5 Regulations Governing the Degree of Master of Applied Science

5.1 Industrial Internship Option
5.2 Computer Engineering

5.2.1 Program of Study
5.2.2 Qualifications for Admission
5.2.3 Degree Requirements
5.2.4 Evaluation
5.2.5 Courses

5.3 Environmental Systems Engineering and Management

5.3.1 Program of Study
5.3.2 Qualifications for Admission
5.3.3 Degree Requirements
5.3.4 Evaluation
5.3.5 Courses

5.4 Oil and Gas Engineering

5.4.1 Program of Study
5.4.2 Qualifications for Admission
5.4.3 Degree Requirements
5.4.4 Evaluation
5.4.5 Courses

6 Regulations Governing the Degree of Master of Applied Psychological Science (Co-operative)

6.1 Qualifications for Admission
6.2 Program of Study
6.3 Evaluation and Advancement
6.4 Courses

7 Regulations Governing the Degree of Master of Applied Statistics

7.1 Qualifications for Admission
7.2 Program of Study
7.3 Evaluation
7.4 Courses

8 Regulations Governing the Degree of Master of Arts

8.1 Qualifications for Admission
8.2 Program of Study and Research
8.3 Evaluation
8.4 Thesis or Report
8.5 Anthropology

8.5.1 M.A. With Thesis
8.5.2 M.A. Without Thesis
8.5.3 Courses

8.6 Archaeology

8.6.1 Program of Study
8.6.2 Courses

8.7 Classics

8.7.1 Qualifications for Admission
8.7.2 Program of Study
8.7.3 Courses

8.8 Economics

8.8.1 Qualifications for Admission
8.8.2 Programs of Study
8.8.3 Courses

8.9 English

8.9.1 Admission
8.9.2 Program of Study
8.9.3 Courses

8.10 Environmental Policy

8.10.1 Administration
8.10.2 Qualifications for Admission
8.10.3 Deadlines for Applications
8.10.4 Procedure for Admission
8.10.5 Program of Study
8.10.6 Evaluation
8.10.7 Courses

8.11 Ethnomusicology

8.11.1 Qualifications for Admission
8.11.2 Program of Study
8.11.3 Courses

8.12 Folklore

1 The Memorial University of Newfoundland Code

The attention of all members of the University community is drawn to the section of the University Calendar titled The Memorial University of Newfoundland Code, which articulates the University's commitment to maintaining the highest standards of academic integrity.

2 Student Code of Conduct

Memorial University of Newfoundland expects that students will conduct themselves in compliance with University Regulations and Policies, Departmental Policies, and Federal, Provincial and Municipal laws, as well as codes of ethics that govern students who are members of regulated professions. The Student Code of Conduct outlines the behaviors which the University considers to be non-academic misconduct offences, and the range of remedies and/or penalties which may be imposed. Academic misconduct is outlined under General Regulations - Academic Misconduct in the University Calendar.

For more information about the Student Code of Conduct, see www.mun.ca/student/sscm/conduct/.

3 General Information and Regulations Governing All Graduate Students

3.1 School Description

Memorial University of Newfoundland's School of Graduate Studies (SGS) is home to over 3,500 graduate students enrolled in over 100 graduate diploma, and master's and doctoral degree programs. The School is a central agency responsible for the collection, maintenance, and distribution of materials on graduate students. It maintains graduate files and administers graduate applications, admissions, comprehensive examinations, thesis examinations, and doctoral defences. SGS is also responsible for registral functions, graduate enrolment management, and recruitment, and administers graduate student funding including assistantships, external and internal scholarships, baseline fellowships, supervisor support, and Tricouncil global payments.

The School assists academic units in developing new program proposals and administers their approval. Through its Academic Council, SGS also provides a forum for representatives from all faculties, schools, and the Graduate Students' Union to discuss matters pertaining to graduate education. The Council ensures maintenance of standards across all graduate programs by considering policies relating to graduate studies, approving regulation changes and appeals, receiving reports from standing and ad hoc committees, and making recommendations on matters affecting graduate studies.

Additional information regarding the School of Graduate Studies is available at www.mun.ca/sgs.

Students must meet all regulations of the School in addition to the General Regulations, the Degree Regulations and any additional requirements of the appropriate Department. For information concerning fees and charges refer to Fees and Charges, UNIVERSITY REGULATIONS.

3.2 Programs

The following graduate diploma and degree programs are offered by Memorial University of Newfoundland. Interdisciplinary study is encouraged by the University, and prospective applicants should make enquiries about their interests from all the areas of study concerned.

Graduate students may enrol in certain graduate courses with the permission of the instructor and graduate officer of the academic unit offering the course, and the graduate officer of the student's home academic unit. For more information visit the School of Graduate Studies website under Graduate Studies, Interdisciplinary graduate courses.

3.2.1 Graduate Diplomas

Clinical Epidemiology
Community Health
Educational Leadership Studies
Fisheries Resource Management
Post-Secondary Studies (Health Professional Education)
Post Master's Nurse Practitioner
Safety and Risk Engineering

3.2.2 Graduate Degrees

Master of Applied Science
Master of Applied Psychological Science (Co-operative)
Master of Applied Statistics
Master of Arts
Master of Arts and Education (Education and Francophone Literatures and Cultures)
Master of Business Administration
Master of Education
Master of Employment Relations
Master of Engineering
Master of Environmental Science
Master of Gender Studies
Master of Health Ethics
3.3 Definition and Explanation of Terms Used in this Calendar

3.3.1 Special/Selected Topics Courses
Where a block of courses has been approved under a general heading such as selected topics, special areas, directed readings or like heading, each new course offered from that block of courses shall be approved in advance by the Faculty/School Council (or delegated Graduate Studies Committee). To ensure an orderly use of the courses and non-duplication between course numbers, titles and contents, the Council (or Committee) shall require the same quality and type of information as is needed for the approval of a regular course. (Consult the School of Graduate Studies or Deputy Registrar for administrative procedures.)

3.3.2 Dean of Graduate Studies
In all regulations following, reference to "the Dean" refers specifically to the Dean of Graduate Studies.

3.3.3 Credit Hour
A credit hour is the measure used to reflect the relative weight of a given course towards the fulfilment of appropriate degree, diploma, certificate, major, minor, or other program requirements. Normally, a course has a credit value of 3 credit hours. A weight of one credit hour normally means that the course meets for lectures one hour per week for the duration of a semester or two hours per week for the duration of a session. The number of hours of required instruction, outside of lecture time, such as laboratory instruction, tutorials, etc. may or may not impact on the number of credit hours assigned to a particular course and academic units may recommend to the Senate a greater or lesser whole number of credit hours for a particular course.

3.3.4 Graduate Course
1. A graduate course comprises a unit/units of work in a particular subject normally extending through one semester, the completion of which carries credit toward the fulfilment of the requirements for a postbaccalaureate degree, diploma, or certificate.
2. Accelerated courses are not normally permissible in graduate programs.
3. Courses required as part of a graduate student's program are known as program courses. Tuition for such courses is covered by the semester fee.
4. Courses which are not required as part of a graduate student's program are known as non-program courses. Students registering for such courses will be required to pay the appropriate per-course fee.

3.3.5 Policy Governing the Auditing of Courses
1. In order to audit any course, an individual must receive permission from the instructor in that course, the Supervisor/advisor, and the administrative Head of the unit in which the course is offered. Matters to be considered shall include class size, impact on students registered for credit, and other factors judged relevant by the academic unit. Permission cannot be given until the number of registrations for credit is known.
2. Individuals auditing courses shall limit their participation to that deemed appropriate by the instructor; auditors are not permitted to write formal examinations, nor to have their work formally assessed.
3. Students who require a testamur of audition may request the same from the instructor of the course. Students will not register for audit courses nor will a record of audit courses appear on students' transcripts.

3.3.6 Semester
A semester means a period of approximately 14 consecutive weeks during which the University is in regular session and in which period there are at least 12 teaching weeks as defined by the Senate. Normally the Fall semester commences in early September, the Winter semester in early January, and the Spring semester in early May.

3.3.7 Academic Year
The academic year is from September 1 of one year to August 31 of the following year.

3.3.8 Graduate Student
A graduate student is one who has been admitted to a graduate degree or a graduate diploma program.
A full-time graduate student is one who registers as such, devotes full time to his or her academic program and may not commit more than 24 hours a week working time, including teaching assistant or research assistant duties, to matters other than the degree program.
A part-time graduate student is one who is registered for the duration of a semester and is not classified as full-time.
3.3.9 Visiting Graduate Student

1. A student who is registered in good standing in a graduate program at another recognized institution who comes to Memorial University of Newfoundland to conduct research under the supervision of Memorial University of Newfoundland faculty members is considered to be a visiting graduate student. In order to obtain access to University resources such a student will be required to register each semester of their visit for GRAD 9900 using a Course Change Form.

2. To be eligible to register, a visiting graduate student must submit an Application for Admission form to the School of Graduate Studies, accompanied by: a) a letter from their home institution verifying graduate student status, and b) a letter from the host faculty member confirming the duration of the visit. The student will then be admitted to the School of Graduate Studies to a “non-degree” program.

3. Visiting graduate students will be exempt from tuition fees. However, all visiting graduate students will be required, as a condition of registration, to purchase health insurance (international students should contact the International Student Advisor, whereas Canadian citizens or permanent residents of Canada should contact the Graduate Students’ Union for more information). If a visiting graduate student wishes to register for a course while at Memorial University of Newfoundland, s/he must meet the University admission requirements and pay the undergraduate per course fee as indicated at Fees and Charges, UNIVERSITY REGULATIONS.

Note: A student enrolled in a graduate program at another university who wishes to complete courses at Memorial University of Newfoundland for transfer of credit to his/her home institution is not considered to be a visiting graduate student under this definition. Such students should apply to the Office of the Registrar for admission to the University, and if admitted, will be governed by GENERAL ACADEMIC REGULATIONS. Fees will be assessed in accordance with the fee schedule for undergraduate courses as indicated at Fees and Charges, UNIVERSITY REGULATIONS.

3.3.10 Program

1. A program, whether it comprises courses only, courses and comprehensive examination, or courses, internship, project, thesis research, paper folio is defined for each graduate student in accordance with Departmental and University Regulations. Each program of study is recommended by the appropriate academic unit, and must be approved in writing by the Dean of Graduate Studies before the beginning of the graduate student’s second year of study.

2. Responsibility for the administration of the program shall rest with the Dean acting on behalf of the School.

Note: The following general statements concerning admission and Degree requirements should be supplemented by the detailed regulations governing each program.

3.3.11 Collaborative Program Agreements

3.3.11.1 Integrated Pathway Agreements

1. Memorial University of Newfoundland supports the establishment of agreements with partner institutions that may lead to the completion of multiple degree programs through an integrated pathway.

2. Examples of such agreements include but are not exclusive to 3+1+1 and 3+1+2 arrangements whereby an undergraduate degree is awarded by the partner institution and the graduate degree is awarded by Memorial University of Newfoundland.

3. In the 3+1+1 arrangement, a student would complete 3 years of the undergraduate studies at the partner institution, finish the 4th year at Memorial University of Newfoundland, and earn the bachelor’s degree at the partner institution. The student would then enroll in and complete a 1-year master’s program and earn a master’s degree at Memorial University of Newfoundland.

4. In the 3+1+2 arrangement, a student would complete 3 years of undergraduate studies at the partner institution, finish the 4th year at Memorial University of Newfoundland, and earn the bachelor’s degree at the partner institution. The student would then enroll in and complete a 2-year master’s program and earn a master’s degree at Memorial University of Newfoundland.

5. All such agreements must comply with the general regulations governing undergraduate and graduate programs at Memorial University of Newfoundland.

6. Memorial University of Newfoundland’s Guidelines for Integrated Pathway Agreements provides details on the method of establishing such an agreement. The Guidelines are available from the School of Graduate Studies.

3.3.11.2 Cotutelle Agreements

1. Memorial University of Newfoundland offers graduate students the opportunity to carry out a joint research project through a cotutelle agreement between Memorial University of Newfoundland and another recognized institution. The student would be expected to participate in research and fulfill degree requirements at both institutions. Students who successfully complete all program requirements would earn doctoral degrees from both institutions. Memorial University of Newfoundland’s Guidelines for Cotutelle Agreements, approved by the Academic Council of the School of Graduate Studies, provides information on the details on the method of establishing such an agreement and program. The Guidelines are available from the School of Graduate Studies.

2. Upon successful completion of the program, Memorial University of Newfoundland and the cooperating institution will each issue its own doctoral degree certificate. On the certificate and subsequently on the university transcript, the following notation will be added: “This Ph.D. was awarded within a cotutelle agreement. The student was jointly enrolled at University XYZ and Memorial University of Newfoundland and successfully completed the degree requirements of both institutions.”

3. Graduate students interested in this type of program should contact the School of Graduate Studies for further information.

4 General Regulations

4.1 Qualifications for Admission

4.1.1 Graduate Diploma Programs

To be considered for admission to a Graduate Diploma program the minimum requirements will normally be a second-class degree in an appropriate area of study from a university of recognized standing.

A candidate admitted to a Graduate Diploma program, who has demonstrated to the satisfaction of the appropriate Faculty/School/Department an ability to pursue research at the master’s level, may be permitted subsequently to transfer his/her candidature to that of a master’s in the affiliated program area and will thereafter be awarded only the master’s at the end of his/her candidature.
4.1.2 Master's Programs
To be considered for admission to a Master's program, the minimum requirements will normally be a second-class degree in an appropriate area of study from a university of recognized standing.

In exceptional cases, and upon the recommendation of the appropriate academic unit, students who apply for admission and do not meet the minimum admission requirements to a Master's program described above may be considered for a qualifying year. Academic units will make recommendations for the qualifying year, including the appropriate courses to take during this period, to the School of Graduate Studies at the time of admission assessment.

4.1.3 Ph.D. and Psy.D. Programs
1. To be considered for admission to a Ph.D. program, the minimum requirements will normally be a Master's degree from a university of recognized standing, in an appropriate area of study. Other students may be considered for admission to a Ph.D. program provided that:
   a. they have been registered in a Master's program for a minimum of 12 months, and have demonstrated to the satisfaction of the Faculty/School/Department concerned their ability to pursue research at the Doctoral level. Such transfer should take place no later than the 5th semester of the student's Master's program as indicated at Fees and Charges, UNIVERSITY REGULATIONS, or
   b. they hold a Bachelor's Degree with Honours, or equivalent, from a university of recognized standing, and that the Faculty/ School/Department is satisfied of the students' ability to pursue research at the Doctoral level.

2. To be considered for admission to the Psy.D. program, the minimum requirements will normally be an undergraduate honours degree in Psychology that includes senior courses as indicated under the Regulations Governing the Degree of Doctor of Psychology.

4.1.4 Applicants Not Meeting Qualifications
Only in exceptional circumstances, and only upon the recommendation of the Faculty/School/Department concerned, will the Dean consider applicants who do not meet the requirements outlined in Qualifications for Admission, Master's Programs, or Ph.D. and Psy.D. Programs.

4.1.5 English Proficiency Requirements
Since English is the primary language of instruction at this University, all applicants seeking admission to the School of Graduate Studies must possess an adequate knowledge of written and spoken English as a prerequisite to admission. Regardless of country of origin or of citizenship status, applicants will be required to demonstrate proficiency in the English language. This demonstration may take one of the following forms:

1. Successful completion of the equivalent of three years of full-time instruction in an English language secondary institution as recognized by Memorial University of Newfoundland including successful completion of at least two courses in English at the Grade XII (or equivalent) level. Please note that these courses must be other than English as a Second Language (E.S.L.) courses.

2. Successful completion of a baccalaureate degree from a recognized University where English is the language of instruction and from which transfer of credit may be allowed by Memorial University of Newfoundland.

3. Successful completion of a post-graduate degree program at a recognized University where English is the language of instruction and from which transfer of credit may be allowed by Memorial University of Newfoundland.

4. Submission of official results of the Test of English as a Foreign Language (TOEFL) with a paper-based score of 550 (or higher)/computer-based score of 213 (or higher) or Internet-based with a score of 80 (or higher) and the Test of Written English (TWE) with a score of 4 (or higher).

5. Submission of the official results of the Michigan Test of English Proficiency with a score of 85% (or higher).

6. Submission of the official results of the English Language Testing Service (ELTS) Test with an average band score of 6.5 or higher.

7. Submission of official results of the Canadian Academic English Language (CAEL) Assessment with a minimum score of between 50 and 60 in each of four bands, with at least 2 band scores of 60.

8. Submission of official results of the Canadian Test of English for Scholars and Trainees (CanTEST) with a Band Level 4.5 in the listening comprehension and reading comprehension sub-tests and a score of 4 in writing.

9. Submission of official results of the Pearson Test of English Academic (PTE Academic) with minimum scores of 58 in each of reading, writing, listening, and speaking.

10. Only in exceptional circumstances and only upon the recommendation of the Dean/Faculty/School concerned, will the Dean consider applicants who do not meet one of the requirements listed in 1.-9. above.

4.1.6 Additional Requirements
Particular Departments/Faculties/Schools may require greater strength in English communicative skills than is indicated by the achievement of minimum scores outlined in 4., 5., 6., 7., 8., and 9. above. Any such additional requirements are detailed in the appropriate section of the Calendar.

4.1.7 English Language Requirements Subsequent to Admission
1. Students who have been admitted under English Proficiency Requirements, Clauses 4.-9. above, will be required to take an English language placement test on arrival at Memorial University of Newfoundland. On the basis of the test results, students may be required to complete successfully a course of language study designed to bring their English, in any or all of listening, speaking, reading, and writing, to a level required for graduate studies. A final assessment of the students' proficiency in these areas will normally be made no later than the end of the third semester following their first registration in the School of Graduate Studies. As a result of this assessment, and in consultation with the student's academic unit and the Department of English, there may be a recommendation for termination of the student's program.

2. Notwithstanding Additional Requirements above, if a student's Department is not satisfied with the student's ability to communicate in English, then the student may be required to complete successfully the relevant component(s) of the course of study referred to in Additional Requirements. The Department will be required to take this action within three semesters of the student's admission to a graduate program. At the end of this period the Department may recommend, but not require this procedure.
4.1.8 Foreign Degree Transcripts

Students who have completed undergraduate programs at universities which issue documents in languages other than English or French shall submit notarized English translations of all supporting documentation, including, but not limited to, transcripts, degrees, and diplomas.

4.2 Procedure for Admission

1. Application for admission to graduate studies must be made online to the School of Graduate Studies at www.mun.ca/become/graduate/apply. The application must be supported by an official transcript of the applicant’s university record. If the applicant is a graduate of another university or college, a copy of the Calendar of that institution must be included upon request. Most graduate programs have September start dates; however, some programs accept students for January and/or May admission. Deadlines for submission of applications can be as early as November for the following September; therefore, applicants should inquire about program start dates and application deadlines of the academic program of interest (see www.mun.ca/become/graduate). Non-Canadian applicants should allow four to six months for processing of official documents with Immigration authorities.

2. Admission to graduate studies shall be upon acceptance by the Dean after assessment of the qualifications of the applicant but no candidate will be admitted unless the academic unit of specialization recommends acceptance along with a proposed program of study and a proposed Supervisor or advisor or, where appropriate, a tutor. Successful applicants will be notified by the Dean of Graduate Studies.

3. The applicant may be required to appear for an interview before a final offer of admission is made.

4. It is recommended that the applicant refer to the appropriate section of this Calendar to ascertain if additional testing information or documentation is required when making initial application.

5. The University reserves the right to refuse admission to any applicant.

4.3 Registration

4.3.1 Program Registration

1. All graduate students must be registered in each semester for the graduate program registration appropriate to their discipline (see note) until all academic requirements for the degree have been met, except during periods for which leaves of absence have been granted (see Leaves of Absence).

Note: e.g., Linguistics 9000, Chemistry 9000 or, in the case of Medicine, Medicine 9900.

2. A student registered in a graduate diploma, Master’s, Ph.D., or Psy.D. program may not concurrently pursue studies leading to any other degree without the prior approval of the Dean.

4.3.2 Program Withdrawal

Students intending to withdraw from their program must inform the Dean of Graduate Studies in writing. The period of withdrawal from a program without incurring liability for that semester’s fees is three weeks after the first day of lectures in the semester in question, as stated in the University Diary. Requests received after the end of the regular registration period, and approved, will be charged an administration fee as indicated at Fees and Charges, UNIVERSITY REGULATIONS.

4.3.3 Course Registration

Note: For interdisciplinary programs, the Head of the academic unit is the Dean or Director of the Faculty/School administering the program.

1. Students will register for courses at the times indicated in the University Diary.

2. Students not admitted to a graduate program may enroll in graduate courses with the permission of the Head of the appropriate academic unit.

4.3.4 Changes in Course Registrations

Note: For interdisciplinary programs, the Head of the academic unit is the Dean or Director of the Faculty/School administering the program.

1. Within two weeks following the first day of lectures in any semester, as stated in the University Diary, a student shall, upon the approval of the appropriate Head of academic unit, drop a course or courses to his or her registration for that semester. Within seven weeks after the first day of lectures in any semester, as stated in the University Diary, a student shall, upon the approval of the appropriate Head of academic unit, drop a course or courses from his or her registration for that semester without prejudice.

3. After the period described in 2. above has expired, and up until the last day of lectures, any student who is prevented from completing a course by illness, bereavement or other acceptable cause, duly authenticated in writing, may, upon the recommendation of the Head of the appropriate academic unit, drop that course without academic prejudice.

Note: A course cannot be dropped after the last day of lectures without the approval of the Dean of Graduate Studies.

4.3.5 Period of Study

1. Each student in graduate studies shall spend such time in the program as decided by the academic unit of specialization and approved by the Dean, and be subject to the following minimum residency.

   a. Except where provided for elsewhere in this calendar, each student for a Master’s Degree shall normally spend at least two semesters in residence as a graduate student at this University.

   b. Except where provided for elsewhere in this calendar, each student for a Ph.D. or Psy.D. shall normally spend at least three semesters in residence as a graduate student at this University.

   c. To be resident as a graduate student of this university a student must be registered as a graduate student at Memorial University of Newfoundland and participate in a community of learners and instructors (formally or informally) who are joined together by the practices and standards of a profession or an academic discipline. For most students this will involve taking courses or engaging in research while resident on campus. These attributes may, however, be found elsewhere and it is possible therefore that the residency requirement may be satisfied in an off campus location. In such cases the Dean of Graduate Studies must be satisfied that the attributes are met.
d. Except where provided for elsewhere in this Calendar, each student for a graduate diploma shall normally spend at least one semester in residence as a graduate student at this University.

2. The maximum period of a graduate program shall be seven years beyond first registration.

4.3.6 Leaves of Absence

4.3.6.1 General

1. A leave of absence is a period of time during which a student is not required to register; no fees are assessed; and the time granted is not counted in the maximum time period permitted for a graduate program (see Period of Study).

2. In the event that circumstances prevent a student from pursuing his/her program, the student may apply to the Dean of Graduate Studies for a leave of absence.

3. A student may normally apply for only one leave of absence during his/her program. The maximum leave of absence shall normally not exceed 12 months.

4. An application for leave will normally be made before the end of the registration period in the first semester for which leave is requested. Requests received after the end of the regular registration period, and approved, will be charged an administration fee as indicated at Fees and Charges, UNIVERSITY REGULATIONS.

4.3.6.2 Parental

A student may apply for a leave of absence in the case of pregnancy/birth/adoption of a child. (Such leave will be considered separately from 3. above.)

4.4 Program Requirements

Note: Every candidate shall complete a program of study as recommended by the Head of the academic unit, in consultation with the Supervisory Committee and approved by the Dean of Graduate Studies. See Procedure For Admission, Clause 2.

4.4.1 Graduate Diploma and Master's Programs

1. Candidates should consult the appropriate Department/Faculty/School regulations for information concerning the specific program requirements. Candidates wishing to take individual courses outside of their program of study must seek approval from the Head of their academic unit prior to registration.

2. Graduate diploma programs shall not normally comprise more than 50% of the master's in the same area.

4.4.2 Ph.D. and Psy.D. Programs

1. Each candidate is required to pass a comprehensive examination (see Comprehensive Examinations, Ph.D. and Psy.D. Comprehensive Examination).

2. Each candidate shall present a thesis embodying the results of original research.

3. Candidates should consult the appropriate Department/Faculty/School regulations for information concerning the specific program requirements. Candidates wishing to take individual courses outside of their program of study must seek approval from the Head of their academic unit prior to registration.

4. Candidates may pursue a specified part of their research elsewhere provided that prior permission has been obtained from the Dean on the recommendation of the Head of the academic unit in consultation with the Supervisory Committee.

4.4.3 English Writing Requirement

Given the analytical and scholarly demands of study at the graduate level, graduate students are expected to demonstrate an advanced facility with written English in meeting the demands of their course work and, where applicable, in the writing of any end-of-program research report, folio, comprehensive examination, or thesis.

4.4.4 Changes in Programs

Any changes in the candidate's program of studies must be approved by the Dean of Graduate Studies on the recommendation of the appropriate academic unit.

4.4.5 Research Involving Animals

Animal user training for any graduate student working with live vertebrate animals is mandated by the Canadian Council on Animal Care as a requirement for institutional accreditation. Supervisors are required to add the names of graduate students requiring such training to the relevant Animal Care Committee-approved research protocol by submitting an amendment form. Where a dedicated protocol will be developed for the student’s project, a new protocol form must be submitted. Animal Care Committee approval is required in advance of students commencing animal work. Further information may be obtained by contacting acs@mun.ca or by telephone to (709) 777-6620.

4.4.6 Graduate Student Conduct

All graduate students shall adhere to Memorial University’s policies and guidelines relating to academic scholarship, integrity, and ethical conduct informing the design, conduct, and reporting of responsible research.

4.4.7 Year of Degree and Departmental Regulations

1. A student completing a graduate degree program in the School of Graduate Studies will follow the degree and Faculty/School/Department regulations in effect in the year in which the student first registers for his/her current program. However, students may elect to follow regulations introduced subsequent to their initial registration.

   Note: The foregoing notwithstanding, in the case of students who have submitted a thesis/report/folio, or students in a non-thesis program who have taken a comprehensive examination, the option of changing regulations is no longer available.

2. When there is doubt as to which degree or Departmental regulations may be followed, the Academic Council of the School of Graduate Studies will decide which are the appropriate regulations.

3. Notwithstanding these guidelines, the University may place limits on the time permitted to complete a program under any given set of regulations. In addition, detailed scheduling of courses and/or work periods may be changed as the University deems appropriate.
or necessary.

4.4.8 Transfer of Course Credits
All such transfers require the approval of the Dean of Graduate Studies, on the recommendation of the Head of the appropriate academic unit.

1. A student who has successfully completed graduate courses at Memorial University of Newfoundland prior to admission to a graduate program may apply to transfer appropriate courses to that program, provided such courses have not been used to satisfy other Degree requirements.

2. A student who has successfully completed graduate courses as part of one graduate program at Memorial University of Newfoundland, and who is subsequently admitted to another program, may apply to transfer appropriate courses to the current program, provided such courses have not been used to satisfy other Degree requirements.

3. A student who has successfully completed graduate courses at another institution recognized by Senate may, on admission to a graduate program at Memorial University of Newfoundland, apply to transfer appropriate courses to the current program, provided such courses have not been used to satisfy other Degree requirements.

4. Students who successfully complete a graduate diploma program may transfer the course credits earned in that program towards a master's degree if these credits meet the requirements of the master's in the affiliated area in which the graduate diploma was granted.

Affiliated Master's programs for graduate diploma programs currently offered by the School of Graduate Studies are as follows:

- **Education**
  - Graduate Diploma in Post-Secondary Studies (Health Professional Education) - Master of Education (Post-Secondary Studies)

- **Engineering**
  - Graduate Diploma in Safety and Risk Engineering - Master of Engineering

- **Marine Studies**
  - Graduate Diploma in Fisheries Resource Management - Master of Marine Studies (Fisheries Resource Management)

- **Medicine**
  - Graduate Diploma in Clinical Epidemiology - Master of Science in Medicine (Clinical Epidemiology)

  - Graduate Diploma in Community Health - Master of Science in Medicine (Community Health) and Master of Public Health

5. In programs requiring a minimum of 12 credit hours or more, transfer of credit hours in graduate courses referred to in 1., 2., and 3. above shall not exceed 30% of the total number of credit hours required. In programs requiring fewer than 12 credit hours, a maximum of 3 credit hours in graduate courses referred to in 1., 2., and 3. above shall be considered eligible for transfer.

6. Graduate courses referred to in 1., 2., 3., and 4. above shall not be considered eligible for transfer if they have been completed more than seven years prior to the date of admission into the current program.

4.5 Provision for Waiver of Regulations
Academic regulations notwithstanding, the University reserves the right in special circumstances, to modify, alter or waive any regulation in its application to individual students where, in the judgement of the appropriate University Officer or Committee, there is sufficient justification for doing so.

1. Waivers of course prerequisites/co-requisites may be granted by the Head of an academic unit.

2. Waivers of Departmental regulations may be granted by the Dean of Graduate Studies on the recommendation of the Head of an academic unit.

3. Requests for waiver of a degree or general regulation must be submitted to the Academic Council of the School of Graduate Studies.

4.6 Appeal of Decisions

4.6.1 General Information

1. Every graduate student has the right to appeal decisions resulting from the application of University regulations.

2. Appeals will be considered in the case of health issues, bereavement, and/or other acceptable cause, duly authenticated.

3. For assistance in the appeals process, a student is advised to consult with the School of Graduate Studies.

4. In preparing an appeal a student may consult advisors or facilitators. Such advisors or facilitators may include an international student advisor, a faculty advisor, a counsellor, a representative from the Memorial University of Newfoundland Graduate Students' Union (GSU), or a faculty member who is familiar with the appeals process and who is willing to undertake the role of student advisor or facilitator.

5. Appeals are made before specific committees that exist at the University to provide an objective review of cases. The appeals process is designed to assist students at critical points in their graduate program and to provide an accessible and transparent process for students. Refer also to Routes of Appeal of Academic Regulations for information concerning where appeals should be directed.

6. The principles of natural justice shall be applied to the appeals processes and decisions. These principles include, but are not limited to, such practices as all parties to the appeal receiving timely and adequate notice, all parties to the appeal having the opportunity to submit arguments and supporting documentation, and all parties to the appeal being made aware of the evidence considered by the committee. No person will sit in judgment on an appeal if that person has been previously involved in a decision-making process related to the matter under appeal or if that person has any conflict of interest, bias, or reasonable apprehension of bias.

7. While the University makes provision for students to appeal decisions made under University regulations, the academic, financial, or other consequences of the appeal process rests with the student.

8. When an appeal is denied, the student will be advised in writing of the reasons for the decision and if there are further steps that can be taken in the appeals process.

9. A student whose appeal is denied by the Appeals Committee of the School of Graduate Studies may appeal to the Senate Committee on Academic Appeals. Academic units whose decisions are overturned by the Appeals Committee of the School of
Graduate Studies may appeal to the Senate Committee on Academic Appeals. Decisions of the Senate Committee on Academic Appeals are final and within the University there is no further appeal.

10. Unless the student bringing the appeal requests otherwise, student appeals are heard anonymously by all committees except the Senate Committee on Academic Appeals.

### 4.6.2 Routes of Appeal of Academic Regulations

1. Normally, the responsibility for making an appeal before the appropriate committee of the University rests with the student.

2. A student who is ineligible to officially register for courses but who wishes to attend classes, laboratories, or other educational activities while an appeal is in progress can do so only with the written permission of the Head of the academic unit concerned. Such permission will not unnecessarily be withheld.

3. A student whose request for waiver of regulations has been denied may direct the appeal as described below.
   - Appeals against decisions of the Head of an academic unit will be made directly to the Dean of Graduate Studies.
   - Appeals against decisions of the Dean may be made to the Appeals Committee, School of Graduate Studies. Letters of appeal should be directed to the Chair of the Appeals Committee, c/o School of Graduate Studies.
   - Appeals against decisions of the Executive Committee of the Academic Council may be made to the Appeals Committee, School of Graduate Studies. Letters of appeal should be directed to the Chair of the Appeals Committee, c/o School of Graduate Studies.
   - Appeals against decisions of the Appeals Committee, School of Graduate Studies, may be made to the Senate Committee on Academic Appeals, c/o Office of the Registrar.

### 4.6.3 Route for Questioning Grades of Courses and Examinations

1. Appeals cannot be made on the basis of the grades awarded in individual courses, Comprehensive Examinations, or examinations of theses and reports.

2. Notwithstanding the above, and recognizing that the awarding of grades is an academic matter within the purview of experts in a discipline or subject area, a student who wishes to question the award of grades in individual courses is encouraged to consult with the following in the order given:
   - the course instructor
   - the Head of the appropriate academic unit
   - the Dean of the appropriate Faculty/School, Associate Vice-President (Academic) of the Grenfell Campus or Vice-President of the Marine Institute.

3. A student who wishes to question the grade of a Comprehensive Examination, or the examination of a thesis or report, is encouraged to consult with the Dean of Graduate Studies.

### 4.6.4 Appeals to the School of Graduate Studies

1. All appeals must be made in writing, clearly stating the basis for the appeal, and must be directed to the Dean or the Chair of the Appeals Committee of the School of Graduate Studies in accordance with **Routes of Appeal of Academic Regulations**.

2. In the Letter of Appeal, the student must clearly and fully provide:
   - name,
   - current address and telephone number,
   - Memorial University of Newfoundland e-mail address,
   - student ID number,
   - the decision being appealed,
   - the grounds for the appeal, and
   - the resolution being sought.

3. When providing grounds for the appeal, including health issues, bereavement and/or other acceptable cause, a student must present independent evidence to corroborate statements made in the Letter of Appeal. Preferably, this evidence will come from a professional, such as a health professional, a counsellor, or a professor. However letters from other knowledgeable parties may be acceptable.

4. A student shall include with the letter of appeal any submissions the student wishes to make in support of the appeal.

5. In cases where an appeal is made on health issues, the student must provide an original certificate from a health professional in the form of a note or a letter. Such a certificate must be sufficiently specific to allow appropriate consideration of the student’s case. The certificate must also clearly state that, in the opinion of the health professional, the problem was serious enough to have interfered with the student’s work. Students should refer to the policy respecting **Information Required for Certificates from Health Professionals** for more complete information.

6. A student claiming bereavement as grounds must provide an obituary notice or death certificate, together with evidence of a close personal relationship between the student and the deceased.

7. Privacy and Confidentiality: the committees to which appeals are made do require substantial information about the reasons for the appeal in order to make their decisions. However, the committees also recognize each student's right to privacy and their obligations, under the Access to Information and Protection of Privacy Act, to safeguard students' personal information.

### 4.6.5 Appeals to the Senate Committee on Academic Appeals

1. Appeals shall be initiated by submitting a written Notice of Appeal, c/o Office of the Registrar, containing the following:
   - name,
   - current address and telephone number,
   - Memorial University of Newfoundland e-mail address,
   - student ID number,
   - a copy of the decision giving rise to the appeal,
Evaluation Methods and Grading

1. Students shall write their examinations in graduate courses at a time to be determined by the Head of the academic unit on the recommendation of the Faculty member(s) concerned.

2. A written copy of the course outline, including method of evaluation in the course, shall be provided to each student in the course as early as possible, and in any case not later than two weeks after the start of the course.

3. The final evaluation submitted to the Registrar shall consist of one of the following letter grades with the appropriate numerical equivalent:
Supplementary examinations are not permitted.

4.7.2 Evaluation of Graduate Students

1. Failure to attain a final passing grade of A or B in a program course shall lead to termination of a student's program unless:
   a. the regulations for a particular degree allow the student to repeat the course. Only one such repeat will be permitted in a student's program. Failure to obtain a grade of A or B in the repeated course shall lead to termination of the student's program.
   b. the Dean of Graduate Studies approves a repeat of the course, upon the recommendation of the Supervisor and the Supervisory Committee supported by the Head of the academic unit, where 1.a. above does not apply. Such recommendations must provide sufficient grounds for a repeat. Only one such repeat will be permitted in a student's program. Failure to obtain a grade of A or B in the repeated course shall lead to termination of the student's program.

Note: In exceptional circumstances, the Dean of Graduate Studies may approve a substitute course in place of the repeat upon the recommendation of the Supervisory Committee and Supervisor supported by the Head of the academic unit. Failure to obtain a grade of A or B in the substitute course shall lead to termination of the student's program.

2. Failure in a non-program course will not normally result in termination of a student's program.

3. The Supervisor and the Supervisory Committee may recommend that a candidate be required to withdraw from the program, if after consultation with the candidate, the candidate's non-course work is deemed to have fallen below a satisfactory level.

4. When Departmental requirements for a degree requires an examination of a candidate's reading knowledge of a language(s) other than English, the examination shall be set and marked by the appropriate language Department, or by an authority as determined by the Head of the academic unit and Dean. The results of the examination will be transmitted to the candidate by the Dean.

4.7.3 Deferral of Examinations

1. Graduate students who are prevented by illness, bereavement or other acceptable cause, duly authenticated, from writing final examinations may apply, with supporting documents within one week of the original examination date to the appropriate Head of the academic unit to have their examinations deferred.

2. The Department's decision, including information on the appeals route open to the student in the case of a negative decision, must be communicated in writing to the student and to the Dean of Graduate Studies within one week of the receipt of the student's complete application.

3. In those cases where the Department accepts the extenuating circumstances the student may be permitted to write a deferred examination or, with the consent of both the Department and the student, the grade submitted may be based on term work alone.

4. An interim grade of 'ABS' will be assigned by the academic unit in the case of a student granted a deferred examination. This grade will be replaced by the final grade which must be received by the Office of the Registrar within one week following the commencement of classes in the next academic semester or session.

5. Students who are prevented by illness or bereavement or other acceptable cause, duly authenticated, from writing a deferred examination, may apply, in writing, with supporting documents within one week of the scheduled date of the deferred examination to the appropriate Department Head to have the examination postponed to a time not later than the last date for examinations in the semester following that in which the student was enrolled in the course.

6. The Department's decision, including information on the appeals route open to the student in the case of a negative decision, must be communicated to the Registrar, to the student and to the Dean of Graduate Studies within one week of the receipt of the student's complete application.

4.7.4 Incomplete Grades/Change of Grade

1. For good cause a grade of 'Incomplete' may, with the approval of the appropriate Department or academic unit, be submitted. This 'Incomplete' grade shall, however, be valid only for one week following the commencement of classes in the next academic session as stated in the University Diary. In the event that a mark has not been received by the Registrar within the prescribed deadline, the 'Incomplete' grade shall be changed to 'F'.

2. Clause 1. notwithstanding, for acceptable cause an extension of time not exceeding the end of the semester following that in which the 'Incomplete' was given may be permitted by the Head of the academic unit. "Acceptable cause" in these cases must be duly authenticated and will be illness, bereavement, serious problems of a personal nature or the like.

3. Changes in grades for graduate courses must be submitted on the appropriate form, which must be signed by the course instructor and approved by the Head of the appropriate academic unit who will submit such changes to the Registrar.

Note: A grade of less than 65% cannot be changed without the approval of the Dean of Graduate Studies.

4.7.5 Re-Reading of Examination Papers
1. Students may apply to have a final examination paper re-read whether or not they have obtained a passing grade in that course.
2. Students who wish to have a final examination paper re-read must make written application to the Registrar enclosing the appropriate fee per paper within one month of the release by the University of the grade reports. If the mark is raised after re-reading, the fee is refunded. If the mark is unchanged or lowered, the fee is forfeited.

4.8 Comprehensive Examinations

4.8.1 Master's Comprehensive Examination
1. The composition of the Comprehensive Examination Committee is specified in the Degree and Departmental regulations, and the Committee is appointed by the Dean. The Dean of Graduate Studies or delegate may exercise the right to attend. All members of the Committee including the Chairperson, but excluding the Dean of Graduate Studies, shall be voting members.
2. In this examination the candidates must demonstrate an advanced knowledge of the academic discipline as defined by the academic unit in which they are students. Therefore, in order to be eligible to sit the examination, all course requirements must normally be completed.
3. In cases where there are multiple parts to a comprehensive exam, including written and oral parts, a candidate must satisfy all parts of the examination to obtain a pass. The requirements to advance to a later part of the examination are specified in the Degree and Departmental regulations or by the appropriate academic unit.
4. Members of the Comprehensive Examination Committee shall decide the results of the comprehensive examination as indicated in a.-d. below:
   a. The category of ‘pass with distinction’ will be awarded to candidates who demonstrate superior knowledge of their chosen field. This category requires unanimous support of the Comprehensive Examination Committee.
   b. The category of ‘pass’ will be awarded to candidates who demonstrate an acceptable knowledge of their chosen area and requires a simple majority vote.
   c. The category of ‘re-examination’ selects those candidates with an understanding of their research area that lacks sufficient depth and scope as indicated by a simple majority of the Comprehensive Examination Committee. Only one such re-examination is possible and students in this category are not eligible for the award of ‘pass with distinction’. If a re-examination is to be held, it must be conducted not less than one month and not more than six months after the first examination. The decision of the voting members of the Committee following this re-examination can only be ‘pass’ or ‘fail’ decided by simple majority. Failure will lead to immediate termination of the candidate's program. There is no option for further re-examination.
   d. Students awarded a ‘fail’ are deemed, by unanimous vote of the Comprehensive Examination Committee, to be unable to demonstrate an adequate understanding of their research area. The candidate’s program is terminated. A simple majority vote will default to the award of ‘re-examination’.
5. The Chairperson of the Comprehensive Examination Committee shall report to the Head of the academic unit who shall report to the Dean. The result of the comprehensive examination(s) shall be reported to the candidate by the Dean.

4.8.2 Ph.D. and Psy.D. Comprehensive Examination
1. The candidate shall submit to a comprehensive examination, which may be written or oral or both as determined by the academic unit. Candidates shall normally take the examination no later than the end of the seventh semester in the doctoral program. Unless an extension is approved by the Dean of Graduate Studies, failure to take the examination at this time will result in the termination of the candidate's program.
2. This examination, whether written or oral, shall be conducted by a Committee appointed by the Dean of Graduate Studies on the recommendation of the academic unit. It shall consist of the Head of the academic unit (or delegate) who shall be the Chairperson, the candidate’s Supervisor (or, where a Supervisor has not yet been appointed, the Graduate Officer or Chair of the Graduate Studies Committee), the Dean of Graduate Studies (or delegate), and at least three other members, the total voting members to be an odd number. All members of the Committee including the Chairperson, but excluding the Dean of Graduate Studies, shall be voting members.
3. In this examination, the candidate must demonstrate a mastery of those sub-disciplines appropriate to his/her research area, as defined by the academic unit in which he or she is a student. Therefore, in order to be eligible to sit the examination, all course requirements must normally be completed. The sub-disciplines upon which the candidate will be examined should be made known to the candidate no later than three months prior to the examination. The candidate must further be able to relate the specialization to the larger context of these sub-disciplines.
4. In cases where there are multiple parts to a comprehensive exam, including written and oral parts, a candidate must satisfy all parts of the examination to obtain a pass. The requirements to advance to a later part of the examination are specified in the Degree and Departmental regulations or by the appropriate academic unit.
5. Members of the Comprehensive Examination Committee shall decide the results of the comprehensive examination as indicated in a.-d. below:
   a. The category of ‘pass with distinction’ will be awarded to candidates who demonstrate superior knowledge of their chosen field. This category requires unanimous support of the Comprehensive Examination Committee.
   b. The category of ‘pass’ will be awarded to candidates who demonstrate an acceptable knowledge of their chosen area and requires a simple majority vote.
   c. The category of ‘re-examination’ selects those candidates with an understanding of their research area that lacks sufficient depth and scope as indicated by a simple majority of the Comprehensive Examination Committee. Only one such re-examination is possible and students in this category are not eligible for the award of ‘pass with distinction’. If a re-examination is to be held, it must be conducted not less than one month and not more than six months after the first examination. The decision of the voting members of the Committee following this re-examination can only be ‘pass’ or ‘fail’ decided by simple majority. Failure will lead to immediate termination of the candidate's program. There is no option for further re-examination.
   d. Students awarded a ‘fail’ are deemed, by unanimous vote of the Comprehensive Examination Committee, to be unable to demonstrate an adequate understanding of their research area. The candidate’s program is terminated. A simple majority vote will default to the award of ‘re-examination’.
6. The Chairperson of the Comprehensive Examination Committee shall report to the Head of the academic unit who shall report to the Dean. The result of the comprehensive examination(s) shall be reported to the candidate by the Dean.
4.9 Supervision

4.9.1 Master’s Candidates

Each Master’s candidate shall be assigned a Supervisor by the Dean, on the recommendation of the Head of the academic unit, or the Dean of the faculty concerned.

4.9.2 Ph.D. and Psy.D. Candidates

1. Each candidate shall be assigned a Supervisor by the Dean, on the recommendation of the Head of the academic unit or the Dean of the faculty concerned.
2. A Supervisory Committee shall be appointed for each candidate by the Dean. The Supervisory Committee shall consist of the Supervisor (co-supervisors) who shall act as Chair, and normally at least two other members. In no circumstances may the Committee membership be fewer than two members. The membership of the Committee shall be nominated by the Head of the Department or the Dean of the faculty concerned, after consultation with the Supervisor and the candidate.
3. The Supervisory Committee shall forward its reports and recommendations to the Dean via the Head of the Department or the Dean of the faculty concerned.
4. The functions of the Supervisory Committee shall be, inter alia,
   a. to decide, in consultation with candidates, the program of study, the subject of research, and the title of the thesis, and to recommend these for approval to the Dean;
   b. to monitor the candidate’s progress in their course programs and their research;
   c. to report at least annually to the Dean on the candidates’ progress and, at the same time, to advise on their continuation in the program; and to make such other reports and recommendations about the candidates to the Dean as it may deem necessary;
   d. to recommend to the Dean, after consultation with the candidates, necessary changes in the program of study, the subject of research, or the title of the thesis;
   e. to recommend to the Head of the academic unit or Dean of the faculty the timing of the comprehensive examination;
   f. to report to the Dean that the thesis is ready for examination by completing a Supervisor Approval Form, which is to accompany the thesis upon its submission to the School of Graduate Studies; and
   g. to recommend to the Dean suitable persons to act as members of the Thesis Examining Board.

4.9.3 Supervisory Reports

1. At least annually, the Supervisor, Supervisory Committee or the Department shall make evaluations of a student's progress in a program. Recommendations concerning continuation, amendment, or termination (see Termination of a Graduate Program) of a candidate's program, are sent to the Dean, who shall take appropriate action. Students shall be advised of the contents of this evaluation and the subsequent recommendation(s).
2. The Supervisor, Supervisory Committee, or the Department shall forward its reports and recommendations to the Dean via the Head of the academic unit or the Dean of the faculty concerned.

4.10 Theses and Reports

4.10.1 Thesis/Report Guide Supplement

The Guidelines for Theses and Reports, available at (www.mun.ca/sgs/go/guid_policies/theses.php), approved by the Academic Council of the School of Graduate Studies, provides the details for the examination process, general form and style of the thesis/report, required forms, number of copies, etc., required under this regulation.

4.10.2 Submission

1. Candidates must submit the thesis/report at least four months before the University Convocation at which the award of the Degree is expected (see University Diary in current edition of University Calendar for exact date). The School of Graduate Studies does not accept any responsibility for completing the prescribed procedure in time for the nearest Convocation unless theses or reports are submitted by the prescribed dates in any current academic year.
2. A thesis/report may not be submitted until the candidate has fulfilled:
   a. All course requirements, if any
   b. All language requirements, if any
   c. The comprehensive examination, if required, and
   d. All other academic requirements of the academic unit concerned.

4.10.3 Evaluation of Master’s Theses and Reports

1. Final examiners for the thesis/report will be appointed by the Dean on the recommendation of the academic unit. There will be two examiners for a Master’s thesis. Examiners shall normally be those who have completed a graduate degree at the doctoral level, including a thesis, in the discipline or cognate area. Those serving as examiners shall not have been involved in the preparation of the thesis/report.
2. Examination of the thesis/report will result in one of the following recommendations by each examiner. The thesis/report is:
   a. acceptable without modifications; or
   b. acceptable, modifications are required but the thesis does not have to be re-examined**; or
   c. unacceptable, the thesis/report requires modification and re-examination***; or
   d. totally unacceptable, the thesis/report is failed.***

*Modifications may include corrections of typographical errors and errors in nomenclature, improvement in phrasing, or rewriting of sections of the thesis/report. Modifications may be indicated in the text or listed separately;
**Modifications might include (but are not limited to) the rectification of one or more of the following deficiencies: (1) misinterpretation and/or misuse of the matter covered, omission of relevant materials, unfounded conclusions, illogicality of argument, improper analysis of data and the like, (2) bad writing, (3) unacceptable physical presentation. A detailed list of problems should be included
with the report;
***A detailed list of the reason(s) for failure must be included in the report.
3. If all examiners recommend that the thesis/report is totally unacceptable, then the thesis will be failed, and shall not be re-examined.
4. If an examiner recommends that the thesis/report is unacceptable, and this recommendation is accepted by the Dean, then the student may apply to the Dean for permission to resubmit the thesis for re-examination in one of the following ways:
   a. to submit a modified thesis/report to the original examiners.
   b. to submit a modified thesis/report to new examiners.
   c. to submit the original thesis/report to an Examination Board to be appointed by the Dean.
5. If a thesis/report is re-examined, the candidate will not be awarded a pass unless all examiners find the thesis acceptable.
6. Under no circumstances may a thesis/report be re-examined more than once.

4.10.4 Evaluation of Ph.D. and Psy.D. Theses
Candidates for the Degree of Doctor of Philosophy and the Degree of Doctor of Psychology must submit a written dissertation deemed acceptable by the University, and demonstrate their ability to defend their work in a public oral examination. For this reason, the final decision on whether a candidate will be recommended for the award of the degree is made only at the conclusion of the oral examination (see The Examination Process).

1. Responsibilities of the Thesis Examining Board
   The work of each candidate will be assessed by a Thesis Examining Board. Its first responsibility is to determine whether the thesis successfully demonstrates the candidate's competence to undertake independent research work. The Board must be satisfied that the work contributes significantly to knowledge in the field of study; that the contribution is of high scholarly merit; that the candidate is aware of the pertinent published literature; that it is written in a satisfactory style; and that it is free from typographical and other mechanical errors. The second responsibility of the Board is to conduct a final oral examination of the candidate and to then recommend to the Dean of Graduate Studies whether the candidate should be awarded the Degree.

2. Composition of the Thesis Examining Board
   The members of the Thesis Examining Board will be appointed by the Dean on the recommendation of the Head of the academic unit who will have consulted with the supervisory committee. The Board shall consist of four members. Normally these will be the candidate's Supervisor (who serves on the Board in a non-voting capacity), two examiners from within the University, and one from outside the University. However, when circumstances warrant, a second external examiner may be substituted for one of the internal examiners with permission of the Dean. Examiners shall normally be those who have completed a graduate degree at the doctoral level, including a thesis, in the discipline or cognate area. Members of the supervisory committee other than the Supervisor are ineligible for appointment to the Board. Those serving as examiners shall not have been involved in the preparation of the thesis' report.

3. The Examination Process
   a. The voting members of the Board shall submit written reports on the thesis containing an assessment of the quality of the written work and a recommendation as to whether the candidate should be permitted to proceed to an oral examination and defence of the work. An examiner may recommend:
      i. that the candidate be allowed to proceed to the oral defence of the thesis*; or
      ii. that the candidate not be allowed to proceed to the oral defence at this time**; or
      iii. that the candidate should be failed.
   *Any suggested corrections or revisions should be outlined in the examiner's report. It is understood that it will be the responsibility of the Supervisory Committee to discuss the suggested changes with the candidate, to determine which should be incorporated in the thesis before its final submission.
   **This recommendation reflects the examiner's opinion that further research, re-analysis of data, or thorough rewriting of the material is required. The thesis may, however, be re-submitted for examination.
   b. If all examiners recommend that the candidate should be failed, then the thesis shall not be re-examined.
   c. If an examiner recommends that the candidate not be allowed to proceed to the oral defence, and this recommendation is accepted by the Dean, then the student may apply to the Dean for permission to resubmit the thesis for re-examination in one of the following ways:
      i. to submit a modified thesis to the original examiners.
      ii. to submit a modified thesis to new examiners.
      iii. to submit the original thesis to an Examination Board to be appointed by the Dean.
   d. No candidate will be permitted to re-submit a thesis more than once. In case of a re-submitted thesis an examiner may recommend only:
      i. that the candidate be allowed to proceed to the oral defence of the thesis; or
      ii. that the candidate should be failed.
   e. After receiving the reports from all three voting members of the Board the Dean will consider the recommendations and determine whether an oral defence of the thesis will be scheduled.
   f. The Final Oral Examination and Defence of Thesis will take place at a time and place to be determined by the Dean of Graduate Studies and will be chaired by the Dean or his/her delegate. The presence of all members of the Examining Board is normally required.
   g. Following the defence, the Board will meet in camera to render a final assessment of the thesis and the candidate's ability to defend his/her work. The Board may recommend one of the following outcomes:
      i. Passed with distinction (Awarded to candidates who demonstrate superior knowledge of their chosen field; this category requires unanimous support of the Board. A simple majority vote will result in a recommendation of 'passed'.)
      ii. Passed
      iii. Passed Subject to Conditions**
      iv. Re-examination required***
      v. Failed****
   *This recommendation may have attached to it the requirement that the candidate complete certain specified revisions to the
satisfaction of the Supervisory Committee, the Head of the academic unit and the Dean. These revisions must have been specified in the written appraisal submitted prior to the Oral Examination.

**This recommendation is made if there are revisions beyond those specified in the written appraisal submitted prior to the Oral Examination. This recommendation must have the conditions attached and cannot include the option of re-examination.

***The members of the Thesis Examination Board may attach to this recommendation a list of any requirements which they feel are appropriate.

****Re-examination not permitted.

h. If the members of the Board are unanimous in their recommendation, the Chair of the Examination may accept this recommendation and inform the candidate of the decision. In any other case, however, the delivering of any final decision shall be deferred pending further consultation within the School of Graduate Studies.

i. No candidate shall be permitted more than two Oral Examinations.

4.10.5 Time Limit for Revision

The final version of Master's, Ph.D., and Psy.D. theses/reports found acceptable with or without corrections shall be submitted to the School of Graduate Studies within 6 months of the date on which the thesis/report and the student's examiners' reports are returned to the student's academic unit. If a corrected thesis/report is not submitted within 6 months the student is considered to have withdrawn from the program. After this time, the student must apply to be readmitted.

Master's, Ph.D., and Psy.D. theses/reports requiring re-examination shall be resubmitted to the School of Graduate Studies within 12 months of the date on which the thesis/report and the examiner's reports are returned to the student. Students requiring resubmission and re-examination of theses/reports must maintain their registration during this period. Failure to resubmit the revised thesis/report within 12 months will result in termination of the student's program.

Note: Please refer to Registration for regulations governing program registration.

4.10.6 Prepublication

Publication of material before submission of the thesis/report for examination is permitted. The School of Graduate Studies and Supervisor should be informed of such publication.

4.11 Graduation Procedure

Candidates expecting to graduate at any particular Convocation must apply on-line on the prescribed "Application for Graduation" form to the Office of the Registrar at least by the time of the submission of the Thesis, Project Report, or Internship Report required by their program, or, if applicable, by the date of the final comprehensive examination. This form may be obtained online at the Memorial Self Service at www3.mun.ca/admit/twbkwbs.P_WWWLogin. Additional information is available from the Office of the Registrar at www.mun.ca/reoff/graduation/apply_grad.php.

4.12 Academic Misconduct

4.12.1 Principles

In the course of a graduate degree program a student is expected to adhere to those principles which constitute proper academic conduct. Within the University community there is a collective responsibility to maintain a high level of scholarly integrity. Dishonesty has no place in the academic community. Academic misconduct cannot be condoned or even appear to be condoned. A student has the responsibility to ascertain those actions which could be construed as dishonest or improper. Certain flagrant violations are listed below under Academic Offences. A student is reminded that for guidance on proper scholarly behaviour he/she should seek assistance from his/her instructors and supervisors. The Graduate Students' Union will provide a student with information on his/her legal rights and the information that advice about acceptable writing standards is available through the Writing Centre.

4.12.2 General Information

1. These procedures shall apply to all academic offences relating to graduate studies involving, but not limited to, those students who either have been or who are enrolled at Memorial University of Newfoundland. Notification of an allegation of academic misconduct will be forwarded to the last known mailing address of the student as noted on the files at the Office of the Registrar, and to the official University email address of the student. The University reserves the right to implement action under these procedures where an allegation has been made against a student but where reasonable efforts to contact the student are unsuccessful.

2. Meetings and interviews stipulated in this regulation will be held in person, or at a distance using telephone or other interactive technologies.

3. A student who wishes to pursue research, or to attend classes, laboratories or other educational activities while an investigation under these procedures is being carried out, can normally do so with the understanding that if the allegation of academic misconduct is proven and the penalty involves either suspension or expulsion, credit will not be granted for work completed prior to a finding of guilt. This provision excludes a student charged with an offence under the Code of Student Conduct. For information regarding the Code of Student Conduct visit the website at www.mun.ca/student/sscm/conduct/.

4. Although a student can continue in a program of studies, if eligible, while an investigation under these procedures is being carried out, the University does not accept liability for any consequences to the student's progress. However, the University may take these consequences into account, as appropriate and to the extent feasible, in cases where charges are dropped or the student is not found guilty. The consequences arising from an investigation and any negative decision rendered may include retroactive effects on grades, examination results, or promotion within a program.

5. A student accused of academic misconduct may consult advisors or facilitators. Such advisors may include a representative from the Graduate Students' Union, an international student advisor, a faculty advisor, a University counselor, or a faculty member who is familiar with these Regulations and who is willing to undertake the role of advisor whether resolution is sought through Procedures for Resolution of Alleged Academic Offences at the Unit Level or Procedures for Resolution of Alleged Academic Offences by the School of Graduate Studies.

4.12.3 General Procedure

1. When a member of the University community (faculty, staff, student) has grounds for belief that an academic offence has been committed there should be an attempt between the parties concerned to resolve allegations of minor offences. If the alleged offence is not deemed to be minor by the accuser, or resolution proves impossible, or one party is dissatisfied with the resolution, the matter
shall be reported, without delay, to the Head (or other appropriate officer) of the academic or administrative unit. If resolution is achieved and it is agreed that an academic offence has been committed, then the offence, together with the penalty applied, shall be reported to the Head of the academic or administrative unit.

2. Where resolution is not achieved, and if in the judgment of the Head of the academic or administrative unit, the alleged offence warrants resolution at the unit level, the individuals involved will be advised to attempt to resolve the matter through Procedures for Resolution of Alleged Academic Offences at the Unit Level. In the event that no resolution is possible through these procedures between the individual parties, the Head of the academic or administrative unit will institute proceedings through the School of Graduate Studies.

3. If, in the judgment of the Head of the academic or administrative unit, the alleged offence against University regulations is such as to warrant resolution through the School of Graduate Studies, the Head of the academic or administrative unit will refer the matter to the Dean, and Procedures for Resolution of Alleged Academic Offences by the School of Graduate Studies will be implemented.

4. Cases involving alleged offences on comprehensive examinations, examination of theses, allegations of impersonation, or allegations of submission of forged documents will be governed by the Procedures for Resolution of Alleged Academic Offences by the School of Graduate Studies. Such cases may be initiated by the Head of the academic or administrative unit, or by the School of Graduate Studies.

5. In all cases, it is the responsibility of the academic or administrative unit to ensure that fairness and impartiality are achieved in the treatment of students.

6. Where an allegation of academic misconduct relates to research and the Tri-Agency Framework: Responsible Conduct of Research, as amended from time to time, (the Framework) applies, these procedures shall be applied in a manner consistent with the minimal requirements of the Framework.

7. Where an allegation of academic misconduct relates to research involving United States Public Health Service (USPHS) funds, these procedures shall be applied in a manner consistent with the minimal requirements of the U.S. Office of Research Integrity or other appropriate offices of the U.S. Department of Health and Human Services, including U.S. Federal Regulation 42 CFR Parts 50 and 93, as amended from time to time, and the “Statement on Dealing with Allegations of Research Misconduct Under USPHS Research-related Activities for Foreign Institutions.”

4.12.4 Academic Offences

In the following section the plural shall be deemed to include the singular. Academic offences shall be deemed to include, but shall not be limited to, the following:

1. **Cheating:** This includes copying from another student’s work or allowing another student to copy from one's own work; consulting with any unauthorized person during an examination or test, or using unauthorized aids; or knowingly recording or reporting false empirical or statistical data. The work referred to includes presentations, examinations, theses, assignments, work term reports, projects, laboratory assignments, laboratory reports, internship reports, or any other tests or evaluations which are to be used in judging the student's performance in a course or program of study; or any special tests which the University may offer; or in any presentations or publications related to academic work.

2. **Impersonation:** Impersonating another student or allowing oneself to be impersonated. By impersonation is meant the imitation of a student or entrance into an arrangement with another person to be impersonated for purposes of taking examinations or tests or carrying out laboratory or other assignments.

3. **Plagiarism:** Plagiarism is the act of presenting the ideas or works of another as one's own. This applies to all material such as theses, essays, laboratory assignments, laboratory reports, work term reports, design projects, seminar presentations, statistical data, computer programs, and research results. The properly acknowledged use of sources is an accepted and important part of scholarship. Use and/or distribution of such material without acknowledgment, however, is contrary to accepted norms of academic behaviour. Information regarding acceptable writing practices is available through the Writing Centre at www.mun.ca/writingcentre.

4. **Theft of examination papers or other material:** By theft is meant obtaining by improper means examination papers, tests, or any other such material.

5. **Use and/or distribution of stolen material:** The use of material which the student knows to have been improperly obtained and/or the distribution of such material is considered to be an academic offence.

6. **Submitting false information:** This offence includes falsifying, submitting or causing to submit false academic transcripts, forms or records; credentials, medical or other certificates, or making a false or incomplete declaration to the University.

7. **Submitting work for one course, project or publication which has been or is being submitted to another course, project or publication without express permission to do so:** This includes the presentation of an essay, report, or assignment to satisfy some or all of the requirements of a course when that essay, report, or assignment has been previously submitted or is concurrently being submitted for another course without the express permission of the professor(s) involved.

8. **Ethical Practice:** Failure to follow relevant University/Faculty/School guidelines on ethics, including but not limited to, ethical practice in research.

9. **Failure to follow the Memorial University of Newfoundland Code.**

4.12.5 Procedures for Resolution of Alleged Academic Offences at the Unit Level

4.12.5.1 General Information

These procedures will not be applied to cases involving alleged offences on comprehensive examinations, examination of theses, allegations of impersonation or allegations of submission of forged documents. Such alleged offences are governed by the Procedures for Resolution of Alleged Academic Offences by the School of Graduate Studies.

The principle that a resolution should be mutually satisfactory to both the accuser and the accused should be upheld throughout the attempt for resolution at the unit level.

4.12.5.2 Explanation of Procedures

If, upon receiving a report of an alleged academic offence, the Head of the academic or administrative unit decides that an attempt should be made to resolve that matter at the unit level the following procedures shall apply:

1. Normally within one week of notification, the Head of the academic or administrative unit shall request a meeting with the accuser and the accused and at the meeting the Head of the academic or administrative unit shall state the allegation, review the Procedures for Resolution of Alleged Academic Offences at the Unit Level including the range of applicable penalties, and arrange a second meeting between the accuser and the accused only.
2. At the second meeting the accuser and accused shall endeavour to obtain a mutually satisfactory resolution of the matter.
3. The accuser and accused shall report jointly to the Head of the academic or administrative unit on the result of their second meeting.
4. If the report is of a resolution which the Head of the academic or administrative unit considers to be fair and equitable the matter shall be considered closed. If the Head of the academic or administrative unit considers the reported resolution to be unfair and/or inequitable he or she will endeavour to obtain an alternative satisfactory resolution directly with the parties.
5. Should all reasonable efforts to obtain a mutually satisfactory resolution at the unit level fail, the Head of the academic or administrative unit will refer the case to the Dean of Graduate Studies and shall inform the accuser and the accused accordingly. From this stage onward by the Procedures for Resolution of Alleged Academic Offences by the School of Graduate Studies will apply.
6. At any stage of the Procedures for Resolution of Alleged Academic Offences at the Unit Level, the student or the accuser may ask that the case be referred to the Dean, and thereafter the Procedures for Resolution of Alleged Academic Offences by the School of Graduate Studies will apply.
7. Should the accused be found guilty, a brief description of the offence and the penalty(ies) applied shall be forwarded by the Head of the academic or administrative unit to the School of Graduate Studies.

4.12.5.3 Failure to Appear or Respond
1. If at any stage of the Procedures for Resolution of Alleged Academic Offences at the Unit Level, the accused fails to respond to a charge, without reasonable cause, within two weeks of notification of an allegation, action may be taken on the charge in the absence of the accused.
2. If at any stage of the Procedures for Resolution of Alleged Academic Offences at the Unit Level, the accuser fails to appear at a scheduled meeting to defend an allegation, without reasonable cause, the action will be dismissed.

4.12.5.4 Penalties in the Case of Resolution at the Unit Level
A student who has been found guilty of an academic offence will be subject to a penalty or penalties commensurate with the offence. Some cases may warrant more than one penalty for the same offence, and previous academic misconduct will be taken into account in determining the severity of penalties. The range of penalties and their determination is:
1. Resubmission: work with appropriate reduction in grade: will allow a student to complete and submit the work a second time.
2. Reprimand: This shall be in the nature of a warning in writing by the Head of the academic or administrative unit to the student that his/her conduct has been unacceptable to the University.
3. Reduction of grade: A reduction of grade will apply to an examination, test, or assignment to which an offence is relevant, or to the entire course, and will be decided by the Head of the academic or administrative unit. Since graduate students must obtain a grade of B or PASS in required courses, a reduction of grade could lead to termination of program.

4.12.6 Procedures for Resolution of Alleged Academic Offences by the School of Graduate Studies

4.12.6.1 General Procedure
If the matter cannot be resolved following the Procedures for Resolution of Alleged Academic Offences at the Unit Level, or if, in the opinion of the Head of the academic or administrative unit, the allegation involves a major breach of University regulations, or in cases involving alleged offences on comprehensive examinations, thesis examinations, allegations of impersonation, or allegations of submission of forged or falsified documents, the following Procedures for Resolution of Alleged Academic Offences by the School of Graduate Studies shall apply.

4.12.6.2 Explanation of Procedures
1. If the Head of the academic or administrative unit (in consultation with the Dean of his or her faculty or school) is satisfied that the student has a serious case to answer, that person shall inform the student in writing of the nature of the case against him or her. In addition, the Head of the academic or administrative unit shall report to the Dean of Graduate Studies who will, normally within one week, appoint as an investigator a member of the Academic Misconduct Investigations Board of the School of Graduate Studies (Investigations Board). The investigator will interview separately the accuser and accused and relevant witnesses. At these interviews, the investigator, the accuser, the accused, and relevant witnesses all have the right to be accompanied by a registered student or a member of the faculty or staff of the University.
2. Upon completion of these interviews, the investigator shall submit a written report of all findings to the Dean of Graduate Studies. The Dean of Graduate Studies shall present this report to both the accuser and accused for perusal and comment. Once in receipt of this report, the accused and accused shall have two weeks in which to submit to the Dean of Graduate Studies any additional comments on the report that the person wishes to be considered. The investigator will be given the opportunity to correct any errors of fact should they arise from the comments of the accused and accuser prior to consideration of the allegation by the Investigations Board.
3. Upon receipt of all information from the investigator as well as comments from the accuser and accused, the Dean of Graduate Studies shall present the documents to the Chair of the Investigations Board.
4. The report shall be reviewed by a panel of three members of the Investigations Board for a decision.
5. Once a vote is taken, should the accused be found guilty, the Investigations Board shall take appropriate action in accordance with Penalties in the Case of Resolution by the School of Graduate Studies.

4.12.6.3 Failure to Appear or Respond
1. If at any stage of the Procedures for Resolution of Alleged Academic Offences by the School of Graduate Studies, the accused fails to respond to a charge, without reasonable cause, within two weeks of notification of an allegation, action may be taken on the charge in the absence of the accused.
2. If at any stage of the Procedures for Resolution of Alleged Academic Offences by the School of Graduate Studies, the accuser fails to appear at a scheduled interview to defend an allegation, without reasonable cause, the action will normally be dismissed; however, the investigation may proceed at the discretion of the Dean in consultation with the Investigations Board if the allegation or evidence warrants such action.
4.12.6.4 Penalties in the Case of Resolution by the School of Graduate Studies

A student who has been found guilty of an academic offence will be subject to a penalty or penalties commensurate with the offence. Enforcement of penalties resulting from Procedures for Resolution of Alleged Academic Offences by the School of Graduate Studies will be overseen by the Registrar. Some cases may warrant more than one penalty for the same offence, and previous academic misconduct will be taken into account in determining penalties. Penalties shall be imposed on the basis of the student's status at the time of the offence. The range of penalties and their determination is:

1. **Reprimand**: This shall be in the nature of a warning in writing by the Investigations Board to the student that his/her conduct has been unacceptable to the University.

2. **Reduction of Grade**: A reduction of grade will apply to an examination, test, or assignment to which an offence is relevant, or to the entire course, and will be decided by the Investigations Board. Since a passing grade for graduate students is at least a grade of B or Pass, a reduction of grade could lead to termination of program.

3. **Change in Outcome of an Examination**: This will apply to Comprehensive Examinations and the examination of Theses and Reports and could lead to termination of program.

4. **Probation**: This is a trial period the length of which will be determined by the Investigations Board. The Investigations Board will inform the student that finding of any further academic offence during the period of probation may lead to suspension or expulsion.

5. **Suspension**: Suspension will apply to a course, department, faculty, school, or the University. The period of suspension will be determined by the Investigations Board and shall not exceed three consecutive semesters, and shall be part of the allowable time for a graduate program.

6. **Expulsion**: The recommendation for expulsion from the University will be made by the Investigations Board to the President for his/her final decision. Prior to the President's decision, the Investigations Board will notify the accused, in writing, of the recommendation for expulsion from the University. The accused will be allowed a period of two weeks following the date of release of such notification to lodge an appeal before the President's final decision concerning expulsion from the University. Any such appeal should be made in writing or email to the Senate Committee on Academic Appeals, c/o the Office of the Registrar.

7. **Rescinding of Degree**: The recommendation for rescinding of a degree previously awarded by the University will be made by the Investigations Board of the School of Graduate Studies to Senate for a final decision. Prior to Senate's decision, the Investigations Board of the School of Graduate Studies will notify the accused, in writing, of the recommendation for rescinding of the degree. The accused will be allowed a period of two weeks following the date of release of such notification to lodge an appeal before the Senate's final decision concerning the rescinding of the degree. Any such appeal should be made in writing to the Senate Committee on Academic Appeals, c/o Office of the Registrar.

4.12.7 Transcript Entries Related to Penalties

Transcript entries shall relate to the penalty(ies) imposed as follows:

<table>
<thead>
<tr>
<th>Penalty</th>
<th>Transcript Entry</th>
</tr>
</thead>
<tbody>
<tr>
<td>Reprimand</td>
<td>No transcript entry</td>
</tr>
<tr>
<td>Reduction of Grade</td>
<td>Entry of final grade for course</td>
</tr>
<tr>
<td>Change in Outcome of an Examination</td>
<td>Entry of final outcome for the examination</td>
</tr>
<tr>
<td>Probation</td>
<td><em>On probation at the University for academic misconduct until Day, Month, Year</em>*</td>
</tr>
<tr>
<td>Suspension</td>
<td><em>Suspended from the School of Graduate Studies for academic misconduct until Day, Month, Year</em>*</td>
</tr>
<tr>
<td>Expulsion</td>
<td>*Expelled from the University for academic misconduct</td>
</tr>
<tr>
<td>Rescinding of Degree</td>
<td>*Degree rescinded for academic misconduct</td>
</tr>
</tbody>
</table>

* The transcript entries for ‘probation’ or ‘suspension’ will be removed entirely upon the expiration of the penalty.

4.12.8 Disposition of Documentation

The disposition of documents relating to allegations under these procedures shall be as follows:

1. The cases where the allegation was either found “not proven” or “unfounded” no documentation shall be retained in the student files.

2. In the case of a resolution effected through Academic Misconduct - General Procedure or Procedures for Resolution of Alleged Academic Offences at the Unit Level, a brief description of the offence and the penalty(ies) applied shall be forwarded by the Head of the academic or administrative unit to and retained by the School of Graduate Studies, separate from the student files.

3. In the case of a resolution effected through the Procedures for Resolution of Alleged Academic Offences by the School of Graduate Studies, all documentation shall be retained in the School of Graduate Studies, separate from the student files.

4.12.9 Right of Appeal

Appeals against decisions of the Investigations Board of the School of Graduate Studies made under Procedures for Resolution of Alleged Academic Offences by the School of Graduate Studies shall be directed to the Senate Committee on Academic Appeals, c/o Office of the Registrar.

4.13 Termination of a Graduate Program

Grounds for termination of a graduate program are as follows:

1. a. Failure to comply with the conditions of admission into a program, unless the conditions of admission have been changed with approval of the academic unit and the School of Graduate Studies;
   b. Failure to register in any semester by the final date for adding courses (see Registration, Program Registration 1.);
   c. Failure to obtain the required grades in courses as stated in the appropriate degree regulations (see Evaluation);
   d. Failure in comprehensive examinations (see Comprehensive Examinations);
The foregoing notwithstanding the University reserves the right to require students to discontinue their program or to deny them admission where, in the opinion of the Academic Council of the School of Graduate Studies, following appropriate professional consultation, there is a reasonable likelihood that a student's health or conduct could result in endangering the lives, health, or safety of other persons on campus or in settings related to the student's university studies.

3. The foregoing notwithstanding, the School of Graduate Studies reserves the right to require students to discontinue their studies, or to deny them re-admission, where a student has been determined to have engaged in unprofessional conduct. The code of ethics of each profession will serve as the guideline as to what constitutes unprofessional conduct. However, should there not be any statements of what constitutes unprofessional conduct, the following standard will apply:

Unprofessional Conduct: That conduct which involves a breach of the duties required by professional ethics.

Notes: 1. If the University or a School or Faculty requires a student to discontinue his/her studies under any of the above clauses, that student must be advised in writing of the nature of the case against him/her and must be advised of the right to appeal before the penalty imposed takes effect.
2. Appeals against actions taken under Clause 2. should be directed to the Senate of the University. Any such appeal should be in writing clearly stating the basis for the appeal and should be directed to the Secretary of Senate, c/o Office of the Registrar.
3. Appeals against actions taken under Clause 3. should be directed to the Appeals Committee, School of Graduate Studies.

4.14 Provision for Reapplication

1. A student whose program of studies has been terminated for any of the reasons outlined under Termination of a Graduate Program may apply for admission to a new program of studies leading to the same degree.

2. Notwithstanding the above, a student whose program of studies has been terminated under Termination of a Graduate Program, 1.b., shall be readmitted to the existing program only under the following conditions:
   a. on the recommendation of the appropriate academic unit;
   b. on the payment to the University of those registration fees which would have been payable had the student remained in continuous registration during the period since the termination of the program;
   c. on the understanding that the time period during which the student was not registered shall be considered as part of the maximum time permitted for the completion of the degree.

5 Regulations Governing the Degree of Master of Applied Science

www.engr.mun.ca

Professor and Dean of Engineering
G. Naterer

The Degree of Master of Applied Science (M.A.Sc.) is a course-based Degree offered in three areas: Computer Engineering, Environmental Systems Engineering and Management, and Oil and Gas Engineering. For information on the research-focused Master of Engineering program, refer to the regulations governing the Degree of Master of Engineering.

5.1 Industrial Internship Option

The Faculty permits graduate students to undertake internships of work in industry. These internships will allow students to either (a) enhance the application of their knowledge and skills within industry, or (b) complete a research project defined by the industry. Encouragement to undertake an internship will be given only where it is clear that one of these expectations can be met.

Students registered in the M.A.Sc. program may, with the permission of their Board of Studies, the Dean of the Faculty of Engineering and Applied Science, and the Dean of Graduate Studies, select the Industrial Internship Option. Students pursuing this option must satisfy the degree regulations for an M.A.Sc. program. In addition, students in the regulations for an M.A.Sc. program:

1. shall normally complete at least 18 credit hours of the courses required for their program with an average of 75% or higher prior to the internship; the remaining required courses may be taken on campus or by distance
2. shall normally spend at least two continuous semesters on campus on a full-time basis as a graduate student at this University
3. shall normally spend 4 to 8 months of their program at an internship in industry
4. shall submit monthly reports to a university supervisor appointed by their Board of Studies, and shall submit a concise progress report to their Board of Studies no later than the end of each semester while on an internship
5. shall normally not opt out once the internship starts.

5.2 Computer Engineering

5.2.1 Program of Study

1. The Faculty of Engineering and Applied Science offers a course-based program in Computer Engineering leading to the Degree of Master of Applied Science (M.A.Sc.) in Computer Engineering. The program is available only on a full-time basis.
2. The program is offered by the Faculty of Engineering and Applied Science and will be administered by a Board of Studies appointed by the Dean of Engineering and Applied Science.

5.2.2 Qualifications for Admission

1. Admission to the program is limited and competitive.
2. To be eligible for consideration for admission, applicants will have at least a second class engineering degree in computer engineering, computer science or electrical engineering; they will have background in many of the following areas: object-oriented programming, data structures, digital logic, computer organization, circuits and electronics, systems and signals, communications, discrete mathematics, probability and statistics and engineering design.
3. To be eligible for consideration for admission, applicants will meet the English Proficiency Requirements described under English
5.2.3 Degree Requirements

1. The degree program requires the completion of 36 credit hours, 6 of which comprise a project course.
   a. Students are required to complete 9801, 9859, 9861, 9865, 9867, 9871, 9874, and 9876.
   b. Three elective courses must be selected; each term the Board of Studies for the program will provide a selection of eligible courses, which may include ENGI 9821, ENGI 9822, ENGI 9868, ENGI 9869, ENGI 9872, ENGI 9875, ENGI 9877, ENGI 9878, ENGI 9879, ENGI 9880/83, ENGI 9888/91, CS 6752, CS 6756, PHYS 6102, and others designated by the Board of Studies for the program.
   c. Based on their academic background, students may be required to complete additional courses at the undergraduate level.
2. Normally students will take courses as shown in Table 1. Students wishing to take courses in another sequence must request approval from the Board of Studies for the program.

5.2.4 Evaluation

Students must obtain a grade of at least 65% in all program courses to receive credit for the course towards their program requirements. Any student who fails to receive 65% or more in a course must repeat the course in the case of core courses, or must either repeat or replace the course with another program course in the case of elective courses. Only two such repetitions/replacements shall be permitted in the student's program. Should a grade of less than 65% be obtained in a repeated or replacement course, the student shall be required to withdraw from the program.

5.2.5 Courses

980A/B Computer Engineering Project
9802/05 (excluding 9804) Special Topics in Computer Engineering
9806/09 Special Topics in Communications Engineering
9821 Digital Signal Processing
9822 Nonlinear Digital Image Processing and Analysis
9859 Computer Engineering Fundamentals
9861 High-Performance Computer Architecture
9865 Advanced Digital Systems
9867 Advanced Computing Concepts for Engineering
9868 ASIC Design
9869 Advanced Concurrent Programming
9871 Information Theory and Coding
9872 Digital Communications
9874 Software Design and Specification
9875 Embedded and Real-Time Systems Design
9876 Advanced Data Networks
9877 Computer and Communications Security
9878 Wireless and Mobile Communications
9879 Formal Specification and Development
9880-83 Special Topics in Computer Engineering
9888-91 Special Topics in Communications Engineering
Computer Science 6752 Applications of Computer Graphics
Computer Science 6756 Digital Image Processing
Physics 6102 Optics and Photonics

5.3 Environmental Systems Engineering and Management

5.3.1 Program of Study

1. The Faculty of Engineering and Applied Science offers a program in Environmental Systems Engineering and Management (ESEM) leading to the Degree of Master of Applied Science. The program is available on a full-time or part-time basis.
2. The program is offered by the Faculty of Engineering and Applied Science and will be administered by a Board of Studies appointed by the Dean of Engineering and Applied Science.

5.3.2 Qualifications for Admission

1. Admission is limited and competitive.
2. To be considered for admission, applicants shall normally hold a minimum second class Bachelor's Degree in engineering preferably in civil, environment, chemical, processing, or petroleum engineering, or in a related discipline from a university of recognized standing.
3. To be eligible for consideration for admission, applicants will meet the English Proficiency Requirements described under General Regulations, English Proficiency Requirements.

5.3.3 Degree Requirements

1. The degree program requires the completion of 30 credit hours.
a. 6 credit hours comprising a project course 960A/B.

b. 15 credit hours comprised of 9601, 9609, 9626, 9627, and 9628.

c. 9 credit hours (three courses) to be selected from 9603, 9605, 9610-9615, 9621, 9622, 9624, 9625, 9629, 9630, Environmental Science 6001, Environmental Science 6002, Environmental Science 6003, and Geography 6250.

5.3.4 Evaluation

Students must obtain a grade of at least 65% in all program courses to receive credit for the course towards their program requirements. Any student who fails to receive 65% or more in a course, must repeat the course in the case of core courses, or must either repeat or replace the course with another program course in the case of elective courses. Any student who receives a grade of less than 65% in two courses or in a repeated course will be required to withdraw from the program.

5.3.5 Courses

960A Environmental Engineering Project (0 credit hours)
960B Environmental Engineering Project (6 credit hours)
9601 Environmental Pollution and Mitigation (cross-listed as Environmental Science 6004)
9603 Environmental Sampling and Pollutant Analysis (cross-listed as Environmental Science 6005)
9605 Water and Wastewater Treatment
9609 Environmental Risk Assessment (cross-listed as Environmental Science 6007)
9610-9615 Special Topics in Environmental Science and Engineering
9621 Soil Remediation Engineering
9622 Environmental Statistics
9624 Air Pollution (cross-listed as Environmental Science 6008)
9625 Environmental Impacts of Offshore Oil and Gas Operations
9626 Environmental Management System
9627 Environmental Systems Engineering
9628 Environmental Laboratory
9629 Environmental Policy and Regulations
9630 Pollution Prevention
Environmental Science 6001 Earth and Ocean Systems
Environmental Science 6002 Environmental Chemistry and Toxicology
Environmental Science 6003 Applied Ecology
Geography 6250 Conservation of Natural Resources

5.4 Oil and Gas Engineering

5.4.1 Program of Study

1. The Faculty of Engineering and Applied Science offers a program in Oil and Gas Engineering leading to the degree of Master of Applied Science in Oil and Gas Engineering (M.A.Sc.(OGE)). The program is available on a full-time basis.

2. The program is offered by the Faculty of Engineering and Applied Science and will be administered by a Board of Studies appointed by the Dean of Engineering and Applied Science.

5.4.2 Qualifications for Admission

1. Admission is limited and competitive.

2. To be considered for admission, applicants shall normally hold a minimum second class Bachelor’s Degree in engineering preferably in mechanical, chemical/process, civil, environmental, mining/mineral, or petroleum engineering, or in a related discipline from a university of recognized standing.

3. To be eligible for consideration for admission applicants will meet the English Proficiency Requirements described under General Regulations, English Proficiency Requirements.

5.4.3 Degree Requirements

1. The degree program requires the completion of 30 credit hours.

a. 6 credit hours comprising a project course Engineering 910A/910B.

b. 15 credit hours by completing Engineering 9110, 9113, 9114, 9118 and 9121.

c. 9 credit hours (three courses) to be selected from Engineering 9002, 9015, 9111, 9112, 9116, 9117, 9119, 9120, 9420, 9609, 9624, 9625, 9901, 9902, 9989. Engineering 9117 is a recommended elective course for students without adequate background in petroleum engineering.

5.4.4 Evaluation

Students must obtain a grade of at least 65% in all program courses to receive credit for the course towards their program requirements. Any student who fails to receive 65% or more in a course must repeat the course in the case of core courses, or must either repeat or replace the course with another program course in the case of elective courses. Any student who receives a grade of less than 65% in two courses or in a repeated course will be required to withdraw from the program.

5.4.5 Courses

9002 Ocean Engineering Structures
9015 Ocean Engineering Hydrodynamics
910A OGE Project Course (0 credit hours)
910B OGE Project Course (6 credit hours)
9110 Advanced Petroleum Production Engineering
9111 Well Testing
9112 Multiphase Flow
9113 Phase Behaviour of Petroleum Reservoir Fluids
9114 Advanced Reservoir Engineering
6 Regulations Governing the Degree of Master of Applied Psychological Science (Co-operative)

www.mun.ca/science
www.mun.ca/psychology

Professor and Dean of Science
M. Abrahams

This program is designed to meet the needs of both students and employers. Students will gain the skills and knowledge necessary to ask appropriate questions and conduct research in a variety of applied settings (e.g., business, government, health care, etc.). Students completing the program will be qualified for either immediate employment or further education. Students' and employers' needs will be met by a program that combines training in basic scientific methods and social psychological theory with practical experience in a variety of work settings. The training in methods and theory will be provided by the academic component of the program and the practical experience will be provided by the cooperative, work term component.

6.1 Qualifications for Admission

1. Admission to the program is competitive and selective. To be considered for admission to the Master of Applied Psychological Science (Co-operative) an applicant shall normally hold at least a high second class Honours degree or its equivalent, both in achievement and depth of study, from an institution recognized by the Senate.

2. Applications
   a. All applicants are required to submit results from the General section of the Graduate Record Examinations.
   b. Applicants are required to submit with their applications an example of their academic writing. This could include, but is not limited to, papers submitted in class, honour's thesis, etc.
   c. At least one letter of reference should come from someone who is familiar with the applicant's research capability.

3. Election will be based on an applicant's overall academic performance, scores on the Graduate Record Examination and letters of reference.

4. Admission to the program shall be upon acceptance by the Dean of Graduate Studies after recommendation by the Head of the Department of Psychology which will include a proposed program of study and a proposed Supervisor.

6.2 Program of Study

1. Students should note that it is possible to enter Academic Term 1 only in the Fall semester commencing in September of each year.

2. Every candidate shall complete four Academic Terms in the Cooperative Program and shall normally be required to complete two Work Terms.

3. Academic and Work Terms normally alternate as follows:
   Academic Term 1, Academic Term 2, Work Term 1
   Academic Term 3, Work Term 2, Academic Term 4

4. Candidates shall normally complete 18 credit hours, including: Advanced Statistics in Psychology (6000), Research Design (6001), Theory and Methods in Social Psychology (6400), Program Evaluation and Applied Research (6403), Project in Applied Social Psychology (6404) and either Group Processes (6402) or Social Cognition (6401). Candidates will also register for the Colloquium Series in Psychology (6010) for Academic Term 1, Academic Term 2, and Academic Term 3 of their program for a maximum of three registrations.

6.3 Evaluation and Advancement

1. In order to continue in good standing in the program and in order to qualify for the Master's Degree, a candidate shall obtain a grade of A or B for program courses, and complete two Work Terms.

2. The dates for starting and finishing each Work Term are shown in the University Diary. Successful completion of the Work Term requirements is a prerequisite to graduation.

3. A competition for Work Term employment is organized by Co-operative Education. Students may also obtain their own Work Term jobs outside the competition. Such jobs must be confirmed by letter from the employer and approved by the Head of Psychology and Co-operative Education on or before the first day of the Work Term.

   Work Term jobs may be outside St. John's and possibly outside Newfoundland and Labrador. Students who do not wish to accept a Work Term job arranged by Co-operative Education shall be responsible for finding an alternative acceptable to the Head of Psychology and Co-operative Education.

   By entering the competition, students give permission for Co-operative Education to supply their University transcripts to potential employers.

4. The overall evaluation of the Work Term is the responsibility of Co-operative Education. The Work Term evaluation shall consist of two components:
   a. On-the-job Student Performance:
Job performance shall be assessed by Co-operative Education using information gathered during the Work Term and input from the employer towards the end of the Work Term. Formal written documentation from the employer shall be sought.

b. The Work Report:
   i. Work term reports shall be evaluated by a member of the faculty in the Department of Psychology. If an employer designates a report to be of a confidential nature, both employer and faculty member must agree as to the methods to protect the confidentiality of such a report before the report may be accepted for evaluation.
   ii. Reports must be prepared according to American Psychological Association specifications and contain original work related to the Work Term placement. The topic must relate to the work experience and will be chosen by the student in consultation with the employer. For promotion from the Work Term, a student must obtain at least 65% in each component.

5. If a student fails to achieve the Work Term standards specified above the student will be required to withdraw from the program. Such a student may reapply to the program after lapse of two semesters, at which time the student will be required to complete a further Work Term with satisfactory performance before being admitted to any further academic term in the Faculty. A Work Term may be repeated once.

6. Students are not permitted to drop Work Terms without prior approval of the Graduate Studies Committee of the Department of Psychology, upon the recommendation of Co-operative Education. The Graduate Studies Committee will make a recommendation to the Head of Department who will make the final decision. Students who drop a Work Term without permission, or who fail to honour an agreement to work with an employer, or who conduct themselves in such a manner as to cause their discharge from the job, will normally be awarded a failed grade for the Work Term. Permission to drop a Work Term does not constitute a waiver of degree requirements, and students who have obtained such permission must complete an approved Work Term in lieu of the one dropped.

6.4 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow. Other courses may be offered on the recommendation of the Head of the Department of Psychology.

7 Regulations Governing the Degree of Master of Applied Statistics

www.mun.ca/science
www.mun.ca/math

Professor and Dean of Science
M. Abrahams

The Degree of Master of Applied Statistics (M.A.S.) is a highly structured program incorporating 18 credit hours in program courses and a practicum in applied statistics. The Degree is offered in the Department of Mathematics and Statistics by full-time or part-time study.

7.1 Qualifications for Admission
1. Admission is limited and competitive. To be considered for admission to the Master of Applied Statistics program, an applicant shall normally hold at least a high second class Honours Degree or its equivalent, both in achievement and depth of study, from an institution recognized by the Senate.

2. In addition, an applicant shall normally have completed undergraduate courses in statistics which cover the material of Statistics 3521, 3530, 4410, 4520, 4560, 4561, 4590, 4591. If necessary, an applicant may be required to demonstrate a satisfactory knowledge of the above courses in an examination administered by the Department of Mathematics and Statistics.

3. Applicants who do not meet these requirements should consult the Department of Mathematics and Statistics about a program of further undergraduate courses. Such a program is intended to provide the candidate with an adequate statistical background. Such courses may not be used to fulfill the program course requirements of the Master of Applied Statistics Degree.

4. Admission to the program shall be upon acceptance by the Dean of Graduate Studies after recommendation by the Head of the Department of Mathematics and Statistics along with a proposed program of study and a proposed Supervisor.

7.2 Program of Study
The minimum requirements for the Degree of Master of Applied Statistics are completion of the following:

1. The three credit hours courses STAT 6510 and STAT 6560 plus one from STAT 6530, STAT 6571 or STAT 6573.

2. Nine additional credit hours selected from STAT 6500-6589.

3. The series STAT 697A/B or the completion of an additional 3 credit hour graduate course from STAT 6500-6589.

4. STAT 6591 and an applied statistics project with its associated report. The report must demonstrate a satisfactory general mastery of applied statistical knowledge.

7.3 Evaluation
1. In order to continue in graduate studies and in order to qualify for a Master’s Degree, a candidate shall obtain an A or B for all regular program courses. In order to qualify for a graduation the student shall pass STAT 697A/B and STAT 6591 and complete successfully the practicum requirement.

2. STAT 6591 will be evaluated by the student’s consulting project supervisor.

3. Evaluation of the practicum shall be carried out in accordance with Theses and Reports of the General Regulations governing all students in the School of Graduate Studies.

Note: Every candidate in graduate studies shall comply with the General Regulations, the Degree Regulations and any additional requirements of the
7.4 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

**Applied Statistics**
- 6500 Probability *(credit restricted with former 6586)*
- 6503 Stochastic Processes
- 6505 Survival Analysis
- 6510 Mathematical Statistics
- 6520 Linear Models
- 6530 Longitudinal Data Analysis
- 6540 Time Series Analysis
- 6545 Statistical Computing
- 6550 Nonparametric Statistics
- 6560 Continuous Multivariate Analysis
- 6561 Categorical Data Analysis
- 6563 Sampling Theory
- 6570-6589 Selected Topics in Statistics and Probability (excluding 6571, 6573, 6586)
- 6571 Financial and Environmental Time Series
- 6573 Statistical Genetics
- 6591 Practicum (1 credit hour)
- 697A/B Graduate Seminar Series in Statistics

8 Regulations Governing the Degree of Master of Arts

www.mun.ca/hss

Dean of Humanities and Social Sciences
to be determined

The Degree of Master of Arts (M.A.) is offered in Anthropology, Archaeology, Classics, Economics, English, Environmental Policy, Ethnomusicology, Folklore, French Studies, Geography, German Language and Literature, History, Linguistics, Philosophy, Political Science, Religious Studies, and Sociology.

Applicants are advised to consult, in addition to the regulations governing the Degree of Master of Arts, both the General Regulations and the particular regulations of the appropriate Departments.

8.1 Qualifications for Admission
1. Admission is limited and competitive. To be considered for admission an applicant shall hold a Bachelor's Degree or its equivalent from an institution recognized by the Senate and shall have a knowledge of the proposed field of specialization satisfactory to the Department concerned (or Departments, when interdisciplinary study is intended) and to the Dean.

2. Preference will normally be given to applicants who hold an appropriate Honours Degree, either from Memorial University of Newfoundland, or from another university whose Honours Degree is of comparable standing. Any other applicant who holds a Bachelor's Degree or its equivalent will be considered for admission provided that:
   a. the applicant's undergraduate record after the first year shows an average of at least grade B in courses in the proposed field of specialization;
   b. the applicant's overall undergraduate record after the first year shows an average of at least grade B in all courses taken; and
   c. the Department concerned satisfies the Dean that the applicant's work exhibits evidence of academic excellence.

Only in exceptional circumstances, and only on the recommendation of the Department concerned, will the Dean consider applicants who do not meet the requirements in a. and b. Such applicants, however, must meet the requirements in c.

3. An applicant may be required to demonstrate a satisfactory knowledge of the proposed field of study in an examination administered by the Department or Departments.

4. In most cases instruction is in English, and examinations and theses are to be written in English. (Language Departments, however, give instruction in the pertinent language and often require examinations and theses to be written in the language. In addition, other Departments may permit or even require examinations and/or theses to be written in a language other than English.)

8.2 Program of Study and Research
1. The program of study for the Master of Arts Degree shall consist of the successful completion of a program of courses and, in accordance with Departmental regulations, either of a thesis embodying systematic research or of a Comprehensive Examination. For programs requiring 24 credit hours or more, the academic unit may choose not to require a thesis or comprehensive examination.

2. Every candidate shall read at least 12 credit hours in program courses at the graduate level in one subject or in closely related subjects. Departmental regulations may require more courses than the minimum and this higher number is listed where applicable in the regulations of the Department.

3. Students may, with the approval of the Dean, augment their program with a limited number of other courses of their choice. Passing grades are not required in these non-program courses in order to continue in graduate studies or obtain a Master's Degree. However, the final grades in these courses will be recorded on the student's transcripts. The grading system in non-program courses shall be that appropriate to the particular course.

4. Candidates submitting a thesis on an approved topic shall conduct systematic research under the direction of a Supervisor recommended by the appropriate Department or Departments and approved by the Dean. The candidate may be required to take an oral examination.

5. Changes in either the program of courses or the topic of the thesis require the approval of the Dean.

6. On the recommendation of the Head of the Department, the Dean may waive, in part, the course requirements for a Master's Degree.
7. Application for transfer from the Master of Arts to the Master of Philosophy is to be made to the Dean before the end of the second semester in the case of full-time students, and in the case of part-time students before 18 graduate credit hours have been completed.

8. The Dean may approve an application to transfer from the M.A. to the M.Phil. only when a new integrated program, acceptable to the Dean, is submitted.

8.3 Evaluation
1. In order to continue in the School of Graduate Studies and in order to qualify for a Master's Degree, a candidate shall obtain an A or B grade in each regulation course. Some candidates may be required to read a specified number of additional graduate or undergraduate courses for which a passing grade must be achieved.

2. Students registered for credit shall write their examinations in their graduate courses at a time to be determined by the Dean on the recommendation of the Department.

3. Students registered in undergraduate courses shall satisfy examination requirements in these courses.

4. When, on a basis of consultation with the candidate, the instructors in graduate courses, and the thesis Supervisor, the Head of a Department has determined that the candidate's work has fallen below a satisfactory level, the Head may recommend to the Dean that the candidate be required to withdraw from the program.

8.4 Thesis or Report
See General Regulation, Theses and Reports.

8.5 Anthropology
www.mun.ca/hss
www.mun.ca/anthro

Associate Professor and Head of the Department
K. Gordon

The Degree of Master of Arts (M.A.) is offered in Anthropology by either full-time or part-time study.

1. Candidates will specialize in social and cultural anthropology.

2. When candidates are accepted into the program, they will be assigned one or more Supervisors. Candidates’ programs shall be the responsibility of their Supervisor(s), the graduate co-ordinator(s), and the Head of the Department.

3. If candidates’ records suggest a deficiency in some area(s), the Department reserves the right to require that they complete additional undergraduate courses before beginning program courses.

4. Candidates may choose between a thesis and a non-thesis option.

8.5.1 M.A. With Thesis
1. Normally, the M.A. program should take two academic years to complete, of which the first year will be spent in completing course work, writing and orally defending a thesis proposal before members of the faculty, and beginning to carry out research. The second academic year will be spent in completing research, presenting an oral research report to the Department, and completing a thesis.

2. Candidates for the Degree of a Master of Arts in Anthropology will be required to complete not fewer than 12 credit hours, nor more than 18 credit hours of courses at the graduate level.

3. Most Department graduate courses are taught in either a seminar or tutorial framework; all courses require intensive reading, regular oral communication of ideas to faculty and other students, and preparation of written research papers and other assignments.

4. Normally, during the second semester of the first year of study in the program, a written thesis proposal which has been approved by the student's Supervisor(s) will be circulated to all members of the Department. The written thesis proposal should be made available to faculty members at least two weeks prior to the scheduled date of a student’s oral presentation and defence of the proposal.

5. Shortly following the completion of their research, candidates will be required to present an oral research report on their findings to the Department.

6. A final draft of the thesis will be evaluated in accordance with the requirements of the School of Graduate Studies.

8.5.2 M.A. Without Thesis

Normally, the M.A. program without thesis should take one academic year to complete. Candidates who choose to do the M.A. without thesis must normally complete 24 credit hours in graduate program courses; 15 of which will normally be from ANTH 6440, ANTH 6890, and ANTH 6300. Nine additional credit hours are to be selected from the graduate courses offered by the Department.

Note: ANTH 6440 will be worth 9 credit hours. This course will normally be based on secondary literature and will be supervised by a faculty member.

8.5.3 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

6010 Cultural Ecology
6071 Health and Illness: Cultural Contexts and Constructions
6081 Anthropology of Gender
6098 Anthropology of Underclass Life
6100 Social Organization
6110 Culture and Personality
6140 The Community
6210 Language and Culture
6240 Atlantic Regional Studies
6260 Social and Economic Development
6280 Newfoundland Ethnography
6281 Labrador Ethnography
6282 Ethnography of a Single Region
8.6 Archaeology

www.mun.ca/hss
www.mun.ca/archaeology

Associate Professor and Head of the Department
B. Gaulton

8.6.1 Program of Study

The Degree of Master of Arts is offered in Archaeology by either full-time or part-time study.

1. Candidates may specialize in either archaeology or bioarchaeology.

2. The choice of specialty will govern the selection of Supervisor(s), courses, and thesis or research paper topics. When candidates are accepted into the program, they will be assigned one or more Supervisors. Candidates' programs shall be the responsibility of their Supervisor(s), the graduate co-ordinator, and the Head of the Department.

3. If candidates' records suggest a deficiency in some areas(s), the Department reserves the right to require that they complete additional undergraduate courses before beginning program courses.

4. Normally, the M.A. program should take six academic semesters to complete, of which the first three semesters will be spent in completing course work, writing and orally defending a thesis proposal before members of the faculty, and beginning to carry out research. The following semesters will be spent in completing research, presenting an oral research report to the Department, and completing a thesis.

5. Candidates for the Degree of a Master of Arts in Archaeology will be required to complete not fewer than 12 credit hours, nor more than 18 credit hours of courses at the graduate level.

6. Most Department graduate courses are taught in either a seminar or tutorial framework; all courses require intensive reading, regular oral communication of ideas to faculty and other students, and preparation of written research papers and other assignments.

7. Normally, during the second semester of the first year of study in the program, a written thesis proposal which has been approved by the student's Supervisor(s) will be circulated to all members of the Department. The written thesis proposal should be made available to faculty members at least two weeks prior to the scheduled date of a student's oral presentation and defence of the proposal.

8. Shortly following the completion of their research, candidates will be required to present an oral research report on their findings to the Department.

9. A final draft of the thesis will be evaluated in accordance with the requirements of the School of Graduate Studies.

8.6.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

6020 Bioarchaeology
6040 Human Osteology
6095 Advanced Studies in Ethnohistory (same as History 6095)
6151 Palaeoethnobotany
6181 Palaeoeskimo Cultures of the Eastern Arctic
6182 Advances in Material Culture Analysis
6187 Readings in Maritime Provinces Prehistory
6189 Palaeopathology
6191 Approaches to Early Modern Material Culture
6192 Conservation Method and Theory
6290 Newfoundland and Labrador Prehistory
6310 Economic Analyses in Archaeology
6320 Ethnoarchaeology
6330 Archaeological Field Conservation
6409 History of Archaeology
6411 Theory and Method in the Study of Archaeology and Prehistory
6500 Special Topics in Historical Archaeology (prerequisite 6191)
6680-6699 (excluding 6687) Special Topics in Archaeology and Prehistory
6687 Applied Archaeological Sciences
6700 Interpretative Methods in Archaeology
6701 Interpretative Methods in Historical Archaeology
6890 Graduate Seminar
8.7 Classics

www.mun.ca/hss
www.mun.ca/classics

Associate Professor and Head of the Department
L. Roman

The degree of Master of Arts is offered in Classics. The program is designed so that it may be completed in two academic years of full-time study.

8.7.1 Qualifications for Admission

Admission requirements are set forth in the Regulations Governing the Degree of Master of Arts, Qualifications for Admission. In addition to these requirements, an applicant should have completed at least 30 undergraduate credit hours in Greek and Latin language courses including a minimum of 12 credit hours in each language and at least 6 credit hours from senior level courses.

8.7.2 Program of Study

1. A student will complete a minimum of 24 credit hours in Classics courses at the 6000 level including Classics 699A and 699B; 6 of these 24 credit hours must be in Greek and/or Latin courses. Further courses beyond the minimum number may be required, depending on the background of the student.

2. A student is required to demonstrate competence in a modern European language, normally French, German, or Italian, as early as possible in their program of study, but no later than the end of the first semester of the second year. (See General Regulations, Evaluation, Evaluation of Graduate Students.)

8.7.3 Courses

6001 Seminar in Greek History and Society
6002 Seminar in Greek Literature and Culture
6003 Seminar in Roman History and Society
6004 Seminar in Roman Literature and Culture
6200 Latin Literature: Oratory
6210 Latin Literature: Epic, drama, didactic
6220 Latin Literature: Lyric, satire, elegy, epigram
6230 Roman Historians
6250-6260 Special Topics in Latin Readings
6300 Greek Literature: Oratory
6310 Greek Literature: Epic, drama, didactic
6320 Greek Literature: Lyric, iambic, elegy, epigram
6330 Greek Historians
6340 Ancient Philosophical Authors
6350-6360 Special Topics in Greek Readings
699A Master’s Research Paper (0 credit hours)
699B Master’s Research Paper (6 credit hours)

8.8 Economics

www.mun.ca/hss
www.mun.ca/econ

Professor and Head of the Department
W. Locke

The Degree of Master of Arts is offered in Economics. The focus of the program is applied economics. The non-thesis option is designed so that suitably qualified full-time students can complete it in one year. The thesis option normally takes more than one year.

8.8.1 Qualifications for Admission

To be considered for admission, an applicant must normally have completed an undergraduate Degree in Economics at a Canadian university with at least second-class Honours standing, or its equivalent. Satisfaction of this criterion does not guarantee admission and, if admitted, students may be required to complete specified undergraduate courses as deemed necessary by the Department.

8.8.2 Programs of Study

1. Non-Thesis Option
   a. The program of study requires, in addition to any specified undergraduate courses, completion of 26 credit hours in graduate Economics courses, including a master's essay course. The maximum time normally permitted for students to satisfy these requirements is three years.
   b. The 26 credit hours in graduate courses consist of the following:
      i. 11 credit hours in core courses, which shall normally be completed in the first term of the program: Economics 6000, 6001, 6002, and 6009;
      ii. 12 credit hours in other courses selected from those offered by the Department;
      iii. Masters Essay course: Economics 6999. Normally, all other required graduate courses must be completed before the essay.
   c. The master's essay, Economics 6999, must be in the area relating to the courses taken by the student. Students will be assigned a Supervisor, who will approve the topic; the essay will be graded by the Supervisor and one other member of the Department. The essay must be completed during the semester in which the student is registered in Economics 6999. During that time, students may be required to give a Departmental seminar on their essays.

2. Thesis Option
   a. The thesis option consists of 20 credit hours and a thesis. The thesis will consist of a comprehensive study in the area of the student's field courses. The thesis must embody systematic research and demonstrate a mastery of economic principles and their application. Thesis work will be completed under a Supervisor from the Department.
The thesis must normally be completed within the two years following completion of 20 required credit hours, which must include Economics 6000, 6001, 6002, and 6009.

The thesis will normally be evaluated internally and in accordance with the requirements of the School of Graduate Studies.

8.8.3 Courses
The following courses will be offered to meet the requirements of candidates, as far as resources of the Department will allow.

Core Courses
- 6000 Advanced Micro-economic Theory
- 6001 Advanced Macro-economic Theory
- 6002 Econometrics
- 6009 Graduate Seminar (2 credit hours)

Elective Courses
- 6010 Taxation
- 6011 Expenditure
- 6012 Cost-benefit Analysis
- 6013 Fiscal Federalism
- 6014 Topics in Public Sector Economics
- 6020 Economics of Nonrenewable Natural Resources
- 6021 Economics of Renewable Natural Resources
- 6022 Environmental Economics
- 6023 Advanced Fisheries Economics
- 6024 Topics in Resource Economics
- 6025 Labour Economics
- 6040 Industrial Economics

Master's Essay Course
- 6999 Master's Essay

8.9 English
www.mun.ca/hss
www.mun.ca/english

Associate Professor and Head of the Department
J. Lokash

The degrees of Master of Arts and Doctor of Philosophy are offered in English.

Candidates for the M.A. in English may complete the program as either part-time or full-time students. Candidates for the Ph.D. in English must be in attendance as full-time students for at least three semesters of the program.

8.9.1 Admission
1. Admission to the M.A. in English is limited and competitive. Applicants should have an Honours B.A. in English (or the equivalent, 60 credit hours in English with an appropriate range of courses) and a strong academic record.
2. Strong candidates who have come close to achieving Honours equivalency may be admitted on the condition that they complete such undergraduate courses as the Department may deem necessary, in addition to the required graduate courses.
3. Candidates who have not completed English 4900 or an equivalent course will be required to complete English 5900 which will not count as one of the required courses for the M.A. The course will be graded ‘pass’ or ‘fail’. As in other graduate courses a grade of 65 or above is considered a pass.

8.9.2 Program of Study
1. Thesis Option
   a. Candidates completing the M.A. with thesis will complete a minimum of 15 credit hours in graduate courses, which will normally include English 7003 and a thesis. The thesis may be a creative work.
   b. Candidates must submit a thesis proposal which includes a statement of topic, a working title, a plan of research, and a preliminary bibliography. The proposal should be approved by the Supervisor or Supervisors and submitted to the Departmental Graduate Studies Committee for its approval by the end of the candidate's third semester. The Departmental Graduate Studies Committee shall return the thesis proposal to the candidate no later than one month after receiving it.
   c. Full-time students who choose the thesis option will usually complete their degree in two years.

2. Non-Thesis Option
   a. Candidates completing the M.A. without thesis will complete a minimum of 24 credit hours in graduate courses, which will normally include English 7003.
   b. Full-time students who choose the non-thesis option will usually complete their degree in one year.

8.9.3 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

Notes: 1. Since it is impossible to list in detail the many topics that may from time to time be offered, the titles below refer only to the major periods and general subject areas in which specific courses may be available. The content and approach in specific courses will vary according to the research interests of students and faculty involved in the course. Students should consult the Department's annual Graduate Student Guide (or the Graduate Co-ordinator) for detailed descriptions of specific course offerings. Normally, no fewer than ten graduate courses are offered in any given academic year.
2. English 5900 cannot be counted as one of the required graduate courses in any program.
3. All students will normally take English 7003 - Trends in Contemporary Literary Theory, usually in their first semester.
4. Students who took graduate courses in English at Memorial University of Newfoundland before 1997 should consult with the Department before selecting further courses.

5900 Bibliography and Research Methods
8.10 Environmental Policy

The M.A. in Environmental Policy is a rigorous, interdisciplinary study of environmental policy in terms of its theory, application, methodology, and approaches with reference to central contemporary debates. It is also an applied program that equips students with practical skills in the field making links to the labour market through a required internship program.

The M.A. in Environmental Policy is offered by full-time study or part-time study and by completion of either a thesis or research paper. The Thesis Option involves completion of 15 credit hours of course work, an internship, and a thesis, and is normally completed in two academic years of full-time study and in three academic years of part-time study. The Research Paper Option involves completion of
18 credit hours of course work, an internship, and a research paper, and is normally completed in one academic year of full-time study and up to three academic years of part-time study.

The following regulations must be read in conjunction with the General Regulations of the School of Graduate Studies of Memorial University of Newfoundland.

8.10.1 Administration
1. The program shall be administered by a Graduate Officer, who reports to the Dean of Graduate Studies. The Graduate Officer shall be appointed by the Dean of Graduate Studies on the recommendation of the Head of Social Science, Grenfell Campus and the Vice-President, Grenfell Campus. In making this recommendation, the Head of Social Science, Grenfell Campus and the Vice-President, Grenfell Campus may consult with the environmental policy community both within and outside the University.

2. An Executive Committee consisting of the Graduate Officer and the Head of Social Science, Grenfell Campus and the Vice-President, Grenfell Campus will be established to review administrative, resource, and strategic planning issues related to the program. This committee shall be chaired by the Dean of Graduate Studies.

3. The Graduate Officer shall consult with the Graduate Committee in Environmental Policy (GCEP) for the purposes of administering the academic elements of the program. The GCEP shall normally consist of seven members appointed by the Dean of Graduate Studies on the recommendation of the Graduate Officer. The GCEP will include the Graduate Officer, who shall chair the committee, approximately four faculty members from the Division of Social Science, Grenfell Campus who teach core courses, the Head of Social Science, Grenfell Campus and one student representative, Grenfell Campus.

4. An Advisory Board in Environmental Policy (ABEP) shall be established for the purposes of consulting with and obtaining feedback from the environmental policy community. The ABEP will consist of a broad cross-section of members from the environmental policy community both within and outside the University who shall be appointed by the Dean of Graduate Studies on the recommendation of the Graduate Officer.

8.10.2 Qualifications for Admission
1. Admission is limited and competitive.

2. To be considered for admission, applicants shall have an undergraduate degree, with a minimum B standing, from an institution recognized by Senate.

3. In exceptional cases, applicants who have not completed an undergraduate degree may be considered for admission. Preference will be given to those who have a minimum of 10 years of full-time professional experience, including demonstrated success in environmental policy, and who have successfully completed substantial university course work including several courses at an advanced undergraduate level from an institution recognized by Senate. Applicants without an undergraduate degree must have completed one or more undergraduate courses in public policy, public administration or political science and one or more undergraduate courses in geography, biology or chemistry from an institution recognized by Senate, with a minimum B standing in each course. Applicants may also be required to successfully complete the Graduate Management Admission Test (GMAT) or the Graduate Record Examination (GRE) with an acceptable score and/or additional undergraduate courses before being considered for admission.

4. To be eligible for consideration for admission, applicants shall meet the English Proficiency Requirements described under General Regulation - Qualifications for Admission, English Proficiency Requirements.

5. Applicants will be assessed for admission to the M.A. in Environmental Policy based on their interests, their potential to produce meaningful research in the field of environmental policy, and the availability of supervisors in the area of the applicant’s interest.

6. Interdisciplinary study in the program is encouraged by the University. Applicants with an interdisciplinary background or whose background combines two or more fields of study (e.g., political science, public policy, environmental studies, geography, resource management, environmental science, public administration) would be an excellent fit for this program.

8.10.3 Deadlines for Applications
1. Applicants seeking full-time enrollment will normally only be admitted to the program in the Fall (September) semester.

2. Applications must be postmarked no later than February 15 for applicants wishing to enter full-time or part-time studies in the Fall (September) semester.

3. Applications must be postmarked no later than August 15 for applicants wishing to enter part-time studies in the Winter (January) semester.

4. Individuals submitting applications later than the above dates are not assured of consideration for admission to the program in the semester desired; their applications will be processed only if time and resources permit.

8.10.4 Procedure for Admission
1. Applications for admission to the M.A. in Environmental Policy program must be made on the appropriate form and submitted to the School of Graduate Studies.

2. The following documents must be submitted in support of the official application form:
   a. Letter of appraisal from two referees, at least one of whom is capable of appraising the applicant’s academic potential as a graduate student, and at least one of whom is capable of appraising the applicant’s professional experience and/or actual or likely success in a career in environmental policy.
   b. Official transcripts from each university or other post-secondary institution previously attended, to be sent directly by its Registrar (or equivalent officer) to the School of Graduate Studies. If not recorded on the transcript, official evidence of completion of undergraduate degree must also be submitted.
   c. All applicants must submit a one page statement outlining their research interests and are strongly encouraged to identify a supervisor.
   d. Application files are normally evaluated after the deadline dates for application noted above and only when all required documentation has been received.
   e. Admission shall be by the Dean of Graduate Studies on the recommendation of the GCEP. Upon notification from the Dean of the School of Graduate Studies of acceptance into the M.A. in Environmental Policy program, applicants must give written notice to the School of Graduate Studies of their intention to register.
8.10.5 Program of Study

1. **Thesis Option**: Students in the thesis-based program must complete 15 credit hours in graduate program as specified in **Table 1**, an internship (ENVP 6030) and a thesis. There are four required courses (representing 12 credit hours) as specified in **Table 2**. One elective, representing 3 credit hours, related to the student’s research specialty is to be completed and may be chosen from **Table 3** in consultation with the student’s thesis supervisor.

2. **Research Paper Option**: Students in the research paper-based program must successfully complete 18 credit hours in graduate program courses as specified in **Table 1**, an internship (ENVP 6030) and a Research Paper (ENVP 6999). There are four required courses (representing 12 credit hours) as specified in **Table 2**. Two electives, representing 6 credit hours, are to be completed, of which at least one is to be from **Table 2**. The second elective, related to the student’s research specialty, may be chosen from **Table 2** or **Table 3** in consultation with the student’s research paper supervisor.

3. Further courses beyond the minimum number may be required, depending on the background and needs of the student.

4. Students are responsible for fulfilling all prerequisites.

5. All students are required to attend two Workshops:
   a. **Policy and Science Orientation Workshop**
      This workshop is held the first week of September each year. Its intent is to provide students with a limited policy or biophysical background with conceptual tools to frame each discipline in order to orient students to the program. The workshop is team-taught and is three full days in length.
   b. **Pre-Internship Workshop**
      This two-day workshop reviews the internship requirements, aids students in writing resumes and cover letters, discusses interviewing practices and examines student/employer relationships. It is held during the first week after classes end in December of each year.

6. **Internship Requirements**
   a. All students are required to complete an environmental policy internship (ENVP 6030) with a relevant government office, non-governmental organization, community group, or business. Internships are normally selected from a list of approved organizations that is maintained by the Internship Officer and Graduate Officer. Internship placements may be outside the Corner Brook area and possibly outside Newfoundland and Labrador. Final decisions for internship placements rest with the Graduate Officer in consultation with the Internship Officer.
   b. Internships are usually completed in the Spring semester of each year.
   c. Internships are for full-time employment hours for the duration of the semester (12 weeks). Part-time internships over longer periods may be considered and will require approval from the Internship Officer and the Graduate Officer.
   d. A competition for internships is organized by the Internship Officer. By entering the competition, students give permission for the Internship Officer to supply their university transcripts to potential employers. Students who do not wish to accept an internship arranged by the Internship Officer shall be responsible for finding an alternative acceptable to the Internship Officer in consultation with the Graduate Officer.
   e. Students must attend scheduled pre-internship orientation workshop, professional development, and exit meeting.
   f. Each internship placement is supervised and evaluated by the Internship Officer, the on-site Supervisor assigned by the employer and the Graduate Program Coordinator. The internship shall consist of two components:
      i. On-Site Student Performance as evaluated by the Internship Officer in consultation with the on-site Supervisor assigned by the employer
      ii. An Internship Report graded by the Internship Officer or the Graduate Officer in consultation with the on-site Supervisor assigned by the employer
   g. Evaluation of the Internship shall result in one of the following final grades: Pass, or Fail.
      A student must obtain a Pass in both the On-Site Student Performance and the Internship Report to obtain a final grade of Pass.
      If a student fails to achieve the internship standards specified above, the student may be required to withdraw from the program. Such a student may reapply to the program after a lapse of two semesters, at which time the student will be required to complete a further internship with satisfactory performance before being admitted to any further academic term in the Faculty. An internship may only be repeated once.
   h. Students who voluntarily withdraw from the internship without prior approval from the Internship Officer and the Graduate Officer, or who conduct themselves in such a manner as to cause the host organization and the Internship Officer to terminate the placement, will normally be awarded a grade of Fail in the internship.
      i. Students are not permitted to drop internships without prior approval of the Internship Officer in consultation with the Graduate Officer. The Internship Officer will make a recommendation to the Graduate Officer who will make the final decision. Students who drop an internship without permission, who fail to honour an agreement to work with a host organization, or who conduct themselves in such a manner as to cause their discharge from the internship position will normally be awarded a failed grade for the internship. Permission to drop an internship does not constitute a waiver of degree requirements, and students who have obtained such permission must complete an approved internship in lieu of the one dropped.
   i. Students in the M.A. in Environmental Policy shall meet the minimum residency of at least two semesters required under **General Regulation, Registration - Period of Study** of the University Calendar. Students are encouraged to meet this residency requirement in the first two semesters of their program.
   j. All students will be required to present a seminar on their thesis or research paper in the final semester of their program as part of their thesis or research paper requirements. For applicable students, the thesis will be examined in accordance with the **General Regulations - Theses and Reports** of the School of Graduate Studies.

8.10.6 Evaluation

1. Candidates for the Master of Arts in Environmental Policy degree must obtain a grade of B or better in all program courses.
2. Candidates who receive a grade of less than B in a program course will be permitted to remain in the program, provided the course is repeated and passed with a grade of B or better. Alternatively, the candidate may, on the recommendation of the GCEP, and with the approval of the Dean of Graduate Studies, substitute another graduate course. Only one course repetition or substitution will be permitted during the candidate’s program after which the candidate shall be required to withdraw from the program.
8.10.7 Courses

The schedule of courses for the Master of Arts in Environmental Policy is as follows:

8.11 Ethnomusicology

www.mun.ca/music
www.mun.ca/hss
www.mun.ca/folklore

Associate Professor and Dean
I. Sutherland

The Master of Arts program in Ethnomusicology is administered by the School of Music in consultation with the Department of Folklore, and generally in response to recommendations from an Interdisciplinary Advisory Committee with representation from both academic units, chaired by the Program Co-ordinator.

The Degree of Master of Arts in Ethnomusicology is offered by part-time and full-time study. While it is normally a course work degree, a thesis option is available upon application. Fieldwork is often a requirement both for independent research and course work. The resources of the Memorial University of Newfoundland Folklore and Language Archive are available to graduate students in Ethnomusicology.

8.11.1 Qualifications for Admission

Applicants may be admitted to the program if they have at least a B+ average with a B.Mus. Degree or other Degree in the Humanities or Social Sciences with evidence of specialization in music. Applicants whose professional music training took place outside the
university system are also encouraged to apply, provided they have the academic equivalent of the qualifications described above. Applicants from a discipline other than Music will be expected to demonstrate the following skills:

- Competent performance in any musical tradition, as judged by a musician knowledgeable about that tradition.
- Knowledge of culturally appropriate language for discussion of performance techniques in that tradition.
- Ability to discuss musical details on the basis of aural and/or written sources, as appropriate to that tradition.

Candidates for admission may, at the discretion of the Interdisciplinary Advisory Committee, be required to write diagnostic examinations measuring skills and knowledge in music literacy, theory, or aural perception. Candidates with deficiencies in any of these areas may be required to take remedial course work prior or in addition to the required program.

### 8.11.2 Program of Study

The M.A. program will normally be completed within five consecutive semesters of full-time study. The degree is normally taken by completing course work and a major research paper. In special circumstances, a student may apply to complete the degree by completing course work and a thesis. Demonstration of competence in a language other than English may be required if warranted by the research proposed by the student.

1. **Course Work M.A.**
   
a. Students must normally complete a minimum of 24 credit hours plus a major research paper (Music 7002). Further courses beyond the minimum number may be required, depending on the background of the student. The required courses are:
   
i. Music 7001; Folklore 6030.
   
ii. One of Folklore 6100 or Music 6002.
   
iii. One area or genre studies course (3 credit hours) relevant to the research of the student.
   
iv. Twelve credit hours to be selected from the Music and Folklore courses listed below (with the approval of the Interdisciplinary Advisory Committee); one elective (3 credit hours) may be a relevant course offered in another discipline (with the approval of the Interdisciplinary Advisory Committee).

b. Research paper (Music 7002) on a topic chosen by the student with his/her supervisor's approval. Proposals for topics and supervisors will be vetted by the Interdisciplinary Advisory Committee no later than the beginning of the third term of study. The paper will normally demonstrate the student's ability to apply methodologies and theoretical constructs, learned in the courses taken, to a specific repertory, or performance context.

2. **Thesis M.A.** (available by special application to the Interdisciplinary Advisory Committee)
   
a. Students must normally complete a minimum of 21 credit hours plus a thesis. The required courses are:
   
i. Music 7001; Folklore 6030.
   
ii. One of Folklore 6100 or Music 6002.
   
iii. One area or genre studies course (3 credit hours) relevant to the research of the student.
   
iv. Nine credit hours to be selected from the Music and Folklore courses listed below (with the approval of the Interdisciplinary Advisory Committee); one elective (3 credit hours) may be a relevant course offered in another discipline (with the approval of the Interdisciplinary Advisory Committee).

b. Thesis submitted in accordance with General Regulation **Theses and Reports** of the School of Graduate Studies. A thesis proposal, consisting of a statement of topic, working title, plan of research, and preliminary bibliography, with the name of the preferred Supervisor, shall be submitted by the candidate to the Interdisciplinary Advisory Committee no later than the beginning of the third term of study.

### 8.11.3 Courses

#### Theories and Methods:

**Music**
- 6001 Research Methods
- 6002 Graduate Seminar
- 6807 Video Documentary Production *(credit may be received for only one of Music 6807 and Music 7803)*
- 7001 Research Problems and Methods in Ethnomusicology
- 7002 Research Paper
- 7803 Radio Documentary Production *(credit may be received for only one of Music 6807 and Music 7803)*

**Folklore**
- 6010 Survey of Folklore Genres and Processes
- 6020 Field and Research Methods
- 6030 Folklore Theories
- 6040 Feminist Theories: Perspectives and Issues
- 6080 Vernacular Theories
- 6090 Ethnology
- 7100 Advanced Folkloristics II: Research and Ethnography

#### Form and Performance:

**Music**
- 7005 Performance Option
- 6100 Song and Music
- 6120 Ballad
- 6130 Folk Music Canons and Documentary Sound Recordings
- 6200 Folktale
- 6210 Legend
- 6220 Personal Experience Narrative
- 6250 Language and Play
- 6260 Ethnography of Communications
- 6300 Ethnography of Belief
- 6310 Health Systems
- 6350 Custom
- 6360 Traditional Drama
- 6400 Material Culture
- 6410 Vernacular Architecture
- 6420 Art and the Artifact
- 6430 Food and Culture
Folklore 6720 Folklore and Literature

Area and Genre Studies:
Music 7010 World Music: Music of Asia and Oceania
Music 7011 World Music: Music of Africa and the Americas
Music 7012 Canadian Musical Traditions
Music 7013 Music and Culture
Music 7017 Folksong
Music 7018 Jazz and Blues: The Roots of Popular Music
Folklore 6120 Ballad
Folklore 6600 Folklore of Newfoundland
Folklore 6610 Folklore of Canada
Folklore 6620 Folklore of the United States
Folklore 6630 Folklore of the British Isles
Folklore 6670 The Global and the Local

Social Identities:
Music 7006 Urban Ethnomusicology
Music 7007 Music in the Study of Gender, Race and Class
Music 7009 Music and Place
Music 7802 Music and Intercultural Processes
Folklore 6510 Occupational Folklore
Folklore 6551 Indigenous Expressive Cultures in Cross-cultural Encounter
Folklore 6730 Folklore and Gender
Folklore 6780 Ethnicities

Public and Applied Ethnomusicology and Folklore:
Music 6700 Career Skills for Musicians
Music 6750 Music Industries Internship (2 credit hours)
Folklore 6740 Public Sector Folklore
Folklore 6760 Archiving
Folklore 6790 Museums: Perspectives and Practices
Folklore 6800 Applied Folklore

Interdisciplinary Perspectives:
Music 7008 Media Studies
Folklore 6760 Folklore and Culture
Folklore 6710 Oral Tradition and Oral History
Folklore 6750 Popular Culture: Theory and Debate

Independent Study:
Music 7026-29 Directed Reading in Ethnomusicology
Folklore 6570-79 Reading Courses in Folklore

Special Topics:
Music 6800-09 Special Topics in Music (excluding Music 6807)
Music 7800-09 Special Topics in Music (excluding Music 7802 and 7803)
Folklore 6511-29 Special Topics in Folklore
Folklore 6570-79 Reading Course in Folklore

8.12 Folklore

www.mun.ca/hss
www.mun.ca/folklore

Associate Professor and Head of the Department
C. Thorne

The Degree of Master of Arts in Folklore is offered by part-time and full-time study. The program normally requires extensive fieldwork research in Newfoundland and/or the Maritimes.

Integral to the teaching of the Department of Folklore is work of the Memorial University of Newfoundland Folklore and Language Archive.

8.12.1 Program of Study

1. Applicants may be admitted to the graduate program if they have an average of at least grade ‘B’ in no fewer than 36 credit hours in Folklore or in any other discipline in the Humanities or Social Sciences.

2. The M.A. program will normally be completed within six consecutive semesters (i.e., a two-year period). The Degree of Master of Arts in Folklore may be taken by course work and comprehensive examination, course work and thesis, or course work and co-operative education work terms. All options are available to full-time and part-time students. However, the work term component of option C cannot be completed on a part-time basis.

a. M.A. With Thesis:
   i. Students choosing to do the M.A. with thesis must normally complete a minimum of 24 credit hours plus a thesis. Normally, the required courses are:
      • 6010, 6020, and 6030, normally taken as an integrated foundation in the Fall semester.
      • At least one of the following: 6060, 6100, 6120, 6130, 6200, 6210, 6220, 6250, 6260, 6360, 6720.
      • At least one of the following: 6070, 6300, 6310, 6350, 6370, 6400, 6410, 6420, 6430.
      • Nine additional credit hours to be selected from courses in the groups listed above or from the other courses offered by the Department.
   ii. A brief thesis pre-proposal, including a statement of topic, working title, plan of research, ethics statement, preliminary bibliography, and the name of a preferred Supervisor, shall be submitted no later than the end of the candidate’s second semester. A full proposal shall normally be submitted to the Department of Folklore and orally presented before members of the faculty by the end of the candidate’s fourth semester. The written thesis proposal should be made available to faculty
members at least two weeks prior to the scheduled date of a student's oral presentation of the proposal. Following approval of the thesis proposal and consultation with the candidate, the Supervisor and thesis topic will be recommended to the Dean.

b. M.A. With Comprehensive Examination:

i. Students choosing to do the M.A. with comprehensive examination must normally complete a minimum of 30 credit hours plus comprehensive examination. Normally, the required courses are:
   - 6010, 6020, and 6030, normally taken as an integrated foundation in the Fall semester.
   - At least one of the following: 6060, 6100, 6120, 6130, 6200, 6210, 6220, 6250, 6260, 6360, 6720.
   - At least one of the following: 6070, 6300, 6310, 6350, 6370, 6400, 6440, 6420, 6430.
   - Fifteen additional credit hours to be selected from courses in the groups listed above or from the other courses offered by the Department.

ii. Each candidate selecting the M.A. with comprehensive examination option shall normally submit, by the end of the candidate's second semester, written notification of intention to take comprehensives.

iii. Each candidate selecting this option shall normally write the comprehensive examination at the end of the candidate's fifth semester. The comprehensive examination will be graded by a comprehensive examination committee appointed by the Dean of Graduate Studies on the recommendation of the Head of the Department, in accordance with General Regulations governing the School of Graduate Studies.

c. M.A. With Public and Applied Folklore Co-operative Education Work Terms:

i. Students choosing to do the M.A. with Public and Applied Folklore Co-operative Education option must normally complete a minimum of 24 credit hours plus two co-operative education work terms. Normally the required courses are:
   - 6010, 6020, and 6030, normally taken as an integrated foundation in the Fall semester.
   - 6740 or 6800 and at least one additional course selected from the following: 6551, 6740, 6760, 6790, 6800.
   - At least one of the following: 6060, 6100, 6120, 6130, 6200, 6210, 6220, 6250, 6260, 6360, 6720.
   - At least one of the following: 6070, 6300, 6310, 6350, 6370, 6400, 6440, 6420, 6430.
   - Three additional credit hours to be selected from courses in the groups listed above or from the other courses offered by the Department.
   - 601W and 602W.

ii. The dates for starting and finishing each work term are shown in the University Diary.

iii. A competition for work term employment is organized by Co-operative Education in cooperation with the Department of Folklore. Students may also obtain their own work term jobs outside the competition. Such jobs must be confirmed by letter from the employer and approved by the Head of Folklore and Co-operative Education or before the first day of the work term. Work term jobs may be outside St. John's and possibly outside Newfoundland and Labrador. Students who do not wish to accept a work term job arranged by Co-operative Education shall be responsible for finding an alternative acceptable to the Head of Folklore and Co-operative Education. By entering the competition, students give permission for Co-operative Education to supply their Memorial University of Newfoundland transcripts to potential employers.

iv. Each work term placement will be supervised by the candidate's program Supervisor, the on-site Supervisor assigned by the employer, and Co-operative Education. The overall evaluation of the work term is the responsibility of the program Supervisor, on-site Supervisor, and Co-operative Education. Each work term shall consist of two components:
   - On-the-job Student Performance as evaluated by the on-site Supervisor and Co-operative Education, in consultation with the program Supervisor.
   - A Work Report graded by the program Supervisor in consultation with the on-site Supervisor.

v. Evaluation of the work term will result in the assignment of one of the following final grades:
   - Pass with Distinction: Indicates EXCELLENT PERFORMANCE in both the work report and work performance.
   - Pass: Indicates that PERFORMANCE MEETS EXPECTATIONS in both the work report and work performance.
   - Fail: Indicates FAILING PERFORMANCE in the work report and/or the work performance.

If a student fails to achieve a final grade of Pass or Pass with Distinction, and provided the student has not failed to achieve a grade of 'B' or better in any program course, the student may request to repeat the work term component. The request will be considered by the Department Head in consultation with the program Supervisor and must include a proposal for a new work term placement. Only one work term repeat will be permitted in the student's program. Alternatively, the student may apply for a change of route to the thesis or comprehensive examination program option.

8.12.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, normally after consultation with the Head of the Department or the Graduate Studies Administrator, and as far as the resources of the Department will allow. Courses are structured according to the categories of: Theories and Methods, Issues, Form and Performance, Special Topics, Regional, National and International Heritage, Social Identities, Public and Applied Folklore, Interdisciplinary Perspectives, and Required (Ph.D.).

Co-operative Education Work Terms
601W Work Term I
602W Work Term II

Theories and Methods
6010 Survey of Folklore Genres and Processes
6020 Field and Research Methods (may be offered in accelerated format)
6030 Folklore Theories
6040 Feminist Theories: Perspectives and Issues
6080 Vernacular Theories
6090 Ethnology

Issues
6050 Issues in Folkloristics
6060 Issues in Oral Tradition and Performance
6070 Issues in Folklife

**Associate Professor and Head of the Department**  
P. Basabose

---

**8.13.1 Program of Study**

1. The Degree of Master of Arts in French Studies may be completed by full-time or part-time study. "French Studies" may take the form of the study of the French language or of francophone literature, including the study of literary history, criticism, or theory. It may also include the study of French-language cinema or of other aspects of francophone civilization.

2. Candidates who are practicing teachers of French and wish to pursue French studies in conjunction with studies of the teaching of French may opt to pursue the Master of Arts and Education (Education and Francophone Literatures and Cultures) degree jointly offered by the Faculty of Humanities and Social Sciences, Department of Modern Languages, Literatures and Cultures, and the Faculty of Education.

3. Applicants for the M.A. program in French Studies are normally expected to have completed the Honours Degree with a second-class standing or better. An applicant who does not hold an Honours Degree or its equivalent may be required to complete such additional undergraduate courses as the Department considers necessary, prior to admission or as part of the program.

4. The M.A. program in French Studies will consist of 15 credit hours in graduate courses (normally requiring 2 or 3 semesters of full-time study), plus research activities and a thesis of approximately 80 pages. The 15 credit hours shall include 6008 and 6009, normally completed in consecutive semesters. The remaining 9 credit hours shall be obtained by completion of three courses
5. Each candidate's program of study must be approved by the Departmental Graduate Studies Committee.

6. A paper drawn from the thesis will be presented at a Departmental seminar or in another forum approved by the Departmental Graduate Studies Committee. Normally, this presentation will take place at some time between submission of the final draft thesis to the Supervisor and the submission of the thesis to the School of Graduate Studies.

7. The approval of the Departmental Graduate Studies Committee must be obtained before the thesis is forwarded to the School of Graduate Studies for examination.

8. In the final version of the M.A. thesis and other written assignments for M.A. courses, the quality of written French must be of a standard acceptable to the Department as represented by the Graduate Studies Committee. Normally, this will mean that the final version of such assignments will be free of spelling, lexical, and grammatical errors, and of improper use of stylistic conventions. In the case of the M.A. thesis, this requirement applies to the version submitted for examination.

8.13.2 Courses

A selection of the following graduate courses will be offered to meet candidates' requirements, as far as the resources of the Department will allow. Individual courses, excluding French 6900, may be offered in accelerated format outside of the regular semester of session time frame when being delivered as part of the Summer Institute for French Teachers (SIFT):

- 6008* Literary Methodology and Theory I
- 6009* Literary Methodology and Theory II

**Historiographical, Genetic, Thematic, Hermeneutical or other historical or critical approaches to French Studies**
- 6032 Genetic Criticism and Exegesis
- 6102 History of the French Language

**Psychoanalytical, Ethnological or Anthropological approaches to French Studies**
- 6020 Literature and Psychoanalysis
- 6021 Mythocriticism
- 6130-39 Personal/Intimate Literature

**Sociological or Socio-historical approaches to French Studies**
- 6022 History, Society, Ideology and Texts
- 6101 The Female Voice: Women's Writing and its Contribution to the Development of French and Francophone Texts
- 6110-19 Paraliterature and Traditional Culture

**Linguistic, Semiotic, Poetic, Rhetorical or Pragmatic approaches to French Studies**
- 6011 General Theory of the French Language
- 6030 Grammar of the Text
- 6031 Narratology
- 6140-49 Genres and Discursive Forms

**Other approaches to French Studies**
- 6120-29 Texts/Images/Sounds
- 6150-59 Special Topics

**French and Spanish Courses for Students in Other Disciplines**
- French 6900 Reading in French
- Spanish 6900 Reading in Spanish

Note: "Credit may not be obtained for both French 6008 and the former French 6006; or for both French 6009 and the former French 6006.

**Français**
- www.mun.ca/hss
- www.mun.ca/languages

Professeur Agrégée et Directeur du Département

P. Basabose

1. Le diplôme de Maîtrise ès Arts en Études françaises sanctionne des études à temps plein ou à temps partiel. Les études françaises comprennent l'étude de la langue et de la littérature et l'étude de l'histoire, de la critique ou de théorie littéraire, ainsi que l'étude du cinéma ou d'autres aspects des civilisations francophones.

2. Les enseignants et enseignantes de français qui veulent poursuivre leurs études en français et en didactique du français peuvent choisir le programme de Maîtrise ès Arts et Éducation (Enseignement des littératures et cultures francophones) offert par la Faculté des Humanités et des Sciences Sociales, Département de langues, littératures et cultures modernes et la Faculté d'Éducation et la Faculté d’Éducation.

3. Pour être admis au programme de Maîtrise ès Arts en Études françaises, l'étudiant doit normalement détenir un diplôme de baccalauréat avec une spécialisation en Études françaises et une note moyenne d'au moins B. Le département pourra obliger toute personne ne détenant pas ce diplôme ou son équivalent à suivre certains cours du premier cycle avant d'être admis au programme de deuxième cycle ou pendant ses études de maîtrise.

4. L'option en Études littéraires comprend quinze crédits de cours, ce qui exigera normalement 2 ou 3 trimestres d'études à temps plein et un mémoire d'environ 80 pages rédigé en français. Tous les candidats compléteront et le Fr.6008 et le Fr.6009. Normalement, ces deux cours devront être complétés en deux trimestres consécutifs. En plus, il faudra compléter 3 cours choisis parmi ceux qui font partie de 3 des 5 groupes identifiés dans la section COURS. Le projet de mémoire, qui est approuvé par son directeur, doit être officiellement présenté par le candidat au Comité des Études de deuxième cycle, avant la fin du troisième trimestre, pour son approbation.

5. Le programme d'études du candidat doit être approuvé par le Comité des Études de deuxième cycle.

6. Une communication tirée du mémoire sera présentée dans le cadre des séminaires départementaux ou dans une autre réunion approuvée par le Comité des Études de deuxième cycle. Normalement, cette présentation se fera entre la soumission à son directeur et sa soumission définitive à l'Ecole des Études supérieures.

7. Avant d'être soumis à l'Ecole des Études supérieures, le mémoire doit être proposé au Comité des Études de deuxième cycle, qui doit en autoriser le dépôt.
8. Dans la version finale du mémoire et des autres travaux préparés pour les cours de maîtrise, la qualité du français écrit doit être d'un niveau acceptable au département, qui est représenté par le Comité des Études de deuxième cycle. Ainsi, la version finale de ces travaux ne contiendra-t-elle pas, normalement, d'erreurs orthographiques, lexicales, grammaticales, stylistiques et protocolaires. Pour ce qui est du mémoire, cette exigence s'applique à la version remise aux examinateurs.

Cours
Un choix des cours de deuxième cycle suivants sera offert afin de répondre aux besoins des étudiants inscrits au programme de maîtrise selon les ressources disponibles au département. Certains cours, excepté le Français 6900, peuvent être enseignés sous format accéléré en dehors du calendrier habituel d'un semestre ou d'une session quand ils sont offerts dans le cadre de l'Institut d'Été pour les Enseignants de Français (SIFT, Summer Institute for French Teachers):

- 6008* Méthodologie et théorie de la littérature I
- 6009* Méthodologie et théorie de la littérature II

Approche historiographique, génétique, thématique, herméneutique ou autrement historique ou critique:
- 6032 Génétique et critique
- 6102 Histoire de la langue française

Approche psychanalytique, ethnologique ou anthropologique:
- 6020 Psychanalyse et littérature
- 6021 Mythocritique
- 6130-39 Littérature personnelle/intime

Approche sociologique ou socio-historique:
- 6022 Histoire, société, idéologie et textes
- 6101 La voix féminine et le féminisme
- 6110-19 Paralittérature et cultures traditionnelles

Approche linguistique, sémiotique, poétique, rhétorique ou pragmatique:
- 6011 Théorie générale de la langue française
- 6030 Grammaire du texte
- 6031 Narratologie
- 6140-49 Discours et genres

Autres approches aux Études françaises:
- 6120-29 Textes/Images/Sons
- 6150-59 Sujets spéciaux

Cours de français et d'espagnol pour étudiants d'autres disciplines
- Français 6900 Lecture en français
- Espagnol 6900 Lecture en espagnol

* Nota / Note: Les étudiants ne peuvent obtenir de crédit pour le Français 6008 et le Français 6006 (désormais supprimé) ni pour le Français 6009 et le Français 6006.

8.14 Geography
www.mun.ca/hss
www.mun.ca/geog
Professor and Head of the Department
N. Catto

8.14.1 Program of Study
1. The degrees of Master of Arts and Master of Science are offered in Geography by full-time or part-time study.
2. Admission requirements are set forth in the General Regulations of the School of Graduate Studies and Degree Regulations for Master of Arts and Master of Science.
3. The deadline for submission of applications for admission is January 15. Candidates will normally commence their programs in the Fall semester.
4. An applicant will be admitted to a graduate program only if a faculty member agrees to act as Supervisor. A supervisory committee will be established after admission, normally consisting of the Supervisor and two other individuals, one of whom will normally be a member of the Department.
5. Major research areas for graduate study at the master's level are cultural, political, historical, economic, urban, resource management, community and regional development, geomorphology, Quaternary environments, climatology, and geographic information sciences.
6. Candidates will register for the M.A. program if their fields of interest lie in an area of Human Geography or for the M.Sc. if their fields of interest are in Physical Geography or Geographic Information Sciences.
7. It is expected that the program of study and research for the M.A. or M.Sc. will normally be completed in a maximum of two years of full-time work, or three years of part-time work.
8. Candidates must successfully complete a minimum of 12 credit hours of graduate program courses with a minimum grade of B in each. Geography 6000 and 6001 will be required courses for all candidates who have not already completed equivalent courses at the Honours or post-graduate level.
9. Candidates whose undergraduate degree is not in geography will normally be required to complete some additional undergraduate program courses during their first year of study, in addition to the required graduate program courses. Normally four such undergraduate courses will be required, and a minimum grade of 70% must be obtained in each.
10. Each candidate will be required to present a seminar on his or her research to the Department.
11. Each candidate must submit a thesis based on his or her own original research. This thesis will be examined in accordance with the General Regulations of the School of Graduate Studies.

8.14.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates as far as the resources of the Department will allow.
8.15 German

www.mun.ca/hss
www.mun.ca/languages

Associate Professor and Head of the Department
P. Basabose

8.15.1 Program of Study

The degree of Master of Arts (M.A.) is offered in German Language and Literature and may be taken by full-time or part-time study.

1. Candidates for the M.A. degree in German are normally expected to have completed an Honours degree with a minimum of second-class standing. In addition to the general requirements, candidates will be expected to have acquired a superior knowledge of the spoken and written language as determined by the Department prior to admission.

2. Students will be required to demonstrate superior German language skills as determined by the Department prior to admission to the program.

3. As part of the admissions process, prospective students must submit a non-binding outline of the area in which they would like to write their thesis.

4. Students may choose from two modes of completing the M.A. program, in accordance with the Graduate Studies Regulations Governing the Degree of Master of Arts:

   a. Candidates complete at least 18 credit hours of course work and submit a thesis. The entire program of study and research will normally take one year of full-time study. The M.A. thesis will be based on research conducted by the student.

      i. The thesis will be examined in accordance with General Regulation, Thesis and Reports.

      ii. Normally, one of the assigned examiners of the thesis will be external to the Department.

   b. Candidates complete at least 18 credit hours of course work and write a comprehensive examination. The entire program of study and research will normally take one year of full-time study.

      i. The comprehensive examination shall be examined in accordance with the General Regulations, Comprehensive Examinations.

      ii. Material to be covered on the M.A. comprehensive exam is normally determined by consultation between the student and the Head of the Department (or designate). The exam is written in two sittings: one exam will cover the student’s chosen area and the other will cover the student’s reading list and literary terminology. A final component of the comprehensive exam is an oral examination on the eras or issues covered in the written portion of the exam.

5. All students, regardless of the mode of completing the requirements for the M.A., will be required to complete German 6103.

8.15.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

6000 Issues in Modern Technology, Literature and Culture
6001 Issues in Literature on the Edges of Society
6100 Issues in the History of the German Language
6103 Bibliography and Research Methods
6200 Issues in Early German Literature and Culture I
6201 Issues in Early German Literature and Culture II
6300 Issues in Early Modern German Literature and Culture I
6301 Issues in Early Modern German Literature and Culture II
6800 Issues in Modern German Language and Culture I
6801 Issues in Modern German Language and Culture II
6900 Issues in Contemporary German Language and Culture I
6901 Issues in Contemporary German Language and Culture II
6903 Issues in Propaganda and Censorship
The School of Graduate Studies offers degrees in History and Linguistics.

### 8.16 History

**Assistant Professor and Head of the Department**
T. Bishop Stirling

The degrees of Doctor of Philosophy and Master of Arts are offered in History by full-time or part-time study.

**8.16.1 Program of Study**

1. The Department of History offers M.A. programs in a broad range of geographical and thematic areas. Students in the M.A. program will choose a thesis or non-thesis option.
2. M.A. candidates who choose the non-thesis option shall complete a minimum of 24 credit hours, 18 of which shall normally be 6190, 6200, and 6999.
3. M.A. candidates who choose the thesis option shall complete 9 credit hours, 6 of which shall normally be 6190 and 6200, plus a thesis.
4. Students will be required to successfully complete HIST 6190 prior to taking HIST 6200.
5. Students will be required to successfully complete HIST 6200 before writing the Major Research Paper or thesis.
6. Where a student’s major research project requires him or her to read a language other than English, he or she must demonstrate a reading knowledge of this language through an exam or other method subject to the approval of the Graduate Committee.

**8.16.2 Courses**

A selection of the following graduate courses will be offered to meet the requirements of candidates as far as the resources of the Department will allow.

- 6000 Advanced Studies in Newfoundland History
- 6010 Advanced Studies in Canadian History
- 6020 Advanced Studies in the History of the United States
- 6030 Advanced Studies in French History
- 6040 Advanced Studies in British History
- 6050 Advanced Studies in German History
- 6060 Advanced Studies in North Atlantic History
- 6070 Advanced Studies in Social History
- 6075 Advanced Studies in Labour and Working-Class History
- 6080 Advanced Studies in Intellectual History
- 6090 Advanced Studies in Women’s History
- 6095 Advanced Studies in Ethnohistory
- 6100 Advanced Studies in Military History
- 6105 Advanced Studies in Diplomatic History
- 6110 Advanced Studies in Maritime History
- 6120 Advanced Studies in Economic and Business History
- 6125 Medical Science and Social Responsibility in Health Care: Aspects of Medical History (cross-listed as Medicine 6420)
- 6130 Quantification and Measurement in History
- 6140-59 Research in Special Topics
- 6160-79 Reading Courses (Special Topics)
- 6190 Theory and Method
- 6200 Masters Seminar I
- 6999 Masters Research Paper (12 credit hours)

### 8.17 Linguistics

**Associate Professor and Head of the Department**
P. Branigan

The degrees of Master of Arts and Doctor of Philosophy are offered in Linguistics.

**8.17.1 Program of Study**

1. The Linguistics Department offers the M.A. program with both a thesis and a non-thesis option. The M.A. with thesis option is intended for those who have completed an undergraduate major in Linguistics with satisfactory standing (a B+ average in Linguistics courses). Students interested in the thesis option who have an excellent undergraduate record and a well-defined research plan, yet who do not possess the equivalent of an undergraduate major, will be required to take additional undergraduate and/or graduate courses in Linguistics. Other students are encouraged to apply for the M.A. without thesis option.
2. The M.A. with thesis option is normally a two-year program consisting of at least 15 credit hours of graduate courses (including Linguistics 7000 and 7001), plus a thesis.
3. The M.A. without thesis option is normally a two-year program consisting of at least 21 credit hours of graduate courses (including Linguistics 7000 and 7001), plus a research project (Linguistics 6999), which consists of a major research paper in an approved area followed by an oral examination.
4. The M.A. in Linguistics requires proficiency in a language other than the candidate's first language, as demonstrated by a minimum B grade in a second-year undergraduate language course, or performance satisfactory to the Department in an arranged reading proficiency test. A working or structural knowledge of other languages may also be required for particular programs (e.g., Latin, Greek or Sanskrit for historical Indo-European linguistics, or courses in the series Linguistics 6050-59 or the former 6010-6041).
5. All M.A. students are advised to consult the Linguistics department’s Graduate Handbook for details on program requirements and for general information relating to the graduate program.

8.17.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of students, as far as the resources of the Department will allow. Full information is to be found in the Department’s Graduate Handbook.

6050-54 Structure of a North American Aboriginal Language (credit restriction: Except where an exemption is supplied by the Head of the Department, a student may not obtain credit for more than one course in the 6050-54 series. Students may not obtain credit for any of the previously offered 6010, 6011, 6020, 6021, 6030, 6031, 6040, 6041 in addition to a course in the 6050-54 series.)

6055-59 Structure of an Uncommonly-Taught Language (credit restriction: Except where an exemption is supplied by the Head of the Department, a student may not obtain credit for more than one course in the 6055-59 series.)

6100 Issues in Morphosyntax (credit may not be obtained for both Linguistics 6100 and the former 6001)

6110 Selected Topics in Transformational Grammar

6115 Topics in the Syntax of a Selected Language (prerequisite: 6001 or 6110)

6150 Principles of Language Acquisition

6151 Selected Topics in Language Acquisition (prerequisite: Permission of the instructor)

6200 Phonological Theory

6201 Selected Topics in Phonology (prerequisite: 6200)

6210 Sociolinguistics (credit restriction: a student may not obtain credit for both 6210 or the former 6211)

6212 Selected Topics in Language and Gender

6220 Areal and Temporal Variations in Language

6300-9 Special Subjects

6350 General Romance Linguistics

6390 Franco-Canadian

6400 Comparative and Historical Linguistics

6401 Morphosyntactic Change (prerequisite: 6400)

6403 Etymology (cross-listed as English 6403)

6410 Comparative Structure of a Selected Language Family (prerequisite: 6403 or the former 6011, 6031)

6420 English Dialectology I

6421 English Dialectology II

6430 Selected Topics in Linguistic Variation (prerequisite: 6220 or the former 6211)

6500 Field Methods

6601 Modern Linguistic Theories

6700 Experimental Phonetics

6701 Selected Topics in Experimental Phonetics (prerequisites: 6200, 6700)

6800 Selected Topics in Morphology

6880 Selected Topics in Semantics

6999 M.A. Research Project

7000 Seminar in Research Methods

7001 Analytical Issues in Linguistics

7100 Topics in North American Native Languages (prerequisites: a course from series 6050-6054 or the former 6011, 6031, 6041)

7200 Advanced Topics in Syntax (prerequisites: 6110, plus either 6001 or 6115)

7400 Seminar in Comparative and Historical Linguistics (prerequisite: 6400 or 6410)

7430 Seminar in Linguistic Variation (prerequisite: 6430)

7800 Seminar in Morpho-semantics (prerequisite: 6800)

7900-03 Special Topics in Linguistics

Note: Appropriate equivalent credits may be given for courses taken at the Summer Institute of the Linguistic Society of America, or a similar institute. Students are encouraged to attend these institutes. They should, however, consult the Head of the Department as to what courses may be appropriate for credit.

8.18 Philosophy

www.mun.ca/hss
www.mun.ca/philosophy

Professor and Head of the Department
S. McGrath

8.18.1 Program of Study
The Degree of Master of Arts is offered in Philosophy by full-time or part-time study. The program is designed so that it may be completed in one academic year (three semesters) of full-time study.

The candidate must complete 18 credit hours - 3 credit hours from 6000, 12 credit hours from 6011-6016, any 3 credit hours from 6101-6102 - and a thesis.

Normally, a full-time candidate will complete all the 18 credit hours and submit a thesis proposal by the end of the second semester of study. A minimum of one additional semester will be spent in completing the balance of the program.

8.18.2 Courses

6000 Graduate Seminar

Author Seminars
6011 Ancient and Medieval Philosophy
6012 Modern Philosophy
6013 Contemporary Philosophy

Area Seminars
6014 Metaphysics
6015 Theory of Knowledge
6016 Ethical and Political Theory
8.19 Political Science

www.mun.ca/hss
www.mun.ca/posc

Professor and Head of the Department
L. Ashworth

8.19.1 Program of Study

The Degree of Master of Arts is offered in Political Science by full-time and part-time study. The degree of Master of Arts (M.A.) in Political Science may be taken by course work and thesis, course work and internship, or course work and research paper. The thesis, internship, and research paper options are available to full-time students. The M.A. with thesis is a two-year program. The internship and research paper options are one year programs for full-time students. The thesis and research paper options are open to part-time students.

1. M.A. with Thesis:
   a. Students choosing the M.A. with thesis must complete a minimum of 12 credit hours in political science graduate program courses of which 3 credit hours must be attained from either POSC 6000 or 6010. Further courses beyond the minimum number may be required, depending on the background and needs of the student.
   b. Each student choosing the thesis option will submit a thesis on a subject that has been approved by the supervisory committee of the Department.
   c. Students applying for the thesis option must submit a brief (one page maximum) statement of their research interest with their application.

2. M.A. with Internship:
   a. Students choosing the M.A. with internship must complete a minimum of 24 credit hours in political science graduate program courses of which 12 credit hours must be attained from POSC 6030, 6031, and 6790 and 3 credit hours must be attained from either POSC 6000 or 6010. Further courses beyond the minimum number may be required, depending on the background and needs of the student.
   b. Each student choosing this option will complete, normally in the Spring semester, a one-semester, full-time internship, 6030, with a political organization, government agency, or voluntary agency. Students registering for 6030 must also register for its co-requisite, 6031. The placement must normally be selected from a list of approved organizations that is maintained by the Department.

3. M.A. with Research Paper:
   a. Students choosing the M.A. with research paper must complete a minimum of 24 credit hours in political science graduate program courses of which 9 credit hours must be attained from either POSC 6999 and 3 credit hours must be attained from POSC 6000 or 6010.
   b. The selection of a topic for the research paper must be approved by a faculty supervisor who will be chosen in consultation with the Department Head. The paper will be graded by the supervisor and one other member of the faculty, either from within the Department or the Department of a cognate discipline.

8.19.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

6000 Political Science Concepts
6010 Political Science Methods
6020 Research Design
6030 Internship
6031 Applied Political Research (6 credit hours)
6100 Political Philosophy
6200 International Politics
6300 Comparative Politics
6301 European Politics and Public Policy
6350 Political Economy
6400 Political Development
6430 Latin American Politics
6500 Political Behaviour
6600 Newfoundland Politics
6700 Canadian Politics
6710 Intergovernmental Relations
6720 Local Politics
6740 Public Administration
6770 Canadian Provincial Politics
6780 Politics of the Atlantic Provinces
6790 Public Policy Process
6900-10 Special Topics
6999 Master's Essay (9 credit hours)
8.20 Religious Studies

www.mun.ca/hss
www.mun.ca/relstudies

Professor and Head of the Department
K.I. Parker

8.20.1 General Information

The degree of Master of Arts (M.A.) is offered in Religious Studies and may be taken by full-time or part-time study.

Candidates for the M.A. in Religious Studies may choose between the M.A. with Thesis option and the M.A. with a Project option. Candidates must specify which M.A. stream they wish to pursue upon entry into the program.

1. Admission requirements are set forth in the Regulations Governing the Degree of Master of Arts. An applicant should have completed a minimum of 45 credit hours in Religious Studies courses at the undergraduate level with at least the grade of B in each. An applicant should have completed a minimum of 45 credit hours in Religious Studies courses at the undergraduate level with at least the grade of B in each. An applicant's overall undergraduate program must represent, to the satisfaction of the Department, a solid groundwork for graduate studies.

2. A candidate who does not hold an Honours Degree or its equivalent shall be required to complete such additional undergraduate courses as the Department may deem necessary. These courses may be required as prerequisites to admission to the program, or as an additional constituent part of the program, at the discretion of the Department.

3. Upon acceptance into the program, each candidate will be assigned a Supervisor, whose duty it shall be to assist the candidate.

4. Students will be required to satisfy the Department as to proficiency in any language or technical facility deemed necessary by the Graduate Studies Committee of the Department for successful completion of the thesis or project.

8.20.2 Program of Study

1. Thesis Option
   a. Normally, the Master of Arts program with thesis option should take two years to complete, the first of which is to be spent primarily on course work and preparation of a thesis proposal. A student accepted on a part-time basis would normally be expected to take three to five years to complete the program.
   b. Students in the M.A. program with thesis option shall normally complete a thesis and a minimum of 12 credit hours in course work.
   c. Students may write a thesis in one of the following areas: Hinduism, classical Confucianism, philosophical Daoism, Chinese and North American Buddhism, Buddhism and psychology, Judaism, Christianity, Hebrew Bible, New Testament, religious history of Canada, religious history of Newfoundland and Labrador, medieval religious thought, religion and culture (including pop culture), New Age religious movements, ethics and social justice, philosophy of religion.
   d. Before a student begins writing his or her thesis, he/she should submit a research proposal to the Graduate Studies Committee of the Department for approval.
   e. Students in the M.A. with thesis option must complete four required courses. Typically the four required courses are: RS 6100 Methods and Theories in Religious Studies; RS 6110 Thesis Writing; RS 6120 Studies in Religious Texts; and RS 6130 Religious Contexts.

2. Course-based M.A. with a Project Option
   a. Normally, the Master of Arts program with a project option should take one year (three semesters) to complete, the first two semesters spent on course work and the third semester on completing the project.
   b. Before a student begins writing his or her project, he/she should submit a research proposal to the Graduate Studies Committee of the Department for approval.
   c. Students in the M.A. with a project option must complete five required courses and at least one other from the course list. This may be from a cognate discipline (upon approval). Typically, the five required courses are: RS 6100 Methods and Theories in Religious Studies; RS 6110 Thesis Writing; RS 6120 Studies in Religious Texts; RS 6130 Religious Contexts; and RS 699A/B Advanced Research in Religious Studies.

8.20.3 Courses

6100 Methods and Theories in Religious Studies (credit may not be obtained for both Religious Studies 6100 and the former Religious Studies 6000)
6110 Thesis Writing
6120 Studies in Religious Texts
6130 Religious Contexts
6220 Selected Topics in New Testament
6230 Selected Topics in Hebrew Bible/Old Testament
6330 Selected Topics in Judaism
6340 Selected Topics in East Asian Religious Traditions
6350 Selected Topics in South Asian Religious Traditions
6720 Selected Topics in the History of Christianity
6730 Selected Topics in the Religious History of Canada
6740 Selected Topics in the Religious History of Newfoundland and Labrador
6750 Selected Topics in Medieval Religious Thought
6820 Selected Topics in Christian Ethics
6830 Selected Topics in Religion and Culture
6840 Selected Topics in the Philosophy of Religion
6850 Selected Topics in New Age Religious Movements
6900-6910 Special Topics in the Study of Religion
699A/B Advanced Research in Religious Studies (9 credit hours)
8.21 Sociology

www.mun.ca/hss
www.mun.ca/soc

Associate Professor and Head of the Department
A. Craig

The Degrees of Master of Arts and Doctor of Philosophy can be earned through full-time or part-time study. Area of department specialization include: Social Theory; Sociology of Culture; Criminology; Environmental Sociology; Social Inequality; Sociology of Gender; Sexuality; Health, including Occupational Health; Development; Work; Political Sociology; and Maritime Sociology. Graduate courses are taught as tutorials or small seminars.

8.21.1 Program of Study

1. Minimum admission requirements are a B average in undergraduate studies with a good undergraduate background in Sociology.

2. The M.A. Degree with thesis requires the completion of 15 credit hours in graduate courses, normally including the Sociology Graduate Seminar (6880), Advanced Quantitative Methods (6040), Advanced Qualitative Methods (6041), Social Theory (6150), one elective, and a thesis. In the case of full-time students, the M.A. with thesis is normally completed in two years. The first year is devoted to the completion of the required courses and the definition of the thesis research topic. The second year is devoted to the completion of the thesis and presentation of the thesis at a Department seminar.

3. The M.A. Degree by Master's Research Paper requires the completion of 24 credit hours, normally including the Graduate Seminar (6880), Advanced Quantitative Methods (6040), Advanced Qualitative Methods (6041), Social Theory (6150), two electives, and the Master's Research Paper (6900). The coursework should be taken during the first two semesters of full-time study. The Master's Research Paper (Sociology 6900) should be written in the third semester of full-time study. The Master’s Research Paper will be supervised by a faculty member and must be presented at a Departmental seminar. The Supervisor and one other member of the Department will grade the Master's Research Paper.

8.21.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

6040 Advanced Quantitative Methods
6041 Advanced Qualitative Methods
6042-49 Special Topics in Advanced Sociology
6090-94 Special Area in Sociology
6120 Social Organization
6130 Social Stratification
6140 The Community
6150 Social Theory
6160 Theory Construction and Explanation in Sociology
6240 Sociology in Medicine
6280 Social and Economic Development
6300 Maritime Sociology
6310 Political Sociology
6320 Gender and Society
6330 Science and Technology
6340 Comparative North Atlantic Societies
6350 Environmental Sociology
6360 Sociology of Work
6370 Feminist Theory and Methods
6380 Women, Nature, Science and Technology
6390 Sociology of Culture
6610 Socialization
6620 Current Topics in Social Behaviour
6880 Sociology Graduate Seminar
6900 Master's Research Paper (6 credit hours)

9 Regulations Governing the Degree of Master of Arts and Education (Education and Francophone Literatures and Cultures)

www.mun.ca/hss
www.mun.ca/educ

Dean of Humanities and Social Sciences
to be determined

Professor and Dean of Education
K. Anderson

The degree of Master of Arts and Education (Education and Francophone Literatures and Cultures) is jointly offered by the Faculty of Humanities and Social Sciences and the Faculty of Education, and is offered by full-time or part-time study. These regulations should be read in conjunction with the General Regulations of the School of Graduate Studies of Memorial University of Newfoundland.

The Administrative Committee is responsible for the program. The Committee shall be comprised of the Associate Dean, Graduate Programs in the Faculty of Education (or delegate), the Head of the Department of Modern Languages, Literatures and Cultures (or delegate) and one appointed faculty member. The faculty member shall come from either the Faculty of Education or the Department of Modern Languages, Literatures and Cultures in alternating years. The Administrative Committee is responsible for admissions and advising students on course selection when appropriate.
9.1 Qualifications for Admission
To be considered for admission to the Master of Arts and Education (Education and Francophone Literatures and Cultures), an applicant shall normally hold a Bachelor of Education degree, with a concentration in French, from an institution recognized by Senate. Applicants should have a minimum ‘B’ standing or an average of 70% in the last 30 courses attempted and two years of experience teaching French. An appropriate level of proficiency in French is required, and the applicant’s level of competence will be evaluated by the Administrative Committee.

9.2 Program of Study
1. Candidates for the Master of Arts and Education (Education and Francophone Literatures and Cultures) may choose one of two program options:
   - Option I. Project Route
   - Option II. Comprehensive Course Route

2. All candidates shall be required to complete:
   - French 6800 Littératures francophones: Théorie et pratique/Francophone literatures: Theory and practice
   - French 6810 Cultures francophones: Théorie et pratique/Francophone Cultures: Theory and practice
   - Education 6100 Research Designs and Methods in Education
   - Six credit hours from Memorial University of Newfoundland, Department of Modern Languages, Literatures and Cultures graduate course offerings as deemed appropriate by the Administrative Committee.
   - Nine credit hours selected from:
     - Education 6668 Current Issues in Second Language Education
     - Education 6669 Graduate Seminar in Second Language Teaching and Learning
     - Education 6673 Second Language Teaching, Learning and Curriculum
     - Education 6674 Research in Second Language
     - Three credit hours from other Memorial University of Newfoundland, Faculty of Education graduate course offerings as deemed appropriate by the Administrative Committee.

3. Students choosing Option I must also complete:
   - Education 6392 Project in Curriculum, Teaching and Learning Studies

4. Students choosing Option II must also complete:
   - Three credit hours from Memorial University of Newfoundland, Department of Modern Languages, Literatures and Cultures graduate course offerings as deemed appropriate for each candidate’s program by the Administrative Committee.
   - Education 6390 Research and Development Seminar in Curriculum, Teaching and Learning Studies

9.3 Evaluation
1. In order to continue as a candidate for the degree of Master of Arts and Education (Education and Francophone Literatures and Cultures), a candidate shall obtain an A or B grade in each required course. A candidate who receives a grade of C in any required course must repeat that course and obtain a minimum grade of B. In the case of an elective course, a suitable replacement course acceptable to the Administrative Committee may be substituted for the failed course. Only one such repetition/replacement shall be permitted on the candidate’s graduate program. Should a grade of less than B be obtained in the repeated/replacement course, or any other program course, the candidate shall be required to withdraw from the program.

2. When the Administrative Committee has determined, through consultation with the candidate, graduate course instructors, and the project supervisor, if applicable, that the candidate’s work has fallen below satisfactory level, they may request the Dean of the Faculty of Education and the Head of the Department of Modern Languages, Literatures and Cultures recommend to the Dean of Graduate Studies that the candidate’s program be terminated.

9.4 Courses
Course descriptions for graduate course in Education are available at www.mun.ca/educ/grad/fee_deadline.php.

French 6800 Littératures francophones: Théorie et pratique/Francophone literatures: Theory and practice
French 6810 Cultures francophones: Théorie et pratique/Francophone Cultures: Theory and practice
French 6820 Littérature de jeunesse: Théorie et pratique/Children’s and Young Adult Literature: Theory and Practice
Education 6100 Research Designs and Methods in Education
Education 6390 Research and Development Seminar in Curriculum, Teaching and Learning Studies
Education 6392 Project in Curriculum, Teaching and Learning Studies (6 credit hours)
Education 6668 Current Issues in Second Language Education
Education 6669 Graduate Seminar in Second Language Teaching and Learning
Education 6673 Second Language Teaching, Learning and Curriculum (credit may not be obtained for both Education 6673 and the former 6665 or 6667)
Education 6674 Research in Second Language
Education 6674 Research in Second Language

Other courses offered for the Master of Education program and the Master of Arts in French Studies program as deemed appropriate by the Administrative Committee.

Règlements de la Maîtrise ès Arts et Éducation (Enseignement des littératures et cultures francophones)
www.mun.ca/hs
www.mun.ca/educ/home

Doyenne des Humanités et des Sciences Sociales
être déterminé

Professeur et Doyen d’Éducation
K. Anderson

La Maîtrise ès Arts et Éducation (Enseignement des littératures et cultures francophones) est offerte conjointement par la Faculté des Arts et la Faculté d’Éducation et cautionne des études à temps partiel ou à temps plein.
Il est recommandé de lire ces réglements en conjonction avec les Règlements généraux de l’École des Études supérieures.

Le Comité administratif est responsable du programme. Le Comité sera composé du Doyen adjoint aux programmes supérieurs de la Faculté d’Éducation (ou son représentant), le Directeur du Département d'études françaises et hispaniques (ou son représentant), et un autre membre. Ce dernier viendra alternativement (une année sur deux) d’une des deux unités. Le Comité administratif décidera de l’admission et conseillera à l’occasion les étudiants sur leur choix de cours.

**Admission**

Pour être admissible au programme de Maîtrise ès Arts et Éducation (Enseignement des littératures et cultures francophones), il faut normalement détenir un Baccalauréat en Éducation, avec concentration en français, provenant d’une institution reconnue par le Sénat. Il faut une note moyenne minimale de 'B' ou une moyenne de 70% dans les trente derniers cours et deux ans d’expérience dans l’enseignement du français. Un niveau adéquat de français est nécessaire et la compétence des candidats (le masculin est utilisé à titre épicène) sera évaluée par le comité d’admission.

**Programme d’études**

1. Les candidats à la Maîtrise ès Arts et Éducation (Enseignement des littératures et cultures francophones) choisiront l’une ou l’autre des deux options suivantes:
   - 1ère option Programme menant au projet terminal
   - 2ème option Programme entièrement composé de cours

2. Tous les candidats devront compléter:
   - French 6800 Littératures francophones: Théorie et pratique
   - French 6810 Cultures francophones: Théorie et pratique
   - Education 6100 Research Designs and Methods in Education
   - Six heures crédits de cours de deuxième cycle du Département d'études françaises et hispaniques jugés appropriés par le Comité administratif.
   - Neuf heures crédits parmi:
     - Education 6668 Current Issues in Second Language Education
     - Education 6669 Graduate Seminar in Second Language Teaching and Learning
     - Education 6673 Second Language Teaching, Learning and Curriculum
     - Education 6674 Research in Second Language
   - Trois heures crédits de cours de la Faculté d'Éducation jugés appropriés par le Comité administratif.

3. L’étudiant ayant choisi la 1ère option devra compléter:
   - Education 6392: Project in Curriculum, Teaching and Learning Studies

4. L’étudiant ayant choisi la 2ème option devra compléter:
   - Trois heures crédits de cours de deuxième cycle du Département d'études françaises et hispaniques jugés appropriés pour le programme de l’étudiant.
   - Education 6390 Research and Development in Teaching and Learning Studies

**Évaluation**

1. Afin de continuer son inscription au programme de Maîtrise ès Arts et Éducation (Enseignement des littératures et cultures francophones), le candidat doit obtenir un note de A ou B dans chaque cours obligatoire. Le candidat qui reçoit une note de C dans un cours obligatoire doit répéter ce cours et obtenir au moins B. Dans le cas d’un cours facultatif, un cours jugé approprié par le Comité administratif peut être substitué à un cours qui n’a pas été réussi. Une telle répétition ou un tel remplacement ne sera permis qu’une seule fois dans le programme de l’étudiant. Si une note moindre que B est obtenue dans un cours répété ou dans un cours de remplacement, le candidat devra se retirer du programme.

2. Lorsque le Comité administratif aura établi, après avoir consulté le candidat, ses enseignants et son directeur de projet, le cas échéant, que le travail du candidat n’atteint toujours pas un niveau satisfaisant, il pourra demander au Doyen de la Faculté des Arts et au Doyen de Faculté d’Éducation qu’ils recommandent la disqualification du candidat au Doyen des Études supérieures.

**Cours**

French 6800 Littératures francophones: Théorie et pratique
French 6810 Cultures francophones: Théorie et pratique
French 6820 Littérature de jeunesse: Théorie et pratique
Education 6100 Research Designs and Methods in Education
Education 6390 Research and Development Seminar in Teaching and Learning Studies
Education 6392 Project in Curriculum, Teaching and Learning Studies (6 crédits heures)
Education 6668 Current Issues in Second Language Education
Education 6669 Graduate Seminar in Second Language Education
Education 6673 Second Language Teaching, Learning and Curriculum (les étudiants ne peuvent recevoir de crédit et pour Education 6673 et pour Education 6665 ou 6667)
Education 6674 Research in Second Language
Autres cours de cycle supérieur offerts par la Faculté d’Éducation et le Département d’études françaises et hispaniques jugés appropriés par le Comité administrative.
10 Regulations Governing the Degree of Master of Business Administration

www.business.mun.ca

Dean to be determined

The Degree of Master of Business Administration (M.B.A.) is offered by full-time or part-time study. These regulations must be read in conjunction with the General Regulations of the School of Graduate Studies of Memorial University of Newfoundland.

10.1 Qualifications for Admission

1. Admission is limited and competitive. To be eligible for consideration for admission to the Master of Business Administration program, an applicant shall:
   a. normally hold at least a Bachelor's Degree, with a minimum 'B' standing, from an institution recognized by Senate;
   b. normally have two years of full-time work experience, or equivalent, deemed acceptable to the Faculty of Business Administration; and
   c. achieve a satisfactory total score on the Graduate Management Admission Test (GMAT), as well as an appropriate balance of verbal and quantitative GMAT score components. Specific information regarding test centres, dates, registration procedure and deadlines can be obtained by contacting the Graduate Management Admission Council at www.mba.com.

2. An applicant who did not complete a Bachelor's degree at a recognized university where English is the primary language of instruction must normally complete either the:
   a. Test of English as a Foreign Language (TOEFL) and achieve a paper-based score of 580 (or higher), computer-based score of 237 (or higher), or Internet based score of 92-93 (or higher); or
   b. International English Language Testing System (IELTS) and achieve a score of 7 (or higher).

Information regarding the TOEFL is available from the Educational Testing Service at www.ets.org. IELTS information is available at www.ielts.org.

3. In exceptional cases, an applicant who has not completed a Bachelor's degree, but who meets all other requirements, may be considered for admission. Preference will be given to those who present a high GMAT score, have a minimum of 10 years of full-time managerial and executive experience, and have completed several years of university studies. The Faculty may also take into account relevant professional credentials. An applicant who does not meet normal admission requirements may be required to complete, with a high level of achievement, certain undergraduate courses before being considered for admission.

4. Notwithstanding the above, in exceptional cases, and only on the strong recommendation of the Faculty of Business Administration, consideration may be given to an applicant who does not qualify for admission consideration in accordance with the entrance requirements outlined above. It is noted that the GMAT requirement is never waived.

10.2 Deadlines for Applications

Applications and all supporting documents must be received not later than May 1 from Canadian applicants wishing to enter full-time or part-time studies in the Fall semester. Full-time and international applicants are normally considered for entry in the Fall semester. International applicants must submit complete documentation by February 1. Part-time applicants planning to enter in the Winter (January) or Spring (May) semester must apply prior to October 15 and January 15 respectively. Individuals submitting applications later than the above dates are not assured of consideration for admission to the program in the semester desired; their applications will be processed only if time and resources permit.

10.3 Procedure for Admission

1. Applications for admission to the M.B.A. program must be made on the appropriate form to the School of Graduate Studies.

2. The following documents must be submitted in support of the official application form:
   a. letters of appraisal from two referees, at least one of whom has had close professional contact with the applicant within the last two years, and at least one of whom is capable of appraising the applicant's academic potential as a graduate student;
   b. official transcript from each university or other post-secondary institution previously attended (other than Memorial University of Newfoundland), to be sent directly by its Registrar (or equivalent officer) to the School of Graduate Studies. If not recorded on the transcript, official evidence of completion of undergraduate degree must also be submitted;
   c. the official GMAT score report, to be sent directly by the Graduate Management Admission Council. The code number for Memorial University of Newfoundland is LTT-6W-51;
   d. the Master of Business Administration Employment Experience Form; and
   e. where applicable, an official TOEFL or IELTS score report (or another equivalent test acceptable to the School of Graduate Studies), to be forwarded directly by the educational testing service.

3. Admission shall be by the Dean of the School of Graduate Studies on the recommendation of the Faculty of Business Administration. Upon notification from the Dean of the School of Graduate Studies of acceptance into the M.B.A. program, an applicant must give written notice to the School of Graduate Studies of his/her intention to register. Such notice must be received by the Office of the Dean within 30 days of notification of acceptance, or three weeks prior to semester registration.

10.4 Programs of Study

The program is a 60 credit hour all-course program. This program requires: 36 credit hours as specified in Table 1; plus 24 credit hours selected from Table 2 including a minimum of 3 credit hours in the area of international business chosen from 9005, 9020, 9030, 9306, 9326 or another approved international course.

Course exemptions may be considered in accordance with Clause 3. below. In the event that course exemptions are granted, the 60 credit hour program requirement will be adjusted accordingly.

1. The Faculty of Business Administration may consider exemptions for up to 10 (30 credit hours) introductory M.B.A. courses for those applicants who have completed relevant undergraduate courses in Business, Economics, and Statistics. Undergraduate courses will normally only be considered for exemption purposes if they were completed within seven years of the year in which admission to the M.B.A. program is sought and provided the student achieved a grade of 75% or higher in the undergraduate course(s) required for
exemption of the relevant M.B.A. course. Only the following introductory M.B.A. courses will be considered for exemption: 8103, 8104, 8106, 8108, 8109, 8204, 8205, 8206, 8207, and 8208.

2. An applicant who has completed relevant undergraduate courses at institutions external to Memorial University of Newfoundland must submit the following information to the M.B.A. Program Office, Faculty of Business Administration, for evaluation:
   - a detailed course outline for each course to be considered in the application for advanced standing;
   - a description of the method of evaluation used in each such course, the grades received, and the completion dates.

3. The Faculty of Business Administration reserves the right to restrict a student from taking particular M.B.A. elective courses if it is deemed that those courses do not add sufficient value beyond courses that the student has completed at the undergraduate level.

4. A student is required to observe approved co- or prerequisites in scheduling his/her courses. These are indicated in Table 3.

5. A student shall successfully complete the requirements of Business 8103 as part of the first 36 credit hours of the program.

### 10.5 Evaluation

1. Credit towards the M.B.A. Degree will be granted only for those courses which have been approved as constituting part of the student’s program of study and in which the student has obtained a mark of 65% or higher.

2. A student is required to withdraw from the M.B.A. program if a final grade of ‘F’ is obtained in any course.

3. To remain in the program, a student who obtains a final grade of ‘C’ or ‘D’ in any course must repeat that course when next offered, and obtain a minimum grade of ‘B’. In the case of an elective course, a replacement course approved by the Faculty of Business Administration may be substituted for the course. Only two such repetitions/replacements shall be permitted in the student's graduate program. Should a grade of less than ‘B’ be obtained in a repeated or replacement course, the student shall be required to withdraw from the program.

### 11 Regulations Governing the Degree of Master of Education

www.mun.ca/educ

Professor and Dean
K. Anderson

The Master of Education (M.Ed.) is offered in the following areas: Educational Leadership Studies, Curriculum, Teaching and Learning Studies, Counselling Psychology, Post-Secondary Studies, and Information Technology.

In addition, a Master of Arts and Education (Education and Francophone Literatures and Cultures), jointly offered by the Faculty of Education and the Faculty of Humanities and Social Sciences, Department of Modern Languages, Literatures and Cultures, is available for candidates who wish to specialize in the study and teaching of French.

In the case of the following general program regulations and the specific program regulations, which govern all Master of Education Degree programs, Dean refers to the Dean of Graduate Studies, Dean of Education refers to the Office of the Dean, Faculty of Education, and Faculty refers to the Faculty of Education, through its various operating committees.

Students taking any of the Master of Education Degree programs are advised that a Bachelor of Education Degree is required for employment in the K - 12 system.

#### 11.1 Qualifications for Admission

1. Admission to the Master of Education is limited and competitive. To be considered for admission to a graduate program in Education, an applicant shall:
   a. have from a recognized institution, either (1) an undergraduate degree with at least second class standing, or (2) an undergraduate degree and an average of at least 70% in the last 90 attempted undergraduate credit hours.
2. Only in exceptional circumstances, and only on the recommendation of the Dean of Education, shall the Dean consider applicants who do not meet the requirements in 1.
3. Please refer to Specific Programs regulations for additional admission requirements.

11.2 Program of Study
1. Candidates for the Master of Education (Educational Leadership Studies, Curriculum, Teaching and Learning Studies) shall be required to complete a minimum of:
   a. 18 credit hours plus a thesis; or
   b. 24 credit hours plus an internship report, a project report or a paper folio; or
   c. 30 credit hours on the comprehensive-course route.
Candidates for the Master of Education (Post-Secondary Studies) shall be required to complete a minimum of:
   a. 18 credit hours plus a thesis; or
   b. 24 credit hours plus an internship; or
   c. 30 credit hours on the comprehensive-course route.
Candidates for the Master of Education (Counselling Psychology) shall be required to complete a minimum of:
   a. 30 credit hours (which include an internship) plus a thesis; or
   b. 36 credit hours (which include an internship) on the comprehensive-course route.
Candidates for the Master of Education (Information Technology) shall be required to complete a minimum of:
   a. 18 credit hours plus a thesis; or
   b. 30 credit hours on the comprehensive-course route.
Candidates for the Graduate Diploma in Post-Secondary Studies (Health Professional Education) must complete:
   a. 12 credit hours
Candidates for the Graduate Diploma in Educational Leadership Studies must complete:
   a. 18 credit hours

2. Candidates may apply for transfer of course credits. All course transfers require the approval of the Dean, on the recommendation of the Dean of Education, and are subject to General Regulation, Program Requirements, Transfer of Course Credits of the School of Graduate Studies.

3. a. All graduate courses completed must be in accordance with the student’s program of study.
b. Graduate courses not within a program of study must be approved by the Associate Dean, Graduate Programs and Research, Faculty of Education, prior to registration.

4. a. A candidate with full-time status may register for a maximum of 12 credit hours in any regular semester and a maximum of 6 credit hours in intersession or summer session.
b. A candidate with part-time status may register for a maximum of 3 credit hours in any semester or session, excluding summer session, when 6 credit hours are permitted.
c. Candidates may register for additional courses in a semester or session with the permission of the Office of the Associate Dean of Graduate Programs in Education.

5. Before submission of the proposal for thesis, project, internship, or paper folio, a Supervisory Committee shall be recommended by the Dean of Education, in consultation with the candidate, and approved by the Dean. The Supervisory Committee shall consist of the Supervisor and at least one other member.

The function of the Supervisory Committee shall be to approve the proposal for the thesis, project, internship, or paper folio, and to exercise supervision in the conduct of the study on behalf of the Faculty, subject to the final approval of the Dean.

11.3 Period of Study
The period of the study for a graduate program shall not normally exceed six years beyond first registration. Completion of some program components may require full-time study on the University campus.

11.4 Evaluation
1. In order to continue as a candidate for the Master of Education Degree, a candidate who receives a final grade of ‘C’ in any program course must repeat that course and obtain a minimum grade of ‘B’. In the case of an elective course a suitable replacement course, acceptable to the Faculty, may be substituted for the failed course. Only one such repetition/replacement shall be permitted on the candidate’s graduate program. Should a grade of less than ‘B’ be obtained in the repeated course, replacement course, or any other program course, the candidate shall be required to withdraw from the program.
2. When the Faculty has determined, through consultation with the candidate, the instructors of graduate courses, and the program advisor or thesis Supervisor that the candidate’s work has fallen below satisfactory level, it may request that the Dean of Education recommend to the Dean that the candidate’s program be terminated.

11.5 Thesis
See School of Graduate Studies General Regulation, Theses and Reports.

11.6 Program Regulations
Every candidate in graduate studies shall comply with the School of Graduate Studies General Regulations, the Degree Regulations Program of Study, and the specific program regulations as outlined in Specific Programs.

11.7 Appeals and Waivers Procedures
Candidates are advised that appeals and waivers of any regulations governing the Degree of Master of Education are governed by School of Graduate Studies General Regulations Provision For Waiver of Regulations and Appeal Procedures.
11.8 Specific Programs

11.8.1 Educational Leadership Studies

The Educational Leadership Studies program provides students with an opportunity to explore a broad range of issues in educational leadership, policy, and administration. It prepares candidates to assume leadership roles in a variety of settings, including school and district leadership, post-secondary institutions and policy analysis. The Faculty offers a Master of Education degree and a Graduate Diploma in Educational Leadership Studies.

1. Admission Requirements

In addition to meeting the requirements in the School of Graduate Studies General Regulations,

a. students must have completed a range and number of courses in Education deemed appropriate by the Faculty and Dean of Education.
b. a minimum of two years of teaching/leadership experience is recommended.

2. Program Requirements for the Master of Education Degree Program

a. all students in the Master of Education Program (Educational Leadership Studies) program must complete:
   - 6100 Research Designs and Methods in Education
   - 6204 Educational Administration: Theory and Practice
   - 6205 Educational Policy: Theory and Practice and one of the following:
     - 6 credit hours (thesis route) within closed electives as listed in e. below
     - 9 credit hours (internship, paper folio, project, comprehensive course route) within closed electives as listed in Closed electives below

b. students on the thesis route must complete at least one of the research courses listed below (6100 is prerequisite):
   - 6466 Qualitative Research Methods
   - 6467 Quantitative Research Methods
   - 6468 Critical Approaches to Educational Research
   - 6469 Theoretical and Methodological Foundations of Action Research

c. students on the comprehensive-course route must complete 6290 Research and Development Seminar in Educational Leadership Studies. Normally students would be permitted to register for this course only after all other course requirements have been met, or during the student's last semester of studies.

d. to meet total credit hour requirements students may choose electives from any university graduate offering provided that those chosen are appropriate to the student's program:
   - students on the thesis route must complete a total of at least 18 credit hours
   - students on the internship, paper folio, or project route must complete a total of at least 24 credit hours and the appropriate course option including 6291 Internship in Educational Leadership Studies (6 credit hours), 6292 Project in Educational Leadership Studies (6 credit hours), or 6293 Paper Folio in Educational Leadership Studies (6 credit hours)
   - students on the comprehensive-course route must complete a total of at least 30 credit hours

e. Closed electives are those listed below:
   6202 Social Context of Educational Leadership
   6203 Leadership: Theory and Practice
   6321 Supervisory Processes in Education
   6330 Educational Finance
   6335 Legal Foundations of Educational Administration
   6410 Seminar on Philosophical Issues in Educational Policy and Leadership
   6420 Ethical Issues and Perspectives in Educational Practice and Policy
   6425 Comparative Perspectives in Public Education, Reform, and Leadership
   6426 Computer Applications in Educational Administration
   6427 School Community Partnerships
   6440 Family-School Relations: Leadership and Policy Implications
   6465 School Violence: Leadership and Policy Implications
   6664 Seminar in School Improvement
   6710 Issues in Development and Implementation of Special Education Policy and Practices

Courses must be appropriate to the program and chosen in consultation with the advisor.

3. Program Requirements for the Graduate Diploma in Educational Leadership Studies

The Graduate Diploma in Educational Leadership Studies provides students with an opportunity to explore a broad range of issues in educational leadership, policy and administration. It prepares candidates to assume leadership roles in a variety of settings, including school and district leadership, post-secondary institutions and policy analysis.

Students wishing to be admitted to the Graduate Diploma in Educational Leadership Studies must meet the criteria for admission specified under Master of Education (Educational Leadership Studies) degree, Qualifications for Admission.

Candidates for the Graduate Diploma must complete a total of 18 credit hours, including:
- 6203 Leadership: Theory and Practice
- 6204 Educational administration: Theory and Practice
- 6 credit hours that come from the list of closed electives for the Master of Education (Educational Leadership Studies) degree, or other graduate courses appropriate to the student's program and are approved by the Faculty of Education.

Students enrolled in the Graduate Diploma program may request transfer to the Master of Education (Educational Leadership Studies) prior to graduation. Students must complete an additional 12 credit hours appropriate to the Master of Education (Educational Leadership Studies) degree.

All courses completed must satisfy the requirements for the Graduate Diploma (Educational Leadership Studies) and the Master of Education (Educational Leadership Studies) Degree.
11.8.2 Curriculum, Teaching and Learning Studies

The Master of Education in Curriculum, Teaching and Learning Studies provides opportunities for students to investigate pertinent issues in these interrelated areas from a variety of perspectives: philosophical, historical, social, cultural, cognitive, and technological. The conceptual bases of curriculum, teaching, and learning are explored and analysed along with related examples of historical and current policies and practices. The program encourages the development of broad-based insights into issues related to these areas through an emphasis on critical inquiry and reflective practice. It supports students in the development and enhancement of research capabilities and professional expertise and practice.

Students may choose between two program options in Curriculum, Teaching and Learning Studies:

Option One

Option Two

In consultation with a faculty advisor, students may choose to design a program speciality which addresses their research interests. Specially foci within Curriculum, Teaching, and Learning Studies are numerous and may include technology and web-based education, arts education, rural and multi-age education. Students may alternatively select appropriate courses from other Master of Education program offerings to develop a program to meet their learning goals. Students interested in this option are strongly encouraged to explore and to focus their research and study interests and to discuss these interests with a faculty advisor.

1. Admission Requirements

In addition to meeting the requirements in the School of Graduate Studies General Regulations,

a. students must have completed a range and number of courses in Education deemed appropriate by the Faculty and Dean of Education.

b. a minimum of two years of teaching or related experience is recommended.

c. for a specialization in special education, a completed Bachelor of Special Education Degree or equivalent is required and enrolment will be limited to applicants articulating a research focus for which appropriate thesis supervision is available.

2. Program Requirements

a. all students in the Master of Education Program (Curriculum, Teaching and Learning Studies) shall be required to complete:

   - 6100 Research Designs and Methods in Education
   - 6300 Teaching and Learning
   - 6602 Curriculum Studies

b. students on the thesis route must complete at least one of the research courses listed below (6100 is prerequisite):

   - 6466 Qualitative Research Methods
   - 6467 Quantitative Research Methods
   - 6468 Critical Approaches to Educational Research
   - 6469 Theoretical and Methodological Foundations of Action Research
   - 6909 Narrative Approaches to Teaching, Learning and Research

   and at least 2 courses from any university graduate offering provided that those chosen are appropriate to the student's program

c. students choosing Option One on the internship, paper folio, project route, and comprehensive-course route must complete at least 2 courses within one particular specialty area from the list in Core speciality courses in the study of curriculum, teaching and learning areas below.

d. students choosing Option Two must choose courses that have been designated through consultation with faculty advisor during the first semester of studies in this program.

e. students choosing the Mathematics Education specialization within Curriculum, Teaching and Learning Studies must complete 6630 Critical Issues in Mathematics Education prior to completing other Mathematics Education specialty courses.

f. students choosing the Special Education specialization within Curriculum, Teaching and Learning Studies must complete a thesis and at least two of the required Special Education specialty courses.

g. students on the comprehensive-course route must complete one of the following courses: E6390 Research and Development Seminar in Curriculum, Teaching and Learning Studies or E6394 Biographical Explorations of Teaching and Learning or E6913 Putting Action Research Methodologies into Practice (prereq. E6469). Normally students would be permitted to register for one of these courses only after all other course requirements have been met, or during the student's last semester of studies.

h. to meet total credit hour requirements students may choose electives from any university graduate offering provided that those chosen are appropriate to the student's program:

   - students on the thesis route must complete a total of at least 18 credit hours
   - students on the internship, paper folio, project route must complete a total of at least 24 credit hours and the appropriate course option 6391 Internship in Curriculum, Teaching and Learning Studies (6 credit hours), 6392 Project in Curriculum, Teaching and Learning Studies (6 credit hours), or 6393 Paper Folio in Curriculum, Teaching and Learning Studies (6 credit hours)

   - students on the comprehensive-course route must complete a total of at least 30 credit hours

i. Core speciality courses in the study of curriculum, teaching and learning areas:

   Computers in Education
   6610 Research on Computers in the Curriculum
   6620 Issues and Trends in Educational Computing

   Language and Literacy Studies
   6106 Popular Culture and Literacy Education
   6108 Literacy and Language Education: Sociocultural Perspectives
   6641 Writing in the Primary, Elementary and Secondary Schools
   6642 Developmental Reading (K-8)
   6643 Contemporary Issues in Intermediate and Secondary English
6645 Literature for Children and Adolescents
6647 Diagnosis and Remediation of Reading and Writing Difficulties
6649 Exploring Multiple Literacies
6693 Literacy for the Young Child in Home and School

Mathematics Education
6630 Critical Issues in Mathematics Education
6634 Teaching and Learning to Solve Mathematics Problems (prerequisite E6630)
6639 Technology and the Teaching and Learning of Mathematics (prerequisite E6630)

Music Education
6502 Contexts of Music Education
6503 Teaching Music from the Podium
6504 Musicianship, Pedagogy, and Learning

Science Education
6653 Contemporary Issues in Science Education I
6655 The Nature of Science and Science Education
6658 Teaching and Learning Scientific Concepts, Laws, and Theories

Second Language Education
6668 Current Issues in Second Language Education
6669 Graduate Seminar in Second Language Teaching and Learning
6673 Second Language Teaching, Learning and Curriculum
6674 Research in Second Language

Social Justice Education
6105 Social and Cultural Difference and Education
6106 Popular Culture and Literacy Education
6108 Literacy and Language Education: Sociocultural Perspectives
6440 Family School Relations: Leadership and Policy Implications
6465 School Violence: Leadership and Policy Implications
6468 Critical Approaches to Educational Research
6909 Narrative Approaches to Teaching, Learning and Research
6913 Putting Action Research Methodologies into Practice (prerequisite: 6469 Theoretical and Methodological Foundations of Action Research)

Social Studies Education
6670 Teaching and Learning Social Studies
6671 Research in Social Studies Education
6672 Issues and Trends in Social Studies

Special Education
6710 Issues in Development and Implementation of Special Education Policy and Practices
6712 The Nature and Assessment of Behaviour Disorders in Children and Adolescents
6714 Principles and Practices in Exceptionality
6755 Nature and Assessment of Learning Disabilities

Teacher-Librarianship
6662 Seminar in Teacher-Librarianship
6664 Seminar on School Improvement

Additional courses in the speciality areas are available.

11.8.3 Counselling Psychology
The mission of the program in Counselling Psychology is to prepare highly knowledgeable, skilled, dedicated, and ethical professional practitioners, who will endeavour to enhance human potential throughout the life span and who can effectively practice within a variety of settings.

The Counselling Psychology faculty promotes counselling as an effective, viable means of assisting individuals throughout the life span. The counselling practitioner, regardless of his or her theoretical stance or work setting, functions as a change agent who is sensitive to and knowledgeable about the range of human development reflected in individual differences and cultural and linguistic diversity. Effective and positive change is brought about by assisting clients to: examine and modify their behaviour for more effective living; cope with, adjust to, or otherwise negotiate the environments affecting their psychosocial well-being; and effect change in the larger society.

The practice of Counselling Psychology is based on theory and research, an understanding of ethical practices, and a set of professional and interpersonal skills. It is essential that graduate students study a variety of conceptual frameworks and research findings as preparation for collaborative work with other helping professionals, paraprofessionals, and a variety of self-help groups.

The Counselling Psychology faculty, while representing a range of views, agree that the uniqueness of the individual and his or her personal strengths must be acknowledged and respected. To fully explore professional issues and personal values, a trusting and open atmosphere must be present.

Individuals from a wide variety of personal, social, and educational backgrounds are encouraged to apply to the Counselling Psychology program. The program provides a broad-based sequence of studies and supervised experiences that will prepare graduate students to be knowledgeable and skilled practitioners who can function in a variety of settings. By the time they have completed this program, students will have acquired knowledge and competencies in the following general areas: individual and group counselling theory and techniques, legal and ethical aspects of counselling, human development and learning, social, cultural, and linguistic diversity, career education and counselling, program development and implementation, measurement and appraisal, research and program evaluation, and application of current technology service delivery in rural areas.

1. Admission Requirements
In addition to meeting the requirements in the School of Graduate Studies General Regulations, students:
   a. must have completed Education 3210, Introduction to Counselling.
   b. must have completed at least one undergraduate course on each of the following topics: Statistics (Education 2900), Assessment (Education 3280, 3951, 3952 or 4950), Introduction to Career Education (Education 3211), Introduction to Exceptionality (Education 4240 or 4242).

Note: Many of these courses are prerequisites to specific graduate courses and must be completed before taking those courses.
c. must have at least one year of teaching (or related work) experience.

d. must submit a resume that contains a concise rationale for the application (500 words or less) and three letters of recommendation (preferably one from each of the following: previous university instructors, supervisors, or employers).

e. should note admission is selective and controlled by an admission committee of faculty members involved in the program. An interview may be required if deemed necessary.

f. should note the Graduate Record Examination may be required.

g. A criminal record check or other screening procedures are not required as a condition of admission to the Counselling Psychology program. A student should, however, be aware that such record checks or other screening procedures are required by school districts, schools, community agencies, or other agencies that host counselling psychology students. Such agencies will not accept a student without a clean criminal record and vulnerable sector check or other screening procedures, which would prevent the student from completing a required component of the program. As a result, such a student may not be eligible for promotion or graduation.

It is the responsibility of the student to have such procedures completed as required and at his/her own expense. The Faculty of Education’s Counselling Psychology program expects a student to provide evidence of a clean criminal record and vulnerable sector check before participating in any course or experience where direct contact with clients will occur.

The screening procedures of any given agency may change from time to time and are beyond the control of the University.

2. Program Requirements

a. all students in the Master of Education (Counselling Psychology) program shall be required to complete:

   6100 Research Designs and Methods in Education (prerequisite: Education 2900)
   6702 Counselling: Theory and Practice (prerequisite: Education 3210)
   6706 Career Education and Career Counselling (prerequisite: Education 3211)
   6708 Group Counselling: Theory and Practice (prerequisite: Education 6702)
   6700 Ethical and Legal Issues in Counselling
   6720 Internship in Counselling Psychology (prerequisite: Normally completion of all courses) (9 credit hours)

b. Students on the thesis route must complete the core courses listed above (24 credit hours) as well as a minimum of 6 credit hours from the closed electives and 6 credit hours from the open electives indicated below for a total of 30 credit hours.

c. Students on the comprehensive-course route must complete the core courses listed above (24 credit hours) as well as 6 credit hours from the open electives indicated below for a total of 30 credit hours.

d. All students in the Counselling Psychology program must complete 6720. The Internship may be fulfilled full-time or part-time and must comprise 600 clock hours with 240 hours of direct service with clients. It cannot be completed as part of your regular employment. It is strongly recommended that students take no other course during the full-time internship.

e. Closed electives are those listed below:

   6703 Personal and Professional Development Group
   6705 Nature and Development of School Counselling Services
   6707 Assessment for Counsellors
   6709 Assessment of Intelligence and Learning Skills (prerequisite: 3600 or its graduate equivalent 6707. Normally, students in Counselling Psychology will not enroll in this course until the latter part of their program). Candidates intending to pursue a career in the K-12 school system in Newfoundland and Labrador are urged to take this course and the prerequisite.
   6710 Issues in Development and Implementation of Special Education Policy and Practices
   6712 The Nature and Assessment of Behaviour Disorders in Children and Adolescents
   6713 Educational Applications of Contemporary Cognitive Psychology
   6714 Principles and Practices in Exceptionality
   6716 Working with Families and Parents
   6717 Counselling Adolescents
   6718 Elementary School Counselling
   6719 Cultural Issues in Counselling
   6802 Adult Learning and Development

Notes: 1. Student membership in the Canadian Counselling Association (CCA) or other appropriate professional organizations is strongly recommended for all students in the program.

2. Students who plan to work in the school system should be aware of the Department of Education regulations to be eligible to work as a school counsellor.

3. Students who plan to become registered psychologists in Newfoundland and Labrador should review the requirements of the Newfoundland Board of Examiners in Psychology.

11.8.4 Post-Secondary Studies

The graduate programs in Post-Secondary Studies are designed to prepare candidates to function in a variety of roles in informal and formal post-secondary learning environments (including academic, technical, professional, adult education, health professional education, and student services/development). These programs facilitate a study of the post-secondary educational systems through an examination of their foundations, directions, organization and administration; and through curriculum and instructional development options for occupational preparation and adult education.

1. Admission Requirements

In addition to meeting the requirements in the School of Graduate Studies General Regulations, 

a. Candidates must have completed an undergraduate course in statistics (Education 2900), and post-secondary education (Education 2720), or have accumulated the equivalent experiences in each of the above two areas as approved by the Head of the academic unit;

b. two years of successful experience in working with adult learners is recommended;

c. and for the Graduate Diploma in Post-Secondary Studies (Health Professional Education) program, candidates must have appropriate academic qualifications and work experience in a health-related field.

2. Program Requirements (M.Ed.)

a. Candidates for the Master of Education (Post-Secondary Studies) are required to complete courses that form the program core.

   i. 6100 Research Designs and Methods in Education
   ii. 6801 Foundations of Post-Secondary Programs
iii. 6802 Adult Learning and Development
iv. 6803 Research in Post-Secondary Education
v. and not fewer than 6 credit hours from closed electives in g. below.

b. Students holding the Graduate Diploma in Post-Secondary Studies (Health Professional Education) and accepted in the Master of Education (Post-Secondary Studies) will complete up to 12 fewer credit hours dependent upon the chosen program route and the completion date of the Graduate Diploma.

c. Students on the comprehensive-course route must complete 6890 Research and Development Seminar in Post-Secondary Studies.

d. Students on the internship route must complete 6891 Internship in Post-Secondary Studies (6 credit hours).

e. Normally, students will be permitted to register for 6890 and 6891 only after all other course requirements have been met.

f. To meet total credit hour requirements students may choose courses from other graduate offerings within the Faculty, the University, or other universities provided the courses chosen are appropriate to the student's program. Students on the thesis route must complete a total of at least 18 credit hours; and those on the internship or comprehensive-course route a total of at least 30 credit hours.

g. Closed electives are those listed below:
   6804 Leadership and Human Resource Development in Post-Secondary Education
   6805 Advanced Human Resource Communications
   6806 Interprofessional Education in the Health Professions
   6807 Economics and Finance of Post-Secondary Education
   6822 Foundations of Instructional Design in Post-Secondary Education
   6823 Principles of Program Design and Development
   6831 Organization and Administration of Student Services
   6832 Issues and Trends in the Administration of Post-Secondary Education
   6841 Student Development Theory, Services and Programs in Post-Secondary Education
   6840 Administration of Student Services in Post-Secondary Education

3. Program Requirements for Graduate Diploma in Post-Secondary Studies (Health Professional Education)

The Graduate Diploma in post-secondary studies, specialization in health professional education, which was created in collaboration with the Centre for Collaborative Health Professional Education, is designed to enhance health professionals' abilities as educators and leaders in educational program design, development, evaluation, and administration. The Graduate Diploma is intended for educators and educational leaders of formal and informal post-secondary health professional education programs.

Participants will engage in an in-depth study of the structure and organization of the post-secondary education system, theories and philosophies of adult learning and development; and through elective courses pursue studies of program development models, instructional design frameworks, evaluation and assessment techniques, teaching methods, and research design principles in post-secondary teaching and learning. Opportunities will exist for the guided study of these topics as they relate to health professional education.

a. Candidates for the Graduate Diploma in Post-Secondary Studies (Health Professional Education) are required to complete courses that form the program core.

i. 6801 Foundations of Post-Secondary Programs
ii. 6802 Adult Learning and Development
iii. 6806 Interprofessional Education in the Health Professions
iv. and not fewer than 3 credit hours from closed electives in 2.g. above or from:
   6100 Research Designs and Methods in Education
   6803 Research in Post-Secondary Education

b. Students are encouraged to relate their assignments in these courses to health professional education.

c. Students enrolled in the Graduate Diploma program may request transfer to the Master of Education (Post-Secondary Studies). Courses for both the Graduate Diploma and the Degree must be appropriate to the program and chosen in consultation with the student’s advisor.

11.8.5 Information Technology

The graduate program in Information Technology is offered in partnership with Cape Breton University (CBU). It is designed to facilitate the educational use of information technology in a wide variety of settings. The program will be of interest to educators at all levels including K-12 teachers, school administrators, those in the post-secondary system, business and industry, as well as those in most other adult learning situations.

Information technology in this Master of Education program encompasses computer, communications, networking, and multi-media applications. The overall intent of the program is to:
• provide educators with skill sets and pedagogical expertise that will enable them to address computer and related information technology in a teaching/learning situation;
• develop potential information technology leaders for the educational system;
• develop instructional designers, for a variety of educational settings, who are able to combine information technology with learning theory to enhance curriculum development and delivery;
• provide a basis for the continued professional development of educators in the area of information technology;
• develop an awareness of the applications of information technology in a wide variety of educational contexts; and
• develop research expertise and potential in the use and application of information technology for teaching and learning purposes.

Candidates for the program will have attained, prior to acceptance, some fundamental knowledge and skills with respect to information technology through prerequisite experiences, and have attained a recognized undergraduate degree in an appropriate discipline with at least a second class standing (see specific regulations for details). The program components are designed to enable candidates to build on their prior experience through the development of pedagogical links and information technology applications. It is intended that the program be offered primarily as a part-time program through distance delivered courses, with other delivery formats to be considered utilised where feasible. Access to specific computer hardware, software, and the Internet is required and will be the responsibility of each candidate.

A steering committee comprised of three members from each of the Faculty of Education at Memorial University of Newfoundland and
the Institute for Education at CBU is responsible to the Associate Dean of Graduate Programs and Research, Faculty of Education, for selected aspects of the program. The latter include assessing student applications, recommending approval of instructors who are not regular faculty members at either CBU or Memorial University of Newfoundland, and recommending course or program changes. This committee is to be co-chaired by the Associate Dean of Graduate Programs and Research, Faculty of Education, Memorial University of Newfoundland and the Director of the Institute for Education at CBU, or their designate(s).

CBU courses offered as part of this program are indicated by the prefix “CBU EDU” followed by the specific course number.

1. Admission Requirements
   
   Admission to the program is competitive and selective. In addition to meeting the requirements in the School of Graduate Studies General Regulations, Faculty of Education, Memorial University of Newfoundland, candidates must have successfully completed:
   
   a. one of a diploma or certificate in information technology from an accredited institution; CBU EDU 530; Memorial University of Newfoundland 2751 and 3751; or equivalent as determined by the program steering committee.

   Selection into the program is determined by an applicant’s profile which would normally include such criteria as previous academic performance, related work experience, and relevant information technology experience. More detailed information may be found at www.mun.ca/educ/grad/infotech.php.

2. Program Requirements
   
   a. all candidates for the Master of Education (Information Technology) must complete 6100 Research Designs and Methods in Education.

   b. candidates on the thesis route must complete:
      
      three credit hours from:
      6610 Research on Computers in the Curriculum
      6615 Educational Software Prototyping and Evaluation
      6620 Issues and Trends in Educational Computing

      nine credit hours selected from the core elective CBU courses approved for this program:
      CBU EDU 5101 Assessment of Software and Information Technology Applications for Education
      CBU EDU 5103 Integration of Instructional Design and Information Technology
      CBU EDU 5104 Applications of Learning Theory in Educational Multi-media Design
      CBU EDU 5105 Designing Web-based Learning
      CBU EDU 5106 Technology Planning for Educational Environments
      CBU EDU 5107 Information Management for Educational Environments

      three credit hours from: 6822, 6823, 6802, 6426, or from other Memorial University of Newfoundland, Faculty of Education graduate course offerings as deemed appropriate for each candidate’s program and approved by the program steering committee.

   c. candidates on the comprehensive-course route must complete:
      
      i. six credit hours selected from 6610, 6615, 6620
      ii. twelve credit hours selected from CBU EDU 5101, EDU 5103, EDU 5104, EDU 5105, EDU 5106, EDU 5107
      iii. E6590 Research and Development Seminar in Information Technology in Education

      iv. three credit hours from 6822, 6823, 6802, 6426, or from other Memorial University of Newfoundland, Faculty of Education graduate course offerings as deemed appropriate for each candidate’s program and approved by the program steering committee

      v. additional credit hours appropriate to a candidate’s program, and approved by the program steering committee, to be chosen from graduate course offerings at Memorial University of Newfoundland, CBU, or any other university to complete the required 30 credit hours for the comprehensive-course route

   d. normally, candidates will be permitted to register for 6590 only after all other course requirements have been met.

   e. candidates who have successfully completed the CBU graduate level Certificate in Education (Technology) will be given advanced standing credit for the 9 CBU EDU course credit requirements for the thesis route or 12 CBU EDU course credit requirements for the comprehensive-course route on this program.

   f. candidates who have successfully completed the former CBU EDU 534 and/or EDU 543 with at least a CBU grade of B (70%) toward the CBU graduate level Certificate in Education (Technology) prior to September 2000, will receive up to 12 advanced standing credit hours appropriate to their Degree option (EDU 534 will be considered equivalent to EDU 5101 and EDU 5103, and EDU 543 equivalent to EDU 5104 and EDU 5105).

   g. thesis-route candidates will be subject to Theses and Reports of the School of Graduate Studies, Memorial University of Newfoundland, supervised by a faculty member at Memorial University of Newfoundland, and where feasible co-supervised by a CBU faculty member.

11.9 Courses

Course descriptions for graduate course in Education are available at www.mun.ca/educ/grad/fee_deadline.php.

A selection of the following graduate courses shall be offered to meet the requirements of candidates, as far as the resources of the Faculty allow.

6100 Research Designs and Methods in Education
6105 Social and Cultural Difference and Education
6106 Popular Culture and Literacy Education
6107 Arts Education: Creativity in the Classroom
6108 Literacy and Language Education: Sociocultural Perspectives
6202 Social Context of Educational Leadership
6203 Leadership: Theory and Practice
6204 Educational Administration: Theory and Practice
6205 Educational Policy: Theory and Practice
6290 Research and Development Seminar in Educational Leadership Studies
6291 Internship in Educational Leadership Studies (6 credit hours)
6292 Project in Educational Leadership Studies (6 credit hours)
6293 Paper Folio in Educational Leadership Studies (6 credit hours)
6300 Teaching and Learning
6321 Supervisory Processes in Education
6330 Educational Finance
6335 Legal Foundations of Educational Administration
6390 Research and Development Seminar in Curriculum, Teaching and Learning Studies
6391 Internship in Curriculum, Teaching and Learning Studies (6 credit hours)
6392 Project in Curriculum, Teaching and Learning Studies (6 credit hours)
6393 Paper Folio in Curriculum, Teaching and Learning Studies (6 credit hours)
6394 Biographical Explorations of Teaching and Learning
6410 Seminar on Philosophical Issues in Educational Policy and Leadership
6420 Ethical Issues and Perspectives in Educational Practice and Policy
6425 Comparative Perspectives in Public Education, Reform, and Leadership
6426 Computer Applications in Educational Administration
6427 School Community Partnerships
6440 Family-School Relations: Leadership and Policy Implications
6461 Graduate Research Writing
6465 School Violence: Leadership and Policy Implications
6466 Qualitative Research Methods
6467 Quantitative Research Methods
6468 Critical Approaches to Educational Research
6469 Theoretical and Methodological Foundations of Action Research
6502 Contexts of Music Education
6503 Teaching Music from the Podium
6504 Musicianship, Pedagogy, and Learning
6590 Research and Development Seminar in Information Technology in Education
6600 Learning and Motivation
6602 Curriculum Studies
6603 Place, Ecology and Education
6610 Research on Computers in the Curriculum (prerequisite: 6620)
6615 Educational Software Prototyping and Evaluation
6620 Issues and Trends in Educational Computing
6630 Critical Issues in Mathematics Education
6632 Current Research in Teaching and Learning of Elementary School Mathematics (prerequisite: 6630)
6634 Teaching and Learning to Solve Mathematics Problems (prerequisite: 6630)
6635 Teaching and Learning Geometry
6636 Teaching and Learning the Concept of Number and Operations
6639 Technology and the Teaching and Learning of Mathematics (prerequisite: 6630)
6641 Writing in the Primary, Elementary and Secondary Schools
6642 Developmental Reading (K-8)
6643 Contemporary Issues in Intermediate and Secondary English
6644 Drama in Education
6645 Literature for Children and Adolescents
6646 Literature in the Secondary School
6647 Diagnosis and Remediation of Reading and Writing Difficulties
6649 Exploring Multiple Literacies
6653 Contemporary Issues in Science Education I
6655 The Nature of Science and Science Education
6658 Teaching and Learning Scientific Concepts, Laws, and Theories
6660 Information Technology
6661 Applications of Media in Education
6662 Research Seminar in Teacher-Librarianship
6663 The Organization of Learning Resources
6664 Seminar in School Improvement
6668 Current Issues in Second Language Education
6669 Graduate Seminar in Second Language Teaching and Learning
6670 Teaching and Learning Social Studies
6671 Research in Social Studies Education
6672 Issues and Trends in Social Studies
6673 Second Language Teaching, Learning and Curriculum (credit may be obtained for only one of Education 6673, the former 6665 or 6667)
6674 Research in Second Language Writing Education
6675 Current Issues in Rural Education
6676 Research and Practice in TESL/TEFL (Teaching English as a Second/Foreign Language)
6693 Literacy for the Young Child in Home and School
6700 Ethical and Legal Issues in Counselling
6701 Issues and Methodologies in Learning and Developmental Research
6702 Counselling: Theory and Practice
6703 Personal and Professional Development Group (non-credit)
6705 Nature and Development of School Counselling Services
6706 Career Education and Career Counselling
6707 Assessment for Counsellors
6708 Group Counselling: Theory and Practice
6709 Assessment of Intelligence and Learning Skills
6710 Issues in Development and Implementation of Special Education Policy and Practices
6711 Behaviour Modification in the Educational Setting
6712 The Nature and Assessment of Behaviour Disorders in Children and Adolescents
6713 Educational Applications of Contemporary Cognitive Psychology
6714 Principles and Practices in Exceptionality
6715 The Theory and Practice of Peer Helping Programs
6716 Working with Families and Parents
6717 Counselling Adolescents
6718 Elementary School Counselling
6719 Cultural Issues in Counselling
6720 Internship in Counselling Psychology (9 credit hours)
12 Regulations Governing the Degree of Master of Employment Relations

www.mun.ca/sgs

Associate Professor and Director
A. Hall

The Master of Employment Relations (M.E.R.) is a multidisciplinary program providing advanced level study of all aspects of the employment relationship.

The M.E.R. program is offered by full-time or part-time study and involves 36 credit hours of course work. Candidates registered on a full-time basis will normally complete the program in one academic year. The following regulations must be read in conjunction with the General Regulations of the School of Graduate Studies of Memorial University of Newfoundland.

12.1 Administration

1. The program shall be administered by a Director, who reports to the Dean of Graduate Studies. The Director shall be appointed by the Dean of Graduate Studies on the recommendation of the Deans of Humanities and Social Sciences and Business Administration. In making this recommendation, the Deans of Humanities and Social Sciences and Business Administration shall consult with the employment relations community both within and outside the University.

2. An Executive Committee consisting of the Director and Deans of Humanities and Social Sciences, Business Administration, and Graduate Studies will be established to review administrative, resource, and strategic planning issues related to the program. This committee shall be chaired by the Dean of Graduate Studies.

3. The Director shall consult with the Graduate Committee in Employment Relations (GCER) for the purposes of administering the academic elements of the program. The GCER shall normally consist of 11 members appointed by the Dean of Graduate Studies on the recommendation of the Director. The GCER will include the Director, who shall Chair the committee, approximately six faculty members from the Faculties of Humanities and Social Sciences and Business Administration who teach core courses, the Associate Deans or Directors of Graduate Studies from Humanities and Social Sciences and Business Administration, as well as one full-time and one part-time student representative.

4. An Advisory Board in Employment Relations (ABER) shall be established for the purposes of consulting with obtaining feedback from the employment relations community. The ABER will consist of a broad cross-section of members from the employment relations community both within and outside the University who shall be appointed by the Dean of Graduate Studies on the recommendation of the Director.

12.2 Qualifications for Admission

1. Admission is limited and competitive.

2. To be considered for admission to the M.E.R. program, an applicant shall have:
   a. An undergraduate degree, normally with a minimum degree average of 70% from an institution recognized by Senate; and
   b. An undergraduate course in statistics, microeconomics, and one of organizational behaviour, sociology of work or labour history from an institution recognized by Senate, normally with a minimum grade of 70% in each course.

3. Qualified applicants with relevant experience will normally receive preference during the evaluation of applications.

4. It is highly recommended that non-Canadian applicants submit a sample of their academic writing and achieve a satisfactory result on the Graduate Management Admission Test (GMAT) or Graduate Record Examination (GRE).

5. In exceptional cases, applicants who have not completed an undergraduate degree, but who meet all other requirements, may be considered for admission. Preference will be given to those who have a minimum of 10 years of full-time professional experience, including demonstrated success in employment relations, and who have successfully completed substantial university course work including several courses at an advanced undergraduate level from an institution recognized by Senate. Applicants without an undergraduate degree must have completed one or more undergraduate courses in organizational behaviour, statistics, and microeconomics, from an institution recognized by Senate, normally with a minimum grade of 70% in each course. Any applicants who do not meet normal admission requirements may also be required to successfully complete the GMAT or the GRE with a satisfactory result and/or additional undergraduate courses before being considered for admission.

6. Applicants who did not complete a four-year baccalaureate degree at a recognized university where English is the primary language...
of instruction must normally complete either the:

a. Test of English as a Foreign Language (TOEFL) and achieve a paper-based score of 580 (or higher), computer-based score of 237 (or higher), or Internet based score of 92-93 (or higher); or

b. International English Language Testing System (IELTS) and achieve a score of 7 (or higher).

c. Information regarding the TOEFL is available from the Educational Testing Service at www.ets.org. IELTS information is available at www.ielts.org. It is noted that other equivalent tests acceptable to the School of Graduate Studies will also be considered.

12.3 Deadlines for Applications

1. Applicants seeking full-time enrolment will normally only be admitted to the program in the Fall (September) semester.

2. Applications must be postmarked no later than February 15 for applicants wishing to enter full-time or part-time studies in the Fall (September) semester.

3. Applications must be postmarked not later than August 15 for applicants wishing to enter part-time studies in the Winter (January) semester.

4. Individuals submitting applications later than the above dates are not assured of consideration for admission to the program in the semester desired; their applications will be processed only if time and resources permit.

12.4 Procedure for Admission

1. Applications for admission to the M.E.R. program must be made on the appropriate form and submitted to the School of Graduate Studies.

2. The following documents must be submitted in support of the official application form:

   a. Letter of appraisal from two referees, one of whom is capable of appraising the applicant's academic potential as a graduate student, and of whom is capable of appraising the applicant's professional experience and/or actual or likely success in a career in employment relations.

   b. The M.E.R. Employment Experience Information Form.

   c. Official transcripts from each university or other post-secondary institution previously attended, to be sent directly by its Registrar (or equivalent officer) to the School of Graduate Studies. If not recorded on the transcript, official evidence of completion of undergraduate degree must also be submitted.

3. Application files are normally evaluated after the deadline dates for application noted above and only when all required documentation has been received.

4. Admission shall be by the Dean of Graduate Studies on the recommendation of the GCER. Upon notification from the Dean of the School of Graduate Studies of acceptance into the M.E.R. program, applicants must give written notice to the School of Graduate Studies of their intention to register.

12.5 Program of Study

1. The M.E.R. program consists of 36 credit hours of course work as specified in Table 1. These include 33 credit hours of compulsory courses and 3 credit hours of an elective course. The compulsory courses are comprised of 24 credit hours of core courses specified in Table 2 and 9 credit hours for a research seminar.

2. The compulsory core courses introduce students to the three main areas of study in the program: labour-management relations; human resources management; and labour market and social policy analysis.

3. The elective allows students to specialize in one of the three main areas of study. The elective must be chosen from the list of approved electives specified in Table 3. Other courses may be approved and added to Table 3 from time to time by the GCER.

4. Candidates are responsible for fulfilling all prerequisites and may require special permission from the Department offering an elective to enrol in the course.

5. The Research Seminar in Employment Relations provides students with both quantitative and qualitative research skills and requires the identification of a research problem, the development and execution of a methodology appropriate to addressing the problem, analysis of results, and completion of final report. The Research Seminar involves 3 credit hours of course work in each of the Fall, Winter, and Spring semesters.

6. The prerequisites for EMRE 6030 and EMRE 6040 are EMRE 6010 and EMRE 6020. In addition, students will normally complete six M.E.R. courses before registering for EMRE 6030 or EMRE 6040. There are no prerequisites for EMRE 6010 and EMRE 6020 but students are advised to take these courses late in their programs, just before taking EMRE 6030 or EMRE 6040. For the core courses, the prerequisite for BUS1 9329 is BUS1 8210. For the remaining core courses, there are no prerequisites. For the elective courses, Departmental regulations that specify particular courses as prerequisites will apply but the Departmental requirement to have completed a number of courses will not apply.

7. A waiver of a core course may be granted by the Dean of Graduate Studies on the recommendation of the Director if the candidate can demonstrate that the material in the course has been substantially covered by other courses taken at this or another recognized university. In such cases, the course must be replaced by another course offered by Memorial University of Newfoundland in consultation with the candidate, and approved by the Director. The maximum number of core courses that can be waived is 3 and all replacement courses must be taken during the candidate's period of enrollment in the program.

8. Each student's program of study must be approved by the Director. The Director reserves the right to restrict candidates from taking particular courses if it is deemed that those courses do not add sufficient value beyond courses that the candidate has completed at the undergraduate level.

12.6 Evaluation

1. Candidates for the M.E.R. Degree must obtain a grade of B or better in all program courses.

2. Candidates who receive a grade of less than B in a program course will be permitted to remain in the program, provided the course is repeated and passed with a grade of B or better. Alternatively, the candidate may, on the recommendation of the Director and with the approval of the Dean of Graduate Studies, substitute another graduate course. Only one course repetition or substitution will be permitted during the candidate's program after which the candidate shall be required to withdraw from the program.
12.7 Courses

The schedule of courses for the M.E.R. program is normally as follows:

### Table 1 Master of Employment Relations Schedule of Courses

<table>
<thead>
<tr>
<th>Term I (Fall)</th>
<th>Term II (Winter)</th>
</tr>

Note: Students may require special permission from the instructor and/or relevant graduate program administrator prior to enrolling in an elective course.

13 Regulations Governing the Degree of Master of Engineering

www.engr.mun.ca

Professor and Dean
G. Naterer

The degree of Master of Engineering (M.Eng.) is a research-focused degree and may be obtained either through full-time or part-time studies. The M.Eng. degree can be obtained through programs in Civil Engineering, Computer Engineering, Electrical Engineering, Mechanical Engineering, Ocean and Naval Architectural Engineering, Oil and Gas Engineering, and Process Engineering.

In addition to the Master of Applied Science and Master of Engineering programs offered by the Faculty of Engineering and Applied Science, the Faculty also offers a course-based graduate diploma in Safety and Risk Engineering. For further information on this program refer to the regulations governing the Graduate Diploma in Safety and Risk Engineering.

13.1 Qualifications for Admission

To be considered for admission, an applicant shall meet the requirements set out in General Regulation, Qualification for Admission, or shall have qualifications and/or engineering experience that is acceptable to the Dean of Graduate Studies and to the Faculty of Engineering and Applied Science.

Admission to the M.Eng. program is limited and competitive. All applicants must meet the minimum qualifications set out in the above paragraph. Decisions on admission, however, will also take into account such things as the applicant's rank in class, referees' assessments, general performance throughout the applicant's undergraduate academic program, and the availability of supervisors in the area of the applicant's interest.

Normally applicants will be considered in January for admission to the following September. In special cases applicants may also be considered in April and August. Applications should be made sufficiently far in advance to permit the University to obtain all relevant documents and review the application.

Students who have successfully completed the requirements for the Graduate Diploma in Safety and Risk Engineering may receive transfer credits towards the M.Eng. degree in an affiliated area.
13.2 Program of Study and Research

1. Students enrolled in the Master of Engineering program will work in one of the following areas: Civil Engineering; Computer Engineering; Electrical Engineering; Mechanical Engineering; Ocean and Naval Architectural Engineering; and Oil and Gas Engineering.

2. A program shall normally consist of:
   a. a thesis related to the area of study
   b. 12 credit hours from graduate courses with at least 6 credit hours taken from the list of Core Courses below
   c. Seminar course 9100
   d. such other courses as may be required in an individual's program.

3. The thesis is to contain the results of a systematic investigation which has been conducted by the candidate under the direction of the Supervisor.

4. With the approval of the Dean of Graduate Studies and on the recommendation of the Faculty of Engineering and Applied Science, credit towards the course requirements may be considered for graduate courses previously taken by the student in accordance with the General Regulations for course credit transfers.

13.3 Supervision

1. Each student shall be assigned to a Supervisor approved by the Dean of Graduate Studies on the recommendation of the Faculty of Engineering and Applied Science.

2. The Supervisor shall propose a tentative program of study and topic of investigation which must be approved by the Dean of Graduate Studies acting on the recommendation of the Faculty of Engineering and Applied Science, before the acceptance of a student in the program.

3. At the end of each semester, the Supervisor shall report on the student's progress to the Dean of Engineering and Applied Science for onward transmission to the Dean of Graduate Studies.

4. A temporary or permanent change of Supervisor for a student already in a program shall be permitted only with the approval of the Dean of Graduate Studies and the Dean of Engineering and Applied Science.

5. The Supervisor shall advise the student in the preparation and presentation of a seminar on the student's topic of investigation as described in Thesis, 2. below.

13.4 Industrial Internship Option

The Faculty encourages graduate students to undertake internships of work in industry. Internships in industry will permit students either (a) to focus on the practicalities of research projects which have been well defined before the student enters an internship, or (b) to develop and define a research project from problems experienced during the internship. Encouragement to undertake an internship will be given only where it is clear that one of these expectations can be met.

Students registered in the Master of Engineering Program may, with the permission of their Supervisor, the Dean of the Faculty of Engineering and Applied Science, and the Dean of Graduate Studies select the Industrial Internship Option. Students approved to pursue this option must satisfy the degree regulations for a Master of Engineering Program. In addition, students in the Industrial Internship Option:

1. must take at least 9 credit hours of the courses required for their program on campus; the remaining required courses may be taken on or away from campus; those taken at other universities require pre-approval by the Dean of the School of Graduate Studies on the recommendation of the Faculty of Engineering and Applied Science

2. shall normally spend 8 to 12 months of their program at an internship in industry

3. shall normally spend at least two semesters on campus on a full-time basis as a graduate student at this University

4. shall submit a concise progress report to their supervisors, no later than the end of each semester while on an internship.

13.5 Fast-Track Option

Students registered in academic term 7 of a Memorial University of Newfoundland undergraduate engineering program are eligible to apply for admission to an M.Eng. fast-track option. The purpose of the option is to encourage students interested in pursuing graduate studies to begin their research-related activities while still registered as an undergraduate student. Normally, to be considered for admission to the option, students must have achieved at least a 70% average over academic terms 1 to 6 of their undergraduate engineering program. While enrolled in the option, a student may complete some of the M.Eng. Degree requirements and, hence, potentially be able to graduate earlier from the M.Eng. program.

Students shall enroll in the M.Eng. fast-track option concurrently with their undergraduate program during the Fall semester prior to academic term 8. Prior to entering the fast-track option, students must apply for and receive an exemption from work term 6. While enrolled in the option a student must be registered in full-time graduate studies during the Fall semester prior to academic term 8; during academic term 8, the student must take a leave of absence from the graduate program. A student enrolled in the fast-track option shall undertake research related to their field of study and shall normally complete at least 3 credit hours from the courses listed for their M.Eng. program in the Fall semester prior to academic term 8.

In the Fall semester following academic term 7, fast-track option students will pay only the graduate fees appropriate to graduate students following plan A as indicated at Fees and Charges, UNIVERSITY REGULATIONS (i.e., the 6 semester plan). In the succeeding Winter semester, while completing academic term 8 of their undergraduate program, fast-track option students will pay only the appropriate undergraduate fees.

Upon completion of their undergraduate program, students may register in the M.Eng. program on a full-time basis. All courses taken as part of their graduate program while enrolled in the M.Eng. fast-track option are credited towards the M.Eng. Degree course credit hour requirements. Courses taken as credit towards a student's undergraduate degree may not be credited towards a student's graduate degree; courses credited towards a student's graduate degree may not be credited towards a student's undergraduate degree. Students who do not complete their undergraduate degree within one year of entering the fast-track option will normally be required to withdraw from their M.Eng. program.

13.6 Course Evaluation

1. In order to continue in the program, a student shall obtain an A or B grade in each course taken for credit.
2. The student's achievement in the program must be to the satisfaction of the Dean of Graduate Studies and the Faculty of Engineering and Applied Science. When it has been determined on the basis of consultations with the student, the course instructors and the Supervisor, that a student's work has fallen below satisfactory level, he/she may be required to withdraw from the program.

13.7 Thesis
1. A student who expects to graduate must inform the Dean of Graduate Studies of this intention at least three months before the University Convocation at which the award of the degree is expected.
2. Before the thesis is submitted, the student shall present an open seminar on the topic of investigation to the Faculty of Engineering and Applied Science. Any serious deficiencies noticed at this stage should be carefully considered, in consultation with the Supervisor, for rectification.
3. Three copies of the thesis shall be submitted to the School of Graduate Studies through the Faculty of Engineering and Applied Science, in a form and format as specified in the Thesis Guide issued by the School of Graduate Studies and the Presentation of Theses Guide issued by the Faculty of Engineering and Applied Science. A submission which does not meet the specifications will be returned to the candidate.
4. Examiners shall be appointed by the Dean of Graduate Studies on the recommendation of the Faculty of Engineering and Applied Science soon after the student has expressed an intention to submit the thesis.

13.8 Evaluation of Theses
Theses evaluation shall be carried out in accordance with Theses and Reports of the General Regulations governing all students in the School of Graduate Studies.

13.9 Recommendation for Awarding Degree
When a student has completed all the requirements for the Master of Engineering (M.Eng.) Degree, the Faculty of Engineering and Applied Science shall forward a recommendation to the Dean of Graduate Studies for the award of the Degree.

13.10 Graduate Diploma in Safety and Risk Engineering
The Faculty of Engineering and Applied Science offers a course-based Graduate Diploma in Safety and Risk Engineering to provide an opportunity for engineers in a variety of engineering disciplines to obtain or upgrade their training in Safety and Risk Engineering. The program is available on a full-time or part-time basis.

13.10.1 Qualifications for Admission
1. Admission to the program is limited and competitive.
2. To be eligible for consideration for admission, an applicant shall meet the requirements described under General Regulations, Qualification for Admission, or shall have qualifications and/or engineering experience that is acceptable to the Dean of Graduate Studies and to the Faculty of Engineering and Applied Science.
3. To be eligible for consideration for admission, applicants will meet the English Proficiency requirements described under General Regulations, English Proficiency Requirements.

13.10.2 Program of Study
1. The Diploma program requires the completion of 15 credit hours as follows:
   a. Engineering 9115, 9121, and 9411; and
   b. two courses selected from Engineering 9116, 9516, 9609, 9622.

13.10.3 Evaluation
Students must obtain a grade of at least 65% in all program courses to receive credit for the course towards their program requirements. Any student who fails to receive 65% or more in a course must repeat the course in the case of core courses, or must either repeat or replace the course with another program course in the case of elective courses. Any student who receives a grade of less than 65% in two courses or in a repeated course will be required to withdraw from the program.

13.11 Master of Applied Science Programs
The Faculty of Engineering and Applied Science offers the following course-based programs:

13.11.1 Computer Engineering
In addition to the research-focused M.Eng. Degree in Computer Engineering, the Faculty of Engineering and Applied Science offers a course-based program in Computer Engineering leading to a Master of Applied Science Degree in Computer Engineering. For details of program requirements for the M.A.Sc. Degree in Computer Engineering, refer to the regulations governing the Degree of Master of Applied Science.

13.11.2 Environmental Systems Engineering and Management
The Faculty of Engineering and Applied Science offers a course-based program in Environmental Systems Engineering and Management. For the details of the program requirements for the M.A.Sc. Degree in Environmental Systems Engineering and Management refer to the regulations governing the Degree of Master of Applied Science in Environmental Systems Engineering and Management.

13.11.3 Oil and Gas Engineering
The Faculty of Engineering and Applied Science offers a course-based program in Oil and Gas Engineering. For the details of the program requirements for the M.A.Sc. degree in Oil and Gas Engineering refer to the regulations governing the Degree of Master of Applied Science in Oil and Gas Engineering.
13.12 Courses
A selection of the following graduate courses will be offered to meet the requirements of the candidates, as far as the resources of the Faculty will allow.

13.12.1 Required Course
9100 Engineering Graduate Seminar (1 credit hour)

13.12.2 Core Courses
9002 Ocean Engineering Structures
9015 Ocean Engineering Hydrodynamics
9110 Advanced Petroleum Production Engineering
9113 Phase Behaviour of Petroleum Reservoir Fluids
9114 Advanced Reservoir Engineering
9115 Safety and Risk Engineering
9118 Advanced Drilling Engineering
9121 Advanced Safety, Risk and Reliability Modeling
9211 Experimental Methods
9310 Advanced Reactor Analysis and Bioreactors
9320 Advanced Separation Processes
9330 Abnormal Situation Management and On-line Monitoring
9340 Material Degradation in Process Facilities
9411 Probabilistic Methods in Engineering
9420 Engineering Analysis
9496 Modeling and Simulation of Dynamic Systems
9501 Finite Element Analysis with Engineering Applications
9505 Structural Dynamics and Vibrations
9516 Similitude, Modelling and Experimental Data Analysis
9520 Solid and Structural Mechanics
9550 Fatigue, Fracture and Corrosion
9609 Environmental Risk Assessment
9627 Environmental Systems Engineering
9816 Antenna Theory
9821 Digital Signal Processing
9826 Advanced Control Systems
9827 Continuous and Discrete-Event Systems
9834 Advanced Power Electronics
9847 Computer and Control Methods in Power Systems
9861 High-Performance Computer Architecture
9885 Advanced Digital Systems
9867 Advanced Computing Concepts for Engineering
9871 Information Theory and Coding
9874 Software Design and Specification
9876 Advanced Data Networks
9901 Fundamentals of Fluid Dynamics
9902 Advanced Transport Phenomena
9906 Optimization Principles in Engineering
9980/99 Special Topics in Engineering Analysis (excluding 9981)
9981/9982 Special Topics in Engineering Management
9990/9991 Special Topics in Mechanics, Structures and Materials
9992 Advanced Remote Sensing
9601 Environmental Pollution and Mitigation (cross-listed as Environmental Science 6004)
9603 Environmental Sampling and Pollutant Analysis (cross-listed as Environmental Science 6005)
9605 Water and Wastewater Treatment
9610/15 Special Topics in Environmental Engineering and Applied Science
9621 Soil Remediation Engineering
9622 Environmental Statistics
9625 Environmental Impacts of Offshore Oil and Gas Operations
9626 Environmental Management System
9628 Environmental Laboratory
9629 Environmental Policy and Regulations
9630 Pollution Prevention
9713 Stochastic Hydrology
14 Regulations Governing the Degree of Master of Environmental Science

www.mun.ca/science
(see also Master of Science in Environmental Science)

Associate Professor and Chair, Department of Biology
T. Chapman

14.1 Program of Study
1. The Environmental Science Program is an interdisciplinary graduate program involving the departments of the Faculty of Science, the Faculty of Humanities and Social Sciences, the Faculty of Medicine, and the Faculty of Engineering and Applied Science. There are three Environmental Science Graduate Degree streams: the Master of Science (M.Sc., Environmental Science), Master of Environmental Science (M.Env.Sc.), and the Doctor of Philosophy (Ph.D., Environmental Science). The program is available on a full or part-time basis.

2. The program is administered by a Board of Studies appointed by the Dean of Science. Supervisors of graduate students in the program include faculty from the Faculty of Science, the Faculty of Humanities and Social Sciences, the Faculty of Engineering and Applied Science, the Faculty of Medicine, and the Environmental Science Program at the Grenfell Campus, as well as adjunct appointees to the program (as a co-supervisor).

14.2 Qualifications for Admission
Admission is limited and competitive. To be considered for admission applicants shall normally hold a Bachelor’s (Honours) degree in Science, Geography, or Environmental Science with at least second class standing, or equivalent, or a Bachelor's degree in Engineering from an institution recognized by the Senate, or shall have qualifications and/or environmental experience acceptable to the Dean of Graduate Studies and the Board of Studies. The Board of Studies will make recommendations on admission to the Dean of Graduate Studies.

14.3 Degree Requirements
To the extent that resources permit, individual programs will be developed to suit students' interests and needs. However all programs must be approved by the Board of Studies and by the Dean of Graduate Studies. All General Regulations of the School of Graduate Studies shall apply to these degrees.

1. The Master of Environmental Science (M.Env.Sc.) is a multidisciplinary course-based degree, focussed on environmental issues. The Degree program provides for both multidisciplinary courses and for courses focussed on the student's specific area of interest.

2. The Degree program requires completion of 24 credit hours of either Option A or Option B and a project report. The project report will be evaluated according to procedures outlined in General Regulations, Theses and Reports.
Option A

Students will be required to take a minimum of 15 credit hours in program courses, 9 credit hours of which must be Environmental Science 6000, Environmental Science 6009, and Environmental Science 6010 and 6 credit hours from Environmental Science 6001, 6002, and 6003. Students will also be required to take a minimum of 9 credit hours in elective courses approved by the Board of Studies, 6 credit hours of which will normally be selected from graduate courses offered by the Faculty of Science and the Faculty of Engineering and Applied Science. Students are advised to consult with instructors and Faculties regarding necessary prerequisites and availability.

Option B

Students will be required to take a minimum of 15 credit hours in program courses, 9 credit hours of which must be Environmental Science 6000, Environmental Science 6009, and Environmental Science 6010 and 6 credit hours from Environmental Science 6001, 6002, and 6003. Students will also be required to take a minimum of 6 credit hours in elective courses approved by the Board of Studies, normally selected from graduate courses offered by the Faculty of Science and Faculty of Engineering and Applied Science. In addition, students will be required to complete the 3 credit hours course Environmental Science 601W (work term).

Environmental Science 601W is a work term of one semester duration. Work term placements are arranged by Co-operative Education in consultation with the Program Chair and the student's Supervisor. The on-site employment supervisor and Co-operative Education evaluate the work term based on the student’s performance on the job and on a written work term report submitted by the student. The topic of the work term report must be related to the work experience and will be chosen by the student in consultation with the on-site employment supervisor and Co-operative Education. The student will be permitted to submit a work term report only after the on-site employment supervisor and Co-operative Education determine that the work term has been successfully completed. The work term report may become the basis for the project report for Environmental Science 6009 (Project) which is required for the M.Env.Sci. Degree. The Program Chair, on the advice of Co-operative Education with input from the on-site employment supervisor, will recommend to the Dean of Graduate Studies a grade of Pass with Distinction, Pass, or Fail. In cases where Co-operative Education and the on-site employment supervisor are unable to reach agreement concerning the grade, the final decision lies with the Program Chair. Should a student fail to complete a work term successfully, the graduate student’s M.Env.Sci. Supervisor and the Program Chair may submit to Co-operative Education a proposal for a different work term placement (only once), or the student may apply to the Board of Studies for a change to the course-based M.Env.Sci. Option A, or to the thesis-based M.Sc. (Environmental Science).

14.4 Courses

6000 Environmental Science and Technology
6001 Earth and Ocean Systems
6002 Environmental Chemistry and Toxicology
6003 Applied Ecology
6004 Environmental Pollution and Mitigation (cross-listed as ENGI 9601)
6007 Environmental Risk Assessment (cross-listed as ENGI 9609)
6008 Air Pollution (same as ENGI 9624)
6009 Environmental Science Project
6010 Environmental Seminar
6201-6210 Special Topics in Environmental Science
601W Work Term

15 Regulations Governing the Degree of Master of Gender Studies

www.mun.ca/hss
www.mun.ca/genderstudies

Associate Professor and Head of the Department
P. Dold

15.1 General Information

The Master of Gender Studies degree allows students to examine critically - at an advanced level - how gender shapes our identities, our social interactions and our world. Students will incorporate, into their study, frameworks for thinking about power relations and the ways those relations are shaped and challenged by intersecting constructions of gender, race, class, sexuality, age, ability, and nationality.

Faculty members in the Department of Gender Studies bring research expertise and interests in a range of fields, including: citizenship and human rights; corporeal feminism; reproductive rights, auto-biography, and life writing; postcolonial and transnational feminisms; and First Nations studies. This master’s program offers a thriving environment that draws on the expertise of scholars from a wide range of academic disciplines.

The program is administered by the Department of Gender Studies and the Graduate Studies Advisory Committee.

The Graduate Co-ordinator, on behalf of the Department of Gender Studies, Graduate Studies Advisory Committee, makes recommendations to the Dean of Graduate Studies concerning admission, and financial support for students, and administers all other matters pertaining to the graduate program.

The Master of Gender Studies Degree offers, by full or part-time study, three degree options: thesis, project, or internship.

15.2 Qualifications for Admission

1. Admission is limited and competitive. To be considered for admission, an applicant will normally hold an Honours Degree or equivalent, and will have a breadth of knowledge in Gender Studies satisfactory to the Graduate Studies Advisory Committee.

2. Applicants who do not have an adequate background in Gender Studies may be required to complete Gender Studies 3005 or Gender Studies 3025 or equivalent normally with a grade of 75% or higher.

15.3 Program of Study

1. Upon admission, each graduate student in the thesis program will be assigned an academic advisor for one year. The supervisory committee, formed prior to the development of the thesis project proposal, will include two supervisors. For students selecting the non-thesis option, one Supervisor will be selected.

2. All candidates are required to complete Gender Studies 6000, 6100, and 6200.
3. Three to 9 additional elective credit hours approved by the Graduate Studies Advisory Committee and the student's supervisor(s) will be required. These elective credit hours will comprise courses selected from graduate courses in cognate academic units, and/or Gender Studies 6300 and/or from the block of special topics courses in Gender Studies 6400-6420.

4. Each student will be required to give a public seminar on her/his thesis research, project, or internship after the thesis proposal has been approved and before submission of her/his final thesis/project/internship report.

15.4 Thesis
1. Candidates for the Degree of Master of Gender Studies (thesis option) will be required to complete a minimum of 15 credit hours. Candidates will also be required to complete a thesis. A thesis proposal, approved by the student's supervisors, will be presented to the Graduate Studies Advisory Committee for its approval. The thesis proposal must normally be approved by the Graduate Studies Advisory Committee no later than the end of the candidate's third semester in the program.

2. The thesis will be evaluated in accordance with the procedures outlined in General Regulation Theses and Reports of the School of Graduate Studies.

15.5 Project
1. Candidates for the Degree of Master of Gender Studies (project option) will be required to complete a minimum of 18 credit hours. Candidates will also be required to complete a project. The project proposal, approved by the student's supervisor, will be presented to the Graduate Studies Advisory Committee for its approval. The project proposal must normally be approved by the Graduate Studies Advisory Committee no later than the end of the candidate's third semester in the program.

2. The project will be evaluated in accordance with procedures outlined in General Regulation Theses and Reports of the School of Graduate Studies.

15.6 Internship
1. Candidates for the Degree of Master of Gender Studies (internship option) will complete a minimum of 18 credit hours. Candidates will also be required to complete an internship. The internship proposal, approved by the student's supervisor, and Gender Studies Graduate Co-ordinator or her/his delegate, will be presented to the Graduate Studies Advisory Committee for its approval. The internship proposal must normally be approved by the Graduate Studies Advisory Committee no later than the end of the candidate's third semester in the program.

2. Internship placement shall be for one semester. Part-time internships of two semesters will require approval from the proposed agency or institution and the Graduate Studies Advisory Committee.

3. Students, in consultation with their supervisor and the Gender Studies Graduate Co-ordinator, will explore internship options and locate an eligible person to provide field instruction during their internship. Although consideration will be given to all factors affecting the location and type of all Gender Studies internships, the final decision regarding internship rests with the Head, Department of Gender Studies and the Dean of Graduate Studies.

4. Factors affecting the type and location of the internship include: the number of immersion hours per week, the extent to which the intern takes up a trainee, supervisory and/or research role, and whether the intern would be working directly or indirectly with clients of the agency or institution.

5. Each internship shall be supervised by a Supervisory Committee of at least three members, including the candidate's supervisor, the field supervisor, and Gender Studies Graduate Co-ordinator or her/his delegate.

6. The Supervisory Committee will meet with the intern and field supervisor at least once during the internship period to make an assessment of the nature and quality of the intern's progress, and to approve any modifications to the internship.

7. The internship proposal, approved by the student's supervisor, will be presented to the Graduate Studies Advisory Committee for its approval. The proposal must normally be approved by the Graduate Studies Advisory Committee no later than the end of the candidate's third semester in the program.

8. Regardless of the form that the internship takes, there must be a written internship report (40-60 pages). When the candidate completes the internship report, the Supervisory Committee will recommend to the Dean of Graduate Studies a grade of pass or fail. A candidate will be permitted to submit an internship report only after the Supervisory Committee has determined that the internship placement has been fully completed.

9. Should the Head, Department of Gender Studies, on the recommendation of the Supervisory Committee, terminate the internship prior to its completion, it may recommend to the Dean of Graduate Studies one of the following:
   a. submission of a new internship proposal for a different field setting (once only);
   b. selection of the thesis or project option;
   c. termination of the student's program.

15.7 Courses
6000 Feminist Theory
6100 Feminist Epistemologies and Methodologies
6200 Graduate Seminar in Gender Studies
6300 Feminism as Community
6400-6420 Special Topics in Gender Studies
Regulations Governing the Degree of Master of Health Ethics

The degree of Master of Health Ethics is offered by the Faculty of Medicine, delivering an advanced program of study for students from various academic fields who are interested in a flexible graduate degree designed to prepare them for a career in ethics within health care organizations or, for those students completing the research option, further study in health ethics at the Ph.D. level. The General Regulations of the School of Graduate Studies and the regulations outlined below will apply.

16.1 Qualifications for Admission

Admission to the Master of Health Ethics is limited and competitive. The regulations and procedures for admission are as given under the General Regulations of the School of Graduate Studies governing Master’s degrees. In addition, to be considered for admission applicants must have successfully completed a minimum of one senior level undergraduate course in Philosophy with substantial ethics content.

16.2 Program of Study

1. The Master of Health Ethics degree is offered by full or part-time study. Candidates may choose one of three program options: (1) Thesis option, (2) Non-thesis, Capstone Project option, (3) Non-thesis, Research Papers option. It is anticipated that full-time students will complete the program in four semesters in accordance with Table 1 Master of Health Ethics Recommended Course Sequence for Full-Time Students.

2. The program of study is the responsibility of the Supervisory Committee composed of a Supervisor and at least two other faculty members. It is the responsibility of the Supervisory Committee to meet regularly (at least annually) with the student and to provide guidance at all stages of the candidate’s program. An annual report prepared by the Supervisor and signed by the student and all members of the Committee is required to be submitted to the Assistant Dean of Research and Graduate Studies (Medicine).

3. All candidates must complete the following course requirements:
   a. MED 6800, MED 6801, and MED 6806
   b. 3 elective courses (9 credit hours) chosen in consultation with the Supervisor. Elective courses may be selected from the elective courses listing below (excluding MED 6820, 6821, 6822, and 6825) or from other courses approved by the Supervisor.

4. In addition, all candidates must complete a Health Ethics Practicum (MED 6815). The practicum will include three placements during the semester in which it is taken, one in each of the following areas of health ethics: clinical ethics, research ethics, and health ethics policy. Each placement will be approximately four weeks in length and students will be required to devote a minimum of 40 hours in overall placement activities. All course work identified above must be completed prior to initiation of the practicum.

5. Students must also complete one of the following in accordance with the program option to which they have been admitted:
   b. Three Health Ethics Research Papers (represented as MED 6820). Research topics will be chosen in consultation with, and approved by, the Supervisor. Students must register for the course MED 6820 in every semester during which they are completing one or more of the Research Papers necessary to satisfy this requirement. A grade of NC (No Credit) will be awarded in all semesters prior to the final semester. A grade of ‘B’ or better is required in each of the three required Research Papers in order to successfully complete this requirement and receive a grade of ‘Pass’ in the final semester. Each paper will be evaluated by the supervising faculty member and another faculty member qualified to evaluate the work.
   c. A Health Ethics Capstone Project (MED 6825). The Capstone Project will be chosen in consultation with, and approved by, the Supervisor. Students must register for the course MED 6825 in every semester during which they are completing the Capstone Project. A grade of NC (No Credit) will be awarded in all semesters prior to the final semester. The completed Capstone Project will be evaluated by the supervising faculty member along with a representative of the external organization for which the project was undertaken.

16.3 Courses

A selection of the following graduate courses shall be offered to meet the requirements of students, as far as the resources of the Faculty allow.

MED 6800 Health Ethics Theory
MED 6801 Important Cases in Health Ethics
MED 6803 Research Ethics
MED 6804 Public Health Ethics
MED 6806 Introduction to the Canadian Health System
MED 6807-6814 Special Topics in Health Ethics
MED 6815 Health Ethics Practicum
17 Regulations Governing the Degree of Master of Marine Studies and the Graduate Diploma in Fisheries Resource Management

www.mi.mun.ca

Vice-President (Marine Institute)
G. Blackwood

The degree of Master of Marine Studies (M.M.S.) is offered in Fisheries Resource Management (FRM) and in Marine Spatial Planning and Management (MSPM). There is also a Graduate Diploma in Fisheries Resource Management.

Both the Fisheries Resource Management and the Marine Spatial Planning and Management program areas will be administered by Academic Directors appointed by the Vice-President (Marine Institute), together with Academic Advisory Committees. Academic Advisory Committees for each program area will be appointed by the Dean of Graduate Studies on recommendation of the Vice-President (Marine Institute). Each of these committees will consist of the Academic Director as Chair, three members from the Marine Institute and two members from other academic units of the University. Normally, all appointments will be for a period of three (3) years.

For the Fisheries Resource Management programs, a Technical Advisory Committee consisting of a cross-section of members with professional expertise related to the fishery, will provide regular feedback on program content, instruction, and future direction of the Program.

For the Marine Spatial Planning and Management program, a Technical Advisory Committee, consisting of a cross-section of members with professional expertise related to the ocean/marine sector, will provide regular feedback on program content, instruction, and future direction of the Program.

Members of these Technical Advisory Committees will be appointed by the Dean of Graduate Studies on recommendation of the Vice-President (Marine Institute). The Academic Director will be an ex-officio member and Chair of the Technical Advisory Committee. Normally all appointments will be for a period of three (3) years.

17.1 Graduate Diploma (Fisheries Resource Management)

The Graduate Diploma in Fisheries Resource Management provides an opportunity for fisheries professionals to enhance their perspective on fishery issues from a variety of disciplines.

17.1.1 Admission Requirements

To be considered for admission to the Graduate Diploma in Fisheries Resource Management, a student must be eligible to register in the Master of Marine Studies program (see Master of Marine Studies (Fisheries Resource Management), Admission Requirements below).

17.1.2 Program of Study

The program is offered online and requires successful completion of 18 credit hours of course work:

1. 5 courses (15 credit hours) from Core Courses; and
2. 1 elective course (3 credit hours) from either Category A or Category B Electives.

17.1.3 Evaluation

Candidates for the Graduate Diploma in Fisheries Resource Management must obtain a grade of B or better in all program courses.

17.1.4 Courses

Courses required for the Graduate Diploma (Fisheries Resource Management) must be selected from the Courses section outlined under the Master of Marine Studies (Fisheries Resource Management) program.

17.2 Master of Marine Studies (Fisheries Resource Management)

The Master of Marine Studies (Fisheries Resource Management) is a multi-disciplinary program of study that will provide the candidate with exposure to all dimensions of modern fisheries resource management in an international context. The program is aimed at professionals working in or intending to enter careers in fisheries management. The program is offered online and requires successful completion of either 24 credit hours of course work and a Major Report, or 30 credit hours of course work. Students who have successfully completed the requirements for the Graduate Diploma may elect to continue their program of study in order to earn the Degree.

17.2.1 Admission Requirements

1. Admission to the program is on a competitive basis. To be considered for admission to the program an applicant must normally have an undergraduate degree with a minimum of a high second class standing from an institution recognized by the Senate.
2. In addition, applicants will normally have a demonstrated commitment to fisheries through employment or experience in a sector of the fishery, in a regulatory agency or government department connected to fisheries, in a non-governmental agency, or through self-employment or consulting activities related to fisheries.
3. In exceptional cases, applicants who have not completed an undergraduate degree may be considered for admission. Preference will be given to those who have at least 10 years of relevant professional experience, and have successfully completed several years of post-secondary studies. Applicants who do not meet normal admission requirements shall be required to complete, with a high level of achievement, certain undergraduate courses before being considered for admission.
4. Applicants who did not complete a baccalaureate or post-graduate degree at a recognized university where English is the primary language of instruction must normally complete either the:
   a. Test of English as a Foreign Language (TOEFL) and achieve a paper-based score of 580 (or higher), computer-based score of 237 (or higher), or Internet based score of 92-93 (or higher); or

5. Students who have completed an undergraduate degree with a minimum of a high second class standing from an institution recognized by the Senate must normally complete the requirements for the Graduate Diploma in Fisheries Resource Management and/or the Master of Marine Studies program.
b. International English Language Testing System (IELTS) and achieve a score of 7 (or higher).
Information regarding the TOEFL is available from the Educational Testing Service at www.ets.org. IELTS information is available at www.ielts.org. It is noted that other equivalent tests acceptable to the School of Graduate Studies will also be considered.

5. The deadlines for submission of applications for candidates wishing to enter the program are as follows:
   Fall (September) semester: June 15
   Winter (January) semester: October 15
   Spring (May): semester: February 15
Applications received after listed deadlines will be considered as time and resources permit.

17.2.2 Program of Study

1. Candidates for the Master of Marine Studies (Fisheries Resource Management) shall be required to complete a minimum of either:
   a. 24 credit hours of course work plus a Major Report on the Course Work Plus a Major Report Route completed in accordance with General Regulation, Theses and Reports of the School of Graduate Studies. Course work must include the following course selections from the Courses section below:
      • 5 core courses (15 credit hours)
      • 1 elective course (3 credit hours) from Category A Electives
      • 1 elective course (3 credit hours) from Category B Electives
      • 1 elective course (3 credit hours) from either Category A or Category B
   b. 30 credit hours on a Comprehensive Course Route which must include the following course selections from the Courses section below:
      • 5 core courses (15 credit hours)
      • 2 elective courses (6 credit hours) from Category A Electives
      • 1 elective course (3 credit hours) from Category B Electives
      • 2 elective courses (6 credit hours) from either Category A or Category B

2. Dependent upon the applicant’s academic background, other courses may be required by the Academic Advisory Committee.

3. Transfer of credit for graduate courses completed in other programs at the University or at other institutions recognized by Senate will be considered in accordance with School of Graduate Studies General Regulations, Transfer of Course Credits.

4. Those having partially completed the requirements for the degree under 2011-2012 Calendar Regulations may apply to transfer to one of the above program options and will be considered in accordance with the following:
   a. Those having previously completed all coursework required for the degree, but who have not submitted the Major Report, may satisfy the Comprehensive Course Route requirements by successfully completing an additional 6 credit hours of courses as follows:
      • MSTM 6005 (for students who completed the former FRM 6009 to satisfy the 24 credit hours of courses required under previous program regulations, an additional elective course chosen from Category A or B must be selected in place of this course)
      • One further elective course (3 credit hours) from Category A or B electives
   b. Those having previously completed all coursework required for the degree may satisfy the Major Report requirements by successfully completing:
      • MSTM 6001 (or the former FRM 6001)
      • MSTM 6002 (or the former FRM 6002)
      • MSTM 6003 (or the former FRM 6003)
      • MSTM 6004 (or either of the former FRM 6004 or FRM 6005)
      • MSTM 6005 (or the former FRM 6009)
      • a Major Report completed in accordance with General Regulations, Theses and Reports of the School of Graduate Studies together with the following course selections from the Courses section below:
         • 1 elective course (3 credit hours) from Category A Electives
         • 1 elective course (3 credit hours) from Category B Electives
         • 1 elective course (3 credit hours) from either Category A or Category B. The former FRM 6007 and/or FRM 6008 may be used to partially satisfy the elective requirement.
   c. Those having previously partially completed the coursework required for the degree may satisfy the Comprehensive Course Route requirements by successfully completing:
      • MSTM 6001 (or the former FRM 6001)
      • MSTM 6002 (or the former FRM 6002)
      • MSTM 6003 (or the former FRM 6003)
      • MSTM 6004 (or either of the former FRM 6004 or FRM 6005)
      • MSTM 6005 (or the former FRM 6009) together with the following course selections from the Courses section below:
         • 1 elective course (3 credit hours) from Category A Electives
         • 1 elective course (3 credit hours) from Category B Electives
         • 3 elective courses (9 credit hours) from either Category A or Category B. The former FRM 6007 and/or FRM 6008 may be used to partially satisfy the elective requirement.

17.2.2.1 Course Work Plus a Major Report Route

24 credit hours of course work plus a Major Report completed in accordance with General Regulations, Theses and Reports of the School of Graduate Studies. Course work must include the following course selections from the Courses section below:

1. 5 core courses (15 credit hours)
2. 1 elective course (3 credit hours) from Category A Electives
3. 1 elective course (3 credit hours) from Category B Electives
4. 1 elective course (3 credit hours) from either Category A or Category B

17.2.2.2 Comprehensive Course Route
30 credit hours on the Comprehensive Course Route which must include the following course selections from the Courses section below:
1. 5 core courses (15 credit hours)
2. 2 elective courses (6 credit hours) from Category A Electives
3. 1 elective course (3 credit hours) from Category B Electives
4. 2 elective courses (6 credit hours) from either Category A or Category B

17.2.3 Evaluation
1. Candidates for the Master’s Degree must obtain a grade of B or better in all program courses.
2. Candidates who have received a grade less than a B in a program course will be permitted to remain in the program, provided the course is retaken and passed with a grade of B or better. Alternatively the candidate may, on the recommendation of the Academic Advisory Committee, substitute another graduate course. Only one such repeat or substitution will be permitted in the program.
3. The Major Report will normally be undertaken towards the end of the program. The topic of the report and a faculty Supervisor will be chosen by the candidate in consultation with the Academic Advisory Committee. The report provides an opportunity to synthesize an original perspective on a selected fisheries issue through the examination of appropriate literature and other sources of information. Normally the report will be multi-disciplinary in nature and will result in a document equivalent to a publishable periodical journal article or a consultant’s report on a particular issue. It will be assessed in accordance with General Regulations, Theses and Reports of the School of Graduate Studies.

17.2.4 Courses
17.2.4.1 Core Courses
MSTM 6001 Fisheries Ecology (credit may be obtained for only one of MSTM 6001 and the former FRM 6001)
MSTM 6002 Fisheries Resource Assessment Strategies (credit may be obtained for only one of MSTM 6002 and the former FRM 6002)
MSTM 6003 Fisheries Economics (credit may be obtained for only one of MSTM 6003 and the former FRM 6003)
MSTM 6004 Fisheries Policy and Planning (credit may be obtained for only one of MSTM 6004, the former FRM 6004, and the former FRM 6005)
MSTM 6005 Overview of World Fisheries (credit may be obtained for only one of MSTM 6005 and the former FRM 6009)

17.2.4.2 Category A Electives
MSTM 6006 Business Management for Fisheries (credit may be obtained for only one of MSTM 6006 and the former FRM 6006)
MSTM 6007 Fisheries Technology
MSTM 6008 Social and Philosophical Issues of Fisheries Management
MSTM 6009 Current Issues for Sustainable Fisheries
MSTM 6010 Legal Aspects of Fisheries Resource Management

17.2.4.3 Category B Electives
MSTM 6022 Communication and Conflict Resolution in a Technical Environment
MSTM 6023 Strategic Planning, Policy, Participation and Management in Technical Operations
MSTM 6033 Quality Systems
MSTM 6034 Project Management in the Offshore, Health, Fisheries and Engineering Technology Environments
MSTM 6039 Sustainability and Environmental Responsibility
MSTM 6044 Marine Environment Law and Pollution Control
MSTM 6056 Management for International Development
MSTM 6071 Management of Aquaculture Technology

17.3 Master of Marine Studies (Marine Spatial Planning and Management)
The Master of Marine Studies (Marine Spatial Planning and Management) is a multi-disciplinary academic program that provides students with both conceptual/theoretical background and practical applied skills in integrated coastal and ocean management (ICOM) and marine spatial planning (MSP). The program provides a broad level understanding of planning processes and the governance, policy/legislative, ecological, social, cultural and economic elements of coastal and ocean areas complemented by practical and applied skills for stakeholder engagement, project management and utilization of geospatial technology to support planning and management efforts.
Successful completion of the program includes 30 credit hours of course work and an Internship or a Research Project.
The program commences in the Fall semester of each year.

17.3.1 Admission Requirements
Admission to the program is on a limited and competitive basis.
1. To be considered for admission to the program an applicant will normally possess a relevant second class or better undergraduate degree from a university of recognized standing.
2. Students intending to undertake electives in Decision Support / Geospatial Analysis (Category C) are required to have a background in mathematics, statistics and geographic information systems.
3. In exceptional cases, applicants who have not completed an undergraduate degree may be considered for admission. Preference will be given to those who have at least 10 years of relevant professional experience, and have successfully completed several years of post-secondary studies. Applicants who do not meet normal admission requirements shall be required to complete, with a high level of achievement, certain undergraduate courses before being considered for admission.
4. Applicants who did not complete a baccalaureate or post-graduate degree at a recognized university where English is the primary language of instruction must normally complete either the:
a. Test of English as a Foreign Language (TOEFL) and achieve a paper-based score of 580 (or higher), computer-based score of 237 (or higher), or Internet based score of 92-93 (or higher); or
b. International English Language Testing System (IELTS) and achieve a score of 7 (or higher).

Information regarding the TOEFL is available from the Educational Testing Service at www.ets.org. IELTS information is available at www.ielts.org. It is noted that other equivalent tests acceptable to the School of Graduate Studies will also be considered.

The deadline for submission of applications is March 15.

17.3.2 Program of Study

Students in the Master of Marine Studies (Marine Spatial Planning and Management) are required to complete 30 credit hours of course work and an Internship or Research Project. Course work includes 7 core courses: 6 courses (18 credit hours) completed online, 1 intensive hands-on course (3 credit hours) offered in a face-to-face environment, as well as 3 elective courses (9 credit hours) offered either online or on campus.

17.3.2.1 Core Courses

All students must complete the following compulsory core courses:
- MSTM 6011 Introduction to Integrated Coastal and Ocean Management / Marine Spatial Planning
- MSTM 6012 Fundamentals of Geospatial Analysis
- MSTM 6013 Resource/Natural Environment and Ocean Use Characterization
- MSTM 6014 Geospatial Analysis for Marine Spatial Planning (prerequisites: MSTM 6011, 6012, and 6013)
- MSTM 6022 Communication and Conflict Resolution in a Technical Environment
- MSTM 6027 Coastal and Ocean Environmental Policies
- MSTM 6034 Project Management in the Offshore, Health, Fisheries and Engineering Technology Environments

17.3.2.2 Electives

Students will choose one of three options for elective course selection:
- two Category A Electives plus one Category B Elective or
- two Category B Electives plus one Category A Elective or
- two Category C Electives plus one Category A or B Elective

Category A Electives: Natural Environment
- ENVE/ENVS 6001 Earth and Ocean Systems
- MSTM 6001 Fisheries Ecology
- MSTM 6015 Marine Protected Areas
- MSTM 6016 Coastal Geomorphology / Oceanography

Category B Electives: Human Environment
- MSTM 6008 Social and Philosophical Issues in Sustainable Fisheries
- MSTM 6017 Social and Cultural Aspects of Coastal Communities
- MSTM 6018 Coastal and Ocean Economics

Category C Electives: Decision Support / Geospatial Analysis
- GEOG 6120 Geospatial Modelling and Analysis
- GEOG 6821 Advanced Computer Modelling/Habitat Mapping

17.3.2.3 Internship (MSTM 6019) or Research Project

All students must complete an Internship or Research Project. Normally students would be permitted to register for the Internship or Research Project only after all other course requirements have been met, or during the student’s last semester of studies. Evaluation of the Research Project shall be carried out in accordance with General Regulations, Theses and Reports in the School of Graduate Studies.

1. Internship Requirements
   - Internships are normally proposed by the student and approved by the Academic Director in consultation with the Placement Officer. Internship placements may be local, national or international. Students seeking international internships must consult with the Academic Director early in the first year of their program.
   - Internships are for full-time employment hours for the duration of the semester (12 weeks)
   - Students must attend a scheduled pre-internship orientation workshop. See Pre-Internship Workshop below.
   - Each internship placement is supervised and evaluated by the on-site Supervisor assigned by the employer and the Academic Director. The internship shall consist of two components:
     - On-Site Student Performance as evaluated by the on-site Supervisor assigned by the employer, in consultation with the Academic Director and Placement Officer.
     - An Internship Report graded by the Academic Director in consultation with the on-site Supervisor assigned by the employer.
   - Evaluation of the Internship shall result in one of the following final grades: Pass or Fail
   - A student must obtain a Pass in both the On-Site Student Performance and the Internship Report to obtain a final grade of Pass.
   - If a student fails to achieve the internship standards specified above, the student may be required to repeat the internship. An internship may only be repeated once.
   - Students who voluntarily withdraw from the internship without prior approval from the Academic Director, or who conduct themselves in such a manner as to cause the host organization and the Placement Officer to terminate the placement, will normally be awarded a grade of Fail in the internship.
   - Students are not permitted to withdraw from the internship without prior approval of the Academic Director, in consultation with the Placement Officer. The Placement Officer will make a recommendation to the Academic Director who will make the final decision. Permission to withdraw from the internship does not constitute a waiver of degree requirements, and students who
have obtained such permission must complete an approved internship or research project in lieu of the internship dropped.

2. Research Project Requirements
   - Research projects are normally proposed by the student and approved by the Academic Director.
   - Students must attend a scheduled pre-research project orientation workshop. See Pre-Research Project Workshop below.
   - Evaluation of the Research Project shall be carried out in accordance with General Regulations, Theses and Reports in the School of Graduate Studies.
   - Students are not permitted to withdraw from the research project without prior approval of the Academic Director. Permission to withdraw from the research project does not constitute a waiver of degree requirements, and students who have obtained such permission must complete an approved research project or internship in lieu of the research project dropped.

3. Workshops
   Students are required to complete one of the following workshops:
   - **Pre-Internship Workshop**
     This online workshop reviews the Internship requirements. It aids students in writing resumes and cover letters, discusses interviewing practices and examines student/employer relationships. International internship opportunities and processes for application will be discussed. This workshop is held during the week following the end of the Winter semester.
   - **Pre-Research Project Workshop**
     This online workshop reviews the Research Project requirements, aids students in preparing a project concept, proposal and establishing the research project timelines, and provides access to information and resources necessary for approval and completion of the Research Project. This workshop is held during the week following the end of the Winter semester.

17.3.3 Advanced Standing
Students who have successfully completed the Marine Institute Advanced Diploma in Integrated Coastal and Ocean Management will be given advanced standing credit for MSTM 6012, 6013, 6016.

17.3.4 Transfer Credits
Up to three relevant elective courses (9 credit hours) may be transferred from other graduate programs within the School of Graduate Studies or from other post-secondary institutions recognized by Senate, subject to the approval of the Dean of Graduate Studies on the recommendation of the Academic Director.

17.3.5 Evaluation
1. Students in the Master of Marine Studies (Marine Spatial Planning and Management) program must obtain a grade of B or better in all program courses.
2. Students who receive a grade of less than B in any course will be permitted to remain in the program provided the course is repeated and passed with a grade of B or better. Alternatively, the student may, on the recommendation of the Academic Director, and with the approval of the Dean of Graduate Studies, substitute another graduate course. Only one course repetition or substitution will be permitted during the student’s program after which the student shall be required to withdraw from the program.

17.3.6 Courses

17.3.6.1 Core Courses
   - MSTM 6011 Introduction to Integrated Coastal and Ocean Management / Marine Spatial Planning
   - MSTM 6012 Fundamentals of Geospatial Analysis
   - MSTM 6013 Resource/Natural Environment and Ocean Use Characterization
   - MSTM 6014 Geospatial Analysis for Marine Spatial Planning (prerequisites: MSTM 6011, 6012, and 6013)
   - MSTM 6022 Communication and Conflict Resolution in a Technical Environment
   - MSTM 6027 Coastal and Ocean Environmental Policies
   - MSTM 6034 Project Management in the Offshore, Health, Fisheries and Engineering Technology Environments

17.3.6.2 Category A Electives: Natural Environment
   - ENVE/ENVS 6001 Earth and Ocean Systems
   - MSTM 6001 Fisheries Ecology
   - MSTM 6015 Marine Protected Areas
   - MSTM 6016 Coastal Geomorphology / Oceanography

17.3.6.3 Category B Electives: Human Environment
   - MSTM 6008 Social and Philosophical Issues in Sustainable Fisheries
   - MSTM 6017 Social and Cultural Aspects of Coastal Communities
   - MSTM 6018 Coastal and Ocean Economics

17.3.6.4 Category C Electives: Decision Support / Geospatial Analysis
   - GEOG 6120 Geospatial Modelling and Analysis
   - GEOG 6821 Advanced Computer Modelling/Habitat Mapping
18 Regulations Governing the Degree of Master of Maritime Management

www.mi.mun.ca
Vice-President (Marine Institute)
G. Blackwood

18.1 Administration
The Master of Maritime Management (M.M.M.) program will be administered by an Academic Director appointed by the Vice-President (Marine Institute), together with an Academic Advisory Committee.

An Academic Advisory Committee will be appointed by the Dean of Graduate Studies on recommendation of the Vice-President (Marine Institute). This committee will consist of the Academic Director as Chair, three members from the Marine Institute, one member from the Faculty of Business Administration and one member from another unit of the University. Normally, all appointments will be for a period of three (3) years.

A Technical Advisory Committee, consisting of a cross-section of members with professional expertise related to the maritime sector, will provide regular feedback on program content, instruction, and future direction of the Program. Members of this Committee will be appointed by the Dean of Graduate Studies on recommendation of the Vice-President (Marine Institute). The Academic Director will be an ex officio member and Chair of the Technical Advisory Committee. Normally all appointments will be for a period of three (3) years.

18.2 Program
The Master of Maritime Management (M.M.M.) is a comprehensive academic program that provides a broad understanding of the structure and operation of organizations and the factors that influence business decisions in the context of maritime-based organizations. It provides a maritime management focus through the development of knowledge and understanding of the nature of technical operations and the factors that have an impact on their success, as well as the ability to apply these concepts within their organizations.

The program is offered online and requires successful completion of either 1) 24 credit hours of course work and a comprehensive project and report (6 credit hours), or 2) 30 credit hours of course work. Candidates will typically register on a part-time basis.

18.2.1 Admission Requirements
1. Admission to the program is on a competitive basis. To be considered for admission to the program an applicant will normally possess a second class or better undergraduate degree from a university of recognized standing and will normally have:
   a. a Memorial University of Newfoundland Bachelor of Maritime Studies or Bachelor of Technology, or a comparable undergraduate degree with appropriate maritime sector and business management course work; and
   b. an appropriate technical knowledge and relevant marine sector employment experience.
2. The deadlines for submission of applications for candidates wishing to enter studies are as follows:
   - Fall (September) semester: May 15
   - Winter (January) semester: September 15
   - Spring (May) semester: January 15
   Applications received after listed deadlines will be considered as time and resources permit.
3. In exceptional cases, applicants who have not completed an undergraduate degree, but who meet all other requirements, may be considered for admission. Preference will be given to those who have at least 10 years of relevant professional and managerial experience, and have successfully completed several years of post-secondary studies. Applicants who do not meet normal admission requirements shall be required to complete, with a high level of achievement, certain undergraduate courses before being considered for admission.
4. Applicants who did not complete a baccalaureate or post-graduate degree at a recognized university where English is the primary language of instruction must normally complete either the:
   a. Test of English as a Foreign Language (TOEFL) and achieve a paper-based score of 580 (or higher), computer-based score of 237 (or higher), or Internet based score of 92-93 (or higher); or
   b. International English Language Testing System (IELTS) and achieve a score of 7 (or higher).

Information regarding the TOEFL is available from the Educational Testing Service at www.ets.org. IELTS information is available at www.ielts.org. It is noted that other equivalent tests acceptable to the School of Graduate Studies will also be considered.

18.2.2 Program of Study
1. Candidates for the Master of Maritime Management shall be required to complete a minimum of either:
   a. Twenty-four credit hours of course work and a major project and report (6 credit hours). Course work includes two compulsory core courses (6 credit hours), and six elective courses (18 credit hours). Students on the project route will complete MSTM 6101 Project in Maritime Management (6 credit hours).
      i. **Core Courses (Two to be completed):**
         MSTM 6041 Marine Policy
         MSTM 6042 Business of Shipping/Transportation of Goods
      ii. **Elective Courses (Six to be completed: a minimum of one from Category A and three from Category B):**
         **Category A**
         MSTM 6022 Communication and Conflict Resolution in a Technical Environment
         MSTM 6023 Strategic Planning, Policy, Participation and Management in Technical Operations
         MSTM 6030 Principles of Management for Engineering Technology Enterprises
         MSTM 6034 Project Management in the Offshore, Health, Fisheries and Engineering Technology Environments
         MSTM 6039 Sustainability and Environmental Responsibility
         MSTM 6052 Management of Intellectual Property
         MSTM 6054 Technology Assessment
         **Category B**
         MSTM 6027 Coastal and Ocean Environmental Policies
MSTM 6043 Marine Law
MSTM 6044 Marine Environment Law and Pollution Control
MSTM 6045 Port Operations and Management
MSTM 6046 Information Systems in the Marine Environment
MSTM 6047 Maritime Security and Event Investigation
MSTM 6048 Emerging Issues in International Marine Transportation
MSTM 6049 Maritime Risk Analysis and Management
MSTM 6050 Maritime Health, Safety, Environment and Quality
MSTM 6051 International Maritime Compliance & Business Continuity Planning

iii. Project in Maritime Management
MSTM 6101 Project in Maritime Management (6 credit hours)

Students will choose a topic in consultation with the Academic Director and will work independently to carry out an in-depth study of a problem or application within the area of maritime management and fully document and present their findings. Preferably the problem will be directly related to a workplace situation.

b. Thirty credit hours on a course-based route. Course work includes two compulsory core courses (6 credit hours), and eight elective courses (24 credit hours).

i. Core Courses (Two to be completed):
MSTM 6041 Marine Policy
MSTM 6042 Business of Shipping/Transportation of Goods

ii. Elective Courses (Eight to be completed: a minimum of two from Category A and four from Category B):

Category A
MSTM 6022 Communication and Conflict Resolution in a Technical Environment
MSTM 6023 Strategic Planning, Policy, Participation and Management in Technical Operations
MSTM 6030 Principles of Management for Engineering Technology Enterprises
MSTM 6034 Project Management in the Offshore, Health, Fisheries and Engineering Technology Environments
MSTM 6039 Sustainability and Environmental Responsibility
MSTM 6052 Management of Intellectual Property
MSTM 6054 Technology Assessment

Category B
MSTM 6027 Coastal and Ocean Environmental Policies
MSTM 6043 Marine Law
MSTM 6044 Marine Environment Law and Pollution Control
MSTM 6045 Port Operations and Management
MSTM 6046 Information Systems in the Marine Environment
MSTM 6047 Maritime Security and Event Investigation
MSTM 6048 Emerging Issues in International Marine Transportation
MSTM 6049 Maritime Risk Analysis and Management
MSTM 6050 Maritime Health, Safety, Environment and Quality
MSTM 6051 International Maritime Compliance & Business Continuity Planning

Up to three relevant elective courses (9 credit hours) may be transferred from other graduate programs within the School of Graduate Studies or from other post-secondary institutions recognized by Senate, subject to the approval of the Dean of Graduate Studies on the recommendation of the Academic Director.

18.2.3 Evaluation
1. Candidates for the Master of Maritime Management degree must obtain a grade of B or better in all program courses.
2. Candidates who receive a grade of less than B in any course will be permitted to remain in the program provided the course is repeated and passed with a grade of B or better. Alternatively, the candidate may, on the recommendation of the Academic Director, and with the approval of the Dean of Graduate Studies, substitute another graduate course. Only one course repetition or substitution will be permitted during the candidate’s program after which the candidate shall be required to withdraw from the program.

19 Regulations Governing the Degree of Master of Music

www.mun.ca/music

Associate Professor and Dean
I. Sutherland

The Master of Music (M.Mus.) program provides the environment for accelerated advances in comprehension, skills, and abilities as a performing musician, music pedagogue, or conductor while offering experience in the metier of the contemporary musician. To that end, the School of Music has forged active partnerships with many of the professional music organizations and institutions within the arts community in the greater St. John’s region which afford an exceptional range of professional experiences to its graduate students. Included among these partners are the Newfoundland Symphony Orchestra, the Canadian Broadcasting Company, Heritage Canada, the Newfoundland and Labrador Arts Council, and many others. Within the areas of specialization offered for the M.Mus., there is considerable flexibility available to further focus the program to meet specific interests and needs.

19.1 Program of Study

The Degree of Master of Music (M.Mus.) is offered by full-time study, normally commencing in the Fall semester. Three areas of specialization are offered:
1. Conducting. Students may focus in choral conducting, instrumental conducting, or a combination of choral and instrumental conducting.
2. Performance. For a complete list of applied areas of study, see the School of Music website at www.mun.ca/music.
3. Performance/Pedagogy. For a complete list of applied areas of study, see the School of Music website at www.mun.ca/music.

The specialization of Ethnomusicology is available through the degrees Master of Arts and Doctor of Philosophy. For further information see the section Regulations Governing the Degree of Master of Arts, Ethnomusicology and the section Regulations Governing the Degree of Doctor of Philosophy, Ethnomusicology, respectively.
19.2 Qualifications for Admission

1. Admission to the program is limited and competitive. The application deadline is December 15 for admission to the following Fall semester. Under special circumstances, applicants may be considered for admission to the Winter semester. For further information, contact the School of Music.

2. To be eligible for consideration for admission, applicants shall meet the requirements set out in General Regulations for Admission, Master’s Program. Applicants to the M.Mus. will normally hold a Bachelor of Music or equivalent from a recognized university or conservatory. Preference will be given to applicants who hold first class standing in their undergraduate program.

3. In addition to the requirements above, admission is further determined by audition.
   a. Auditions for September entry are normally held in late February or early March of each year. Check the School of Music website at www.mun.ca/music for dates and locations.
   b. Applicants to the M.Mus. in Performance or Performance/Pedagogy may submit the audition as a professional quality video recording if they are unable to attend the live auditions. The recording must be unedited; live performances are preferred. The audition program should display a range of performance styles and repertoire. Applicants should consult the School of Music website at www.mun.ca/music for details on length of audition and appropriate repertoire.
   c. Applicants to the M.Mus. in Conducting should submit professional quality video recordings of their work with a minimum of two different types of ensembles. These video recordings should include both rehearsals and performances.

4. Applicants may also be asked to submit a sample of their academic written work.

5. Once they have been admitted, students may be required to write diagnostic exams in music theory, aural skills, and/or music history. Voice and choral conducting students will also have their knowledge of lyric diction assessed. If weaknesses are identified, students may be required to complete remedial undergraduate course work.

19.3 Degree Requirements

1. The Degree of Master of Music is normally completed in two years of full-time study. Comprehensive examinations are not administered. The normal residency period may, in some instances, be reduced through Summer and Intersession study.

2. All candidates for the M.Mus. must complete at least 31 credit hours. Further courses may be required depending on the background of the individual student.

3. All candidates must complete:
   a. Music Research Methods: Music 6000 (1 credit hour)
   b. Music Seminar: Music 6002
   c. Career Skills for Musicians: Music 6700
   d. Further courses may be required depending on the background of the individual student.

4. Candidates in Conducting must complete an additional 24 credit hours according to their area of focus:
   a. Choral Conducting
      i. Choral Conducting: Music 6310, 6311, 7310
      ii. Instrumental Conducting: Music 6210
      iii. Score Study and Analysis: Music 6100
      iv. Choral Repertoire: Music 6007
      v. Electives: Six credit hours. With the approval of the School of Music. 3 credit hours may be from related disciplines.
   b. Instrumental Conducting
      i. Instrumental Conducting: Music 6210, 6211, 7210
      ii. Choral Conducting: Music 6310
      iii. Score Study and Analysis: Music 6100
      iv. Orchestral or Instrumental Ensemble Repertoire: Music 6006 or 6008
      v. Electives: Six credit hours. With the approval of the School of Music. 3 credit hours may be from related disciplines.
   c. Combined Choral/Instrumental Conducting
      i. Instrumental Conducting: Music 6210, 6211
      ii. Choral Conducting: Music 6310, 6311
      iii. Score Study and Analysis: Music 6100
      iv. Ensemble Repertoire: One of Music 6006, 6007, or 6008
      v. Electives: Six credit hours. With the approval of the School of Music. 3 credit hours may be from related disciplines.

5. Candidates in Performance must complete an additional 24 credit hours as follows:
   a. Principal Applied Study: Music 645A/B, 745A/B
   b. Other Applied Study: 3 credit hours from Music 6500-6506, 646A/B
   c. Music Pedagogy: Music 6400 or Music 6600
   d. Electives: Six credit hours. With the approval of the School of Music. 3 credit hours may be from related disciplines.

6. Candidates in Performance/Pedagogy must complete an additional 24 credit hours as follows:
   a. Principal Applied Study: Music 647A/B, 747A/B
   b. Music Pedagogy: Music 6400 and 6600
   c. Pedagogy Internship: Music 6610
   d. Electives: 3 credit hours

### 19.4 Evaluation

1. Candidates must meet all requirements of the General Regulations of the School of Graduate Studies.

2. Candidates must obtain a grade of at least 65% in all program courses to receive credit for the course toward their program requirements. Candidates who fail to receive 65% or more in a required course must repeat the course. Candidates who fail to receive 65% or more in an elective course must either repeat the course or replace it with another program course. Any student who receives a grade of less than 65% in two courses or in a repeated course will be required to withdraw from the program.

3. In addition, failure to receive a grade of 75% or higher in any of Music 645A/B, Music 745A/B, Music 647A/B, Music 747A/B, Music 6210, Music 6211, Music 6310, Music 6311, Music 7210, or Music 7310 will lead to termination of the student's program.

### 19.5 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the School will allow. All courses are 3 credit hours unless otherwise indicated.

- 6000 Music Research Methods (1 credit hour)
- 6002 Graduate Seminar (prerequisite: Music 6000)
- 6005 Performance Practice
- 6006 Instrumental Ensemble Repertoire
- 6007 Choral Repertoire
- 6008 Orchestral Repertoire
- 6009 Music Literature
- 6100 Score Study and Analysis
- 6210 Instrumental Conducting I
- 6211 Instrumental Conducting II (prerequisite: Music 6210)
- 6212 Instrumental Conducting Internship I (1 to 3 credit hours)
- 6213 Instrumental Conducting Internship II (1 to 3 credit hours)
- 6310 Choral Conducting I
- 6311 Choral Conducting II (prerequisite: Music 6310)
- 6312 Choral Conducting Internship I (1 to 3 credit hours)
- 6313 Choral Conducting Internship II (1 to 3 credit hours)
- 6400 Music Pedagogy
- 645A/B Principal Applied Study I (6 credit hours)
- 646A/B Secondary Principal Applied Study (4 credit hours)
- 647A/B Principal Applied Study I (6 credit hours)
- 6500 Chamber Music (2 credit hours per semester. Maximum: 8 credit hours)
- 6501 Chamber Music (3 credit hours per semester. Maximum: 12 credit hours)
- 6502 Opera Performance (2 credit hours)
- 6503 Opera Performance (3 credit hours)
- 6504 Chamber Music (1 credit hour per semester. Maximum: 4 credit hours)
- 6505 Conducted Instrumental Ensemble (1 credit hour per semester. Maximum: 4 credit hours)
- 6510 Seminar in Performance Issues
- 6600 Pedagogy Seminar
- 6610 Pedagogy Internship I
- 6611 Pedagogy Internship II
- 6700 Career Skills for Musicians
- 6701 Music in the Community (1 credit hour) (prerequisite: Music 6700)
- 6702 Music in the Community (2 credit hours) (prerequisite: Music 6700)
- 6703 Music in the Community (3 credit hours) (prerequisite: Music 6700)
- 6750 Music Industries Internship (2 credit hours)
- 6751 Music Industries Internship
- 7002 Research Paper
- 7010 World Music: Music of Asia and Oceania
- 7011 World Music: Music of Africa and the Americas
- 7012 Canadian Musical Traditions
- 7013 Music and Culture
- 7017 Folksong
- 7018 Jazz and Blues: The Roots of Popular Music
- 7210 Instrumental Conducting III (prerequisite: Music 6211)
- 7310 Choral Conducting III (prerequisite: Music 6311)
745A/B Principal Applied Study II (6 credit hours) *(prerequisite: Music 645B)*
747A/B Principal Applied Study II (6 credit hours) *(prerequisite: Music 647B)*

**Special Topics Courses**
- 6800-6809
- 6900-6909
- 7800-7809

# 20 Regulations Governing the Degree of Master of Nursing

www.mun.ca/nursing

**Professor and Dean**
A. Gaudine

## 20.1 Program

1. The responsibility for the administration of all graduate programs shall reside with the Dean of Graduate Studies.
2. Applicants for the program shall be required to apply for admission to the Dean of the School of Graduate Studies and shall be expected to follow the regulations, policies, and practices required of the School. Deadline for receipt of applications should be no later than February 15. If space is available, students who apply after the deadline date may be accepted.
3. The School of Nursing offers a Master of Nursing (M.N.) Program with two options: Practicum and Nurse Practitioner as well as a Post Master’s Nurse Practitioner Graduate Diploma.

## 20.2 Qualifications for Admission

1. Applicants to the Master of Nursing program in any of the two options listed above must have a baccalaureate Degree in nursing, or an equivalent from an institution recognized by the University and a knowledge of nursing satisfactory to the School of Nursing.
2. Admission to the program is limited and competitive. To be considered for admission, the applicant must have maintained at least a grade B standing in the baccalaureate program.
3. Applicants are also required to have a minimum of one year's experience in nursing practice, and to have completed an undergraduate nursing research course and an undergraduate statistics course.
4. Applicants must hold a practising licence from the Association of Registered Nurses of Newfoundland and Labrador or must be currently registered as a practising nurse in another Canadian jurisdiction. Applicants from other countries who do not meet the above criteria will be assessed on an individual basis. However, they must submit proof of registration as a practising nurse (or an equivalency) from their country or jurisdiction.
5. In addition to the above requirements, candidates seeking admission to the MN-Nurse Practitioner Degree option must have two years of clinical experience preferably in their chosen specialty area.
6. In addition to requirements 1. and 4., candidates seeking admission to the Post Master’s Nurse Practitioner Graduate Diploma program must have completed a Master’s Degree in Nursing or an equivalent degree with a nursing focus and have two years of clinical nursing experience preferably in their chosen specialty area.
7. In addition to requirements 1., 4., and 6, candidates seeking admission to the MN-Nurse Practitioner Degree option and the Post Master's Nurse Practitioner Graduate Diploma program will note that preference will be given to applicants who are living and working as Registered Nurses in Newfoundland and Labrador.
8. Only in exceptional circumstances and only on the recommendation of the School of Nursing shall the Dean of Graduate Studies consider applicants who do not meet admission requirements listed above.

## 20.3 Registration

See School of Graduate Studies General Regulations, Registration.

## 20.4 Programs of Study

There are two routes offered that lead to a Master of Nursing Degree: the Practicum Option and the Nurse Practitioner Option. Normally the program will require two years to complete when taken on a full-time basis. In addition to the M.N. Degree program, the School of Nursing also offers a Post Master’s Nurse Practitioner Graduate Diploma.

### 20.4.1 Practicum Option

1. Candidates must complete an approved program of study consisting of a minimum of 24 credit hours in graduate program courses and 6 credit hours in practicum courses.

   **Required courses:**
   - 6010 Research in Nursing: Quantitative Methods
   - 6011 Philosophical and Theoretical Foundations of Nursing
   - 6012 Statistics for Advanced Nursing Practice
   - 6100 Research in Nursing: Qualitative Methods
   - 6221 Population-based Nursing (equivalent to N6220 and N6230)
   - 6240 Nursing Individuals and Families Through Life Transitions (equivalent to N6200 and N6210)
   - 6250 Foundations for Advanced Nursing Practice

   **One of the following courses:**
   - 6020 Program Development in Nursing
   - 6031 Education in Nursing

   **The following practicum courses:**
   - 6660 MN Practicum 1
   - 6661 MN Practicum 2

2. The program of each candidate shall be approved by the Dean of Graduate Studies on the recommendation of the Dean of the School of Nursing.
20.4.2 Nurse Practitioner Option

1. Candidates must complete an approved program of studies consisting of a minimum of 37 credit hours in graduate program courses and an integrated clinical practice experience, comprising 12 credit hours.

   **Required courses:**
   - 6010 Research in Nursing: Quantitative Methods
   - 6011 Philosophical and Theoretical Foundations of Nursing
   - 6100 Research in Nursing: Qualitative Methods
   - 6221 Population-Based Nursing (equivalent to 6220 and 6230)
   - 6240 Nursing Individuals and Families Through Life Transitions (equivalent to 6200 and 6210)
   - 6251 Writing Skills for Nurse Practitioners (1 credit hour) *(Students who have transferred from the practicum option and have credit for 6250 Foundations for Nursing Practice will have this course waived)*
   - 6703 Advanced Health Assessment and Clinical Practicum 1 (4 credit hours)
   - 6704 Applied Pathophysiology and Clinical Practicum 2 (4 credit hours)
   - 6705 Pharmacotherapy and Therapeutics
   - 6706 Nurse Practitioner Roles and Practice Issues
   - Either one of: 6800 Adult Advanced Clinical Decision Making 3 (4 credit hours), *(or the former 6900 Adult Advanced Clinical Decision Making (4 credit hours)), 6802 Family/All Ages Clinical Decision Making 3 (4 credit hours), *(or the former 6802 Family/All Ages Clinical Decision Making (4 credit hours)), or, one of: 6803 to 6809 Nursing Specialty Option Courses (4 credit hours)*
   - 690X Advanced Clinical Practicum 4 (The integrated practice component will normally consist of a minimum of 400 hours of preceptored specialty clinical practice and biweekly seminars) (12 credit hours), *(or the former 690X 2). The integrated practice component will normally consist of a minimum of 400 hours of preceptored specialty clinical practice and biweekly seminars) (12 credit hours)).

2. The program of each candidate shall be approved by the Dean of Graduate Studies on the recommendation of the Dean of the School of Nursing.

3. The maximum time frame from commencement of the first core NP course until program completion shall normally be no longer than 3 years.

4. Students must complete the required clinical hours per course in order to progress in the program and they must complete the required clinical hours for each life stage (for example, children, pregnancy, older adult) by the end of 690X in order to complete the Nurse Practitioner Option.

5. Students must complete the required clinical hours per course in order to progress in the program and they must complete the required clinical hours for each life stage (for example, children, pregnancy, older adult) by the end of 690X in order to complete the Nurse Practitioner Option.

20.4.3 Post Master's Nurse Practitioner Graduate Diploma

1. Candidates with a Master's Degree in Nursing or an equivalent Degree with a nursing focus must complete an approved program of study consisting of a minimum of 18 credit hours in graduate program courses and integrated clinical practice experience, comprising 12 credit hours.

   **Required courses:**
   - 6703 Advanced Health Assessment and Clinical Practicum 1 (4 credit hours)
   - 6704 Applied Pathophysiology and Clinical Practicum 2 (4 credit hours)
   - 6705 Pharmacotherapy and Therapeutics
   - 6706 Nurse Practitioner Roles and Practice Issues
   - Either one of: 6800 Adult Advanced Clinical Decision Making 3 (4 credit hours), *(or the former 6900 Adult Advanced Clinical Decision Making (4 credit hours)), 6802 Family/All Ages Clinical Decision Making 3 (4 credit hours), *(or the former 6802 Family/All Ages Clinical Decision Making (4 credit hours)), or, one of: 6803 to 6809 Nursing Specialty Option Courses (4 credit hours)*
   - 690X Advanced Clinical Practicum 4 (The integrated practice component will normally consist of a minimum of 400 hours of preceptored specialty clinical practice and biweekly seminars).

2. Programs for some candidates may exceed the above minimum requirements.

3. The program for each candidate shall be approved by the Dean of Graduate Studies on the recommendation of the Dean of the School of Nursing.

4. The maximum time frame from commencement of the first core NP course until program completion shall normally be no longer than 3 years.

5. Students must complete the required clinical hours per course in order to progress in the program and they must complete the required clinical hours for each life stage (for example, children, pregnancy, older adult) by the end of 690X in order to complete the Nurse Practitioner Option.

20.5 Evaluation

1. In order to continue in graduate studies and in order to qualify for a Master's Degree, a candidate shall obtain an A or B grade in each program course and in both practicum courses.

2. When the Dean of the School of Nursing has determined on the basis of consultation with the candidate, the Associate Dean, Graduate Programs, and the thesis or practicum Supervisor, that a candidate has fallen below a satisfactory level, the Dean of the School of Nursing may recommend to the Dean of Graduate Studies that the candidate be required to withdraw from the program.

20.6 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates as far as the resources of the School of Nursing will allow.

- 6010 Research in Nursing: Quantitative Methods (3 credit hours)
- 6011 Philosophical and Theoretical Foundations of Nursing
- 6012 Statistics for Advanced Nursing Practice
- 6020 Program Development in Nursing
- 6031 Education in Nursing
- 6100 Research in Nursing: Qualitative Methods *(pre or co-requisite: 6011)*
School of Graduate Studies 2017-2018 667

21 Regulations Governing the Degree of Master of Philosophy

www.mun.ca/hss

Dean of Humanities and Social Sciences
to be determined

Programs leading to the Degree of Master of Philosophy (M.Phil.) are offered at present in German Language and Literature, and in the Humanities. The degree of M.Phil. in the Humanities is administered by the Director of Studies and is in all respects separate from the M.Phil. in German Language and Literature.

21.1 Qualifications for Admission

1. Admission is limited and competitive. To be considered for admission an applicant shall hold a Bachelor's Degree or its equivalent from an institution recognized by the Senate and shall have a knowledge of his or her proposed field of specialization satisfactory to the relevant Department (and to the Director of Studies in the case of the program in Humanities), and to the Dean.

2. Preference will normally be given to applicants who hold an appropriate Honours Degree either from Memorial University of Newfoundland, or from another university whose Honours Degree is of comparable standing. Any other applicant who holds a Bachelor's Degree or its equivalent will be considered for admission provided that:
   a. the applicant's undergraduate record after the first year shows an average of at least grade B in courses in the proposed field of specialization;
   b. the applicant's overall undergraduate record after the first year shows an average of at least grade B in all courses taken; and
   c. the Department (and Director of Studies in the case of the program in Humanities) satisfies the Dean that the applicant's work exhibits evidence of academic excellence.

Only in exceptional circumstances, and only on the recommendation of the relevant Department (and Director of Studies in the case of the program in Humanities) or the Board of Studies, will the Dean consider applicants who do not meet the requirements a. and b. Such applicants, however, must meet the requirement c.

3. An applicant may be required to demonstrate a satisfactory knowledge of the proposed field of study in an examination administered by the relevant Department (and Director of Studies in the case of the program in Humanities).

4. Applicants whose mother tongue is not English are reminded that a high degree of literacy in English is required of students at the University. In most cases instruction is in English, and examinations are to be written in English. (Language departments, however, give instruction in the pertinent language and often require examinations to be written in that language. In addition, other departments may permit and even require examinations to be written in a language other than English).

5. An applicant may be required to pass a qualifying examination.

Note: Some Departments have particular regulations in addition to these, and applicants are advised to turn to the relevant parts of this Calendar and acquaint themselves with both the General Regulations and the regulations of the program in which they are interested.

21.2 Program of Study

1. Every candidate shall read at least 30 credit hours in program courses in one subject or in a combination of closely related subjects as recommended by the relevant Department (and Director of Studies in the case of the program in Humanities), and approved by the Dean.

2. A candidate may be required also to take additional credit hours in program courses, which must be recommended by the relevant Department (and Director of Studies in the case of the program in Humanities), and approved by the Dean.

3. Students registered in the program in Humanities will be required to maintain and submit for evaluation a program Journal (see Program of Study, 3. of the Regulations for the Degree of Master of Philosophy in Humanities).

4. No candidate while classified as a part-time student may take more than 6 credit hours in any one semester.

5. No candidate may take more than 9 credit hours in graduate courses in a single semester, nor any credit hours in undergraduate courses at the same time as 9 credit hours in graduate courses; in no case may graduate and undergraduate credit hours combined exceed 12 in any one semester.

6. The course program will culminate in a general comprehensive examination (see Evaluation - General Comprehensive Examination below).

7. Every candidate shall be assigned to a tutor recommended by the relevant Department (and Director of Studies in the case of the program in Humanities), and approved by the Dean.
8. The Dean may approve an application to transfer from the M.Phil. to the M.A. or M.G.S. only when a new integrated program, acceptable to the Dean, is submitted.

21.3 Period of Study
The period of study for the Master of Philosophy Degree shall not normally exceed three years, during which time the candidate shall spend at least two semesters in full-time attendance as a graduate student at this University.

21.4 Evaluation
See also Evaluation under General Regulations.

1. Students registered in undergraduate courses shall satisfy examination requirements in these courses.

2. The academic requirements for the Degree of Master of Philosophy shall be met when the candidate has successfully completed all course requirements of the program and has passed a general examination which consists of both written and oral parts. The Dean, on the recommendation of the relevant Department (and Director of Studies in the case of the program in Humanities), shall determine the times and places for general examinations; and, on the recommendation of the relevant Department (and Director of Studies in the case of the program in Humanities), shall appoint examiners, one of whom shall be from outside the Department(s) concerned. In the M.Phil. in Humanities, a program Journal is also required.

21.5 Evaluation - General Comprehensive Examination

1. Each candidate must pass a general comprehensive examination.

2. The examination committee shall be appointed by the Dean on the recommendation of the relevant Department (and Director of Studies in the case of the program in Humanities). The committee shall consist of either three or five members, at least one of whom must come from outside the Department(s) concerned. The candidate shall be informed of the names of the committee well before the examination.

3. The candidate and the tutor will normally agree when the candidate may sit the general comprehensive examination. However, the relevant Department (and Director of Studies in the case of the program in Humanities) must accede to the candidate's request to sit a comprehensive examination, except that in no circumstances may a candidate attempt the general comprehensive examination before his or her course program is completed.

4. The schedule for the examination shall be agreed by the candidate, the tutor, and the examining committee, and shall be communicated by the Dean.

5. The examination shall consist of a written part and an oral part. The time between the written and the oral parts shall normally be from one to four weeks.

6. The oral examination shall be from one to three hours in length, and shall be conducted by the examining committee, and shall be open only to the examination committee and to members of the relevant Department (and Director of Studies in the case of the program in Humanities).

7. A candidate must satisfy the examining committee in both parts of the examination to obtain a pass.

8. The successful completion of the comprehensive examination is the final academic requirement for the Master of Philosophy Degree.

21.6 Departmental Regulations
Every candidate in a graduate program shall comply with any additional program requirements and with the General Regulations.

21.7 German

www.mun.ca/languages

Associate Professor and Head of the Department
P. Basabose

21.7.1 Program of Study
The degrees of Master of Arts and Master of Philosophy are offered in German Language and Literature and may be taken by full-time or part-time study. No graduate work is offered in Russian at this time.

1. In addition to the general requirements, candidates will be expected to have acquired a superior knowledge of the spoken and written language and may, depending on their academic background and field of specialization, be asked to take advanced undergraduate courses.

2. All candidates will complete at least 15 credit hours and a thesis for the M.A. and at least 30 credit hours for the M.Phil., and the entire program of study and research will normally be of two-years' duration.

21.7.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

6000 German Civilization I
6001 German Civilization II
6100 History of the German Language I
6101 History of the German Language II
6200 Medieval German Literature I
6201 Medieval German Literature II
6300 German Literature, 1500-1700 I
6301 German Literature, 1500-1700 II
6400 German Literature of the Enlightenment and Storm and Stress I
6401 German Literature of the Enlightenment and Storm and Stress II
6500 German Classicism I
6501 German Classicism II
6600 German Romanticism I

Kurse
Von den hier aufgeführten Kursen für Graduierte wird jeweils eine Auswahl angeboten, die sowohl den Anforderungen des Studierenden wie den Möglichkeiten der Abteilung gerecht wird.

21.8 Humanities
Associate Professor and Director of Studies
J. Dyer

The Master of Philosophy in Humanities has been designed for students from any discipline. It is directed to students who hold an Honours bachelor's Degree or its equivalent. The object of the M.Phil. in Humanities program is to provide students with an opportunity to see the historical and logical context of their own disciplinary points of view. The program is based on the interaction of a group of students of varying backgrounds and interests studying a common core of texts in a shared set of courses.

The program draws scholarly participation from faculty members in a range of academic disciplines within the School of Graduate Studies. The program is administered by a Director of Studies located within the Department of Gender Studies.

Master of Philosophy
In addition to meeting these regulations students musts also meet the General Regulations Governing the Degree of Master of Philosophy.

This program is administered by a Director of Studies on behalf of the Faculty of Humanities and Social Sciences, and will draw scholarly participation chosen from those appropriately qualified faculty members wishing to participate, regardless of Department or Faculty affiliation.

21.8.1 Qualifications for Admission
1. Admission is limited and competitive. The number of students admitted to the program will be strictly limited to ensure small classes and maximum student-faculty contact. To be considered for admission an applicant will normally hold an Honours Bachelor's Degree (or equivalent) from an institution recognized by the Senate, and will have a breadth of knowledge in one or more of the Humanities disciplines satisfactory to the Director of Studies, and to the Dean.

2. Applicants who do not hold an Honours Degree (or equivalent) will be required to complete, prior to admission, a number of undergraduate courses, the nature and number of which will be determined on the basis of the applicants' undergraduate record by the Director of Studies. Candidates will be required to complete such designated pre-admission courses with a minimum overall
21.8.2 Administration
1. The program will be administered by the Director of Studies.
2. There will be a Director of Studies who will make recommendations to the Dean concerning admission, financial support for students, and all other matters pertaining to the program.
3. Responsibility for the allocation of teaching and the support of related research will be managed by agreement between the Deans of the appropriate Faculties, the Heads of Departments of participating faculty members, and the Director of Studies, in consultation with the Dean of Graduate Studies.

21.8.3 Program of Study
1. Every candidate shall normally read 30 credit hours in the 10 regulation courses listed below.
2. With permission of the Director of Studies, a candidate may elect to substitute up to two of these courses with courses from other graduate programs in this University. Attendance in other programs requires the permission of the departments involved. (See also School of Graduate Studies General Regulation Program Requirements, Transfer of Course Credits which allows for further transfer of credits already taken but not yet applied to a graduate degree.)
3. Every candidate shall be required to maintain and submit a program Journal which will be monitored and evaluated by the Director of Studies. The Journal will comprise the candidate's critical reflections arising out of analyses of designated key themes common to the several disciplines which constitute the program.

21.8.4 Comprehensive Examination
1. Each candidate must pass a general comprehensive examination.
2. The Examination Committee shall be appointed by the Dean of Graduate Studies on the recommendation of the Director of Studies. The Committee shall normally consist of three members. One member of the Committee is normally the tutor. The candidate shall be informed of the names of the committee well before the examination.
3. The candidate and the tutor will normally agree when the candidate may sit the general comprehensive examination. However, the Director of Studies must accede to the candidate's request to sit a comprehensive examination, except that in no circumstances may a candidate attempt the general comprehensive examination before his or her course program is completed.
4. The schedule for the examination shall be agreed by the candidate, the tutor, and the Examining Committee, and shall be communicated by the Dean.
5. The examination shall consist of a written part and an oral part. The time between the written and the oral parts shall normally be from one to four weeks.
6. The program journal is an extended paper or series of linked papers which analyses and reflects critically on issues encountered by the candidate during the course of the program. Papers and/or projects completed during courses may be incorporated into the program journal, but shall not, of themselves, constitute the entire journal.
7. The oral examination shall be from one to three hours in length, shall be conducted by the Examining Committee, and shall be open only to the Examination Committee, and members of the Departments concerned. The oral examination shall be chaired by the Director of Studies.
8. A candidate must satisfy the Examining Committee in both parts of the examination to obtain a pass.
9. The successful completion of the comprehensive examination is the final academic requirement for the Master of Philosophy Degree.

21.8.5 Courses
6000 Speaking and Writing I
6001 Speaking and Writing II
6010 Readings in History I
6011 Readings in History II
6015 Historical Contexts and Modern Users/Viewers (Harlow, England)
6020 Readings in Western Literature I
6021 Readings in Western Literature II
6030 Readings in Philosophy I
6031 Readings in Philosophy II
6040 Readings in Science and Technology
6041 Seminar in Humanities

22 Regulations Governing the Degree of Master of Physical Education
www.mun.ca/hkr
Professor and Dean
H. Carnahan
The Degree of Master of Physical Education (M.P.E.) is offered by full-time and part-time study. Part-time study is available through Internet-based distance education technology.

22.1 Qualifications for Admission
1. Admission is limited and competitive. The deadline for receipt of applications is March 1 for admission into the subsequent Fall semester. To be considered for admission an applicant shall normally hold a Bachelor's Degree in Physical Education, Recreation and Leisure Studies, or a related discipline, with at least second class standing, from an institution recognized by Senate. In addition to the above, preference will be given to applicants with work experience, obtained either through Cooperative Education programs or through employment deemed appropriate.
2. Any other applicant who holds a Bachelor of Physical Education or Recreation and Leisure Studies Degree or its equivalent may be considered for admission provided that:
   a. the applicant's undergraduate record after the first year shows an average of at least grade B in physical education and/or
recreation and leisure studies courses, OR
b. the applicant has raised his/her overall academic standing to second class following the completion of the undergraduate degree, through the successful completion of an approved pattern of undergraduate courses.

3. Only in exceptional circumstances and only on the recommendation of the School of Human Kinetics and Recreation shall the Dean of Graduate Studies consider applicants who do not meet these admission requirements.

22.2 Program of Study and Research

1. The Degree of Master of Physical Education is offered under three options:
   - Option 1. The program shall consist of a minimum of 12 credit hours in graduate courses plus a thesis. The thesis shall be on an approved subject in which systematic research has been conducted by the candidate under the direction of the Supervisor.
   - Option 2. The program shall consist of a minimum of 12 credit hours in graduate courses plus a project report. The project shall be on an approved subject in which action-research has been conducted by the candidate under the direction of the Supervisor.
   - Option 3. The program shall consist of a minimum of 24 credit hours in graduate courses plus a comprehensive examination in the candidate's major area of study.

2. The candidate's major area of study shall be Administration, Curriculum, and Supervision in Physical Education.
   In conjunction and collaboration with other Faculties and Schools of Memorial University of Newfoundland, students may pursue their special interests through an interdisciplinary course of study. The student's interests may be accommodated through individual reading and research in these special areas.

3. The required courses for the degree shall normally include:
   - Option 1: HKR 6500, one of 6000 or 6001, 6120, plus one of 6003, 6111, 6121, 6122, 6123, 6124, 6125, 6610-6615 (plus thesis)
   - Option 2: HKR 6500, one of 6000 or 6001, 6120, plus one of 6003, 6111, 6121, 6122, 6123, 6124, 6125, 6610-6615 (plus project)
   - Option 3: HKR 6500, one of 6000 or 6001, 6120, plus 5 of 6003, 6111, 6121, 6122, 6123, 6124, 6125, 6610-6615 (plus comprehensive examination)
   Equivalent courses may be substituted from other Faculties or Schools subject to the approval of the School of Human Kinetics and Recreation Graduate Studies Committee. In addition, all on-campus candidates shall be required to complete four semester-length seminars represented by successful completion of HKR 6314 (a non-credit, repeatable course) in each of four semesters during their tenure in the program. Off-campus or part-time candidates who cannot attend the on-campus seminar series can substitute 24 hours of participation (over their two-year tenure) and present once at national, provincial or regional conferences, workshops, professional development seminars, or equivalent activities.

22.3 Evaluation

1. Candidates must obtain an A or B grade in each program course. In accordance with General Regulation Evaluation, Evaluation of Graduate Students only one course may be repeated.

2. When the Dean has determined, on the basis of consultation with the candidate and the instructors, that a candidate's work has fallen below a satisfactory level, he or she may recommend to the Dean of Graduate Studies that the candidate be required to withdraw from the program.

22.4 Thesis and Project Report

1. A student completing a Master of Physical Education thesis option will be required to present a thesis proposal for his or her proposed thesis normally by the end of the third semester. The thesis proposal shall normally consist of a full written proposal (including literature review) submitted to the Supervisory Committee, a summary to be distributed to graduate students and faculty one week prior to the presentation, and a formal presentation normally at the seminar series. The candidate may be questioned on his/her proposal by the Supervisory Committee and seminar audience. Any deficiencies noted during the presentation should be carefully considered by the student and the Supervisory Committee prior to proceeding with the thesis.

2. Evaluation of the thesis or project report shall be governed by School of Graduate Studies General Regulations, Theses and Reports. The thesis or project report shall normally be evaluated by two examiners approved by the Dean.

3. When the thesis or project report has been completed to the satisfaction of the Dean, the Dean shall recommend that the candidate be awarded the degree.

22.5 Comprehensive Examinations

1. Candidates electing to qualify for the Degree under Option 3 must write a comprehensive examination. The comprehensive examination shall examine the candidate's ability to integrate and apply material from all course work completed during study for the Degree. The candidate may be required to appear for an oral examination.

2. The comprehensive examination shall normally be constructed and evaluated by an examining committee of three examiners, at least two of whom shall be faculty members of the School of Human Kinetics and Recreation appointed by the Dean on the recommendation of the Dean of the School.

3. A candidate may not write the examination before completing the course work for the Degree.

Note: Every candidate in graduate studies shall comply with the General Regulations, the Degree Regulations and any additional requirements of the Department.

22.6 Courses

- 6000 Quantitative Methods in Physical Education
- 6001 Qualitative Research Methods in Physical Education
- 6002 Scientific and Cultural Foundations of Physical Education
- 6003 Physical Education, Culture and Society
- 6110 Physical Education, Recreation and Sport Management
- 6111 Canadian Delivery Systems in Physical Education, Recreation and Sport
- 6120 Curriculum Development in Physical Education
- 6121 Physical Education Leadership
- 6122 Comprehensive School Health
- 6123 Coaching and Long-term Athlete Development in the Education System
23 Regulations Governing the Degree of Master of Public Health

Regulations Governing the Degree of Master of Public Health

www.med.mun.ca
Professor and Dean
M. Steele

The degree of Master of Public Health (M.P.H.) is offered by the Faculty of Medicine, with specializations in Population and Public Health and Nutrition and Dietetics.

The Population and Public Health specialization delivers an advanced program of study for students from various academic fields who are interested in a professional degree that will prepare them for practical work in a variety of public health practice settings. The program is available for full-time and part-time study noting that full-time attendance is required during the Public Health Practicum (or Public Health Capstone Research Project) portion of the program. It is anticipated that full-time students will complete the program in 12 months in accordance with Table 1 Master of Public Health Recommended Course Sequence for Full-Time Students in the Population and Public Health Specialization.

The Nutrition and Dietetics specialization provides a research enriched program of study for full-time students who wish to pursue a career in dietetics or community nutrition. This specialization offers an opportunity for advanced academic study in the field of public health. Upon completion of the program, which includes a dietetics internship, students will be eligible to write the qualifying exam of Dietitians of Canada. It is anticipated that full-time students will complete the program in 24 months in accordance with Table 2 Master of Public Health Recommended Course Sequence for Full-Time Students in the Nutrition and Dietetics Specialization.

Graduate students of the Division of Community Health and Humanities may be required to participate in education experiences which occur outside of the St. John’s metropolitan area. Students may be responsible for their own associated transportation and accommodation.

The General Regulations of the School of Graduate Studies and the Degree Regulations outlined below will apply.

23.1 Qualifications for Admission

Admission to the Master of Public Health is limited and competitive. The regulations and procedures for admission are as given under the General Regulations of the School of Graduate Studies governing Master’s degrees. In addition, to be considered for admission to the Nutrition and Dietetics specialization applicants must have successfully completed an undergraduate dietetics program accredited by Dietitians of Canada as indicated at www.dietitians.ca.

23.2 Program of Study

23.2.1 Population and Public Health

1. Minimum requirements for the M.P.H. degree in Population and Public Health will include the successful completion of 42 credit hours as follows:
   a. Eight core courses: Biostatistics I (MED 6200), Epidemiology I (MED 6270), Policy and Decision Making (MED 6288), Disease and Injury Prevention (MED 6721), Environmental Health (MED 6722), Health Promotion (MED 6723), Public Health Leadership and Management (MED 6725), and MED 6726 Program Development In Public Health.
   b. Six additional credit hours in elective courses chosen from the Courses listing below, or other courses as approved by the M.P.H. program coordinator.
   c. The Public Health Seminar Series courses (MED 6700 - 6701).
   d. Either, the Public Health Practicum (MED 6710) or the Public Health Capstone Research Project (MED 6711) as determined by the Graduate Program Committee depending on the professional background and experience of the candidate.

The Public Health Practicum is a full-time practice experience conducted in a work setting and following the guidelines set forth by the Public Health Agency of Canada (PHAC) at www.phac-aspc.gc.ca/index-eng.php.

All course work must be completed prior to the initiation of either the Public Health Practicum or the Public Health Capstone Research Project.

23.2.2 Nutrition and Dietetics

1. Minimum requirements for the M.P.H. degree in Nutrition and Dietetics will include the successful completion of the following:
   a. Six core courses: Policy and Decision Making (MED 6288), Epidemiology I (MED 6270), Community Health Research Methods (MED 6280), Biostatistics I (MED 6200), Community Nutrition (MED 6731), Professional Practice (MED 6730)
   b. The Public Health Seminar Series courses (MED 6700, 6701)
   c. The Dietetics Research Project (MED 671A/B)
   d. The Dietetics Internship (MED 6733 - 6736). The Dietetics Internship is a practice experience conducted in a work setting and following the guidelines set forth by the Dietitians of Canada.

   Dietetics Internship I & II (MED 6733 and 6734) are non-credit, mandatory, part-time internship components completed during the first and second academic semesters of the program in accordance with Table 2 Master of Public Health Recommended Course Sequence for Full-Time Students in the Nutrition and Dietetics Specialization. A grade of NC (No credit) will be awarded for these two internship components.

   Building on the components of Dietetics Internship I & II, Dietetics Internship III & IV (MED 6735 & 6736) are full-time internship blocks each of which will normally extend beyond the regular semester timeframe. Evaluation of the internship blocks will be on a PASS/FAIL basis.

   All core courses and seminars must be completed prior to the initiation of the Dietetics Internship III (MED 6735) and/or the Dietetics Research Project (MED 671A/B).

6290 Determinants of Health: Healthy Public Policy
24 Regulations Governing the Degree of Master of Science

www.mun.ca/science

Professor and Dean
M. Abrahams

The degree of Master of Science (M.Sc.) is offered at present in Aquaculture, Biochemistry, Biology, Chemistry, Cognitive and Behavioural Ecology, Computer Science, Earth Sciences (Geology), Earth Sciences (Geophysics), Environmental Science, Experimental Psychology, Food Science, Geography, Marine Biology, Mathematics, Physical Oceanography, Physics, Scientific Computing, Scientific Computing (Co-operative), and Statistics. Interdisciplinary studies are encouraged; applicants should consult the academic unit concerned.

24.1 Qualifications for Admission

1. Admission is limited and competitive. To be considered for admission an applicant will normally hold at least a high second class Honours Degree, or an M.D. Degree, or the equivalent of either, both in achievement and depth of study, from an institution recognized by the Senate, and shall have knowledge of the proposed field of specialization satisfactory to the Dean.

2. Any other applicant may be considered for admission provided that:
   a. the applicant's undergraduate record after the first year shows an average of at least Grade B in courses in the proposed field of specialization.
   b. the applicant's overall undergraduate record after the first year shows an average of at least Grade B in all courses taken.

In addition, an applicant may be required to demonstrate a satisfactory knowledge of the proposed field of study in an examination administered by the academic unit concerned.

3. Only in exceptional circumstances, and only on the recommendation of the academic unit concerned, will the Dean consider applicants who do not meet these requirements of Clause 2.

4. Applicants who do not possess the prerequisite academic qualifications should consult the appropriate academic unit about a program of further undergraduate courses. Such a program will be intended to raise their qualifications to a level considered academically equivalent to Honours. Such courses may not be used to fulfill the regulation course requirements of the M.Sc. Degree.

5. A high degree of literacy in English is required of all graduate students in the University.

Note: Some Departments have specific regulations in addition to those outlined above, and prospective applicants are advised to turn to the relevant part of this Calendar and acquaint themselves with the regulations of the Department or appropriate academic unit in which they are interested.

24.2 Program of Study and Research

1. The program of study for the Master of Science Degree shall consist of the successful completion of a program of courses and, in accordance with the specific program regulations, either of a thesis embodying original research or of a project and report.

2. Every candidate shall read at least 6 credit hours in graduate program courses in one subject or in closely related subjects, and such other courses as may be required in an individual program. Undergraduate courses may, if necessary, be included as additional courses.

3. Where Departmental regulations require more than the minimum number of credit hours, the Dean, on the recommendation of the appropriate academic unit, may waive in part the credit hour requirements for a Master's Degree, provided that no student may take less than the 6 required credit hours in graduate program courses.

4. Students may, with the approval of the Dean, augment their studies with 6 credit hours in other courses as may be required in an individual program. Undergraduate courses may, if necessary, be included as additional courses.

5. Every candidate shall submit a thesis or report on an approved subject in which systematic research has been conducted under the direction of a Supervisor recommended by the academic unit concerned and approved by the Dean. The candidate may be required to take an oral examination.

6. The program of courses, the thesis or report topic and the Supervisor, and all changes in these, must be approved by the Dean.

24.3 Evaluation

1. In order to continue in the School of Graduate Studies and in order to qualify for a Master's Degree, a candidate shall obtain an A or B grade in each program course. (See General Regulation Evaluation, Evaluation of Graduate Students).
2. When it has been determined, on the basis of consultation with the candidate, the instructors in graduate courses, and the thesis or report Supervisor, that a candidate’s work has fallen below a satisfactory level, the Supervisor or the Head of the appropriate academic unit may recommend to the Dean that such a candidate be required to withdraw from the program.

24.4 Thesis

See General Regulation Theses and Reports.

Note: Every candidate in graduate studies shall comply with the General Regulations, the Degree Regulations, and any additional requirements of the appropriate academic unit.

24.5 Aquaculture

www.mun.ca/science

Chair

C. Couturier, Fisheries and Marine Institute

The program of study leading to the Master of Science in Aquaculture is designed to instruct students in research using scientific principles derived from a wide range of disciplines including Behaviour, Biochemistry, Biology, Ecology, Food Science, Genomics, Nutrition, and Physiology. It is an interdisciplinary program and often involves several fields of study. Research problems may include field and/or laboratory studies of one or more species of marine or freshwater flora and/or fauna. The Aquaculture group consists of faculty members from the Fisheries and Marine Institute of Memorial University of Newfoundland and the Departments of Biology, Biochemistry, and Ocean Sciences of Memorial University of Newfoundland. Research scientists at other institutions, e.g., Fisheries and Oceans Canada, complement the group in offering advice, facilities, and expertise to students in the program.

The Aquaculture Administrative Committee is responsible for the program. This Committee is composed of seven members appointed by the Dean of Science including two to three members from the Department of Ocean Sciences, two to three members from the Fisheries and Marine Institute of Memorial University of Newfoundland, and two members from appropriate academic units at Memorial University of Newfoundland. In addition, the Heads of the Departments of Biochemistry, Biology, and Ocean Sciences, and the Head of the School of Fisheries of the Fisheries and Marine Institute of Memorial University of Newfoundland are ex-officio members. The Committee makes recommendations to the Dean of the School of Graduate Studies concerning the academic requirements of the program: admission, course programs of individual students, financial support, composition of supervisory committees, and theses examiners. The Chair of the Committee will also ensure that a supervisory report form for each student in the program is submitted annually to the Dean.

24.5.1 Qualifications for Admission

To be considered for admission to the Master of Science in Aquaculture, an applicant shall normally hold one of the following: at least a second class Honours degree, or an equivalent both in achievement and depth of study, from an institution recognized by the Senate, or successful completion of the Advanced Diploma in Sustainable Aquaculture offered by the Fisheries and Marine Institute of Memorial University of Newfoundland, with academic standing deemed appropriate by the Committee.

24.5.2 Program of Study

1. The Master of Science Degree requires the successful completion of a program of courses and of a thesis embodying original research.

2. All candidates will be required to take 6 credit hours in graduate courses which will normally include at least one of the following:
   - AQUA 6000 - Shellfish Culture and Enhancement
   - AQUA 6100 - Finfish Aquaculture
   - AQUA 6200 - Aquaculture and the Environment

3. Candidates who do not hold the Advanced Diploma in Sustainable Aquaculture may be required to successfully complete a selection of its component courses.

4. Further courses may be required depending on the background of the individual student.

5. Before the thesis is submitted, the student shall present an open seminar on the topic of investigation to the appropriate academic units, as recommended by the Administrative Committee. Any serious deficiencies in the thesis noticed at this stage should be carefully considered, in consultation with the Supervisor, for rectification.

6. The student will be required to comply with all other regulations governing the graduate Degree of Master of Science.

24.5.3 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates as far as the resources of the Department will allow.

**Aquaculture**

6000 - Shellfish Culture and Enhancement
6100 - Finfish Aquaculture
6200 - Aquaculture and the Environment
6201-6209 - Special Topics in Aquaculture (prerequisite: Permission of Chair of Program)

**Biochemistry**

BIOC 6670 - Biological Waste Treatment

**Biology**

6000 - Research Topics in Microbiology
6710 - Marine Benthic Biology
7101 - Topics in Marine Biology
7220 - Quantitative Methods in Biology
7933 - Advanced Topics in Marine Invertebrates
7938 - Genomics
7531 - Biological Oceanography
7555 - Research Methods in Marine Science
7550 - Fishery Biology
7551 - Fisheries Resource Management
7560 - Physiology of Marine Invertebrates
7561 - Physiology of Marine Vertebrates
24.6 Biochemistry

www.mun.ca/science
www.mun.ca/biochem

Professor and Head of the Department
M.D. Berry

24.6.1 Program of Study

The Degree of Master of Science is offered in Biochemistry or Food Science to full-time and part-time students. The admission requirements for the graduate programs in Biochemistry and Food Science are as given under Regulations Governing Master of Science Degrees. All students must enrol in Biochemistry 6999 (Seminars in Biochemistry and Food Science). Depending on the background and/or area of specialization, a candidate's program may include additional courses taken for credit in Biochemistry, Food Science, or related subjects.

The program of a candidate for the M.Sc. Degree shall be the responsibility of the supervisory committee, composed of the Supervisor and at least two other faculty members recommended with the concurrence of the Supervisor by the Head of the Department or delegate.

It is the responsibility of the student to arrange regular meetings with his or her supervisory committee. A semi-annual report, prepared by the Supervisor and signed by all members of the supervisory committee, is required to be given to the Head of the Department or delegate.

24.6.2 Courses

A series of advanced courses in the areas outlined below will be offered. Normally only one course will be offered per semester.

6000 Advanced Topics in Lipid and Lipoprotein Metabolism
6001-6009 Special Topics in Biochemistry
6010-6019 Special Topics in Nutrition and Metabolism
6020-6029 Special Topics in Food Science
6400 Control of Intermediary Metabolism
6460 Structural Biochemistry
6520 Nutritional Biochemistry
6530 Food Biochemistry
6590 Cellular, Molecular and Developmental Biology (credit restricted with Biology 6590 and Medicine 6590)
6630 Marine Biochemistry
6680 Processing and Quality of Foods
6999 Seminars in Biochemistry and Food Science
24.7 Biology

www.mun.ca/science
www.mun.ca/biology

Associate Professor and Head of the Department
P. Marino

The Degree of Master of Science is offered in Biology to full-time and part-time students. Students interested in animal behaviour should also consult the section in the Calendar describing the Master of Science in Cognitive and Behavioural Ecology program. In addition, a Master of Science Degree is offered in Aquaculture and in Marine Biology. See appropriate sections of this Calendar.

24.7.1 Program of Study

1. The program of a candidate shall be the responsibility of a Supervisory Committee composed of the Supervisor and at least two other appropriate members recommended to the Dean by the Head (or delegate) of the Department with the concurrence of the Supervisor.

2. The Supervisory Committee shall interview the student normally within a month of first registration, to discuss the student's program and to explore any areas of weakness in the candidate's biological knowledge, especially where these relate to the intended areas of research.

3. A student will be required to take a minimum of 6 credit hours and Biology 7000 (Graduate Core Seminar).

4. It is the function of a Supervisory Committee to have regular meetings, at least annually, with its graduate student. A meeting report, signed by all members of the Supervisory Committee and student, must be given to the Department. A copy will be sent to the graduate student and to the Dean of Graduate Studies.

5. The candidate will present a tentative outline of the proposed research to the Supervisory Committee, with a copy to the Department by the end of the second semester, and preferably prior to commencement of the research.

6. The student will present a research seminar to the Department, normally by the end of the second semester following admission, to describe the research topic being investigated and the methodologies to be employed. This seminar provides an opportunity for the student to receive constructive input from the broad biological community.

7. The candidate must present a thesis seminar of 30-40 minutes duration to the Department prior to submission of the thesis to the School of Graduate Studies. The candidate will be questioned by a panel approved by the Departmental Graduate Studies Committee, in consultation with the student's Supervisory Committee. All others in attendance will be invited to question the candidate before adjournment. Deficiencies noted at this stage should be carefully considered by the student and the Supervisory Committee prior to submission of the thesis for final examination.

Under exceptional circumstances, this requirement may be waived by the Head of the Department (or delegate).

8. Each Master's candidate shall spend at least one semester in residence as a full-time student within the Department during the program. It is recommended that this semester be at the beginning of the program.

Under exceptional circumstances, this requirement may be waived by the Head of the Department (or delegate).

9. If candidates, in the opinion of the Supervisor, Committee and Department, are not making satisfactory progress, they will be required to withdraw from the program.

10. Theses shall conform to Theses and Reports of the General Regulations of the School of Graduate Studies and to the regulations in the Departmental Guidelines.

24.7.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

24.8 Chemistry

www.mun.ca/science  
www.mun.ca/chem

Professor and Head of the Department
T. Fridgen

24.8.1 Program of Study

1. The Degree of Master of Science in Chemistry is offered as full-time or part-time study.
   a. Preference for admission will be given to students with a B.Sc. (Honours) Degree in Chemistry from a recognized university.
   b. Students holding a B.Sc. Degree in Chemistry from a university of recognized standing with a minimum overall average of 65% and minimum average of 65% in all Chemistry courses taken after the first year will be considered for admission to the Chemistry M.Sc. program. Students not admissible under 1.a. may, on the advice of the Supervisory Committee, be required to pass qualifying exams and/or supplementary undergraduate courses with a minimum B grade.
   c. Students with a first class B.Sc. in an area other than Chemistry will also be considered for admission. Students not acceptable under 1.a. or 1.b. who have a strong background in an appropriate area of specialization may, on the advice of the Supervisory Committee, be required to pass qualifying exams and/or supplementary undergraduate courses with a minimum B grade.
   d. Upon recommendation of their supervisor, candidates will write American Chemical Society (ACS) placement test(s) in the first two weeks of their initial semester of registration in order to determine an appropriate course program.

2. Candidates will be assigned a Supervisory Committee consisting of the Supervisor and at least two other appropriate faculty members appointed by the Dean on the recommendation of the Chemistry Deputy Head (Graduate Studies).

3. The program of a candidate must be arranged by the Supervisor before the second semester of registration in consultation with the Supervisory Committee and the student. It is the responsibility of the Supervisory Committee to meet at least annually with the student, to provide guidance at all stages of the candidate's program, and, in consultation with the student, to prepare written annual progress reports for submission to the Dean of Graduate Studies.

4. Candidates are normally required to successfully complete Chemistry 6001 (Master's Seminar) and a minimum of 6 credit hours of graduate Chemistry courses with a minimum B grade. Additional program courses may be assigned by the Supervisory Committee.

5. Candidates are required to attend Departmental seminars.

6. Candidates must submit a thesis deemed acceptable to two examiners as described under Regulations Governing Master of Science Degrees. An oral defence is not required.

24.8.2 Courses

6001 Master's Seminar
6004 Project Seminar
6110 Analytical Chemistry II
6150 Advanced Spectroscopic Techniques
6151 Analytical Separations and Organic Mass Spectrometry
6152 Electroanalytical Techniques
6153 Techniques in Sampling, Trace Analysis and Chemometrics
6154 Business Management and Good Laboratory Practice
6155 Computers in Instrumental Analysis and Basic Electronics (same as Med 6070)
6156 Analytical Method Development and Sampling
6160 Laboratory Projects in Sampling, Electroanalysis and Trace Analysis
6161 Laboratory Projects in Analytical Separations and Spectroscopic Techniques
6190-9 Selected Topics in Analytical Chemistry
6201 Bioinorganic Chemistry
6202 Main Group Chemistry
6204 Mechanisms in Catalysis
6205 Photochemistry of Transition Metal Complexes
6206 Green Chemistry
6210 Organo-metallic Chemistry
6230-9 Selected Topics in Inorganic Chemistry
6300 Quantum Chemistry I
6301 Quantum Chemistry II
6302 Molecular Spectroscopy
6304 Computational Chemistry I
6310 Electronic Structure Theory
6323 Chemical Thermodynamics I
6324 Chemical Thermodynamics II
6340 Biophysical Chemistry
6350 Electrochemical Kinetics
6360 Solid State Chemistry
6370 Nanoscale Phenomena
6380 Adsorption on Surfaces
6381 Surface and Interface Science
6382-9 Selected Topics in Physical Chemistry
6390-8 Selected Topics in Physical Chemistry
6399 Chemical Kinetics and Dynamics
6401 Organic Spectroscopic Analysis I
6402 Organic Spectroscopic Analysis II
6421 Natural Products Chemistry
6460 Organic Synthesis
6470 Physical Organic Chemistry
6490-9 Selected Topics in Organic Chemistry
6590-9 Selected Topics in Theoretical and Computational Chemistry
6600 Applications of Inorganic and Organometallic Chemistry to Toxicology
24.9 Cognitive and Behavioural Ecology

Co-Chairs
I. Fleming, Department of Ocean Sciences
C. Walsh, Department of Psychology

24.9.1 General Information

1. The Cognitive and Behavioural Ecology Program is interdisciplinary and designed to train students in research that integrates cognitive and behavioural studies at the ecological level. Molecular, developmental, and evolutionary aspects of cognition and behaviour are also studied. Supervisors include faculty from the Departments of Biology, Ocean Sciences, Psychology, the Faculty of Medicine and the Environmental Science Program at Grenfell Campus, as well as adjunct faculty from the Canadian Wildlife Service, Department of Fisheries and Oceans, the Newfoundland and Labrador Forestry and Wildlife Divisions and Parks Canada. The Departments of Biology and Psychology jointly offer the Master of Science and the Doctor of Philosophy degrees in Cognitive and Behavioural Ecology.

2. The Administrative Committee is responsible for the Program. Committee members are appointed by the Dean of Science, on the recommendation of the Chair of the Committee and the Heads of Biology and Psychology. The Committee Chair is elected by the committee members and appointed by the Dean of Science. The Committee makes recommendations to the Dean of Graduate Studies concerning admissions and academic requirements. In consultation with supervisors, recommendations are made concerning course programs, financial support, thesis committees, comprehensive and thesis topics, examiners and students' annual progress. Upon program completion, the Committee certifies that all requirements for the appropriate degree have been met. The Department of the Supervisor ensures that adequate facilities are provided for each candidate. Students in the Cognitive and Behavioural Ecology Program are considered for teaching assistantships in the Psychology or Biology Departments.

24.9.2 Program of Study

1. Students normally take three courses (9 credit hours) in the first year. Students will be required to take Behavioural Ecology and Sociobiology (CABE 6351), Field and Lab Methods in Animal Behaviour and Behavioural Ecology (CABE 7000) and one elective, normally Quantitative Methods in Biology (BIOL 7220) or Advanced Statistics in Psychology (6000), in consultation with the Supervisor.

2. Upon completion but before submission of the thesis, the student is required to give a formal thesis presentation.

3. The student will be required to comply with all other regulations governing the graduate Degree of Master of Science.

24.10 Computer Science

www.mun.ca/science
www.mun.ca/computerscience

Professor and Head of the Department
M. Gong

The degrees of Master of Science and Doctor of Philosophy are offered in Computer Science.

24.10.1 Admission Requirements

Admission into a Master's program in Computer Science is restricted to candidates holding at least a Bachelor degree (major in Computer Science or Computer Engineering) with a minimum average of 75% overall. When circumstances warrant, this requirement may be waived on the recommendation of the Head of the Department. Applicants should also refer to the Qualifications for Admission given under the Regulations Governing the Degree of Master of Science within the School of Graduate Studies section of the current Calendar. International applicants are strongly encouraged to submit results of the (general) Graduate Record Examination (GRE) test.

24.10.2 Programs

24.10.2.1 Option 1 - Thesis Route

1. Candidates are required to complete a minimum of 15 credit hours in graduate program courses, 9 of which must be in Computer Science (excluding COMP 601W and COMP 6999).
School of Graduate Studies 2017-2018

2. Full-time students are expected to complete their course work within their first year of studies. Part-time students are expected to complete their course work by the end of the seventh semester in their program.

3. Candidates must participate in the Research Forum at least once during their program. The Student Research Forum is organized by the Department of Computer Science and takes place in the Winter term of each academic year.

4. Each candidate is required to submit an acceptable thesis. The thesis project may involve a theoretical investigation and/or the development of an original, practical system. Each candidate is required to present a tentative outline of his/her proposed research to the Supervisor, with a copy to the Department Committee on Graduate Studies, by the end of his/her third semester in the program (sixth semester for part-time students). A fifteen minute oral presentation of the proposal is to be scheduled and given within four weeks of the submission date.

5. Prior to submission of a thesis, normally in the last semester of the program, candidates are required to present a seminar on the thesis topic, methods employed, and research results.

24.10.2.2 Option 2 - Course/Project Route with Work Term

1. Candidates are required to complete a minimum of 24 credit hours in graduate program courses, of which at least 18 credit hours must be in Computer Science.

2. Within this credit requirement, a student must take the following courses:
   COMP 6999 (Master’s Project)
   One course in Software Engineering (COMP 6905)
   One course in Algorithms (COMP 6901 or COMP 6902)

3. Additionally students are required to complete one co-operative education work term (COMP 601W). The work term is a full-time, paid work experience with one employer and either a four or eight months in duration. The work term should start in the third semester of the program. The work term can be deferred to the fourth semester, but normally only in the event of an unsuccessful job search for the third semester.

4. The dates for starting and finishing each work term are shown in the University Diary.

5. Students must successfully complete at least 12 credit hours (four courses) prior to beginning their work term. Students must have at least one required course remaining after their work term.

6. Students will conduct job searches with an Academic Staff Member in Co-operative Education in cooperation with the Department of Computer Science. It is the student’s responsibility to seek and obtain a work term placement and to communicate with all parties both within the University and beyond in a professional manner. Work term placements cannot be guaranteed by the Department of Computer Science or an Academic Staff Member in Co-operative Education, although every effort will be made to assist students in their job search. Work term placements obtained outside the job competition must be confirmed by letter from the employer and approved by the Head of Computer Science and by an Academic Staff Member in Co-operative Education on or before the first day of the work term. Work term placements may be outside Newfoundland and Labrador.

7. Each work term placement will be supervised by the candidate’s program Supervisor, the on-site Supervisor assigned by the employer and the Academic Staff Member in Co-operative Education. The overall evaluation of the work term is the responsibility of the program Supervisor, on-site Supervisor and the Academic Staff Member in Co-operative Education. The work term shall consist of two components:
   a. On-the-job Student Performance as evaluated by the on-site Supervisor and the Academic Staff Member in Co-operative Education, in consultation with the program Supervisor.
   b. A Work Report graded by the program Supervisor in consultation with the on-site Supervisor.

8. Evaluation of the work term will result in the assignment of one of the following final grades:
   a. Pass with Distinction: indicates outstanding performance in both the work report and work performance.
   b. Pass: Indicates that PERFORMANCE MEETS EXPECTATIONS in both the work report and work performance.
   c. Fail: Indicates FAILING PERFORMANCE in the work report and/or the work performance. If a failing grade is assigned, the student’s Masters program will be terminated.

9. Prior to graduation and after successfully completing COMP 6999 (Master’s Project), candidates are required to present a seminar on their projects.

24.10.3 Other Regulations

1. Students from either Option 1 - Thesis Route or Option 2 - Course/Project Route with Work Term may request to transfer between both options once during their studies, after at least two semesters in the program.

2. All candidates are expected to take an active part in seminars and other aspects of the academic life of the Department of Computer Science.

3. Full-time students are expected to complete all program requirements in two years. Part-time students are expected to complete all program requirements in four years.

24.10.4 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow. Normally, students will be expected to complete their course work during the fall and winter semesters. Courses might not be offered in the spring semester.

601W Work Term
6758-6769 Special Topics in Computer Applications
6770-6790 Special Topics in Computer Science
690A/B Research Methods in Computer Science
6901 Applied Algorithms (credit may be obtained for only one of 6901 and 6783)
6902 Computational Complexity (credit may be obtained for only one of 6902 and 6743)
6903 Concurrent Computing
6904 Advanced Computer Architecture (credit may be obtained for only one of 6904 and 6722)
6905 Software Engineering (credit may only be obtained for one of 6905 or 6713)
6906 Numerical Methods (credit may only be obtained for one of 6906 or 6731)
6907 Data Mining Techniques and Methodologies (credit may be obtained for only one of 6907 and 6762)
6908 Database Technology and Applications (credit may be obtained for only one of 6908 and 6751)
6909 Fundamentals of Computer Graphics (credit may be obtained for only one of 6909 or 6752)
24.11 Earth Sciences

www.mun.ca/science
www.mun.ca/earthsciences

Professor and Head of the Department
J. Hanchar

The degrees of Master of Science and Doctor of Philosophy are offered in Earth Sciences (Geology) and Earth Sciences (Geophysics) by full-time and part-time study.

24.11.1 Program of Study

1. Admission into a Master's Degree program in Earth Sciences (Geology) and Earth Sciences (Geophysics) is restricted to candidates holding at least a B.Sc. Degree with second class Honours. When circumstances warrant, this requirement may be waived by the School of Graduate Studies on the recommendation of the Head of the Department.

2. Each candidate will be assigned a multi-member supervisory committee. This committee shall consist of the Supervisor and at least one other member. Within two weeks of the first registration in the M.Sc. Degree program, a candidate will meet with his/her supervisory committee. Within six months, the student and the supervisory committee will agree on a written thesis proposal outlining the objectives, methods, timetable and funding for the project, and provide the proposal (signed by the student and supervisory committee) to the Head for inclusion in the student's file.

3. A candidate for the M.Sc. Degree must complete a minimum of 6 credit hours in program courses. The courses must be selected from the overview and general courses below or with the approval of the supervisory committee and Head of the Department, other graduate level courses including those offered by other departments. Depending on background and/or area of specialization, a candidate also may be required to complete additional courses in earth sciences or related subjects.

4. All course requirements should be completed within one year from the date of first registration in the M.Sc. Degree program.

5. A candidate is required to give an oral presentation to the Department on the results of his/her research. This presentation must be given during the second year of the program.

6. The M.Sc. Degree program will conclude with a thesis examination as prescribed in the Regulations Governing the Degree of Master of Science.

7. The Supervisor and the Head of the Department may recommend to the Dean of Graduate Studies that a candidate who is not making satisfactory progress be required to withdraw from the program.

24.11.2 Courses

A selection of courses will be offered to meet the requirements of candidates as far as the resources of the Department will allow.

Overview Courses
7110 Physics of the Solid Earth
7120 Crustal Geophysics
7300 Changes in Global Paleoenvironment
7400 Tectonic Regimes
7410 Engineering and Environmental Geology
7500 Chemical Flows in the Earth
7810 Paleocology (same as the former 6810. credit may be obtained for only one of 7810 or 6810)

General Courses
6070 Quantitative Techniques in Mineralogy and Metamorphic Petrology
6105 Advanced Field Course in Applied Geophysics (may be offered in accelerated format)
6141 Rotation of the Earth
6142 Theory of Global Geodynamics
6152 Paleomagnetism
6171 Advanced Exploration Seismology
6172 Borehole Seismic
6175 Gravity and Magnetic Methods
6177 Mathematical Formulations of Seismic Wave Phenomena
6210 Genesis of Mineral Deposits
6320 Marine Geology
6400 Flow and Transport in Fractured Rock
6410 Advanced Engineering and Environmental Geology
School of Graduate Studies

6420 Deformation Mechanisms
6500 Stable Isotope Geochemistry
6510 Trace Element Geochemistry
6520 Methods in Advanced Research in Geochemistry
6540 Radiogenic Isotope Geochemistry
6550 Biogeochemistry
6600 Petroleum Geology
6740 Modern and Ancient Sedimentary Environments
6750 Sequence Stratigraphy
6801 Palaeobiology of Early Animal Life
6820 Palynology and Paleobotany
6900-6999 Special Topics in Earth Sciences

24.12 Environmental Science

www.mun.ca/science
(see also Master of Environmental Science)

Associate Professor and Chair, Department of Biology
T. Chapman

24.12.1 Program of Study

1. The Environmental Science Program is an interdisciplinary graduate program involving the departments of the Faculty of Science, the Faculty of Humanities and Social Sciences, the Faculty of Medicine, and the Faculty of Engineering and Applied Science. There are three Environmental Science Graduate Degree streams: the Master of Science (M.Sc., Environmental Science), Master of Environmental Science (M.Env.Sc.), and the Doctor of Philosophy (Ph.D., Environmental Science). The program is available on a full or part-time basis.

2. The program is administered by a Board of Studies appointed by the Dean of Science. Supervisors of graduate students in the program include faculty from the Faculty of Science, the Faculty of Humanities and Social Sciences, the Faculty of Engineering and Applied Science, the Faculty of Medicine, and the Environmental Science Program at the Grenfell Campus, as well as adjunct appointees to the program (as a co-supervisor).

24.12.2 Qualifications for Admission

Admission is limited and competitive. To be considered for admission applicants shall normally hold a Bachelor’s (Honours) degree in Science, Geography, or Environmental Science with at least second class standing, or equivalent, or a Bachelor’s degree in Engineering from an institution recognized by the Senate or shall have qualifications and/or experience in environmental science acceptable to the Dean of Graduate Studies and the Board of Studies. The Board of Studies make recommendations on admission to the Dean of Graduate Studies.

24.12.3 Degree Requirements

1. To the extent that resources permit, individual programs will be developed to suit students’ interests and needs. However all programs must be approved by the Board of Studies and by the Dean of Graduate Studies. All General Regulations of the School of Graduate Studies shall apply to these degrees.

2. The Master of Science (Environmental Science) is a research Degree which includes a thesis and course work. The thesis research will focus on environmental topics relevant to the student’s background. The course component has two aims: to broaden the student’s understanding of environmental issues; and to provide further training in areas of research specialization for the thesis.

3. Each student will have a Supervisory Committee normally consisting of a Supervisor and two others. The Supervisory Committee will be appointed by the Dean of Graduate Studies on the recommendation of the Board of Studies for Environmental Science.

4. The program of each student will consist of a minimum of 12 credit hours in program courses which will include Environmental Science 6000 and Environmental Science 6010. Of the 6 credit hours remaining in program courses, 3 credit hours will be from Environmental Science 6001, 6002, and 6003 and the other 3 credit hours will be related to the student’s specialty and will normally be chosen from graduate courses offered by the Faculties of Science, Humanities and Social Sciences, Medicine, and Engineering and Applied Science.

5. All students will be required to submit a thesis embodying the results of systematic research on an approved topic. The thesis will be evaluated according to procedures outlined in General Regulations, Theses and Reports.

24.12.4 Courses

6000 Environmental Science and Technology
6001 Earth and Ocean Systems
6002 Environmental Chemistry and Toxicology
6003 Applied Ecology
6004 Environmental Pollution and Mitigation (cross-listed as ENGI 9601)
6007 Environmental Risk Assessment (cross-listed as ENGI 9609)
6008 Air Pollution (same as ENGI 9624)
6009 Environmental Science Project
6010 Environmental Seminar
6201-6210 Special Topics in Environmental Science

24.13 Food Science

See Biochemistry.
24.14 Geography

www.mun.ca/hss
www.mun.ca/science
www.mun.ca/geog

Professor and Head of the Department
N. Catto

24.14.1 General Information
1. The degrees of Master of Arts and Master of Science are offered in Geography by full-time or part-time study.
2. Admission requirements are set forth in the General Regulations of the School of Graduate Studies and Degree Regulations for Master of Arts and Master of Science.
3. The deadline for submission of applications for admission is January 15. Candidates will normally commence their programs in the Fall semester.
4. An applicant will be admitted to a graduate program only if a faculty member agrees to act as Supervisor. A supervisory committee will be established after admission, normally consisting of the Supervisor and two other individuals, one of whom will normally be a member of the Department.
5. Major research areas for graduate study at the master's level are cultural, political, historical, economic, urban, resource management, community and regional development, geomorphology, Quaternary environments, climatology, and geographic information sciences.
6. Candidates will register for the M.A. program if their fields of interest lie in an area of Human Geography or for the M.Sc. if their fields of interest are in Physical Geography or Geographic Information Sciences.
7. It is expected that the program of study and research for the M.A. or M.Sc. will normally be completed in a maximum of two years of full-time work, or three years of part-time work.
8. Candidates must successfully complete a minimum of 12 credit hours of graduate program courses with a minimum grade of B in each. Geography 6000 and 6001 will be required courses for all candidates who have not already completed equivalent courses at the Honours or post-graduate level.
9. Candidates whose undergraduate Degree is not in geography will normally be required to complete some additional undergraduate program courses during their first year of study, in addition to the required graduate program courses. Normally four such undergraduate courses will be required, and a minimum grade of 70% must be obtained in each.
10. Each candidate will be required to present a seminar on their research to the Department.
11. Each candidate must submit a thesis based on their own original research. This thesis will be examined in accordance with the General Regulations of the School of Graduate Studies.

24.14.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates as far as the resources of the Department will allow.

6000 Development of Geographical Thought and Practice I
6001 Development of Geographical Thought and Practice II
6002 Directed Readings in Geography
6100 Research Techniques in A Selected Field of Geography I
6101 Research Techniques in A Selected Field of Geography II
6120 Geospatial Modelling and Analysis
6150 Environmental Remote Sensing and Image Analysis
6200 Economic Geography I
6201 Economic Geography II
6204 Sustainable Community and Regional Development
6250 Conservation and Sustainability of Natural Resources
6251 Survey Design, Questionnaire Development and Techniques of Data Collection
6300 Problems in Fisheries Geography
6400 Fluvial Geomorphology
6401 Glacial Geomorphology
6402 Coastal Geomorphology
6410 Climatology
6420 Quaternary Geography
6430 Biogeography
6500 Cultural Geography
6600 Historical Geography
6700 Political Geography
6800 Urban Geography
6821 Advanced Computer Mapping
6900 Graduate Seminar in Regional Geography
6990-95 Special Topics in Geography
24.15 Geology
See Earth Sciences.

24.16 Geophysics
See Earth Sciences.

24.17 Marine Biology
www.mun.ca/science
www.mun.ca/osc

Professor Emeritus and Head of the Department of Ocean Sciences
G.L. Fletcher

The degree of Master of Science (M.Sc.) is offered in Marine Biology by full-time and part-time study through the Department of Ocean Sciences. Areas of concentration include: Ocean Ecology, Functional Biology of Marine Organisms, Fisheries and Aquaculture, and Oceans and Environment.

24.17.1 Admission and Program of Study

1. Admission into the Master of Science degree program in Marine Biology is normally restricted to candidates holding at least a Bachelor of Science degree with second class Honours. When circumstances warrant, the requirement for a second class Honours may be waived by the School of Graduate Studies on the recommendation of the Head of the Department.

2. Each student will be assigned a Supervisory Committee consisting of the Supervisor and at least one other member. Within three months of the first registration in the M.Sc. degree program, the student will meet with his/her Supervisory Committee. Within six months, the student and the Supervisory Committee will agree on a written thesis proposal outlining the objectives, methods, timetable and funding for the project, and provide the proposal (signed by the student and the supervisory committee) to the Head for inclusion in the student's file.

3. A student is required to complete a minimum of 9 credit hours of graduate program courses as follows:
   - Ocean Sciences 7000
   - One of Ocean Sciences 7100 or 7200
   - 3 additional credit hours selected from other Ocean Sciences graduate courses or relevant courses in other Departments as approved by the Supervisory Committee

4. All course requirements should be completed within four semesters from the date of first registration in the M.Sc. degree program.

5. A student is required to give an oral presentation to the Department on the results of his/her research. This presentation should be given after completion of a thesis draft.

6. The M.Sc. degree program will conclude with a thesis examination as prescribed in the School of Graduate Studies General Regulations, Theses and Reports.

24.17.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

OCSC 7000 Graduate Core Seminar (cross-listed as Biology 7000)
OCSC 7100 Biological Oceanography (credit cannot be obtained for both OCSC 7100 and the former Biology/OCSC 7531)
OCSC 7200 Adaptations to the Marine Environment (credit cannot be obtained for both OCSC 7200 and the former Biology/OCSC 7561)
OCSC 7300 Plankton Dynamics (credit cannot be obtained for both OCSC 7300 and the former Biology/OCSC 7540)
OCSC 7400 Fisheries Resource Management (credit cannot be obtained for both OCSC 7400 and the former Biology/OCSC 7551)

24.18 Mathematics and Statistics

www.mun.ca/science
www.mun.ca/math

Professor and Head of the Department
C. Radford

The degrees of Master of Applied Statistics (see appropriate calendar entry), Master of Science, and Doctor of Philosophy are offered in the Department of Mathematics and Statistics. The Masters' degrees are offered by full-time and part-time studies.

24.18.1 Specific Requirements for the M.Sc. in Mathematics

Every candidate for the M.Sc. in Mathematics is required to complete one of two options:

1. Option 1: MATH 696A/B, two courses from MATH 6160, 6310, 6332, 6351, and a minimum of 9 further credit hours in courses chosen from the departmental course offerings, excluding MATH 6299, and a thesis as per General Regulations, Theses and Reports.

2. Option 2: MATH 6299, 696A/B, three courses from MATH 6160, 6310, 6332, 6351, and a minimum of 9 further credit hours in courses chosen from the departmental course offerings.
24.18.2 Specific Requirements for the M.Sc. in Statistics

Every candidate for the M.Sc. in Statistics is required to complete STAT 6510 and STAT 6560 plus at least 12 credit hours in graduate courses as well as the series STAT 697A/B or the completion of an additional 3 credit hour graduate course. A thesis is required as per General Regulations, Theses and Reports.

24.18.3 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

Mathematics
6100 Dynamical Systems
6101 Modern Perturbation Theory
6102 Mathematical Biology
6104 Infinite Dimensional Dynamical Systems
6110 Advanced General Relativity
6111 Calculus in Manifolds
6112-6119 Special Topics in Applied Mathematics
6120 Theoretical Fluid Dynamics
6121 Functional Differential Equations
6130 Introduction to General Relativity
6160 Partial Differential Equations
6201 Numerical Methods for Partial Differential Equations
6202 Nonlinear and Linear Optimization (credit restricted with Computer Science 6933)
6204 Iterative Methods in Numerical Linear Algebra
6205-6209 Special Topics in Numerical Analysis
6210 Numerical Solution of Differential Equations
6212 Numerical Methods for Initial Value Problems
6230 Differentiable Manifolds and Riemannian Geometry
6299 Master's Project
6300 Homology Theory
6301 Homotopy Theory
6302 Theory of Fibre Bundles
6304-6309 Special Topics in Topology
6310 Functional Analysis
6311 Complex Analysis
6312 Measure Theory
6313 Functional Analysis II
6315-6319 Special Topics in Analysis
6320 Group Theory
6321 Ring Theory
6322 Nonassociative Algebra
6323 Homological Algebra
6324-6329 Special Topics in Algebra
6330 Analytic Number Theory
6331 Algebraic Number Theory
6332 Point Set Topology
6340 Graph Theory
6341 Combinatorial Design Theory
6342 Advanced Enumeration
6343-6349 Special Topics in Combinatorics
6351 Advanced Linear Algebra
696A/B Graduate Seminar (2 credit hours)

Statistics
6500 Probability (credit restricted with former 6586)
6503 Stochastic Processes
6505 Survival Analysis
6510 Mathematical Statistics
6520 Linear Models
6530 Longitudinal Data Analysis
6540 Time Series Analysis
6545 Statistical Computing
6550 Nonparametric Statistics
6560 Continuous Multivariate Analysis
6561 Categorical Data Analysis
Programs leading to the Degree of Master of Science in Physics and in Physical Oceanography are offered to both full and part-time students. Because Oceanography is multidisciplinary in nature, undergraduate students who plan to undertake Physical Oceanography studies are urged to consult the faculty member in charge of Physical Oceanography programs at their earliest opportunity, in order to ensure the appropriateness of their undergraduate course selections. The Degree of Doctor of Philosophy in Physics is offered through both full-time and part-time study in Atomic and Molecular Physics, Condensed Matter Physics, and Physical Oceanography. The following Departmental Regulations are supplementary to the General Regulations governing the M.Sc. and Ph.D. degrees. A thorough familiarity with the latter Regulations should be regarded as the prerequisite to further reading in this section.

The Department of Physics and Physical Oceanography compiles, and regularly reviews, a brochure which contains reasonably detailed descriptions of currently active research projects, as well as a comprehensive listing of recent research publications, and other material which may be of interest to prospective graduate students.

### 24.19.1 Program of Study

1. Admission to a M.Sc. program in the Department of Physics and Physical Oceanography is normally restricted to candidates holding an Honours B.Sc. Degree in Physics. However, depending on background and area of specialization and with particular reference to Physical Oceanography, other Baccalaureate degrees in science, applied science or mathematics, may be accepted.

2. A program of study for the M.Sc. Degree in Physics or Physical Oceanography shall normally include a minimum of 12 graduate credit hours. However, depending on the student's background and area of specialization, more or fewer graduate and/or undergraduate courses may be required.

3. Except with the special permission of the Department and the approval of the Dean of Graduate Studies, a candidate may not take any courses in addition to those approved for his/her M.Sc. program.

4. Before submission of the thesis to the School of Graduate Studies for examination, the student must present a seminar on the topic of his/her thesis research.

### 24.19.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

- 6000 Condensed Matter Physics I
- 6001 Condensed Matter Physics II
- 6002 Superconductivity
- 6003 Path Integral Techniques in Condensed Matter Physics
- 6010-19 Special Topics in Condensed Matter Physics
- 6040 Biophysics
- 6060-69 Special Topics in Interdisciplinary Areas
- 6200 Nonlinear Dynamics
- 6308 Ocean Dynamics I
- 6309 Ocean Dynamics II
- 6310 Physical Oceanography
- 6313 Physical Fluid Dynamics
- 6314 Field Oceanography
- 6315 Polar Oceanography
- 6316 Ocean Measurements and Data Analysis
- 6317 Ocean Acoustics
- 6318 Numerical Modelling
- 6319 Climate Dynamics
- 6320 Turbulence
- 6321 Coastal Oceanography
- 6322 Stratified Fluids
- 6323 Stability Theory
- 6324 Models in Ocean Ecology
- 6360-69 Special Topics in Physical Oceanography (excluding 6363)
- 6363 Laboratory Experiments in Geophysical Fluid Dynamics
- 6400 Statistical Mechanics
- 6402 Theory of Phase Transitions
- 6403 Stochastic Processes, Time-Dependent and Non-equilibrium Statistical Mechanics
- 6413 Soft Matter Physics
- 6502 Electrodynamics
- 6720 Theory of Molecules
- 6721 Molecular Spectroscopy
- 6722 Light Scattering Spectroscopy
- 6730 Molecular Theory of Liquids and Compressed Gases
- 6740 Physics of Atomic Collisions
- 6760-69 Special Topics in Atomic and Molecular Physics
- 6800 Group Theory
- 6810-19 Special Topics in Theoretical and Mathematical Physics
- 6850 Quantum Mechanics I
Members of the Department carry out research in several areas of experimental and theoretical physics, including atomic and molecular physics, condensed matter physics, physical oceanography, theoretical geophysics, and applied nuclear physics. In atomic and molecular physics, there are experimental programs in collision-induced infrared absorption spectroscopy, electron emission spectroscopy of simple molecules, molecular ions and free radicals, laser-induced fluorescence spectroscopy, and Raman spectroscopy, and theoretical work on atomic and molecular collisions. The work in condensed matter physics includes experimental programs in solid state nuclear magnetic resonance on systems of biophysical interest, Raman spectroscopy of lipid bilayers and membranes, studies of phase transitions using Brillouin and Raman spectroscopy, studies of instabilities and pattern formation in simple fluid dynamical systems, and spectroscopic studies of molecular crystals. Theoretical condensed matter physics research involves studies of magnetism, superconductivity, and the statistical mechanics of polymers and lipid bilayers. The physical oceanography group carries out field and laboratory research on several projects which take advantage of Newfoundland's unique oceanographic environment, using acoustic and other remote sensing techniques. These include studies of circulation on the Newfoundland and Labrador shelves, Labrador current dynamics, fjord dynamics, submarine canyons and sediment transport dynamics in the nearshore zone and on the shelf. Theoretical oceanographic studies involve the modelling of ocean circulation, gravity wave phenomena and other aspects of ocean dynamics. Research in theoretical geophysics is concentrated on whole-Earth dynamics, with special emphasis on the physics of the liquid core (the Earth’s “third ocean”) as inferred from its wave spectrum and the associated momentum transfer to the deformable solid parts of the Earth. In nuclear physics, research is done on the atmospheric concentrations of radioactive elements and on dosimetry for medical applications.

Note: For Geophysics, see Earth Sciences.

24.20 Psychology

www.mun.ca/science
www.mun.ca/psychology

Professor and Head of the Department
I. Neath

The Degree of Master of Science is offered in Experimental Psychology. The Degree of Doctor of Philosophy is offered in Experimental Psychology. Interested students may wish to consult the sections in the Calendar describing the Master of Applied Psychological Science (Co-operative) and the Master of Science and Doctor of Philosophy in Cognitive and Behavioural Ecology programs.

Applications
All applicants are required to submit results from the General section of the Graduate Record Examinations. At least one letter of reference should come from someone who is familiar with the applicant’s research capability.

24.20.1 Program of Study
A candidate may be accepted into a program leading to the M.Sc. in Experimental Psychology.

Experimental Psychology
1. The areas of specialization offered are: Animal Behaviour (see Cognitive and Behavioural Ecology Program), Behavioural Neuroscience and Clinical, Cognitive, Developmental and Social Psychology.
2. Candidates shall normally complete 15 credit hours, including: Advanced Statistics in Psychology (6000), Research Design (6001), and 6 credit hours related to their area of specialization. Candidates will also register for the Colloquium Series in Psychology (6010) each Fall and Winter semester of their program for a maximum of four registrations.
3. Every candidate shall submit an original thesis based upon an approved experimental research topic.

24.20.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.
6000 Advanced Statistics in Psychology
6001 Research Design
6010 Colloquium Series in Psychology (repeatable, non-credit)
6100-6130 Special Topics in Experimental Psychology
6200 Learning I
6201 Learning II
6203 Behavioural Pharmacology
24.21 Scientific Computing

www.mun.ca/science

Chair
R. Haynes, Professor, Department of Mathematics and Statistics

24.21.1 Administrative Committee

The Administrative Committee, appointed by the Dean of the School of Graduate Studies on the recommendation of the Dean of the Faculty of Science, consists of at least one representative of each participating academic unit, and one member external to the University.

24.21.2 Participating Departments and Organizations

This interdisciplinary program offers the Master of Science Degree in both Scientific Computing and Scientific Computing (Co-operative). The departments of Biochemistry, Chemistry, Computer Science, Earth Sciences, Mathematics and Statistics, Physics and Physical Oceanography and the Faculty of Engineering and Applied Science are participants in this program. Other departments and faculties may be involved, depending on the nature of the thesis or project. External organizations may provide placements for co-op students, jointly supervise students, share computing resources and participate in teaching courses.

24.21.3 Admission Criteria and Procedures

1. The criteria for acceptance of an applicant are: his or her anticipated successful and timely completion of the program, and the willingness of a participating faculty member to supervise the applicant.
2. Students will be expected to hold a B.Sc. (Honours) or B.Eng. Degree with honours standing, or equivalent, with a strong computational orientation. At the time of application, the student is expected to provide evidence (for example, transcripts of completed courses) of his or her knowledge of a modern computer language such as Fortran, and/or C and/or C++, and/or Matlab, and/or Python. Evidence of knowledge of differential equations; and/or linear algebra and/or computer graphics would be an asset. Students with an inadequate background may be encouraged to take certain undergraduate courses.
3. Admission decisions will be made by the School of Graduate Studies on the recommendation of the Chair of the Administrative Committee.

24.21.4 Program of Study

1. The goal of Scientific Computing is to solve technical problems, in science and engineering, using computers and computational methods. Our program is designed to educate students to apply computational, numerical and programming concepts and tools to solve and model complex problems in science and engineering.
2. The Program is offered in thesis and project (non-thesis) versions, with the option of a co-operative education program. It is intended that the overall level of student effort and performance required in each version will be comparable. The normal length of time to complete each option is 24 months.
3. The work for the thesis or project will be carried out under the guidance of a supervisor (or joint supervisors). The home department of the student will be the same as that of the Supervisor. Upon completion of the work for the thesis or project, each student is required to present a seminar suitable for the interdisciplinary audience of Scientific Computing program students.
4. All students are required to complete a minimum of 3 core courses (9 credit hours) selected from the list of Core Courses listing below. All students are also recommended to complete CMSC 6950. Additional courses are required in accordance with the program options as outlined below and will normally be selected from the student’s discipline of specialization. The course requirements for each student are approved by the Program Chair on the recommendation of the student’s supervisor(s), and should reflect the interdisciplinary nature of the program. Students are expected to attend research seminars in their home department as well as those relevant to Scientific Computing, when advertised.
   a. The thesis option requires the completion of a minimum of four graduate courses (12 credit hours) numbered 6000 or higher, which must include three courses (9 credit hours) from the Core Courses listing below. Equivalent courses may be considered for substitution with approval of the Program Chair. The additional course(s) will normally be chosen from the Additional Courses listing below in the same discipline as the thesis work. The submission of an acceptable thesis is required. The thesis is to contain an original scholarly contribution which must be submitted to the School of Graduate Studies for final examination.
   b. The project option requires the completion of a minimum of eight graduate courses (24 credit hours) numbered 6000 or higher, which must include CMSC 6009 and at least three courses (9 credit hours) from the Core Courses listing below. Equivalent courses may be considered for substitution with approval of the Program Chair. The additional courses will normally be chosen from the Additional Courses listing below in the same discipline as the project work. An acceptable project report is also
required that is based on research performed with the guidance of the student’s supervisor. The project, which will include an in-depth written report, shall require the equivalent of at least one and no more than two semesters of full time work. The project report must be written in a format according to procedures outlined in Guidelines for Theses and Reports by the School of Graduate Studies at www.mun.ca/sgs/go/guid_policies/theses.php. The report will be evaluated by the student’s supervisor, by the Chair of the Board of Study (or delegate), as well as by one other faculty member. Acceptance of a final version of the report (and a passing grade for CMSC 6009) requires the agreement of the three examiners.

### 24.21.5 Co-operative Education Option

1. A co-operative education option will be available to students who are accepted into the M.Sc. program. Students in this option may follow the thesis or non-thesis version of the program. It is expected to take up to 24 months to complete.
2. Students will normally declare their intention to complete the co-operative education option at the start of the second semester of their academic program.
3. Students will complete two work terms consecutively, normally following the successful completion of a minimum of four courses (12 credit hours).
4. The dates for starting and finishing each work term are shown in the University Diary.
5. A competition for work term employment is organized by Co-operative Education in cooperation with a designated faculty member from Scientific Computing. Students may also obtain their own work term jobs outside the competition. Such jobs must be confirmed by letter from the employer and approved by the Chair of Scientific Computing and by Co-operative Education on or before the first day of the work term. Work term jobs may be outside St. John’s and possibly outside Newfoundland and Labrador. Students who do not wish to accept a work term job arranged by Co-operative Education shall be responsible for finding an acceptable alternative. By entering the competition, students give permission for Co-operative Education to supply their Memorial University of Newfoundland transcripts and resumes to potential employers.
6. Each work term placement will be supervised by the student’s program supervisor, the on-site supervisor assigned by the employer and Co-operative Education. The overall evaluation of the work term is the responsibility of the program Supervisor, on-site Supervisor, and Co-operative Education. The work term shall consist of two components:
   - On-the-job Student Performance as evaluated by the on-site supervisor and Co-operative Education, in consultation with the program supervisor.
   - A Work Report graded by Co-operative Education and the program supervisor in consultation with the on-site supervisor.
7. Evaluation of the work term will result in the assignment of one of the following final grades:
   - *Pass with Distinction*: Indicates OUTSTANDING PERFORMANCE in both the work report and work performance.
   - *Pass*: Indicates that PERFORMANCE MEETS EXPECTATIONS in both the work report and work performance.
   - *Fail*: Indicates FAILING PERFORMANCE in the work report and/or the work performance. If a student fails to achieve a final grade of Pass or Pass with Distinction, and provided the student has not failed to achieve a grade of 'B' or better in any program course, the student may request to repeat the work term component. The request will be considered by the Chair of Scientific Computing in consultation with the program supervisor and Co-operative Education. Only one repetition of a work term will be permitted in the student’s program.
8. Following the completion of the two work terms, each student must complete any remaining course requirements and project report or thesis. Assuming that prior written authorization of the employer and the supervisory committee was obtained and submitted to the School of Graduate Studies, students may include material from the work terms in their reports or theses. For students following the non-thesis version of the program, the two work-term reports may be combined into a single, integrated report for this purpose. All other students must write a thesis on a research project which may be based on research completed during the work terms.
9. Students who are accepted into the co-op option are not guaranteed placements. In the event that a student fails to obtain two semesters of placements, but successfully completes all other requirements of the Degree, he or she will still be eligible for graduation, but without the designation of a co-op degree.

### 24.21.6 Courses

#### Core Courses
- Computer Science 6731 Topics in Numerical Methods
- Mathematics 6201 Numerical Methods for Partial Differential Equations
- Mathematics 6210 Numerical Solutions of Differential Equations
- Scientific Computing 6009 Master’s Project
- Scientific Computing 6910 Matrix Computations and Applications or Computer Science 6931 Matrix Computations and Applications *(credit may be obtained for only one of the CMSC 6910, COMP 6732, and COMP 6931)*
- Scientific Computing 6920 Applied Scientific Programming
- Scientific Computing 6930 Algorithms for Distributed and Shared Memory Computers
- Scientific Computing 6950 Computer Based Tools and Applications *(credit may be obtained for only one of CMSC 6950 and the former CMSC 6940)*

#### Additional Courses
The following courses are identified as suitable for students in this program. Other courses may be permitted with the approval of the Program Chair.

#### Biochemistry
- 6000-6009 Special Topics in Biochemistry
- 6010-6019 Special Topics in Nutrition and Metabolism
- 6020-6029 Special Topics in Food Science
- 6400 Control of Intermediary Metabolism
- 6460 Structural Biochemistry
- 6520 Nutritional Biochemistry
- 6530 Food Biochemistry
- 6590 Cellular, Molecular and Developmental Biology *(credit restricted with Biology 6590 and Medicine 6590)*
- 6630 Marine Biochemistry
- 6680 Processing and Quality of Foods

#### Chemistry
- 6201 Bioinorganic Chemistry
- 6204 Mechanisms in Catalysis
6205 Photochemistry of Transition Metal Complexes
6210 Organometallic Chemistry
6300 Quantum Chemistry I
6301 Quantum Chemistry II
6302 Molecular Spectroscopy
6304 Computational Chemistry I
6310 Electronic Structure Theory
6323 Chemical Thermodynamics I
6324 Chemical Thermodynamics II
6340 Biophysical Chemistry
6350 Electrochemical Kinetics
6360 Solid State Chemistry
6380 Adsorption on Surfaces
6381 Surface and Interface Science
6382-6389 Selected Topics in Physical Chemistry
6390-6398 Selected Topics in Physical Chemistry
6399 Chemical Kinetics and Dynamics
6401 Organic Spectroscopic Analysis I
6402 Organic Spectroscopic Analysis II
6470 Physical Organic Chemistry
6590-6599 Selected Topics in Theoretical and Computational Chemistry
6600 Applications of Inorganic and Organometallic Chemistry to Toxicology

Computer Science
6904 Advanced Computer Architectures (credit may be obtained for only one of 6904 and the former 6722)
6905 Software Engineering (credit may be obtained for only one of 6905 and the former 6713)
6906 Numerical Methods (credit may be obtained for only one of 6906 and the former 6731)
6909 Fundamentals of Computer Graphics (credit may be obtained for only one of 6909 and the former 6752)
6918 Digital Image Processing (credit may be obtained for only one of 6918 and the former 6756)
6931 Matrix Computations and Applications (credit may be obtained for only one of 6931, the former 6732, and CMSC 6910)

Earth Sciences
6141 Rotation of the Earth
6142 Theory of Global Geodynamics
6171 Advanced Exploration Seismology
6172 Borehole Seismic
6175 Gravity and Magnetic Methods
6177 Mathematical Formulations of Seismic Wave Phenomena
6918 Airborne and Borehole Electromagnetic Methods
6994 Special Topics in Earth Sciences - Geophysical Inversion and Applications
7110 Physics of the Solid Earth
7120 Crustal Geophysics

Engineering and Applied Science
9015 Ocean Engineering Hydrodynamics
9052 Ice Properties and Mechanics
9501 Finite Element Analysis with Engineering Applications
9713 Stochastic Hydrology
9815 Electromagnetic Propagation
9821 Digital Signal Processing
9826 Advanced Control Systems
9861 High-Performance Computer Architecture
9865 Advanced Digital Systems
9869 Advanced Concurrent Programming
9871 Information Theory and Coding

Mathematics and Statistics
6112-6119 Special Topics in Applied Mathematics
6201 Numerical Methods for Partial Differential Equations
6210 Numerical Solution of Differential Equations (required course for Scientific Computing)
6212 Numerical Methods for Initial Value Problems
6588 Selected Topics in Statistics and Probability - Generalized Additive Models with Applications in Scientific Visualization

Physics and Physical Oceanography
6000 Condensed Matter Physics I
6200 Nonlinear Dynamics
6308 Ocean Dynamics I
6309 Ocean Dynamics II
6310 Physical Oceanography
6316 Ocean Measurements and Data Analysis
6317 Ocean Acoustics
6318 Numerical Modelling
6320 Turbulence
6321 Coastal Oceanography
6323 Stability Theory
6400 Statistical Mechanics
6402 Theory of Phase Transitions
6800 Group Theory
6850 Quantum Mechanics I

Scientific Computing
601W Work Term 1
602W Work Term 2
6910 Matrix Computations and Applications (credit may be obtained for only one of CMSC 6910, the former COMP 6732, and 6931)
(cross-listed with COMP 6931)
25 Regulations Governing the Degree of Master of Science in Boreal Ecosystems and Agricultural Sciences

www.grenfell.mun.ca/science

Professor and Dean, School of Science and the Environment (Grenfell Campus)
M. Piercey Normore

The Degree of Master of Science in Boreal Ecosystems and Agricultural Sciences (M.Sc. (Boreal Ecosystems and Agricultural Sciences)) is offered by the Division of Science, Grenfell Campus to full-time and part-time students in Boreal Ecosystems and Agriculture research areas focussed on, but not exclusively to, Economics and Social Science, Plant Sciences, Soil and Land Resource, and Water Resources.

25.1 Qualifications for Admission

To be considered for admission, applicants shall hold a Bachelor's (Honours) degree normally in Science, Agriculture, Forestry, Engineering, Geography, or Environmental Science with at least second class standing, or equivalent, from an institution recognized by the Senate or shall have qualifications and/or experience in environmental science acceptable to the Dean of Graduate Studies and the Grenfell Campus graduate committee. The Grenfell Campus graduate committee makes recommendations on admission to the Dean of Graduate Studies for this program.

Admission is limited and competitive, and will follow the general qualifications for admission to Masters Programs at Memorial University of Newfoundland as set out under General Regulations, Qualifications for Admission of the School of Graduate Studies. All applicants found academically acceptable to the Master of Science in Boreal Ecosystems and Agricultural Sciences program are required to have a faculty supervisor before final acceptance can be offered.

As well, applicants are required to demonstrate English proficiency by submission of a minimum score in TOEFL, IELTS, or another acceptable language test, in accordance with General Regulation, Qualifications for Admission, English Language Proficiency Requirements of the School of Graduate Studies.

25.2 Program of Study and Research

1. The program of study for the Master of Science in Boreal Ecosystems and Agricultural Sciences degree shall consist of the successful completion of a program of courses and a thesis embodying original research.

2. Every candidate shall successfully complete at least 12 credit hours as outlined under Program Requirements below. Undergraduate courses at the fourth year level may be required at the recommendation of the supervisory committee; these courses do not count against the required graduate credit requirements but are necessary for graduation.

3. Every candidate shall submit a thesis, as outlined under General Regulations, Theses and Reports, on an approved subject in which systematic research has been conducted under the direction of the Supervisor recommended by the academic unit concerned and approved by the Divisional Head.

4. In addition to courses and thesis research, it is a requirement that all graduate students of this program must participate in Grenfell campus-wide graduate student seminars. This is graded by supervisor(s) for participation as satisfactory/unsatisfactory; a satisfactory evaluation is required for graduation.

25.3 Program Requirements

1. Students admitted to the program must complete a research thesis under the supervision of a faculty member or members, and a minimum of four courses (12 credit hours) as determined by the thesis supervisor. Three courses are selected from four core courses. A fourth course can be selected from a list of optional courses.

2. All students must complete three core courses:

   - BEAS 6000 - Issues in Boreal Ecosystems and Agricultural Sciences (3 credit hours). This course will initially be offered during the Fall semester.
   - BEAS 6000A/B - Graduate Research Seminar (3 credit hours). Students will normally register for BEAS 600A in the Fall semester and BEAS 600B in the following Winter semester. A grade of NC (No Grade Expected) will be assigned to BEAS 600A.

3. Students must also complete one of the two following courses: BEAS 6002 - Advanced Quantitative Research Methods for the Natural Sciences or BEAS 6003 - Advanced Quantitative Research Methods for the Social Sciences (3 credit hours)

4. A further 3 credit hours will be accumulated in elective courses related to the student’s research area. Students should view Table 1 Research Areas and Sample Elective Courses for suggestions.

Table 1 Research Areas and Sample Elective Courses

25.4 Evaluation

1. In order to continue in the School of Graduate Studies and in order to qualify for a Master's Degree, a candidate shall obtain an A or...
B grade in each program course as outlined under General Regulations, Evaluation, Evaluation of Graduate Students.

2. When it has been determined, on the basis of consultation with the candidate, the instructors in graduate courses, and the thesis Supervisor, that a candidate's work has fallen below a satisfactory level, the Supervisor or the Head of the appropriate academic unit may recommend to the Divisional Head that such a candidate be required to withdraw from the program as outlined under General Regulations, Evaluation, Evaluation of Graduate Students.

25.5 Courses
BEAS 6000 Issues in Boreal Ecosystems and Agricultural Sciences
BEAS 600A/B Graduate Research Seminar
BEAS 6002 Advanced Quantitative Research Methods for the Natural Sciences
BEAS 6003 Advanced Quantitative Research Methods for the Social Sciences
BEAS 6010 Agriculture and Forestry Economics
BEAS 6020 Management of Crop Nutrition
BEAS 6021 Organic Farming for Sustainable Agriculture
BEAS 6022 Plant Biochemistry
BEAS 6023 Plant Physiology
BEAS 6030 Chemical Speciation Modeling for Environmental Matrices
BEAS 6031 Soil Functions Soil as a Bioreactor
BEAS 6032 Environmental Soil Physics
BEAS 6033 Soil and Water Conservation
BEAS 6040 Advanced Groundwater Management
BEAS 6041 Applied Hydrology
BEAS 6042 Soil and Groundwater Remediation
BEAS 6050-6150 Special topics in Boreal Ecosystems and Agricultural Sciences

26 Regulations Governing the Master of Science in Fisheries Science

www.mi.mun.ca
Vice-President (Marine Institute)
G. Blackwood

The Degree of Master of Science in Fisheries Science is a research-focused Master's degree offered by the School of Fisheries, at the Fisheries and Marine Institute. The Degree of Master of Science in Fisheries Science is offered in Fisheries Science and Technology and Stock Assessment.

An Academic Advisory committee will be appointed by the Dean of Graduate Studies on recommendation of the Vice-President (Marine Institute). This committee will consist of an Academic Director as Chair, three members from the Marine Institute and two members from other academic units of the University. Normally, all appointments will be for a period of three years.

In addition to meeting the regulations governing the Degree of Master of Science in Fisheries Science, students must also meet the General Regulations of the School of Graduate Studies and any additional requirements of the appropriate academic unit.

26.1 Fisheries Science (Fisheries Science and Technology)
The Degree of Master of Science in Fisheries Science (Fisheries Science and Technology) is a research-focused Master's degree offered by the School of Fisheries at the Fisheries and Marine Institute. This program is for students who aim to pursue a career in fisheries science, and includes skills training that will empower students to conduct publication-quality research in any aspect of fisheries science. The degree is normally offered to full-time students. These regulations must be read in conjunction with the General Regulations of the School of Graduate Studies of Memorial University of Newfoundland.

26.1.1 Qualifications for Admission
1. Admission is limited and competitive. To be considered for admission an applicant will normally hold at least a high second class Honours Degree, or an M.D. Degree, or the equivalent of either, both in achievement and depth of study, from an institution recognized by the University Senate.

2. Any other applicant may be considered for admission provided that:
   a. the applicant's undergraduate record after the first year shows an average of at least a grade of 'B' in courses in the proposed field of specialization;
   b. the applicant's overall undergraduate record after the first year shows an average of at least a grade of 'B' in all courses taken; and
   c. the applicant demonstrates a commitment and passion for aquatic science, ideally in fisheries, through employment or experience in field schools, research programs, the fishing industry, regulatory agencies or government departments, non-governmental organizations, consulting activities, or other relevant activities.

26.1.2 Program of Study and Research
Every student for the Master of Science in Fisheries Science (Fisheries Science and Technology) degree shall normally be required to complete all of:

1. 12 credit hours including:
   a. FISH 6000 Science Communication for Fisheries
   FISH 6001 Ecology, Management, and Practice of North Atlantic Fisheries
   FISH 6002 Data Collection, Management, and Display
   FISH 6003 Statistics and Study Design for Fisheries Science
   b. A thesis composed of at least one chapter of original research.

2. A student may be required by the Supervisory Committee to take additional courses.

3. All program course requirements should be completed within four semesters from the date of first registration in the M.Sc. degree program. Students will normally complete course requirements in their first two semesters.
4. Within three months of the first registration in the M.Sc. degree program, the student will meet with the Supervisory Committee. A meeting report, signed by all members of the Supervisory Committee and student, must be given to the Academic Unit. A copy will be sent to the student and to the Dean of Graduate Studies. Subsequent meetings must occur at least annually, with a report filed after each meeting.

5. The student shall complete a written thesis proposal that is approved by the Supervisor and the Supervisory Committee. The proposal shall be provided to the Head for inclusion in the student's file. After approval, the student shall orally present the proposal in a presentation open to the public.

6. The student must present the thesis seminar of 20-30 minutes duration prior to submission of the thesis to the School of Graduate Studies. The student will be questioned by a panel approved by the Academic Advisory Committee, in conjunction with the student's Supervisory Committee. All others in attendance will be invited to question the student before adjournment. Deficiencies noted at this stage should be carefully considered by the student and the Supervisory Committee prior to submission of the thesis for final examination.

7. The thesis shall conform to the School of Graduate Studies General Regulations, Thesis and Reports.

26.1.3 Evaluation

1. In order to continue in the School of Graduate Studies and in order to qualify for a Master's Degree a student shall obtain a grade of 'A' or 'B' in each program course as per General Regulations, Evaluation, Evaluation of Graduate Students.

2. The Supervisor and the Supervisory Committee may recommend that a student be required to withdraw from the program, if after consultation with the student, it is determined that the student is not making satisfactory progress towards completion of the program and unsatisfactory progress is unlikely to be corrected.

26.1.4 Thesis

A student must meet the requirements as outlined under the School of Graduate Studies General Regulations, Thesis and Reports.

26.1.5 Courses

FISH 6000 Science Communication for Fisheries
FISH 6001 Ecology, Management, and Practice of North Atlantic Fisheries
FISH 6002 Data Collection, Management, and Display
FISH 6003 Statistics and Study Design for Fisheries Science

26.2 Fisheries Science (Stock Assessment)

The Degree of Master of Science in Fisheries Science (Stock Assessment) is a research-focussed Master's degree offered by the School of Fisheries at the Fisheries and Marine Institute. This program is for students who aim to pursue a specific career in quantitative stock assessment of fisheries. The Degree is normally offered to full-time students. These regulations must be read in conjunction with the General Regulations of the School of Graduate Studies of Memorial University of Newfoundland.

26.2.1 Qualifications for Admission

1. Admission is limited and competitive. To be considered for admission an applicant will normally hold at least a high second class Honours Degree, or an M.D. Degree, or the equivalent of either, both in achievement and depth of student, from an institution recognized by the University Senate.

2. Applicants must be able to demonstrate a satisfactory knowledge of mathematics, statistics, and scientific computing.

3. Any other applicant may be considered for admission provided that:
   a. the applicant's undergraduate record after the first year shows an average of at least a grade of 'B' in courses in the proposed field of specialization;
   b. the applicant's overall undergraduate record after the first year shows an average of at least a grade of 'B' in all courses taken, and;
   c. the applicant demonstrates a commitment and passion for mathematics or statistics, through employment or experience in field schools, research programs, regulatory agencies or government departments, non-governmental organizations, consulting activities, or other relevant activities.

26.2.2 Program of Study and Research

1. Every student for the Master of Science in Fisheries Science (Stock Assessment) degree shall normally be required to complete all of:
   a. 15 credit hours including:
      i. FISH 6000 Science Communication for Fisheries
      ii. FISH 6001 Ecology, Management, and Practice of North Atlantic Fisheries
      iii. FISH 6002 Data Collection, Management, and Display
      iv. FISH 6004 Overview of Statistical Stock Assessment
      v. FISH 6005 Advanced Statistical Stock Assessment
   b. A thesis composed of at least one chapter of original research.
   c. A student will normally complete course requirements in the first four semesters of the program.
   d. Within three months of the first registration in the M.Sc. degree program, the student will meet with their Supervisory Committee. A meeting report, signed by all members of the Supervisory Committee and student, must be given to the Academic Unit. A copy will be sent to the student and to the Dean of Graduate Studies. Subsequent meetings must occur at least annually, with a report filed after each meeting.
   e. A student may be required by the Supervisory Committee to take additional courses.
   f. The student shall complete a written thesis proposal that is approved by the Supervisor and the Supervisory Committee. The proposal shall be provided to the Head for inclusion in the student's file. After approval, the student shall orally present the proposal in a presentation open to the public.
6. The student must present the thesis seminar of 20-30 minutes duration prior to submission of the thesis to the School of Graduate Studies. The student will be questioned by a panel approved by the Academic Advisory Committee, in conjunction with the student's Supervisory Committee. All others in attendance will be invited to question the student before adjournment. Deficiencies noted at this stage should be carefully considered by the student and the Supervisory Committee prior to submission of the thesis for final examination.

7. The thesis shall conform to the School of Graduate Studies General Regulations, Thesis and Reports.

26.2.3 Evaluation
1. In order to continue in the School of Graduate Studies and in order to qualify for a Master's Degree a student shall obtain a grade of 'A' or 'B' in each program course as per General Regulations, Evaluation, Evaluation of Graduate Students.

2. The Supervisor and the Supervisory Committee may recommend that a student be required to withdraw from the program, if after consultation with the student, it is determined that the student is not making satisfactory progress towards completion of the program and the unsatisfactory progress is unlikely to be corrected.

26.2.4 Thesis
A student must meet the requirements as outlined under the School of Graduate Studies General Regulations, Thesis and Reports.

26.2.5 Courses
FISH 6000 Science Communication for Fisheries
FISH 6001 Ecology, Management, and Practice of North Atlantic Fisheries
FISH 6002 Data Collection, Management, and Display
FISH 6004 Overview of Statistical Stock Assessment
FISH 6005 Advanced Statistical Stock Assessment

27 Regulations Governing the Degree of Master of Science in Kinesiology

www.mun.ca/hkr
Professor and Dean
H. Carnahan

The Degree of Master of Science in Kinesiology (M.Sc. (Kinesiology)) is offered to qualified full-time and part-time students by the School of Human Kinetics and Recreation. The General Regulations of the School of Graduate Studies of Memorial University of Newfoundland outlined in the current Calendar, and the Degree Regulations of the School of Human Kinetics and Recreation outlined below will apply to the Master of Science in Kinesiology program.

27.1 Qualifications for Admission
1. The admission requirements for the Master of Science in Kinesiology are as given under the General Regulations of the School of Graduate Studies. Admission is limited and competitive. Preference for admission may be given to students with undergraduate degrees in relevant disciplines, with a minimum overall B average. Applications submitted through the School of Graduate Studies will be evaluated by the Graduate Studies Committee of the School of Human Kinetics and Recreation. Admission of a candidate to the program shall be made by the Dean of Graduate Studies.

2. Only in exceptional circumstances, and only on the recommendation of the Dean of the School of Human Kinetics and Recreation, shall the Dean of Graduate Studies consider applicants who do not meet the requirements above.

27.2 Program and Degree Requirements
1. The Degree of Master of Science in Kinesiology is offered in the areas of Biomechanics/Ergonomics, Exercise and Work Physiology, Psychology of Sport, Exercise and Recreation, and Socio-cultural Studies of Physical Activity and Health.

2. The program of a candidate for the Master of Science in Kinesiology shall be the responsibility of the Supervisory Committee, composed of the Supervisor and at least one other faculty member recommended with the concurrence of the Supervisor by the Dean of the School, or delegate.

3. Candidates for the Master of Science in Kinesiology shall be required to complete a minimum of 12 credit hours plus a thesis. Either HKR 6000 or HKR 6001 is normally required for all candidates. In addition, all on-campus candidates shall be required to complete four semester-length seminars represented by registration and successful completion of HKR 6314 (a non-credit, repeatable course) in each of four semesters during their tenure in the program. Off-campus or part-time candidates who cannot attend the on-campus seminar series can substitute 24 hours of participation in (over their two-year tenure) and one presentation at national, provincial or regional conferences, workshops, professional development seminars, or equivalent activities. The remaining course requirements will be selected, in agreement with the Supervisory Committee, to reflect the kinesiology areas of specializations offered with the School.

4. It is the responsibility of the student to arrange regular meetings with their supervisory committee. An annual report, prepared by the Supervisor and signed by all members of the Supervisory Committee and the student, is submitted to the Dean of the School of Human Kinetics and Recreation (or delegate) as required by the School of Graduate Studies.

5. Depending on the background of the candidate or his/her area of intended specialization, a candidate's program may be modified. Such modifications may include a reduction in course requirements where a student demonstrates that he or she brings graduate level competency to their program in specific areas, or may include additional graduate or undergraduate courses, as specified by the student's Supervisory Committee. A minimum of three courses or 9 credit hours completed in the School of Human Kinetics and Recreation is mandatory.

6. A student completing a Master of Science in Kinesiology will be required to present a thesis proposal for his or her proposed thesis normally by the end of the third semester of study. The thesis proposal shall normally consist of a full written proposal (including literature review) submitted to the Supervisory Committee, a summary to be distributed to graduate students and faculty one week prior to the presentation and a formal presentation normally at the seminar series. The candidate may be questioned on his/her proposal by the Supervisory Committee and seminar audience. Any deficiencies noted during the presentation should be carefully considered by the student and the Supervisory Committee prior to proceeding with the thesis.

7. All graduate students are expected to attend and participate in the School of Human Kinetics and Recreation seminars and thesis
8. In conjunction and collaboration with other Faculties and Schools of Memorial University of Newfoundland, students may pursue their special interests through electives from departments/schools outside the School of Human Kinetics and Recreation. These courses must be approved by the Graduate Studies Committee and the Dean of Graduate Studies in the preceding semester.

9. Candidates may apply for transfer course credits. All course transfers require the approval of the Dean of Graduate Studies, on the recommendation of the Dean of the School of Human Kinetics and Recreation, and are subject to General Regulation Program Requirements, Transfer of Course Credits of the School of Graduate Studies.

27.3 Evaluation

1. In order to continue as a candidate for a Master of Science in Kinesiology Degree, a candidate who receives a final grade of 'C' or less in a program course must repeat that course and obtain a minimum grade of 'B'. In the case of an elective course a suitable replacement course, acceptable to the Graduate Studies Committee of the School of Human Kinetics and Recreation, may be substituted for the failed course. Only one such repetition/replacement shall be permitted in the candidate's graduate program.

2. When the Graduate Studies Committee of the School of Human Kinetics and Recreation has determined, through consultation with the candidate, the instructors of graduate courses and the program advisor or thesis Supervisor that the candidate's work has fallen below satisfactory level, it may request that the Dean of the School of Human Kinetics and Recreation recommend to the Dean of Graduate Studies that the candidate's program be terminated.

27.4 Period of Study

The period of study for a graduate program shall not normally exceed seven years beyond first registration.

1. A candidate in full-time attendance may register for a maximum of 12 credit hours in any regular semester and a maximum of 6 credit hours in intersession or summer session.

2. A candidate in part-time attendance may register for a maximum of 3 credit hours in any semester, including intersession or summer session.

27.5 Thesis

The School of Graduate Studies General Regulation describes the requirements in Theses and Reports.

27.6 Courses

6000 Quantitative Methods in Physical Education
6001 Qualitative Research Methods in Physical Education
6003 Physical Education, Culture and Society
6111 Canadian Delivery Systems in Physical Education, Recreation and Sport
6120 Curriculum Development in Physical Education
6121 Physical Education Leadership
6122 Comprehensive School Health
6123 Coaching and Long-term Athlete Development
6124 Adapted Physical Activity for Persons with Physical and Intellectual Disabilities
6130 Computer Applications in Physical Education
6201 Foundations of Sport Psychology and Mental Training Techniques
6202 Intervention and Enhancement Techniques in Mental Training Consultation
6203 Sport Psychology Consulting
6310 Exercise Physiology I
6314 Graduate Seminar Series (repeatable, non-credit)
6320 Exercise Physiology II
6330 The Application and Implementation of Kinesiology Technologies
6340 Occupational Biomechanics
6350 Human Error in Complex Work Systems
6350 Knowledge Translation: Applications to Ergonomics and Occupational Health and Safety
6370 Movement and Neural Science
6410 Sport and Society
6500 Introduction to Research in Physical Education
6710-6719: Individual Reading and Research in Special Areas of Exercise and Work Physiology
6720-6729: Individual Reading and Research in Special Areas of Biomechanics and Ergonomics
6730-6739: Individual Reading and Research in Special Areas of Psychology of Sport, Exercise and Leisure

28 Regulations Governing the Degree of Master of Science in Management

www.business.mun.ca

Dean
to be determined

The Degree of Master of Science in Management is a research-focused Master's degree offered by the Faculty of Business Administration. The Degree is offered to full-time students in four areas in management: (1) General Management; (2) Human Resources Management/Organizational Behavior; (3) Information Management; and (4) Operations Management. These regulations must be read in conjunction the General Regulations of the School of Graduate Studies of Memorial University of Newfoundland.

28.1 Qualifications for Admission

Admission is limited and competitive. General qualifications for admission to Masters Programs at Memorial University of Newfoundland are set out under General Regulations, Qualifications for Admission. In addition, the following admission requirements will apply:
1. A Graduate Management Admissions Test (GMAT) score of at least 600. A Graduate Records Examinations (GRE) score of at least 310 will be accepted in lieu of GMAT scores.

2. An applicant who did not complete a four-year baccalaureate degree at a recognized university where English is the primary language of instruction must normally complete either the:
   a. Test of English as a Foreign Language (TOEFL) and achieve a paper-based score of 580 or higher, computer-based score of 237 or higher, or Internet-based score of 92-93 or higher; or
   b. International English Language Testing System (IELTS) and achieve a score of 7 or higher.

28.2 General Program Requirements
1. The program of study for the Master of Science in Management Degree is the responsibility of the Supervisor.
2. It is the responsibility of the Supervisor to meet regularly (at least annually) with the student and to provide guidance at all stages of the candidate’s program. An annual report prepared by the Supervisor and signed by the student and the Supervisor is required to be submitted to the Director of the Master of Science in Management Program (Faculty of Business Administration).
3. Course requirements are set by each of the program areas and are described under Program Areas below.
4. In addition to courses and research, graduate students are expected to participate in Faculty of Business Administration seminars.
5. The Master of Science in Management program requires the successful completion of a written thesis. See School of Graduate Studies General Regulations, Thesis and Reports regarding thesis examination.

28.3 Program Areas
Program areas are available in General Management, Human Resources Management/Organizational Behavior, Information Management, and Operations Management. The program requirements for each program area are outlined below:

28.3.1 General Management Program Requirements
Business 9901; Business 9923; Business 9927; one of Business 8103, Business 9903 or Business 9904; two electives chosen from any other graduate course(s) approved by the student’s supervisor.

28.3.2 Human Resources Management/Organizational Behavior Program Requirements
Business 9901; Business 9920, Business 9921; Business 9924, Business 9925; one of Business 8103, Business 9903 or Business 9904.

28.3.3 Information Management Program Requirements
Business 9901; one of Business 8103, Business 9902, Business 9903 or Business 9904; two of Business 9911, Business 9913, Business 9915 or Business 9918; two other graduate courses approved by the student’s supervisor.

28.3.4 Operations Management Program Requirements
Business 9901; Business 9910; one of Business 8103, Business 9902, Business 9903 or Business 9904; one of Business 9912, Business 9914, or Business 9917; and two other graduate course approved by the student’s supervisor.

28.4 Courses
A selection of courses will be offered to meet the requirements of candidates as far as the resources of the Faculty of Business Administration will allow.
8103 Statistical Applications in Management
9901 Approaches to Management Research
9902 Modeling Methods in Management Research (prerequisite: 9901)
9903 Quantitative Methods in Management Research (prerequisite: 9901)
9904 Qualitative Methods in Management Research (prerequisite: 9901)
9910 Optimization
9911 Data and Process Models in Information Systems Development
9912 Probabilistic Models
9913 Human-Computer Interaction and Decision Support Systems
9914 Supply Chains: Models and Management
9915 Electronic Commerce
9917 Special Topics in Operations Management
9918 Special Topics in Information Systems
9920 Foundations in Organizational Behaviour
9921 Foundations in Human Resource Management
9923 Foundations in Organization Theory
9924 Current Issues in Organizational Behaviour
9925 Current Issues in Human Resource Management
9927 Current Issues in Organization Theory
29 Regulations Governing the Degree of Master of Science in Medicine

www.med.mun.ca

Professor and Dean
M. Steele

The Faculty of Medicine offers the degree of Master of Science in Medicine in eight program areas: Applied Health Services Research, Cancer and Development, Cardiovascular and Renal Sciences, Clinical Epidemiology, Community Health, Human Genetics, Immunology and Infectious Diseases, and Neurosciences. The Faculty of Medicine also offers the degrees of Master of Health Ethics and Master of Public Health. Each program area has a Co-ordinator/Principal who is responsible for communicating the interests of the programs to the Faculty of Medicine Graduate Studies Committee and participates in the admission of graduate students into the program in Medicine.

The Degree of Master of Science in Medicine (in all of the programs excluding the Applied Health Services Research Program) is offered in the Faculty of Medicine to full-time and part-time students. The Applied Health Services Research program is offered by full-time study only. The graduate diploma programs in Community Health and Clinical Epidemiology are offered to full-time and part-time students.

The following regulations will apply in conjunction with the General Regulations of the School of Graduate Studies.

29.1 Master of Science in Medicine

29.1.1 Qualification for Admission
The admission requirements for each of the M.Sc. program areas in Medicine are described under Programs of Study.

29.1.2 General Program Requirements
1. The program of study for the M.Sc. in Medicine Degree is the responsibility of the Supervisory Committee composed of a Supervisor and at least two other faculty members.
2. It is the responsibility of the supervisory committee to meet regularly (at least annually) with the student and to provide guidance at all stages of the candidate's program. An annual report prepared by the Supervisor and signed by the student and all members of the committee is required to be submitted to the Assistant Dean of Research and Graduate Studies (Medicine).
3. Course requirements are set by each of the program areas and are described under Programs of Study.
4. In addition to courses and research, graduate students are expected to participate in Faculty of Medicine seminars and journal clubs.
5. The M.Sc. in Medicine requires the successful completion of a research project and a written thesis.

29.1.3 Program Areas

29.1.3.1 Applied Health Services Research
The Applied Health Services Research program is jointly offered by the University of New Brunswick (UNB), Memorial University of Newfoundland (MUN), and the University of Prince Edward Island (UPEI). Students will be educated in an interdisciplinary environment and will develop a substantive understanding of: the Canadian health system, the conduct of ethical research, critical appraisal, appropriateness of research design for particular policy questions and determinants of health models. They will also gain first-hand exposure in a decision-making/policy environment and learn how to conduct research through completion of a thesis. Access to specific computer software and the Internet is required and will be the responsibility of each student.

1. Administration
   a. An Advisory Board, consisting of the Deans of Graduate Studies, the Principals from each site, plus student representation as well as health care decision makers and stakeholders from the Atlantic Region will oversee the academic program across the Universities and ensure program integrity.
   b. A Program Management Committee, consisting of the Principals from UNB, Memorial University of Newfoundland, and UPEI will oversee the operation of the program.
   c. At Memorial University of Newfoundland, the program shall be administered through the Office of Research and Graduate Studies (Faculty of Medicine) by a Principal who shall be appointed by the Dean of Graduate Studies on the recommendation of the Dean, Faculty of Medicine.

2. Qualifications for Admission
   a. Admission is limited and competitive. To be considered for admission to the program, an applicant shall normally have a bachelor's degree with a minimum 75% average (or equivalent) from an institution recognized by the Senate. Normally, students should have completed an undergraduate course in statistics.
   b. Students are normally admitted to the Fall semester (September). The deadline for receipt of applications is March 1. Late applications will only be considered if admissions decisions have not yet been made.

3. Program Requirements
   a. All students will be required to successfully complete seven core courses, a four-month residency placement and a thesis. In addition, candidates must participate in five conference workshops.
   b. Prior to submission of the thesis to the School of Graduate Studies for examination (see General Regulation Thesis and Reports), candidates shall present an open seminar.
   c. Outline of program of study:

### 29.1.3.2 Cancer and Development

The graduate program in Cancer and Development offers study in fundamental cell and molecular biological areas including viral oncogenesis, growth factors, and oncogenes in developmental models, programmed cell death and drug resistance.

1. **Qualifications for Admission**
   - The admission requirements are as given under the General Regulations governing Master's degrees. All courses in the program have as a prerequisite, successful completion of an advanced, upper-level biochemistry, biology or medical course, with an emphasis on molecular biology or medicine.

2. **Program Requirements**
   - All students are required to attend, for credit, and participate in the Cancer and Development Journal Club (Cancer, Seminars, MED 6400, 6401, 6402, 6403). One other graduate course (chosen from MED 6580, 6590, 6591, 6340, 6341, or 6342) is required for M.Sc. Medicine students although other courses may be required in individual cases.

### 29.1.3.3 Cardiovascular and Renal Science

The graduate program in Cardiovascular and Renal Sciences enables students to pursue research and academic studies in selected topics including hypertension and stroke, neural and endothelial control of vasculature and blood pressure as well as physiological mechanisms promoting heart failure.

1. **Qualifications for Admission**
   - The admission requirements are as given under the General Regulations governing Master's degrees.

2. **Program Requirements**
   - Students will be required to take a minimum of two graduate courses. Basic Cardiovascular and Renal Physiology (MED 6140) is required and must be taken within 1.5 years after entry into the program. Students will choose a second course from MED 6141, 6142, 6143, 6144, or 6194 or any other graduate course approved by the student’s supervisory committee.

### 29.1.3.4 Clinical Epidemiology

The program in Clinical Epidemiology is aimed at university graduates intending a career in health services, faculty members seeking advanced training in clinical epidemiology, medical doctors and other health care professionals interested in health research.

1. **Qualifications for Admission**
   - The admission requirements are as given under the General Regulations governing Master's degrees. In exceptional circumstances, a professional equivalent qualification will be considered for admission.

2. **Program Requirements**
   a. Students are required to take: MED 6262, MED 6250, MED 6255, or MED 6260, plus a minimum of one elective. Electives are normally chosen from MED 6095, MED 6263 and MED 6265 as recommended by the supervisory committee and approved by the Director or Coordinator. In addition students are required to take the Seminar Series (MED 6400, 6401, 6402 and 6403), MED 6250 and MED 6262 are normally completed in the Fall semester. MED 6255 and MED 6260 are normally completed in the Winter semester.
   b. Students are expected to give an oral presentation or course lecture in each year of their program.

### 29.1.3.5 Community Health

The graduate program in Community Health enables students to pursue research and academic studies in selected topics including community health, epidemiology, socio-behavioural health, biostatistics, health services utilization, health policy, and health promotion.

1. **Qualifications for Admission**
   - The admission requirements are as given under the General Regulations governing Master's degrees. In exceptional
circumstances, a professional equivalent qualification will be considered. Students are expected to have successfully completed at least one basic university-level statistics course.

2. Program Requirements
   Students are required to take three core courses: MED 6220, MED 6270, and MED 6280; 2 core stream courses: either the quantitative stream, consisting of MED 6200 and MED 6275 or the qualitative stream, consisting of MED 6294 and MED 6102; and 1 elective; and to attend, for credit, and participate in four semester-length seminar courses (MED 6400-6403).

Graduate students of the Division of Community Health and Humanities may be required to participate in education experiences which occur outside of the St. John's metropolitan area. Students may be responsible for their own associated transportation and accommodation.

29.1.3.6 Human Genetics
The graduate program in human genetics will enable students to pursue academic studies and research in a number of areas of genetics including molecular genetics, genomics, genetics of complex traits, genetic epidemiology, gene mapping, medical genetics, birth defects, and population genetics. Faculty members from all three divisions of the Faculty of Medicine (BioMedical Sciences, Community Health and Humanities, and the Clinical Disciplines) participate in the program.

1. Qualifications for Admission
   The admission requirements are as given under the General Regulations governing Master's degrees. Applicants with backgrounds in the fields of genetics, biochemistry and biology are preferred.

2. Program Requirements
   a. Students will be required to complete a minimum of two graduate courses. Within the Human Genetics program the following courses are offered: Human Molecular Genetics (MED 6393), Human Population Genetics (MED 6390), Applied Human Genetics (MED 6392), Cancer Genetics (MED 6394), Genetic Epidemiology (MED 6395) and Selected Topics in Human Genetics (MED 6391). In addition, there are a number of courses in other graduate programs which could be suitable for some students in this program, including Epidemiology I (MED 6270), Molecular Biology of Cancer (MED 6580), Molecular Biology I (MED 6590) and Molecular Biology II (MED 6591). Course selection for each student is determined by the supervisory committee in consultation with the student and is based on the area of study and past course credits.
   b. Students must also participate in the Genetics Seminar Series (MED 6400, 6401, 6402, 6403) and are expected to participate in other Discipline of Genetics activities including an annual graduate student research forum.

29.1.3.7 Immunology and Infectious Diseases
The Immunology and Infectious Diseases group has an interdisciplinary character and consists of faculty from biomedical science oncology research. The graduate programs are designed to provide individualized training oriented towards basic research and a solid and scientific background in the discipline of immunology and infectious diseases.

1. Qualifications for Admission
   The admission requirements are as given under the General Regulations governing Master's degrees. A Bachelor of Science Degree or equivalent is required.

2. Program Requirements
   Students in the program are required to take a minimum of two courses. MED 6127 is required and the students will choose a second course from: MED 6119, MED 6128, MED 6580 or any other graduate course approved by the student's supervisory committee. Some students may be required to take additional courses depending upon their thesis topic. All students are required to attend, for credit, and participate in the Immunology and Infectious Diseases Seminar Series (MED 6400-6403).

29.1.3.8 Neurosciences
The Neuroscience Program offers graduate studies in an interdisciplinary setting including faculty from biomedical science within the Faculty of Medicine. Graduate students may pursue research in a number of specialty areas including the physiological basis of learning and memory, stroke and neuroplasticity, neuroregeneration, signal transduction mechanisms, neuronal circuitry, neuroimmunology, and membrane physiology.

1. Qualifications for Admission
   The admission requirements are as given under the General Regulations governing Master's degrees. It is expected that the students will have had courses in biochemistry, biology and/or psychology with some exposure to basic university-level statistics.

2. Program Requirements
   a. Students in the program are required to take Systems Neuroscience (MED 6196) and one other graduate level course. Additional courses may be required based on the recommendation of the supervisory committee.
   b. Students are expected to attend and participate in the activities of the neuroscience group including the weekly seminar and journal club.

29.2 Graduate Diploma
The Faculty of Medicine offers a Graduate Diploma providing an opportunity for professionals and individuals within the health sector to obtain or upgrade their training in Community Health and Humanities or Clinical Epidemiology.

29.2.1 Qualifications for Admission
To be admitted into the respective graduate diploma program a student must be eligible to register as a graduate student, as described under General Regulations, Graduate Diploma Programs. In special circumstances, and upon the recommendation of the Associate Dean of Community Health and Humanities, or Director of Clinical Epidemiology, for their respective program, a suitable combination of training and professional experience relevant to that program may be acceptable for admission.

29.2.2 Program Requirements
1. Community Health and Humanities
   A graduate diploma in Community Health requires successful completion of MED 6220, MED 6270, 3 electives, and 2 semester-length seminar courses (MED 6400-6401).
2. Clinical Epidemiology

A graduate diploma in Clinical Epidemiology requires successful completion of MED 6262, 6250, and 6255 and the completion of two of the Clinical Epidemiology seminar courses: MED 6400 and 6401. Students are expected to give an oral presentation in the seminar series.

29.2.3 Graduate Courses

6070 Seminars in Physiological Instrumentation
6075 Human Physiology, Performance and Safety in Extreme Environments (HSPE)
6090-6101 Special Topics
6102 Critical Theory in Health and Society
6103-6119 Special Topics
6127 Immunology I
6128 Immunology II (prerequisite: Medicine 6127)
613A/B Advanced Immunological Methods (same as the former 6130)
6131-6139 Special Topics
6140 Basic Cardiovascular and Renal Physiology
6141 Cardiovascular/Renal Techniques
6142 Selected Topics in Cardiovascular and Renal Physiology
6143 Cardiovascular Anatomy
6144 Current Concepts in Cardiovascular and Renal Pathophysiology
6180 Structure, Function and Pharmacology of Muscle
6190 General Pharmacology
6192 Pharmacology of Receptors and Receptor Effector Coupling Processes
6193 Advanced Topics in Neuroscience
6194 Advanced Topics in Physiology
6195 Neurobiology of Nervous System Diseases
6196 Systems Neuroscience
6197 Cellular Neuroscience
6198 Neuroanatomy for Graduate Students (accelerated format)
6199 Health Sciences: Writing and Grantsmanship
6200 Biostatistics I (credit may be obtained for only one of MED 6200 or MED 6262)
6220 Introduction to Community Health
6225 Health Inequities and the Social Determinants of Health
6250 Basic Clinical Epidemiology
6255 Clinical Research Design
6260 Applied Data Analysis for Clinical Epidemiology
6262 Biostatistics in Clinical Medicine (credit may be obtained for only one of MED 6200 or MED 6262)
6263 Conducting and Publishing Systematic Review and Meta-analysis
6265 Genetics and Clinical Epidemiology
6266 Advanced Qualitative Methods
6267 Advanced Quantitative Methods
6268 Research and Evaluation Design and Methods
6269 Quantitative Methods for Applied Health Research
6290 Determinants of Health: Healthy Public Policy
6292 Qualitative and Quantitative Methods for Health Services Research
6293 Knowledge Transfer and Research Uptake
6294 Advanced Quantitative Methods
6295 Advanced Quantitative Methods
6296 Residency
6297 Theories of Social Justice in Health
6300 Research Topics in Cancer I
6310 Research Topics in Cancer II
6340 Basic Principles of the Pathology of Cancer
6390 Human Population Genetics
6391 Selected Topics in Human Genetics
6392 Applied Human Genetics
6393 Human Molecular Genetics
6394 Cancer Genetics
6395 Genetic Epidemiology
6400 Research Seminars for M.Sc. Students I (one-credit hour)
6401 Research Seminars for M.Sc. Students II (one-credit hour)
6402 Research Seminars for M.Sc. Students III (one-credit hour)
6403 Research Seminars for M.Sc. Students IV (one-credit hour)
6410 Research Seminars for Ph.D. Students I (one-credit hour)
6411 Research Seminars for Ph.D. Students II (one-credit hour)
6412 Research Seminars for Ph.D. Students III (one-credit hour)
6413 Research Seminars for Ph.D. Students IV (one-credit hour)
6430 Medical Science/Social Responsibility in Health Care: Aspects of Medical History (same as History 6125)
6450 Molecular Biology of Cancer (prerequisites: Biology 4241, Biochemistry 4100 or equivalent)
6590 Molecular Biology I (cross-listed as Biology 6590 and credit-restricted with Biochemistry 6590) prerequisites: Biology 4241 (or equivalent)
6591 Molecular Biology II (cross-listed as Biology 6591 and credit-restricted with the former Biochemistry 6591) prerequisites: Biology
30 Regulations Governing the Degree of Master of Science in Pharmacy

www.mun.ca/pharmacy

Associate Professor and Interim Dean
L. Bishop

The Degree of Master of Science in Pharmacy (M.Sc. (Pharm.)) is offered to qualified full-time and part-time students by the School of Pharmacy. The General Regulations of the School of Graduate Studies of Memorial University of Newfoundland outlined in the current Calendar, and the Degree Regulations of the School of Pharmacy outlined below will apply to the M.Sc. (Pharm.) program. Every candidate in graduate studies shall comply with the General Regulations, the Degree Regulations, and all additional requirements of the School of Pharmacy.

30.1 Qualifications for Admission

Admission to the M.Sc. (Pharm.) program will be offered on the basis of academic excellence. The basic requirements for admission are those established by the School of Graduate Studies of Memorial University of Newfoundland. The minimum qualification for admission is a recognized four-year undergraduate degree in Pharmacy, or a recognized four-year undergraduate degree in physical, chemical or biological science, or equivalent, with an overall B average.

Applications submitted through the School of Graduate Studies will be evaluated by the Graduate Studies Committee of the School of Pharmacy. No candidate will be admitted to the program without a recommendation of acceptance by the Graduate Studies Committee. Admission of a candidate to the M.Sc. (Pharm.) program shall be made by the Dean of Graduate Studies.

30.2 Formulation of Program of Study

Upon acceptance to the program, the Supervisor will assess the student’s research interests, background, strengths, and weaknesses. The Supervisor will formulate a program of study (see below) and select a supervisory committee for the student. The program of study will be selected on the basis of the thesis research, the background of the student, and the perceived need for specific graduate courses that will complement the student's working knowledge in his/her area of research. The supervisory committee will include the Supervisor, one other academic staff person from the School of Pharmacy, and one external academic staff person from Memorial University of Newfoundland. This committee will advise the student about his/her thesis research. Accordingly, they will meet with the student within two months of his/her initial registration, at the end of the second semester (8th month of study), at the end of the fourth semester (16th month), and immediately before the student begins to write the thesis. Both the program of study and the supervisory committee must be approved by the Graduate Studies Committee.

30.3 Program of Study

1. Minimum requirements for the M.Sc. (Pharm.) Degree will be the successful completion of:
   a. Six credit hours in program graduate courses chosen from those available in Pharmacy, Medicine, or Biochemistry.
   b. Pharmacy Seminar
   c. A thesis embodying original research

2. Graduate courses will be chosen based on the academic background of the student and the area of his/her thesis research. Note: Qualified students accepted into the program who are considered to have an insufficient background for their thesis research may be required to successfully complete additional courses as selected by their Supervisor.

3. Pharmacy Seminar: All candidates for the Degree of M.Sc. (Pharm.) will be required to participate in the Pharmacy Seminar during the first two years of their program. Selected topics in pharmaceutical sciences will be presented and discussed by faculty, students and visiting speakers. Graduate students will be required to present one seminar each year. In the second year of study, the graduate student will present a progress report of his/her research in the seminar. Upon successful completion of the seminar the Chair of the Graduate Studies Committee will so notify the Dean of Graduate Studies.

30.4 M.Sc. (Pharm.) Thesis

Every candidate shall submit a thesis to the School of Graduate Studies. The thesis shall contain original research conducted by the candidate and approved by the supervisory committee.

In preparation for the thesis examination, the candidate will provide a copy of the thesis to each member of the supervisory committee. Each member of this committee will submit a written report to the Chairman of the Graduate Studies Committee.

Before the thesis is submitted, the candidate shall present an open seminar on the topic of investigation to the School of Pharmacy. Any serious deficiencies noticed at this stage should be carefully considered, in consultation with the supervisory committee, for revision.

Three copies of the thesis shall be submitted to the School of Graduate Studies through the School of Pharmacy, in a form and format as specified by the School of Graduate Studies.

As specified in General Regulation Theses and Reports of the School of Graduate Studies, the written thesis will be reviewed by examiners appointed by the Dean of Graduate Studies on the recommendation of the Dean of the School of Pharmacy or the Chairman of the Graduate Studies Committee.

30.5 Courses

Permission of the instructor and the Graduate Studies Committee of the School of Pharmacy is required for admission to any of the graduate Pharmacy courses.

6000 Medicinal Chemistry
6001 Advanced Physical Pharmacy
6002 Dosage Form Design and Novel Drug Delivery Systems
6003 Pharmacokinetic Modelling
6004 Principles of General Pharmacology
Qualifications for Admission

1. Admission to the M.S.W. program is limited, selective, and competitive. Meeting the minimum criteria for admission does not guarantee acceptance to the program.

2. To be considered for admission, an applicant shall hold a Bachelor of Social Work (B.S.W.) degree (or an equivalent professional undergraduate degree in social work approved by the M.S.W. Program Committee of the School of Social Work) from an institution recognized by the Senate, with at least second class standing, and an average of at least 70% in the last 60 undergraduate credit hours.

3. In addition to the stated academic requirements, the applicant must have completed, subsequent to obtaining the B.S.W. degree, at least two years employment in professional social work practice or in a comparable human service discipline or activity. Extensive relevant experience prior to undergraduate degree work may be recognized in full or partial fulfillment of this requirement.

4. For ten percent of seats per year, priority is given to applicants of First Nations/Aboriginal ancestry who meet the minimum criteria for admission. When the number of eligible applicants wishing to be considered under this clause exceeds the number of seats available, priority will normally be given to bona fide residents of Newfoundland and Labrador (see Qualifications for Admission). Applicants wishing to be considered under this clause shall complete the Educational Equity section of the Supplementary Information form at the time of application.

5. For an additional ten percent of seats per year, priority is given to applicants from other equity groups, based on a person’s sexual orientation, gender identity, race, ethnicity, disability and/or being disadvantaged by their economic position/background and who meet the minimum criteria for admission. When the number of eligible applicants wishing to be considered under this clause exceeds the number of seats available, priority will normally be given to bona fide residents of Newfoundland and Labrador (see Qualifications for Admission). Applicants wishing to be considered under this clause shall complete the Educational Equity section of the Supplementary Information form at the time of application.

6. Notwithstanding the above, and in keeping with the School’s commitment to achieving equitable representation in the student body, the M.S.W. Program Committee of the School of Social Work, at its discretion, may give preference to additional applicants of First Nations/Aboriginal ancestry and/or members of other equity groups who meet the minimum criteria for admission.

7. Notwithstanding the above, and in keeping with the University’s special obligation to educate the citizens of Newfoundland and Labrador, when the number of eligible applicants exceeds the number of seats available, priority will normally be given to bona fide residents of Newfoundland and Labrador (see Qualifications for Admission).

8. Applicants will be deemed bona fide residents of Newfoundland and Labrador if they are currently residing in the province.

Procedure for Admission

1. Applicants must submit an application for admission with supporting documentation to the School of Graduate Studies, which approves recommendations for admission made by the M.S.W. Program Committee of the School of Social Work. The supporting documentation will consist of: an official transcript of the applicant’s previous academic record submitted directly from the institution(s) attended; a statement of previous professional employment; a list of any published or unpublished works; a declaration of program emphasis and educational objectives; and two letters of appraisal, to be submitted by two referees, one assessing the applicant’s previous academic performance and one assessing the applicant’s previous practice performance. Letters of appraisal are to be submitted directly to the School of Graduate Studies by the referees.

Note: Independent of admission to the program, agencies providing the mandatory field practicum may have a range of additional requirements such as Criminal Record Check, Child Protection Records Check, or Health Check.

2. The deadline date for receipt of applications for admission in September of each year is January 15 of the same year. All application
forms and supporting documentation for admission to the program must be submitted to the School of Graduate Studies on or before the deadline of January 15. Under special circumstances, late applications and admissions in other semesters may be considered.

3. The M.S.W. Program Committee of the School of Social Work may require the applicant to be interviewed by one or more faculty members of the M.S.W. Program Admissions Subcommittee.

4. A person who meets the basic admission requirements under Qualifications for Admission, may, space permitting, take SCWK 6012 without being admitted to the M.S.W. program. Persons wishing to take a course under this provision must have applied for admission to the M.S.W. program by January 15th of the same year, and been placed on the waitlist. If there are available seats in the course, the applicant will need to submit to the School of Social Work the appropriate form requesting permission to register in a graduate course, and apply or reapply for admission to Memorial University of Newfoundland as an undergraduate.

5. A person who has completed an M.S.W. degree is eligible to register in any M.S.W. course offering, space permitting.

31.3 Plan of Study

1. A student's plan of study will be developed cooperatively by the student and the M.S.W. Student Services Coordinator.

2. Specified supplementary studies may be required to ensure requisite knowledge pertinent to the requirements for the degree.

3. A student electing a thesis program shall be assigned a Supervisor by the Dean of the School in consultation with the student. It is recommended that a thesis Supervisor be assigned as early in the program as possible. The thesis supervisor, when assigned, shall normally assume the duties of faculty advisor and Pathway mentor.

4. a. Students who choose the thesis route must complete a thesis and a minimum of 21 credit hours consisting of SCWK 6012 (or the former 6011), 6013, 6014, 6313, 6413, 6917, and at least one of SCWK 6314 or 6315. Course route students must complete a minimum of 27 credit hours consisting of SCWK 6012 (or the former 6011), 6013, 6014, 6313, 6314, 6315, 6413, 6417, and 6917. Students in either route may be required to take additional courses.

b. In addition to the above, students will be required to register for SCWK 6000 during each of the relevant semesters as prescribed below, in accordance with their plan of study. This course comprises the academic mentorship component of the program and is designed to provide students with the opportunity to integrate curriculum with their individual academic and practice interests throughout their time in the program. For course route students, SCWK 6000 serves as a foundation for SCWK 6417. For thesis route students, SCWK 6000 serves as a foundation for their thesis.

i. Full-time course route and all thesis route students will register for SCWK 6000 beginning in the Fall of their first year and in each subsequent semester in which they are actively completing course work in the M.S.W. program.

ii. Part-time course route students completing the program in 6 semesters will register for SCWK 6000 beginning in the Fall of their first year and in each subsequent semester in which they are actively completing course work in the M.S.W. program.

iii. Part-time course route students completing the program in 9 semesters will register for SCWK 6000 beginning in the Fall of their second year and in each subsequent semester in which they are actively completing course work in the M.S.W. program.

iv. By the end of the final week of the first semester in which students are registered in SCWK 6000, they are required to submit the M.S.W. Pathway Learning Contract to their Mentor. Students are also required to submit a written progress report due the last day of classes of each semester, beginning with the first semester in which they are registered in SCWK 6000.

v. A grade of NC (No Grade Expected) will be awarded in all semesters of the course prior to the final Semester. The final grade in this non-credit course will be either Pas or Fal.

31.4 Field Practicum SCWK 6917

Each M.S.W. student is required to complete a 500 hour field practicum that is to be conducted in a setting and supervised by a qualified field instructor approved by the School of Social Work. Field Instructors must have as a minimum qualification a M.S.W. Degree and a minimum of two years post-M.S.W. social work employment.

Field practica may be offered in whole or in part outside the normal start and end dates of a semester. Part-time field practica of two semesters will require approval from the proposed agency, field instructor, and the M.S.W. Field Education Coordinator.

The M.S.W. Field Education Coordinator is responsible for facilitating appropriate matches among the student, field instructor, and field practicum setting. Although consideration will be given to all factors affecting the location and type of social work field practica, final approval of field practica rests with the School of Social Work. The School cannot guarantee the availability of M.S.W. field instruction in all communities and at all times. Students are responsible for their own financial support during the field practicum.

At least four months prior to the commencement of the semester in which they intend to begin SCWK 6917, all students shall submit a completed Intent to Register in M.S.W. Field Practicum form and a current resume to the M.S.W. Field Education Coordinator. At least six weeks before the practicum commences, students shall submit an M.S.W. Field Practicum Proposal to the Coordinator. The School of Social Work depends on the cooperation of community agencies external to the University to provide field practica and instruction to its students. Many of these agencies have a range of requirements, such as Criminal Record Check, Child Protection Records Check, or Health Check, which must be completed before starting the practicum. Students unable to meet the agency's requirements may be delayed in their program or prevented from completing their program of study. Students are required to complete and update these requirements in a timely fashion and at their own expense. The procedures of any given agency may change from time to time and are beyond the control of the University.

Evaluation of the field practicum will be on a PAS/FAIL basis. Students who voluntarily withdraw from the field practicum without prior approval of the M.S.W. Field Education Coordinator, or who conduct themselves in such a manner as to cause the agency and the M.S.W. Field Education Coordinator to terminate the practicum, will normally be awarded a grade of FAIL in the field practicum.

Students who voluntarily withdraw from the field practicum with the prior approval of the M.S.W. Field Education Coordinator cannot be guaranteed a second practicum during that semester. In this case, the student will be awarded a grade of INC for the field practicum.

The student shall normally complete a field practicum the following semester.

31.5 Course Format

To increase accessibility for students in remote and rural areas, we offer courses in the following formats:

1. SCWK 6012, 6013, 6014, and 6413 are online courses.

2. SCWK 6313, 6314 and 6315 are online courses with a mandatory on-campus institute component consisting of 36 hours of classroom instruction. Course materials and activities for the pre-institute and post-institute components of the courses are available online for students. Students must be available on a full-time basis to attend classes and complete assignments and group projects during the institute portion of these courses. It is recommended that students take leave from their employment for the duration of an on-campus institute, which may be scheduled in a combination of weekday, evening, and weekend hours within a two-week time
The School of Graduate Studies

2017-2018 period. The final decision regarding the on-campus institute schedule rests with the School of Social Work.

3. SCWK 6917 can be completed in St. John’s, or in a student's home community, where appropriate supervision is available.

4. SCWK 6000 and 6417 can be completed in St. John’s or in a student’s home community.

5. In exceptional circumstances, and contingent upon student numbers and school resources, additional course sections may be offered in a regular classroom format.

31.6 Period of Study

For students admitted to the program under Plan of Study above:

1. For part-time students, the program is designed to permit completion of all degree requirements within three academic years (nine semesters) or two academic years (six semesters). The following is a sample program of study for nine semesters:

   **Fall Semester:**
   - SCWK 6012 in Year 1
   - SCWK 6000, 6013, 6313, 6315 or 6413 in Year 2
   - SCWK 6000, 6013, 6313, 6315 or 6413 in Year 3

   **Winter Semester:**
   - SCWK 6013, 6014, 6313, 6314, or 6413 in Year 1
   - SCWK 6000, 6013, 6313, 6314, or 6413 in Year 2
   - SCWK 6000, 6013, 6313, 6314, or 6413 in Year 3

   **Spring Semester:**
   - SCWK 6014, 6314 or 6315 in Year 1
   - SCWK 6000, 6014, 6314 or 6315 in Year 2
   - SCWK 6917 (Field Practicum) may be completed in Fall/Winter/Spring of Year 3
   - SCWK 6417 (Pathway Scholarship) is the final requirement to be completed and may be completed in the same semester as SCWK 6917 (Field Practicum). Students are required to register for SCWK 6000 concurrently with SCWK 6917 and 6417.

2. For full-time students, course route, the program is designed to permit completion of all degree requirements within one academic year (three semesters), as follows:

   **Fall Semester:**
   - SCWK 6000, 6012, 6313 (Institute) and 6413. Thesis students are required to complete 6313 and only one of the two institute courses 6314 or 6315

   **Winter Semester:**
   - SCWK 6000, 6013, 6014, and 6314 (Institute)

   **Spring Semester:**
   - SCWK 6000, 6315, 6917 (Field Practicum), thesis. Thesis students are required to complete 6313 and only one of the two institute courses 6314 or 6315

3. For full-time students, thesis route, the program is designed to permit completion of all degree requirements within one academic year (three semesters), as follows:

   **Fall Semester:**
   - SCWK 6000, 6012, 6313 (Institute) and 6413

   **Winter Semester:**
   - SCWK 6000, 6013, 6014, 6314 Institute). Thesis students are required to complete 6313 and only one of the two institute courses 6314 or 6315

   **Spring Semester:**
   - SCWK 6000, 6315, 6917 (Field Practicum), thesis. Thesis students are required to complete 6313 and only one of the two institute courses 6314 or 6315

31.7 Evaluation

1. Failure to attain a final passing grade of A or B in a program course, or PAS in a PASS/FAIL course, shall lead to termination of the student’s program, unless a re-read has been requested. Failure to obtain the required grades in the re-read shall lead to termination of the student's program.

2. To remain in good standing students are required to maintain professional behaviour consistent with the current Code of Ethics of the Canadian Association of Social Workers (www.casw-acts.ca/en/Code-of-Ethics). Students who are registered in their home province are required to comply with the current Code of Ethics of their provincial association of social workers. Students who are not registered in their home province are required to comply with the current Code of Ethics of the Canadian Association of Social Workers (www.casw-acts.ca/en/Code-of-Ethics). Students who fail to meet this requirement will be required to withdraw from the School upon the recommendation of the M.S.W. Program Committee.

31.8 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the School will allow.

**Program Courses**

6000 Pathway (mandatory repeatable non-credit course)

6012 Critical Thinking and Reflection (credit may not be obtained for both 6012 and the former 6011)

6013 Leadership for Social Justice (prerequisite/co-requisite 6012) (credit may not be obtained for both 6013 and the former 6540)

6014 Leadership in Social Policy and Programs (prerequisite/co-requisite 6012) (credit may not be obtained for both 6014 and the former 6530)

6313 Perspectives with Individuals and Families (prerequisite/co-requisite 6012) (credit may not be obtained for both 6313 and the former 6312 or 6322)

6314 Perspectives with Diverse Communities (prerequisite 6012) (credit may not be obtained for both 6314 and the former 6230)

6315 Perspectives with Groups (prerequisite 6012) (credit may not be obtained for both 6315 and the former 6332)

6413 Research Theory, Design, and Analysis (prerequisite/co-requisite 6012) (credit may not be obtained for both 6413 and the former 6412 or 6422)

6417 Pathway Scholarship (following completion of all other program components) (credit may not be obtained for both 6417 and the former 6432 or 6442)

6917 Field Practicum (prerequisites 6012, 6013, 6014, 6313 and 6413 and prerequisite/co-requisite two of 6314 and 6315 for course
route students; one of 6314 or 6315 for thesis route students) (credit may not be obtained for both 6917 and the former 6912)

**Program Core Courses for Students Admitted Prior to Fall 2011**

- 6011 Critical Thinking and Ethical Evaluation for Assessment and Intervention
- 6312 Crisis Intervention, Brief and Integrated Therapies for Diverse Individuals (prerequisite/co-requisite 6011) (credit may not be obtained for both 6312 and 6313)
- 6322 Family Therapy: Promotion of Strengths and Prevention of Violence in Diverse Families (prerequisite 6011) (credit may not be obtained for both 6322 and 6313)
- 6332 Social Work Perspectives in Interdisciplinary Team Development and Group Therapy (prerequisite 6011) (credit may not be obtained for both 6332 and 6315)
- 6412 Research Design for Social Work Assessment and Evaluation (prerequisite/co-requisite 6011) (credit may not be obtained for both 6412 and 6413)
- 6422 Data Analysis for Social Work Assessment and Evaluation (prerequisite 6011 and 6412) (credit may not be obtained for both 6422 and 6413)
- 6432 Research Internship (2 credit hours) (prerequisite 6011, 6412 and 6422)
- 6442 Colloquium Presentation Integrating Theory and Research in Advanced Clinical Practice (1 credit hour) (following completion of all other program components)
- 6912 Advanced Clinical Practice Internship (prerequisites 6011, 6312, 6322 and prerequisite/co-requisite 6332) (credit may not be obtained for both 6912 and 6917)

**Program Elective Courses for Students Admitted Prior to Fall 2011**

- 6230 Seminar in Community Development (credit may not be obtained for both 6230 and 6314)
- 6530 Seminar in Social Administration: Evaluation of Policies and Programs (credit may not be obtained for both 6530 and 6014)
- 6540 Supervision in Professional and Clinical Practice (credit may not be obtained for both 6540 and 6013)
- 6550 Feminist Therapy in Social Work Practice

Although the School does not currently offer a program in Social Policy and Administration, it has faculty expertise in these areas and, in the future, may offer the following courses:

- 6210 Seminar in Social Planning and Social Development
- 6220 Seminar in Organization Development
- 6510 Seminar in Social Administration: Social Policy Analysis, Development and Administration
- 6520 Seminar in Social Administration: Program Design and Development
- 6820-29 Individual Reading and Research in Special Areas

**Thesis**

See General Regulations, Theses and Reports.

Note: Every candidate shall comply with the General Regulations governing the School of Graduate Studies and the M.S.W. Degree Regulations.

### Regulations Governing the Degree of Master of Technology Management

[www.mi.mun.ca](http://www.mi.mun.ca)

**Vice-President (Marine Institute)**

G. Blackwood

#### 32.1 Administration

The Program will be administered by an Academic Director appointed by the Vice-President (Marine Institute), together with an Academic Advisory Committee.

An Academic Advisory Committee will be appointed by the Dean of Graduate Studies on recommendation of the Vice-President (Marine Institute). This committee will consist of the Academic Director as Chair, three members from the Marine Institute and one member from each of the Faculty of Business Administration and the Faculty of Engineering and Applied Science. Normally, all appointments will be for a period of three (3) years.

A Technical Advisory Committee consisting of a cross-section of members with professional expertise related to the technology sector, will provide regular feedback on program content, instruction, and future direction of the Program. Members of this Committee will be appointed by the Dean of Graduate Studies on recommendation of the Vice-President (Marine Institute). The Academic Director will be an ex officio member and Chair of the Technical Advisory Committee. Normally all appointments will be for a period of three (3) years.

#### 32.2 Program

The Master of Technology Management (MTM) is a comprehensive academic program that provides a broad understanding of the structure and operation of organizations and the factors that influence business decisions in the context of technology-based organizations. It provides a technology management focus through the development of knowledge and understanding of the nature of technical operations and the factors that have an impact on their success, as well as the ability to apply these concepts within their organizations.

The program consists of two Options:
- Engineering and Applied Science Technology Option
- Aquaculture Technology Option

The program is offered online and requires successful completion of either 1) 24 credit hours of course work and a comprehensive project and report (6 credit hours), or 2) 30 credit hours of comprehensive course work. Candidates will typically register on a part-time basis.

#### 32.2.1 Admission Requirements

Admission to the program is on a competitive basis.

1. The deadlines for submission of applications are as follows:
   - Fall (September) semester: May 15
   - Winter (January) semester: September 15

   Applications received after listed deadlines will be considered as time and resources permit.
2. To be considered for admission to the Engineering and Applied Science Technology Option an applicant will normally possess a second class or better undergraduate degree from a university of recognized standing and will normally have:
- a Memorial University of Newfoundland Bachelor of Technology, Bachelor of Maritime Studies, or a comparable undergraduate degree with appropriate technology sector and business management course work; and
- a minimum of two (2) years relevant employment experience.

3. To be considered for admission to the Aquaculture Technology Option an applicant will normally possess a second class or better undergraduate degree from a university of recognized standing and will normally have:
- a post-graduate aquaculture credential or an aquaculture focus in their undergraduate degree; or significant professional experience in the aquaculture industry; and
- a minimum of two (2) years relevant employment experience.

4. In exceptional cases, applicants who have not completed an undergraduate degree, but who meet all other requirements, may be considered for admission. Preference will be given to those who have significant and relevant professional experience, and have successfully completed several years of post-secondary studies. Applicants who do not meet normal admission requirements shall be required to complete, with a high level of achievement, certain undergraduate courses before being considered for admission.

5. Applicants who did not complete a baccalaureate or post-graduate degree at a recognized university where English is the primary language of instruction must normally complete either the:
- Test of English as a Foreign language (TOEFL) and achieve a paper-based score of 580 (or higher), computer-based score of 237 (or higher), or Internet based score of 92-93 (or higher); or
- International English Language Testing System (IELTS) and achieve a score of 7 (or higher).

Information regarding the TOEFL is available from the Educational Testing Service at www.ets.org. IELTS information is available at www.ielts.org. It is noted that other equivalent tests acceptable to the School of Graduate Studies will also be considered.

6. Upon acceptance into the program, students will be admitted to one of the two Options: the Engineering and Applied Science Technology Option or the Aquaculture Technology Option.

32.2.2 Program of Study

32.2.2.1 Master of Technology Management - Engineering and Applied Science Technology Option

1. Candidates for the Master of Technology Management (Engineering and Applied Science Technology Option) shall be required to complete a minimum of either:

a. 24 credit hours of course work and a major project and report (6 credit hours). Course work includes two compulsory core courses (6 credit hours) and six elective courses (18 credit hours). Students on the project route will complete MSTM 6100: Project in Engineering and Applied Science Technology Management (6 credit hours).
   i. **Core Courses (Two to be completed):**
      - MSTM 6031 Overview of Technical Operations
      - MSTM 6032 Managing Technological Innovation
   ii. **Elective courses (Six to be completed):**
      - MSTM 6022 Communication and Conflict Resolution in a Technical Environment
      - MSTM 6023 Strategic Planning, Policy, Participation and Management in Technical Operations
      - MSTM 6030 Principles of Management for Engineering Technology Enterprises
      - MSTM 6033 Quality Systems
      - MSTM 6034 Project Management in the Offshore, Health, Fisheries and Engineering Technology Environments
      - MSTM 6035 Information Technology Applications in the Health and Engineering Technology Environments
      - MSTM 6036 Supply Chain Management and Advanced Engineering Technology Operations
      - MSTM 6037 Risk Analysis and Operations in the Engineering Technology Sector
      - MSTM 6038 Manufacturing and Engineering Technology Management
      - MSTM 6039 Sustainability and Environmental Responsibility
      - MSTM 6052 Management of Intellectual Property
      - MSTM 6054 Technology Assessment
      - MSTM 6056 Management of International Development

   **Project in Engineering and Applied Science Technology Management**
   - MSTM 6100 Project in Engineering and Applied Science Technology Management (6 credit hours). Students will choose a project in consultation with the Academic Director and will work independently to carry out an in-depth study of a problem or application within the area of technology management and fully document and present their findings. Preferably the problem will be directly related to a workplace situation.

b. 30 credit hours on a comprehensive-course route. Course work includes two compulsory core courses (6 credit hours) and eight elective courses (24 credit hours).
   i. **Core Courses (Two to be completed):**
      - MSTM 6031 Overview of Technical Operations
      - MSTM 6032 Managing Technological Innovation
   ii. **Elective Courses (Eight to be completed):**
      - MSTM 6022 Communication and Conflict Resolution in a Technical Environment
      - MSTM 6023 Strategic Planning, Policy, Participation and Management in Technical Operations
      - MSTM 6030 Principles of Management for Engineering Technology Enterprises
      - MSTM 6033 Quality Systems
      - MSTM 6034 Project Management in the Offshore, Health, Fisheries and Engineering Technology Environments
      - MSTM 6035 Information Technology Applications in the Health and Engineering Technology Environments
      - MSTM 6036 Supply Chain Management and Advanced Engineering Technology Operations
      - MSTM 6037 Risk Analysis and Operations in the Engineering Technology Sector
      - MSTM 6038 Manufacturing and Engineering Technology Management
      - MSTM 6039 Sustainability and Environmental Responsibility
      - MSTM 6052 Management of Intellectual Property
      - MSTM 6054 Technology Assessment
      - MSTM 6056 Management of International Development
2. Up to three relevant elective courses (9 credit hours) may be transferred from other graduate programs within the School of Graduate Studies or from other post-secondary institutions recognized by Senate, subject to the approval of the Dean of Graduate Studies on the recommendation of the Academic Director.

### 32.2.2.2 Master of Technology Management - Aquaculture Technology Option

1. Candidates for the Master of Technology Management (Aquaculture Technology Option) shall be required to complete a minimum of either:
   a. 24 credit hours of course work and a major project and report (6 credit hours). Course work includes two compulsory core courses (6 credit hours); and six elective courses (18 credit hours). Students on the project route will complete MSTM 6102: Project in Aquaculture Technology Management (6 credit hours).
      i. **Core Courses (Two to be completed):**
         MSTM 6031 Overview of Technical Operations
         MSTM 6032 Managing Technological Innovation
      ii. **Elective Courses (six to be completed including at least three from Category B):**
         **Category A**
         MSTM 6022 Communication and Conflict Resolution in a Technical Environment
         MSTM 6023 Strategic Planning, Policy, Participation and Management in Technical Operations
         MSTM 6033 Quality Systems
         MSTM 6034 Project Management in the Offshore, Health, Fisheries and Engineering Technology Environments
         MSTM 6037 Risk Analysis and Operations in the Engineering Technology Sector
         MSTM 6039 Sustainability and Environmental Responsibility
         MSTM 6052 Management of Intellectual Property
         MSTM 6056 Management of International Development
         **Category B**
         MSTM 6071 Management of Aquaculture Technology
         MSTM 6072 Animal Husbandry Management
         MSTM 6073 Aquaculture Environmental Management
         MSTM 6074 Aquaculture Site and Operational Assessment
         MSTM 6075 Aquaculture Engineering Technology Management
      
   Project in Aquaculture Technology Management
      MSTM 6102 Project in Aquaculture Technology Management (6 credit hours). Students will choose a topic in consultation with the Academic Director or designate and will work independently to carry out an in-depth study of a problem or application within the area of aquaculture technology management and fully document and present their findings. Preferably the problem will be directly related to a workplace situation.
   
   b. 30 credit hours on a comprehensive-course route. Course work includes two compulsory core courses (6 credit hours); and eight elective courses (24 credit hours).
      i. **Core Courses (Two to be completed):**
         MSTM 6031 Overview of Technical Operations
         MSTM 6032 Managing Technological Innovation
      ii. **Elective Courses (Eight to be completed including at least three from Category B):**
         **Category A**
         MSTM 6022 Communication and Conflict Resolution in a Technical Environment
         MSTM 6023 Strategic Planning, Policy, Participation and Management in Technical Operations
         MSTM 6033 Quality Systems
         MSTM 6034 Project Management in the Offshore, Health, Fisheries and Engineering Technology Environments
         MSTM 6037 Risk Analysis and Operations in the Engineering Technology Sector
         MSTM 6039 Sustainability and Environmental Responsibility
         MSTM 6052 Management of Intellectual Property
         MSTM 6056 Management of International Development
         **Category B**
         MSTM 6071 Management of Aquaculture Technology
         MSTM 6072 Animal Husbandry Management
         MSTM 6073 Aquaculture Environmental Management
         MSTM 6074 Aquaculture Site and Operational Assessment
         MSTM 6075 Aquaculture Engineering Technology Management

2. Up to three relevant elective courses (9 credit hours) may be transferred from other graduate programs within the School of Graduate Studies or from other post-secondary institutions recognized by Senate, subject to the approval of the Dean of Graduate Studies on the recommendation of the Academic Director.

### 32.2.3 Evaluation

1. Candidates for the Master of Technology Management Degree must obtain a grade of B or better in all program courses.
2. Candidates who receive a grade of less than B in any course will be permitted to remain in the program provided the course is repeated and passed with a grade of B or better. Alternatively, the candidate may, on the recommendation of the Academic Director, and with the approval of the Dean of Graduate Studies, substitute another graduate course. Only one course repetition or substitution will be permitted during the candidate’s program after which the candidate shall be required to withdraw from the program.

### 33 Regulations Governing the Degree of Doctor of Philosophy

In this and following regulations and notes, "Head" and "Department" shall be understood to mean "Dean or Director" and "Faculty or School" respectively, applying the regulations to a Faculty or School in which there are no Departmental divisions.

Students should consult the General Information and Regulations Governing All Graduate Students for information concerning the Degree of Doctor of Philosophy. For information concerning the number of courses required for specific programs, students should consult the following listing for the appropriate Department.

The degree of Doctor of Philosophy (Ph.D.) is offered in selected areas in Anthropology, Archaeology, Atomic and Molecular Physics,
33.1 Anthropology

www.mun.ca/hss
www.mun.ca/anthro

Associate Professor and Head of the Department
K. Gordon

33.1.1 Program of Study

1. The Ph.D. in Anthropology is offered in historic anthropology and ethnography of Newfoundland and Labrador, and Western Europe.

2. An applicant must normally hold a Master's Degree with a specialization in social and cultural anthropology. In exceptional circumstances, a student who has spent three semesters in the M.A. program may be recommended for transfer into the Ph.D. stream.

3. Residency: the Department requires a minimum residency of two years for Ph.D. students.

4. A supervisory committee will be established for each student as per General Regulations, Supervision, Ph.D. and Psy.D. Candidates.

5. A student will normally be required to complete four courses during their first three semesters in the program: Anthropology 6300 and 6890, and two other courses, to be determined by the supervisory committee. The supervisory committee may also require the candidates to complete additional graduate courses.

6. All students must demonstrate a reading knowledge of a second language to be determined in consultation with the supervisory committee. This language will normally be a language in which there is a substantial body of literature in Social and Cultural Anthropology. It could also be a field language pertinent to the student's project. The exam will be set and marked by an authority determined by the Head of the Department and the Dean of Graduate Studies as per General Regulations, Evaluation, Evaluation of Graduate Students, and will normally be completed before the Comprehensive Examination is undertaken.

7. The Ph.D. Comprehensive Examination shall be administered in accordance with General Regulations, Comprehensive Examinations. The examination may be oral, written or both, and shall consist normally of three sessions, each of up to three hours duration, within a one week period, or three (3) one week take home examinations. A student will prepare for these examinations by undertaking supervised readings in three fields prescribed by the three members of the comprehensive exam committee. The examination will deal with specified areas of social/cultural anthropology. The examination will normally be scheduled in the third week of November each year in the second year of the student’s program.

8. The student must submit a written thesis proposal for presentation to the Department two months following completion of his/her comprehensive examination.

9. As stated in the General Regulations for Graduate Studies, the time limit for completion of the Degree is 7 years.

33.1.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

- 6010 Cultural Ecology
- 6071 Health and Illness: Cultural Contexts and Constructions
- 6081 Anthropology of Gender
- 6089 Anthropology of Underclass Life
- 6100 Social Organization
- 6110 Culture and Personality
- 6140 The Community
- 6210 Language and Culture
- 6240 Atlantic Regional Studies
- 6260 Social and Economic Development
- 6280 Newfoundland Ethnography
- 6281 Labrador Ethnography
- 6282 Ethnography of a Single Region
- 6300 Fieldwork and Interpretation of Culture
- 6400 Current Themes in Cultural Anthropology
- 6410 History of Anthropology
- 6412 Anthropological Theory
- 6413 Applied Anthropology
- 6430 Audiovisual Anthropology
- 6440 Master's Research Paper (9 credit hours)
- 6580-6599 Special Areas in Anthropology
- 6600 Contemporary Debates in Anthropology
- 6890 Graduate Seminar
33.2 Archaeology

www.mun.ca/hss  
www.mun.ca/archaeology  

Associate Professor and Head of the Department  
B. Gaulton

33.2.1 Program of Study

1. The Ph.D. in Archaeology is offered in prehistoric and historic archaeology of Northeastern North America and the Arctic.
2. An applicant must normally hold a Master's Degree with a specialization in archaeology.
3. The Department requires a minimum residency of six semesters for Ph.D. students.
4. A supervisory committee will be established for each student as per General Regulations, Supervision, Ph.D. and Psy.D. Candidates, 2.
5. Students will normally be required to successfully complete two courses during their first three semesters in the program: Archaeology 6700 and 6411. The supervisory committee may require the candidates to complete additional graduate courses.
6. All candidates must demonstrate a reading knowledge of a second language to be determined in consultation with the supervisory committee. This language will normally be a language in which there is a substantial body of literature in Archaeology. The exam will be set and marked by an authority determined by the Head of the Department and the Dean of Graduate Studies (see General Regulations, Evaluation, Evaluation of Graduate Students, 4.) and will normally be completed before the Comprehensive Examination is undertaken.
7. The Ph.D. Comprehensive Examination shall be administered in accordance with General Regulations, Comprehensive Examinations. The examination may be oral, written or both, and shall consist normally of three sessions, each of up to three hours duration, within a one week period, or three (3) one week take home examinations. Candidates will prepare for these examinations by undertaking supervised readings in three fields prescribed by the three members of the comprehensive exam committee. The examination will deal with specified areas of archaeology. The examination will normally be scheduled in the third week of November each year in the second year of the candidate’s program.
8. The candidate must submit a written thesis proposal for presentation to the Department two months following completion of his/her comprehensive examination.
9. As stated in the General Regulations for Graduate Studies, the time limit for completion of the Degree is 7 years.

33.2.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

6020 Bioarchaeology  
6040 Human Osteology  
6095 Advanced Studies in Ethnohistory (same as History 6095)  
6151 Palaeoethnobotany  
6181 Palaeoeskimo Cultures of the Eastern Arctic  
6182 Advances in Material Culture Analysis  
6187 Readings in Maritime Provinces Prehistory  
6189 Palaeopathology  
6191 Approaches to Early Modern Material Culture  
6192 Conservation Method and Theory  
6290 Newfoundland and Labrador Prehistory  
6310 Economic Analyses in Archaeology  
6320 Ethnoarchaeology  
6330 Archaeological Field Conservation  
6409 History of Archaeology  
6411 Theory and Method in the Study of Archaeology and Prehistory  
6500 Special Topics in Historical Archaeology (prerequisite 6191)  
6680-6699 (excluding 6687) Special Topics in Archaeology and Prehistory  
6687 Applied Archaeological Sciences  
6700 Interpretative Methods in Archaeology  
6701 Interpretative Methods in Historical Archaeology  
6890 Graduate Seminar

33.3 Biochemistry

www.mun.ca/science  
www.mun.ca/biochem  

Professor and Head of the Department  
M.D. Berry

33.3.1 Program of Study

1. The Degree of Doctor of Philosophy is offered in Biochemistry or Food Science to full-time and part-time students.
2. The admission requirements for the graduate programs in Biochemistry and Food Science are as given under General Regulations. All students must enrol in Biochemistry 6999 (Seminars in Biochemistry and Food Science). Depending on the background and/or area of specialization, a candidate's program may include additional courses taken for credit in Biochemistry, Food Science or related subjects.
3. The program of a candidate for the Ph.D. Degree shall be the responsibility of the supervisory committee, composed of the Supervisor and at least two other faculty members recommended with the concurrence of the Supervisor by the Head.
4. It is the responsibility of the student to arrange regular meetings with his or her graduate supervisory committee. A semi-annual
report, prepared by the Supervisor and signed by all members of the supervisory committee, is required to be given to the Head of
the Department or delegate.

5. A candidate for the Ph.D. degree shall normally take the Comprehensive Examination within the first seven semesters of his or her
program. The examination will have two components: the preparation of a grant proposal on a topic related to the student’s research
specialization followed by an oral examination of the proposal. Failure of this examination will result in the termination of the
candidate’s program.

33.3.2 Courses
A series of advanced courses in the areas outlined below will be offered. Normally only one course will be offered per semester.

6000 Advanced Topics in Lipid and Lipoprotein Metabolism
6001-6009 Special Topics in Biochemistry
6010-6019 Special Topics in Nutrition and Metabolism
6020-6029 Special Topics in Food Science
6400 Control of Intermediary Metabolism
6460 Structural Biochemistry
6520 Nutritional Biochemistry
6530 Food Biochemistry
6590 Cellular, Molecular and Developmental Biology (credit restricted with Biology 6590 and Medicine 6590)
6630 Marine Biochemistry
6680 Processing and Quality of Foods
6999 Seminars in Biochemistry and Food Science

33.4 Biology
www.mun.ca/science
www.mun.ca/biology

Associate Professor and Head of the Department
P. Marino

The Degree of Doctor of Philosophy is offered in Biology to full-time and part-time students. Students interested in animal behaviour
should also consult the section in the Calendar describing the Doctoral programs Cognitive and Behavioural Ecology. Students
interested in Marine Biology should consult the section of the Calendar specific to the Doctoral program in that area of study.

33.4.1 Program of Study
1. A student will be required to take Biology 7000 (Graduate Core Seminar).
2. Admission to a Ph.D. program in Biology shall not normally take place until after the completion of the course requirements and the
submission of the thesis for the M.Sc. Degree. However, on the recommendation of the Department, this requirement may be
waived by the Dean of Graduate Studies.
3. The program of a candidate shall be the responsibility of a Supervisory Committee composed of the Supervisor and at least two
other appropriate members recommended to the Dean by the Head (or delegate) of the Department with the concurrence of the
Supervisor.
4. The Supervisory Committee shall interview the student normally within a month of first registration, to discuss the student’s program
and to explore any areas of weakness in the candidate’s biological knowledge, especially where these relate to the intended areas of
research. The Supervisory Committee will recommend a student’s subdiscipline within Biology to the Department in writing after this
meeting.
5. It is the function of a Supervisory Committee to have regular meetings, at least annually, with its graduate student. A meeting report,
signed by all members of the Supervisory Committee and student, must be given to the Department. A copy will be sent to the
graduate student and to the Dean of Graduate Studies.
6. The candidate will present a tentative outline of the proposed research to the Supervisory Committee, with a copy to the Department
by the end of the second semester, and preferably prior to commencement of the research.
7. The student will present a research seminar to the Department, normally by the end of the second semester following admission, to
describe the research topic being investigated and the methodologies to be employed. This seminar provides an opportunity for the
student to receive constructive input from the broad biological community.
8. When the Supervisory Committee deems it necessary, a working knowledge of a language other than English may be required.
9. Comprehensive Examination
a. Timing of Examination
i. Timing of the comprehensive examination shall follow General Regulation, 1. under Comprehensive Examination, Ph.D
Comprehensive Examination governing the Degree of Doctor of Philosophy. A candidate registered in a full-time Ph.D.
program in the Faculty of Science, Department of Biology shall normally take the comprehensive examination during the first
year of the program, and no later than one year after completion of the prescribed courses.
ii. The procedure shall be initiated by the candidate’s Supervisor who will notify the Department of Biology, in writing, of the
candidate’s readiness. Failure to meet the above requirement can result in the candidate being required to withdraw from the
program.
b. Examination Committee
The Examination Committee shall be appointed by the Dean of Graduate Studies on the recommendation of the Department of
Biology according to Regulation Comprehensive Examinations, Ph.D. Comprehensive Examination, 2. of the General
Regulations of the School of Graduate Studies. No more than two members of the Examination Committee may be members of
the candidate’s Supervisory Committee. The committee shall meet and recommend to the Department in writing an examination
seminar topic within the student’s previously determined subdiscipline.
c. Examination Procedure
The Department shall provide the student the examination date and the seminar topic in writing not more than six nor less than
four weeks prior to the examination. The student shall provide each member of the Examination Committee a written paper on
the seminar topic one week prior to the examination. The Examination Committee shall evaluate the candidate’s presentation
and response to questions put to him/her during the Oral Examination both on the seminar and within the student’s subdiscipline
of Biology.

d. Subsequent Action
The Examination Committee will meet in camera to arrive at its conclusions. The Chair shall report the results of the Examination to the Head and the Dean of Graduate Studies for transmission to the candidate. The report will include one of the following decisions: a) the student passed with distinction, passed or failed. b) if failed and it is the first examination whether the student may be re-examined.

e. Re-examination
Comprehensive Re-examination if permitted will occur not sooner than one month and not more than six months after the first. The candidate and his or her Supervisory Committee shall be informed of the deficiencies found. The format for the second examination will be determined by the Examination Committee with the approval of the Biology Graduate Studies Committee. The candidate will be informed of the topic and format four to six weeks prior to the examination. The examination will follow the procedure outlined in 8.c and d. above. A failure will require the student to withdraw from the program.

10. Theses shall conform to Theses and Reports of the General Regulations of the School of Graduate Studies and the Departmental Guidelines.

33.4.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

6000 Research Topics in Microbiology
6131 Models in Biology (credit cannot be obtained if already received for Biology 4607)
6351 Behavioural Ecology and Sociobiology (cross-listed as Psychology 6351) (credit cannot be obtained if already received for Biology 4701)
6590 Molecular Biology I (cross-listed as Medicine 6590 and credit-restricted with Biochemistry 6590) prerequisites: Biology 4241 (or equivalent)
6591 Molecular Biology II (cross-listed as Medicine 6591 and credit-restricted with the former Biochemistry 6591) prerequisites: Biology 4241 (or equivalent)
6592 Bacterial Genetics (credit-restricted with the former Biochemistry 6592) prerequisite: Biology 4241 (or equivalent)
6593 Selected Readings in Molecular Biology (credit-restricted with the former Biochemistry 6593) prerequisites or co-requisites: one of Biology, Biochemistry or Medicine 6590, and one of Biology 6591, Medicine 6591, or the former Biochemistry 6591 (or equivalent)
6710 Marine Benthic Biology
7000 Graduate Core Seminar (cross-listed as Ocean Science 7000)
7101 Topics in Marine Biology
7201 Topics in Cellular and Molecular Biology and Physiology
7220 Quantitative Methods in Biology (credit cannot be obtained if already received for Biology 4605)
7300 Ornithology (credit cannot be obtained if already received for Biology 4620)
7301 Topics in Ecology and Conservation Biology
7530 The Molecular Biology of Development
7535 Research Methods in Marine Science
7920-7960 Special Topics in Biology (excluding Biology 7931)
7931 Research Methods in Genetic Biotechnology (Note: Biology 7931 may be delivered in an accelerated format outside of the regular semester time frame)

33.5 Chemistry

www.mun.ca/science
www.mun.ca/chem

Professor and Head of the Department
T. Fridgen

33.5.1 Program of Study
The Degree of Doctor of Philosophy in Chemistry is offered as full-time or part-time study. A Master's Degree in Chemistry or related area from a recognized university is normally required for entry into the Ph.D. program. Students holding a Bachelor's Degree (Honours or equivalent) in Chemistry may be considered for direct admission into the Ph.D. program. Students currently registered in the Memorial University of Newfoundland's Chemistry M.Sc. program for a minimum of three semesters may request transfer into a Ph.D. program. The transfer should be supported by the Supervisor and the Supervisory Committee and subsequent to satisfactory presentation of a written progress report and Ph.D. research proposal.

1. Upon recommendation of their supervisor, candidates will write American Chemical Society (ACS) placement test(s) in the first two weeks of their initial semester of registration in order to determine an appropriate course program.

2. Candidates will be assigned a Supervisory Committee consisting of the Supervisor and at least two other appropriate faculty members appointed by the Dean on recommendation of the Chemistry Deputy Head (Graduate Studies).

3. The program of a candidate must be arranged by the Supervisor in consultation with the Supervisory Committee and the student before the second semester of registration. It is the responsibility of the Supervisory Committee to meet at least annually with the student, to provide guidance at all stages of the candidate's program, and, in consultation with the student, to prepare annual written progress reports for submission to the Dean of Graduate Studies.

4. Candidates holding a Master's Degree from a recognized university are normally required to successfully complete a minimum of 6 credit hours of graduate Chemistry courses with a minimum grade of B and to present a Departmental seminar on a topic not directly related to the candidate's research (Chemistry 6002) as well as a seminar describing the candidate's research (Chemistry 6003). Courses taken towards a Master's Degree may not be repeated. Candidates not holding a Master's Degree must successfully complete at least 12 credit hours of graduate Chemistry courses with a minimum grade of B in addition to Chemistry 6002 and 6003.

5. Candidates are required to attend Departmental seminars.

6. Candidates must pass a comprehensive examination, as described in the General Regulations, according to one of the following descriptions:
   a. A three-hour written part covering topics in Organic Chemistry, and, subsequent to the written examination at the discretion of the comprehensive examination committee, an oral exam designed to explore areas of perceived deficiency.
   b. A paper on a research topic selected by the student in consultation with his/her supervisor and the examination committee, and
subsequently, an oral examination designed to explore general areas of Analytical, Inorganic and/or Physical Chemistry and areas of chemistry related to the research topic.

7. Candidates must submit and successfully defend a thesis deemed acceptable by two internal and one external examiner as outlined in the General Regulations.

33.5.2 Courses

6002 Doctoral Seminar
6003 Doctoral Research Seminar
610 Analytical Chemistry II
6150 Advanced Spectroscopic Techniques
615 Analytical Separations and Organic Mass Spectrometry
6152 Electroanalytical Techniques
6153 Techniques in Sampling, Trace Analysis and Chemometrics
6154 Business Management and Good Laboratory Practice
6155 Computers in Instrumental Analysis and Basic Electronics (same as Med 6070)
6156 Analytical Method Development and Sampling
6160 Laboratory Projects in Sampling, Electroanalysis and Trace Analysis
6161 Laboratory Projects in Analytical Separations and Spectroscopic Techniques
6190-9 Selected Topics in Analytical Chemistry
6201 Bioinorganic Chemistry
6202 Main Group Chemistry
6204 Mechanisms in Catalysis
6206 Green Chemistry
6210 Organometallic Chemistry
6290-9 Selected Topics in Inorganic Chemistry
6300 Quantum Chemistry I
6301 Quantum Chemistry II
6302 Molecular Spectroscopy
6304 Computational Chemistry I
6310 Electronic Structure Theory
6323 Chemical Thermodynamics I
6324 Chemical Thermodynamics II
6340 Biophysical Chemistry
6350 Electrochemical Kinetics
6360 Solid State Chemistry
6370 Nanoscale Phenomena
6380 Adsorption on Surfaces
6381 Surface and Interface Science
6382-9 Selected Topics in Physical Chemistry
6390-8 Selected Topics in Physical Chemistry
6399 Chemical Kinetics and Dynamics
6401 Organic Spectroscopic Analysis I
6402 Organic Spectroscopic Analysis II
6421 Natural Products Chemistry
6460 Organic Synthesis
6470 Physical Organic Chemistry
6490-9 Selected Topics in Organic Chemistry
6590-9 Selected Topics in Theoretical and Computational Chemistry
6600 Applications of Inorganic and Organometallic Chemistry to Toxicology
6620 Environmental Chemistry

33.6 Cognitive and Behavioural Ecology

www.mun.ca/science

Co-Chairs
I. Fleming, Department of Ocean Sciences
C. Walsh, Department of Psychology

33.6.1 Program of Study

1. The Cognitive and Behavioural Ecology Graduate Program focuses on interdisciplinary animal behaviour research. Research integrates mechanistic, developmental, evolutionary, and ecological perspectives on behaviour through molecular, individual, and population levels of analysis. Supervisors include faculty from the Departments of Biology, Ocean Sciences, Psychology, the Faculty of Medicine and the Environmental Science Program at Grenfell Campus, as well as adjunct faculty from the Canadian Wildlife Service, Department of Fisheries and Oceans, the Newfoundland and Labrador Forestry and Wildlife Divisions and Parks Canada. The Departments of Biology and Psychology jointly offer the Master of Science and the Doctor of Philosophy degrees in Cognitive and Behavioural Ecology.

2. The Administrative Committee is responsible for the Program. Committee members are appointed by the Dean of Science, on the recommendation of the Chair of the Committee and of the Heads of Biology and Psychology. The Committee Chair is elected by the committee members and appointed by the Dean of Science. The Committee makes recommendations to the Dean of Graduate Studies concerning admissions and academic requirements. In consultation with supervisors, recommendations are made concerning course programs, financial support, thesis committees, comprehensive and thesis topics, examiners and students’ annual progress. Upon program completion, the Committee certifies that all requirements for the appropriate degree have been met. The Department of the Supervisor ensures that adequate facilities are provided for each candidate. Students in Cognitive and Behavioural Ecology are considered for teaching assistantships in the Psychology or Biology Departments.

33.6.2 Regulations

1. There are no required courses for the doctoral program. However, the Doctoral Seminar (CABE 6992) and/or other courses tailored
for individual students may be included in the student's program by the Dean of Graduate Studies on the recommendation of the Chair of the Committee.

2. The comprehensive examination shall normally be taken within the first 5 semesters of the program. An Examination Committee will be struck in accordance with General Regulations. At least one member of either the Department of Biology or of the Department of Psychology (other than the Supervisor) must be on the Examination Committee, along with one other representative from among the faculty members currently associated with Cognitive and Behavioural Ecology and an additional representative from either within or outside of Cognitive and Behavioural Ecology. The candidate’s Supervisor will be on the Examination Committee with a maximum of one other member from the candidate's supervisory committee permitted to serve when appropriate. The Examination Committee is chaired by the Chair of the Cognitive and Behavioural Ecology Committee. The examination will include a comprehensive, integrative review and critical evaluation of novel ideas with regard to a topic in Animal Behaviour or Behavioural Ecology. The review topic is assigned by the Examination Committee, which also determines the submission date for the paper, and the date of the examination. Normally, the student will write the paper in 10 weeks, and the oral examination will occur within two to three weeks of the paper's submission. This paper will form the basis of a public seminar. The Examination Committee will question the candidate about the paper, the topic and its broader relationship with Cognitive and Behavioural Ecology.

### 33.6.3 Courses

| Biology 7220 Quantitative Methods in Biology |
| Cognitive and Behavioural Ecology 6240 Special Topics |

### 33.7 Computer Science

**www.mun.ca/science**  
**www.mun.ca/computerscience**  
**Professor and Head of the Department**  
M. Gong

The degrees of Master of Science and Doctor of Philosophy are offered in Computer Science.

#### 33.7.1 Program of Study

1. Admission into the Ph.D. program in Computer Science is normally restricted to candidates holding a Master's Degree (or equivalent) in Computer Science or a closely related area. Others may be considered for admission. See Qualifications for Admission of the General Regulations. International applicants are strongly encouraged to submit results of the (general) Graduate Record Examination (GRE) Test.

2. Each candidate for the Ph.D. shall complete a program of graduate courses prescribed by the supervisory committee. The normal minimum will be 9 credit hours.

3. The candidate shall take the Comprehensive Examination within the time limits specified in Comprehensive Examinations of the General Regulations. Students should consult the Departmental guidelines for a detailed description of the content of the Comprehensive Examination.

4. The Ph.D. Degree program will conclude with an oral defence of the thesis as described in Theses and Reports of the General Regulations.

#### 33.7.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

- 6758-6769 Special Topics in Computer Applications
- 6770-6790 Special Topics in Computer Science
- 690A/B Research Methods in Computer Science
- 6901 Applied Algorithms (credit may be obtained for only one of 6901 and 6783)
- 6902 Computational Complexity (credit may be obtained for only one of 6902 and 6743)
- 6903 Concurrent Computing
- 6904 Advanced Computer Architecture (credit may be obtained for only one of 6904 and 6722)
- 6905 Software Engineering (credit may only be obtained for one of 6905 or 6713)
- 6906 Numerical Methods (credit may only be obtained for one of 6906 or 6731)
- 6907 Data Mining Techniques and Methodologies (credit may be obtained for only one of 6907 and 6762)
- 6908 Database Technology and Applications (credit may be obtained for only one of 6908 and 6751)
- 6909 Fundamentals of Computer Graphics (credit may be obtained for only one of 6909 or 6752)
- 6910 Services Computing, Semantic Web and Cloud Computing
- 6911 Bio-inspired Computing
- 6912 Autonomous Robotics (credit may be obtained for only one of 6912 and 6778)
- 6913 Bioinformatics
33.8 Earth Sciences

www.mun.ca/science
www.mun.ca/earthsciences

Professor and Head of the Department
J. Hanchar

The degrees of Master of Science and Doctor of Philosophy are offered in Earth Sciences (Geology) and Earth Sciences (Geophysics) by full-time and part-time study.

33.8.1 Program of Study

1. Admission into a Ph.D. program in Earth Sciences (Geology) and Earth Sciences (Geophysics) is normally restricted to candidates holding a Master's Degree or its equivalent. Candidates holding B.Sc. (Honours) degrees who show evidence of exceptional ability may be considered for a direct entry into a Ph.D. program. In exceptional circumstances, a candidate with a B.Sc. (Honours) Degree who has spent not less than 12 months in an M.Sc. Degree program may be recommended for transfer into a Ph.D. program, provided that the candidate can demonstrate, to the satisfaction of the Department of Earth Sciences, his/her ability to pursue research at the doctoral level.

2. A candidate for the Ph.D. Degree is normally required to complete 6 credit hours in addition to the credit hours required for the M.Sc. Degree. The courses must be selected from the overview and general courses below or with the approval of the supervisory committee and Head of Department, other graduate level courses including those offered by other departments. Depending on background and/or area of specialization, a candidate also may be required to complete additional courses in earth sciences or related subjects. All course requirements should be completed within 12 months from the date of the first registration in the Ph.D. program.

3. The Ph.D. Comprehensive Examination shall normally be taken in the first semester of registration in the Ph.D. program.

Note: Detailed descriptions of the Ph.D. Comprehensive Examination are available upon request from the General Office of the Department of Earth Sciences.

4. The Ph.D. Thesis Proposal Examination shall normally be taken in the second semester of registration in the Ph.D. program.

Note: Detailed descriptions of the Ph.D. Thesis Proposal Examination are available upon request from the General Office of the Department of Earth Sciences.

5. The Ph.D. Degree program will conclude with a thesis examination and an oral defense of thesis as prescribed in the General Regulations, Theses and Reports.

6. The Supervisor and the Head of the Department may recommend to the Dean of Graduate Studies that the program of a candidate who is not making satisfactory progress be terminated, in accordance with General Regulation, Termination of a Graduate Program.

7. A candidate is required to give an oral presentation to the Department on the results of his/her research. The presentation must be given during the second or third year of the program.

33.8.2 Courses

A selection of courses will be offered to meet the requirements of candidates as far as the resources of the Department will allow.

Overview Courses
7110 Physics of the Solid Earth
7120 Crustal Geophysics
7300 Changes in Global Paleoenvironment
7400 Tectonic Regimes
7410 Engineering and Environmental Geology
7500 Chemical Fluxes in the Earth
7810 Paleocology (same as former 6810, credit may be obtained for only one of 7810 or 6810)

General Courses
6070 Quantitative Techniques in Mineralogy and Metamorphic Petrology
6105 Advanced Field Course in Applied Geophysics (may be offered in accelerated format)
6141 Rotation of the Earth
6142 Theory of Global Geodynamics
6152 Paleomagnetism
6171 Advanced Exploration Seismology
6172 Borehole Seismic
6175 Gravity and Magnetic Methods
6177 Mathematical Formulations of Seismic Wave Phenomena
6210 Genesis of Mineral Deposits
6320 Marine Geology
6400 Flow and Transport in Fractured Rock
33.9 Education
www.mun.ca/educ
Professor and Dean
K. Anderson

The degrees of Master of Education and Doctor of Philosophy are offered in Education.

The Degree of Doctor of Philosophy in Education is offered to qualified candidates, normally by full-time study. The General Regulations of the School of Graduate Studies of Memorial University of Newfoundland outlined in the current Calendar, and the Degree Regulations of the Faculty of Education outlined below will apply.

33.9.1 Admission to the Ph.D. Program

General qualifications for admission to the Ph.D. Programs at Memorial University of Newfoundland are set out in the University Calendar under School of Graduate Studies, General Regulations Qualifications for Admission, Ph.D. Program.

In addition, the following admission requirements apply:

1. an 'A' standing in a Master's Degree in Education or in an equivalent Master's Degree from an accredited university;
2. evidence of scholarly work, such as a master's thesis, directed research project, or qualifying research paper;
3. normally, completion of two years of professional experience in an educational setting;
4. an interview may be required.

33.9.2 Supervisory Committee

Each candidate will have a supervisory committee comprised of a minimum of three members, at least two of whom shall be members of the Faculty of Education. The thesis Supervisor shall be a faculty member in the Faculty of Education, Memorial University of Newfoundland.

33.9.3 Program of Study

1. Courses
   a. Students are required to successfully complete four courses on the doctoral program.
      Education 701A/B - Doctoral Seminar in Education: Area of Specialization
      Education 702A/B - Advanced Educational Research
      Students will normally register for the 'A' portion of the above-noted courses in the relevant Fall semester of their program of study and the corresponding 'B' portion of the course in the following Winter semester. A grade of NC (No Grade Expected) will be assigned to the 'A' portion of each of these courses.
   b. Students will also be required to complete two available graduate courses related to their program focus and specialty, based on the advice of the student's supervisory committee.
   c. Normally, no more than four courses may be undertaken on a candidate's program.
   d. Education 7003-30 - Special Topics (offered as required)

2. Comprehensive Examination

The candidate shall undertake a written and an oral comprehensive examination, which will follow General Regulation Comprehensive Examinations, Ph.D. Comprehensive Examination which sets out the procedures for the comprehensive examination.

a. A candidate in a Ph.D. program in Education shall normally take the examination no later than the end of the seventh semester in the program. The candidate will have completed required courses prior to taking the Comprehensive Examination. In preparation for the Comprehensive Examination, the doctoral candidate, with the guidance of the candidate's Supervisor, will undertake study of the sub-disciplines/areas of concentration identified by the candidate and supervisory committee and approved by the Doctoral Committee. Normally, these will include the candidate's area of concentration and two additional sub-disciplines/areas of concentration.

b. Such study of sub-disciplines will normally include but not be limited to developing a reading list of important historical and current publications within the sub-disciplines, identifying emerging research emphases within the sub-disciplines, and writing scholarly review papers of these publications.

c. In preparation for the written comprehensive examination, the doctoral candidate and the supervisory committee will agree on the topics to be examined. The examination will be written over a three-week period.

d. Normally, the oral comprehensive examination will occur within six weeks of the written examination, which if judged to be successful by the Comprehensive Examination Committee, will form the basis of an oral comprehensive examination.

e. The procedure for scheduling the Comprehensive Examination shall be initiated by the candidate's Supervisor who will notify, in writing, the Dean of Education of the candidate's readiness. The date of both the written examination and the oral examination will be determined by the Dean of Education. The candidate will receive a written notice of the scheduled date for both examinations from the Dean of Education.
f. The Comprehensive Examination Committee shall be appointed by the Dean of Graduate Studies in accordance with School of Graduate Studies General Regulation Comprehensive Examination, Ph.D. Comprehensive Examination on the recommendation of the Dean, Faculty of Education. There will be six members of the Comprehensive Examination Committee as follows:

Dean of Education or delegate (Chair)
Chair of the Doctoral Committee of the Faculty Council of Education
Candidate's Supervisor
Second member of candidate's supervisory committee
Dean of School of Graduate Studies or delegate (non-voting)
Member of the Faculty of Education or educational community selected by the Dean of Education.

In the event that the Chair of the Doctoral Committee is the candidate's Supervisor, the Dean of Education shall appoint an additional member.

3. Ph.D. Thesis Regulations

a. The candidate must submit a thesis proposal based on his/her own research interest to all members of the Supervisory Committee for critical evaluation. Normally, the proposal must be approved prior to the eighth semester of the program. The Chairperson of the Supervisory Committee will inform the candidate within one month of its acceptance, rejection or acceptance with recommended changes.

b. If the proposal is not acceptable, the candidate will normally be permitted a second attempt. The revised proposal must be submitted and deemed acceptable by the Supervisory Committee within a semester. Failure to resubmit within this time period will lead to termination of the candidate's program.

c. The thesis shall give evidence of the candidate's ability to carry out independent and original research, develop the necessary theoretical and methodological framework and analyses, and present the findings in a scholarly manner.

d. Each candidate will be required to present a seminar on her/his thesis research to the Faculty.

e. Ph.D. program will conclude with the examination and oral defence of the completed thesis in accordance with the appropriate sections of the General Regulation Theses and Reports, Evaluation of Ph.D. Theses governing the School of Graduate Studies.

33.9.4 Courses

701A/B Doctoral Seminar in Education: Area of Specialization (credit may not be obtained for 701A/B and the former 7001)
702A/B Advanced Educational Research (credit may not be obtained for 702A/B and the former 7002)
7003-30 Special Topics

33.10 Engineering and Applied Science

www.engr.mun.ca

Professor and Dean
G. Naterer

The degree of Doctor of Philosophy (Ph.D.) is offered in the Faculty of Engineering and Applied Science and may be obtained either through full-time or part-time studies. The Ph.D. degree can be obtained through programs in Civil Engineering, Computer Engineering, Electrical Engineering, Mechanical Engineering, Ocean and Naval Architectural Engineering, Oil and Gas Engineering, and Process Engineering.

33.10.1 Qualifications for Admission

Admission to the Ph.D. program is limited and competitive. All applicants must meet the minimum qualifications described in the General Regulations for the School of Graduate Studies. Admission is normally restricted to candidates holding a Master's Degree in Engineering or a related area. Decisions on admission, however, will also take into account such things as the applicant's rank in class, referees' assessments, general performance throughout the applicant's previous academic programs, and the availability of supervisors in the area of the applicant's interest. In cases of demonstrated ability, a student enrolled in the M.Eng. program may be allowed to transfer to the Ph.D. program without the completion of all the M.Eng. Degree requirements. As well, in exceptional cases, direct entry to the Ph.D. program, after completion of a Bachelor's Degree in Engineering or a related area, is possible.

 Normally, applicants will be considered in January for admission for the following September. In special cases, applicants may also be considered in April and August. Applications should be made sufficiently far in advance to permit the University to obtain all relevant documents and review the application.

33.10.2 Program of Study and Research

A Ph.D. program shall normally consist of three components:

1. a minimum of 6 credit hours consisting of graduate courses recommended by the student's supervisory committee,
2. a comprehensive examination as detailed in Regulations for Ph.D Comprehensive Examination, and
3. a thesis satisfying the requirements of the General Regulations for the School of Graduate Studies.

In cases of direct entry after a Bachelor's Degree or promotion from a Master's program before fulfilment of the Master's course requirements, it is likely that the student will be required to take more credit hours than the normally required minimum. In such cases, the requirements for the course component of the student's program will be reviewed on an individual basis by the student's supervisory committee and the Dean of the Faculty of Engineering and Applied Science.

33.10.3 Regulations for Ph.D. Comprehensive Examination

Timing

A candidate registered in the Ph.D. Program shall normally take the Comprehensive Examination within four semesters of the start of his/her program. The candidate must have successfully completed all required courses prior to the Comprehensive Examination. The Comprehensive Examination Committee shall be appointed by the Dean of Graduate Studies on the recommendation of the Dean of Engineering and Applied Science, normally within three semesters of the start of the student's program.

The Examination Committee shall be appointed by the Dean of Graduate Studies on the recommendation of the Dean of Engineering and Applied Science, normally within three semesters of the start of the student’s program.
Examination Procedure
The Comprehensive Examination (as prescribed under General Regulations, Comprehensive Examinations, Ph.D. and Psy.D. Comprehensive Examination), shall be an oral examination that is open to the University community; however, only members of the Examination Committee are permitted to ask questions. Following the examination, the Examination Committee shall meet in camera to decide a recommendation for the Committee Chair to forward to the Dean of Graduate Studies. The possible recommendations in accordance with General Regulations, Comprehensive Examinations, Ph.D. and Psy.D. Comprehensive Examination are “pass with distinction”, “pass”, “re-examination”, or “fail”.

33.10.4 Ph.D. Thesis Regulations
1. Upon successful completion of the Comprehensive Examination, and normally prior to the end of the sixth semester in the program, the candidate must submit a thesis proposal to the Supervisory Committee for evaluation and approval. The proposal shall consist of 1) a written research proposal, normally of no more than 10,000 words, that should clearly define the research problem, survey literature, present the research method or experimental design, and may include a summary of results already obtained, and 2) a 20 to 30 minute presentation. The candidate should submit the written proposal at least one month prior to the presentation which is open to the University community.
2. The presentation will be chaired by the Dean of Engineering and Applied Science or delegate. Immediately following the presentation, the Supervisory Committee shall question the candidate regarding the proposal and shall then meet in camera to assess the proposal. Assessment shall result in one of the following three outcomes: (1) accept; (2) accept with changes, or (3) reject. The results of this assessment shall be provided to the student following the meeting. Assessments of ‘accept with changes’ or ‘reject’ shall be accompanied by written comments within one week of the proposal presentation.
3. If the proposal is rejected, the candidate shall be permitted to submit a second proposal. This proposal must be submitted and deemed acceptable by the Supervisory Committee within four months of the original proposal presentation. Failure to submit an acceptable second proposal within the time period shall lead to termination of the candidate’s program.
4. The Ph.D. thesis shall constitute an independent and original research contribution.
5. The Ph.D. thesis shall be evaluated according to the process established in General Regulations, Theses and Reports, Evaluation of Ph.D. and Psy.D. Theses governing the School of Graduate Studies.

33.10.5 Courses
For a list of graduate courses offered by the Faculty of Engineering and Applied Science refer to the list of “Core Courses” and the list of “Other Courses” offered for the Master of Engineering program.

33.11 English
www.mun.ca/hss
www.mun.ca/english

Associate Professor and Head of the Department
J. Lokash

The degrees of Master of Arts and Doctor of Philosophy are offered in English. Candidates for the M.A. in English may complete the program as either part-time or full-time students. Candidates for the Ph.D. in English must be in attendance as full-time students for at least three semesters of the program.

33.11.1 Program of Study
1. Admission to the Ph.D. in English is limited and competitive. Applicants should have a Master’s Degree in English or its equivalent from a recognized university and should have an outstanding academic record.
2. All candidates will be required to complete 15 credit hours in graduate courses. These courses will be selected by the candidate in consultation with the candidate’s Supervisory Committee. While candidates will normally be free to choose graduate courses of interest to them, it will be a primary responsibility of their Supervisory Committees to ensure that any serious deficiencies in their record of previous courses, graduate and undergraduate, are remedied, particularly in the area of proposed thesis research.
3. Candidates who have not previously taken English 7003 or its equivalent will take English 7003, which will count as one of the required courses for the Ph.D. Students who have taken English 7003 or its equivalent before entering the Ph.D. program must still complete 15 credit hours.
4. Candidates who have not completed English 4900 or English 5900 or an equivalent course will be required to complete English 5900, which will not count as one of the required courses for the Ph.D. The course will be graded “pass” or “fail”. As in other graduate courses a grade of 65B or above is considered a pass.
5. Candidates must submit a thesis proposal which includes a statement of topic, a working title, a plan of research, and a preliminary bibliography. The thesis proposal should be approved by the Supervisory Committee and submitted to the Departmental Graduate Studies Committee for its approval before the Comprehensive Examination and before the end of the fifth semester. The Departmental Graduate Studies Committee shall return the thesis proposal to the candidate no later than one month after receiving it.
6. Reading knowledge of a second language will be required of all candidates. Reading knowledge is defined as a minimum B grade in a second-year language course taken within the previous five years, a passing grade in an approved second-language course for graduate students, or performance satisfactory to the Department in an arranged reading proficiency test (in which a dictionary may be used). The language requirement should be completed before the Comprehensive Examination is taken. The second language will normally be French. In exceptional circumstances, and on the recommendation of the Supervisory Committee and the Departmental Graduate Studies Committee, a language other than French may be substituted. The Supervisory Committee may also require a demonstrated reading knowledge of an additional language (other than French or the substituted language) if such knowledge is deemed necessary for the student’s research interests.
7. The Ph.D. Comprehensive Examination in English will have written and oral components, will have two parts, and will be prepared by the candidate’s Comprehensive Examination Committee. The Comprehensive Examination Committee will determine the submission dates for papers and the dates of oral examinations. The Ph.D. Comprehensive Examination in English shall in all circumstances be in accordance with General Regulation Comprehensive Examinations, Ph.D. Comprehensive Examination.
The candidate's Comprehensive Examination Committee will include the Head (or the Head's delegate, usually the Graduate Co-ordinator), the Dean of the School of Graduate Studies (or delegate), the candidate's Supervisor, and three other members of the Department.

The examination shall take place before the end of the seventh semester.

The first part of the examination will be in a complementary area (Complementary Examination) and the candidate will have a choice of either writing an essay in response to questions determined by the Comprehensive Examination Committee or completing a set of assignments related to teaching in the field.

The second part of the examination will be in the candidate's thesis area (Thesis Area Examination) and will require the candidate to write in response to questions determined by the Comprehensive Examination Committee and that paper will form the basis of a departmental presentation. The Comprehensive Examination Committee will orally examine the candidate about the paper topic and the broader relationship to the thesis area.

All examinations, both written and oral, will comply with Departmental Guidelines. Candidates will be graded "pass with distinction", "pass", "re-examination", or "fail." Candidates who are marked for "re-examination" will be re-examined in the area or areas in which the Comprehensive Examination Committee has determined that the candidate's performance is deficient. The nature of this re-examination (and whether it will be written or oral) is left to the discretion of the Comprehensive Examination Committee.

### 33.11.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

**Notes:**

1. Since it is impossible to list in detail the many topics that may from time to time be offered, the titles below refer only to the major periods and general subject areas in which specific courses may be available. The content and approach in specific courses will vary according to the research interests of students and faculty involved in the course. Students should consult the Department's annual Graduate Student Guide (or the Graduate Co-ordinator) for detailed descriptions of specific course offerings. Normally, no fewer than 30 credit hours in graduate courses are offered in any given academic year.

2. English 5900 cannot be counted as one of the required graduate courses in any program.

3. All students will normally take English 7003 - Trends in Contemporary Critical Theory, usually in their first semester.

4. Students who took graduate courses in English at Memorial University of Newfoundland before 1997 should consult with the Department before selecting further courses.

- 5900 Bibliography and Research Methods
- 602F Foundation English for Graduate Students
- 6403 Etymology (same as Linguistics 6403)
- 6420 English Dialectology I
- 6421 English Dialectology II
- 6999 Master's Essay (for non-thesis students)
- 7003 Trends in Contemorary Critical Theory
- 7004 English Phonology and Morphology
- 7005 The Syntactic Structure of English
- 7020-25 Special Topics in English
- 7032 Studies in Old English I
- 7033 Studies in Old English II
- 7034 Studies in Middle English I
- 7035 Studies in Middle English II
- 7036 Studies in Middle English III
- 7037 Studies in 16th-Century Literature I
- 7038 Studies in 16th-Century Literature II
- 7039 Studies in 16th-Century Literature III
- 7040 Studies in 16th-Century Literature IV
- 7041 Studies in 17th-Century British Literature I
- 7042 Studies in 17th-Century British Literature II
- 7043 Studies in 17th-Century British Literature III
- 7044 Studies in 17th-Century British Literature IV
- 7045 Studies in 18th-Century British Literature I
- 7046 Studies in 18th-Century British Literature II
- 7047 Studies in 18th-Century British Literature III
- 7048 Studies in 18th-Century British Literature IV
- 7049 Studies in 19th-Century British Literature I
- 7050 Studies in 19th-Century British Literature II
- 7051 Studies in 19th-Century British Literature III
- 7052 Studies in 19th-Century British Literature IV
- 7053 Studies in 20th-Century British Literature I
- 7054 Studies in 20th-Century British Literature II
- 7055 Studies in 20th-Century British Literature III
- 7056 Studies in 20th-Century British Literature IV
- 7057 Studies in Pre-19th Century American Literature
- 7058 Studies in 19th Century American Literature I
- 7059 Studies in 19th Century American Literature II
- 7060 Studies in 19th Century American Literature III
- 7061 Studies in 20th Century American Literature I
- 7062 Studies in 20th Century American Literature II
- 7063 Studies in 20th Century American Literature III
- 7064 Studies in 20th Century American Literature IV
- 7065 Studies in Pre-19th Century Canadian Literature
- 7066 Studies in 19th Century Canadian Literature I
- 7067 Studies in 19th Century Canadian Literature II
- 7068 Studies in 19th Century Canadian Literature III
- 7069 Studies in 20th Century Canadian Literature I
- 7070 Studies in 20th Century Canadian Literature II
- 7071 Studies in 20th Century Canadian Literature III
33.12 Environmental Science

www.mun.ca/science

Associate Professor and Chair, Department of Biology
T. Chapman

33.12.1 General Information
1. The Environmental Science Program is an interdisciplinary graduate program involving the departments of the Faculty of Science, the Faculty of Humanities and Social Sciences, the Faculty of Medicine and the Faculty of Engineering and Applied Science. There are three Environmental Science Graduate Degree streams: the Master of Science (M.Sc., Environmental Science), Master of Environmental Science (M.Env.Sci.), and the Doctor of Philosophy (Ph.D., Environmental Science). The program is available on a full or part-time basis.
2. The program is administered by a Board of Studies appointed by the Dean of Science. Supervisors of graduate students in the program include faculty from the Faculty of Science, the Faculty of Humanities and Social Sciences, the Faculty of Engineering and Applied Science, the Faculty of Medicine, and the Environmental Science Program at the Grenfell Campus, as well as adjunct appointees to the program (as a co-supervisor).

33.12.2 Program of Study
1. The Doctor of Philosophy (Ph.D., Environmental Science) is a research degree which includes a doctoral dissertation and course work. Normally, students entering the Ph.D. program in Environmental Science will have a M.Sc. degree from an institution recognized by the Senate. Students in the Master of Science (Environmental Science) program, after a minimum of 12 months in their program of studies, may request a transfer to the Ph.D. program. Final decision for transfer from the M.Sc. program to the Ph.D. program rests with the Dean of the School of Graduate Studies. There are two courses (6 credit hours) required for the doctoral program. All students take Environmental Science 6010 and those with a disciplinary M.Sc. degree in Science from a recognized university also take Environmental Science 6000. Other courses tailored for individual students are included in the student’s program by the Dean of Graduate Studies on the recommendation of the Chair of the Board of Studies.
2. The comprehensive examination should be taken on completion of all course work. An Examination Committee will be struck in accordance with the General Regulations. At least two members of the Board of Studies must be on the Examination Committee. The candidate’s Supervisor will be on the Examination Committee and will be the only examiner from the candidate’s Thesis Supervisory Committee. The Head of the Department of the Supervisor or his/her delegate is invited to serve on the Comprehensive Examination Committee. The Examination Committee is chaired by the Chair of the Environmental Science Program. The examination will be both written and oral. The topic is assigned by the Examination Committee, which also determines the submission date for the paper, and the date of the examination. Normally, the student will write the paper within four months, and the oral examination will occur within six weeks of the paper’s submission. This paper will form the basis of a public seminar. The Examination Committee will question the candidate about the paper, the topic and its broader relationship with Environmental Science.
3. The doctoral thesis is based on the results of systematic, independent research on an approved scientific topic. To ensure the research is interdisciplinary, the supervisory committee must be made up of members from at least two different departments. The candidate will be required to present a Ph.D. research proposal to the supervisory committee. The completed thesis will be evaluated according to the General Regulations of the School of Graduate Studies. It must contribute significantly to knowledge in the field of Environmental Science.

33.12.3 Courses
6000 Environmental Science and Technology
6001 Earth and Ocean Systems
6002 Environmental Chemistry and Toxicology
6003 Applied Ecology
6004 Environmental Pollution and Mitigation (cross-listed as ENGI 9601)
6007 Environmental Risk Assessment (cross-listed as ENGI 9609)
6008 Air Pollution (cross-listed as ENGI 9624)
6010 Environmental Seminar
6201-6210 Selected Topics in Environmental Science
33.13 Ethnomusicology
www.mun.ca/hss
www.mun.ca/folklore
www.mun.ca/music
Associate Professor and Dean
I. Sutherland

The Doctor of Philosophy program in Ethnomusicology is administered by the School of Music in consultation with the Department of Folklore, and generally in response to recommendations from an Interdisciplinary Advisory Committee with representation from both academic units, chaired by the Program Co-ordinator.

The Degree of Ph.D. in Ethnomusicology is offered by part-time and full-time study. This program is a research Degree, generally involving extended fieldwork. The resources of the Memorial University of Newfoundland Folklore and Language Archive are available to graduate students in Ethnomusicology.

33.13.1 Qualifications for Admission
Applicants may be admitted to the program if they have at least a B+ average in a M.A. Degree in Ethnomusicology, another field of Music, or other relevant discipline in the Humanities or Social Sciences with evidence of specialization in music. Applicants from a discipline other than Music will be expected to demonstrate the following skills:

- Competent performance in any musical tradition, as judged by a musician knowledgeable about that tradition.
- Knowledge of culturally appropriate language for discussion of performance techniques in that tradition.
- Ability to discuss musical details on the basis of aural and/or written sources, as appropriate to that tradition.

Candidates for admission may, at the discretion of the Interdisciplinary Advisory Committee, be required to write diagnostic examinations measuring skills and knowledge in music literacy, theory, or aural perception. Candidates with deficiencies in any of these areas may be required to take remedial course work prior or in addition to the required program.

Upon completion of M.A. course work, students who have attained an A average may wish to be considered for transfer to the Ph.D. program. Students who seek this option must apply to the Interdisciplinary Advisory Committee to be considered for transfer one month prior to the completion of their M.A. courses or by the end of the 5th semester (see General Regulation Qualifications for Admission, Master’s Program).

33.13.2 Program of Study
The Ph.D. program may be completed within twelve to fifteen consecutive semesters of full-time study, depending on fieldwork requirements. The Degree is normally taken by completing course work, comprehensive examinations, a language proficiency requirement, and a Ph.D. thesis, defended in accordance with General Regulation Theses and Reports of the School of Graduate Studies.

1. Students must complete a minimum of 21 credit hours of course work. If required courses have been completed at the M.A. level, electives may be substituted (with approval of the Interdisciplinary Advisory Committee). The required courses are:
   a. Music 8001; Folklore 6030; and Folklore 7100.
   b. Twelve credit hours of electives selected from courses listed below or from relevant courses offered in another discipline (with the approval of the Interdisciplinary Advisory Committee). Ph.D. students may take up to two courses (6 credit hours) in a cognate discipline.
   c. Reading proficiency in one language other than English, relevant to the research area, demonstrated to the satisfaction of the Interdisciplinary Advisory Committee. The choice of language must be approved by the Interdisciplinary Advisory Committee. The language exam should normally be completed before the comprehensive exams.
   d. Further courses beyond the minimum number may be required, depending on the background and needs of the student.

2. Comprehensive examinations will be administered in a major area, minor area, and theoretical/interdisciplinary area; a component of the comprehensive examination will test audio-visual skills. Bibliographies and discographies for several focussed topics will be developed by the student in consultation with his/her supervisory committee and will be the basis of examination questions. The written portion of the examination will be scheduled over a one-week period. The Comprehensive Examination Committee will normally schedule a consultation with the student to discuss the written essays within one month following the completion of the written examination. For further information see General Regulation Comprehensive Examinations, Ph.D. Comprehensive Examination.

3. Students must complete a thesis, examined and defended in accordance with General Regulation Theses and Reports of the School of Graduate Studies. A thesis proposal, including a working title, statement of purpose and research scope, outline of theoretical and methodological approach, working plan, and preliminary bibliography, together with proposed membership of the supervisory committee, must be submitted to the Interdisciplinary Advisory Committee no later than the fifth semester of study. The thesis shall demonstrate the candidate’s ability to carry out original and independent research, develop the necessary theoretical and methodological framework, and present the findings in a scholarly manner.

33.13.3 Courses
Theories and Methods:
Music 6807 Video Documentary Production (credit may be received for only one of Music 6807 and Music 7803)
Music 7001 Research Problems and Methods in Ethnomusicology
Music 7803 Radio Documentary Production (credit may be received for only one of Music 6807 and Music 7803)
Music 8001 Theoretical Issues in the Study of Music
Folklore 6010 Survey of Folklore Genres and Processes
Folklore 6020 Field and Research Methods
Folklore 6030 Folklore Theories
Folklore 6040 Feminist Theories: Perspectives and Issues
Folklore 6080 Vernacular Theories
Folklore 6090 Ethnology
Folklore 7100 Advanced Folkloristics II: Research and Ethnography

Form and Performance:
Music 7005 Performance Option
The Degree of Doctor of Philosophy is offered in Fisheries Science to full-time and part-time students. The following regulations must be read in conjunction with the General Regulations of the School of Graduate Studies of Memorial University of Newfoundland. An Academic Advisory Committee will be appointed by the Dean of Graduate Studies on recommendation of the Vice-President (Marine Institute). The Committee will consist of an Academic Director as Chair, three members from the Marine Institute, and two members from other academic units of the University. Normally, all appointments will be for a period of three years.

### 33.14 Fisheries Science

www.mi.mun.ca

**Vice-President (Marine Institute)**

G. Blackwood

The Degree of Doctor of Philosophy is offered in Fisheries Science to full-time and part-time students. The following regulations must be read in conjunction with the General Regulations of the School of Graduate Studies of Memorial University of Newfoundland. An Academic Advisory Committee will be appointed by the Dean of Graduate Studies on recommendation of the Vice-President (Marine Institute). The Committee will consist of an Academic Director as Chair, three members from the Marine Institute, and two members from other academic units of the University. Normally, all appointments will be for a period of three years.

### 33.14.1 Admission and Program of Study

1. Admission into the Ph.D. program in Fisheries Science is normally restricted to applicants holding a Master's Degree or its equivalent. In exceptional circumstances, an applicant with a B.Sc. Degree who has spent not less than 12 months in an M.Sc. Degree program may be recommended for transfer into a Ph.D. program. For this transfer to be accepted, the applicant must demonstrate, to the satisfaction of the Supervisor and Supervisory Committee, the ability to pursue research at the doctoral level.

2. In addition to completing a thesis of original research, a student will be required to take FISH 6000, 6001, and 6002. Depending on the background of the student, the Supervisor and Supervisory Committee may deem the student to be exempt from completing any or all of these courses. A student may be required by the Supervisor and Supervisory Committee to take FISH 6003, 6004, and/or 6005.

3. Within three months of the first registration in the Ph.D. degree program, the student will meet with the Supervisory Committee. It is the function of a Supervisory Committee to have regular meetings, at least annually, with its graduate student. A meeting report,
signed by all members of the Supervisory Committee and student, must be given to the Academic Unit. A copy will be sent to the graduate student and to the Dean of Graduate Studies.

4. At the first committee meeting, the Supervisory Committee shall discuss the student's program and will explore areas of weakness in the student's knowledge, especially where these relate to the intended areas of research. The Supervisory Committee may require the student to take additional courses.

5. The student and the Supervisory Committee will agree on a written thesis proposal outlining the objectives, methods, timetable and funding for the project, and provide the proposal (signed by the student and the Supervisory Committee) to the Head for inclusion in the student's file. This proposal should be no more than five pages in length.

6. The student will present a research seminar to the Academic Unit, normally by the end of the third semester following admission, to describe the research topic being investigated and the methodologies to be employed. The Supervisory Committee should be present at this seminar. This seminar provides an opportunity for the student to receive constructive input from the broad research community.

7. A student must successfully complete a Comprehensive Examination, as outlined under General Regulations, Comprehensive Examinations, Ph.D. and Psy.D. Comprehensive Examination. The comprehensive examination will be both written and oral.

8. A theses shall conform to General Regulations, Theses and Reports of the School of Graduate Studies.

33.14.2 Courses

FISH 6000 Science Communication for Fisheries
FISH 6001 Ecology, Management, and Practice of North Atlantic Fisheries
FISH 6002 Data Collection, Management, and Display
FISH 6003 Statistics and Study Design for Fisheries Science
FISH 6004 Overview of Statistical Stock Assessment
FISH 6005 Advanced Statistical Stock Assessment

33.15 Folklore

www.mun.ca/hss
www.mun.ca/folklore

Associate Professor and Head of the Department
C. Thorne

The Degree of Doctor of Philosophy in Folklore is offered by part-time and full-time study and is primarily a research Degree. The program normally requires extensive fieldwork research in Newfoundland and/or the Maritimes.

Integral to the teaching of the Department of Folklore is the work of the Memorial University of Newfoundland Folklore and Language Archive; see section under Master of Arts, Folklore.

33.15.1 Program of Study

1. An applicant for admission to the Ph.D. program in Folklore must hold an M.A. Degree in Folklore, or its equivalent as determined by the Head of the Department and the Dean, with an average grade in M.A. courses of not less than 80%.

2. All Ph.D. students in the Folklore program must complete at least 18 credit hours in program graduate courses which shall include Folklore 7000 and 7100. Candidates will normally be free to choose graduate courses of interest to them in Folklore or related disciplines, though it will be a primary responsibility of their committees to ensure that any serious deficiencies are made good. At the end of the second semester the program and further status of the candidate will be reviewed.

3. Second Language Requirements:
   a. All Ph.D. candidates are required to demonstrate an adequate reading knowledge of a second language - normally a common, modern language.
   b. Reading knowledge is defined as a minimum B grade in a second-year language course taken within the previous five years, or performance satisfactory to the Department in an arranged reading proficiency test.
   c. The selection of a second language can be based on the student's research requirements.
   d. The selection of a second language must be made in consultation with the student's faculty advisor or Supervisor. Confirmation that the choice is acceptable must be obtained from the Department.
   e. The language requirement must normally be fulfilled before a student takes the Ph.D. Comprehensive Examination.

4. Comprehensive Examination for the Ph.D.:
   a. The Ph.D. Comprehensive Examination shall be administered in accordance with General Regulations, Comprehensive Examinations. Candidates will prepare for three examinations by undertaking supervised readings in three fields decided by the Comprehensive Examinations Committee. The basic principle is to integrate knowledge within specific areas of folklore and folklife scholarship. The examination normally will be written with the format to be determined by the Comprehensive Examination Committee in consultation with the student. Assessment will be based on the examination of three papers each of one week duration or three open book examinations each of eight hour duration. The Committee will recommend to the Dean of Graduate Studies a grade of PWD (pass with distinction), PAS (pass), REX (re-examination), or FAL (fail).
   b. Examination normally will take place only upon the completion of the second language requirements and no earlier than the end of the first year after admission to candidacy but no later than one year after the completion of the program courses. The examination normally will be scheduled in the second semester following the candidate’s completion of courses.

5. Ph.D. Thesis:
   a. The candidate will normally submit a thesis proposal based on his/her own interests no later than the end of the semester following the completion of comprehensive examinations. The thesis proposal will include a working title, names of preferred Supervisor and two other Committee members, statement of topic, plan of research, statement of methodological and theoretical approach, a brief review of the literature and a preliminary bibliography. The proposal will be circulated to the Department for critical evaluation on the basis of which the candidate will be informed, within one month, by the Supervisor, of its acceptance, rejection, or acceptance with recommended changes.
   b. The thesis shall give evidence of the candidate's ability to carry out independent and original research, develop the necessary theoretical and methodological framework and present the findings in a scholarly manner.
33.15.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, normally after consultation with the Head of the Department or the Graduate Studies Administrator, and as far as the resources of the Department will allow. Courses are structured according to the categories of: Theories and Methods, Issues, Form and Performance, Special Topics, Regional, National and International Heritage, Social Identities, Public and Applied Folklore, Interdisciplinary Perspectives and Required (Ph.D.).

**Theories and Methods**
6010 Survey of Folklore Genres and Processes
6020 Field and Research Methods
6030 Folklore Theories
6040 Feminist Theories: Perspectives and Issues
6080 Vernacular Theories
6090 Ethnology

**Issues**
6050 Issues in Folkloristics
6060 Issues in Folk Literature
6070 Issues in Folklife

**Form and Performance**
6100 Song and Music
6120 Ballad
6130 Folk Music Canons and Documentary Sound Recordings
6200 Folktale
6210 Legend
6220 Personal Experience Narrative
6250 Language and Play
6260 Ethnography of Communications
6300 Ethnography of Belief
6310 Health Systems
6350 Custom
6360 Traditional Drama
6370 Ritual, Festival and Public Display
6400 Material Culture
6410 Vernacular Architecture
6420 Art and the Artifact
6430 Food and Culture
6720 Folklore and Literature

**Special Topics**
6511-29 Special Topics in Folklore
6550 Special Research in Folklore
6551 Indigenous Expressive Cultures in Cross-Cultural Encounter
6552-69 Special Research in Folklore
6570-79 Reading Course in Folklore

**Regional, National and International Heritage**
6600 Folklore of Newfoundland
6610 Folklore of Canada
6620 Folklore of the United States
6630 Folklore of the British Isles
6640 Traditional Culture of Scotland
6650 Culture and Traditions of Ireland
6660 Folklore of the Francophone Regions
6690 International Folklore

**Social Identities**
6510 Occupational Folklife
6730 Folklore and Gender
6770 The Global and the Local
6780 Ethnicities

**Public and Applied Folklore**
6380 Perspectives on Cultural Tourism
6740 Public Sector Folklore
6760 Archiving
6790 Museums: Perspectives and Practices
6800 Applied Folklore

**Interdisciplinary Perspectives**
6700 Folklore and Culture
6710 Oral Tradition and Oral History
6750 Popular Culture: Theory and Debate

**Required (Ph.D.)**
7000 Advanced Folkloristics I
7100 Advanced Folkloristics II Research and Ethnography

Credit may not be obtained for both 6010 and the former 6110; 6020 and the former 6111; 6030 and the former 6112; 6100 and the former 6430; 6120 and the former 6445; 6300 and the former 6230; 6350 and the former 6230; 6400 and the former 6501; 6720 and the former 6460.

Professor and Head of the Department
N. Catto

33.17.1 Program of Study

1. To be admitted to the program, an applicant must have completed either a Master of Arts or a Master of Science Degree, or its equivalent, in Geography or a related discipline. In exceptional circumstances, a candidate who has completed either a B.A. (Honours) or B.Sc. (Honours) Degree, and who has spent not less than 12 months in a M.A. or M.Sc. Degree program may apply for transfer into a Ph.D. program. A successful application for transfer will require that the candidate demonstrate to the satisfaction of the Department an ability to pursue research at the doctoral level.

2. The deadline for submission of applications for admission is January 15. Candidates will normally commence their programs in the Fall semester.

3. Research areas for graduate study at the Doctoral level are cultural, political and historical geography, economic geography, resource management, community and regional development, physical geography, and geographic information sciences.

4. An applicant will be admitted to a doctoral program only if a faculty member agrees to act as Supervisor, and at least two other individuals are willing to serve on the supervisory committee.

5. All candidates must successfully complete Geography 6000 and 6001 if these courses, or equivalent courses, have not been included in their Master’s program. In addition, all candidates are required to successfully complete a minimum of 3 credit hours in graduate program courses.

6. The supervisory committee may decide that a candidate successfully completes an examination for reading or speaking a language other than English.

7. After the successful completion of all required courses, candidates must take a comprehensive examination which will have both a written and an oral component.

8. Following successful completion of the comprehensive examination the candidate will submit a written research proposal to the supervisory committee. The proposal must then be approved by the Committee prior to the commencement of research by the candidate.

9. Each candidate will be required to present a seminar on their research to the Department.

10. The Ph.D. program will conclude with the examination and oral defence of the completed thesis in accordance with the appropriate sections of the General Regulations governing the School of Graduate Studies.

33.17.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates as far as the resources of the Department will allow.

6000 Development of Geographical Thought and Practice I
6001 Development of Geographical Thought and Practice II
6002 Directed Readings in Geography
6100 Research Techniques in A Selected Field of Geography I
6101 Research Techniques in A Selected Field of Geography II
6120 Geospatial Modelling and Analysis
6150 Environmental Remote Sensing and Image Analysis
6200 Economic Geography I
6201 Economic Geography II
6204 Sustainable Community and Regional Development
6250 Conservation and Sustainability of Natural Resources
6251 Survey Design, Questionnaire Development and Techniques of Data Collection
6300 Problems in Fisheries Geography
6400 Fluvial Geomorphology
6401 Glacial Geomorphology
6402 Coastal Geomorphology
6410 Climatology
6420 Quaternary Geography
6430 Biogeography
6500 Cultural Geography
6600 Historical Geography
6700 Political Geography
6800 Urban Geography
6821 Advanced Computer Mapping
6900 Graduate Seminar in Regional Geography
6990-95 Special Topics in Geography

33.18 Geology

See Earth Sciences.

33.19 Geophysics

See Earth Sciences.
33.20 History

www.mun.ca/hss
www.mun.ca/history

Assistant Professor and Head of the Department
T. Bishop Stirling

The degrees of Doctor of Philosophy and Master of Arts are offered in History by full-time or part-time study.

33.20.1 Program of Study

1. The Ph.D. Degree in History is offered in accordance with General Regulations and current department strengths.
2. An applicant must hold either a Master's Degree in History or a Bachelor's Degree in History with first-class Honours or their equivalents as determined by the Head of the Department and the Dean.
3. During the first semester, a Ph.D. candidate must successfully complete History 7000 and 7001 if these courses (or their equivalents) have not been included in his/her Master's program. The Supervisory Committee may require the candidate to complete additional graduate courses.
4. A candidate must demonstrate in accordance with regulations established by the School of Graduate Studies a reading knowledge of French before taking the comprehensive examination. On the recommendation of the Supervisory Committee a modern language other than French may be substituted. In addition, the Supervisory Committee may require a demonstrated reading knowledge of a second language other than French or English (or the substitute language).
5. A candidate will undertake supervised reading in fields prescribed by the Department. The Supervisors of these programs of reading, along with the thesis Supervisor, will comprise the student's Supervisory Committee.
6. In the second year of the program, after the successful completion of all required courses, a student must take a Comprehensive Examination, which will have both written and oral components.
7. Following successful completion of the Comprehensive Examination, a student must submit a thesis proposal, deemed acceptable by the Supervisory Committee, to the Department.
8. An interested applicant is urged to consult with the Head of the Department on these prerequisites and other requirements before filing an application for admission.

33.20.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates as far as the resources of the Department will allow.

6000 Advanced Studies in Newfoundland History
6010 Advanced Studies in Canadian History
6020 Advanced Studies in the History of the United States
6030 Advanced Studies in French History
6040 Advanced Studies in British History
6050 Advanced Studies in German History
6060 Advanced Studies in North Atlantic History
6070 Advanced Studies in Social History
6075 Advanced Studies in Labour and Working Class History
6080 Advanced Studies in Intellectual History
6090 Advanced Studies in Women's History
6095 Advanced Studies in Ethnology
6100 Advanced Studies in Military History
6105 Advanced Studies in Diplomatic History
6110 Advanced Studies in Maritime History
6120 Advanced Studies in Economic and Business History
6125 Medical Science and Social Responsibility in Health Care: Aspects of Medical History (Cross-listed as Medicine 6420)
6130 Quantification and Measurement in History
6140-59 Research in Special Topics
6190 Theory and Method
6200 Masters Seminar I
6999 Masters Research Paper (12 credit hours)
7000 Ph.D. Seminar I
7001 Ph.D. Seminar II

33.21 Interdisciplinary

www.mun.ca/sgs

Associate Professor and Director
J. Dyer

The Degree of Doctor of Philosophy (Interdisciplinary) is offered by part-time and full-time study.

The General Regulations of the School of Graduate Studies and the regulations outlined below will apply.

33.21.1 Administration

1. The program shall be administered by a Director, together with the School of Graduate Studies Interdisciplinary Ph.D. Committee (ID Ph.D. Committee). Duties of this committee include recommendation of applications for acceptance into the program.
2. The program of study of each student will be guided for the duration of the program by a Supervisory Committee of either three (3) or five (5) faculty members, appointed by the Dean of Graduate Studies on the recommendation of the ID Ph.D. Committee at the time of admission.

In addition, the Director shall be an ex officio member of each Interdisciplinary Ph.D. Supervisory Committee.

Duties of this Committee shall involve supervising the overall program of study, including the recommendation of appropriate
courses, the setting and scheduling of comprehensive examinations, advising on the development of a research proposal and thesis-writing and recommendation of thesis examiners.

The Supervisory Committee is also responsible for recommending fellowship support to the ID Ph.D. Committee and to the Dean of Graduate Studies at the time of admission and throughout the student’s program.

3. Normally, the “academic home” for the student is in the Department or faculty/school of the Chair of the Supervisory Committee.

33.21.2 Deadlines for Applications
1. The deadline for Fall admission is March 1 for commencement in September, October 1 for commencement in January, and February 1 for commencement in May. Students seeking admission to the program should start preparing their admission file well in advance of the application deadline.

Admissions shall be considered by the ID Ph.D. Committee and recommendations shall be made to the Dean of Graduate Studies.

33.21.3 Admission
1. Prospective students should normally hold a Master’s Degree and have an excellent academic record. Applications for admission must include:
   a. Two letters of reference
   b. A detailed research proposal
   c. Letters expressing a commitment to the research project and to supervisory duties from three Memorial University of Newfoundland faculty members, one of whom is prepared to assume the role of Chair of the Supervisory Committee and at least one whose unit of primary responsibility is a Ph.D. granting unit.
   d. Letters of endorsement from the administrative heads of each of the units involved in the proposed program.
   e. A statement from the University Librarian indicating the adequacy of Library resources to satisfy the demands of the research program.

33.21.4 Program of Study
1. Courses
   a. Students are required to complete INTE 902A/B: normally, this course will be completed in the first year.
   b. In addition to INTE 902A/B, students will normally be required to take 12-18 credit hours of courses to be determined by the Supervisory Committee. These must include at least one course from each participating discipline. Directed reading courses may be included to support the development of the thesis work.
   c. Where appropriate, extra language and/or methodology courses may be prescribed. See Evaluation, Evaluation of Graduate Students, 4. concerning language(s) requirement.

2. Comprehensive Examination
The scope and format of the comprehensive examination shall be determined by the Supervisory Committee in consultation with the student and in accordance with the needs of his/her particular program of study. Students will be required to take a comprehensive examination no later than the end of the seventh semester of study and after the completion of all required course work. Comprehensive examinations shall follow procedures in accordance with General Regulation, Comprehensive Examinations, Ph.D. Comprehensive Examination, with the exception of 2.

3. Thesis
   a. Students must complete a thesis, examined and defended in accordance with General Regulations of the School of Graduate Studies. The thesis shall give evidence of the candidate’s ability to develop independent and original research.

33.21.5 Doctoral Internship
1. The School of Graduate Studies allows doctoral students, Interdisciplinary Ph.D. students, to undertake internships of work. Students approved to undertake an internship will be required to register for the Doctoral Internship course (INTE 6000). Students will be expected to obtain their own internships (with the help of supervisors when possible) and must have completed their comprehensive exams prior to starting their internships.

2. Internships must be approved by the supervisor, Director of the Interdisciplinary Ph.D. program, and Head of the academic unit (in cases where INTE 6000 is approved for a doctoral student outside of the Interdisciplinary Ph.D. program). In cases where approval is granted, students must add INTE 6000 to their program of study and register using a Course Change form.

3. The doctoral internships shall normally be one semester in duration and consist of a minimum of 420 hours of paid or unpaid work. Students undertaking the internship shall submit a concise report to their supervisors at the end of the semester while on internship. The report and performance in the internship shall be graded as pass/fail by the supervisor upon consultation with the on-site work supervisor. If a student fails to achieve a final grade of pass, and provided the student has not failed to achieve a grade of B or better in any other program course, the student may request to repeat the internship or replace with a substitute course. Only one such repeat or substitution will be permitted in a student’s program. Students who drop an internship without permission, fail to honour an agreement to work with a host employer, or who conduct themselves in a manner as to cause their discharge from the internship position will normally be awarded a failed grade for the internship.

33.21.6 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

6000 Doctoral Internship
33.22 Linguistics

www.mun.ca/hss
www.mun.ca/linguistics

Associate Professor and Head of the Department
P. Branigan

The degrees of Master of Arts and Doctor of Philosophy are offered in Linguistics.

33.22.1 Program of Study

1. The Degree of Doctor of Philosophy is offered in the following areas:
   a. Theoretical issues in Core Areas of Grammar (phonetics, phonology, morphology, syntax, semantics);
   b. Languages in which the Department has demonstrated expertise, especially languages of the Newfoundland and Labrador Area;
   c. Language Acquisition; and
   d. Language Variation and Language Contact.

2. In order to be admitted to the Ph.D. in Linguistics, a student shall normally hold a Master's Degree in Linguistics. In the case of a student who does not meet the above requirement but who holds a language-oriented Master's Degree, a program of additional linguistics courses, supplementary to those normally considered to be required in the Ph.D. program, may be required.

3. The program of each candidate must be approved by the Dean of Graduate Studies upon the recommendation of the Supervisory Committee in consultation with the Head of the Department.

4. Candidates who fulfill the requirement in Clause 2 and who otherwise possess the qualifications of Ph.D. candidates will embark on a program approved on an individual basis. This will normally include not less than 15 credit hours in graduate courses, at least 6 credit hours of which must be at the 7000-level.

5. Where needed, each program will include appropriate courses to ensure that the student will have completed 9 credit hours from graduate courses in each of two required fields selected from the following:
   a. Phonetics and Phonology
   b. Morphology and Syntax
   c. Language Acquisition
   d. Sociolinguistics

6. The student must research and write two comprehensive papers, each to be defended at an oral examination (see Regulation Comprehensive Examinations, Ph.D. and Psy.D. Comprehensive Examination of the General Regulations).
   a. The written examinations consist of two separate research papers. These papers will be submitted to the Examination Committee. At least one of the papers must be in one of the core areas of phonetics/phonology, morphology, syntax or semantics. The topic selected for each paper must obtain the prior approval of the Graduate Studies Committee of the Department. In each of these papers, candidates must demonstrate knowledge of the literature on the topic selected, general mastery of the discipline of linguistics and ability to undertake independent research.
   b. The Examination Committee will examine the candidate orally, on each paper, within one month of submission. Questioning can be as wide-ranging as the Committee deems necessary to ensure that the student displays a thorough and comprehensive knowledge of the area in question.
   c. The Examination Committee shall consist of the Head of Department (or delegate) who shall Chair the Committee, the Supervisor, the Dean of Graduate Studies (or delegate), and other members necessary to satisfy General Regulation Comprehensive Examinations, Ph.D. and Psy.D. Comprehensive Examination, 2., who may normally include the members of the Supervisory Committee. If the Head of Department is also a member of the Supervisory Committee, an additional representative of the Department shall be appointed to chair the Examination Committee.

7. Initially, candidates must obtain approval for their Ph.D. thesis topics from the Graduate Studies Committee of the Department, in consultation with the Supervisory Committee. The thesis topic is normally selected before the end of the second full year in the program. Once the topic is approved, a more detailed thesis proposal must be presented to the Department in both written and oral format, and must receive formal Departmental approval prior to the writing of the thesis.

8. Proficiency in a language other than the candidate's first language will be required, as demonstrated by a minimum B grade in a second-year language course, or performance satisfactory to the Department in an arranged reading proficiency test. A structural knowledge of a non-Indo-European language is also required, as demonstrated by a minimum B grade in a field methods/language structure course or other performance satisfactory to the Department. Depending on the program, a reading knowledge of one or more additional languages may be required. Students must meet all language requirements before undertaking their comprehensive examinations.

9. All Ph.D. students are advised to consult the Linguistics department's Graduate Handbook for details on program requirements and for general information relating to the graduate program.

33.22.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of students, as far as the resources of the Department will allow. Full information is to be found in the Department's Graduate Brochure.

6050-54 Structure of a North American Aboriginal Language (credit restriction: except where an exemption is supplied by the Head of the Department, a student may not obtain credit for more than one course in the 6050-54 series. Students may not obtain credit for any of the previously offered 6010, 6011, 6020, 6021, 6030, 6031, 6040, 6041 in addition to a course in the 6050-54 series.)

6055-59 Structure of an Uncommonly-Taught Language (credit restriction: Except where an exemption is supplied by the Head of the Department, a student may not obtain credit for more than one course in the 6055-59 series.)

6100 Issues in Morphosyntax (credit may not be obtained for both Linguistics 6100 and the former 6001)

6110 Selected Topics in Transformational Grammar

6115 Topics in the Syntax of A Selected Language (prerequisite: 6001 or 6110)

6150 Principles of Language Acquisition

6151 Selected Topics in Language Acquisition (prerequisite: Permission of the instructor)

6200 Phonological Theory

6201 Selected Topics in Phonology (prerequisite: 6200)

6210 Sociolinguistics (credit restriction: A student may not obtain credit for both 6210 or the former 6211)
33.23 M.D.-Ph.D.

www.mun.ca/sgs

1. The M.D.-Ph.D. program is offered by full-time study to highly motivated students with an excellent academic record who wish to obtain an M.D. and a Ph.D., and whose academic excellence, research potential, and the suitability of the proposed research training environment is acceptable to the Program Admissions and Advisory Committee.

2. The purpose of the M.D.-Ph.D. program is to provide medical education, including clinical skills and training in health research.

3. The M.D.-Ph.D. program will be overseen by the Program Admissions and Advisory Committee (P.A.A.C.). The P.A.A.C. will be responsible for the recruitment and oversight of the program of highly qualified trainees.

4. The P.A.A.C. is composed of the M.D.-Ph.D. Program Director(s), a representative from the Faculty of Medicine, one or more faculty members representing the School of Graduate Studies and a senior M.D.-Ph.D. student.

5. M.D.-Ph.D. students are jointly enrolled in the M.D. program and the Ph.D. program. The student’s Ph.D. program is overseen by the administrative Head of the appropriate academic unit in which the student is enrolled. The M.D. program is overseen by the Assistant Dean, Undergraduate Medical Education, Faculty of Medicine.

33.23.1 Qualifications for Admission

1. To be admitted into the M.D.-Ph.D. program, applicants must first meet the admission requirements of both the M.D. and Ph.D. programs. Admission to the Ph.D. program shall be by the Dean of Graduate Studies on the recommendation of the Head of the appropriate academic unit. Admission to the M.D. program is by the Dean of Medicine on the recommendation of the Assistant Dean, Admissions, Faculty of Medicine.

2. Normally, students will enter the M.D.-Ph.D. program from the M.D. program after successful completion of the pre-clerkship phase or from the Ph.D. program after one or two years of the graduate program and acceptance into the M.D. program.

33.23.2 Program of Study and Research

1. The program of study for the Ph.D. is described in the University Calendar entry for the student’s chosen discipline. For the purposes of timing of the comprehensive examination, only the semesters in the Ph.D. component of the program will be counted.

2. The program of study for the M.D. follows the General Regulations governing the M.D. Degree.

3. During the Ph.D. component, students are expected to maintain clinical skills by arrangement with the Assistant Dean, Undergraduate Medical Education, Faculty of Medicine, and will be required to demonstrate competency in clinical skills before resuming full-time studies in the clerkship phase of the M.D. component.

4. During the M.D. component (including the clerkship phase), students, where required, are expected to participate in seminars and journals clubs in their area of research specialization.

5. The Ph.D. will be awarded to students in the M.D.-Ph.D. program on completion of all academic requirements appropriate to the Ph.D. Degree. The M.D. will be awarded to students in the M.D.-Ph.D. program on completion of all academic requirements appropriate to the M.D. Degree.

33.23.3 Evaluation

Failure to maintain academic standing in either the Ph.D. or M.D. components will lead to termination of the M.D.-Ph.D. program which will be annotated on the student’s transcript. On failure of the M.D. component, the Dean of Graduate Studies may approve transfer to a Ph.D. program on the recommendation of the administrative Head of the appropriate academic unit. On failure of the Ph.D. component, the Dean of Medicine may approve transfer to a M.D. program on the recommendation of the Assistant Dean of Undergraduate Medical Education.

33.23.4 Courses

See course listing under the regulations for the relevant Ph.D. program and also for the M.D. program in the General Regulations.
33.24 Management

www.business.mun.ca

Dean
to be determined

The Degree of Doctor of Philosophy in Management is offered in the Faculty of Business Administration. The designation refers to management in the broad context. The Degree will offer specializations corresponding to functional areas in management. The Degree currently is offered with specializations in: (1) operations and information management, (2) organizational behaviour and human resources management, and (3) general management.

The Degree of Doctor of Philosophy in Management is offered by full-time study to qualified candidates. The General Regulations of the School of Graduate Studies and the Degree Regulations of the Faculty of Business Administration outlined below, will apply.

33.24.1 Admission to the Ph.D. Program

Admission is limited and competitive. General qualifications for admission to the Ph.D. Programs at Memorial University of Newfoundland are set out under General Regulations, Qualifications for Admission. Applicants from all disciplines will be considered.

In addition:

1. Quantitative and qualitative competency are required as evidenced by an acceptable balanced GMAT (minimum score of 600) (or a minimum GRE score of 302).
2. An applicant who did not complete a Master’s degree at a recognized university where English is the primary language of instruction must normally complete either the: Test of English as a Foreign Language (TOEFL) and achieve a paper-based score of 580 (or higher), computer-based score of 237 (or higher), or Internet-based score of 92-93 (or higher); or International English Language Testing System (IELTS) and achieve a score of 7 (or higher).

Information regarding the TOEFL is available from the Educational Testing Service at www.ets.org. IELTS information is available at www.ielts.org. It is noted that other equivalent tests acceptable to the School of Graduate Studies will also be considered.

33.24.2 Supervisory Committee

Until a supervisory committee has been formed, the Ph.D. Program Director will be the designated advisor of each Ph.D. student. Each candidate will have a supervisory committee consisting of three or more members, at least two of whom shall be members of the Faculty of Business Administration. The thesis Supervisor shall be a doctorally qualified faculty member in the Faculty of Business Administration, Memorial University of Newfoundland, having a recent (past five years) research track record suitable to provide research supervision at the Ph.D. level. The supervisory committee will be appointed no later than the end of the first year of studies.

Students are encouraged to find a Supervisor within the first year of the program and, together with the Supervisor, find the remaining committee members by the time all required courses are completed.

33.24.3 Components of Study

33.24.3.1 Courses

Students are required to complete successfully a program of courses, normally over the first two years of the program. Students without an adequate background in the functional areas of business may be required to take additional breadth courses. Such determination will be made by the Graduate Research Programs Committee when a student is accepted into the program.

Required for all Specializations

Philosophy 6015 Theory of Knowledge
Business 9901 Approaches to Management Research

One of

Business 9902 Modelling Methods In Management Research
Business 9903 Quantitative Methods In Management Research*
Business 9904 Qualitative Methods In Management Research**

Business 9901 is to be completed before any of Business 9902, 9903, 9904 is attempted. In exceptional cases Business 9901 may be completed concurrently with 9902, 9903 or 9904, with approval from the Director of the Program and the Supervisor.

*Alternatively, students may elect to take an equivalent quantitative methods graduate course on the approval of the Ph.D. Program Director and the Supervisor.

**Alternatively, students may elect to take an equivalent qualitative methods graduate course on the approval of the Ph.D. Program Director and the Supervisor.

Note: Waivers shall not be granted in the Ph.D. program for previously completed course work at either the undergraduate or master’s level.

Operations and Information Management (OIM) Specialization Courses

In addition to the above-noted courses required for all specializations, the following courses are required for the Operations and Information Management specialization.

1. Four of the following courses:
   Business 9910 Optimization
   Business 9911 Data and Process Models in Information Systems Development
   Business 9912 Probabilistic Models
   Business 9913 Human-Computer Interaction and Decision Support Systems
   Business 9914 Supply Chains Models and Management
   Business 9915 Electronic Commerce
   Business 9917 Special Topics in Operations Management
   Business 9918 Special Topics in Information Systems

2. Two graduate courses subject to the approval of the Director of the Program and the Supervisor.

| Year 1 Spring | Summer Research Project |
| Year 2 Fall | Two graduate courses subject to the approval of the supervisor  
Graduate Program in Teaching (Recommended (non-credit)) |

1. * A selection of courses will be offered to meet the requirements of candidates as far as the resources of the Faculty of Business Administration will allow.
2. **Students who are planning to specialize in Information Systems are advised to take Business 9911, Business 9913, Business 9915, and Business 9918.
3. *** Students who are planning to specialize in Operations Management are advised to take Business 9910, Business 9912, Business 9914, and Business 9917.

### Organizational Behaviour and Human Resources Management Specialization Courses

In addition to the above-noted courses required for all specializations, the following courses are required for the Organizational Behaviour and Human Resources Management specialization.

1. **Required courses:**  
   - Business 9920 Foundations in Organizational Behaviour  
   - Business 9921 Foundations in Human Resources Management  
   - Business 9924 Current Issues in Organizational Behaviour  
   - Business 9925 Current Issues in Human Resources Management

2. **Two of:**  
   - Business 9923 Foundations in Organizational Theory  
   - Business 9927 Current Issues in Organizational Theory  
   - Business 9928-9939 Special Topics in Organizational Behaviour/Human Resources Management

Any other graduate course subject to the Director of the Program and the Supervisor

Note: * A selection of courses will be offered to meet the requirements of candidates as far as the resources of the Faculty of Business Administration will allow.

33.24.3.2 Summer Research Project
During the first summer in the program, students will complete a research project under the supervision of a qualified faculty member in the area of specialization. Projects must be presented at a Faculty of Business Administration research seminar during the second year of the program.

33.24.3.3 Research Seminar Participation
Students are expected to attend research seminars offered by the Faculty of Business Administration in their discipline. Presentation of student conference papers where the Faculty of Business Administration funds travel is expected at a Faculty of Business Administration research seminar. In addition, students may be requested to present their work at other Faculty seminars where and when feasible.

33.24.3.4 Comprehensive Examination
Students shall undertake a mandatory written comprehensive examination, following General Regulation Comprehensive Examinations, Ph.D. Comprehensive Examination, which sets out the procedures for the comprehensive examination. In addition:

1. A candidate in the Ph.D. Program in Management shall normally take the written Comprehensive Examination by the end of the seventh semester of the program. The candidate must have successfully completed all required courses prior to writing the Comprehensive Examination. The scope of the Comprehensive Examination will be determined by the Examining Committee (as defined in General Regulation Comprehensive Examinations, Ph.D. Comprehensive Examination) under the guidance of the Supervisory Committee.

2. A list of topics/areas for the Comprehensive Examination will be provided to the student no later than three months prior to the date of the examination.

3. The written examination will take place in three phases over a one-week period.

4. Based on the results of the written examination, the Examining Committee may schedule a supplementary oral examination on any topics covered on the written examination. The oral examination request must be made to the Dean within two weeks of completion of the written examination. The oral examination, if any, must take place within six weeks of completion of the written examination.

5. The scheduling of the Comprehensive Examination will be initiated by the student’s Supervisor who will notify the Dean of the Faculty of Business Administration or designate. The date of the written examination will be determined by the Dean of the School of Graduate Studies. The student will be provided with written notice of the scheduled dates of the written examinations. In the case of oral examinations, requests will be initiated by the Examining Committee or the student (as described above in 4.) through the School of Graduate Studies.

33.24.3.5 Ph.D. Thesis Regulations

1. The candidate must submit a thesis proposal to all members of the Supervisory Committee for evaluation and approval by the end of the eighth semester of the program. Within one month of submitting the proposal, the Candidate will give a public oral presentation of the proposal, attended by the Committee. The presentation will provide the Committee and others in attendance with an opportunity to raise questions about the proposal research. Immediately following the presentation, the Supervisory Committee will meet to assess the proposal. Assessment will result in one of the following three outcomes: (1) accept; (2) accept with changes; or (3) reject. The results of this assessment will be provided to the student following the meeting. Assessments of accept with changes or reject will be accompanied by written comments within one week of the proposal presentation.

2. If the proposal is rejected, the candidate will be permitted a second proposal. This proposal must be submitted and deemed acceptable by the Supervisory Committee within four months of the original proposal presentation. Failure to resubmit within this time period will lead to termination of the candidate’s program.

3. The Ph.D. thesis will constitute an independent and original research contribution.

4. The Ph.D. thesis will be evaluated according to the process established in General Regulation Theses and Reports, Evaluation of Ph.D. Theses governing the School of Graduate Studies.
33.25 Marine Biology

www.mun.ca/science
www.mun.ca/osc

Professor Emeritus and Head of the Department of Ocean Sciences

G.L. Fletcher

The Degree or Doctor of Philosophy (Ph.D) is offered in Marine Biology by full-time and part-time study through the Department of Ocean Sciences. Areas of concentration include: Ocean Ecology, Functional Biology of Marine Organisms, Fisheries and Aquaculture, and Oceans and Environment.

33.25.1 Admission and Program of Study

1. Admission into the Ph.D. program in Marine Biology is normally restricted to candidates holding a Master's Degree or its equivalent. In exceptional circumstances, a candidate with a B.Sc. (Honours) Degree who has spent not less than 12 months in an M.Sc. Degree program may be recommended for transfer into a Ph.D. program, provided that the candidate can demonstrate, to the satisfaction of the Department of Ocean Sciences, his/her ability to pursue research at the doctoral level.

2. Each student will be assigned a Supervisory Committee consisting of the Supervisor and at least one other member. Within three months of the first registration in the Ph.D. degree program, a student will meet with his/her Supervisory Committee. Within nine months, the student and the Supervisory Committee will agree on a written thesis proposal outlining the objectives, methods, timetable and funding for the project, and provide the proposal (signed by the student and the supervisory committee) to the Head for inclusion in the student’s file.

3. A student is normally required to complete a minimum of 6 credit hours of graduate program courses as follows:
   - Ocean Sciences 7100 or 7200
   - Ocean Sciences 7000 or relevant course as approved by the Supervisory Committee

4. All course requirements should be completed within five semesters from the date of first registration in the Ph.D. program.

5. Normally, upon completion of required course work the student shall undertake a mandatory comprehensive examination, following the General Regulations, Comprehensive Examinations, Ph.D. and Psy.D. Comprehensive Examination. The comprehensive examination will be both written and oral. A student should consult the Departmental guidelines for further information and a detailed description of the content of the Comprehensive Examination.

6. The Ph.D. program will conclude with the examination and oral defense of the completed thesis in accordance with the School of Graduate Studies General Regulations, Theses and Reports.

33.25.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

OCSC 7000 Graduate Core Seminar (cross-listed as Biology 7000)
OCSC 7100 Biological Oceanography (credit cannot be obtained for both OCSC 7100 and the former Biology/OCSC 7531)
OCSC 7200 Adaptations to the Marine Environment (credit cannot be obtained for both OCSC 7200 and the former Biology/OCSC 7561)
OCSC 7300 Plankton Dynamics (credit cannot be obtained for both OCSC 7300 and the former Biology/OCSC 7540)
OCSC 7400 Fisheries Resource Management (credit cannot be obtained for both OCSC 7400 and the former Biology/OCSC 7551)

33.26 Mathematics and Statistics

www.mun.ca/science
www.mun.ca/math

Professor and Head of the Department

C. Radford

The degrees of Master of Applied Statistics (see appropriate Calendar entry), Master of Science, and Doctor of Philosophy are offered in the Department of Mathematics and Statistics. The Masters’ degrees are offered by full-time and part-time studies. The Department also participates in the interdisciplinary Ph.D. Program in Theoretical Physics.

33.26.1 Program of Study

The following regulations should be read in conjunction with the General Regulations of the School of Graduate Studies.

1. Candidates shall be assigned a supervisory committee consisting of the Supervisor (or Co-Supervisors) and at least two other members of faculty appointed by the Dean on the recommendation of the Head.

2. A candidate shall complete at least 6 credit hours in graduate courses in the area of specialization. A candidate may be required to take additional courses at any time during his/her program.

3. The Comprehensive Examination consists of two parts, called the “qualifying review” and the “intermediate review”. Successful completion of both the qualifying and intermediate reviews constitutes successful completion of the Comprehensive Examination in the sense of General Regulation Comprehensive Examinations.
   a. The qualifying review consists of written examinations and takes place once the student has successfully completed the courses specified in his/her program of study at the time of this review and the Supervisory Committee deems it appropriate. Its main purpose is to ensure that the candidate has a reasonably broad general knowledge of mathematics or of statistics, as appropriate.

   b. The intermediate review consists of an oral presentation on the candidate’s thesis topic followed by an oral examination based on the presentation although questions of a general nature relating to the field of specialization are also permitted. It must take place no later than the end of the candidate’s seventh semester in the doctoral program and at least three months after the qualifying review. Its purpose is to ensure that the candidate has specialized knowledge in his/her chosen area sufficient to do original research of a high level.

More details concerning the Department’s comprehensive examinations can be obtained from the Department.
33.26.2 Specific Regulations for the Ph.D. in Mathematics
A Masters Degree in mathematics or related area from a recognized university is required for entry into the Ph.D. program. Students currently registered in their first year at Memorial University of Newfoundland’s M.Sc. Program in mathematics who have obtained A in at least four program courses are eligible to be transferred into a Ph.D. program. Such transfer must be supported by a prospective Ph.D. supervisory committee as well as the Graduate Studies Committee and approved by the Dean of Graduate Studies. Transferred students shall finish their Masters program courses plus the minimum Ph.D. requirements.

33.26.3 Specific Regulations for the Ph.D. in Statistics
A Masters Degree in statistics from a recognized university is normally required for entry into the Ph.D. program. Students currently registered in their first year at Memorial University of Newfoundland’s M.A.S. or M.Sc. Program in statistics who have obtained A in at least four program courses are eligible to be transferred into a Ph.D. program. Such transfer must be supported by a prospective Ph.D. supervisory committee as well as the Graduate Studies Committee and approved by the Dean of Graduate Studies. Transferred students shall finish their Masters program plus the minimum Ph.D. requirements.

In addition to general Departmental requirements, each candidate for the Ph.D. in mathematics or statistics will be required to present at least one paper at a graduate seminar on a topic to be approved by his or her Supervisor.

33.26.4 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

**Mathematics**
- 6100 Dynamical Systems
- 6101 Modern Perturbation Theory
- 6102 Mathematical Biology
- 6104 Infinite Dimensional Dynamical Systems
- 6110 Advanced General Relativity
- 6111 Calculus in Manifolds
- 6112-6119 Special Topics in Applied Mathematics
- 6120 Theoretical Fluid Dynamics
- 6121 Functional Differential Equations
- 6130 Introduction to General Relativity
- 6201 Numerical Methods for Partial Differential Equations
- 6202 Nonlinear and Linear Optimization *(credit restricted with Computer Science 6933)*
- 6204 Iterative Methods in Numerical Linear Algebra
- 6205-6209 Special Topics in Numerical Analysis
- 6210 Numerical Solution of Differential Equations *(for Computational Science students only - required core course)*
- 6212 Numerical Methods for Initial Value Problems
- 6230 Differentiable Manifolds and Riemannian Geometry
- 6300 Homology Theory
- 6301 Homotopy Theory
- 6302 Theory of Fibre Bundles
- 6304-6309 Special Topics in Topology
- 6311 Complex Analysis
- 6312 Measure Theory
- 6313 Functional Analysis II
- 6315-6319 Special Topics in Analysis
- 6320 Group Theory
- 6321 Ring Theory
- 6322 Nonassociative Algebra
- 6323 Homological Algebra
- 6324-6329 Special Topics in Algebra
- 6330 Analytic Number Theory
- 6331 Algebraic Number Theory
- 6340 Graph Theory
- 6341 Combinatorial Design Theory
- 6342 Advanced Enumeration
- 6343-6349 Special Topics in Combinatorics

**Statistics**
- 6500 Probability *(credit restricted with former 6586)*
- 6503 Stochastic Processes
- 6505 Survival Analysis
- 6520 Linear Models
- 6530 Longitudinal Data Analysis
School of Graduate Studies

6540 Time Series Analysis
6545 Statistical Computing
6550 Nonparametric Statistics
6561 Categorical Data Analysis
6562 Sampling Theory
6571 Financial and Environmental Time Series
6573 Statistical Genetics
6570-6589 Selected Topics in Statistics and Probability (excluding 6571, 6573, 6586)

Notice that, although the courses 6160, 6310, 6332, 6351, 6510 and 6560 cannot be used to fulfill the 6 credit hours graduate courses requirement, any of them can be listed as part of the program of study as additional course work, whenever the supervisory committee deems it appropriate.

33.26.5 Specific Regulations for the Ph.D. in Theoretical Physics

The Ph.D. in Theoretical Physics is an interdisciplinary program offered jointly with the Department of Physics and Physical Oceanography. The regulations for this program are described under the Regulations Governing the Degree of Doctor of Philosophy - Theoretical Physics.

33.27 Medicine

www.med.mun.ca
Professor and Dean
M. Steele

The Faculty of Medicine offers the degree of Doctor of Philosophy in seven program areas: Cancer and Development, Cardiovascular and Renal Sciences, Clinical Epidemiology, Community Health, Human Genetics, Immunology and Infectious Diseases and Neurosciences. Each program area has a Co-ordinator who is responsible for communicating the interests of the program to the Faculty of Medicine Graduate Studies Committee and participate in the admission of graduate students into the graduate program in Medicine.

The Faculty of Medicine also offers the opportunity for students registered in the Doctor of Medicine (M.D.) program to obtain a Ph.D. in a combined and integrated M.D.-Ph.D. program.

33.27.1 Qualifications for Admission

The admission requirements for the Ph.D. are as given under the General Regulations governing Ph.D. degrees.

33.27.2 Program of Study and Research

1. The program of study for a Ph.D. Degree is the responsibility of the supervisory committee composed of a Supervisor and at least two other faculty members.

2. It is the responsibility of the supervisory committee to meet regularly (at least annually) with the student and to provide guidance at all stages of the candidate's program. An annual report prepared by the Supervisor and signed by the student and all members of the committee is required to be submitted to the Assistant Dean of Research and Graduate Studies (Medicine).

3. Graduate Students are expected to participate in Faculty of Medicine seminars and journal clubs, for some of the program areas these are available as required courses.

4. Course requirements are set by each of the program areas and are described under Program Requirements. Some supervisory committees may require some students to successfully complete specified course work.

5. Graduate Students in the Ph.D. degree are required to successfully complete the comprehensive examination before the end of the seventh semester. The comprehensive examination consists of both written and oral components and is in accordance with the General Regulations governing Ph.D. degrees.

6. Graduate students in the Ph.D. degree must complete an original piece of research, a written dissertation which must be successfully defended in an oral examination in accordance with the General Regulations governing Ph.D. degrees.

33.27.2.1 Program Areas

1. Cancer and Development
   a. The graduate program in Cancer and Development offers study in fundamental cell and molecular biological areas including viral oncogenesis, growth factors and oncogenes in developmental models, programmed cell death and drug resistance.
   b. Program Requirements: Students are required to participate in the Seminar Series (MED 6410, 6411, 6412, 6413).

2. Cardiovascular and Renal Sciences
   a. The graduate program in Cardiovascular and Renal Sciences enables students to pursue research and academic studies in selected topics including hypertension and stroke, neural and endothelial control of vasculature and blood pressure as well as physiological mechanisms promoting heart failure.
   b. Program Requirements: Students are required to successfully complete MED 6140 if this course has not been previously taken. Students are required to present their thesis research to the Cardiovascular and Renal Sciences group.

3. Clinical Epidemiology
   a. The program in Clinical Epidemiology is aimed at university graduates intending a career in health services, faculty members seeking advanced training in clinical epidemiology, medical doctors, and other health care professionals interested in health research.
   b. Program Requirements: Students are required to successfully complete the following courses if they have not been previously completed: MED 6262, MED 6250, MED 6255, and MED 6260 plus a minimum of one elective. Electives are normally chosen from MED 6095, MED 6263 and MED 6265 or as recommended by the supervisory committee and approved by the Director or Coordinator. Students are required to take the Ph.D. Seminar Series (MED 6410, 6411, 6412, 6413). MED 6250 and MED 6262 are normally completed in the Fall semester. MED 6255 and MED 6260 are normally completed in the Winter semester. The supervisory committee, with the approval of the Director or Coordinator, can recommend an alternate program of study. Students are expected to give an oral presentation or course lecture in each year of their program.

4. Community Health
   a. The graduate program in Community Health enables students to pursue research and academic studies in selected topics.
Students may specialize in one of the following three streams: epidemiology and biostatistics; health services and policy research; or social justice and equity in health.

b. Program Requirements: Coursework as defined by the Supervisory Committee and this would normally include the Ph.D. Seminar Series (MED 6410, 6411, 6412, 6413).

5. Human Genetics
a. The graduate program in Human Genetics will enable students to pursue academic studies and research in a number of areas of genetics including cancer genetics, genomics, genetics of complex traits, genetic epidemiology, gene mapping, medical genetics, birth defects, and population genetics. Faculty members from all three divisions of the Faculty of Medicine (Biomedical Sciences, Community Health and Clinical Sciences) participate in the program.

b. Program Requirements: Students are required to take the Genetics Seminar Series (MED 6410, 6411, 6412, 6413).

6. Immunology and Infectious Diseases
a. The Immunology and Infectious Diseases group has an interdisciplinary character and consists of faculty from biomedical science. The graduate programs are designed to provide individualized training oriented towards basic research and a solid scientific background in the discipline of immunology and infectious diseases.

b. Students are required to successfully complete two courses if they have not been previously completed: MED 6127 is required and the students will choose one course from MED 6114, MED 6119, MED 6128, MED 6580, or any other graduate course approved by the student's supervisory committee. Some students may be required to take additional courses depending upon their thesis topic. Students are required to attend, for credit, and participate in the Immunology and Infectious Diseases Seminar Program (MED 6410, 6411, 6412, 6413).

7. Neurosciences
a. The Neuroscience Program offers graduate studies in an interdisciplinary setting with the core faculty in the Division of BioMedical Sciences. Graduate students may pursue research in a number of specialty areas including the physiological basis of learning and memory, stroke and neuroplastcity, neuroregeneration, signal transduction mechanisms, neuronal circuitry, neuroimmunology, and membrane physiology.

b. Program Requirements: Normally students in the Ph.D. program are required to complete two graduate level courses in Neuroscience, one of which is to be Systems Neuroscience (MED 6196). Course selection is made on the recommendation and advice of the supervisory committee. Students are expected to attend and participate in the activities of the neuroscience group including the weekly seminar and journal club.

33.27.2.2 Courses
For a list of courses offered by the Faculty of Medicine refer to Courses offered for the Master of Science in Medicine.

33.28 Nursing
www.mun.ca/nursing

Professor and Dean
A. Gaudine

The degree of Doctor of Philosophy (Ph.D.) is offered in Nursing in areas reflective of the strength and expertise of current faculty members in the School of Nursing. All candidates will be required to attend as full-time students during the first six semesters (two academic years) of the program.

The following regulations must be read in conjunction with the General Regulations of the School of Graduate Studies.

33.28.1 Qualifications for Admission
1. Admission to the program is limited and competitive.
2. To be considered for admission an applicant must normally hold a Master of Nursing degree or equivalent from a recognized university and have a strong academic record.
3. Applicants must have completed either a graduate level course(s) in research that included both qualitative and quantitative approaches with some advanced statistical analysis in the quantitative work, or a graduate level statistics course.
4. Applicants must hold an active practicing license from the Association of Registered Nurses of Newfoundland or must be currently registered as a practicing nurse in another Canadian jurisdiction. Applicants from other countries who do not meet the above criteria will be assessed on an individual basis and must submit proof of registration as a practicing nurse (or an equivalency) from their country or jurisdiction.
5. Applicants must submit a statement about a research focus that is compatible with expertise within the current faculty of the School of Nursing.

33.28.2 Program of Study
1. A Supervisory Committee shall be appointed for each candidate in accordance with General Regulations, Supervision of the School of Graduate Studies.
2. Candidates normally be required to successfully complete a minimum of 18-credit hours of program courses as follows: Nursing 7011, Nursing 7012, Nursing 7100, Nursing 7101, one of Nursing 7200-7210 (or another approved research course at the doctoral level), and one of Nursing 7300-7310 (or another approved course at the doctoral level in the area of the student's research interest). All courses will normally be completed within the first two semesters of the program.
3. Candidates will normally be required to complete a minimum of two mandatory, non-credit internships/instances during the first two years of the program. The internships/instances are designed to provide an opportunity for students to gain substantive knowledge of, and engage in, collaborative research and/or teaching. An internship/institute will be selected based on the student's area of interest and learning needs and will have a set or negotiated time limit during a semester depending on the nature and scope of the work.
4. Candidates will be required to participate in graduate seminars of 2 hours per week in the Fall and Winter semesters in each of the first two academic years of the program.
5. Candidates must develop and maintain a professional portfolio that includes experience in research, teaching, and academic and professional service.
6. Candidates shall submit to a comprehensive examination in accordance with General Regulations, Comprehensive
Examinations of the School of Graduate Studies. The Comprehensive Examination will consist of a written component and an oral component. The examination will normally be scheduled in the first semester of the second year of the program, but no later than the end of the student’s seventh semester in the program.

7. Candidates must submit a written thesis proposal for presentation to the School, normally within six weeks of completion of the comprehensive examinations, but no later than the end of the fifth semester of the program.

8. Candidates must submit a thesis, examined and defended in accordance with General Regulations, Theses and Reports of the School of Graduate Studies.

9. Candidates are required to spend a minimum of six semesters (two academic years) of full-time study in residence.

10. In keeping with the General Regulations, Period of Study for the School of Graduate Studies, the time limit to complete the degree is seven years.

33.28.3 Courses

A selection of the following courses will be offered to meet the requirements of candidates, as far as the resources of the School of Nursing will allow.

- 7011 Nursing: The Science
- 7012 Nursing: The Profession
- 7100 Nursing Research 1: Conceptualizing Research
- 7101 Nursing Research 2: Conducting Research
- 7200-7210 Reading Courses in Research Methodology
- 7300-7310 Reading Courses in a Substantive Area for Research

33.29 Pharmacy

www.mun.ca/pharmacy

Professor and Interim Dean
L. Bishop

The Degree of Doctor of Philosophy in Pharmacy is offered to qualified candidates normally by full-time study. The General Regulations of the School of Graduate Studies of Memorial University of Newfoundland outlined in the current Calendar, and the Degree Regulations of the School of Pharmacy outlined below will apply. Every candidate in graduate studies shall comply with the General Regulations, Degree Regulations and all additional requirements of the School of Pharmacy.

33.29.1 Qualifications For Admission

1. Admission to the Ph.D. program is limited and competitive. Applicants must have completed an M.Sc. Degree in Pharmacy, or its equivalent in a related discipline, from a university of recognized standing.

2. Other students may be considered for admission to a Ph.D. provided that they have been registered in a M.Sc. Pharmacy program for a minimum of 12 months, and have demonstrated to the satisfaction of the Graduate Studies Committee of the School of Pharmacy an ability to pursue research at the doctoral level. Students wishing to transfer from the M.Sc. to the Ph.D. will have completed 6 credit hours. Prior to admittance to the Ph.D. program, a written thesis proposal will be submitted for assessment by the Supervisory Committee plus one additional faculty member. The recommendation of this Committee will be forwarded to the Graduate Studies Committee of the School of Pharmacy.

3. On admission to the program, a Supervisory Committee shall be appointed in accordance with General Regulation Supervision governing the School of Graduate Studies.

33.29.2 Program of Study and Research

1. As a minimum, each candidate shall successfully complete 6 credit hours as well as Pharmacy 6999 (Pharmacy Research Seminar). A minimum grade of 65% will be required in each course. Candidates shall complete additional undergraduate courses in Pharmacy or other related areas where the Supervisory Committee considers there to be a deficiency in the academic record. Candidates may select these courses in consultation with the Supervisory Committee. However, it will be the primary responsibility of the Supervisory Committee to ensure that deficiencies in the academic record are rectified.

2. All candidates must submit a thesis proposal to the Supervisory Committee for approval no later than the second semester of study after admission to the program.

3. All candidates must complete a comprehensive examination on or before the end of the sixth semester of study after admission to the program. The comprehensive examination will consist of two components: a written examination and an oral examination. The oral examination will normally be held no later than two weeks after successful completion of the written examination.

4. A Comprehensive Examination Committee shall be appointed in accordance with General Regulation Comprehensive Examination. The Committee will be responsible for preparing the questions for the written and oral examinations and evaluating the candidate’s performance in the subject area. The Committee will consist of the Dean of Graduate Studies (or delegate), the Supervisor, and three other members, one of whom may be a member of the Supervisory Committee. All shall be voting members of the Committee except the Dean of Graduate Studies (or delegate).

5. Successful completion of the Ph.D program will require formal examination of the written thesis and an oral defence of the research, as prescribed in the General Regulation Theses and Reports. Final approval of the thesis shall be the responsibility of the School of Graduate Studies.

33.29.3 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates as far as the resources of the School will allow. Permission of the instructor and the Graduate Studies Committee of the School of Pharmacy is required for admission to any graduate Pharmacy course.

- 6000 Medicinal Chemistry
- 6001 Advanced Physical Pharmacy
- 6002 Dosage Form Design and Novel Drug Delivery Systems
- 6003 Pharmacokinetic Modelling
- 6004 Principles of General Pharmacology
- 6005 Toxicology of Therapeutic Agents and Chemicals
- 6100-6108 Special Topics in Pharmacy
33.30 Philosophy

www.mun.ca/hss
www.mun.ca/philosophy

Professor and Head of the Department
S. McGrath

The degree of Doctor of Philosophy (Ph.D.) is offered in Philosophy by full-time study only. Graduate courses are taught as small seminars and directed reading courses. Program candidates must spend a minimum of two years in residence at this institution.

33.30.1 Program of Study
1. The Ph.D. in Philosophy is offered in accordance with the General Regulations of the School of Graduate Studies. Doctoral candidates will specialize in one or more of three departmental research clusters:
   - Metaphysics and its History
   - Kant and Continental Philosophy
   - Ethics, Social and Political Philosophy
2. To be considered for admission to the program an applicant must have completed a Master of Arts Degree in Philosophy or hold an equivalent qualification.
3. All candidates are required to complete 15 credit hours in graduate courses selected from the Courses listed below and including the following:
   - Philosophy 6000
   - Four additional courses (12 credit hours) only one of which (3 credit hours) may be a directed reading courses. Courses will be selected by the candidate in consultation with the candidate’s Supervisory Committee.
4. Proficiency in a second language is required since it is necessary for the purpose of the proposed doctoral research. The selection of a second language is based upon the student’s research requirements, and the selection is to be made in consultation with the student’s faculty advisor or supervisor. Confirmation that the choice is acceptable must be obtained from the department. Demonstration of proficiency will be determined in accordance with the governing general regulation of the School of Graduate Studies (General Regulations, Evaluation, Evaluation of Graduate Students). If a student is working in recent Anglo American philosophy, then the student can opt, with the permission of the Graduate Studies Committee, to complete an examination in philosophical logic. The language requirement must normally be fulfilled before a student takes the Ph.D. comprehensive examination.
5. The Ph.D. Comprehensive Examination shall be administered and evaluated in accordance with General Regulations, Comprehensive Examinations. The examination shall consist of three written parts: a four-hour examination in the student’s area of concentration and two three-hour examinations in two of the Department’s research clusters (Metaphysics and its History, Kant and Continental Philosophy, and Ethics and Social and Political Philosophy).
6. No more than seven semesters after having been admitted to the program the candidate must submit a thesis proposal that is considered satisfactory by the supervisory committee.
7. Students must submit and successfully defend a thesis in accordance with the School of Graduate Studies general regulations governing Theses and Reports.

33.30.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.
6000 Graduate Seminar
History of Philosophy Seminars
6011 Ancient and Medieval Philosophy
6012 Modern Philosophy
6013 Contemporary Philosophy
Area Seminars
6014 Metaphysics
6015 Theory of Knowledge
6016 Ethical and Political Theory
Tutorials
6040-6099 Special Topics
6101 Selected Texts
6102 Current Issues

33.31 Physics and Physical Oceanography

www.mun.ca/science
www.mun.ca/physics

Professor and Head of the Department
J. Lagowski

The following Departmental Regulations are supplementary to the General Regulations governing the M.Sc. and Ph.D. degrees. A thorough familiarity with the latter Regulations should be regarded as the prerequisite to further reading in this section.

The Department of Physics and Physical Oceanography compiles, and regularly reviews, a brochure which contains reasonably detailed descriptions of currently active research projects, as well as a comprehensive listing of recent research publications, and other material which may be of interest to prospective graduate students.

33.31.1 Program of Study
The Degree of Doctor of Philosophy (Ph.D.) is offered in Atomic and Molecular Physics, in Physical Oceanography, in Condensed
Matter Physics, and in Theoretical Physics.

1. A program of study for the Ph.D. Degree in Atomic and Molecular Physics, Condensed Matter Physics or Physical Oceanography shall normally include a minimum of 9 graduate credit hours, beyond those required for the M.Sc. Degree. However, depending on the student's background and area of specialization, more or fewer graduate and/or undergraduate courses may be required.

2. A Comprehensive Examination (as prescribed under General Regulation Comprehensive Examinations) shall be an oral one, and may include the presentation of a written research proposal.

3. The Ph.D. Program in Theoretical Physics is an interdisciplinary program offered jointly with the Department of Mathematics and Statistics. The regulations for this program are described under the Regulations Governing the Degree of Doctor of Philosophy - Theoretical Physics.

33.31.2 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

Table of Credit Restrictions - Physics and Physical Oceanography

(Credit may be obtained for only one course from each of the pairs of courses listed in this table.)

Members of the Department carry out research in several areas of experimental and theoretical physics, including atomic and molecular
physics, condensed matter physics, physical oceanography, theoretical geophysics and applied nuclear physics. In atomic and molecular physics, there are experimental programs in collision-induced infrared absorption spectroscopy, electron emission spectroscopy of simple molecules, molecular ions and free radicals, laser-induced fluorescence spectroscopy, and Raman spectroscopy, and theoretical work on atomic and molecular collisions. The work in condensed matter physics includes experimental programs in solid state nuclear magnetic resonance on systems of biophysical interest, Raman spectroscopy of lipid bilayers and membranes, studies of phase transitions using Brillouin and Raman spectroscopy, studies of instabilities and pattern formation in simple fluid dynamical systems, and spectroscopic studies of molecular crystals. Theoretical condensed matter physics research involves studies of magnetism, superconductivity, and the statistical mechanics of polymers and lipid bilayers. The Physical Oceanography group carries out field and laboratory research on several projects which take advantage of Newfoundland’s unique oceanographic environment, using acoustic and other remote sensing techniques. These include studies of circulation on the Newfoundland and Labrador shelves, Labrador current dynamics, fjord dynamics, submarine canyons and sediment transport dynamics in the nearshore zone and on the shelf. Theoretical oceanographic studies involve the modelling of ocean circulation, gravity wave phenomena and other aspects of ocean dynamics. Research in theoretical geophysics is concentrated on whole-Earth dynamics, with special emphasis on the physics of the liquid core (the Earth’s “third ocean”) as inferred from its wave spectrum and the associated momentum transfer to the deformable solid parts of the Earth. In nuclear physics, research is done on the atmospheric concentrations of radioactive elements and on dosimetry for medical applications.

Note: For Geophysics, see Earth Sciences.

33.32 Psychology

www.mun.ca/science
www.mun.ca/psychology

Professor and Head of the Department
I. Neath

The Degree of Master of Science (M.Sc.) is offered in Experimental Psychology. Interested students should also see the Master of Science in Cognitive and Behavioural Ecology. The Degree of Doctor of Philosophy is offered in Experimental Psychology. Interested students may wish to consult the section in the Calendar describing the Doctor of Philosophy in Cognitive and Behavioural Ecology program.

33.32.1 Admission

1. All applicants are required to submit results from the General section of the Graduate Record Examinations.
2. At least one letter of reference should come from someone who is familiar with the applicant’s research capability.

33.32.2 Program of Study

1. An applicant must hold either a Master’s Degree or an Honours Bachelor’s Degree with first class standing to be considered for admission. The program of study will be specified at the time of admission. Decisions on (a) whether to include courses in the program, and if so, (b) which specific courses are to be included will be based on the student’s background and the proposed thesis topic.

2. Comprehensive Examination

The Ph.D. comprehensive in Experimental Psychology shall be taken during the first year of the student’s program. The examination will consist of two parts. Part 1 consists of a broad review of the literature that normally pertains to the topic of the thesis area. The literature review should incorporate theoretical, methodological, and empirical findings. Part 2 consists of an oral defence of the literature review. The comprehensive exam aims to ensure that the student is knowledgeable about the range of theories, methodologies, and empirical findings that are fundamental to the chosen field of study.

33.32.3 Courses

A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.

6000 Advanced Statistics in Psychology
6001 Research Design
6010 Colloquium Series in Psychology (repeatable, non-credit)
6100-6130 Special Topics in Experimental Psychology
6200 Learning I
6201 Learning II
6203 Behavioural Pharmacology
6210 Behavioural Analysis of Toxins
6351 Behavioural Ecology and Sociobiology (cross-listed as CABE 6351)
6400 Theory and Methods in Social Psychology
6401 Social Cognition
6402 Group Processes
6403 Program Evaluation and Applied Research
6404 Project in Applied Social Psychology (This course is open only to students in the Master of Applied Social Psychology.)
6500 Developmental Psychology I
6501 Developmental Psychology II
6502 Developmental Changes During Old Age
6700 Perception
6710 Human Information Processing
6720 Human Memory
6800 Behavioural Neuroscience I
6801 Behavioural Neuroscience II
6810 Psychometrics
6910 Personality
6990 Doctoral Seminar I
6991 Doctoral Seminar II
6992 Doctoral Seminar in Cognitive and Behavioural Ecology (cross-listed as CABE 6992)
699A/B Core Graduate Seminar in Psychology
33.33 Social Work
www.mun.ca/socwrk
Professor and Dean
D. Hardy-Cox

33.33.1 Program of Study
The degrees of Master of Social Work and Doctor of Philosophy are offered in Social Work.
Course work commences in the Spring Semester and is completed over five semesters. The program includes two Spring Semester residencies, at which time students must attend on a full-time basis, and Fall and Winter semester courses which can be taken on or away from campus.

1. An applicant for admission to the Ph.D. program in Social Work must hold a Master's Degree in social work, or equivalent professional social work Degree as determined by the Graduate Studies Committee of the School of Social Work. All applicants should also have a minimum of three years post-B.S.W. practice experience.

2. All Ph.D. students in the social work program must complete at least 24 credit hours in regulation graduate courses. These include:
   a. 6 credit hours in foundation courses (7010 and 7020)
   b. 6 credit hours in advanced practice courses (7310, 7320); or 3 credit hours in advanced practice courses (7310) and 3 credit hours on social work education (7510)
   c. 9 credit hours on research (7411, 7421, and 7431)
   d. 1 internship chosen from the Internships on Advanced Social Work Practice (7910), Social Work Education (7920), or Applied Social Work Research (7930).

3. Comprehensive Examination
   a. A candidate registered in a Ph.D. program in Social Work shall normally take the Comprehensive Examination no later than the seventh semester in the program. Prior to proceeding to the Comprehensive Examination, candidates must have completed all required course work and the internship.
   b. The Examination Committee shall be appointed by the Dean of Graduate Studies on the recommendation of the Dean (School of Social Work). It shall consist of:
      i. the Ph.D. Program Co-ordinator who will serve as representative of the Dean of the School of Social Work and who shall occupy the Chair
      ii. the candidate's Supervisor
      iii. the Dean of Graduate Studies or delegate
      iv. three other members recommended by the Dean of the School of Social Work. One of these normally will be on the candidate's Supervisory Committee.

   Including the Supervisor, no more than two members of the Examination Committee may be nominated from the candidate's Supervisory Committee. All members of the Examination Committee, including the Chair, but excluding the Dean of Graduate Studies or delegate, shall be voting members.

   c. The Ph.D. Comprehensive Examination in Social Work will consist of a written paper and an oral defence. In the paper, the student will contextualize her/his substantive area using theories that inform social work and develop a research design relevant to this substantive area. The student will demonstrate a contextualized and in-depth understanding of the philosophical and theoretical frameworks informing the student's substantive area, including major critiques from competing theoretical, philosophical and historical understandings. In addition, the paper will demonstrate a thorough understanding of relevant methodological considerations and a justification for the choices made within the research design. The student will identify an area of empirical research that may be undertaken and will prepare a written paper that includes: an introduction of the substantive area and a formulation of the research question; a literature review that is consistent with the question, and which both presents a critical evaluation of the theoretical and research literature and synthesizes this literature into the student's own theoretical framework; a research design for answering the research question, including a critical analysis of the chosen methodology as well as the methods of data collection, data analysis and ethical considerations. The focus and content of the written work will be defined by the Examination Committee in consultation with the student and will be approved by the Chair of the Ph.D. Program in the School of Social Work. The body of the paper will be no less than 50 pages and not more than 75 pages. It shall be defended orally. The student shall have 13 weeks to submit the paper for examination, following the comprehensive exam process approved by the Ph.D. Studies Committee.

   d. The Ph.D. examination procedure shall be initiated by the candidate's Supervisor who will notify, in writing, the Dean (School of Social Work) of the candidate's readiness. The candidate's Examination Committee will then be appointed according to section 3.b. (above).

   e. Following the oral defence, the Examination Committee shall meet in camera to arrive at its conclusions. Evaluation of the candidate will be based on the following criteria:
      i. demonstration of knowledge of social work theory, research, and issues relevant to the topic of inquiry in both the written and oral presentation.
      ii. coherency of oral presentation and written paper (i.e. conceptualization, cogent argumentation, sufficient referencing of statements, clear writing style).

   f. The Chair shall report the results of the examination to the Dean of Graduate Studies in accordance with General Regulation Comprehensive Examinations, Ph.D. Comprehensive Examination, 4.

4. Ph.D. Thesis
   a. A Supervisory Committee will be appointed for each student as indicated under the General Regulation Supervision.
   b. The candidate must submit a thesis proposal to the Supervisory Committee based on her/his own interest, and normally the proposal must be approved by the end of the eighth semester of the program. The proposal will be circulated to the Supervisory Committee for critical evaluation. The Chairperson of the Supervisory Committee will inform the candidate within one month of its acceptance, rejection, or acceptance with recommended changes.
   c. If the proposal is not acceptable, the candidate will normally be permitted a second attempt. The revised proposal must be submitted within a semester. Failure to resubmit within this time period will lead to termination of the candidate's program.
   d. The thesis shall give evidence of the candidate's ability to carry out independent and original research, develop the necessary
theoretical and methodological framework and analyses and present the findings in a scholarly manner.

33.33.2 Courses
The following courses that are offered during the spring semester residency will be offered every other year, as far as the resources of the School will allow.
7010 Philosophical and Historical Base of Social Work Practice (S*)
7020 Critical Thinking for Social Work Practice (S)
7310 Tutorial on Field of Practice (F** or W***)
7320 Tutorial in Advanced Social Work Practice (S)
7411 Philosophy of Science and Research Design (S)
7421 Qualitative Data Analysis (S)
7431 Quantitative Data Analysis (S)
7510 Social Work Education (S)
7910 Internship on Advanced Social Work Practice (F)
7920 Internship on Social Work Education (F)
7930 Internship on Applied Social Work Research (F)
*S = Spring Semester, **F = Fall Semester, ****W = Winter Semester

33.34 Sociology
www.mun.ca/hss
www.mun.ca/soc

Associate Professor and Head of the Department
A. Craig

The Doctor of Philosophy (Ph.D.) is offered in Sociology by full-time and part-time study. Graduate courses are taught as tutorials or small seminars.

33.34.1 Program of Study
1. The Ph.D. degree in Sociology is offered in accordance with General Regulations and current department strengths.
2. To be admitted to the program an applicant must have completed either a Master of Arts or Master of Philosophy Degree or hold an equivalent qualification.
3. All Ph.D. candidates normally complete a minimum of 12 credit hours in graduate courses in Sociology, including the Sociology Graduate Seminar (6880), Social Theory (6150), Advanced Quantitative Methods (6040), and Advanced Qualitative Methods (6041), if these or equivalent courses have not been taken previously.
The supervisory committee in consultation with the Head or Graduate Officer will determine which additional courses, if any, may be required to ensure that candidates undertake appropriate course work in their area of research.
4. Proficiency in a second language will be required when the candidate's supervisory committee determines that knowledge of this second language is necessary for the purpose of the proposed doctoral research.
5. A written comprehensive examination, followed by a supplementary oral examination, shall normally be completed by full-time students by the end of the 5th semester of the program. Normally, part-time students shall take the examination within one year of the completion of prescribed courses. In accordance with General Regulations, Comprehensive Examinations, candidates must demonstrate knowledge of their special areas of research within the context of the discipline of Sociology. The examination shall consist of two components: a written and an oral examination. The written component shall be comprised of two essays: one in a broad area (e.g., theory, methods, social inequality, etc.) and a second in the candidate's area of specialization. The oral component will examine the candidate in areas covered by the written component.
6. No more than two years after having been admitted to the program the candidate must submit a thesis proposal that is considered satisfactory by the Supervisory Committee.

33.34.2 Courses
A selection of the following graduate courses will be offered to meet the requirements of candidates, as far as the resources of the Department will allow.
6040 Advanced Quantitative Methods
6041 Advanced Qualitative Methods
6042-49 Special Topics in Advanced Sociology
6090-94 Special Area in Sociology
6120 Social Organization
6130 Social Stratification
6140 The Community
6150 Social Theory
6160 Theory Construction and Explanation in Sociology
6160 Theory Construction and Explanation in Sociology
6240 Sociology in Medicine
6280 Social and Economic Development
6300 Maritime Sociology
6310 Political Sociology
6320 Gender and Society
6330 Science and Technology
6340 Comparative North Atlantic Societies
6350 Environmental Sociology
6360 Sociology of Work
6370 Feminist Theory and Methods
6380 Women, Nature, Science and Technology
6390 Sociology of Culture
6610 Socialization
6620 Current Topics in Social Behaviour
6880 Sociology Graduate Seminar
33.35 Theoretical Physics

Theoretical Physics Program is an interdisciplinary Doctor of Philosophy program offered jointly by the Department of Mathematics and Statistics and the Department of Physics and Physical Oceanography. It is broadly based and includes several subdisciplines with the common denominator that each applies advanced mathematical techniques to the study of physical problems. The subdisciplines include, though are not necessarily limited to, theoretical astrophysics, general relativity, partial differential equations of mathematical physics, quantum mechanics, classical and quantum field theory, theoretical condensed matter physics, many-body theory, advanced classical mechanics and non-linear processes, and theoretical and geophysical fluid mechanics.

The program is administered by the Board of Studies which is appointed by the Dean of Science in consultation with those faculty members active in the program. The Board of Studies will consist of two members from the Department of Physics and Physical Oceanography and two members from the Department of Mathematics and Statistics. The Program Chair is elected by the Board of Studies and appointed by the Dean of Science. Responsibilities of the Board include making recommendations to the School of Graduate Studies concerning admissions to the program, determining course requirements, and administering comprehensive exams. It also determines minimum levels of funding, administers the School of Graduate Studies and Graduate Teaching Assistant budgets, and monitors students' annual progress through the submission of annual supervisory committee reports.

The following regulations should be read in conjunction with the General Regulations:

1. A program of study for the Ph.D. Degree in Theoretical Physics shall normally include a minimum of 9 graduate credit hours in courses offered by the Department of Mathematics and Statistics and/or the Department of Physics and Physical Oceanography. The courses will be determined by the student's supervisory committee in consultation with the Program Chair and approved by the Board of Studies. In special circumstances more or fewer graduate courses and/or undergraduate courses may be required.

2. Students are required to pass a single Comprehensive Examination as prescribed under Comprehensive Examinations, Ph.D. Comprehensive Examination. This shall be an oral one, and may include the presentation of a written research proposal.

3. The most important requirement is the writing of a doctoral thesis which demonstrates the student's ability to independently and originally attack and solve a significant problem in theoretical physics. The thesis must definitively advance the subject which it treats.

34 Regulations Governing the Degree of Doctor of Psychology

The Doctor of Psychology (Psy.D.) degree in clinical psychology is offered by the Department of Psychology in partnership with the University Counselling Centre. This program is designed to train professional psychologists at the doctoral level within a scholar-practitioner orientation to provide a variety of psychological services to individuals, families and communities. The program was designed to meet all of the requirements for registration with the Newfoundland and Labrador Psychology Board and to meet the accreditation standards of the Canadian Psychological Association.

34.1 Administration

1. The Psy.D. Program Director, who must be a registered Psychologist and hold a full-time faculty position in the Department of Psychology at Memorial University of Newfoundland, is appointed by the Head of the Department of Psychology following a consultative process that includes the faculty most directly associated with the Psy.D. program.

2. The Psy.D. Administrative Committee consists of the Director and representatives from academic units involved in the program, Eastern Health, the Association of Psychology in Newfoundland and Labrador and the Psy.D. student body. The Head of the Department of Psychology, on the recommendation of the Director, appoints Committee members. The student representative is elected by the Psy.D. students.

3. The Psy.D. Administrative Committee is chaired by the Director, and is the main body for developing and monitoring policy, procedures, and program content. The administrative committee makes recommendations concerning admission and termination, financial support, thesis and comprehensive committees, and thesis topics and examiners. The Committee oversees individual student programs of study and monitors their annual progress.

34.2 Admission Criteria

1. Students with Master's level degrees who wish to be considered for the program must have completed the undergraduate degree in Psychology and the undergraduate course requirements described below.

2. Applicants are required to have an undergraduate Honours degree in psychology that includes an Honour's thesis as well as courses in each of the following areas:
   a. abnormal psychology
   b. cognition
   c. developmental psychology
   d. history and systems
   e. learning theory
   f. neuroscience
3. Admission to the program is competitive. Applicants will be ranked according to academic aptitude, personal and interpersonal competence, clinical and professional potential, and availability of a supervisor. The application shall include academic transcripts, results of the Graduate Record Examination (verbal, quantitative and analytical subtests), three letters of recommendation and a statement of interests and objectives. One letter of recommendation must specifically address the suitability of the applicant for clinical work. Applicants who are short-listed will be interviewed, either in person or via telephone. Work experience, research experience, extra-curricular activities, and clinically relevant public service will be taken into consideration.

34.3 Program of Study
Students are required to successfully complete at least 63 credit hours in regulation graduate courses. These include:

a. 9 credit hours in statistics and research design courses (6000, 6001, 6602);
b. 27 credit hours in core courses (6611, 6612, 6620, 6623, 6630, 6631, 6632, 6633, 6650, 6670); and
c. 27 credit hours in practicum courses (7010, 7020, 7021, 7030, 7031, 7032, 7033, 7034, 7035).

Students must also complete a year-long internship, pass a comprehensive exam and successfully complete a research thesis.

34.3.1 Comprehensive Examination
The Psy.D. comprehensive exam, consisting of a written and an oral component, shall be taken during the second year of the program. The exam is intended to demonstrate clinical application of the knowledge acquired through course work and practica. The comprehensive exam will be administered according to the guidelines prescribed in the University Calendar for Ph.D. comprehensive examinations.

34.3.2 Thesis
Students will complete a thesis that is applied in nature and relevant to the practice and science of clinical psychology and the communities it serves. The School of Graduate Studies General Regulations, Evaluation of Ph.D. and Psy.D. Theses concerning evaluation of Ph.D. theses will be followed.

34.3.3 Predoctoral Internship
All students will be required to complete a twelve-month, 1750 clock-hour predoctoral internship.

34.4 Courses
6000 Advanced Statistics
6001 Research Design
6002 Research Design in Clinical Psychology
6611 Ethics of Professional Practice
6612 Adult Psychopathology
6614 Selected Topics in Psychopathology
6620 Principles of Adult Assessment and Diagnosis
6621 Principles of Child Assessment and Diagnosis
6622 Selected Topics in Assessment and Diagnosis
6623 Child Psychopathology, Assessment and Diagnosis
6630 Principles of Intervention with Adults
6631 Principles of Intervention with Children
6632 Community Interventions
6633 Clinical Psychopharmacology
6634 Selected Topics in Intervention
6640 Consultation Processes
6650 Supervision
6660-6669 Special Topics in Clinical Psychology
6670 Interprofessional Education (3 credit hours over six terms: Fall and Winter terms for Years 1, 2, and 3)
7010 Practicum in Ethics and Relationship Skills
7020 Practicum in Adult Assessment and Diagnosis
7022 Practicum in Child Assessment and Diagnosis
7030 Practicum in Assessment and Intervention I
7031 Practicum in Assessment and Intervention II
7032 Practicum in Assessment and Intervention III
7033 Practicum in Advanced Assessment and Intervention I
7034 Practicum in Advanced Assessment and Intervention II
7035 Practicum in Rural Intervention and Interprofessional Practice
7050 Practicum in Supervision I
7051 Practicum in Supervision II
