1 The Memorial University of Newfoundland Code

The attention of all members of the University Community is drawn to the section of the University Calendar titled **The Memorial University of Newfoundland Code**, which articulates the University's commitment to maintaining the highest standards of academic integrity.

2 School Description

The origin of Memorial University of Newfoundland School of Nursing dates back to August 1963 when the Association of Registered Nurses of Newfoundland submitted a brief to the University calling for the establishment of a baccalaureate program in nursing. In September 1966, the first students were admitted to the undergraduate degree program. Over its 42 year history, the School has remained responsive to the changing needs of nursing within the province and in Canada and consequently has developed and changed over time.

The educational, research and scholarly activities of the School and its faculty draw upon knowledge from the arts and sciences and from nursing and other health professions. The School and its faculty are also involved in many community outreach and professional service activities. While being responsive to national and international needs, the School acknowledges its primary responsibility to the people of Newfoundland and Labrador.

The School offers undergraduate degree programs on campus to prepare entry-level nurses for practice, and by distance for registered nurses with a diploma in nursing. A graduate degree, the Master of Nursing, is offered by the School of Graduate Studies.

Students must meet all regulations of the School in addition to those stated in the general regulations. For information concerning fees and charges, admission/readmission to the University, and general academic regulations (undergraduate), refer to **UNIVERSITY REGULATIONS**.

Further information regarding the School of Nursing is available at www.mun.ca/nursing/about_us/.

2.1 Vision Statement

The School of Nursing provides innovative leaders in nursing education and research provincially, nationally and internationally by developing quality learning and scholarship environments. Graduates of the School of Nursing will be prepared to embrace the challenges of providing health care and will be responsive to human diversity while improving health for all

2.2 Mission Statement

The School of Nursing's mission provides leadership and advances knowledge in nursing education, practice and research with the goal of promoting health and well-being.

2.3 Accreditation Status and Approval Status

2.3.1 Accreditation Status

The School of Nursing's Bachelor of Nursing (Collaborative) and the Bachelor of Nursing (Post-RN) programs are accredited to 2015 by the Canadian Association of Schools of Nursing (CASN). This seven year award is the highest award given to Schools of Nursing in Canada.

2.3.2 Approval Status

The School of Nursing's Bachelor of Nursing (Collaborative) and the Bachelor of Nursing (Post-RN) programs are approved to 2015 by the Association of Registered Nurses of Newfoundland and Labrador (ARNNL). The ARNNL approval designation assures both the public and our students that these programs prepare ethical entry-level practitioners who provide safe quality health care. These program graduates meet the requirements for licensure and professional practice as registered nurses in Newfoundland and Labrador.

3 Description of Programs

All courses of the School are designated by the abbreviation NURS.

3.1 General

The School of Nursing offers an undergraduate program leading to a Bachelor of Nursing to prepare entry-level nurses. To meet the licensing requirements for practising nursing in Canada, students must write the Canadian Registered Nurse Exam (CRNE). To be eligible to write the CRNE, candidates must graduate from an approved program offered by a School of Nursing and be recommended by the School of Nursing. In order to be recommended for the CRNE, a student must complete a comprehensive examination set by the Bachelor of Nursing (Collaborative) Program. All costs associated with these exams are the responsibility of the student.

The School of Nursing also offers an undergraduate program leading to a Bachelor of Nursing for nurses with a diploma in nursing. Students in the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option program must meet the licensing requirements for practising as a Nurse Practitioner in Newfoundland and Labrador by writing the Canadian Nurse Practitioner Family/All Ages Examination. To be eligible to write the examination, candidates must graduate from an approved School of Nursing and be recommended by the School of Nursing. In order to be recommended for the Nurse Practitioner licensure examination students must complete a comprehensive examination set by the School of Nursing. All costs associated with these exams are the responsibility of the student.

3.1.1 Bachelor of Nursing (Collaborative) Program

This four year program is designed to prepare competent entry-level nurses who will function within a variety of health care settings. The graduate is prepared to assume the roles of direct care giver, educator, counsellor, advocate, facilitator, co-ordinator of care, researcher, leader, and member of the nursing profession. This full-time program is comprised of 130 credit hours.

The School of Nursing depends on the cooperation and involvement of a large number of organizations and professional personnel in providing quality clinical placements and instruction to its students. These agencies often have a range of requirements, some of which include, a Certificate of Conduct, a Child Protection Record Check, immunizations, a First Aid Certificate, and a CPR certificate. Students unable to meet these agency requirements may be delayed in their program or prevented from completing their program of studies. All students are required to complete these requirements in a timely fashion and at their own expense. Many of these requirements must be updated annually. In order to satisfy clinical practice requirements for the Bachelor of Nursing (Collaborative) program, clinical agencies may be used 24 hours a day, seven days a week. Students may be required to attend during any of these times.

This program is offered at Memorial University of Newfoundland School of Nursing, the Centre for Nursing Studies, and the Western Regional School of Nursing. Information regarding the Centre for Nursing Studies is available at www.cns.nf.ca/, and information regarding the Western Regional School of Nursing is available at www.swgc.mun.ca/nursing.

3.1.2 Bachelor of Nursing (Collaborative) Fast-Track Option Program

The Fast -Track program is also designed to prepare competent entry-level nurses, however it is geared to students with well-developed university-level study skills. This full-time program is for current degree holders or those with advanced standing and is comprised of 94 credit hours. This option is taken over six consecutive semesters, i.e. two calendar years.

The School of Nursing depends on the cooperation and involvement of a large number of organizations and professional personnel in providing quality clinical placements and instruction to its students. These agencies often have a range of requirements, some of which include, a Certificate of Conduct, a Child Protection Record Check, immunizations, a First Aid Certificate and a CPR certificate. Students unable to meet these agency requirements may be delayed in their program or prevented from completing their program of studies. All students are required to complete these requirements in a timely fashion and at their own expense. Many of these requirements must be updated annually.

This program is offered at Memorial University of Newfoundland School of Nursing and Western Regional School of Nursing. Information regarding the Western Regional School of Nursing is available at www.swgc.mun.ca/nursing.

3.1.3 Bachelor of Nursing (Post-RN) Program

This program is designed to build on the knowledge and competencies that registered nurses acquire in their diploma program. The program content and learning activities are intended to broaden students' theoretical base within the context of health promotion and to provide opportunities for students to enhance skills such as critical thinking and research application. The program is offered entirely by distance education. The program is designed for the convenience of registered nurses who wish to continue their education but cannot attend a university campus. The full-time or part-time program is comprised of 108 credit hours.

3.1.4 Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option Program

This program is a time-limited transitional program with two intakes planned. The program consists of a 6-semester full time or an 11-semester part-time program. Admission to the program was offered in 2008 and will be offered in 2009 for 16 students. The program is primarily through distance delivery but there is a residency requirement in each semester. The full or part-time program is comprised of 111 credit hours.

New applicants to the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option will only be accepted into part-time study in Fall 2008 and into full-time study in Fall 2008 and Fall 2009. All students must complete the program no later than the 2011-2012 Winter semester.

4 Admission/Readmission Regulations for the School of Nursing

Applicants requiring additional information may e-mail nursingadmissions@mun.ca.

In addition to meeting the **UNIVERSITY REGULATIONS** students must meet the admission/readmission regulations for the School of Nursing.

4.1 General Information

1. Entry to the Bachelor of Nursing (Collaborative) four year and Fast-Track Option, and to the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option are competitive for a limited number of placements. Meeting the minimum requirements for admission does not guarantee acceptance into the selected program. The final decision on admission rests with the relevant Admissions Committee of the School.
2. Admission or readmission to the University does not necessarily constitute admission or readmission to any program.
3. Selection of candidates for Bachelor of Nursing (Collaborative) four year and Fast-Track two year Option, and to the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option is based on academic performance, relevant work and volunteer experience, references and personal statements.
4. Admission to the Bachelor of Nursing (Collaborative) Fast-Track Option is competitive for a limited number of places. Selection of candidates is based on:
 - a minimum grade point average of 3.0 on a 4 point scale in their degree program for applicants who have completed a bachelor degree;
 - a minimum overall grade point average of 3.0 on a 4 point scale in the twelve courses, 36 credit hours required for admission for applicants for advanced standing;
 - evidence of ability to successfully maintain a full course load; and
 - other criteria considered suitable for professional practice in nursing.
5. For all programs, other than the Bachelor of Nursing (Post-RN), priority is given to applicants who are residents of Newfoundland and Labrador.
6. In addition to the regular quota positions, up to three additional positions per year are available in the Bachelor of Nursing (Collaborative) four year option program for applicants of aboriginal ancestry who have met the admission requirements. Applicants must send a letter of request at the time of application and provide documentation of aboriginal ancestry.

- Applicants are required to submit a health assessment and a complete record of current immunizations at the beginning of all programs except for the Bachelor of Nursing (Post-RN) when they must be submitted prior to commencing any Nursing course with a clinical component.
- Bachelor of Nursing (Collaborative) Fast-Track and Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care applicants may be requested to attend an interview.
- Evidence of certification in Standard First Aid and Basic Life Support (CPR) level HCP, offered by The Canadian Red Cross or St. John Ambulance is required by applicants to all programs except the Bachelor of Nursing (Post-RN). Certification obtained from other organizations will be accepted if deemed equivalent by the School of Nursing.

4.2 Application Forms and Deadlines

- All programs and their options, other than Bachelor of Nursing (Post-RN) distance option, commence in the Fall semester. The deadline for application to the Bachelor of Nursing (Collaborative) Program, 4 year and Fast-Track 2 year option is March 1st. The Bachelor of Nursing (Post-RN) program applications for admission are accepted on an ongoing basis. The deadline for admission to the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option program is May 31.
- Application forms are available in person from the Office of the Registrar or by writing the Office of the Registrar, Admissions Office, Memorial University of Newfoundland, St. John's, NL, A1C 5S7. The Bachelor of Nursing (Collaborative) and the Bachelor of Nursing (Collaborative) Fast-Track Option program application for admission is also available at www.mun.ca/nursing/undergrad/collaborative/application_forms.php. The Bachelor of Nursing (Post-RN) program application for admission is also available at www.mun.ca/nursing/undergrad/post_rn/forms.php. The Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care program application for admission is also available at www.mun.ca/nursing/undergrad/nurse_prac/forms.php.

4.3 Admission Requirements to School Programs

These regulations apply to the four year and two year full-time programs.

Applicants may apply for admission to School programs under the **Categories Of Applicants, Admission Criteria and Other Information** outlined under **UNIVERSITY REGULATIONS - Admission/Readmission to the University (Undergraduate)**. In addition to meeting these regulations, applicants in the following categories, must meet the additional requirements as indicated below.

4.3.1 High School Applicants

Applicants from High School may apply for admission only to the Bachelor of Nursing (Collaborative) four year program.

- High School applicants to the Bachelor of Nursing (Collaborative) program must have completed a high school diploma, or its equivalent, as certified by the Department of Education of Newfoundland and Labrador. High School Advanced Math is preferred and science courses must include:
 - Biology 2201 and 3201 or their equivalents
 - Chemistry 3202 or equivalent

4.3.2 Memorial University of Newfoundland Applicants

Memorial University of Newfoundland applicants may apply for admission to the Bachelor of Nursing (Collaborative) four year option and the two year Fast-Track option.

- Bachelor of Nursing (Collaborative) four year option applicants must have a high school diploma, or its equivalent, as certified by the Department of Education of Newfoundland and Labrador. High School Math is preferred and science courses must include:
 - Biology 2201 and 3201 or their equivalents
 - Chemistry 3202 or equivalent
- Bachelor of Nursing (Collaborative) Fast-Track two year Option applicants must have successfully completed an undergraduate degree from a recognized university and the following courses prior to admission:
 - Statistics 2500 or equivalent, or Education 2900
 - Biochemistry 1430 or equivalent
 - Biology 3053 or equivalent

or qualify for advanced standing. An applicant who has successfully completed all the non-nursing course requirements of the Bachelor of Nursing (Collaborative) program, and who is in good standing, may qualify for advanced standing. Applicants must demonstrate successful completion of the following 12 courses, 36 credit hours prior to admission:

- 6 courses, 18 credit hours as follows: 6 credit hours from English, Biochemistry 1430 or equivalent, Biology 3053 or equivalent, Psychology 1000 or equivalent, Statistics 2500 or equivalent or Education 2900;
- 4 courses, 12 credit hours as follows: 3 credit hours from each of the following: Business, Philosophy 2500 to 2561, 2571, and 2591 or Religious Studies 2610, Political Science, and Sociology, Anthropology, or Archaeology; and
- 2 courses, 6 additional elective credit hours selected from any credit courses offered by this University.

4.3.3 Registered Nurse Designation Applicants

Applicants with a Registered Nurse designation may apply for admission to the Bachelor of Nursing (Post-RN) Distance Option or the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option.

- Bachelor of Nursing (Post-RN) Distance Option program applicants are accepted on an ongoing basis and must provide:
 - proof of practising Registered Nurse (RN) license. For the purposes of admission a RN is a Nurse who is currently registered in Newfoundland and Labrador or eligible to register in Newfoundland and Labrador, or is currently registered or eligible for registration in the province/country in which the applicant resides. Applicants must have a current, practising licence in the jurisdiction in which they plan to complete courses with a clinical component.; and
 - one letter of reference from a current supervisor of nursing position.
- Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option applicants must provide:
 - proof of practising Registered Nurse (RN) license. For the purposes of admission a RN is a Nurse who is currently registered in Newfoundland and Labrador or eligible to register in Newfoundland and Labrador, or is currently registered or eligible for registration in the province/country in which the applicant resides. Applicants must have a current, practising licence in the jurisdiction in which they plan to complete courses with a clinical component.; and

- a complete application package which includes:
 - an application to the University for those who have not attended Memorial University of Newfoundland in the two preceding semesters;
 - an application to the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option that includes a personal statement and description of relevant work experiences;
 - proof of current practicing RN license;
 - two letters of reference, one of which must be from the current nursing supervisor or employer;
 - evidence of two years of recent acute care nursing experience;
 - completed health assessment;
 - completed record of current immunization as outlined on the appropriate School of Nursing form; and
 - a letter from a primary health care physician or a primary health care nurse practitioner and a health care agency guaranteeing the applicant a preceptored clinical placement throughout the program.

4.3.4 Transfer Applicants

Transfer applicants may apply for admission to any of the School of Nursing programs.

1. Bachelor of Nursing (Collaborative) four year option applicants must have a high school diploma, or its equivalent, as certified by the Department of Education of Newfoundland and Labrador. High School Math is preferred and science courses must include:
 - Biology 2201 and 3201 or their equivalents
 - Chemistry 3202 or equivalent
2. Bachelor of Nursing (Collaborative) Fast-Track Option program applicants must have successfully completed an undergraduate degree from a recognized university and the following courses prior to admission:
 - Statistics 2500 or equivalent, or Education 2900
 - Biochemistry 1430 or equivalent
 - Biology 3053 or equivalent

or qualify for advanced standing. An applicant who has successfully completed all the non-nursing course requirements of the Bachelor of Nursing (Collaborative) program, and who is in good standing, may qualify for advanced standing. Applicants must demonstrate successful completion of the following 12 courses, 36 credit hours prior to admission:

- 6 courses, 18 credit hours as follows: 6 credit hours from English, Biochemistry 1430 or equivalent, Biology 3053 or equivalent, Psychology 1000 or equivalent, Statistics 2500 or equivalent or Education 2900;
 - 4 courses, 12 credit hours as follows: 3 credit hours from each of the following: Business, Philosophy 2500 to 2561, 2571, and 2591 or Religious Studies 2610, Political Science, and Sociology, Anthropology, or Archaeology; and
 - 2 courses, 6 additional elective credit hours selected from any credit courses offered by this University.
3. Bachelor of Nursing (Post-RN) program applicants must provide:
 - proof of practising Registered Nurse (RN) license. For the purposes of admission a RN is a Nurse who is currently registered in Newfoundland and Labrador or eligible to register in Newfoundland and Labrador, or is currently registered or eligible for registration in the province/country in which the applicant resides; and
 - one letter of reference from a current supervisor of nursing position.
 4. Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option applicants must provide:
 - proof of practising Registered Nurse (RN) license. For the purposes of admission a RN is a Nurse who is currently registered in Newfoundland and Labrador or eligible to register in Newfoundland and Labrador, or is currently registered or eligible for registration in the province/country in which the applicant resides. Applicants must have a current, practising licence in the jurisdiction in which they plan to complete courses with a clinical component.
 - a complete application package which includes:
 - an application to the University for those who have not attended Memorial University of Newfoundland in the two preceding semesters;
 - an application to the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option that includes a personal statement and description of relevant work experiences;
 - proof of current practicing RN license;
 - two letters of reference, one of which must be from the current nursing supervisor or employer;
 - evidence of two years of recent acute care nursing experience;
 - completed health assessment;
 - completed record of current immunization as outlined on the appropriate School of Nursing form; and
 - a letter from a primary health care physician or a primary health care nurse practitioner and a health care agency guaranteeing the applicant a preceptored clinical placement throughout the program.

4.4 Other Information

1. Applicants seeking clinical placements outside of Canada must satisfy the clinical agency's immunization requirements submitting documentation of its requirements to that agency at least one month in advance of the start of the semester in which the course will be taken.
2. Applicants seeking clinical placements within Canada must satisfy the School of Nursing immunization requirements outlined on the School of Nursing Immunization Requirements form. This documentation must be submitted to the Office of the Registrar in advance of the start of registration for the semester in which the course will be taken.

5 Program Regulations - General Degrees

5.1 Bachelor of Nursing (Collaborative) Program

1. The four year, 130 credit hour Bachelor of Nursing (Collaborative) program requires 94 NURS credit hours and 36 non-NURS credit hours.
2. The 130 credit hours are recommended to be taken in the academic terms in the sequence as set out in **Table 1, 2, or 3 Bachelor of Nursing (Collaborative) Program**. These courses will be offered during the same year at all sites, but the semester of course offering may vary with each site.
3. Selected nursing courses which are designed for the Bachelor of Nursing (Post-RN) program may be used as electives in the Bachelor of Nursing (Collaborative) program with permission of the Committee on Undergraduate Studies and the course instructor.

Table 1 Bachelor of Nursing (Collaborative) Program - Memorial University of Newfoundland School of Nursing (MUNSON)

| Term | Required Courses | Elective Courses |
|---------------------------|---|---|
| Fall Academic Term 1 | Biochemistry 1430 3 credit hours in English NURS 1002 NURS 1003 NURS 1004 | 6 credit hours in total chosen from any academic unit must be completed in any Academic Term or during a Spring Semester. |

5.2 Bachelor of Nursing (Collaborative) Fast-Track Option Program

1. The Bachelor of Nursing (Collaborative) Fast-Track Option program is offered at Memorial University of Newfoundland School of Nursing and the Western Regional School of Nursing.
2. The 94 credit hours may be taken in the academic terms as set out in **Table 4 Bachelor of Nursing (Collaborative) Fast-Track Option Program**. Nursing 2002 and 2502 run over the first six weeks and Nursing 3012 and 3512 run over the second six weeks. Nursing 2514 and 3514 run consecutively for 6 weeks each.

Table 4 Bachelor of Nursing (Collaborative) Fast-Track Option Program

| Term | Required Courses | Elective Courses |
|---------------------------|--|------------------|
| Fall Academic Term 1 | NURS 1002 NURS 1003 NURS 1004 NURS 1015 NURS 1016 NURS 1017 | |

| Spring Academic Term 6 | NURS 3523 NURS 4516 | |

5.3 Bachelor of Nursing (Post-RN) Program

1. The 108 credit hour Bachelor of Nursing (Post RN) program requires 42 credit hours in NURS, 21 non-NURS credit hours, and 45 unspecified transfer NURS credit hours awarded on the basis of successful completion of a diploma program in Nursing.
2. The Committee on Undergraduate Studies, School of Nursing, may recommend that a maximum of 6 transfer credits be awarded for certain post basic nursing courses/programs or for current Canadian Nurses Association certification.
3. Students are required to have a current, practising licence in the jurisdiction in which they plan to complete courses with a clinical component.

Table 5 Bachelor of Nursing (Post-RN) Program

| Required Courses | Elective Courses |
|--|---|
| 3 credit hours in English Nursing 2040 Nursing 2230 Nursing 2700 Nursing 2740 Nursing 3023 Nursing 4002 Nursing 4010 Nursing 4310 Nursing 4701 Nursing 4702 Nursing 4754 Nursing 5210 Nursing 5220 Nursing 5700 3 credit hours chosen from Philosophy 2500 to 2561, 2571, and 2591 or Religious Studies 2610 3 credit hours chosen from Statistics 2500 (or equivalent), or Education 2900 | 12 credit hours of which 6 should be at the 2000 level or above |

5.4 Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option Program

1. The 111 credit hour Bachelor of Nursing (Post RN) Nurse Practitioner Primary Health Care Option program requires 57 NURS credit hours, 45 unspecified transfer credits in NURS, and 9 non-NURS credit hours.
2. The 111 credit hours shall be taken in the academic terms in the sequence as set out in **Table 6 or Table 7, Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option Program.**
3. 9 elective credit hours comprised of 3 credit hours in English, Statistics 2500 or equivalent of Education 2900 and 3 credit hours from Philosophy 2500 to 2561, 2571, and 2591 or Religious Studies 2610 are recommended to be completed prior to required courses in both full-time and part-time options as indicated in Table 6 and Table 7.

| Winter Academic Term 11 | NURS 5370 | |

6 Promotion Regulations

These regulations apply to all programs except as noted below.

1. The Memorial University of Newfoundland School of Nursing constitutes the examining body for all School of Nursing examinations. The standing of every student will be assessed at the end of each academic semester by the Committee on Undergraduate Studies, and a grade report will be issued by the University Registrar to the individual student.
2. Students are required to achieve a grade of at least 65% or a grade of PAS as appropriate in each of the required nursing courses.
3. Except in the Bachelor of Nursing Fast-Track Option, students failing to achieve the requirements outlined above are permitted to repeat the given nursing course only once. A second failure in a given nursing course will result in withdrawal from the program. In the Bachelor of Nursing (Collaborative) Fast Track option students may be permitted, with special permission from the Directors, to resume studies within the regular stream of the Bachelor of Nursing (Collaborative) program and are subject to all its academic standards. Accordingly, invoking this clause carries over to the Bachelor of Nursing (Collaborative) program as a first failure in the relevant course(s).
4. Failure in excess of two nursing courses during the program will result in withdrawal from the Bachelor of Nursing (Collaborative) four year program, the Bachelor of Nursing (Post-RN), or the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option programs.
5. Students who are required to withdraw from the Bachelor of Nursing (Collaborative) four year program, or the Bachelor of Nursing (Post-RN) program, as outlined above in the two preceding clauses, may appeal for readmission after a lapse of two semesters by writing to the Chair, Committee on Undergraduate Studies. Students who are required to withdraw from the program a second time will not be eligible for future admission/readmission to the program.
6. A student may be required to withdraw from a nursing course with a clinical component or from the program at any time, on the recommendation of the Committee on Undergraduate Studies, if the student is deemed unlikely to profit from continued attendance in the nursing course or program and/or is deemed unsafe in a clinical setting. Students who are required to withdraw from the program for any of these reasons will not be eligible for future admission/readmission to the program or the School of Nursing.
7. Students who fail to complete a nursing course in any program, other than the Bachelor of Nursing (Post-RN) program, for a period of three consecutive semesters will be considered to have withdrawn from the program. Students who have not completed a course in the Bachelor of Nursing (Post-RN) program within the last 6 consecutive semesters will be considered to have withdrawn from the program and must apply for re-admission. Students in the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option program who fail to complete a nursing course will be considered to have withdrawn from the program and must apply for re-admission.
8. Students in the Bachelor of Nursing (Collaborative) and the Bachelor of Nursing (Collaborative) Fast-Track Option programs who wish to take a leave of absence from the program may do so only with the written permission of the Director or delegate. A leave will be granted for a maximum period of three consecutive semesters. Students on leave who plan to resume their studies must notify the Director in writing one semester prior to registration.
9. Students in the Bachelor of Nursing (Collaborative) program and the Bachelor of Nursing (Collaborative) Fast-Track Option program who voluntarily withdraw from the program prior to the conclusion of the first semester of the first year and who wish to return to the program must re-apply in competition as a new applicant.
10. Students in the Bachelor of Nursing (Collaborative) program, the Bachelor of Nursing (Collaborative) Fast-Track Option program, or the Bachelor of Nursing (Post-RN) Nurse Practitioner Primary Health Care Option program who voluntarily withdraw from the program at the conclusion of the first semester of the program, or later, and who wish to return to the program, must appeal for readmission. The letter of appeal must be directed to the Chair, Committee on Undergraduate Studies.
11. Students in the Bachelor of Nursing (Collaborative) four year and two year Bachelor of Nursing (Collaborative) Fast-Track Option program who are readmitted to the program following a period of absence, either as a result of a leave of absence or a withdrawal from the program, may be required to do remedial work upon the recommendation of the Committee on Undergraduate Studies. Remedial work may include the repetition of classroom or clinical courses.

7 Waiver of School Regulations

Any student whose request for waiver of School regulations has been denied has the right to appeal. For further information refer to **UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate) - Appeal of Regulations**.

7.1 General Information

1. The School reserves the right in special circumstances to modify, alter, or waive any School regulation in its application to individual students where merit and equity so warrant in the judgment of the Committee on Undergraduate Studies of the School.
2. All requests must be submitted to the Committee on Undergraduate Studies of the School for consideration. A student requesting a waiver of a School regulation must submit the request in writing to the Chair of the Committee on Undergraduate Studies. Medical and/or other documentation to substantiate the request must be provided.
3. Any waiver granted does not reduce the total number of credit hours required for the degree.

8 Supplementary Examinations

Any student receiving a grade of 60% in a Nursing course is eligible to write a supplementary examination in that course. Only three supplementary examinations in Nursing courses can be written during the program

In addition to meeting **UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate)**, upon successful completion of the supplementary examination, a student must also meet the promotion regulations of the School. For further information refer to **Promotion Regulations**.

1. Supplementary examinations are permitted only in Nursing courses that have a written final examination.
2. Supplementary examinations will have the same weight as final examinations for the course in determining whether the student achieves a passing grade for the course.
3. Any student writing a supplementary examination can obtain only a maximum grade of 65% in the course.
4. Supplementary examinations will be written no later than the first week of the semester immediately following the one in which the course was failed. Normally they should coincide with the writing of deferred examinations in courses where deferred examinations are granted for the semester in question. Grades for supplementary examinations must be received by the Office of the Registrar within one week following the completion of the examination.

5. A student may write a supplementary examination for any one course only once.
6. If it is mathematically impossible to achieve a passing grade in a course the student will not be granted a supplementary examination.

9 Appeal of Regulations

1. An applicant who has been denied admission has the right to appeal this decision of the Admissions Committee if it is felt by the applicant that the decision was reached on grounds other than those outlined under **Admission/Readmission Regulations for the School of Nursing**. The appeal should be made in writing within fourteen days of the notification of the decision and should be directed to the Chair, Memorial University of Newfoundland School of Nursing, Committee on Undergraduate Studies. The letter should state clearly and fully the grounds for the appeal.
2. Any student whose request for waiver of School regulations has been denied has the right to appeal. For further information refer to **UNIVERSITY REGULATIONS - General Academic Regulations (Undergraduate) - Appeal of Regulations**.

10 Course Descriptions

In accordance with Senate's *Policy Regarding Inactive Courses*, course descriptions for courses which have not been offered in the previous three academic years and which are not scheduled to be offered in the current academic year have been removed from the following listing. For information about any of these inactive courses, please contact the Director of the School.

All courses of the School are designated by NURS.

1002 Anatomy and Physiology I presents a survey of human anatomy and physiology throughout the lifespan. It includes aspects of cytology and histology that form a foundation for the practice of nursing. Special emphasis is given to the skeletal, muscular, nervous and endocrine systems.

CR: Pharmacy 2002 or the former Pharmacy 3201
LH: 2

1003 Developing Therapeutic Relationships focuses on the application of caring theory to interpersonal communications. It emphasizes the development of the role of communicator in individual and group experiences and in professional relationships. Utilizing an experiential model, laboratory experiences focus on self-awareness and group dynamics.

CO: NURS 1004
LH: 2

1004 Introduction to Nursing introduces the major concepts and theories related to the paradigm of person, health, society, nursing, environment, and nursing education in relation to the philosophy, conceptual framework and objectives of the program. Emphasis is placed on the concept of caring as the essence of nursing practice.

CR: the former NURS 1001

1012 Anatomy and Physiology II presents a survey of anatomy and physiology throughout the lifespan. It includes aspects of cytology, histology and embryology that form a foundation for the practice of nursing. Special emphasis is given to the circulatory, respiratory, urinary, digestive, and reproductive systems, including pregnancy and delivery.

CR: Pharmacy 2003 or the former Pharmacy 3202
LH: 2
PR: NURS 1002

1014 Health Assessment focuses on the development of competencies needed to assess the health status of individuals throughout the lifespan using a systematic approach. Content includes the nurse's responsibilities for health history, physical examination, interpretation of findings, and documentation.

CO: NURS 1012
CR: NURS 2040
LH: 2

1015 Health Promotion throughout the Lifespan explores nursing concepts and theories pertaining to health promotion/protection throughout the lifespan. Content includes principles of teaching/learning, introduction to community health and primary health care concepts and the determinants of health.

CO: NURS 1004 or the former NURS 1001, NURS 1003 and Psychology 1000; or admission to the Fast-Track Option
CR: the former NURS 1011
OR: 24 clinical or lab hours during the semester
PR: NURS 1004 or the former NURS 1001, NURS 1003 and Psychology 1000; or admission to the Fast-Track Option

1016 Healthy Aging will explore, in-depth, concepts and issues applicable to the well older adult (65+). Selected theories, physical changes, and psychosocial, ethical, and legal issues associated with aging will be presented.

CO: NURS 1012, 1014, and 1015; or admission to the Fast-Track Option
PR: NURS 1002, 1003, and 1004; or admission to the Fast-Track Option

1017 Fundamental Psychomotor Competencies will provide the student

an opportunity to acquire beginning psychomotor competencies that are related to the provision of client comfort and safety in a variety of settings. As well, this course provides the opportunity for the student to integrate the conceptual framework of the Bachelor of Nursing (Collaborative) program into the development of psychomotor competencies.

CH: 1
CO: NURS 1003 and 1004
LC: 0
LH: 2
PR: NURS 1003 and 1004

1520 Extended Practice I provides the student with the opportunity to integrate the knowledge and practise the competencies acquired to date. The focus is the promotion, protection and maintenance of health for individuals within the context of the family. This course is normally taught at the end of the winter semester, usually beginning during the final week of the examination period.

CO: NURS 1012, 1014 or 2040, 1015 or the former 1011, 1016, and 1017
OR: 96 clinical hours over three weeks; or 96 clinical hours during the semester for Fast-Track Option students
PR: NURS 1012, 1014 or 2040, 1015 or the former 1011, 1016, and 1017

2002 Nursing Concepts for the Care of Women and the Child-bearing Family covers major concepts in women's reproductive health. The two major foci are women and their families through all phases of childbirth and the neonatal period, and nursing care of women experiencing alterations in reproductive health.

CO: NURS 2003, 2004, and 2502
CR: the former NURS 2001
PR: NURS 1520, 2003, and 2004

2003 Pathophysiology presents general concepts of disease processes and their impact on health. The course focuses on major pathophysiological changes, including associated etiology, pathogenesis and clinical manifestations. Common illnesses are studied to illustrate these disease processes.

CO: NURS 1012
OR: tutorial 1.5 hours per week
PR: NURS 1012, Biochemistry 1430

2004 Pharmacology and Nutritional Therapies explores principles and concepts of pharmacological, nutritional and complementary therapies and management of common health problems across the lifespan. Nursing considerations and psychomotor competencies pertinent to these therapies are addressed.

CO: NURS 1012
LH: 2
PR: NURS 1012, Biochemistry 1430, and a score of 50 on the Mathematics Placement Test or Math 102N or 3 credit hours in Mathematics excluding Statistics 2500.

2014 Community Health Nursing Theory focuses on the knowledge required to practise nursing in the community with a variety of clients including individuals, families, groups and communities. It further examines the principles of primary health care, population health, and their application in community health nursing. It also focuses on the multidimensional role of the nurse.

CO: NURS 2003 and 2004, 2514
CR: NURS 4101
OR: seminar or labs 2 hours per week
PR: NURS 1520, 2003, and 2004

2040 Health Assessment focuses on the development of competencies needed to assess the health status of individuals. A systematic approach will be used for the collection and analysis of data related to the health status of the client. Interpretation of the health assessment findings and of the results of diagnostic tests will be discussed in the context of nurses' responsibilities.

CR: NURS 1014
PR: proof of current practising license as a Registered Nurse

2230 Teaching/Learning is designed to familiarize the student with theories, principles and methods of learning and teaching and to allow the

student to apply them in client teaching situations.

PR: proof of current practising license as a Registered Nurse or admission to the Bachelor of Nursing (Post-RN) Primary Health Care Nurse Practitioner Option

2502 Nursing Practice for the Care of Women and the Child-bearing Family provides the student with opportunities to apply knowledge and practise competencies acquired in NURS 2002. Selected experiences are offered in a variety of institutional and community-based settings related to the provision of nursing care for women and their families.

CO: NURS 2002
CR: the former NURS 2501
LH: 24 during the semester
OR: 80 clinical hours during the semester

2514 Community Health Nursing Practice I provides the student with the opportunity to apply knowledge and practise competencies for beginning community health nursing practice acquired in Community Health Nursing Theory.

CO: NURS 2014 or NURS 4101
OR: 96 clinical hours during the semester
PR: NURS 1520

2520 Extended Practice II provides the student with the opportunity to integrate the knowledge and practise the competencies acquired to date. The focus is on caring for adults in stable health situations and on the application of community health concepts. This course is normally taught at the end of the Winter Semester, usually beginning during the final week of the examination period.

OR: 96 clinical hours over three weeks
PR: NURS 2002, 2014, 2502, and 2514; or admission to the Fast-Track Option

2700 Nursing Theories in Practice is designed to introduce the students to the key concepts, conceptual models and selected theories of nursing. This is a required course for the Bachelor of Nursing (Post-RN) program and may be used as an elective in the Bachelor of Nursing (Collaborative) program.

PR: proof of current practising license as a Registered Nurse or admission to the Bachelor of Nursing (Post-RN) Primary Health Care Nurse Practitioner Option

2740 Current Concepts in Human Physiology is a comprehensive review of the physiology of the cell and major body systems. It assumes a basic understanding of physiology and provides the basis for concepts developed in NURS 4701 and NURS 4702.

PR: proof of current practising license as a Registered Nurse or admission to the Bachelor of Nursing (Post-RN) Primary Health Care Nurse Practitioner Option

2990 Spiritual Dimension of Nursing Practice will focus on the spiritual dimension of nursing practice. Students will explore their own personal spiritual philosophy and development. Key concepts of the spiritual dimension of nursing will be examined, such as spiritual well being, spiritual needs, spiritual distress and spiritual care. Distinction will be made between religion and expressions of spirituality.

PR: NURS 1004 or the former NURS 1001, and 1014 or be a Registered Nurse

3001 Nursing Concepts for Mental Health focuses on individuals, families and small groups experiencing psychiatric/mental health problems across the lifespan. The meaning of mental health and illness to the individual, family and vulnerable populations is explored. Course content includes counselling, psychopathology, interdisciplinary psychiatric care, community mental health concepts and analysis of sociopolitical factors/issues affecting mental health.

CO: NURS 3501
OR: seminar 2 hours per week
PR: NURS 2520

3012 Nursing Concepts for Children, Adolescents and Young Adults uses a conceptual approach to focus on the nursing care of individuals and families, from infancy to young adulthood. The emphasis is on assisting persons experiencing health related needs to achieve health and well-being.

CO: NURS 3512
CR: the former NURS 2011
PR: NURS 2520; or admission to the Fast-Track Option

3014 Nursing Concepts in Middle and Older Adulthood uses a conceptual approach and focuses on individuals and families from middle to older adulthood. The emphasis is on assisting persons experiencing acute and chronic health related needs to achieve health and well being.

CO: NURS 3514
CR: the former NURS 3111
PR: NURS 2520

3023 Counselling focuses on the counselling role of the nurse, building on the communication skills inherent in a helping relationship. Gerard Egan's model, an integral part of the course, is a problem-management and opportunity development approach to helping. Key counselling skills are discussed and students have the opportunity to practice these skills to

further enhance their ability to effectively counsel clients in a variety of nursing contexts.

CR: the former NURS 3022
PR: acceptance into the Bachelor of Nursing (Post-RN) program or admission to the Bachelor of Technology Program or admission to the Bachelor of Nursing (Post-RN) Primary Health Care Nurse Practitioner Option

3070 Health Assessment Across the Lifespan focuses on the development of competencies and assessment skills necessary for the completion and documentation of a comprehensive health assessment. Common physical alterations and developmental issues that may impact on client status and findings across the lifespan will be incorporated. Students are required to attend St. John's Campus for laboratory sessions.

CO: NURS 3380
CR: NURS 2040
PR: proof of a current practising license as a Registered Nurse.
UL: applicable only to the Bachelor of Nursing (Post RN) Nurse Practitioner Primary Health Care Option

3104 Nursing Research builds on previously introduced research concepts. It explores the research process and its inherent ethical and legal implications. The course focuses on the acquisitions of concepts used to critically appraise nursing research studies and examines the relevance of these studies for nursing practice.

CO: Statistics 2500 or equivalent, or Education 2900
CR: NURS 4002 and the former NURS 4104
PR: Statistics 2500 or equivalent, or Education 2900

3113 Nursing Leadership and Management is designed to promote an understanding of the theories and principles of leadership and management in relation to the Co-ordinator of Care nursing role. Emphasis is placed on concepts of organizational structure and function, management of client care, team building, professional development, and application of nursing theories to practice. Current issues and trends are explored.

CO: NURS 3501, 3512, and 3514
PR: NURS 3501, 3512, and 3514

3200 Transcultural Nursing - inactive course.

3380 Health Assessment Clinical Practice I focuses on the clinical application of knowledge and skills obtained in NURS 3380. Students are preceptored by either a nurse practitioner or physician in a primary health care setting to complete comprehensive health histories and physical examinations on clients across the lifespan. Students are required to attend St. John's Campus for clinical testing.

CO: NURS 3070
CR: NURS 2040
OR: 8 clinical hours per week
PR: proof of a current practising license as a Registered Nurse.
UL: applicable only to the Bachelor of Nursing (Post RN) Nurse Practitioner Primary Health Care Option

3410 Roles of Nurse Practitioners in Primary Health Care examines the role of the nurse practitioner in the delivery of primary health care. Factors affecting role implementation and its impact on health care delivery will be discussed. The historical development and future trends of nurse practitioner practice in a changing health care system will be examined.

CO: NURS 4002
PR: NURS 2700 and NURS 4002
UL: applicable only to the Bachelor of Nursing (Post RN) Nurse Practitioner Primary Health Care Option

3430 Concepts in Pharmacology Across the Lifespan focuses on the principles of pharmacology and nutritional therapies across the lifespan. Pharmacotherapeutic and nutritional management of common health problems within each body system will be discussed. Emphasis will be placed on the application of knowledge required to prescribe and monitor medication and nutritional therapies within the scope of practice for the Primary Health Care Nurse Practitioner.

CR: NURS 4702
PR: NURS 2740 and NURS 4701
UL: applicable only to the Bachelor of Nursing (Post RN) Nurse Practitioner Primary Health Care Option

3501 Nursing Practice for Mental Health provides the student with opportunities to apply theoretical knowledge and to practise competencies acquired in NURS 3001 and related courses. Selected experiences related to the provision of nursing care for individuals, families, and small groups are offered in a variety of institutional and community based mental health settings.

CO: NURS 3001
OR: 96 hours during the semester

3512 Nursing Practice with Children, Adolescents and Young Adults provides the student with opportunities to apply knowledge and practise competencies acquired in NURS 3012. Selected experiences are offered in a variety of institutional and community based settings related to the provision of nursing care for children, adolescents, young adults and their families.

CO: NURS 3012
 CR: the former NURS 2511
 LH: 24 hours during the semester
 OR: 64 clinical hours during the semester
 PR: NURS 2520; or admission to the Fast-Track Option

3514 Nursing Practice with Middle and Older Adults provides the student with the opportunity to practise competencies and apply knowledge acquired NURS 3014 and related courses. Selected experiences related to the provision of nursing care for middle and older adults, and their families are offered in a variety of institutional and community based settings.

CO: NURS 3014
 CO: the former NURS 3511
 LH: 24 hours during semester
 OR: 96 clinical hours during the semester
 PR: NURS 2520

3523 Extended Practice III provides the students with the opportunity to apply leadership and management principles in coordinating care for groups of individuals within a variety of nursing care settings. Students also have the opportunity to further develop clinical competencies acquired in previous courses.

CH: 6
 CR: the former NURS 3520 and the former 3521
 OR: 40 clinical hours per week for eight weeks
 PR: NURS 3001 and 3501, NURS 3014 and 3514, NURS 3012 and 3512, NURS 3113 and clinical placement approval from the Committee on Undergraduate Studies.

4002 Introduction to Nursing and Health Research introduces students to the key terminology, elements, and processes of research. The focus will be on understanding the components of the research process, interpreting and critically analysing nursing and health-related research studies, and understanding the importance of utilizing research for evidence based practice. Students will have the opportunity to explore methodologies in both quantitative and qualitative research.

PR: Statistics 2500 or equivalent, or Education 2900, and acceptance into the Bachelor of Nursing (Post-RN) program or admission to the Bachelor of Technology Program

4010 Community Health Nursing I introduces the student to the field of community health nursing. It focuses on the nursing care of individuals, families, groups, and the community. Core concepts include theoretic approaches to families, epidemiology, health promotion and the community as client.

CR: the former NURS 4311 or 4312
 PR: NURS 2040, 2230, 2700, 3023 or the former 3022, 4002, and proof of current practising license as a Registered Nurse or admission to Bachelor of Nursing (Post-RN) Primary Health Care Nurse Practitioner Option

4101 Community Health Nursing focuses on the knowledge required to practise nursing at the aggregate and community levels. It further examines the principles of primary health care, their application in community health nursing and the multidimensional role of the nurse. Core concepts include: community development, epidemiology, program development, and the theoretical bases of community health nursing.

CO: NURS 3523 or the former 3520, 3521, 3522, and 4501; or admission to the Fast-Track Option
 OR: tutorial 2 hours per week
 PR: the former NURS 3520, 3521, 3522, or NURS 3523; or admission to the Fast-Track Option

4103 Issues in Nursing and Health Care focuses on the development of a personal framework for nursing practice, nursing organizations at the international level and nursing's role and development within health care systems. Current trends and issues in health policy and health care are examined.

CO: NURS 3113
 PR: NURS 3113

4110 Senior Seminar follows the completion of two clinical courses taken during the final semester of the program. It is designed to allow students to share with peers and faculty their ability to critically discuss the professional competencies and issues in complex work-related situations. Students also report on significant aspects of the nursing roles in which they participated during one of the two clinical courses NURS 4512 and 4514.

CO: NURS 4512 and 4514; or admission to the Fast-Track Option
 PR: NURS 3104 or the former 4104, 4103, and 4501

4310 Community Health Nursing II allows the student to apply the knowledge and practise the competencies acquired in NURS 4010. Clinical experiences will focus on the nursing of selected families and population groups within the community, using a primary health care framework.

OR: 8 clinical hours per week
 PR: NURS 4010 and proof of current practising license as a Registered Nurse or admission to Bachelor of Nursing (Post-RN) Primary Health Care Nurse Practitioner Option.

4370 Health Assessment Clinical Practice II provides clinical opportunities

for students to complete focussed histories and physical examinations on clients across the lifespan. The integration and consolidation of knowledge and skills obtained in NURS 3070 and NURS 3380 is required. Students are preceptored in a primary health care setting by either a nurse practitioner or physician. Students are required to attend St. John's Campus for clinical testing.

CR: NURS 2040
 OR: 8 clinical hours per week
 PR: proof of a current, practising license, NURS 3070, and NURS 3380
 UL: applicable only to the Bachelor of Nursing (Post RN) Nurse Practitioner Primary Health Care Option

4501 Community Health Nursing Practice II provides the student with opportunities to apply knowledge acquired in Community Health Nursing Theory and other related courses. It also further develops competencies in community health nursing practice. In the clinical experiences, students work with selected aggregates (including individuals and families) in the community.

CO: NURS 4101 and 4103
 OR: 12 clinical hours per week during the semester for the 2008-2009 academic year; the number of clinical hours will be reduced to 8 clinical hours per week commencing in the 2009-2010 academic year
 PR: NURS 2014, 2514, and 3523; or 2514, 4101, and admission to the Fast Track Option

4512 Community Health Practicum provides students with the opportunity to integrate and consolidate knowledge and competencies acquired throughout the program and apply them to community health nursing practice. Using a primary health care framework, the student participates in strategies which facilitate the mobilization of communities toward health. Online discussions will be included.

OR: 40 clinical hours per week for four weeks
 PR: NURS 2014 or 4101, and 2514 and 4501, or admission to the Fast-Track Option

4514 Nursing Practice Elective provides students with the opportunity to practise nursing with a client population and in a setting of their choice. Students apply and test knowledge from nursing and related disciplines in this selected clinical setting. The course also enables students to further develop their professional roles.

CH: 6
 CR: the former NURS 3522 or 4513
 OR: 40 clinical hours per week for eight weeks
 PR: NURS 4101 and 4501 and clinical placement approval from the Committee on Undergraduate Studies

4515 Nursing Concepts & Practice for Complex Care provides students the opportunity to work with individuals and their families who are experiencing multiple health challenges. Students are expected to synthesize concepts and theories of nursing, science and humanities, and participate in interprofessional collaborative practice in a variety of settings to facilitate the achievement of health and well-being for clients and their families.

OR: seminars 1 hour per week
 OR: 144 clinical hours during the semester
 PR: NURS 3523 or admission to the Fast-Track Option

4516 Consolidated Practicum provides students with the opportunity to practise nursing with a select client population. Students apply and test knowledge from nursing and related disciplines in this selected clinical setting. The course also enables students to further develop their professional roles. Online discussions will be included.

CH: 6
 CR: NURS 4514 or the former 3522, and the former 4513
 OR: 40 clinical hours per week for ten weeks
 PR: NURS 4103, 4501, 4515

4701 Current Concepts in Pathophysiology reviews the most recent theories in pathophysiology, current trends in diagnosis and treatment and their nursing implications. This course assumes a basic understanding of physiology.

PR: acceptance into the Bachelor of Nursing (Post-RN Program) and NURS 2740, or admission to the Bachelor of Technology Program or admission to Bachelor of Nursing (Post-RN) Primary Health Care Nurse Practitioner Option

4702 Current Concepts in Pharmacology and Nutrition explores current principles of nutrition and pharmacology in a variety of disease states. The course will be built upon previous nutrition and pharmacology knowledge. This course assumes a basic understanding of physiology.

PR: acceptance into the Bachelor of Nursing (Post-RN) program and NURS 2740.

4754 Clinical Dimensions of Professional Nursing Practice allows students to explore in depth, concepts and practices that are relevant to all populations across a variety of care settings. Emphasis will be placed on enhancing knowledge, attitudes and skills for nursing assessment, interventions and measurement of nursing-sensitive outcomes. Students will be required to apply the knowledge gained to client situations in clinical

practice.

CR: the former NURS 4714, 4720 or 4723, 4734, and 4744

OR: 72 clinical hours during the semester

PR: NURS 2040, 2230, 2700, 3023 or the former 3022, 4002, 4701, 4702 and proof of current, practising license

5210 Health Care Systems focuses on the philosophical bases and practical considerations in the organization and administration of Health Care Delivery Systems. The planning, management and evaluation of the Canadian health care system will be compared with those of other countries. Future trends in the delivery of health care to Canadians will be discussed.

PR: admission to the Bachelor of Nursing (Post-RN) program and 3 credit hours in English and NURS 2230; or admission to the Bachelor of Technology Program and 3 credit hours in English.

5220 Professional Issues reviews the historical development of the nursing profession and facilitates discussion of factors influential in its evolution. Content will focus on the current status of nursing, ethical issues and the profession's impact on health care delivery. Selected categories of nursing theory, their impact on practice and education will be analysed in relation to major issues and future trends in nursing.

PR: Admission to the Bachelor of Nursing (Post-RN) program and 3 credit hours in English and NURS 2230.

5327 Interdisciplinary Course on Family Violence - inactive course.

5360 Advanced Clinical Decision Making – Clinical Practice focuses on the application of diagnostic reasoning and clinical decision making skills learned in N5600. Opportunities to acquire advanced skills to assist in the diagnosis and management of common health problems will be provided. Preceptored clinical experiences will be provided in primary health care practice settings. Students are required to attend St. John's Campus for demonstrations and clinical testing.

CO: NURS 5600

OR: 16 clinical hours per week

PR: proof of a current practising license as a Registered Nurse, NURS 4701, NURS 4310, and NURS 4370

UL: applicable only to the Bachelor of Nursing (Post RN) Nurse

Practitioner Primary Health Care Option

5370 Integrated Clinical Practicum provides opportunities for learners, under the mentorship of nurse practitioners and physicians, to gain experience in managing the health and illness needs of clients across the life span. Clinical learning experiences are selected to develop learner competence and confidence for the transition to the role of a Primary Health Care Nurse Practitioner. Students are required to attend St. John's Campus for clinical testing.

OR: 5 days of clinical per week

PR: proof of a current practising license as a Registered Nurse, NURS 5600 and NURS 5360

UL: applicable only to the Bachelor of Nursing (Post RN) Nurse Practitioner Primary Health Care Option

5600 Advanced Clinical Decision Making focuses on the development of diagnostic reasoning and clinical decision making skills within the scope of practice of a primary care nurse practitioner. A systematic approach to patient assessment and management of health problems will be discussed. This course integrates knowledge acquired in previous courses. Students are required to attend St. John's campus for some onsite lectures.

CO: proof of a current, practising license, NURS 4701, 4310, 4370 and 5360

PR: proof of a current, practising license, NURS 4701, 4310, 4370 and 5360

UL: applicable only to the Bachelor of Nursing (Post RN) Nurse Practitioner Primary Health Care Option

5700 Nursing Management is designed to promote an understanding of theories and principles of management of nursing practice. Process, methods and issues are considered with emphasis on practical nursing examples.

PR: admission to the Bachelor of Nursing (Post-RN) program or admission to Bachelor of Nursing (Post-RN) Primary Health Care Nurse Practitioner Option and 3 credit hours in English and NURS 2230

UL: applicable only to the Bachelor of Nursing (Post-RN) program
