Faculty of Engineering and Applied Science

Engineering One

Per Course Instructors

The Faculty of Engineering and Applied Science invites applications from individuals interested in teaching the following undergraduate courses in the Spring 2024.

Subject to budgetary restrictions and sufficient enrolments, appointments will be made on a course by course basis and will not entail any obligation to conduct research or to perform any administrative service for Memorial University. Appointments will be made in accordance with the provisions in the MUN-LUMUN Collective Agreement. Course design and evaluation methods for all courses will be in accordance with the FEAS regulations and the Memorial University Calendar.

Course Number	Course Title	Course Schedule	Qualifications	Number of Sections	Campus
ENGI 4102	Engineering Economics	3 lecture hours per week	A degree in Engineering with background in engineering economics and project management. P.Eng.	1 section (1 credit course)	St. John's
ENGI 1020	Introduction to Programming	3 lecture hours per week	At least a Master's degree in engineering with background teaching Python programming; expertise in interfacing sensors and programming and environments via hardware such as Arduino. Experience in teaching early year post secondary students.	1 section (1 credit course)	St. John's
ENGI 4421	Probability and Statistics	3 lecture hours per week	At least a Master's degree in engineering or mathematics. Expertise in Probability and Statistics. Experience in teaching engineering courses is preferred.	1 section (1.14 credit course)	St. John's

Please visit [Faculty of Engineering and Applied Science](#) for program and [undergraduate](#) course description.

To apply for this position:

Please submit a letter of application, curriculum vitae and the names of referees, electronically or in writing to:

Dr. Octavia Dobre, Interim Dean
Faculty of Engineering and Applied Science
