

MEMORIAL PRESENTS

Fisheries Policy and Rural Revitalization: An Integrated Approach

A STIMULATING PRESENTATION

Keynote speaker, Mr. Eric Dunne, acting managing director for the Canadian Centre for Fisheries Innovation at Memorial University's Marine Institute, will discuss the development of the fishing industry as key to the economic revitalization of rural Newfoundland and Labrador.

AN EXPERT PANEL

Hear perspectives on this vital issue from Mr. Johnny Purchase, an inshore fisherman from the southwest coast, Mr. Allister Hann, mayor of Burgeo and former fisheries enforcement officer, and Dr. Noel Roy, head of the Department of Economics, Memorial University.

A DIALOGUE ON FISHERIES POLICY

Participate in a dialogue on the future of the fishing industry and rural revitalization. Challenge the panel during the question and answer period with your own ideas for better solutions to the future of the fishery.

Reception to follow.
