II

TO BE COMPLETED BY HEALTH CARE PROFESSIONAL:

I hereby certify that I provided health care services to ______________________________, a student at Memorial University, on [Date(s)] ______________________. On the basis of that episode of care, I am providing the following information for use by the University in assessing what special consideration, if any, should be given to the student in respect of the application of University regulations, including the approval of deferred final examinations.

1. the degree to which the health issue (or treatment, in the case of medication, for example) is likely to have affected the student’s ability to study, attend classes, or sit examinations.

________________________________________________________________________
________________________________________________________________________

2. the length of time over which the student’s abilities were likely hampered by the condition (e.g., recurring and severe back pain over a two-month period would likely have a more adverse effect on studies than a single episode of back pain requiring bed rest for a week).

________________________________________________________________________
________________________________________________________________________

3. the fitness of the student to resume studies (it is in the student’s best interest not to return to studies prematurely).
