Faculty of Science
Department of Earth Sciences
Per-Course Appointment

The Department of Earth Sciences invites applications from individuals interested in teaching the following undergraduate course in Structural Geology in the Winter 2027 semester.

Subject to budgetary restrictions and sufficient enrolments, appointments will be made on a course by course basis and will not entail any obligation to conduct research or to perform any administrative service for Memorial University. Appointments will be made in accordance with the provisions in the MUN-LUMUN Collective Agreement. Course design and evaluation methods for all courses will be in accordance with the Department of Earth Sciences regulations and the Memorial University Calendar.

Course Title: EASC 2401 Structural Geology (course load of 1.5)

Course Schedule: Lectures Tuesday and Thursdays 9:00 to 10:15am, Laboratory Thursdays 2:00 to 4:50pm

Campus Location: St. John's campus

Course Description: Structural Geology provides an introduction to basic concepts; the physics of rock deformation, the classification and descriptive geometry of major and minor structures and their relationship to stress and strain. Laboratory work will concentrate on analysis of structural orientation data, and the analysis of structures in geological maps and cross-sections.
