Notice of Delay

NLCAHR AWARDS

March 28, 2016

Because of current fiscal uncertainties, NLCAHR will be delaying the launch of our 2016 Awards Program competition until the provincial budget has been announced and its impact on the availability of program funds at NLCAHR has been clarified.

We regret the inconvenience this may cause for potential applicants and will do our best to get the NLCAHR Awards Program launched as soon as possible.

Updates about the program will be posted on our website here:
