

# Visual Inspection Of Your Vehicle

INSPECT BEFORE WORK  
AND PROPERLY MAINTAIN  
YOUR VEHICLE

## What to look for:

- **Wheels, Rims, Lugs, Tires: are they in place, inflated?**
- **Check your spare tire, is it inflated?**
- **Brakes including Parking, are they operational?**
- **Steering, is it easily maneuverable?**
- **Lights and indicators, are they operational?**
- **Wipers, are they free and working properly?**
- **Mirror adjustments, are they placed for you?**
- **Is the horn operational?**
- **Visibility, are the windows clear?**
- **Snow on the roof, it could become a visual hazard.**
- **Engine oil and coolant levels.**
- **Windshield wash levels, are they adequate?**
- **Fan belts, Are they broken or chafed?**
