

QUESTIONNAIRE ON STRANGE AND UNUSUAL ANIMALS\*

In answering this questionnaire, please feel free to give any information, whether we have asked for it or not. All information given on this questionnaire will be used responsibly, but if you wish to place any restrictions on your answer, please state them and they will be followed.

Please give your:   NAME  
                           BIRTH DATE  
                           HOME COMMUNITY  
                           PRESENT ADDRESS

\*("strange and unusual animals" include land, air, fresh water, and salt water animals such as giant squid; hairy, man-like animals; sea serpents or fresh water pond monsters; snakes; skunks; porcupines; mermaids; or seal people.)

1. Please list, describe, and give any names that you know for strange and unusual animals in Newfoundland and Labrador
2. For the above: Have you ever personally seen any of these animals? If so, when, where, and under what circumstances?
3. Do you know of any one who has seen any of the above animals? If so, when, where, and under what circumstances?
4. Is the existence of each of these animals general knowledge, known about by only a few people, or by only one person?
5. Are any of these animals known to be or considered to be dangerous to people, property or animals?

\* \* \*

6. Have you ever heard of a giant squid attacking a boat or fishing gear? Do you know of any ways of making such attacks less likely?
7. Have you ever heard of a giant squid being stranded or washed ashore locally? If so, when and where?

Please give any additional information, stories, etc., that you feel are connected with this subject. Please feel free to sketch what you saw. If you know of any local photographs of such animals, please mention them.

(Use back or extra sheet)
