** Includes programs that may have multiple intakes throughout the year, or mid-year start dates; enrolment for these programs are preliminary figures. As the Fall/2020 was delivered remotely, all technical certificate programs had a delayed start to Winter/2021. January 2021 enrolment for technical certificates is included in the 2020-21 data.

*** There will be no new intake into the Advanced Diploma in Sustainable Aquaculture.

**** MI has transitioned to a new system for registering students in industrial training courses. As of 2018-19, enrolment includes some MI diploma and certificate students who were not previously registered in this system. As of 2016/17, there has been a change in how industry response enrolment is assigned to units. This does not change total enrolment, but should be considered when comparing industry response enrolment by unit to prior years. Enrolment in industrial response courses as of 2019/20 has been impacted by the COVID-19 pandemic and related public-health measures.

and related public-health measures.
