

# Graduate Seminar

## Speaker

**Farej Omer,  
Memorial University**

**Thursday, October 26, 2017  
1:00-2:00pm, HH-3017**

**Starter Sequences; Generalizations and Applications**

### **Abstract:**

Skolem Sequences have produced massively valuable results in Combinatorics along with their wide range of applications. In this talk, we investigate starter sequences as a generalizations of Skolem sequences.
