

Calling all Space Enthusiasts:

International Space University Information Session

Friday 7 December at 1 PM

ER-4065, Alexander Murray Building, MUN

Renate Pohl and Trevor Morris will present an information session on ISU programs and funding opportunities for Canadians

The International Space University is a private non-profit institution, formally recognized as an institute of higher education in France by the French Ministry of Education.

It specializes in providing graduate-level training to the future leaders of the emerging global space community. ISU offers a two-month Space Studies Program and a one-year Masters program with core curriculums covering all disciplines related to space programs and enterprises, space science, space engineering, systems engineering space policy and law, business and management, and space and society.
