96. REPORT OF THE ACADEMIC COUNCIL OF THE SCHOOL OF GRADUATE STUDIES

96.1 Memorial University Policy on Posthumous Award of Degrees - Joint Submission

A Joint submission for Memorial University Policy on Posthumous Award of Degrees was received from Noreen Golfman, Dean, School of Graduate Studies, and Sheila Singleton, Registrar pro tempore. Currently, Memorial University does not have a formal policy governing the posthumous award of a degree. While the absence of a formal policy has not precluded the University from previously granting degrees posthumously (albeit rarely and only at the undergraduate level), it has only been done in circumstances where it could be confirmed that the deceased student had either (i) successfully completed all requirements for the particular degree program, or (ii) was eligible and approved for Aegrotat Status for the remaining program requirements in accordance with general undergraduate regulation 5.8.7 which states as follows:

5.8.7 Aegrotat Status

1. Students in their final semester or session before graduation, who have been absent from a final examination where one has been scheduled or who have been prevented from completing the semester’s or session’s work, for reasons which qualify them to write a deferred examination, may, in exceptional circumstances, be given credit for the course on the recommendation of the Senate Committee on Undergraduate Studies.

2. Application for aegrotat status, with full details duly authenticated, must be made to the Registrar, indicating each course for which the application is being made, within one week after the last day of final examinations.
Memorial University Policy on Posthumous Award of Degrees - Joint Submission (cont’d)

With a view to ensuring that the University has clear criteria, guidelines and procedures governing this matter which (i) can be consistently applied, (ii) give due attention to academic and institutional integrity and (iii) are sensitive to the family’s loss and their wish to recognize the academic achievements of their loved one, the following policy has been developed to afford consideration for those students who were close to completion of their degree at the time of their death, but would not have been eligible for Aegrotat Status consideration.

In the process of developing this policy, the results of a recent survey on the matter as carried out by the Ontario University Registrars Association (OURA) and posted on the website of the Association were considered.

It was moved by Dr. Murrin, seconded by Mr. Donnelly, and carried that the following be included in the Digest of Senate Decrees and Resolutions on page 43 with the heading “Degrees, Policy on Posthumous Award”:

“Memorial University Policy on Posthumous Award of Degrees

At the request of the family of a deceased student, Memorial University will consider the award of a posthumous degree where the student has successfully completed all requirements of his or her program or, with due consideration to academic and institutional integrity, has sufficiently met the requirements to be awarded the degree posthumously, normally in accordance with the minimum criteria as outlined below.

Procedures and Criteria:

The request for consideration must be submitted to the University Registrar (for undergraduate degrees) or the Dean of the School of Graduate Studies (for graduate degrees) who will verify the death of the student and ascertain his or her enrollment status and academic standing. The University Registrar or Dean of the School of Graduate Studies, as appropriate, will initiate and oversee the process for consideration and approvals as noted below.

A. Undergraduate degrees

An undergraduate degree may be awarded posthumously provided that:

a) The student had successfully completed a minimum of 75% of the degree requirements and/or was enrolled in the final year of his or her program;

b) The student was in good academic standing of a high enough standard that eventual graduation was expected;
c) A favourable recommendation for award of the posthumous degree

Memorial University Policy on Posthumous Award of Degrees - Joint Submission (cont’d)

is received from the Dean of the relevant Faculty/School, supported by the department of the student's Major, if applicable;

d) Final Senate approval is granted.

B. Graduate Degrees

A graduate degree may be awarded posthumously provided confirmation of the following in accordance with the deceased student’s program of study:

a. For course-based masters programs, confirmation that:

i. The student had successfully completed a minimum of 75% of the degree requirements and/or was enrolled in the final year of his or her program;

ii. The student was in good academic standing of a high enough standard that eventual graduation was expected;

iii. A favourable recommendation for the award of the posthumous degree has been received from the Dean of the relevant Faculty/School, with evidence of the support of the Head of the department of the student’s area of specialization, if applicable;

iv. Final Senate approval has been granted.

b. For thesis or major research/project report programs, confirmation that:

i. The student had successfully completed all required courses for the program and submitted a suitable draft of the thesis or major research/project report;

ii. The student was in good academic standing of a high enough standard that eventual graduation was expected;

iii. A favourable recommendation for the award of the posthumous degree is received from the Dean of the relevant Faculty/School, with evidence of the support of the student's primary supervisor (and Head of the student's area of specialization, if applicable), and verifying the student’s program standing;

iv. Final Senate approval has been granted.

Provided the final decision of Senate is favorable, the degree will customarily be conferred at the next regularly scheduled Convocation, following which it will either be mailed to the family with an appropriate covering letter or presented by an appropriate University official to the family in a private gathering. A notation of ‘Degree granted posthumously’ will appear on the transcript but not on the parchment.”
A memorandum dated April 23, 2013, along with a revised draft of the policy and its related procedures, was received from Dr. Cecilia Reynolds, Deputy Provost (Students) and Associate Vice-President (Academic) Undergraduate Studies, regarding Accommodations for Students with Disabilities Policy.

In 2006, the Board of Regents adopted a policy on *Academic Accommodations for Students with Disabilities*. Since that time, the Human Rights Code of Newfoundland and Labrador was replaced by the provincial *Human Rights Act*, SNL 2010 and the case law in the area has evolved to place a higher standard on the duty to accommodate students with disabilities. Therefore, the 2006 policy has been revised and updated, the most significant change of which is the broadening of the policy’s focus by striking “Academic” from its title and providing for a policy that provides for both academic and non-academic accommodations.

Before the Vice-Presidents’ Council finalizes the policy and procedures, for review by the President, in advance of submitting to the Board of Regents for final approval, the endorsement of the Senate is being sought.

A memorandum dated May 6, 2013, was received from Jennifer Porter, Deputy Registrar and Secretary, Senate Committee on Undergraduate Studies (Acting), advising that at a meeting held on May 3, 2013, the Senate Committee on Undergraduate Studies had the opportunity to consider the Policy. While it was the decision of the Committee to endorse Sections 1. - 6. of the Policy, the following point was raised:

- With regard to Section 4.7.iii., the Committee felt there should be a statement in the document indicating that the student is responsible for re-submitting all required documentation should s/he choose to return to studies following a period of withdrawal that extends beyond three years.

The remaining sections of the document which outline the procedures for arranging student accommodations; for documentation regarding a student’s request; and for addressing when a student request cannot be arranged will be reviewed at a future meeting of the Senate Committee on Undergraduate Studies.

Dr. Reynolds noted that the document gives the reasons why this policy was developed and that Donna Ball, Senior Policy Analyst, was in attendance to answer any questions.

MUNSU expressed their gratitude for this new policy. Some Senators questioned whether it included the Labrador Institute, Stephenville, Harlow etc. It was agreed an appropriate change in scope be considered as a friendly
amendment to the document before forwarding to the Board of Regents.

Accommodations for Students with Disabilities Policy (cont’d)

It was moved by Dr. Reynolds, seconded by Dr. Wilson, and carried that Senate endorse this document and forward to the Board of Regents for approval.

98. Continued Use of HKR Lecture Theatre for Senate

The President noted that the HKR Lecture Theatre works well for Senate meetings and that E5014 is being repurposed.

It was noted by a Senator that sometimes it is difficult to hear people when they speak and that they should stand up to speak.

The President noted that they are looking at other options for a room which is more parliamentary style and will look at future proposals. He pointed out that space is a problem on this campus.

99. Senate By-Law V.B. Professor Emeritus - Criteria, Procedures

A memorandum dated April 17, 2013, was received from the Secretary, Committee on Honorary Degrees and Ceremonial pro tempore, recommending to Senate approval of amendments to B. Professor Emeritus–Criteria, Procedures.

Some Senators questioned full-time faculty member in the phrase “... who, at the time of their retirement, were full-time academic staff members ...”. They questioned whether or not it included faculty who were part-time at the time of their retirement. It was agreed to remove the word “full-time” as a friendly amendment.

It was moved by Ms. Singleton, seconded by Dr. Phillips, and carried to approve the following amendments along with the friendly amendment as follows:

“B. Professor Emeritus–Criteria, Procedures

1. The Committee on Honorary Degrees and Ceremonial shall receive suggestions for and shall present to the Senate nominations for the title of Professor Emeritus for eventual approval by the Board of Regents.

2. The title of Professor Emeritus is open only to highly distinguished faculty members who, at the time of their retirement, were full-time academic staff members of Memorial University of Newfoundland and retired members of the faculty of Memorial University of Newfoundland and time, were full-time academic staff members of Memorial University of Newfoundland and retired members of the faculty of Memorial University of
Newfoundland—whose contributions to the University were substantially above the norm for their discipline. To be eligible, a

Senate By-Law V.B. Professor Emeritus - Criteria, Procedures (cont’d)

person must have served at least ten years as a regular full-time faculty member at this University and must have held the rank of Professor upon retirement.

3. The prime criteria for nomination shall be a sustained and superlative record as a scholar, as a teacher, or in service to the university or to the community as an academic administrator or any combination of these. In determining which candidates within a Department, School or Faculty are suitable for nomination to this category, comparison should be made with Professores Emeriti who have been appointed during the previous five years and with members of the faculty who are retired or are due to retire within the next five years.”

100. Approval of Professor Emeritus Nominations by Senate

A memorandum dated April 17, 2013, was received from the Secretary, Committee on Honorary Degrees and Ceremonial pro tempore, regarding the approval of Professor Emeritus Nominations by Senate.

At a meeting held on April 9, 2013, Senate approved names of candidates for the award of the title of Professor Emeritus for eventual consideration by the Board of Regents.

At a meeting held on April 16, 2013, the Committee on Honorary Degrees and Ceremonial discussed the volume of material presented to Senate and the difficulty of not being able to read all the material in a short time span. The Committee is suggesting the approval of Professor Emeritus Nominations be dealt with in a similar way as the approval of Honorary Degree Candidates in that either a one-page summary is provided or the letter from the Dean plus the letter from the Department Head of Arts or Science is provided.

The Committee is forwarding this suggestion to Senate for their consideration.

It was moved by Ms. Singleton, seconded by Mr. Riggs, and carried to approve this suggestion.

101. REMARKS FROM THE CHAIR - QUESTIONS/COMMENTS FROM SENATORS
