

# Semester-at-a-Glance Calendar

The Semester-at-a-Glance calendar is a helpful planning tool that allows you to create a one-page overview of your whole semester. The calendar highlights important dates and is a great place to track exams, tests, assignments and any personal tasks. Grab your syllabi and personalize this calendar to use as a reminder of what you have coming up, and track your progression this semester!

## Tips for using the Semester-at-a-Glance Calendar

- Referring to each of your course syllabi, add all assessments and their value or percentage to your calendar. Colour code by course, if possible, for quick visual reference.
- Don't forget to include any personal commitments - add in appointments, social events, or any extracurriculars.
- Once everything is added to your calendar, identify your busiest weeks and plan ahead by breaking down larger projects and prioritizing tasks.
- Make your calendar work for you - be flexible and make changes if needed!
