

# COVID-19 Safety Moment

## Campus Access for Events

UPDATED JULY 22, 2020

[www.mun.ca](http://www.mun.ca)

### Overview

During the COVID-19 pandemic, information continues to change and evolve as we move into a new normal of work at Memorial. We understand these are challenging and unprecedented times not only at Memorial, but around the world. We continue to encourage working from home where possible, in line with public health messages for all alert levels, yet recognize some people may have to access campus.

### Controls for campus access for events

- Before arriving on campus each day, complete a [COVID-19 self-assessment](#) check.
- Please do not come to campus if you are exhibiting flu-like symptoms. These symptoms may include fever (or signs of a fever such as chills, sweats, muscle aches and lightheadedness), cough, headache, sore throat or runny nose.
- Do not attend events on campus if you are self-isolating or travelled outside Newfoundland and Labrador (excluding Nova Scotia, New Brunswick and Prince Edward Island) within the past 14 days.
- Wash your hands often, for at least 20 seconds with soap and warm water or in the absence of water use an alcohol based hand sanitizer. Clean hands before, during and after leaving campus.
- Avoid close contact with people who are sick. Avoid touching your eyes, nose and mouth.
- Cover coughs or sneezes with a tissue, then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces.
- While on campus, maintain a physical distance of 2 metres from other people in order to stop, slow down or contain the spread of COVID-19. Everyone has a part to play in reducing the spread of COVID-19.
- Stay to the far right in hallways and stairwells.
- Frequently wipe shared, high touch surfaces.
- Read and comply with signage posted on exterior building doors and throughout the building for any additional information.
