Focus area: Entrepreneurship

An entrepreneurial mindset can help you embark on a variety of career paths and position you to succeed in today's dynamic market. Entrepreneurs are innovators. They play an integral role in the growth and development of a healthy economy by infusing new ideas, initiatives and strategies into the business community. Pursuing courses in this focus area will help you gain the knowledge, develop the skills and learn how to approach opportunities and challenges like an entrepreneur.

If you would like to focus your studies in entrepreneurship, you should include in your program **all** of the following elective courses, which we expect to offer over the next two academic years:

- BUSI 3610: Regulatory and Taxation Issues for Small Business (formerly BUSI 5610)
- BUSI 3630: Venture Creation
