*In accordance with the Memorial University Act, the university's governing Board of Regents appoints the Provost and Vice-President (Academic) who also serves as Pro Vice-Chancellor and a member of the board. The role supports the Chancellor and the Vice-Chancellor in their ceremonial duties as presiding officers of Convocation.*

### NOREEN GOLFMAN

Dr. Noreen Golfman was appointed provost and vice-president (academic) of Memorial University on March 26, 2015. She served as dean of graduate studies at Memorial from June 2008 to September 2014, when she was appointed provost and vice-president (academic) *pro tempore*. Under Dr. Golfman's leadership, the School of Graduate Studies experienced tremendous growth. In the last decade, the number of graduate students has doubled to a total of 3,565 graduate students. A number of new programs were created during her term as dean, including five new doctoral programs and eight new master's programs.

Dr. Golfman is a professor of English and holds a Ph.D. from the University of Western Ontario. She recently served two terms as president of the Canadian Federation of Social Sciences and Humanities, a national education advocacy group, and she is past president of both the Canadian Association of Graduate Studies and the

Northeastern Association of Graduate Schools. She is currently a member of the advisory committee to the Canadian studies program at the Hebrew University of Jerusalem.

Active in Canadian cultural issues and experienced with the media, Dr. Golfman is the founding director and chair of the St. John's International Women's Film Festival, vice-chair of the Newfoundland and Labrador Film Development Corporation and chair of the board of the Friends of Canadian Broadcasting. Since 2011 she has co-chaired the board of directors of Business and the Arts NL, an organization that brokers relationships and funding between the arts and the corporate/private sectors.

In addition to publications in scholarly journals, Dr. Golfman writes on the arts and culture in popular venues, and she has worked as a commentator, reviewer and performer for CBC radio and television.

## HONORARY DEGREE

Candidates for honorary degrees may be nominated by any member of the community to the Senate Committee on Honorary Degrees and Ceremonial which, after due consideration, forwards its recommendations to Senate for approval.

To be considered for an honorary degree, candidates must normally have been benefactors of the university, or persons who have achieved eminence in learning or in the arts, or those who have otherwise distinguished themselves by outstanding public service.

**MARGARET-ANN  
ARMOUR**

Dr. Margaret-Ann Armour is widely recognized for her contributions to chemistry in the area of handling, recycling and disposing of small quantities of hazardous waste. She is also a champion for creating opportunities for women in science.

Born in Scotland, Dr. Armour obtained a bachelor of science degree and a master of science degree at Edinburgh University

and completed her doctoral studies in 1970 at the University of Alberta. She joined that institution's chemistry department in 1979 and has been associate dean of science (diversity) since 2005.

As one of the few women in her discipline at the time, Dr. Armour was struck by the need for more opportunities for women in the field. In 1981 she founded Women in Scholarship, Engineering, Science and Technology (WISEST) at the University of Alberta, which provided high school students with the opportunity to complete paid summer research programs in the university's research laboratories.

Her vision and leadership has had a profound impact on young and adult women in Newfoundland and Labrador and specifically at Memorial University. In 1989 Dr. Armour spoke at a Women in Science and Engineering NL (WISE NL) event about the WISEST program. The following year, the WISE NL Student Summer Employment Program was launched at Memorial and continues to this day.

Attempting to improve the position of women in the field and to ensure they rose

to leadership roles, Dr. Armour played a key role in the establishment of the Canadian Centre for Women in Science, Engineering, Trades and Technology in 2010 and was made president of the board.

In 1996 she was honoured with a 3M Teaching Fellowship and in 2002 with the Governor General's Award in Commemoration of the Persons Case. In 2005 she was awarded the Montreal Medal, Chemical Institute of Canada, and in 2006 was named a member of the Order of Canada. She was twice named one of the top 100 most powerful women in Canada by the Women's Executive Network and was honoured with the Innovator Award at the 2011 APEC Summit on Women in the Economy.

For her leadership in the fields of science, engineering, trades and technology and for her positive impact on girls and young women accessing those fields, Dr. Armour will receive the degree of doctor of science during the 3 p.m. session of Convocation on Wednesday, May 27.

**ZITA  
COBB**

Since retiring from a senior executive position with JDS Uniphase in 2001, Zita Cobb has devoted her life to being a philanthropist and social entrepreneur.

Raised in Joe Batt's Arm, Fogo Island, Ms. Cobb left home at the age of 17 to

study business at Carleton University in Ottawa, Ont. In the years since she left her hometown, she entered – and left – the technology boom at just the right time, made sound investments and worked with some of Canada's top leaders.

Over the years, she frequently returned to her birthplace to spend holidays there and rebuilt her family home and fishing stage with her brothers' help. By doing so, she rediscovered her childhood home and that Fogo Island is a place that connects people deeply.

Already the patron of the Frangipani Foundation, which provided windup radios to African children who, because of the toll of AIDS and war, had been forced to become heads of households, Ms. Cobb next turned her philanthropic focus to Fogo and co-founded the Shorefast Foundation with her brother, Tony.

Ms. Cobb envisioned the transformation of Fogo Island and Change Islands into a world model of community innovation and

cultural resilience. The foundation built a 29-room inn and several artist studios on Fogo Island, with the goal of creating jobs and drawing international attention to the decline of rural areas. The inn has since generated more than 100 jobs in a community numbering just over 2,000 residents.

Ms. Cobb's vision for the inn, and for all of Shorefast's activities, is to change the way people think about building a sustainable world that respects diverse cultures and the natural environment while embracing business innovation to serve society. The inn has garnered substantial worldwide attention for its commitment to sustainability and respect for cultural traditions.

For her philanthropy and social entrepreneurship and for her commitment to and belief in place, Zita Cobb will be awarded the degree of doctor of laws at the 10 a.m. session of Convocation on Wednesday, May 27.

**MARY  
GORDON**

From her early beginnings as a kindergarten teacher, Mary Gordon has been driven by her empathy for children and parents coping in a world of rapid social change and communities of linguistic, cultural and ethnic diversity.

Recognized internationally as an award-winning social entrepreneur, educator,

author, child advocate and parenting expert, Ms. Gordon was born and raised in St. John's, where she attended Memorial University, before moving to Toronto, Ont. There she earned her Ontario Elementary Teacher's Certificate in 1969 and, subsequently, a bachelor of arts degree from York University in 1983.

Ms. Gordon is the founder of Canada's first and largest school-based Parenting and Family Literacy Centre, which she initiated in 1981. The centres, which provide support for early childhood education, have been used as a best practice model internationally.

In 1996 she introduced the Roots of Empathy program, which sees school children work together to observe and nurture a baby brought into the classroom throughout the school year. The program, which is now offered in every Canadian province and in 10 countries, has been shown to develop empathy and reduce aggressive behaviour in the classroom.

Seeds of Empathy, a similar program for 3-5 year olds in child care, was created

by Ms. Gordon in 2008 and is in place in Canada and the United Kingdom. Both programs help to break destructive and often intergenerational behavioural patterns as the children of today become the citizens and parents of tomorrow.

Ms. Gordon has had several dialogues with the Dalai Lama, been featured in several documentary films and her book, *Roots of Empathy: Changing the World Child by Child*, is a Canadian bestseller. She was honoured with the Ontario Teachers Federation Lifetime Fellowship Award in 2004 and made a member of the Order of Canada in 2005. She is the 2011 recipient of the Manning Innovation Award for the top social entrepreneur in Canada.

For her imaginative and entrepreneurial approach to education, Mary Gordon will receive the degree of doctor of laws at the 3 p.m. session of Convocation on Tuesday, May 26.

**GEORGINA ANN  
HEDGES**

Throughout her lifetime, Dr. Georgina Hedges has dedicated herself to education, the arts, tourism and rural development in Newfoundland and Labrador.

She completed two degrees at Memorial University: a bachelor of arts in education in 1974 and a bachelor of arts in English in 1978. In 1982 she earned a master of education degree from Mount

Saint Vincent University and in 1994 she completed her doctor of education degree at the University of Toronto.

Whether it was acting as a vanguard for the role of computers in education as early as 1984, tirelessly championing for teachers' professional development and school improvement or serving on the boards of numerous educational organizations, Dr. Hedges is recognized as an innovative, compassionate and dedicated teacher and administrator.

Her passion for improving the quality of education is evident in her many reports, papers and presentations. She co-authored an elementary writing program called *Writing and How for Grades 4-6* and *Focussing on the Future: An Educational Review of Sent Anneway Kegnagogwom*, a review of schooling on the Miawpukek First Nation (Conne River).

Dr. Hedges' contributions to education have not been limited to the primary/elementary school system. She served as a member of Memorial University's Board of Regents for nine years, including a term as vice-chair in 2001 and twice as acting chair (2003-04 and 2006).

Dr. Hedges' is a founding member of the annual Winterset in Summer Literary Festival, which attracts national and international stars as well as numerous tourists to the community of Eastport, Bonavista Bay. She is also an entrepreneur: Dr. Hedges and her husband Robert Hedges opened two successful small businesses in Eastport. Hospitality Newfoundland and Labrador honoured Dr. Hedges and her husband with the Norman Parsons Memorial Award in 2005.

Dr. Hedges was awarded the Developer Award of the National Staff Development Council in 1992 and the Newfoundland and Labrador Teachers' Association's Barnes Award in 1994. In 2006 she was honoured with Memorial University's J.D. Eaton Award.

For her contributions to education, the arts and rural communities in Newfoundland and Labrador and to Memorial University, Dr. Georgina Hedges will receive the degree of doctor of laws during the 10 a.m. session of Convocation on Friday, May 29.

**HOWARD (HOWIE)  
WILLIAM MEEKER**

Howie Meeker has been a hockey player, coach, general manager, announcer, broadcaster, colour commentator, storyteller and studio analyst during the last 50 years, and has instructed and influenced those involved in hockey at all levels.

Mr. Meeker served his country as a member of the Canadian Armed Forces in the 1940s, sustaining an injury when a live grenade exploded beneath his legs during a training exercise in England. In 1951 he won a by-election as the Progressive Conservative candidate for Waterloo-South and, at age 27, became the youngest member of Parliament to be elected at that time.

The 1947 Calder Memorial Trophy National Hockey League Rookie of the Year, a three-time player in the National Hockey League All-Star Game and a four-time Stanley Cup winner, Mr. Meeker's contribution to Canada's national sport has been felt from coast to coast in Canada – and immortalized with his induction into the Toronto, Newfoundland and Labrador and British Columbia halls of fame.

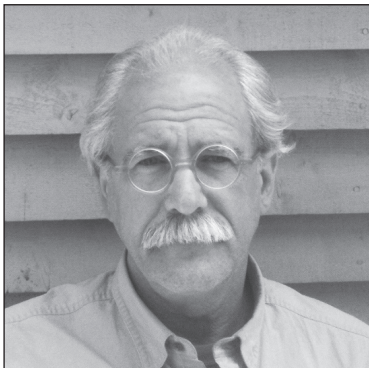

In the late-1950s Mr. Meeker moved to St. John's and coached the Guards hockey team to four Boyle Trophy wins. He also became an educator and instructional leader. More than 100 episodes of *Howie*

*Meeker's Hockey School*, were broadcast on CBC Television from 1973-77. On the show, the former hockey star could be seen putting a class of young skaters through their paces, teaching them how to skate, stickhandle and play the game.

He wrote two books on the subject, one of which, *Howie Meeker's Hockey Basics*, was hugely influential in that it decried the goonery prevalent in the game and the lack of basic playing skills. It also helped effect a major reappraisal of the country's hockey performance after the 1972 Canada-Soviet hockey summit series.

In 2000 Mr. Meeker was inducted as an honorary member of the 115-year-old Guards Athletic Association and in 2010 he was made a member of the Order of Canada.

For his contribution to the development of hockey in Newfoundland and Labrador and in Canada, Howie Meeker will receive the degree of doctor of laws at the 7:30 p.m. session of Convocation on Wednesday, May 27.

**ROBERT  
MELLIN**

Robert Mellin is a scholar, award-winning author, architect, accomplished painter, musician, chronicler, historian of architecture and an outstanding educator.

He is an associate professor at McGill University's School of Architecture. He studied architecture at the Pennsylvania State University (B.Arch., M.Sc.), at McGill University (M.Arch.) and at the University of Pennsylvania (M.Sc., Ph.D.).

Born in Pittsburgh, Pa., Dr. Mellin adopted Newfoundland and Labrador 40 years ago. He has been a registered architect in Newfoundland and Labrador since 1978, and he has received numerous awards for his heritage conservation research, advocacy and practice in the province.

In 1987 Dr. Mellin embarked on fieldwork and research in Tilting, Fogo Island, which would form the base of his 1990 doctoral degree. He continued his research and volunteer heritage conservation work in Tilting for the next 25 years; the community was subsequently designated The Tilting Cultural Landscape District by the Historic Sites and Monuments Board of Canada and provincially as a Registered Heritage District.

His book *Tilting: House Launching, Slide Hauling, Potato Trenching and Other Tales from a Newfoundland Fishing Village* was published by Princeton Architectural Press and won the 2003 Winterset Literary Award. Through his close relationship with the people of Tilting and its architecture of houses and outbuildings, Dr. Mellin

helped to generate a unique community spirit and put the community on the world map.

Dr. Mellin's 2011 book, *Newfoundland Modern: Architecture in the Smallwood Years, 1949-72*, was said by McGill-Queen's University Press to be "the first comprehensive work on an important period of architectural development in urban and rural Newfoundland." In March 2015, Pedlar Press in St. John's published *Winter in Tilting: Slide Hauling in a Newfoundland Outport*, his second book on the Fogo Island community.

In 2002 Dr. Mellin was elected to the Royal Canadian Academy and in 2009 he was elected as a Fellow in the Royal Architectural Institute of Canada. He was named a member of the Order of Canada in 2014.

For his contribution to a greater awareness of important aspects of Newfoundland and Labrador architecture and for his work on the land and on the page, Dr. Robert Mellin will receive the degree of doctor of letters at the 3 p.m. session of Convocation on Thursday, May 28.

**PENELOPE MANUEL  
AYRE ROWE**

Penelope Rowe has brought considerable foresight and innovation to conceptualizing solutions to effect social change.

Born in St. John's, Ms. Rowe graduated from Emerson College in Boston with a bachelor of arts and earned a master of science degree at the London School of Economics and Political Sciences. She also completed a certificate in business administration at Memorial University.

During her early career as a journalist, Ms. Rowe developed an interest in

tackling unfairness and discrimination and became steadily more involved in advocacy. In 1973 she was appointed executive secretary of the Early Childhood Development Association and elected vice-president of the Liberal Party of Canada.

In 1976 she was hired to establish the Community Services Council (now the Community Sector Council of NL), at whose helm she remains to this day. Confronting issues including poverty, child sexual abuse, building accessibility and affordable housing, Ms. Rowe was challenged by the magnitude and complexity of the many issues and how they could be addressed. Undaunted, she took up the charge.

Her views of the social sector as inextricably associated with a healthy economy were not commonly accepted in the mid-1980s when she was lobbying the provincial government for the development of a social policy framework. She was instrumental in encouraging the government of the day to embark upon more focused social policy planning. In 1995 she was appointed by then-Premier Clyde

Wells to lead the Social Policy Advisory Committee which issued the report *Investing in People and Communities: A Framework for Social Development*. This report was the foundation for the province's groundbreaking Strategic Social Plan.

Ms. Rowe's experience has been called upon by federal and provincial governments and national bodies. She was the first non-academic to serve as vice-president of the Social Sciences and Humanities Research Council and for 11 years chaired the NL Workplace Health, Safety and Compensation Commission.

In 1998 *Chatelaine* magazine featured Ms. Rowe as one of Canada's 50 Most Influential Women. She is the recipient of the Canadian Council on Social Development President's Award for outstanding contribution to social policy in Canada and the Canada 125 medal. She was appointed to the Order of Canada in 2002.

For her distinguished and sustained service to the community, Penelope Rowe will receive the degree of doctor of laws during the 3 p.m. session of Convocation on Friday, May 29.

The academic dress for matriculated undergraduates of the university shall be similar to the scholar's gown of the University of Oxford. It shall be worn whenever the president so directs.

The gowns of the Bachelors shall be of black stuff. The gowns of the Masters shall be of black stuff or silk. The gowns of the Doctors shall be of fine scarlet cloth or silk, or of black stuff or silk.

The pattern of the Bachelor's gown shall be similar to that of the Oxford Bachelor's gown. The pattern of the Master's gown and the Doctor's black gown shall be similar to that of the Oxford Master's gown, except that the Doctor's gown shall have an edging of black silk braid at the opening of the sleeve. The Doctor's scarlet gown shall be similar to that of the Oxford Doctor of Divinity's gown.

The hoods of the Bachelors shall be made of black stuff, the hoods of the Masters of black silk, and the hoods of the Doctors of scarlet silk. They shall be full in shape and lined with the university colours of claret and white. The hoods of the Bachelors shall be trimmed with white fur, the tippets with velvet in the colours distinctive of the faculty or degree. The hoods and tippets of the Masters shall be edged with velvet in the colours distinctive of the faculty or degree. The hoods and tippets of the Doctors shall be edged with silk in the colours distinctive of the faculty or degree; however, the hood of the Doctor of Philosophy shall be of claret silk, lined and edged with claret silk.

The University hood, designed to be worn by representatives of Memorial who hold a degree and are participating in official

ceremonies, shall be made of black stuff and lined and edged with claret and white silk.

The caps of Bachelors and Masters shall be black and of the square shape, with black tassel. The caps of the Doctors shall be similar to the Oxford Doctor's bonnet.

The academic dress for the Officers of the University shall be as follows:

**Chancellor** – a silk gown heavily embroidered with gold braid

**Vice-Chancellor** – a silk gown embroidered with gold braid

**Pro Vice-Chancellor** – a silk gown embroidered with gold braid

**University Registrar and other**

**Officers of the University** – gowns of a pattern approved by Senate

In June of 1950 Memorial University held its first Convocation, which was a fairly simple affair. Led by Engineering professor Dr. Jack Facey (who would later perform the role of Convocation marshal for 46 years), the students and faculty moved from the Parade Street campus across to St. Patrick's Hall School for the conferring of undergraduate degrees. The university presented its first graduate degrees in May 1956 and its first honorary degree in May 1960.

The ceremony for that first honorary degree, presented to Monnie Mansfield, who had been Memorial's registrar for 30 years, served as a dress rehearsal for the most elaborate Convocation the university has ever held – that for the opening of the Elizabeth Avenue campus in October 1961. Overseeing the arrangements were Dr. Facey as the marshal of Convocation, responsible for the organization, direction and decorum of the occasion, and Dr. G.M. Story as the public orator, responsible for the delivery of the orations about the honorary graduands, a special feature of Memorial's Convocations. Nineteen honorary degrees were conferred on a galaxy of dignitaries local, national and international. That day the public orator and his deputy each had to deliver as many as 10 orations, each a concise but rhetorically lively account of the rationale for conferring the degree.

From 1961 to 1968 Convocation was held in the gymnasium of the Physical Education Building. With the opening of the St. John's Arts and Culture Centre, Memorial in effect acquired a new Convocation hall, which became the regular site of the ceremonies after 1970. Designed partially on the ideas of then-Premier Joseph Smallwood, the back of the stage with its descending staircase was developed specifically for Memorial's Convocation. Fall Convocation was inaugurated in 1970 to accommodate increasing numbers of graduates and to support the three-semester academic calendar.

In May 1992, 23 graduates received degrees in the first regular session of Convocation held at Sir Wilfred Grenfell College, Memorial's Corner Brook campus (now Grenfell Campus).

The ceremonial trappings of Convocation began to be developed in the early 1960s. Our academic robes are based on those of Oxford University. The silver mace – the symbol of the university's authority and the presence of which signals the official opening of Convocation – and the marshals' staves were donated by Chancellor Lord Thomson in 1961. The original chancellor's chair and a lectern were presented in 1963 by then-Lieutenant Governor Campbell Macpherson. Other complementary birch wood furniture pieces were subsequently commissioned from the St. John's firm of Clarmanis and Son Ltd.; the chairs bear the university's coat of arms, hand carved and painted bas-relief. The signing table, gift of the former marshal Dr. Jack Facey, was added in 1996.

In 2002 plans were made to create a second Convocation furniture suite so that a complete set would permanently reside at each of the St. John's and Corner Brook campuses. The design of the new suite, intended to reflect the culture and traditions of the province, was undertaken by retired Memorial University designer Ian Stewart; Paterson Woodworking of Upper Amherst Cove was commissioned to construct the set. The first piece completed in this suite, a black walnut Convocation table with a fish-splitting table motif, was presented by then-Lieutenant Governor Edward Roberts in 2003. The kneeler was donated in 2005 by honorary graduate Alan Perry. Hon. Dr. Roberts and his brother Douglas Roberts sponsored the signing table and bench, completed in 2005, as well as the chancellor's chair and the four companion chairs, which were completed in 2006. They also donated the two speaker's lecterns, which were completed in 2007. The Roberts' contributions to the suite of furniture

were undertaken in memory of their father, Dr. Harry D. Roberts, a graduate of Memorial University College ('31), an honorary graduate of Memorial University and for many years a member of the Board of Regents.

In 2009, on the occasion of the 100th regular session of Convocation, composer and retired professor of classics at Grenfell Campus, Dr. Michael Parker, was commissioned to create a special suite of music for Convocation ceremonies. The suite premiered at Spring Convocation 2009 and is dedicated to the late Ferriss Hodgett, vice-principal of Grenfell Campus, 1975-1992.

The desire to share the ceremonies beyond the audience seated in the Convocation hall led to television coverage of the ceremonies beginning in the 1970s and, more recently, webcasting (by the university's Distance Education, Learning and Teaching Support unit) which virtually brings the ceremony to the whole world via the university website at [www.mun.ca](http://www.mun.ca). Other university units that play a role in Convocation include the Office of the Registrar and the School of Graduate Studies, which ensure that students have completed their programs and are certified for their degrees; the Division of Marketing and Communications, which coordinates the logistics of this special event and assists the graduands with preparations for the ceremony and the celebrations surrounding it; and the Office of Alumni Affairs and Development, which welcomes graduates into the Memorial University Alumni Association.

Convocation has been a day of pride for thousands of students and more than 500 honorary graduates, resulting in more than 85,000 alumni members worldwide. While our Convocation, as a ceremonial occasion, has grown from the practices and procedures of older universities, after more than half a century it has become a distinctive event for all who attend, be they distinguished guests or faculty, honorary graduates or our students who are, as they should be, the focus of the event.
