85. Combining of Two Departments

A memorandum dated April 29, 2016, was received from Dr. Lynne Phillips, Dean of Humanities and Social Sciences, advising that the Department of French and Spanish, the Department of German and Russian, and the Council of the Faculty of Humanities and Social Sciences have approved the creation of a new department of Modern Languages, Literatures and Cultures. On behalf of the Faculty, the Dean is requesting that Senate recommend to the Board of Regents the formation of this new department. This would allow members of the two departments to speed up the transition process and make necessary structural/administrative changes prior to September 2016. Calendar changes will follow, as a number of minor amendments are currently being made in response to feedback from the Senate Committee on Undergraduate Studies.

It was moved by Dr. Phillips, seconded by Professor Walsh, and carried that the creation of the new Department of Modern Languages, Literatures and Cultures, be approved for submission to the Board of Regents.

86. Constitutions for New Schools

A memorandum dated April 21, 2016, was received from Sheila M. Singleton, Secretary of Senate, advising that the Board of Regents has approved the creation of three schools at Grenfell Campus, effective September 1, 2016. Given that their constitutions will not be in place at that time, it should be recommended to Senate that the procedures which currently exist at Grenfell relating to courses, regulations, student appeals and the like as well as membership on Committees, Councils and Senate, be maintained until such time as the Constitutions of Schools are approved by the Board of Regents.

It was moved by Ms. Singleton, seconded by Dr. Abhyankar, and carried that these procedures be maintained until such time as the Constitutions of the three Schools are approved by the Board of Regents.
The President welcomed Ms. Charlene Walsh, Chair of the Senate Committee on Course Evaluation, and Ms. Sharon Pippy, Secretary, Senate Committee on Course Evaluation, to give a presentation on the Annual Report of the Senate Committee on Course Evaluation, 2015 Academic Year.

Ms. Walsh thanked Senate for the opportunity to present this report through a PowerPoint presentation at today’s meeting.

**Background**

- **Senate Committee on Course Evaluation (SCCE)**
  - Mandated to oversee the administration of the university-wide Course Evaluation Questionnaire (CEQ) required to be used by most courses at Memorial.
  - Current membership includes faculty members (Biology, Business, Engineering, Grenfell Campus, Marine Institute, Medicine), CIAP, CITL, student unions

- **Course Evaluation Questionnaire (CEQ)**
  - Adopted by Memorial in June 2000 as paper-based system
  - Online administration of the CEQ fully adopted by Senate in Winter 2013 following university-wide review and pilot

**Priorities**

- Awareness and promotion of the CEQ to faculty and students
- Changing attitudes about participation in and the uses/benefits of course evaluations
- Careful monitoring of response rates also became a priority of the SCCE

**Activities and Initiatives**

- Investigation of Response Rates
  - Survey of students
    - What are your main reasons for not completing the CEQ?
  - Polling of instructors with high response rates
    - What approaches do you use to increase student participation in the CEQ?
“Be Heard” Promotional Campaign
- ENGL 1080 class presentations
- Instructor Testimonial Video
- Print and digital promotions (banners, pop-ups, posters, bookmarks, media screens)
- Information tables
- Messaging (D2L, Twitter, Facebook, email)

MUNmobile CEQ app
- Quick guide to accessing the CEQ using MUNmobile
- Guidelines for in-class administration

Faculty self-service CEQ Module
- Online publication opt-out (currently in place for select units)
- Access to individual reports (in development)
- Selection of Instructor Provided Questions (IPQs) (in development)

Ms. Walsh then called on Ms. Pippy to finish the presentation.

Outcomes

Benefit of the Online CEQ System
- Increase in written comments
- Accessibility for students
- Improved anonymity
- Reduction in paper
- Faster processing time

Trends in Response Rates
- Response rates lower for online system
- Small gains each semester overall
- Response rate varies by level, campus and academic unit
- Increase in number of courses with very high response rates (70%+), in most cases in-class administration is used

Trends in Ratings
- Average scores for online CEQ continue to be no different from average scores for paper system
- Distribution of scale ratings for online CEQ continue to be no different from distribution of scale ratings for paper system

Improving Response Rates
- Most effective promotional initiatives regularized (email, D2L, twitter)
- Best practices include:
  - Talk to students about CEQ
  - Demo the CEQ
Senate Committee on Course Evaluation Annual Report 2015 (cont’d)

- Remind students of CEQ availability
- Provide class time

Next Steps

- Promotion, awareness and response rates
  - Continue to monitor responses and response rates for the CEQ
  - Ensure pan-university promotional activities continue
  - Need engagement and commitment of all users of the CEQ
- Faculty self-service
  - Continued development of features
- Alternate tools for course evaluations
  - Explore approaches that can supplement and enhance the CEQ

A discussion then ensued with questions and comments from the floor covering such topics as:

- can we still do CEQ’s in class
  - done electronically but still can be done in class
- mandated university wide
  - Medicine does not participate because they don’t have regular courses but rather an integrated teaching method
  - Medicine has their own system in place to evaluate
- CEQ’s should continue as it is very helpful in organizing teaching for instructors
- how do you ensure instructors follow suggestions and review the responses
  - it is the responsibility of the department
- possibility of instructor feedback – full course evaluation
  - some factors that play a role are time of day, resources, number of students
  - not a concern but they are thinking about reviewing the whole process
- can Graduate Medicine courses adopt the CEQ
  - it could be possible as these courses follow a more standard course outline
- instructors should get to see all comments from students
  - in Medicine, everybody sees the comments

The President thanked Charlene Walsh and Sharon Pippy for their presentation.
