

DRIVING SAFELY IN FOG:

SLOW DOWN

- Drive at a speed that suits the situation
- Avoid abrupt stops and starts

LIGHTING

- Ensure the vehicles full lighting system is on
- Do not use high beams in fog
- Use fog lights if vehicle is equipped

DRIVING TIPS

- Increase your following distance to the car ahead of you
- Stay focused on the road
- Use the right-side pavement line as a guide
- Be patient – avoid passing, changing lanes and crossing traffic
- Reduce distractions in your car (cell phone, GPS, etc.)
- Keep windows and mirrors clean
- If you have to stop, pull completely off the road and do not stop on the travelled portion of the road
