Faculty of Science Physics & Physical Oceanography Per-Course Appointment

The Physics & Physical Oceanography department invites applications from individuals interested in teaching the following **PHYS 1051** in the Spring 2025.

Subject to budgetary restrictions and sufficient enrolments, appointments will be made on a course-by-course basis and will not entail any obligation to conduct research or to perform any administrative service for Memorial University. Appointments will be made in accordance with the provisions in the MUN-LUMUN Collective Agreement. Course design and evaluation methods for all courses will be in accordance with the Physics & Physical Oceanography regulations and the Memorial University Calendar.

Course Title: PHYS 1051 – Oscillations, Waves, Electromagnetism

Course Schedule: Slot 6

Campus Location: St. John's Campus

Course Description: Calculus based introduction to oscillations, wave motion, electricity and magnetism, and circuits. This course requires basic algebra, trigonometry and calculus skills and is more directed towards students in Physics, Math, and Engineering programs or those students who have completed high school physics, Physics 1021 or Physics 1050.

For further information regarding this course, please visit www.mun.ca/physics
