

BUSI and BUSN Course Equivalents*

* Students cannot receive credit for both the course and its equivalent. When a student has completed both courses, the better of the two courses will be used for meeting degree requirements. The BUSN course will apply to the FBA undergraduate degrees in the same manner as BUSI courses. Example: BUSN 1010 will be used as a core course while BUSN 3100 will be used as a business elective. A review of all the course equivalents will be completed every five years. Note that the table is only for BUSN courses completed at the Grenfell Campus. Any transfer credits that have been awarded as BUSN courses cannot be use automatically as BUSI courses; these BUSN courses would need to be reevaluated by the Evaluation Officer for credit.

Grenfell Course Number	Grenfell Course name	FBA Equivalent Course Number	FBA Equivalent Course Name	Conditions	Effective Date	Review Date
