Fall Frecker 2022
SEPT. 11 - DEC. 9

Memorial University is pleased to acknowledge financial support from the Government of Canada and the Government of Newfoundland and Labrador for the Frecker Program.
Fall Frecker 2022

The Frecker Program is a semester-long immersion program in Saint-Pierre-et-Miquelon. Offered during the Fall semester, students complete a full university program of five courses in French at the 2000 level (see below) while living with a French family. Classes in Saint-Pierre will take place at the Francoforum, a specialized language teaching facility, and will be supervised by a Director appointed by the Department of Modern Languages, Literatures and Cultures. All travel and accommodation arrangements are made through the Francoforum.

Program courses:
French 2100 - Intermediate French I
French 2101 - Intermediate French II
French 2300 - French Phonetics
French 2900 - Francophone Cultures
French 2602 - Reading Practice

Prerequisite
French 1502 with an overall mark of 65% or special permission granted by the Head of the Department.

How to apply?
The application form for the Fall Frecker Program is available on the website of the Department of Modern Languages, Literatures and Cultures: https://www.mun.ca/languages

Application deadline
April 8th, 2022

Program cost
Participants will be required to pay the regular Memorial University tuition and fees associated with registering for five courses. There will also be a program fee of $2000. This fee will cover transportation to and from Saint-Pierre, room and board, textbooks, participation in cultural activities and excursions organized by the Francoforum as well as any COVID-19 PCR or Antigen tests that may be required to undertake travel to and from Saint-Pierre. Please note that having travel insurance with a COVID-19 inclusion is a requirement for university-related travel at this time. Travel insurance is not included in the program fee.

Vaccination
The current travel restrictions require that participants be fully vaccinated against COVID-19 by their date of travel to Saint-Pierre. For Saint-Pierre authorities, if you have received Moderna, Pfizer or AstraZeneca vaccines, you are considered fully vaccinated if you have received your 2 doses + booster. Your booster must have been administered no later than 9 months after your second dose. Proof of vaccination status will be required for travel to Saint-Pierre.
