

# TERRA-CREAIT/MUN Hibernia Project Electron Beam Facility

## Request for Sample Analysis

Room ER 5005, Earth Sciences Bldg, Memorial University, 9 Arctic Ave., St. John's, NL A1B 3X5

Phone: (709) 864-3076. Email: [waylward@mun.ca](mailto:waylward@mun.ca)

### Contact Information

Date: Name: Email:

Supervisor: Email:

Supervisor signature:

### Payment Information

FOAPAL (internal use only):

PO# (external use):

### Analysis Required

Scanning Electron Microscope (SEM)

Electron Probe Micro-Analyzer (EPMA)

Quantitative Analyses

X-Ray mapping

CL mapping

**Sample Details.** Please list the nature of your sample (thin section, epoxy puck, powder), what your sample is and any additional information (mineral id, elements) as required.
