

MUN Internal Medicine Introducing Competency By Design: Newsletter 11

Faculty Development at Memorial

Faculty Development (FD) is an essential part of rolling out Competency by Design by July 2019.

The Faculty Development committee welcomes new members, please contact us to get involved!

Faculty Development Initiatives: Are you aware of the FD opportunities for Medicine?

Internal Medicine Faculty Development Website:

- <https://www.med.mun.ca/IMCBME/Home.aspx>

- Website features:

- CBD resources/Champions
- EPA assessment cards
- upcoming professional development events
- Archived newsletters
- Countdown to CBD
- Much more!

Workshop development (Fall 2018) and coaching

- help in designing cases and videos to teach faculty and residents 'how to appropriately coach' learners
- Our second workshop is currently in development!

Medical Education Grand Rounds sessions: Next upcoming:

- Dr. Tompkins (May 2019)

Viewpoints sessions (led by Dr. Bursey)

- opportunity to discuss CBD with other faculty members as it rolls out
- helping to troubleshoot and brainstorm about CBD

EPA assessment practice

- Come to our division meetings and learn about EPAs and how to assess EPAs

Follow us on Twitter!

@MUN_IMFD

Opportunities for growth:

- Development of upcoming workshops
- Coaching scenarios/videos
- Become a CBD Champion.
- Apply and join our committee!
