

# Wedding Venues at Memorial

Memorial's Conference and Event Services (CES) team offers wedding settings that feel naturally special — gardens, atria, historic corners, and bright modern rooms that set the atmosphere.

From the Botanical Gardens to the Whale Atrium, each space brings its own sense of place, shaped by light, greenery, architecture, and the charm. The CES team takes pride in offering expertise and exceptional value in spaces designed to create moments that last.

# Couples Say

~  
"First off I just wanted to thank you for all of your help in putting on our wedding.

I had so many people come up to us and compliment us on the venue and tell us that it was the best wedding we ever been to so that made us feel really nice...

Also, I was able to watch the live stream after the fact and the guy you had working it, as you said, was a wizard... I just wanted to thank you again for that because I think that was really lovely and people in the wedding are now able to watch it afterwards so it just an extra thank you for that.

But overall, thank you for holding my hand through this whole thing because as you know, I really had no idea what I was doing, and we have very fond and great memories from our wedding day!"

"The team was amazing to deal with in every way, and gave 100% to us."

"I would like to extend my heartfelt thanks for providing such a wonderful location for our party...

Your attention to detail, your help in set up and willingness to accommodate our requests made the entire process so smooth and thoroughly enjoyable.

Our guests had a fantastic time, and many remarked on how impressive and welcoming the space was.

Thank you once again for your generosity and support. We truly appreciate your help in making our event so memorable. We look forward to recommending your venue to others. The availability of the piano made the evening's experience so wonderful."
