I have confirmed academic standing and/or registration with the Blundon Centre to ensure that the below student(s) meet the following criteria:

Is a full-time international undergraduate student registered in at least three credit courses* during the semester or is doing a reduced course load as an accommodation through the Blundon Centre in accordance with the Accessibility for Students with Disabilities Policy. (If the student drops a course and is therefore taking less than three credit courses, they are no longer eligible for an ISWEP position.)

(First year students have attained a 60% cumulative average because of the admission average.)

Must not work more than 80 ISWEP hours in a semester, or 80 hours of combined ISWEP and MUCEP positions.

Must not be on a work term during the semester in which the ISWEP application is submitted.
