

From Garden to Campus

Brown Bag Series

Gardening for Bees and Butterflies

March 7, 2013, 1 – 2 pm

Location: The Landing, UC-3018,
MUN St. John's campus

Sponsor: MUN Botanical Garden

Bees and butterflies are a natural component of a healthy garden. Learn how to attract and keep these important pollinators throughout the season and create a wildlife-friendly oasis within your own garden. This power point presentation will discuss suitable plants for our Newfoundland climate which enhance wildlife, including native butterfly host and nectar sources.

Admission: \$5 per person. Free for MUN Students (voluntary donations gratefully accepted). All proceeds help support the MUN Botanical Garden education program.

Registration is not required. For more information, please call the Botanical Garden at 864-8590 or visit the Garden's website at www.mun.ca/botgarden.
