For a Traveller with Pre-Existing Conditions

Coverage applies on an "unexpected and not preplanned" basis — such unforeseen emergencies are covered. Please consult if there is any uncertainty:

Pre-Travel Consultation (recommended)

Call Worldwide Travel Assistance, select "Pre-Travel Questions" for a Registered Nurse who can:

- Review coverage relative to your medical history
- Clarify what would be covered on your trip
- Help you prepare and travel with confidence

⚠ Flight Delay — Register First at least 24 hrs before departure

Visit flightdelayservice.ca and enter your Medavie Blue Cross access code: "MBC" followed by your group policy number and ID number (from your member card).

What To Do In A Medical Emergency

1. **Call Worldwide Travel Assistance immediately** — before seeking care whenever safe to do so.
2. They confirm coverage, connect you with accredited providers, and arrange direct billing in most countries.
3. Travelling in the U.S.? Calling first gives you access to the BlueCard network of Blue Cross Blue Shield providers.
4. If a provider requests payment after pre-authorization, call the assistance line — direct payment can often be arranged.
5. A file number is assigned on your first call — record it and quote it on every subsequent call.
