WIMBORNE
EXAM

Dated the 23rd of November, 1790, the examination of Sarah, the wife of George Raws. She's about twenty years of age and was borned in Wimborne. She was married on about the eighth of March, 1789 at Wimborne to George Rawls. He lived in Wimborne Minster with her for about five weeks, then he left her and went to Newfoundland where he now is, as the examinant now believes. She has heard her husband say that he was legally settled at Bare Regis and that his father and mother now reside there, and that she was acquainted with her husband about two months before they were married, that she has become chargeable to the parish of Wimborne Minster and is now with child, which child is likely to be borned a bastard.

WIMBORNE
