

No cost

There is no cost to use your EAP. This benefit is provided to you by your employer, and can include a series of sessions with a professional. If you need more specialized or longer-term support, our team of experts can suggest an appropriate specialist or service that is best suited to your needs. While fees for these additional services are your responsibility, they may be covered by your provincial or organizational health plan.

Confidentiality

TELUS Health EAP is completely confidential within the limits of the law. No one, including your employer, will ever know that you have used the program unless you choose to tell them.
