans.

CO: BIOC 3106
CR: the former BIOC 3201
PR: BIOC 2101, 2600

**3600 Sports and Exercise Nutrition** deals with the specific roles of nutrients in sport and exercise, and the application of nutrition to sport and exercise.

Page 365, 2010-2011 Calendar, under the heading 4.1.1 Applied Mathematics and Chemistry Joint Honours (B.Sc. Only), delete the section and replace with the following:

“1. English 1080 and English 1110 (or equivalent).
2. A computing course. Computer Science 1510 is recommended.
4. Physics 1050 (or 1020) and 1051.”
57.24 Department of Mathematics and Statistics

Page 416, 2010-2011 Calendar, under the heading 8.8.4 Statistics Courses, insert the following new course:

“1510 Statistical Thinking and Concepts (F) & (W) examines the basic statistical issues encountered in everyday life, such as data collection (both primary and secondary), ethical issues, planning and conducting statistically-designed experiments, understanding the measurement process, data summarization, measures of central tendency and dispersion, basic concepts of probability, understanding sampling distributions, the central limit theorem based on simulations (without proof), linear regression, concepts of confidence intervals and testing of hypotheses. Statistical software will be used to demonstrate each technique. This course will have one 90-minute lab per week.

CR: cannot receive credit for STAT 1510 if completed with, or subsequent to, STAT 2500, 2510 or 2550
PR: MATH 1090 or a combination of placement test and high school Mathematics scores acceptable to the Department. This is the same prerequisite as for MATH 1000.”

Page 189, 2010-2011 Calendar, under the heading 8.3 Business Electives Course Descriptions, the special topics course BUSI 6012 International Strategic Management is to be converted to a regular course as follows:

“7005 International Strategic Management” examines corporate strategy and strategic management in enterprises whose interests extend across national boundaries. International business managers and consultants must be able to formulate business strategy in environments that are affected by different politics, cultures, laws, economics, among other factors. The adept international business strategist will have a competitive edge if able to be at home in looking at international issues through a multidisciplinary prism. This course strives to help students to develop such an edge by providing an opportunity to acquire the knowledge and skills necessary to understand and make strategic decisions in the international business environment.

Upon completion of the work for the thesis or project, to be submitted to the School of Graduate Studies for examination, each student is required to present a seminar suitable for the interdisciplinary audience of Computational Science program students.”

Page 576, 2010-2011 Calendar, under the heading 21.10.4 Program of Study, delete clause 4 and replace with the following:
Computational Science Program (cont’d)

“All students are required to complete a minimum of 3 core courses (9 credit hours) selected from the list of Core Courses listing below. All students are also recommended to complete CMSC 6940 (1 credit hour). Additional courses are required in accordance with the program options as outlined below and will normally be selected from the student’s discipline of specialization. The course requirements for each student are approved by the Program Chair on the recommendation of the student’s supervisor(s), and should reflect the interdisciplinary nature of the program. Students are expected to attend research seminars in their home department as well as those relevant to Computational Science, when advertised.

a. The thesis option requires the completion of a minimum of four graduate courses (12 credit hours) numbered 6000 or higher, which must include three courses (9 credit hours) from the Core Courses listing below. Equivalent courses may be considered for substitution with approval of the Program Chair. CMSC 6940 (one credit hour) is also recommended. The additional course(s) will normally be chosen from the Additional Courses listing below in the same discipline as the thesis work. The submission of an acceptable thesis is required. The thesis is to contain an original scholarly contribution which must be submitted to the School of Graduate Studies for final examination. Each student is also required to present a seminar on their thesis research topic that demonstrates their use of computational techniques to solve a problem in science or engineering.

b. The project option requires the completion of a minimum of seven graduate courses (21 credit hours) numbered 6000 or higher, which must include at least three courses (9 credit hours) from the Core Courses listing below. Equivalent courses may be considered for substitution with approval of the Program Chair. CMSC 6940 (one credit-hour) is also recommended. An acceptable project report is also required which must be submitted to the School of Graduate Studies for final examination. The additional courses will normally be chosen from the Additional Courses listing below in the same discipline as the project work. The project, which will include an in-dept written report, shall require the equivalent of at least one and no more than two semesters of full time work.”

58.5 Master of Maritime Management Program

The following changes were approved by Senate on April 13, 2010:
Master of Maritime Management Program (cont’d)

Under the heading 15.2.1 Admission Requirements, under clause 1, delete the sentence, “A Bachelor of...management course work” and replace with “A Memorial University Bachelor of Maritime Studies or Bachelor of Technology, or a comparable undergraduate degree with appropriate maritime sector and business management course work.”

Under the heading 15.2.1 Admission Requirements, in clause 2, change the deadline for submission of applications from April 15, August 15 and December 15 to “June 15, October 15 and February 15.”

58.6 Department of Chemistry

Page 601, 2010-2011 Calendar, under the heading 28.5.1 Program, delete clause 6 and replace with the following:

“Candidates must pass a comprehensive examination, as described in the General Regulations, according to one of the following descriptions:

a. A 3 hour written part covering topics in Organic Chemistry, and, subsequent to the written examination at the discretion of the comprehensive examination committee, an oral exam designed to explore areas of perceived deficiency.

b. A 1.5 hour written part covering topics in Inorganic Chemistry, and, subsequent to the written exam, an oral examination designed to further explore areas of Inorganic Chemistry.

c. A paper on a research topic selected by the student in consultation with their supervisor and the examination committee, and subsequently, an oral examination designed to explore general areas of Analytical and/or Physical Chemistry and areas of chemistry related to the research topic.”

58.7 Engineering 9496, 9096, 9790

Administration. In making this recommendation, the Deans of Arts and Business Administration shall consult with the employment relations community both within and outside the University.

2. An Executive Committee consisting of the Director and Deans of Arts, Business Administration, and Graduate Studies will be established to review administrative, resource, and strategic planning issues related to the program. This committee shall be chaired by the Dean of Graduate Studies.

3. The Director shall consult with the Graduate Committee in Employment Relations (GCER) for the purposes of administering the academic elements of the program. The GCER shall normally consist of 11 members appointed by the Dean of Graduate Studies on the recommendation of the Director. The GCER will include the Director, who shall Chair the committee, approximately six faculty members from the Faculties of Arts and Business Administration who teach core courses, the Associate Deans or Directors of Graduate Studies from Arts and Business Administration, as well as a one full-time and one part-time student representative.

4. An Advisory Board in Employment Relations (ABER) shall be established for the purposes of consulting with obtaining feedback from the employment relations community. The ABER will consist of a broad cross-section of members from the employment relations community both within and outside the University who shall be appointed by the Dean of Graduate Studies on the recommendation of the Director.”

Page 472, 2010-2011 Calendar, under the heading 10.23.2 Contemporary Issues Courses, insert course descriptions for the following courses:

“3325 Contemporary Issues in Sensation and Perception examines the functioning of human sensory systems and how physical stimuli are transformed into signals that can be understood by the nervous system. In both human and animal models how the brain receives and processes information from the visual, auditory, gustatory, olfactory, and somatosensory systems may be examined. Basic psychophysics may also be examined.
PR: Psychology 2925 and Psychology 2425 or Psychology 2825”
Grenfell Campus (cont’d)

3425 Contemporary Issues in Memory and Cognition uses current psychological theories and research to examine aspects of human memory and cognition. Topics may include, but are not limited to, perception and pattern recognition, attentional processes, knowledge representation, working and long term memory, language, problem solving, decision making, expert performance, and abnormalities in cognition.

PR: Psychology 2925 and Psychology 2425

3525 Contemporary Issues in Emotion introduces the biological, cognitive, and social influences on emotions. Attention is given to unconscious (automatic) processes, nonverbal emotional expressions, and understanding specific emotions. Contemporary research may be highlighted in such areas as the effects of hormones, emotional intelligence, the consequences of problems in emotional development, or emotions in therapy.

PR: Psychology 2925 and any Survey Course in Psychology from Grenfell Campus Psychology Program

3625 Contemporary Issues in Personality examines in depth one or more areas of research with personality psychology. Some topics that may be examined include stress and health, psychoanalysis, psychology of motivation, and personality in work organizations.

PR: Psychology 2925 and Psychology 2625

3626 Contemporary Issues in Abnormal Psychology explores the definition of abnormal behaviour, clinical assessment, classification, and diagnosis. The core theoretical perspectives on psychological disorders are examined. For each disorder the diagnostic criteria, etiology, treatment, and prognosis is presented. This course enhances the students’ ability to think critically about issues pertaining to mental health and illness.

CR: Psychology 3640, Psychology 3650, and the former Psychology 3600

PR: Psychology 2925 and Psychology 2625

3627 Contemporary Issues in Psychotherapy introduces students to the major theories, concepts and practices of contemporary approaches to psychotherapy. It includes the exploration of ethical and professional issues in professional practice.

PR: Psychology 2925 and Psychology 2625

3628 Contemporary Issues in Psychological Testing and Measurement explores the development and application of tests and techniques for psychological assessment. A review of test construction and evaluation examines methods of item analysis, reliability, validity, and test norms. The major domains of applied psychological assessment are examined. Ethical issues in psychological assessment are presented throughout the course.

PR: Psychology 2950 and any one of Psychology 2025, Psychology 2425, Psychology 2625

3725 Contemporary Issues in Animal Behaviour includes one or more areas of research in animal behaviour and/or evolutionary psychology. Topics may include history of animal behaviour and/or evolutionary psychology, genetic analysis of behaviour, evolutionary theory and natural selection, development of behaviour, sensation and perception, orientation, foraging, antipredator behaviour, learning, cognition, sociality and dispersion, sexual reproduction and sexual selection, parental care and mating systems,

59.2 Department of Linguistics

It was moved by Mr. Riggs, seconded by Mr. Despres, and carried that on page 147, 2010-2011 Calendar, under the heading 8.21.1 General Degree, delete the section and replace with the following:

“The general degree requires 12 courses, 36 credit hours.

1. Students majoring in Linguistics must complete 36 credit hours in Linguistics, which must include the five courses numbered Linguistics 1100/2100, 1103/2103, 1104/2104, 3100, 3201, plus 21 credit hours in courses chosen from Linguistics 1105/2105, 2060, 2210, 2400, 2401, 2710, 3000, 3104, 3105, 3150, 3155, 3210, 3212, 3220, 3302, 3310, 3311, 3500, 3850, 3950-3960, 4010-4091, 4100, 4110, 4150, 4151, 4201, 4202, 4210, 4301, 4310, 4350, 4400, 4403, 4420, 4421, 4500, 4700, 4750, 4751, 4752, 4753, 4754, 4900, 4901, 4950-4960. Of these 21 credit hours, 9 must be at the 4000 level.

2. Many courses formerly offered by the Department of Linguistics have been renumbered or renamed. Students who have taken Linguistics courses at Memorial University of Newfoundland may not obtain credit for renumbered or renamed courses which the student has already taken. Students should consult with an advisor in the Department of Linguistics to ensure that they are taking the appropriate courses.

3. Prerequisites may be waived in special cases by the Head of the Department.

Note: Students intending to pursue graduate work in Linguistics should include Linguistics 3500, 4201 and at least one of 4100 and 4110 in their programs.”

Page 147, 2010-2011 Calendar, under the heading 8.21.2 Honours Major, delete clause 2 and replace with the following:

“2. An Honours degree in Linguistics must include 60 credit hours in Linguistics courses of which the following are required: Linguistics 1103/2103, 1104/2104, 2210, 3000, 3100, 3201, 3210, 3500, 3850, 4100 (or 4110), 4201 (or 4202), 4999, and at least one of Linguistics 4010-4091, 4150, 4210, 4500, 4700, 4950-4960. Students should choose courses in consultation with their Honours Essay supervisor, to ensure that the needs and interests of the individual candidate are met, and to take into account the availability of courses which the department is able to offer.”

59.3 New Program in Dietetics

It was moved by Mr. Riggs, seconded by Dean Abrahams, and following discussion carried that on page 385, 2010-2011 Calendar, add new section “7.5 Dietetics” and renumber subsequent sections accordingly. Under the heading 7.5 Dietetics, insert the following:

“Under the terms of a Memorandum of Understanding (MOU) between Memorial University of Newfoundland and Acadia University, selected students are able to complete the first two years of Acadia’s Bachelor of Science in Nutrition (Dietetics) at Memorial. Selection for this program is competitive and is limited to ten qualified students each year.

Students who are interested in pursuing this program must first complete thirty credit hours from the prescribed courses (see following list). In the winter semester, normally at the end of a student’s first year at Memorial, a selection competition will be held. Only those students who are selected will be eligible to continue into the second year of the program at Memorial. The selection process will be jointly administered by Memorial University and by Acadia University. Academic achievement will be a significant criterion used for selection. Students may be asked to attend an interview. The letter of acceptance will give the selected applicant 14 days from the date of the letter in which to confirm acceptance of their place in the program.

To continue on to Acadia University, the selected students must successfully complete the 20 courses (see following list) required by the MOU with a minimum 60% overall average. A grade of 60% (Acadia equivalent grade of C-) is required in each of the three individual Nutrition courses taken through Open Acadia, the distance education unit of Acadia University.

Under the terms of the MOU, the following courses at Memorial University must be completed before being admitted to the third year of Acadia’s program:

- Biology 1001
- Chemistry 1010, 1011 (or Chemistry 1200, 1001)
- Chemistry 2440
- English 1080, 1110 (or equivalent)
- Mathematics 1090 and 1000 (or Mathematics 1000 and one Elective)
- Pharmacy 2002, 2003, and 2004 or Biochemistry 2101*
- Psychology 1000, 1001
- Statistics 2500, 2501
- Two Arts electives

*Note: Only students who are selected for this program will be permitted to register for these Pharmacy courses.

In addition, the terms of the MOU require that the following courses offered through Acadia University’s distance education unit, Open Acadia, must be completed before being admitted into the third year of Acadia’s program:
New Program in Dietetics (cont’d)

- Nutrition 1513
- Nutrition 2503
- Nutrition 2513

**Note:** In order to be eligible to apply for internship placements administered by the Acadia Dietetic Internship Program, students must obtain a grade of at least B- (70-72) in the two courses Nutrition 2503 & 2513. This requirement does not apply for other non-Acadia internships for which all students are eligible to apply.

Students who successfully complete the first two years of the program at Memorial University as described above will transfer to Acadia University where the final two years will be completed. Students will graduate with their degree from Acadia University.

For more specific details about the Memorial University component of the program, and for information about the selection process and deadlines, contact (Program Coordinator at Memorial or Registrar Contact at Memorial, to be determined). (Phone, email, web)

For detailed information about the Acadia University program, contact the School of Nutrition and Dietetics, Acadia University, P.O. Box 68, 12 University Avenue, Wolfville, Nova Scotia, Canada B4P 2R6. (902-585-1366, nutr@acadiau.ca, http://nutrition.acadiau.ca)

“1. The Environmental Science Program is an interdisciplinary graduate program involving the departments of the Faculty of Science, the Faculty of Arts, the Faculty of Medicine and the Faculty of Engineering and Applied Science. There are three Environmental Science Graduate degree streams: the Master of Science (M.Sc., Environmental Science), Master of Environmental Science (M.Env.Sci.), and the Doctor of Philosophy (Ph.D., Environmental Science). The program is available on a full or part-time basis.

2. The program is administered by a Board of Studies appointed by the Dean of Science. Supervisors of graduate students in the program include faculty from the Faculty of Science, the Faculty of Arts, the Faculty of Engineering and Applied Science, the Faculty of Medicine, and the Environmental Science Program at the Grenfell Campus, as well as adjunct appointees to the program (as a co-supervisor).”

Page 579, 2010-2011 Calendar, under the heading 21.13.2 Qualifications for Admission, delete the section and replace with the following:

“Admission is limited and competitive. To be considered for admission applicants shall normally hold a Bachelor’s (Honours) degree in Science, Geography, or Environmental Science with at least second class standing, or equivalent, or a Bachelor’s degree in Engineering from an institution recognized by the Senate or shall have qualifications and/or experience in environmental science acceptable to the Dean of Graduate Studies and the Board of Studies. The Board of Studies make recommendations on admission to the Dean of Graduate Studies.”

Page 579, 2010-2011 Calendar, under the heading 21.13.3 Degree Requirements, delete the section and replace with the following:

“1. To the extent that resources permit, individual programs will be developed to suit students’ interests and needs. However all programs must be approved by the Board of Studies and by the Dean of Graduate Studies. All General Regulations of the School of Graduate Studies shall apply to these degrees.

2. Master of Science (Environmental Science)

a. The Master of Science (Environmental Science) is a research Degree which includes a thesis and course work. The thesis research will focus on environmental topics relevant to the student’s background. The course component has two aims: to broaden the student’s understanding of environmental issues; and to provide further training in areas of research specialization for the thesis.”
Environmental Science Program (cont’d)

b. Each student will have a Supervisory Committee normally consisting of a Supervisor and two others. The Supervisory Committee will be appointed by the Dean of Graduate Studies on the recommendation of the Board of Studies for Environmental Science.

c. The program of each student will consist of a minimum of 12 credit hours in program courses which will include ENVE/ENVS 6000 and ENVS 6010. Of the 6 credit hours remaining in program courses, 3 credit hours will be from ENVE/ENVS 6001, 6002 and 6003 and the other 3 credit hours will be related to the student’s specialty and will normally be chosen from graduate courses offered by the Faculties of Science, Arts, Medicine and Engineering and Applied Science.

d. All students will be required to submit a thesis embodying the results of systematic research on an approved topic. The thesis will be evaluated according to procedures outlined in General Regulation Theses and Reports.

Students in the Master of Science (Environmental Science) program, after a minimum of 12 months in their program of studies, may request a transfer to the PhD program. Final decision for transfer from the M.Sc. program to the Ph.D. program rests with the Dean of the School of Graduate Studies. There are two courses (6 credit hours) required for the doctoral program. All students take ENVS 6010 and those with a disciplinary M.Sc. degree in Science from a recognized university also take ENVS 6000. Other courses tailored for individual students are included in the student’s program by the Dean of Graduate Studies on the recommendation of the Chair of the Board of Studies.”

advised to consult with instructors and Faculties regarding necessary prerequisites and availability.

Option B. Students will be required to take a minimum of 15 credit hours in program courses, 9 credit hours of which must be ENVE/ENVS 6000, ENVS 6009, and ENVS 6010 and 6 credit hours from ENVE/ENVS 6001, 6002 and 6003. Students will also be required to take a minimum of 6 credit hours in elective courses approved by the Board of Studies, normally selected from graduate courses offered by the Faculty of Science and Faculty of Engineering and Applied Science. In addition, students will be required to complete the 3 credit hours course ENVS 601W (work term).

ENVS 601W is a work term of one semester duration. Work term placements are arranged by the Division of Co-operative Education in consultation with the Program Chair and the student’s Supervisor. The on-site employment supervisor and the MUN Co-op Coordinator evaluate the work term based on the student’s performance on the job and on a written work term report submitted by the student. The topic of the work term report must be related to the work experience and will be chosen by the student in consultation with the on-site employment supervisor and the MUN Co-op Coordinator. The student will be permitted to submit a work term report only after the on-site employment supervisor and the MUN Co-op Coordinator determine that the work term has been successfully completed. The work term report may become the basis for the project report for ENVS 6009 (Project) which is required for the M.Env.Sci. Degree. The Program Chair, on the advice of the MUN Co-op Coordinator with input from the on-site employment supervisor, will recommend to the Dean of Graduate Studies a grade of Pass with Distinction, Pass or Fail. In cases where the MUN Co-op Coordinator and the on-site employment supervisor are unable to reach agreement concerning the grade, the final decision lies with the Program Chair. Should a student fail to complete a work term successfully, the student may apply to the Board of Studies for a change to the course-based M.Env.Sci. Option A, or to the thesis-based M.Sc. (Environmental Science)."

“1. Admission to the program is on a competitive basis.

To be considered for admission to the Engineering and Applied Science Technology Option an applicant will normally possess a second class or better undergraduate degree from a university of recognized standing and will normally have:

• a Memorial University Bachelor of Technology, Bachelor of Maritime Studies, or a comparable undergraduate degree with appropriate technology sector and business management course work; and

• a minimum of two (2) years relevant employment experience.

To be considered for admission to the Aquaculture Technology Option an applicant will normally possess a second class or better undergraduate degree from a university of recognized standing and will normally have:

• a post-graduate aquaculture credential or an aquaculture focus in their undergraduate degree; or significant professional experience in the aquaculture industry; and

• a minimum of two (2) years relevant employment experience.

2. The deadlines for submission of applications for candidates wishing to enter studies are as follows:

• Fall (September) semester: June 15
• Winter (January) semester: October 15
• Spring (May) semester: February 15

Applications received after listed deadlines will be considered as time and resources permit.

3. Upon acceptance into the program, students will be admitted to one of the two Options: the Engineering and Applied Science Technology Option or the Aquaculture Technology Option.”

Students on the project route will complete MSTM 6100: Project in Engineering and Applied Science Technology Management (6 credit hours).

i. **Core Courses (Two to be completed):**
   - MSTM 6031 Overview of Technical Operations
   - MSTM 6032 Managing Technological Innovation

ii. **Elective Courses (Six to be completed: three from Category A and three from Category B):**

   **Category A**
   - BUSI 8104 Organizations: Behaviour and Structure
   - BUSI 8106 Marketing
   - BUSI 8107 Managing Ethics and Responsibility
   - BUSI 8109 Accounting for Management
   - BUSI 8204 Human Resource Management (Prerequisite: BUSI 8104)

   **Category B**
   - MSTM 6022 Communication and Conflict Resolution in a Technical Environment
   - MSTM 6023 Strategic Planning, Policy, Participation and Management in Technical Operations
   - MSTM 6033 Quality Systems
   - MSTM 6034 Project Management in the Offshore, Health, Fisheries and Engineering Technology Environments
   - MSTM 6035 Information Technology Applications in the Health and Engineering Technology Environments
   - MSTM 6036 Supply Chain Management and Advanced Engineering Technology Operations
   - MSTM 6037 Risk Analysis and Operations in the Engineering Technology Sector
   - MSTM 6038 Manufacturing and Engineering Technology Management
   - MSTM 6039 Sustainability and Environmental Responsibility

**Project in Engineering and Applied Science Technology Management**

MSTM 6100 Project in Engineering and Applied Science Technology Management (6 credit hours). Students will choose a topic in consultation with the Academic Director and will work independently to carry out an in-depth study of a problem or application within the area of technology management and fully document and present their findings. Preferably the problem will be directly related to a workplace situation.

b. 30 credit hours on a comprehensive-course route. Course work includes two compulsory core courses (6 credit hours); and eight elective courses (24 credit hours).

61. **Postgraduate Medical Training Programs**

It was moved by Dr. McKay, seconded by Dr. Ghazala, and following discussion carried that on page 304, 2010-2011 Calendar, insert the following new sections under the heading 7 Postgraduate Medical Training Programs as follows:

“7.6 Evaluation

1. The planning of the residency programs, including the policy on evaluation, is the responsibility of the Postgraduate Medical Education Committee and is based on the accreditation requirements of the Royal
Postgraduate Medical Training Programs (cont’d)

College of Physicians and Surgeons of Canada and the College of Family Physicians of Canada. The Postgraduate Medical Education Committee reports to the Dean of Medicine through the Assistant Dean.

2. Each resident is expected to complete the work of the program as outlined by the program-specific Residency Training Committee for each year of the program and to meet the prescribed goals and objectives of the program. The Residency Training Committee is chaired by a Program Director who reports to both the Assistant Dean of Postgraduate Medical Education and the Chair of the clinical discipline.

3. For each rotation, evaluation of the resident’s performance is conducted by the supervisor responsible for the resident during the rotation. Evaluation is based on written assessments and performance-based direct observation. The results of the evaluation are expressed through an In-Training Evaluation Report (ITER), which records the competency level of the resident for each goal and objective of the rotation.

4. There are three possible outcomes for a resident’s rotation, based on the results of the ITER: satisfactory, unsatisfactory, or incomplete. Residents learn the results of the ITER through online software (one45) administered by the Postgraduate Medical Education Office and the individual programs.
   
   a. If a resident receives a satisfactory outcome in a rotation, he/she proceeds to the next rotation in the training schedule.

   b. If a resident receives an unsatisfactory outcome in a rotation, the Residency Training Committee will design a remedial program to address the resident’s area(s) of weakness. In some instances, the Committee may require the resident to repeat the entire rotation. Evaluation of the remedial program is adapted according to the goals and objectives to be achieved by the remedial program. If the resident receives an unsatisfactory evaluation in the associated remedial program, he/she will be placed on probation.

   c. If a resident receives an incomplete outcome in a rotation, he/she will be required to complete the rotation.

5. If a resident receives an unsatisfactory evaluation for two rotations within one academic year, he/she will be placed on probation.

6. A resident has the right to appeal decisions leading to remediation and probation in accordance with the Postgraduate Medical Education’s Evaluation, Promotion and Appeals Policy.

7.7 Probation

1. The terms of the probationary period are outlined in a probation contract with the resident. The length of the probationary period is determined by the Residency Training Committee and excludes vacation time, sick leave, and leaves of absence.

2. Successful completion of a probationary period requires satisfactory evaluations for all portions of the probationary period.
7.8 Promotion

1. A resident’s progress is monitored in each year by the Residency Training Committee. During the academic year, the resident meets with the Program Director (or designate) to review his/her ITERs - at six months and again at the end of the academic year. Based on these meetings, the Program Director prepares a Mid-Year Progress Report and an End-of-Academic-Year Report.

2. To successfully complete a postgraduate program, a resident must be promoted through each year of his/her program. The Residency Training Committee meets every year to review a resident’s progress report(s). In some instances, the Committee may also review individual ITERs from the specific rotations. On the basis of this review, the Residency Training Committee decides which residents should be promoted to the next year and which residents are eligible to sit the national examinations of the Royal College of Physicians and Surgeons or the College of Family Physicians of Canada.

7.9 Dismissal

1. If a resident fails to successfully complete a probationary period, he/she will be dismissed from the program.

2. If a resident is recommended for probation twice during the program, he/she will be dismissed from the program.

3. The Faculty of Medicine reserves the right to require a resident to withdraw from a postgraduate program at any time with just cause. In such cases, the Dean, on behalf of the Faculty, recommends such withdrawal to the Registrar who will then take appropriate action. Any such action is subject to the right of appeal by the resident, in accordance with the Postgraduate Medical Education’s Evaluation, Promotion and Appeals Policy.”

62. Report of the Committee on Academic Appeals

ECS 2009-10: #9 - Appeal against the decision of the School of Graduate Studies to terminate his/her Ph.D. program in Management.

At the invitation of the Acting Chair, Mr. Chris Wass, member of the Senate Committee on Academic Appeals, presented the report of the Committee to Senate regarding this student’s appeal. He advised that the Committee’s recommendation is as follows:

**Recommendation**

Based on the documentation provided and the reasons outlined above, the Appeals Panel of the Senate Committee on Academic Appeals unanimously recommended to the Chair that the decision at earlier levels be upheld and that the appeal by the student against the decision to terminate his/her Ph.D. program be denied.

Following discussion, it was moved by Mr. Wass, seconded by Dr. Schipper, and carried to deny this student’s appeal based on the report and recommendation from the Senate Committee on Academic Appeals. Several senators who had previous involvement in this appeal by virtue of
Report of the Committee on Academic Appeals (cont’d)

membership on Executive Committee of Senate, on the Academic Council of the School of Graduate Studies or its committees or as members of the academic unit abstained from voting.

63. Items for Information

63.1 The Executive Committee of Senate denied the following appeals:

ECS 2010-11: #7 - Appeal against the decision of the Special Senate Subcommittee and the Senate Committee on Undergraduate Studies for i) permission to drop retroactively and without academic prejudice, Science 1000, a course for which the student was registered in the Winter Semester 2010 and/or ii) readmission to the University without serving the six-semester period of withdrawal.

Dr. Simpson noted an appeal has been received by the Secretary of Senate from this student appealing to Senate. This appeal will be forwarded to the Committee on Academic Appeals.

ECS 2010-11: #8 - Appeal against the Senate Committee on Undergraduate Studies regarding ineligibility for readmission.

Dr. Simpson noted that an email has been received by the Secretary of Senate from this student advising of his/her intention of appealing to Senate. The Secretary will also forward this appeal to the Committee on Academic Appeals when it is received.

64. REMARKS FROM THE CHAIR - QUESTIONS/COMMENTS FROM SENATORS

Dr. Simpson reported that a discussion paper on the Teaching and Learning Framework will be released later this month for consultation with the university community.

65. ADJOURNMENT

The meeting adjourned at 4:45 p.m.
