The Department of Computer Science invites applications from individuals interested in teaching Computer Science 2007 in the Winter 2019 semester.

Subject to budgetary restrictions and sufficient enrolments, appointments will be made on a course by course basis and will not entail any obligation to conduct research or to perform any administrative service for Memorial University. Appointments will be made in accordance with the provisions in the MUN-LUMUN Collective Agreement. Course design and evaluation methods for all courses will be in accordance with Computer Science policies and regulations and the Memorial University Calendar.

Course Title: COMP 2007 Introduction to Information Management

Course Schedule: Lectures on Tuesdays, 1:00-1:50 p.m. (one credit course)

Campus Location: St. John’s

Course Description: COMP 2007 Introduction to Information Management introduces the basic knowledge needed for managing large volumes of data. It covers topics in information management and database systems from storage and retrieval to security and privacy of data.

For further information regarding the Computer Science undergraduate program, including this course, refer to the Current Handbook at www.mun.ca/computerscience/ugrad

Qualifications: A general knowledge of all areas of Computer Science is required. Familiarity with both hardware and software of computer systems is necessary. The applicant should be able to confer excitement about the field of Computer Science. Prior teaching experience with course material for Computer science is highly beneficial. Applicants should have a Master’s degree in Computer Science or closely related discipline, or equivalent combination of education and experience.

To apply for this position:

Please submit a letter of application, curriculum vitae and the names of referees with contact information, electronically or in writing to:

Dr. Minglun Gong, Department Head
Department of Computer Science
Memorial University of Newfoundland
