6.1 Qualifications for Admission

1. Admission is limited and competitive. To be considered for admission to the Master of Business Administration program, an applicant shall normally hold at least a Bachelor’s degree, with a minimum ‘B’ standing, from an institution recognized by Senate. Applicants must achieve a satisfactory total score on the Graduate Management Admission Test (GMAT), as well as an appropriate balance of verbal and quantitative GMAT score components. Specific information regarding test centres, dates, registration procedure and deadlines can be obtained by contacting the Graduate Management Admission Council at www.mba.com. Qualified applicants with relevant employment experience will normally receive preference during the evaluation of applications.
Master of Business Administration (cont’d)

Preference will be given to those who present a high GMAT score, have a minimum of 10 years of full-time managerial and executive experience, and have completed several years of university studies. The Faculty may also take into account relevant professional credentials. Applicants who do not meet normal admission requirements may be required to complete, with a high level of achievement, certain undergraduate courses before being considered for admission.

3. When circumstances warrant, and only on the strong recommendation of the Faculty of Business Administration, consideration may be given to candidates who do not meet some of the above requirements.

4. Applicants who did not complete a four-year baccalaureate degree at a recognized university where English is the primary language of instruction must normally complete the Test of English as a Foreign Language (TOEFL) and achieve a paper-based score of 580 (or higher)/computer-based score of 237 (or higher)/internet based score of 92-93 (or higher). Those submitting results of the Test of Written English (TWE) as well, with a score of 4 or better, will receive preference in the evaluation of English proficiency. It is noted that other equivalent tests acceptable to the School of Graduate Studies will also be considered.

6.2 Deadlines for Applications

Applications and all supporting documents must be received not later than March 15 from Canadian applicants wishing to enter full-time or part-time studies in the Fall Semester. Full-time and international applicants are normally considered for entry in the Fall semester. International applicants must submit complete documentation by February 1. Part-time applicants planning to enter in the Winter (January) or Spring (May) semester must apply prior to October 15 and January 15 respectively. Note: Application files are evaluated only when all required items have been received.

3. Admission shall be by the Dean of the School of Graduate Studies on the recommendation of the Faculty of Business Administration. Upon notification from the Dean of the School of Graduate Studies of acceptance into the MBA program, applicants must give written notice to the School of Graduate Studies of their intention to register. Such notice must be received by the Office of the dean within 30 days of notification of acceptance, or three weeks prior to semester registration.

6.4 Direct Entry and Advanced Standing

1. Students who have an undergraduate degree in business with significantly high academic standing may apply for direct entry into the second year of the MBA Program. Their course load will be 8107 - Managing in the Canadian Environment, 8209 - Leadership and Interpersonal Skills for Managers, 3-credit hours in the area of strategy (8208, 9322 or another approved strategy course); 3 credit hours in the area of international business (9020, 9325, 9326 or another approved international course); plus 18-credit hours in electives from the schedule of MBA electives listed in Table III. Direct entry will normally be considered if the undergraduate business degree with significantly high academic standing was awarded within seven years of the year for which admission is being sought. The Committee on Graduate Studies reserves the right to require additional courses where there are noted deficiencies in a student’s undergraduate record.

2. The Faculty’s Committee on Graduate Studies may recommend advanced standing for students who do not qualify for direct entry at the time of admission to the MBA program. After admission and normally no later than one week after registration, all other students may apply for advanced standing for 8000 level courses in the MBA program. Advanced standing for any 8000 level MBA course would normally require that the student had achieved a “B+” or better in a letter grade system or the equivalent to a grade of 75% or better at Memorial University of Newfoundland in undergraduate courses required for advanced standing. Courses will normally be considered for advanced standing if they are part of a degree that has been awarded within seven years of the year in which admission is being sought. Advanced
Master of Business Administration (cont’d)

standing will not be granted for 8107 - Managing in the Canadian Environment, 8208 - Strategic Management, 8209 - Leadership and Interpersonal Skills for Managers, and 8203 - Management Science.

3. The following information must be submitted to the Associate Dean, Faculty of Business Administration, for evaluation by the Committee:

   a. a detailed course outline for each course to be considered in the application for advanced standing;

   b. a description of the method of evaluation used in each such course, the grades received, and the completion dates.

4. Students who enter the MBA program with previous graduate degrees may be granted transfer credit for two non-business, non-specified elective courses by the Faculty’s Committee on Graduate Studies. The remaining electives will be chosen from courses offered by the Faculty of Business Administration. This will reduce their program from 20 courses to 18 courses. (This does not apply to students with degrees such as the LLB and Medical Doctor degrees that are not master’s degrees.) Courses will normally be considered for advanced standing if they are part of a degree that has been awarded within seven years of the year for which admission is being sought.

6.5 Programs of Study

1. The programs of study include:

   a. a 60-credit hour all course program for candidates entering with an undergraduate degree in any area other than business. Thirty-six credit hours in program courses are required courses and are specified in Table I; the remaining 24 credit hours in program courses are electives chosen in accordance with 6.5.2. It is noted that of the 24-credit hours in electives candidates are required to complete 3-credit hours in the area of international business (9020, 9325, 9326 or another approved international course);

   b. a 48-credit hour thesis option program for candidates entering with an undergraduate degree in any area other than business. Thirty-six credit hours in program courses are compulsory and are specified in Table I; the remaining 12 credit hours in program courses shall consist of 9103 (3 credit hours), 9 credit hours in courses agreed upon by the student and his or her supervisor, plus a thesis. Additional courses, which may enhance the research area of the candidate, may be recommended by the supervisor to the Committee on Graduate Studies.

   c. a 30-credit hour all-course program for direct entry candidates. Twelve credit hours of the program courses are required and are specified in Table II; the remaining 18 credit hours for candidates in the all-course program are electives chosen in accordance with 6.5.2.
Master of Business Administration (cont’d)

d. a 18-credit hour thesis option program for direct entry candidates. Courses shall normally consist of 8107, 8208, 8209 and 9103 (all 3-credit hour courses), 6 credit hours in courses agreed upon by the student and his or her supervisor, plus a thesis. Additional courses, which may enhance the research area of the candidate, may be recommended by the supervisor to the Committee on Graduate Studies.

2. Electives in the all course programs may be chosen from the following:

a. approved business electives as listed in Table III;

b. up to 6 credit hours in courses from other graduate programs within the School of Graduate Studies, as approved by the Dean of Graduate Studies on the recommendation of the Faculty of Business Administration;

c. a Research Project or projects, which may be assigned up to 9 credit hours, as approved by the Dean of Graduate Studies on the recommendation of the Faculty of Business Administration;

d. any other course or project deemed to be of satisfactory content and rigor as approved by the Dean of Graduate Studies on the recommendation of the Faculty of Business Administration.

3. The Faculty’s Committee on Graduate Studies reserves the right to restrict candidates from taking particular MBA courses if it is deemed that those courses do not add sufficient value beyond courses that the candidate has completed at the undergraduate level.

4. Students are required to observe certain approved co- or prerequisites in scheduling their courses. These are indicated in Table V.

5. Students shall successfully complete the requirements of B8103 - Statistical Applications in Management as part of the first 36 credit hours of their programs.

6.6 Evaluation

1. The Faculty Council of the Faculty of Business Administration constitutes the examining body for all examinations in Business courses. In addition, the standing of every student will be assessed by the Committee on Graduate Studies in accordance with the requirements outlined in Clauses 2 through 5 below.

2. Credit towards the MBA degree will be granted only for those courses which have been approved as constituting part of the student’s program of study and in which the candidate has obtained a mark of 65% or higher.
Master of Business Administration (cont’d)

3. A candidate is required to withdraw from the MBA program if:

   a. a final grade of ‘D’ or ‘F’ is obtained in two courses, or
   b. a final grade of ‘C’ or less is obtained in three courses, or
   c. a final grade of ‘C’ or less is obtained in a repeated course.

4. Clause 3. notwithstanding, to remain in the program, a candidate who obtains a final grade of ‘C’ or less in any course must normally repeat that course when next offered, and is permitted to repeat that course only once. In the case of an elective course, a replacement course approved by the Committee on Graduate Studies may be substituted for the failed course. Only one such repetition/replacement of an elective course shall be permitted in the candidate’s graduate program.

5. Clause 3. notwithstanding, in some instances, at the discretion of the course instructor, and with the approval of the associate dean, academic programs, Faculty of Business Administration, a student who has received a grade of ‘C’ or less in any course may be permitted to complete remedial work and may be re-examined. A student who passes after re-examination will have “passed on the basis of re-examination” recorded on their transcript, and the original grade will remain. A student who receives a grade of ‘C’ or less after re-examination will be required to withdraw from the program. The original grade will count as part of the total number of final grades of ‘C’ or less permitted before a student is required to withdraw as specified in 3. above.

Note: The pursuit of remedial work may not be offered more than twice to an individual student.

7 Regulations Governing the Degree of Master of Business Administration (Executive Option in Petroleum)

The degree of Master of Business Administration (Executive Option in Petroleum), or EMBA (Petroleum), is cohort-driven. These regulations must be read in conjunction with the General Regulations of the School of Graduate Studies of Memorial University of Newfoundland.

The EMBA (Petroleum) is a comprehensive program that provides an international understanding of the entire nature of the oil and gas industry value chain.

The EMBA (Petroleum) program is offered by full-time study and involves 17 courses (54 credit hours) over four semesters. Note: OGS 6099 Project (a six credit-hour course) is offered over the third and fourth semesters.

Administration

1. The program shall be administered by an Academic Director, who shall be appointed by the Dean of Graduate Studies following discussion with the Dean of Business Administration and the Executive Director of the Oil and Gas Development Partnership (OGDP).

2. The Academic Director shall be the Chair of a Board of Studies for EMBA (Petroleum) for the purposes of administering the program. The Board of Studies will consist of three members from the Faculty of Business Administration, the Associate Dean (Academic Programs) of Business Administration and the Executive Director of the OGDP as ex officio members. Appointments of the members of the Board of Studies will be by the Dean of Business Administration following discussion with the Executive Director OGDP. Normally all appointments will be for a period of three (3) years.

7.1 Qualifications for Admission

1. Admission is limited and competitive. To be considered for admission to the EMBA (Petroleum) program, an applicant shall normally hold at least a bachelor’s degree, with a minimum ‘B’ standing, from an institution recognized by Memorial University of Newfoundland.

2. Applicants must achieve a satisfactory total score on the Graduate Management Admission Test (GMAT), as well as an appropriate balance of verbal and quantitative GMAT score components. Specific information regarding test centres, dates and deadlines can be obtained by contacting the Graduate Management Admissions Council at www.mba.com.

3. Applicants with substantial management experience in the oil and gas sector will receive preference during evaluation of applications. Normally, a minimum of five years experience in the oil and gas sector is required.
4. Applicants who did not complete a four-year bachelor’s degree at a recognized university where English is the primary language of instruction must submit an acceptable score on the Test of English as a Foreign Language (TOEFL). Information regarding this test is available from the Educational Testing Service at www.ets.org.

5. Although all the criteria noted above are important, the Board of Studies will assess the applicant’s entire profile when making its final decision. Significant strengths in one area may help compensate for weaknesses in another area.

6. In selecting candidates for any particular cohort, the Board of Studies will attempt to ensure that there is a breadth of managerial experience and practical backgrounds within the cohort as this is important to the students’ learning environment. Student experience is expected to contribute to and enhance the learning experience for the entire cohort.

### 7.2 Deadlines for Application Submissions

1. Applications and all supporting documents must be received by June 15 from Canadian applicants. Application from foreign students should be complete at least four months before the proposed commencement date. Individuals submitting applications later than the above dates are not assured of consideration for admission to the cohort desired; their applications will be processed only if time and resources permit. Normally, the cohort will commence study during the Fall Semester but the University reserves the right to commence a cohort during any semester.

2. The Board of Studies reserves the right to offer an EMBA (Petroleum) program during any period where there is deemed to be sufficient demand. Further, the Board of Studies reserves the right to restrict the size of any cohort of students admitted to the EMBA (Petroleum) program.

### 7.3 Procedure for Admission

3. Admission shall be by the Dean of the School of Graduate Studies on the recommendation of the Board of Studies. Upon notification of acceptance into the EMBA (Petroleum) program, applicants must give written notice to the School of Graduate Studies of their intention to register. Such notice must be received by the Office of the Dean within 30 days of notification of acceptance or three weeks prior to semester registration. In order to confirm admission, the admitted student will be required to submit a deposit with the notice. The amount of the deposit will be specified in the letter of admission and will reflect the current tuition for the program that will be determined on the basis of tuition plus an administrative fee for the program. In the event that the applicant decides not to enter the program (at any point in time after his or her application has been approved and the deposit received), this deposit will be considered to have been forfeited.

7.4 Program of Study

1. The EMBA (Petroleum) program is a cohort-driven and structured so that students complete a 54 credit hour (17 course) program of study.
