

## Resident Teaching Evaluation Policy

<b>Office of Accountability:</b>	Postgraduate Medical Education Office (PGME)
<b>Office of Administrative Responsibility:</b>	Medical Education Scholarship Centre (MESC)
<b>Approver:</b>	Postgraduate Medical Education Committee
<b>Approval Date:</b>	June 27, 2016
<b>Review Date:</b>	June 27, 2019

## Definitions

<b>Program Evaluation Subcommittee (PESC)</b>	A standing committee of the Undergraduate Medical Studies (UGMS) Committee that reviews and develops the overall framework of program evaluation for the curriculum leading to the Doctor of Medicine (M.D.) degree.
<b>Resident</b>	A trainee registered in a residency program accredited by the Royal College of Physicians and Surgeons of Canada (RCPSC) or the College of Family Physicians of Canada (CFPC).

## Overview

Throughout a residency program, residents play an important role in undergraduate medical education (UGME) as they teach medical students at the bedside, in rounds, and in the classroom. As a result, it is imperative residents receive feedback on their teaching performance to ensure they are providing effective learning experiences.

The Royal College of Physicians and Surgeons of Canada (RCPSC) and the College of Family Physicians of Canada (CFPC) [General Standards of Accreditation](#)-Standard B6 states, in part, that resident's "teaching abilities must be assessed in multiple settings, including written student assessments".

Faculty of Medicine

## Resident Teaching Evaluation Policy

Similarly, the Committee on Accreditation of Canadian Medical Schools (CACMS) Element 8.5 states, in part, that medical schools must have “formal processes in place to collect and consider medical student evaluations of their required learning experiences, teachers, and other relevant aspects of the medical education program.”

### **Purpose**

To outline the requirements for the evaluation of resident teaching by undergraduate medical students.

### **Scope**

Any resident enrolled in a residency program at Memorial University.

### **Policy**

- 1.0 Resident teaching in the UGME program will be evaluated.
- 2.0 Anonymity of the evaluators must be ensured throughout the evaluation process.
- 3.0 The Program Evaluation Subcommittee (PESC) will manage resident teaching evaluations.
- 4.0 The Program Director is responsible for disseminating the resident teaching evaluation results to the resident.
