The Environmental Science Graduate Program invites applications from individuals interested in teaching the following graduate course in the Fall 2021 semester.

Subject to budgetary restrictions and sufficient enrolments, appointments will be made on a course by course basis and will not entail any obligation to conduct research or to perform any administrative service for Memorial University. Appointments will be made in accordance with the provisions in the MUN-LUMUN Collective Agreement. Course design and evaluation methods for all courses will be in accordance with the Environmental Science Graduate Program regulations and the Memorial University Calendar.

**Course Title:** Environmental Science 6000, Environmental Science and Technology

**Course Schedule:** TBD, 3 h/week lectures

**Campus Location:** St. John’s Campus

**Course Description:** This is a three credit course. This course lays the groundwork for environmental science and outlines the subjects to be covered in the program. Lectures and discussions on basic principles will be supplemented by guest presentations. Students are expected to read assigned materials, work through and understand assigned problems, and participate in discussions.

For further information regarding this course please visit [http://www.mun.ca/science/graduate/interdisciplinary/envs/](http://www.mun.ca/science/graduate/interdisciplinary/envs/)

**Qualifications:** The successful applicant will have a PhD in Biology, Earth Sciences, Environmental Science, or related discipline. Relevant professional experience will also be considered.

To apply for this position:

Please submit a letter of application, curriculum vitae and the names of referees, electronically or in writing to:

Dr. Evan Edinger  
Chair, Environmental Science Program  
Faculty of Science
