19. Well Adult Male
20. Well Baby Care

SNAPPS Model of Case Presentation

S – Summarize briefly the history and findings.

N – Narrow the Dx or management to 2-3 relevant possibilities.

A – Analyze the reasoning by reviewing the findings or examining the evidence; compare and contrast.

P – Probe the preceptor by asking questions about uncertainties, difficulties or alternate approaches.

P – Plan management for the patient's medical issues.

S – Select a case-related issue for self-directed learning.
