

**Spring 2026
SEMESTER AWARDS CEREMONY**

**Thursday, July 23rd, 2026
7:00 p.m.**

Welcome

Dr. Bing Chen

Interim Dean

Faculty of Engineering and Applied Science

Remarks

Dr. Christine Arnold

Interim Associate Vice-President (Academic) and Dean of Students

Closing

Dr. Dennis Peters

Acting Associate Dean, Undergraduate Studies

Faculty of Engineering and Applied Science

Total Amount of Awards: \$54, 289

<u>SCHOLARSHIP</u>		<u>RECIPIENT</u>
<u>TERM 4:</u>		
American Bureau of Shipping (ABS) Scholarship	\$5,000	MacKenzie Lee
Bob Thorburn Memorial Scholarship	\$1,276	Aaron Ryan
CBCL Limited Engineering Scholarship	\$1,000	Jack Davis
Daniel Freeman Memorial Scholarship	\$1,240	Mark Butt
David S. Templeton Scholarship	\$1,094	Dipayan Dhar
David S. Templeton Scholarship	\$1,094	Paige Fleming
Dr. Glyn George Engineering Mathematics Scholarship	\$3,000	Shahnewaz Kabir
Gene H. Kruger Memorial Scholarship	\$3,153	Emily Antle
Gene H. Kruger Memorial Scholarship	\$3,153	Grace Hurley
IEEE NL Section Term 4 Scholarship	\$1,183	Kaan Keskindil
Mr. William J. Finney Scholarship in Mechanical Engineering	\$2,500	Brendan Booth
Municipalities Newfoundland & Labrador Civil Engineering Scholarship	\$500	Ava Keating
Newfoundland and Labrador Hydro Women in Engineering Scholarship	\$1,040	Kate Dobbin
Professor Bill Milne Memorial Scholarship	\$1,922	Matthew Winter
RealIT Management Scholarship	\$5,000	Emily Whelan
Rutter Inc. Scholarship – in Memory of Byron Dawe	\$987	Jared Rideout
William Edgar Memorial Scholarship	\$881	Timothy Bruneau
<u>TERM 7:</u>		
American Bureau of Shipping (ABS) Scholarship	\$5,000	Anna Gillis
Fry Family Foundation Dean's Leadership Award in Engineering	\$5,000	Zaid Duraid
Gosine Family Scholarship in Technical Communications	\$1,230	Brynn Furlong
Robin King Memorial Scholarship	\$1,000	Trevor Greene
Shell Canada Engineering Scholarship	\$1,586	Marc McShane
Stephen Crooks Memorial Scholarship	\$1,004	Isabella Day
Structural Design Inc. Scholarship in Engineering	\$551	Sarah Skinner
Suncor Energy Services Inc. Scholarship for Women in Engineering	2,500	Rebekah Gosse
Wallace Allison MacCallum Memorial Scholarship	\$895	Liam French

WORK TERM AWARDS

PEG-NL W.W. Cossitt Award: Senior Work Term Award (Work Term 4, 5, or 6)

The PEGNL Cossitt Award is awarded 3 times annually to senior engineering students (Work Term 4, 5, or 6). It is awarded based on an employer nomination, the student's work term performance, work term report or oral presentation, and academic standing. The awards are valued at \$1000 each.

Recipient: Oishik Dey

Presenter: Ms. Susan Gover, PEGNL

PEG-NL Connections East Award: Junior Work Term Award (Work Term 1, 2, or 3)

The PEG-NL Connections East Award is awarded 3 times annually to junior engineering students (Work Term 1, 2, or 3, prior to academic term 5), whom are nominated by their employers. The award is based on an employer nomination, the student's work term performance, work term report, and academic standing. The awards are valued at \$500.

Recipient: Ian Sheppard

Presenter: Ms. Susan Gover, PEGNL

WORK TERM PRESENTATIONS

Dean's Award for Winter 2026 Work Term 2 Oral Presentations	
Samantha Bruneau	Mark Butt
Flora Chisholm	Emmett Cochran
Paige Fleming	Ava Hefferton
Reece Smith	Allie Spencer

Dean's List

The Dean's List recognizes our top academic performers and is an honour that is bestowed on students with academic averages within the top 10 per cent of their class.

<u>Class of 2026</u>	<u>Class of 2027</u>	<u>Class of 2029</u>
Abigail Hurley	Anirban Mistry	Adam Penney
Akash Samanta	Benjamin Aylward	Allie Spencer
Anna Jewer	Brooke LeDevehat	Ava Keating
Benjamin Thomas	Cameron Jeans	Brendan Booth
Chantal McDonald	Cameron Stanford	Caleb Rideout
Cole Matthews	Daniel Hewitt	David Mack
Duc Huy Ngo	Eric Goulding	Dipayan Dhar
Elijah Brown	Garianna Knowles	Emily Antle
Hannah Doyle	Hitanadura Inusha De Silva	Emily Whelan
Hannah Jenkins	Isabella Day	Grace Hurley
Jacob Gillis	Jesse Ball	Jack Davis
Jacob Hickey	Liam French	Jacob McGann
Jordyn O'Brien	Marc McShane	Jared Rideout
Kamsi Ifeanyichukwu	Michael Khoury	Jonathan MacDonald
Kyle Lynch	Olivia Critch-Doran	Kaan Keskindil
Moaaz Elshabasy	Patrick Lidstone	Kareem Cromwell
Richard Atkinson	Reegan Nofall	Kate Dobbin
Sophia White	Riley Brooks	Katie Leaman
Tanzim Masood	Sami Bachour	Katie Pinsent
	Zaid Duraid	Kendra Avery
	Ziad Elraggal	MacKenzie Lee
		Morgan Hounsell
		Paige Fleming
		Samuel Marshall
		Sean Quinlan
		Timothy Bruneau
		Willis Gulliver
		Zeanarra Mijares

Angus Bruneau Award

The Angus Bruneau Award is presented to graduating students named to the Dean's List in each year of their program as engineering students.

Recipients – Class of 2026

Hannah Doyle
Jacob Hickey
Kamsi Ifeanyichukwu
Chantal McDonald
Duc Huy Ngo
Akash Samanta

Except where noted, scholarships are awarded by the Senate Committee on Undergraduate Scholarships, Bursaries and Awards on the recommendation of the Dean, Faculty of Engineering and Applied Science.

American Bureau of Shipping (ABS) Scholarship

The American Bureau of Shipping Scholarship will be awarded to full-time undergraduate students who demonstrate scholarship standing and are enrolled in the Faculty of Engineering and Applied Science in any academic term in the Ocean and Naval Architecture Program. Students in the Mechanical, Electrical and Computer Engineering program may also be eligible with consideration from the ONAE Department Head. Preference will be given to students who have demonstrated strong academics and/or work experience in the area related to a career in structural; offshore/marine industries. Winners of these scholarships will have preference (upon application) for work term placements with the American Bureau of Shipping in Houston (must be eligible for T-N Visa).

Bob Thorburn Memorial Scholarship

The Bob Thorburn Memorial Scholarship was initially established at Memorial University of Newfoundland through a gift from Quadratec Inc. This fund will provide a scholarship for a full-time undergraduate student in Academic Term 4 of the Engineering Program in either the Electrical and Computer or the Mechanical Engineering disciplines.

CBCL Limited Engineering Scholarship

This non-renewable scholarship was established by CBCL Limited. Eligible candidates must be full-time undergraduate students in the Faculty of Engineering and Applied Science, in either the Civil, Mechanical or Electrical program.

Daniel Freeman Memorial Scholarship

This scholarship was established from the contributions of many family members, friends, and fellow students in memory of Danny Freeman, a former Engineering student at Memorial University of Newfoundland. The scholarship, valued at a portion of the accrued interest, will be awarded annually, on a rotating basis, to students enrolled in either Engineering or Mathematics. Preference will be given to candidates with disabilities with consideration given to quality of character and overall perseverance.

David S. Templeton Scholarship

These scholarships were created by a generous gift from Newfoundland Power Inc. Two scholarships will be awarded annually to one female and one male student in the Faculty of Engineering and Applied Science at Memorial University of Newfoundland who are entering Term 4 and who have completed all components of the program up to Term 4. Scholarship standing as defined by the University is a major criterion but should be coupled with exemplary work term results. In addition, the candidates should have strong interpersonal and communications skills as well as good understanding of the needs and aspirations of their fellow citizens and a desire to use engineering as a vehicle to make our world a better place.

Dr. Glyn George Engineering Mathematics Scholarship

This Scholarship was established by Dr. Glyn George who has enjoyed teaching calculus courses to engineering students since 1988. Dr. George received various teaching awards, including the President's Award for Distinguished Teaching in 2016. Valued at \$3,000.00 annually, the Scholarship will be awarded to a full-time term-four undergraduate student in the Faculty of Engineering and Applied Science at Memorial University of Newfoundland. The student must have completed the term three Engineering Mathematics course and must have an average of at least 80% from the previous scholarship year. Preference will be given to international students.

Fry Family Foundation Dean's Leadership Award in Engineering

This award was established by the Fry Family Foundation to encourage Engineering students early in life to become tomorrow's great leaders. This award will be granted to a student in Term 7 in the undergraduate Engineering program at Memorial University of Newfoundland who has excelled and shown tremendous leadership throughout their studies.

Gene H. Kruger Memorial Scholarship

These scholarships are the result of a generous donation by Joseph Kruger II in memory of his father, Gene H. Kruger. These scholarships will be awarded to two students in the Faculty of Engineering and Applied Science who were born and have lived in Newfoundland all of their life. Particular emphasis should be given to those who are studying Mechanical and Electrical Engineering as well as those studying information technologies.

Gosine Family Scholarship in Technical Communications

This scholarship was established by a generous donation from the Raymond F. and Teresa Gosine Family to reflect the long association of the Gosine family with the University, and particularly with the Faculty of Engineering and Applied Science. Three generations of the family have completed the Engineering program, and family members occupy faculty and academic administrative positions with the university. One or more scholarships will be awarded annually to students in the Faculty of Engineering and Applied Science whose written work, including co-op work term reports, has shown significant improvement.

IEEE Newfoundland and Labrador Section Term 4 Scholarship

This scholarship was established by the Newfoundland and Labrador Section of IEEE (The Institute of Electrical and Electronics Engineers). This scholarship is awarded annually to a full-time undergraduate student in Term 4 of the Electrical and Computer Engineering or Computer Engineering Programs at Memorial University of Newfoundland. The recipient must be an active student member of IEEE and be of scholarship standing as defined by the University. In addition to the student's academic achievement, contributions to the IEEE student branch will be considered. In this regard, candidates must submit a one page letter describing their IEEE involvement, their professional goals and their student activities in the areas of electrical and computer and/or computer engineering. A student may not hold the scholarship more than once.

Mr. William J. Finney Scholarship in Mechanical Engineering

This scholarship, established in honour of Mr. William J. Finney, was created by his son Mr. Steve Finney. Bill grew up in St. John's and with his wife Bernice, moved to Torbay in 1965 where they raised their six children. Although Bill was a boiler maker and welder, he was also a natural-born problem solver who amazed clients, family and friends alike by his ingenuity. Bill was never happier than when he was sketching a plan to create something or solve a problem. The scholarship will be awarded to a mechanical engineering student in the Faculty of Engineering and Applied Science.

Municipalities Newfoundland and Labrador Civil Engineering Scholarship

This scholarship was established by Municipalities Newfoundland and Labrador. It will be awarded annually to a student in the Civil Engineering program at Memorial University of Newfoundland

Newfoundland and Labrador Hydro Women in Engineering Scholarship

Newfoundland and Labrador Hydro Women in Engineering Scholarship was created through a gift from Newfoundland and Labrador Hydro. This scholarship will be awarded to a full-time undergraduate female student who graduated high school in Newfoundland and Labrador and is enrolled in the Engineering and Applied Science Program at the Academic Term 4 level.

Professor Bill Milne Memorial Scholarship

The scholarship is established in memory of Professor William (Bill) Milne, the founder of the program now known as Ocean and Naval Architectural Engineering. This scholarship is the result of contributions by Ruth Milne and Prof. Milne's former students and colleagues. The scholarship recipients will be full-time undergraduate students enrolled in Term 4 of the Ocean and Naval Architectural Engineering program. Candidates must have maintained scholarship standing in Terms 1 to 3 and have demonstrated involvement in formal professional associations, such as the Society of Naval Architects and Marine Engineers.

RealIT Management Scholarship in Engineering

These scholarships were established by Mr. Edward Pham (B.Eng. '90 (Memorial); M.Eng. '92 (Carleton)). As a young student arriving from Vietnam with very little, Edward would not have been able to achieve all he has without the support of the Newfoundland and Labrador government and the academic scholarships he received from Memorial University of Newfoundland. This scholarship will be awarded annually to one student in each of Terms 3, 4 and 5 in the undergraduate engineering program at Memorial University. Students must have demonstrated exceptional academic performance and financial need and may be pursuing any discipline within the program.

Robin King Memorial Scholarship

This scholarship was established by Harbourside Transportation Consultants, in memory of Robin King, a Memorial University of Newfoundland Class of 1991 Civil Engineering graduate and one of the founders of Harbourside Transportation Consultants. Robin spent much of his career as the lead transportation engineer for the City of St. John's and manager of the City's Traffic Division before moving into consulting engineering. The scholarship will be awarded to a full-time undergraduate student in the Faculty of Engineering and Applied Science Civil Engineering program who has successfully completed term 6 and is entering term 7. Preference will go to a student who has work term experience related to transportation engineering, with additional preference given to a student having graduated from a high school in Mount Pearl, Newfoundland and Labrador, where Robin grew up, resided and raised his own family.

Rutter Inc. Scholarship - In Memory of Byron Dawe

This scholarship was originally established in 2003 by a donation from Rutter Inc. and renamed in 2012 in memory of Byron Dawe, M. Eng, one of the founders of Rutter's marine products business. It will be awarded annually to a student in Term 4 of the Electrical Engineering program at Memorial University of Newfoundland. All candidates must be residents of Newfoundland and Labrador (a person who has graduated from a high school in Newfoundland and Labrador).

Shell Canada Engineering Scholarship

This fund, a gift to Memorial University of Newfoundland by Shell Canada, will provide three scholarships annually. They will be awarded on the basis of scholarship standing to students in academic terms 5, 6, 7 or 8 of the Mechanical Engineering Program at Memorial University of Newfoundland.

Stephen Crooks Memorial Scholarship

This scholarship has been established in memory of Stephen Crooks (Civil 1982-Memorial University of Newfoundland). It will be awarded to an Engineering student, on the basis of sound scholastic record, who has completed at least five academic terms in Engineering. The student's contribution to the Engineering Faculty and Applied Science and the University, performance during work terms, and overall perseverance within the program will also be taken into consideration.

Structural Design Inc. Scholarship in Engineering

This scholarship is the result of a commitment by Structural Design Inc. It will provide one scholarship to a full-time student in Term 7 specializing in Structural Engineering.

Suncor Energy Services Inc. Scholarship for Women in Engineering

These scholarships are made possible through a generous donation from Suncor Energy Inc. The scholarships will be awarded twice per year to students in Term 5 through 8 in any Engineering disciplines. Scholarships will be awarded on the basis of scholarship standing to female students who have graduated high school in Newfoundland and Labrador. Preference will be given to students who have demonstrated community involvement and an expressed interest in the Oil and Gas sector, including but not limited to work terms with Suncor.

Wallace Allison MacCallum Memorial Scholarship

This scholarship was established by the MacCallum family in honour of their father, Wallace. It will be awarded to a third or fourth year Engineering student at Memorial University of Newfoundland. Factors such as, interest in the humanities and international affairs, marine technology, contribution to his/her engineering class, and athletic involvement may also be taken into consideration.

William Edgar Memorial Scholarship

This scholarship was established by the many classmates of William Edgar to honour his memory. William was tragically killed in a traffic accident in 1980 when he was an Engineering student. The scholarship will be granted annually to a student enrolled in any program and in any year of study in the Bachelor of Engineering degree program at Memorial University of Newfoundland. The scholarship will be awarded on the basis of exceptional leadership and outstanding contribution to the spirit among their fellow engineering students.
