

# Graduate Seminar

Dwayne Hart,  
Memorial University

Thursday, September 11  
1:00 pm., HH-3017.

*Computing Resources Overview*

Abstract:

The goal of this presentation is to provide background information regarding LABNet. As well provide sufficient information for the graduate students to be able to fully utilize the computational resources located within the department of Math & Stats.

Followed By:

Dr. JC Loredano-Osti,  
Memorial University

*Some concepts in LATEX*
