Faculty of Engineering and Applied Science
Department of Ocean and Naval Architectural Engineering

Tenure-track assistant professor

Applications are invited for a tenure-track faculty position at the assistant professor level, commencing July 1, 2019 or earliest thereafter, in the areas of naval architecture, marine engineering or ocean engineering. Demonstrated human factors engineering competencies or experience, and a willingness to engage in a program of research covering human factors in marine environments would be highly beneficial. This position is subject to budgetary approval.

Candidates must have a bachelor’s degree in naval architecture and/or ocean engineering. A completed earned doctorate in a related area is required for the appointee to receive the rank of assistant professor and to be in a tenure-track position.

The successful candidate will participate in the academic programs of the department, including teaching undergraduate courses, developing undergraduate laboratories, supervising graduate students, teaching courses in graduate programs and other educational, scholarly and professional activities. An ability to teach a broad range of ocean and naval engineering courses would be an asset. In addition, the successful candidate will be expected to carry out multi-disciplinary, collaborative research with industry, government institutions and other university researchers. The successful candidate is expected to register as a professional engineer in Newfoundland and Labrador.

The Department of Ocean and Naval Architectural Engineering has a well-established, nationally and internationally recognized co-operative undergraduate program. It has very active graduate studies and research programs. For more information, please visit www.mun.ca/engineering/ona/.

Memorial is the largest university in Atlantic Canada. As the only university in the province of Newfoundland and Labrador, Memorial plays an integral role in the educational and cultural life of the community. Offering diverse undergraduate and graduate programs to almost 18,000 students, Memorial provides a distinctive and stimulating environment for learning. St. John’s is a safe, friendly city with great historic charm, a vibrant cultural life, and easy access to a wide range of outdoor activities. For further information about Memorial, please visit www.mun.ca.

Applications should include a curriculum vitae, names of three referees, and a two-page statement of teaching and research interests. Copies of three relevant technical publications may also be included. Please send applications to:

Dr. Greg Naterer, Dean
Faculty of Engineering and Applied Science
Memorial University of Newfoundland
St. John’s, NL Canada, A1B 3X5
Email: engr.onae@mun.ca
Reference: VPA-ENGI-2018-002

Deadline to submit an application is Feb. 28, 2019.
All qualified candidates are encouraged to apply; however, citizens and permanent residents of Canada will be given priority.

Memorial University is committed to employment equity and encourages applications from qualified women and men, visible minorities, aboriginal people and persons with disabilities. As part of Memorial University’s commitment to employment equity, all applicants are invited to identify themselves as a member of a target group(s) as appropriate. Applicants cannot be considered as a member of a target group(s) unless they complete an employment equity survey. If you do not receive a survey or have any questions, please contact equity@mun.ca.
