

Inventory of Environmental Sustainability Initiatives

The University Sustainability Committee (a committee of the Vice-Presidents' Council) is gathering information on environmental sustainability-related activities, conducted in the past two years (2012 to present) or on-going, in teaching and learning, research, public engagement and operations at Memorial. We are requesting that all members of the university community who are involved in sustainability work and/or who integrate sustainability initiatives into their work day complete the following short questionnaire.

Part A: Contact Information

Name:

E-mail:

Please check one: Faculty

Staff

Student: undergrad

grad

Other

Please specify:

Job Title or Position (if applicable):

Department/Faculty/Unit:

Part B: Activities

Area of Work (please check):

Teaching and Learning

Research

Public Engagement

Operations/Administration

Project/Activity Description

Complete the sections relevant to your area of work.

If you require more space or would like to include more detail, please send a separate document to sustain@mun.ca.

1. Teaching and learning focusing on environmental sustainability

Please provide name and short description of courses or other activities and website if available.

2. Research focusing on environmental sustainability

Please provide title or topic, goal of research or short description, publications, year completed or on-going, partners/funders and website if available.

3. Public engagement focusing on environmental sustainability

Examples: community activities, conferences, forums, public lectures, campaigns. Please provide name and short description of activity, year completed or ongoing, number of people involved and website if available.

4. Operations/administration focusing on environmental sustainability

Examples: green committees, departmental, office or individual initiatives, and residence initiatives such as energy conservation, recycling, paper use reduction, etc. Please provide name and short description of initiative, results, number of people involved.

Thank you for your input. If we require more information, we will contact you at the email address provided above. For more information about this project or sustainability initiatives, please contact the Sustainability Office at sustain@mun.ca
