

MEDICAL RESEARCH ENDOWMENT FUND (MRF) TERMS OF REFERENCE

The Memorial University of Newfoundland Medical Research Endowment Fund (MRF) exists to assist the Faculty of Medicine in meeting its objectives of developing and maintaining excellence in research.

From the interest accruing to the fund, disbursements will be made in support of research in the Faculty of Medicine. Included in such support may be:

- a. salary support for research personnel, fellows and students, inclusive of graduate students
- b. operating grants to Faculty members
- c. equipment grants (research)
- d. support of lectureships, seminars and workshops which will foster research

On the recommendation of the Board of Directors of the MRF, the Dean of Medicine will authorize the disbursement of funds.

The financial year upon which all accounts will be based shall be April 1 to March 31.
