Chemistry Seminar

Paula Mendonca
Director of Innovation and Entrepreneurship
& Kara Strickland, IP Officer

Thursday, February 20, 2020 at 1:00 p.m.
Room C3033 (Chemistry/Physics Building)

Title: Intellectual Property at MUN: What it means and what it means to you!

Abstract:

Intellectual property is a broad term and includes most of the knowledge generation that occurs in your work at MUN. This presentation and Q&A session will answer questions like these and many more: What does IP mean? How do you protect IP? What constitutes a disclosure? Who is an inventor? Who owns IP?

Who should attend? All students carrying out work in research, faculty supervising students, and members of the Department of Chemistry who would like more information.
