

ARCH 3592 Norse Archaeology

We will consider Late Iron Age/Viking Age/medieval responses to the "new": new technologies * new cultures * new ways of doing * new lands * new religions.

We will also work with raw materials of the period to better understand material culture.

We will consider medieval Newfoundland and Labrador within a global context.

ARCH 3592 MW 0900-1030

Prerequisite: ARCH 1030
