Dean's List 2021-2022

Every year, our Dean's List recognizes the efforts of undergraduate students who achieve significant academic success in the previous year of study.

To make the Dean's List, a student must have attained a minimum grade point average of 3.5, and an overall average of 80% (an "A" grade) in at least seven courses in an academic year.

We congratulate all those named here, whose exceptional academic performance has earned them a spot on this year's Dean's List.

Program Book Prizes

A Program Book Prize is awarded annually to one student per academic program who has demonstrated academic excellence in their declared major, and completed at least six semesters with a minimum of at least 90 credit hours. The recipient's contributions to the community and vitality of their department may also be considered.
